DRAWING A NET AROUND SHANGHAI

BUDGET TAXATION REDUCTIONS HAVE PASSED COMMONS

Cantonese Are Successful in Cutting Off Communications; General Strike Now Ordered

Stage is being set for arrival of Nationalist armies at gates of key city--sweeping down bank of Yangste River

LONDON, March 18.—There are ominous signs that the Cantonese net around Nanking is being steadily drawn in says Sir Percival Phillips, war correspondent, in a despatch to the Daily Mail from Shanghai.

YOUNG BOY'S TRAGIC DEATH

GRIFFIN McCOLGAN WAS FATALLY CRUSHED IN RAILWAY TURN-TABLE AT UNION BAY

COURTENAY, March 18.—While playing on a railway turntable at the Canadian Collieries wharf at Union Bay, Griffin McColgan, aged nine, accidentally released the mechanism which swung about and fatally crushed him.

TELEPHONE LINE IN PEACE RIVER

CONSTRUCTION IS PLANNED STATED MINISTER OF PUBLIC WORKS IN HOUSE OF COMMONS YESTERDAY AFTERNOON

OTTAWA, March 18.—Answering a series of questions by H. E. Spencer, United Farmer member for Battle River, Hon. J. C. Elliott, minister of public works, stated in the House of Commons yesterday afternoon that the government was considering building a telephone line into the Peace River valley.

BRADY ASKS ABOUT TELEGRAPH PENSIONS

J. C. Brady, M.P. for Skeena, asked the following questions in the House of Commons:

Has the government taken any steps to include under the revised civil service pension scheme, those government telegraph employees who have not given twenty years' service or more?

If not, is it the intention of the government to place such government telegraph employees under the revised civil service pension scheme?

If not, is it the intention of the government to place such government telegraph employees under the revised civil service pension scheme?

Hon. J. C. Elliott, minister of public works, answered as follows:

The telegraph employees are paid at prevailing rates, and as such do not come within the Civil Service Superannuation Act of 1924.

NORTHWEST BILL GETS THIRD READING LAST NIGHT IN COMMONS

OTTAWA, March 18.—Third reading was given by the House of Commons last night to the bill amending the Northwest Territories Act and empowering a commissioner-in-council to enact an ordinance providing for a tax on the export of furs.

DIRECT FLIGHT ACROSS OCEAN

DIFFICULT FEAT TO BE ATTEMPTED BY TWO FRENCH WAR VETERANS

PARIS, March 18.—Two scarred veterans of the great war will soon attempt the most difficult and dangerous feat remaining undone in aviation—the 4,333 mile flight across the Atlantic. They are Paul Tarascon, who has only one leg, and Roger Coll, who lost an eye in the conflict.

Le Bourget, Paris will be the starting point, with Mitchell Field, New York, the destination. The date has not been definitely settled.

"The full moon," said Tarascon, "is what we want. If any bookmaker will give you odds, just bet we will take off at three a.m. May 14. We would get longer daylight, or rather moonlight hours by starting 24 hours earlier, but that would be Friday, May 13, though we are not superstitious."

THIRTY HOURS AND HALF The duration of the flight is expected to be 30 hours, 30 minutes actual flying time, or 35½ hours as the sun travels.

Carrying 1,000 gallons of gasoline and 200 gallons of oil and other lubricants the big Potez monoplane which they will fly is expected to make slow progress for the first six hours.

"At one hundred and twenty miles an hour," says Tarascon, "we should be losing the west coast of Ireland about eight in the morning. We expect to pass Montauk point a little after six the next morning and if luck holds, to land at Mitchell Field about 7.30.

"The plane will gain five hours in actual flying time from the time it takes off until it lands. We are not worrying about that however, as we can stay in the air for 35 hours. We are concerned about taking off, but once in the air nothing should stop us."

There is a prize of \$25,000 to be given by Raymond Orteig for the first flyers to make the non-stop trip.

MAY INFER BOOTLEGGER

DECISION OF INTEREST RENDERED BY SUPREME COURT JUDGE IN CASE OF PRINCE GEORGE MAN

VANCOUVER, March 18.—Mr. Justice D. A. McDonald in the Supreme Court dismissed the appeal of Mike Horborski of Prince George against a conviction and fine of \$300 for keeping liquor for sale. His Lordship held that Magistrate Moran of Prince George had the right to infer that Horborski, who purchased liquor worth \$164 during two months while ostensibly unemployed, was a bootlegger.

Horborski had elected to go to jail instead of paying the fine and the sentence is as yet undetermined.

FISH ARRIVALS

Two American Boats Refuse to Accept Prices Offered—Two Canadian Vessels Sell Catches

Though two boats offered catches, the Star with 8,400 pounds and Actor, 3,500 pounds, no American halibut was sold at the Fish Exchange this morning.

Two Canadian boats sold their catches as follows:

Point May, 2,000 pounds, to Royal Fish Co., 15.2c and 8c. W.F., 4,500 pounds, to Cold Storage, 16.7c and 10.5c.

The American boats refused to accept bids of 16c and 8c and 15.2c and 8c respectively.

AFTER POKING FUN at the English telephone for a number of years New York has turned round and adopted it. The one-piece variety is being supplied by the New York Telephone Co., and is finding great popularity with its users. Lee Armstrong and Mabel King are shown trying it out. The new telephone leaves one hand free to take notes.

Premier Oliver and Minister Leave for East to Fight for B.C. Outlet to Peace River

VICTORIA, March 18.—In order to present the views of the British Columbia government regarding the provision of railway facilities for the Peace River before the special committee of the House of Commons investigating the problem, Premier John Oliver and Hon. Dr. W. H. Sutherland, minister of railways, are leaving here today for Ottawa.

Premier Oliver said that a strenuous effort would be made to oppose the proposal that the line be built via Obed. He said that, while explaining the practical need for a new western outlet, he would present a new aspect of the case.

and inform the committee of the province's moral claim for consideration on account of the agreement made between the federal authorities and the Grand Trunk in former years covering the handling of freight from the latter road over the Pacific Great Eastern Railway from Prince George to Vancouver.

