VANCOUVER, March 26.—After several hours of argument, the Court of Appeal adjourned on Friday without reaching a decision in the case of Joseph Sankey, Port Simpson Indian, who is applying for a new trial on the charge of murdering Miss Loretta Chisholm at Port Essington for which crime he stands sentenced to hang on May 25. The hearing will be resumed on Monday.

Sankey sat in court handcuffed to a provincial policeman watching and listening to the argument upon which his life depended.

BY-ELECTION COMING SOON

PREMIER OLIVER ANNOUNCES IN
OTTAWA THAT CONTEST WILL BE
HELD IN NORTH OKANAGAN
IN JUNE

VANCOUVER, March 26.—The Vancouver Star publishes an Ottawa despatch crediting Premier Oliver with the statement that a by-election to fill the vacancy in North Okanagan seat caused by the death of Arthur Cochrane will be held early in June.

W. F. Kennedy of Vernon has already been named the Conservative candidate and it is expected that Hon. Dr. K. C. McDonald, former member, who was defeated by the late Mr. Cochrane when he aspired to the cabinet after the last general election, will represent the Liberals in the contest.

Soviet Activities Designed as Preliminary to Universal Revolution---Sir Esme Howard

WORCESTER, Mass., March 26.—A charge that Soviet Russia is inspiring the Chinese attacks on foreigners and hopes thereby to drive the British out of Asia as the first step in promoting a world Bolshevik revolution was made by Sir Esme Howard, British ambassador to the United States, in an address before the Metal Trades and Employers' Association.

"If the British were driven out of Asia," Sir Esme said, "the Soviet believes it would not be difficult to get rid of other western powers from the continent and then an attempt would be made to promote revolution in Great Britain which would be the precursor of similar revolutions in all European countries."

The speaker characterized "the real danger in Asia" as the control which the Russian Socialists were seeking in that continent.

Wilkins Arctic Expedition Leaves Fairbanks for Point Barrow; Alaskan is Dropped

FAIRBANKS, March 26.—Capt. George H. Wilkins eliminated the use of the giant airplane Alaskan of the Arctic expedition when he engaged a Fairbanks Airplane Corporation plane which took off yesterday for Wiseman carrying A. M. Smith, newspaperman, Capt. Wilkins and other members of the party following the two remaining planes of the expedition. The Alaskan's wheels were smashed on Thursday in an unsuccessful attempt to hop off with a heavy load on board. It was decided not to attempt to replace them with skis owing to unfavorable landing conditions.

Refugees From Nanking Are Safe; Activity of Labor Unions Intense

Ultimatum of naval commanders has desired
result---practically all foreigners
are now evacuated

SHANGHAI, March 26.—The Soviet flag flies over Shanghai north station, the terminus of the Shanghai-Nanking Railway, just outside the international settlement, today.

Chinese workers, who went on strike when the Cantonese entered Shanghai, are returning to work but most of them are armed and are endeavoring to run the railway with workers' committees without foreign aid. All native foreign born are also being dismissed. Intense activity is reported among the labor unions which are now entirely in the hands of the Reds.

All refugees at Nanking are safe. The "gigantic" threat of the British and American naval leaders that the Cantonese position at Nanking would be bombarded unless foreigners were escorted to safety has been followed by the appearance of the refugees on the waterfront. Late Saturday it was reported that practically all the foreigners had been evacuated.

All the official and personal property of the consulates at Nanking was looted or destroyed by uniformed Nationalists. Combined action by British, American and Japanese in connection with anti-foreign excesses at Nanking and with a view to preventing repetition is under way.

WELL KNOWN NATIVE DIES

THOMAS PRICE OF SKIDEGATE WAS
NOTED CARVER OF WOOD,
STONE, ETC.

The death occurred at the Prince Rupert General Hospital last night of Thomas Price, a noted native carver from Skidegate. Deceased was brought to the hospital two weeks ago by his widow and an adopted daughter who will accompany the remains tonight to Skidegate for burial.

The fame of the late Mr. Price has travelled far afield as he was one of the few survivors of an old school which had become proficient in the carving of wood, stone, silver and gold. Some of his work is now in possession of local people who value it very highly as souvenir of an old art which is little practised today.

Deceased had reached a mature age, which is little practised today.

ABOLISHING CLOSE SEASON ON HALIBUT.

The suggestion made at Ketchikan that the closed season for halibut be abolished and that, in its place as a conservation measure, certain areas be closed to fishing is an interesting one which appears to contain some virtue. The need of conservation is admitted but, at the same time, it is felt that the halibut fishermen, with their large investments in boats, etc., should be allowed continuous employment. On the other hand, it is doubtful if the suggested scheme would be as effective in the matter of conservation as the closed season. It is a question that will need a good deal of careful consideration.