While in Ottawa, the Premier also expects to investigate the claims of the Allied Indian Tribes of British Columbia for more generous treatment in connection with their lands.

OTTAWA, March 18.—Premier Oliver of British Columbia will be heard here on March 25 respecting the question of a western outlet on the Pacific Coast for the Peace River district. The committee of the house considering the joint report of C.P.R. and C.N.R. engineers on the matter so decided this morning.

C. Z. Crowski, chief construction engineer for the Canadian National, told the committee that a freight rate of 26.4 cents on grain going to Vancouver from the Peace River district via Obed would be required for the railways to handle grain and break even.

COUNCIL TALKS OF RAILWAY TAXATION

City Fathers Were in Private Session Last Night—City Solicitor Goes South as Result

There was a special and private session of the city council last evening at which, though no statement was given out by the mayor or aldermen, it is understood there was a discussion of railway taxation matters. As a result of the meeting, City Solicitor E. F. Jones sailed for Vancouver this morning.

Two Divisions Are Recorded at Ottawa; Combined Opposition in One and Farmers Only in Other

OTTAWA, March 18.—Budget reductions in taxation passed their final stage in the House of Commons on Thursday and will now go to the Senate. There are two bills. One gives effect to reductions in sales tax, stamp tax and tax on matches. The other gives effect to a ten per cent reduction in the income. Neither bills were amended although, in an earlier stage, the income tax bill was amended to increase the age for exemption for children from 18 to 21 years.

Yesterday attempts were made twice from the opposition side to amend both bills and twice the House divided. The sales tax bill, Hon. Hugh Guthrie, leader of the opposition, moved that the sales tax be abolished on personal clothing and boots and shoes. The amendment was defeated by 101 to 84. Immediately after, E. J. Garland, United Farmer member for Bow River, moved the abolition of the customs tariff on clothing, boots and shoes. This was defeated by 169 to 18, a majority against of 151, Conservatives and Liberals voting together.

DOG DERBY AT RUBY RUN OFF

WALTER NOLLNER WINS TWENTY-EIGHT MILE EVENT IN TWO HOURS AND TWELVE MINUTES

RUBY, Alaska, March 18.—Walter Nollner of Ruby, heading a field of nine entrants, won the 28-mile Ruby dog derby on Thursday. His time was two hours and twelve minutes.

Icol Dayton, second, was seven minutes behind. He was followed by Robert Damoska, one minute later.

The race was run in zero weather. A six-mile event for women is being held today.

SEALING FLEET MEETS SUCCESS

BLIZZARD COMES UP OFF NEWFOUNDLAND, HOWEVER, AND ONE HALF OF BIG CATCH OF PELTS LOST

ST. JOHN'S, Newfoundland, March 18.—The Newfoundland sealing fleet met with great success in the first three days of hunting, killing one hundred thousand. Only one half of them had been landed on the vessels, however, when a blizzard broke up the ice floes. It is feared that the balance of the pelts will be lost.

IT MAY BE NICE SUMMER RESORT; NOT NICE NAME

Llanfairpwllgwyngyllgogerychwyrnorbwellanddylllunogoch, Wales. This little town on the Island of Anglesey is becoming popular as a vacation resort, and the villagers are all agog over the pronunciation of the name of the place.

Llanfair, the first two syllables, or Llanfairgoch, the first two combined with the last syllable, always has been used, but with the growing importance of the town, the 100 per cent Llanfairians or Llanfairgogochians, who are bursting with civic pride, and who also have plenty of time to spare, insist on running through the full gamut.

A literal translation of the village name is "Church of St. Mary, in a hollow of White Hazel, near a rapid whirlpool and near St. Tysilio's Church, which is near a red cave."

YAYE MARU WILL BE HERE ON SATURDAY

Progress Across Pacific Ocean to Load Grain Here Has Been Delayed

Having encountered more heavy weather in her crossing of the Pacific Ocean, the "K" Line freighter, Yaye Maru, coming here to load grain for the United Kingdom or continent, is now expected during the early hours of tomorrow morning in a wireless message to the Northern Shipping Co. local agents, the master of the ship stated that he expected to arrive at Triple Island about ten o'clock tonight.

The Yaye Maru left Muroran, Japan, on March 1 and, being empty, her progress depended pretty well on the nature of the elements.

DOUBLE SERVICE OF COAST STEAMERS TO COMMENCE NEXT WEEK

Starting next week the Canadian National Steamships will have two boats a week on the run between Vancouver and here.

The Prince George will arrive on Wednesday morning and sail that night for Anyox, returning here Thursday and sailing for the south that night at 11.

The Prince Charles will arrive from the south on Saturday, March 26, and will sail for Stewart that evening, returning here on Sunday and sailing for the south at 11 that night.

On April 10 the Prince Charles will be withdrawn here and the Prince Rupert will sail for the south that night and continue on the spring schedule with the Prince George.

WANTS YOUTHS "BRAVE ENOUGH TO BE COWARDS"

GUELPH, Ont., Mar. 18.—Expression of the hope that Canadian young men would be "brave enough to be cowards" in the event of another war, was made by Earl Lautenslager of Kitchener, boys premier of Ontario, in an address here recently, which has aroused considerable interest. The 21-year-old premier stated that if another war came, an entirely different kind of daring might be necessary than that common to war—a daring which would mean a refusal to fight.

"In a struggle for world brotherhood," Mr. Lautenslager said, "it may be necessary for Canadian boys to refuse to fight for their country."

The great open spaces in Texas now include most of the penitentiary cells.

POLICE OFFICER HERE LEAVING

Mr. and Mrs. L. J. A. Anderson to Enter Private Business on West Coast of Vancouver Island

The Ladies' Home League of the Salvation Army and many friends gathered this week at the home of Mrs. J. A. Anderson, Tallow Street, to bid farewell on the occasion of her departure tomorrow for the west coast of Vancouver Island. A fountain pen was presented as a mark of esteem.

Mr. and Mrs. Anderson will engage in private business in the south. The former has been a constable with the city detachment of the provincial police.

HEALTH BILL IS PROPOSED

LARGE EXPENDITURE PROPOSED TO ADVANCE CANADA IN DISEASE PREVENTION

OTTAWA, March 18.—A bill providing for the endorsement of health principles and life conservation by a representative group of outstanding Canadians will be the net result of a meeting of the honorary advisory board of the Canadian social hygiene council here.

The board made a survey of Canadian health conditions and laid down a suggested plan of action for future work. This calls for the expenditure of \$513,000 during the next three years to advance Canada in the cause of disease prevention.

FORM THE THINK HABIT.

Fear of making mistakes has made failures of as many men as mistakes have made successes. Failures are awed into retrogression by the same possibilities-of-mistakes challenged by the successes among men.

A popular adage is "The man who never made a mistake never made a dollar," but a truer statement of fact might be "The man who never made a mistake has not yet lived."

Conceding that all men make mistakes, it is manifest that only the same mistake repeated is unpardonable and the habit, not the individual mistake, is costly. Somebody pays everytime somebody blunders and the only way to correct the habit of blundering is to form the habit of doing things right. Form the habit of being careful and take pains today that you may spare yourself incalculable pain tomorrow. Many are blundering on to success by making the most of their blunders.

The haunting regret in every mistake is the thought that it could have been averted by a little thought. The indolent find actions easier than thought and much of humanity is indolent.

Thinking can be made a habit just as most bodily movements are from force of habit. Cultivate the habit of thinking before acting and that bugaboo, the mistake-habit, will decamp for more salubrious foraging.

TWO CAN EARN MORE THAN ONE.

Investigations conducted in various cities disclose an increasing tendency among married women and mothers to enter into gainful occupations. Many are actuated by the desire for financial independence and others by economic necessity. Two bread winners in a family are often necessary to make both ends meet.

Here is a subject demanding serious consideration. If the time comes when the vast majority of women must enter the factories, stores and offices to help maintain homes and support children the inevitable outcome will be fewer homes and children. To permit such a condition would mean race suicide.

And, in the final analysis, the fact must not be lost sight of that economic laws work both ways. Large families are now forcing mothers into gainful occupations. With large numbers of women thus engaged, the birth rate must fall. The receding birth rate and children reaching the self-supportage age will release more mothers and wives from outside employment, with the result that the birth rate will again climb. From here the process will begin all over again.

WHAT WE NEED IN PRINCE RUPERT.

There are many things we need in Prince Rupert, but a few are vital and outstanding above all others.

We need stability—the will power to determine what is right and a determination to see that only that which is right prevails.

We need a spirit of unanimity—the ability and willingness to agree upon what we want and then go after it and get it.

We need aggressiveness—for without aggressiveness, indolence and stagnation will be our lot.

We need loyalty—for without loyalty we will be enriching commercial interests at distant points and impoverishing our people at home.

Some communities thrive and grow because of their natural advantages. Others are made only through the dogged energy and perseverance of their citizenship.

Ours will be what we make it, and we should make it all that we can.

CANADIAN LEGION ENTERTAINS ITS TERRACE FRIENDS

TERRACE, March 18.—The members of the Canadian Legion and their Women's Auxiliary were at home to the members of the other local fraternal societies in their hall on Tuesday evening when a large crowd enjoyed their hospitality and spent a very pleasant evening.

An interesting military whist drive occupied the early part of the evening, the winners being Miss O. Cassels and H. Warne and Mr. and Mrs. Reg. Hogan, Pacific.

Later splendid music for dancing was rendered by the G.W.V.A. orchestra and by J. McLaren.

The refreshments were in the hands of the W.A. to the Legionnaires.

Guests were present from the I.O.O.F. and Rebekah Lodges, the St. Andrew's Society and the Native Sons.

TERRACE

Mrs. T. J. Marsh returned on Wednesday from a short visit with Mrs. A. Y. Wilson of Remo.

T. W. Brewer of the Forestry Department, Smithers, was a business visitor here during the week.

Miss C. Toombs was up from Remo on Wednesday.

Mr. and Mrs. A. J. Curzon of Prince Rupert were visitors here on Wednesday.

Mrs. W. H. Burnett was a bridge hostess on Tuesday evening.

THOMAS MEIGHAN IN TRAGEDY FILM

Has Dramatic Role in "Tin Gods," Week-end Picture

"Tin Gods," coming to the Westholme this week-end is a dramatic yarn that gives Thomas Meighan a role he has long looked for! Not since "The Miracle Man" and "Manslaughter" has Tom reached such heights!

Roger Drake, on marrying Janet Stone, is given a beautiful home as a wedding present. Putting aside his embarrassment in the thought that some day he will be able to give her the same thing, he agrees to live in the house.

Offered a contract to build a bridge in Canada, Roger rushes home to tell his wife the news. She is just as radiant. Mrs. Roger Drake has become the first woman candidate for the State Assembly!

Their house becomes a hot bed of politics. Newspaper men and politicians are forever crowding the doors. Roger hates them all and finally comes to blows with Dougherty, the district boss. Janet denounces his conduct.

Determined to get a final show-down, Roger is returning home when the tragedy which causes their break, occurs.

Janet is addressing a large gathering when little Billy, their child, disturbs the meeting. Her secretary locks him in his room. Rebellious and lonesome, the boy climbs to the ledge of an open window. Seeing his father on the street, he waves, and before Roger's horrified eyes, falls.

The sight of a crowd of women in the very room where Billy's dead body had rested, less than a week before, in-

Drake gets an assignment to build a bridge at Del Rio in South America. There, he proceeds to drown his sorrows in drink. Work holds no interest for him and he becomes a frequenter of the town's cafe.

Women have been the blight of his life. And so—he disregards the favors shown him by Carita, a pretty dancing girl.

The expected happens. Drake is relieved of his job and another man appointed, pending Lawlor's arrival from New York.

On the anniversary of his son's death, he courts death in rum. Finally, stricken with black fever, a tropical scourge, he is carried home. And Carita goes along to care for him.

Janet, having lost the election, seeks Roger out to effect a reunion. She meets Carita who rushes off to tell Roger of Janet's return.