STRONG HOLD OF HOME TALENT PLAYS

Find a town in any of these nine provinces and there you will find in the course of any year and every year a home-talent play, or several of them. They are institutions as firmly established as the schools, churches and lodges which turn to them for needed revenue. Since time immemorial these theatrical productions have been just plain "home-talent plays" in the small town and little red school-house, but under such imposing designations as "Civic Opera," "Little Theatre" and "Community Players" they have taken on a new dignity in the city.

In the preparation for a home-talent play the first requisite is the selection of the play. Tragedy entrusted to amateurs would be truly tragic. And home-talent has no more talent for drama. It must be comedy. But it must be of a most decorous sort. Too much love-making, means too much gossip and scandal. And whatever the number of acts it must be in one scene. If a change of scenery is essential, it must be accomplished by shifting the furniture.

The next problem is choosing the cast and assigning the parts. This is too easy. The trouble is that the members of the cast fit so naturally into their parts without special costuming or make-up that they believe the casting committee is ridiculing their physical peculiarities when it asks them to accept a role.

Rehearsals are now in order, but as no time suits everybody, the full cast is not got together for a dress rehearsal until a night or two before the opening performance. And one of the principals invariably gets married or meets with some other terrible calamity on the very eve of the show, necessitating a hasty search for an understudy.

But somehow the play comes off as scheduled and is acclaimed a brilliant success up to professional standards by the home-town press and theatre-goers.

THE JOB OF BUYING GLOVES.

A man selects a blue necktie for the same reason that he orders a chocolate soda. It is the first thing that comes into his mind. He usually walks away with the second hat the salesman shows him, and he can easily be argued into a pair of shoes that don't fit, and that he doesn't really want.

But does a woman ever act like that? Well, just ask the girl at the soda fountain, or the young man in the gent's furnishing store about their women customers.

Women pick out things for their men folk with taste and discrimination; that is, everything except cigars. No woman has any license to buy cigars for any man, unless he has hitherto specified the brand. But in the clothing line they know what they are doing.

It would be a surprise to know how many women make the purchases for their husbands and grown-sons. It speaks a pride that all concerned justly may be thankful for, and there is nothing in it to make the man ashamed. He will be better dressed for it.

True, once in a while one meets some old crocodile who has always been slouchy, and when he first appears in a neat and natty outfit that his wife picked out we are surprised, and we laugh. But would his own selection have been better? Remember that derby hat! What an outrage upon intelligence it was. Now, they say, derbies are returning to fashion. Women have more sense than men. They won't allow a general return of the iron hat, we are sure.

FARM RELIEF STIMULATED

BITTER FIGHT EXPECTED AT NEXT CONGRESS SESSION — McNARY-HAUGEN BILL CHAMPIONS PLAN VIGOROUS CAMPAIGN

WASHINGTON, D.C., March 26.—(By Canadian Press)—The farm relief controversy has not been ended by the action of President Coolidge in vetoing the McNary-Haugen farm relief bill. Agricultural leaders in Congress and farm leaders who have championed the bill who are not in Congress declare the fight has only begun, and there are many indications they are correct. Present symptoms are the fight for the McNary-Haugen bill, probably in modified form, will rage in the next session of Congress as bitterly as ever.

Administration political leaders are trying to find out what will be the political effects of the veto. They are sounding sentiment in the agricultural states and profess to believe the veto has been received with fairly good grace by the farmers.

But a procession of letters which has been reaching members of the House and Senate from the Middle West and Northwest tells a different story. These letters report bitter disappointment over the veto, of increased movement away from the farm because of the failure of the president to afford relief legislation, and of determination in many quarters to keep up the fight.

While this sort of sentiment is expressed in letters, agricultural members of Congress and other farm leaders have been mapping out plans for the next six or eight months. They have determined to conduct a vigorous campaign of organization and speech-making over the agricultural country and especially in certain states where there has not been much activity for the McNary-Haugen measure. Such states are Ohio, Michigan, up-state New York, part of Pennsylvania and parts of New England.

So it seems inevitable the struggle over the farm relief issue will go into the next Congress. It is probable the next Congress will again pass the McNary-Haugen bill, perhaps with modifications. It will then go to the president, and it is assumed he will again veto. The farm relief issue will then be plunged head foremost into the presidential campaign, assuming that Mr. Coolidge, as is the general feeling here, is a candidate to succeed himself. Should he not be a candidate, it would of course be less sharp as an issue, through it could not be ignored.