Seeing him approach, in company with Dr. McCoy, she hides behind a bush. Passing by, Carita overhears the conversation. "I can't get to her soon enough," but she misses—"I want to show her a real woman." Carita stumbles on to the big span overhanging the rushing torrent.

Drake greets Janet politely and on hearing of Carita's flight, rushes to the bridge. Frantically, he calls—but she doesn't hear. A few minutes later, he carries her lifeless body to shore.

Zam-Buk ITS ROMANTIC STORY

A World Search for Rare Medicinal Herbs. It is not commonly known that countries so far apart as China and Spain, Japan and England, and Tasmania and France have to be searched for the species of herbs used in the manufacture of that world-famed healing balm ZAM-BUK. These herbs are many of them, rare and costly. They need to be gathered just at the right season when their juices and medicinal contents are at their very best.

Zam-buk is the true successor of the herbal healing balms of Ancient Rome, with this important advantage—Zam-buk, in addition to its rare heral composition, has twentieth century medical knowledge and manufacturing skill, to bring it to a pitch of perfection, probably never equalled in the annals of healing. The different medicinal qualities in Zam-buk are beautifully balanced. The healing side with the antiseptic, the soothing with the germicidal, it is penetrative yet not too stimulating, and has just the right lubricity for removing superficial swellings, sprains and pains. Thus Zam-buk is a useful, reliable, and highly-concentrated, medicinal dressing always ready to instantly soothe pain, swiftly allay swelling and inflammation, expel deep seated disease, and grow new healthy skin. Moreover, users of Zam-buk have perfect confidence, which alone comes from the knowledge that it is a refined herbal preparation and not an artificial ointment composed of pore-clogging fats and crude drugs. Zam-buk is invaluable in all itching, inflamed, and diseased conditions of the skin, whilst its swift antiseptic healing makes it the ideal first-aid dressing for burns, scalds, cuts, etc. It is also the soothing remedy for piles. Of dealers everywhere 50c the box; 3 for \$1.25, or Zam-buk Co., Dupont St., Toronto.

Mrs. D. Lidstone sailed on her return to Victoria on the Prince George this morning. J. A. Kirkpatrick left for Vancouver this morning on the Prince George on a short business trip. Mrs. E. Stuart was a passenger on the Prince George this morning for Vancouver enroute to her old home in Scotland. O. E. Ford, representative of the Canadian Pacific Express company, arrived from the south on the Princess Mary this afternoon. S. W. Taylor, was a business passenger to Vancouver this morning on the Prince George. He will return to the city on next Wednesday. Constable William Smith arrived from Anyox this morning having in his custody a prisoner who has been sentenced to thirty days in jail for vagrancy. A. D. Matheson was a passenger on the Cardena this morning from Vancouver to Wales Island where he is manager of the Canadian Fishing Co.'s cannery. C.P.R. steamer Princess Mary, Captain C. C. Saintry, arrived from Vancouver at 1:30 this afternoon with a good sized passenger list for the north and sailed at 2:30. Anyox is still snowed in according to arrivals from the smelter town on the steamer Prince Rupert this morning. There is said to be six feet of snow piled up on the wharf there. Mr. and Mrs. J. P. Gaudin were passengers for the north today on the Princess Mary. Mr. Gaudin is superintending engineer of the river division of Whitehorse and Yukon railway company.

The fire department answered a call last evening to the Canadian Fish and Cold Storage Company where an elevator shaft had become ignited. The blaze was soon extinguished with little damage. Corporal Fred Markland of the city detachment of the provincial police, left for the south this morning having in custody H. Roberts, sentenced to six months for concealing money from his creditors; G. Cunningham, sentenced to six months for supplying liquor to a native; A. Hendricks, of Hazelton, who is to serve sentence of six months for a breach of the Liquor Act, and a patient for Essondale Hospital. J. Wilson, charged with driving to the common danger, was fined \$25 yesterday afternoon by Magistrate McClymont. The charge was laid as a result of a collision between a car driven by E. Large and the car driven by Wilson. The accident occurred on March 5 on Third Avenue in front of Barrie's furniture store and at the place the accident occurred there were cars parked on each side of the street.

EUROPE'S GREAT SPEED MONSTERS

ARE IN INTENSIVE RACE TO BE FIRST TO ACHIEVE 200 MILES AN HOUR LONDON, March 17.—Europe's four

great speed monsters are in an intensive race for the honor of being the first to achieve 200 miles-an-hour. One of them, the 1,000-horse power Sunbeam mystery car, has challenged all American records and some time this month will attempt to undergo a speed, on the beach of Daytona, Florida, that may either end disastrously or in the greatest event in automobile history.

Another, the 12-cylinder, 450-horsepower "Bluebird" of Capt. Malcolm Campbell, is being groomed for a 200-mile clip on the beach at Pendine, England. It is an experimental machine which required two and a half years to construct.

Parry Thomas, British racer who recently captured the world's record by achieving 172 miles-an-hour on the Pendine sands with his 26-litre, Liberty engine "Baba" is out to add 28 miles to his record before someone beats him to it.

Two hundred miles an hour is a new high objective in speed for an automobile. The mechanical preparations for such an attempt must be perfect. There is no margin of safety for errors. It takes approximately four-tenths of a second for a driver's hand, to act on a message from his brain. At a 200-mile clip his automobile would travel 40 yards during this time.

FORMIDABLE CONTENDER Of all the contenders, the Sunbeam mystery car is the most foremost in appearance. It is painted red and looks like a huge aluminum cigar on wheels. It is 32 feet long and six feet wide. Driving power is furnished by two 500-horsepower motors located over the front and rear axles, respectively, capable, the designer says, of developing 220 miles an hour. They consume four and a half gallons of gasoline a minute. The machine weighs 7,056 pounds and cost \$100,000 to build.

After the driver, Major H. O. D. Segrave, British racing pilot and winner of last year's Herford Cup race at Marseilles, leaves the 180-mile mark, he will be travelling in unexplored territory. At a preliminary shop tire test under full racing load the tires stood up to 120 miles and then exploded. Other, better tires have been developed.

The centre of gravity in the car had to be shifted when it was learned that under its previous arrangement the tail of the car had a tendency to leave the ground, at a 200-mile speed.

Major Segrave is an experienced pilot. In 1924 he won the 450-mile Spanish Grand Prix. The following year he came out first at the 350-mile Grand Prix de Provence. He is the holder of the world's four litre record at 153-miles an hour, as well as the holder of the European road speed records of four miles at 140.1 miles an hour. He was born in Baltimore, Maryland, twenty-nine years ago.

GLOOMY DEAN NEEDS MONEY

THAT'S WHY HE WRITES FOR NEWS-PAPERS, SAYS INGE

LONDON, March 18.—"Gloomy" Dean Inge, explaining why he writes for the newspapers, says it was simply a case of necessity, as his deanery brought him in but \$1,500 a year, while his four children cost \$1,000 a year to educate.

The Dean's remarks before the Society of Women Journalists were in reply to accusations, made from time to time, that he was worth a lot of money, and that his ex-cathedral activities were altogether uncalled for.

When he began writing for the press the Dean admitted he had been cautioned by a Bishop that he was making a mistake in sacrificing his dignity. The Dean said in his view there was no great distinction between writing for the press, read by all classes, and preaching to a similar audience from the pulpit or platform.

He himself did not mind being classed among the wealthy, but he had been called a "blackleg" who was taking the bread out of the mouths of worthy men and women who lived by pounding the typewriter, and this compelled him to defend himself. His house consisted of 30 rooms, much hospitality was expected of him, and trying to keep up his end of affairs generally, on his deanery income, he said were things which had no tendency to eliminate the word "Gloomy" from the handle which had been tacked onto his name.

AIRPLANES USED TO POLICE FISHING ON BRITANNY COAST

LORIENT, March 17.—Aeroplanes are being used to police the fishing grounds of the Brittany coast to drive off the porpoises and belugas, or great white sturgeon that live on the fish and ruin the nets of the fishermen.

When these intruders are sighted the fishermen signal shore and a bombing plane goes to the scene, dropping explosives on the marauders.

The raids of the belugas, many of them twenty feet long, were threatening the livelihood of the fisher folk.

BRINGING UP FATHER

SMITHERS

The Smithers Board of Trade is again asking the Canadian National Railway to have suitable approaches provided to the stations at Lake Kathryn and Evelyn.

More trucks and tractors are being added to the equipment of the provincial department of public works and will be used in putting a surface of gravel on roads in the district. A portable gasoline shovel will be brought from Prince Rupert.

The third of a series of dances being held in aid of the local fall fair was a great success. The fourth and last of these functions will be held in April.

The Smithers District Board of Trade is requesting the government to carry out considerable improvement on the road connecting Smithers and Telkwa with the Babine country.

The United Church was filled to capacity when one hundred fathers and sons assembled for the annual banquet on Tuesday night. Bug Gazley proposed the toast to Canada. L. B. Warner responded. The toast to the school was proposed by Harland Lewis and V. Crockett responded. Other toasts were: "Our Dads," proposed by Rev. George Turpin and responded to by L. S. McGill; "The Church," proposed by Harold Berg, Rev. George Turpin, responding; "The Ladies," proposed by Ralph Gunderson. The presence of Gray's orchestra greatly enhanced the proceedings of the evening.

Daniel Day, trail blazer of this part of the Dominion and for over a score of years a resident of the Bulkley Valley, died at the end of last week in the Smithers Hospital, interment taking place on Friday with Rev. Father Vallieres officiating. Deceased, who is survived by a family in the United States, had been on land at Forestdale for several years.

A party of mining men, headed by V. A. James and H. J. Tyrell of Toronto, was recently at Burns Lake whence they started for a trip to the Omineca country where they have large placer interests. Considerable development is planned this year. The party was accompanied in on the long journey by H. Raymond and J. Mitchell of Burns Lake.

Extensive improvements on the road from Houston to Wistaria are being asked by the Bulkley Valley District Board of Trade. The proposed road forms a link in the circular trip from Burns Lake by way of Francois Lake, Ootsa Lake, Wistaria, Nadina and Houston.

Plans are moving forward for the meeting in Smithers on May 19 when

an association of the boards of trades of northern central and northern British Columbia will be formed. It is proposed that each board in the district shall vote as a single unit although as many delegates as can possibly come will be welcomed.

The arrival of spring in the Bulkley Valley this year is at least three weeks behind last year. By the end of February last year, all snow had disappeared and the weather was warm. This year, however, there is still a lot of snow and the nights are very cold.

Within the next week or ten days, it is expected that the work of cementing the railway tunnel east of Doughty will be completed. Work has been in progress for some months with a strong force of men employed.

The April meeting of the Smithers Board of Trade will take the form of a dinner after which the regular business will be transacted.

Miss Margaret Windt was hostess to a large number of young friends at a St. Patrick's party last Saturday afternoon to mark her thirteenth birthday.

There was a good turnout at the bridge and whist drive held by the Rebekah Lodge. Prize winners at bridge were Mrs. J. E. Kirby, Mrs. A. Greenhaigh, L. B. Warner and H. G. Windt while whist prizes were captured by Mrs. I. Bahler, Mrs. W. L. Grant, J. A. Macdonald and H. Schwartz.

R. Carr and daughter Leney, Saskatchewan, who have been spending the winter on the coast, were visiting here this week with Rev. and Mrs. George Turpin while on their return to the prairies. Mr. Carr is an uncle of Mrs. Turpin.

Ed. Hall of Hazelton, who has been away from the district for a year, having spent some time at the Mayo Clinic, was a visitor in town this week.

J. D. Boulding has returned to this district and is reopening his assay office at New Hazelton.

Frank H. Taylor, discoverer of the Topley mine, is on a trip to Stewart and Vancouver on mining business.

Sandy Kennedy is a patient in the Smithers Hospital and his condition is giving anxiety to local friends.