Not only will farm relief in itself be a large problem in the next session of Congress, but other problems will be affected by it. For instance, if tariff revision is forced to the front, as it is likely to be, the feeling of the farmers that they are not being given a square deal as compared with industry will tend to bring about lower tariff rates. It will also increase pressure for lower railway rates.

Although the talk as to the effect on the political fortunes of Mr. Coolidge now revolves chiefly about former Governor Frank O. Lowden of Illinois, because of his championship of the farmer, there are other possibilities. It is noticeable some of the middle western papers are persistent in saying Mr. Coolidge will not seek a "third term."

This is another way of serving notice on the administration that if the President does run he will find opposition and it is another way also of stirring up the third term question. Apart from Mr. Lowden, there are several other possibilities, including Vice-President Dawes, Senator Watson, Senator Capper and Senator Willis.

ANNUAL CONCERT AT SALVATION ARMY

Enjoyable and Interesting Evening Took Place Last Evening

A large number of people were present at the Salvation Army concert last night and were entertained with a varied program of music, readings and exercises. The boys band was present and played several selections which were much appreciated by the audience. The Misses Mollie and Mary Lawrence favored the gathering with violin and piano duets and several readings and exercises were given by the scholars of the Sunday school.

After the concert a number of prizes were presented to the scholars of the Sunday School for regular attendance during the year 1926, quite a number of whom had been in attendance for the full fifty-two Sundays of the year. Captain Stohart thanked the audience for its cooperation and assured his hearers that any children would be welcome who were not in attendance at any of the Sunday schools of the city.

Those awarded prizes were as follows: Miss Mable Moore, Blenheim, Ont., writes: "A short while ago my face was covered with large, red pimples. I tried several remedies, but all failed. At last a friend advised me to take BURDOCK BLOOD BITTERS and I took three bottles. I will never regret the day I did this as my face is entirely cleared up. My mother has taken B.B.B. for headaches, and she hasn't had the least sign of a headache for a long time." This valuable remedy has been on the market for the past 48 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.

POLITICS CAST ASIDE ON PREMIER'S BIRTHDAY

Pretty Scene in Quebec Legislature Recently to Honor Hon. L. A. Taschereau

QUEBEC, March 26.—(Canadian Press)—One of those incidents which sweeten and lessen the asperities of political life occurred here recently in the legislature on the occasion of the 60th birthday of Hon. L. A. Taschereau, premier of Quebec.

Arthur Sauve, leader of the opposition, rose in his seat, to compliment the premier, saying that the members of the opposition wished to join with other members of the House in wishing long life and happiness to a distinguished patriot, of whom all Canadians might be proud. The Premier had reproached him so often that he was shy in paying him compliments, but he trusted that Mr. Taschereau would accept the testimony of a sincere heart in this matter, and he hoped that his health would long be spared to permit him to exercise his brilliant talents in the position which undoubtedly the future held for him.

The Premier said that he regretted that Mr. Sauve's birthday came in October when the House did not sit, but he would send him some roses next season, though he regretted that the number would be less, since Mr. Sauve was a younger man. He was convinced that he would find Mr. Sauve in the same place in the House next session, after the general election.

The Premier's desk was adorned with

60 brilliant red roses which had been presented to him at a dinner a short time before, the presentation being made by Hormidas Pilon, Chief Liberal Whip.

FIRST DOMINION DAY CELEBRATED MODESTLY

TORONTO, March 26.—While preparations are going forward to make the celebration of Canada's 60th birthday, next July 1, a memorable event, 81-year-old Charles Abbott, probably Toronto's oldest cab driver, recalls the doings of the first Dominion Day—1867.

On that momentous day Mr. Abbott's cab had been engaged by Alderman John Carr, chairman of the Toronto Fireworks Committee. Mr. Abbott still retains vivid recollections of the modest fireworks display in Queen's Park that closed Dominion Day.

A feature of Toronto's celebration of the first Dominion Day, Mr. Abbott recalls, was the military review of the Royal Artillery and Bodyguard.

EX-ARMY MAN SAYS IT IS TRUE

NOTHING LIKE "FRUIT-A-TIVES" FOR CONSTIPATION

MR. E. E. NEWMAN.

Even the most severe cases of constipation yield to "Fruit-a-tives". Witness this letter by Mr. E. E. Newman, Iona Station, Ontario:

"Ever since leaving the army I suffered terribly from constipation. After spending a great deal of money on other remedies, I took 'Fruit-a-tives'. I can sincerely say it gave me permanent relief. I often thought testimonials were untrue. I will gladly assure anyone writing me that 'Fruit-a-tives' are all they are claimed to be."