MOOSE TEAMS BOTH WINNERS

CAPTURED HONORS IN BOTH WHIST SECTIONS LAST NIGHT IN PLAY-OFF

The Moose ladies' whist team and the Moose men's whist team will play at the end of the week to determine the city champions, both teams having won last night in the play-offs to determine the winners in each section of the whist league. The Moose ladies team defeated the St. George's ladies by a score of 6 to 3 and the Moose men won from St. George's (Seal Cove) by a similar score.

COL. McMORDIE WINS OVER HAMILTON AND MAKES HIGH BREAK

In the third game of billiards last night to determine the city billiard champion, Col. S. P. McMordie defeated James Hamilton by a score of 500 to 324. The high break of the evening, and possibly the highest break which has been made in the city by a local player, was made by Col. McMordie when he ran up the total of 86.

SPORT CHAT

Tonight in Vancouver, Fort William amateur hockey team, champions of western Ontario and Saskatchewan, will meet Trail champions of Alberta and British Columbia in the first of a series to determine which team will meet the eastern champions in Vancouver in ten days time. The Fort Williamites are the favorites probably due to the fact that they defeated Port Arthur, holders of the Allan cup. Port Arthur played on the coast early in the season and easily won from the pick of the provincial aggregations.

Mostly any evening in St. Andrew's Society rooms a game of carpet bowling is in progress. A schedule has been drawn up for a series of matches among members of the club, and perhaps a challenge will be issued later to any and all comers who might care for a contest. The game furnishes a very pleasant evening's recreation for many who are not very much interested in either cards or billiards or basketball.

Carrying a mainmast said to be the longest ever set in a racing schooner, the yacht Vantile will resume her marine rivalry in June with the Resolute, her conqueror in the match series to decide a defender of America's cup against Sir Thomas Lipton's Shamrock IV, in 1920. The races, under the direction of the New York Yacht Club, will be sailed off Newport, R.I. Changes now being made on the Vantile, considered faster than the Resolute last season when true racing breezes prevailed will give the vessel a mainmast of 148 feet, eight longer than the old mast. The Vantile also is being fitted with a new set of racing sails. A new staysail plan will be tried out on the Resolute this season. The bowsprit is to be lengthened and main boom shortened.

Bel tolling is one of the indoor sports which students at Oxford are following now that the rainy winter season has set in. Morris dancing and ju-jitsu are among other forms of indoor exercise. Bell-ringing or to use the more dignified term "campanology" is most popular. Under the direction of an Oxford clergyman, students interested in this musical form of exercise, have been formed into groups to tug at the long bell ropes of Oxford's many chapels and churches at specified times. In spite of the scolding of the untalented campanologists stoutly maintain that bell ringing is not an art and a science, but an excellent form of exercise, for it requires both strength and dexterity to give the proper tone and rhythm to the heavy bells.

Six-day bicycle racing is rapidly falling into disrepute in Germany after two successive races characterized by sports writers and fans as fiasco from the spectators' viewpoint. There are some who want six-day races abolished altogether, asserting, as did Foreign Minister Stresemann, that such races cannot be classed as sport. Charges have been made that the last race was fixed by bicycle manufacturers and that numerous violations of rules were overlooked by the referees or tolerated through the payment of small penalties. To restore the sport to good standing, the Sporting Writers' Fraternity demands that advertising features of future races be eliminated entirely, that no teams drawing pay from bicycle manufacturers be allowed to enter unless each member of the team has at least a one-year contract with a manufacturer; that heavier penalties for violations of the rules be levied and that the personnel of the supervising committee of the German Cyclists' Association be changed.

ST. PATRICK'S DAY CONCERT

FINE ENTERTAINMENT STAGED IN WESTHOLME THEATRE LAST NIGHT WITH MANY NEW FEATURES

Embodying several new features which proved at once interesting and acceptable, the annual St. Patrick's Day concert under the auspices of the Catholic Church and the direction of Miss Blanche Curtin and Charles P. Balagno was held last night in the Westholme Theatre before an audience which was both large and appreciative. The program of the evening, which commenced at 8:30 and continued until after 11 o'clock, was divided into two parts—first a list of concert numbers and second, a one-act sketch.

The program was opened with a selection "Sounds from Ireland" by the Westholme Orchestra consisting of Charles P. Balagno, pianist and leader; William Balagno, violin; Robert Greenfield, cornet, and W. F. Browne, traps and drums. This number brought the audience into a good humor and established the Irish environment which was to prevail for the rest of the evening. "Jaunting Down to Kerry" was a pretty song and dance number by two girls who were dressed in white frocks with green trimmings. They did their parts well.

The Prince Rupert Boys' Band, ever popular, then took the stage and, under the direction of Bandmaster Thos. Wilson, played an overture, "Lygia" (Mackey); March, "Fraternity" (Hays); and overture "Bright and Gay" (Myers). This organization is making steady progress. Though the march is still the band's forte, it is gradually developing into that stage where selections are in order. The band, however, would have aroused more enthusiasm from the audience if a march had been substituted for at least one of the over-

IN THE SUPREME COURT OF BRITISH COLUMBIA.

Re PRINCE RUPERT HYDRO-ELECTRIC COMPANY LIMITED

SALE BY ORDER OF THE COURT
TAKE NOTICE that pursuant to the order of Mr. Justice D. A. McDonald dated the 15th day of February, 1927, in a bondholders' action instituted in the Supreme Court of British Columbia between The Royal Trust Company and Prince Rupert Hydro-Electric Company Limited and others, being R.1602/1916, brought to enforce the trusts of an indenture dated the 30th day of June, 1911, tenders are invited by George Edward Winter the Receiver appointed by an order of this Court dated the 15th day of September, 1916, and the decree in the said action dated the 21st day of November, 1916, for the purchase of all the remaining properties and assets of the said Company. The said properties are described as follows:

1. That certain parcel of land and premises situate in the Province of British Columbia more particularly described as Lot 635, Range 5, Coast District, containing 160 acres more or less.
2. That certain parcel of land and premises situate in the Province of British Columbia more particularly described as Lot 1386, Range 5, Coast District, containing 37 81/100 acres more or less, excepting thereout a strip of land one chain in width measured from highwater mark.
3. That certain parcel of land and premises situate in the Coast District Province of British Columbia, and more particularly described as Lot 693, Range 5, containing 32 50/100 acres more or less.
4. Maps dealing with surveys of drainage areas, rainfall data, designs of dams, power plants, transmission lines and receiving station for Falls and Khatada Rivers development, and plans of works.

The Receiver is informed that the above lands parcels 1, 2 and 3 were selected by the engineers of the Prince Rupert Hydro-Electric Company Limited as being suitable sites for the construction of water power plants.

Tenders may be made for all the said parcels together or for one or more separately.

Particulars and conditions of sale may be had upon application at the office of Messrs. Riddell, Stead, Hodges & Winter, Bankers, at the Scotia Building, Vancouver, or at the office of the undersigned.

Scientifically Packed "SALADA" TEA

As free from dust as tea can be.

Marches are any band's long suit and they are always provocative of the best response. Miss Josephine Charlebois, who, as a result of several appearances lately, has taken her place as one of the city's prized vocalists, was in good voice in "The Low Backed Car." Miss Blanche Curtin accompanied.

PIECE DE RESISTANCE
A piece de resistance was the piano solo of Miss Marie Balagno. Playing "Irish Airs" this dainty little performer displayed surprising proficiency and indicated that she has inherited the paternal talent. She gracefully responded to an encore.

Little Miss Elizabeth McLeod brought the house down with her song and Irish jig. In the dance particularly, this youngster has great talent. It is to be questioned if there is a performer of her age in the country who better combines grace and agility. She is a natural youngster and is apparently devoid of self-consciousness.

Miss Catherine Jones had happy selections in which to convey her popularity. She sang "Come Back to Erin" and, for an encore, "When Irish Eyes are Smiling."

The boys' orchestra, consisting of members of the Boys' Band with Billy Fuller at the piano showed that they have talent on a diversity of instruments. The march "Show Boy" (Huff); Waltz, "Pond Lilies" (Hays) and march "Peerless" were most acceptable. Bandmaster Wilson directed.

William Balagno's violin solos "Dance Negre" and "Spanish Dance" were splendid. He combined fine technique and elegant rhythm in his usual talented manner.

Mrs. J. J. Muldoon excelled herself in the singing of "She is Far From the Land" and "Hushen" for an encore. The audience paid fitting tribute.

ONE ACT SKETCH
The one-act sketch "A Rehearsal" contained a "pretty little motif" though the object was to give outlet for a number of solos and dances. Mrs. Muldoon sang "The Kerry Dances" and a group of youngsters danced. "Believe me if all those Endearing Young Charming" was sung with melody by a quintette of young ladies. Miss Virginia Riel and Miss Lorna MacLaren danced a hornpipe and were much applauded. Miss Charlebois again sang and William Balagno played two of his own compositions. J. S. Wilson sang comic songs and there was a mock debate between two typical Irish conversationalists whose roles were taken by Mrs. F. W. Leeper and Mrs. J. C. Brady. Mrs. Brady was in her usual good form while Mrs. Leeper, new to a Prince Rupert

audience, was particularly fine. With a line of running talk and patter, she took an essential role throughout the sketch.

Others taking part were Miss Margaret Palmer, a long-lost, Irish colleen who was finally restored to a loving sister, Miss Agnes Gratton, Miss Mary Comadina, Miss Irene Bourassa, Miss Ruth Gillis, Miss Margaret McCaffery and Miss Owen Palmer. The singing of "The Dear Little Shamrock" by the company brought the number to a close and the evening's entertainment ended with the singing of the National Anthem.

Harold McEwen was cashier and Jack McNulty, James Atherley, Frank Fortune, Leo Contoli and Vincent Meagher acted as ushers.

NEURITIS HAS NO MYSTERY

LOCAL CHIROPRACTOR EXPLAINS CAUSES OF COMMON AND PAINFUL AILMENT AND HOW TO TREAT IT

This may be either a general condition involving many nerves scattered over the entire body, or it may be a localized condition involving only one nerve trunk or one of its branches. In the event, the fundamental changes that underlie the abnormality are the same, except in respect to the area involved. In any inflammation there is a condition of congestion, swelling, heat and redness. If these conditions occur in a nerve fibre or nerve trunk they naturally impair the ability of that nerve fibre to properly transmit the life energy which it should carry. Whether or not there is pain associated with this condition depends entirely on the type of nerve tissue affected. If it is a motor nerve which supplies the motive power to muscular tissue there is not necessarily any pain associated with it. If, on the other hand, the involvement is of a sensory nerve, the pain is extremely severe.

MOTION
If the carrying capacity of the nerve is decreased the full amount of motor impulses cannot find expression in the muscles, and, as a consequence, is weakened.

As the disease progresses, and as the nerve becomes more and more involved, its carrying capacity is decreased, until finally the motor power is reduced to such an extent that complete paralysis exists. The member then becomes useless—it cannot be moved, and the muscles which formerly were active are now entirely passive. As a result of this they gradually decrease in size. This, however, is only the condition when the motor fibres are involved.

MOTION AND SENSATION
Occasionally the nerve fibres are involved, both of the motor and sensory variety, and in these events we not only lose sensibility eventually, but we also lose power over the muscles in that member. Furthermore, the neuritis may involve both arms or both lower extremities, or all four of them, and in varying degrees, dependent upon the rapidity with which the abnormality progresses.

WHAT CAUSES NEURITIS?
Inflammation in a nerve trunk exists for the same reason that inflammation in any other tissue manifests itself. Every part of the body is supplied by nerve filaments, which convey to it life energy in the form of heat impulses—in the form of nutritive impulses—in the form of secretion impulses, and many others. In the event that any of these nerve fibres are interfered with they may express a lack or an excess of any of these several varieties.

In the case of inflammation we have an excessive expression of heat impulses, and this can only be due to an interference with the nerve fibres supplying the structures involved. Where can these fibres be interfered with? This can only occur at the point where they are given off from the spine. There they pass out through tiny openings between adjacent segments of bone. If these segments of bone are

The Well-Managed Home

THE manager of a household is the purchasing agent for a large proportion of the family needs. In order to do a good job she must know what, when and where to buy. She must study goods and the concerns which make goods and have them to sell. She must put her home on a business basis and run it on business principles in order to make the most of the family income.

Information is the only basis for intelligent purchasing. And the right way to get the greatest amount of necessary information is to read the advertisements.

Advertisements tell you what is new and good in merchandise. They reveal improvements and inventions to make your home life easier, more comfortable and more convenient. They give you information about a thousand and one things that are useful.

Every manager of a household—every member of the household who shares the responsibility for the family's welfare—should make a habit of reading the ads.

MANUFACTURERS OF RUSSIA STARVE IF DEPEND ON MARKET

MOSCOW, March 18.—Razor manufacturers would starve if they depended on the demand of the Russian peasantry for their products. Only on the rarest occasions do the Russian Mughiks (farmers) shave their faces. Among the old believers (a large religious sect in Russia) a man who has shaved his beard is considered to have lost all chance of entering heaven.

In the old days it was one of the favorite customs of bandits along the countryside to hold up members of the sect with the demand that they give up their money or their beard. If the bandits removed the victims beard, the latter's relatives gathered up the hair so that it might be buried with the owner, for without the beard it was feared the devout old believer would not be recognized at the gates of Paradise.

SANKEY HOPES TO GET HELP

EVIDENCE OF GERMAN BOATBUILDER IS NOW PIVOTAL POINT IN MURDER APPEAL

Says the Vancouver Province in reporting the Sankey appeal in Vancouver this week.

Witnesses, whom Joseph Sankey believes will aid him in his fight for life and appeal for a new trial, will attend before the Court of Appeal for cross-examination by A. M. Johnson, K.C., crown counsel.

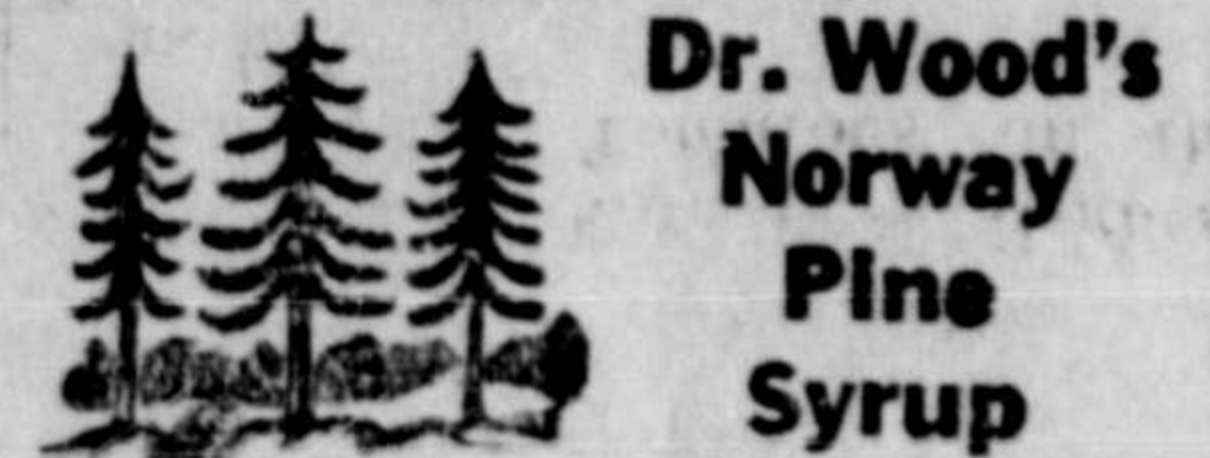

With the consent of Mr. J. Edward Bird, counsel for Sankey, Mr. Johnson requested this course when Sankey's appeal opened, and the court ordered the witnesses to attend, either at this sitting, or if that cannot be arranged, then the Court of Appeal will hold a special sitting for the purpose.

On the application of Mr. Johnson for the crown, Mr. Justice D. A. McDonald on Monday afternoon ordered a further reprieve from Wednesday until May 25.

an Okalla jail guard, Sankey, 22-year-old Tsimpsian Indian, attended in the Court of Appeal. The hearing did not occupy more than a quarter of an hour.

TALKED TO TEACHER

In support of the application for a new trial, Mr. Bird submitted an affidavit from Lewis W. Patmore, who was the accused's counsel at the trial.

Mr. Patmore stated that Mrs. Constance Cox, Indian interpreter, of Hazelton, had informed him that she had a conversation with Charles Reinhold, Port Essington boat builder and a crown witness. Reinhold allegedly said that on May 23, a Sunday morning, when Miss Chisholm was killed, he talked to her as she was walking towards a mill, where Reinhold had some logs.

Shortly afterwards, according to the affidavit, the man visited the millsite and called to the girl, but there was no response.

HOLLYWOOD MARKET GLUTTED WITH BEARDS

Hundred Old Stedies at Film Colony Feeling New Competition

HOLLYWOOD, Cal., March 18.—Whiskered amateurs from the middlewest are causing the bearded men of Hollywood grave anxiety.

There are about a hundred old gentlemen in the film colony who have been living on their beards. Their carefully cultivated chin adornments formerly assured them regular and remunerative work before the camera, and their calling was not without dignity.

Lately, however, retired farmers from the West have been throwing their beards on the market. These amateurs do not need the money they earn, say the professionals, but their willingness to lease their whiskers at cut rate prices just for the fun of working in the pictures is threatening to ruin an honorable profession.

WASHINGTON, March 18.—(Canadian Press).—The humble rabbit, once a pest in agricultural New England, has become a commercial asset. Once hunted for a bounty he is now trapped for his fur.

Announcing that the United States now uses more than 100,000,000 rabbit skins annually, a U.S. government official goes on to say: "Aided by modern processes, American fur dressers and dyers have become so expert in changing the color and appearance of furs in many instances the pelt of the rabbit, under a variety of trade names, is replacing other skins that are more cost-