"Fruit-a-tives" goes right back to nature. Apples, oranges, prunes and figs give it their fresh juices which are intensified and blended with tonics. Consequently, the action of "Fruit-a-tives" is naturally corrective and strengthening. It is a positive remedy for poorly functioning stomach, kidneys and bowels. This day buy a box of "Fruit-a-tives" yourself. Feel well, vigorous, again. 25c and 50c everywhere.

"GOD IN THREE PERSONS" BLESSED TRINITY

We sing that. What does it mean? Are there three Gods or One? This will be the subject of the address by the Rev. W. F. Price at the

BAPTIST CHURCH

on Sunday Evening, March 27

the fourth in the series on "Foundations of the Faith."

These addresses will be continued as under:

April 3—"Is Man Immortal?"

April 10—"Why did Jesus Christ die?"

April 17—"Did Jesus really rise from the dead?"

These addresses will state in plain language the solid substantial reasons we have for believing the great truths of the Christian religion. In these days of doubt and questioning, we all want to know what foundation there is for faith—Come and hear!

Services commence at 7:30 p.m.

SAFETY PINS PROVE FATAL

HAVE KILLED MORE CHILDREN THAN
FIRE ARMS SAYS NEW YORK
DOCTOR

PHILADELPHIA, March 25.—Safety pins have killed more children than have firearms, in the opinion of Mr. Chevalier Jackson, of the Pennsylvania University medical faculty, who has designed instruments for retrieving small objects from lungs and stomachs.

Careless mothers who put pins in their mouths when dressing their babies, he says, set an example which is likely to be followed with possibly disastrous results.

"It took me 25 years to master the swallowed safety pin," he declares.

He mastered its recovery with a safety pin closer, operated through a bronchoscope. The bronchoscope is a small, straight metal tube, inserted through the mouth. It has a tiny electric bulb at the end. Through it the operator can look inside the stomach or lungs, or operate safety pin closers, forceps, or other instruments for handling small objects. A bronchoscope for a baby is hardly larger than a straw.

NEGRO ARTISTS VERY POPULAR

COLORED SINGERS AND DANCERS
ARE RAGE IN LONDON TODAY

LONDON, March 27.—Negro singers and dancers are more popular in London today than at any period in history. Many of them, having regular theatre engagements, are working long hours of overtime in the cabarets and at private performances. The popularity of the negro dancers is attributed to their sprightliness—the pep they put into their steps, and the singers are in demand because of their originality, their barbaric enthusiasm and the amusement they themselves seem to gain by amusing others.

Taking advantage of the craze for jazz as danced out by real negro artists, English managers have started three travelling companies on the road who are playing the London suburbs and the provinces.

The "color" craze has even reached the department stores, where black and colored wax models have been introduced to the public in the street display windows.

ZARO AGHA NOW 153 YEARS OLD

FAMOUS OLD TURK HAS BURIED
TEN WIVES AND 27 CHILDREN

CONSTANTINOPLE, March 25.—Zaro Agha, famed and stalwart old man of Turkey, has despite his 153 years, married for the eleventh time in an eventful life, during which at one time and another he has buried ten wives and 27 children.

Although he has no birth certificate to establish the truth of his age, the indomitable old man is possessed of a keen memory which enables him to tell tales of events which occurred 143 years ago.

He makes an annual visit to President Kemal from whom he receives a hearty handshake and two or three hundred liras every year. The Governor of Constantinople has given him a house and last year the Prefect made him Municipal Door-keeper for life, a job which furnishes him with a uniform and about \$25 a month.

He walks upright and without a cane and boasts that he had never ridden in a street car or an automobile.

ST. PATRICK'S DAY AT QUEEN CHARLOTTE

Event Was Great Success—Many Novelties Introduced and Prizes for Dancing Given

SKIDEGATE, March 26.—A St. Patrick's Day dance was held in Queen Charlotte City under the auspices of the Queen Charlotte City Social Club. Owing to the hard work of Mr. and Mrs. Roy McKeenize and others who were on the committee, the event was a great success.

A number of novelties were introduced during the evening and there were prizes for dancing. Mrs. George Beattie and G. Chastney being awarded the prize for the best waltzers.

Music was supplied by McKay's Orchestra.

AMERICANS INQUIRE ABOUT SITKA SPRUCE

Skidegate Correspondent of Daily News
Has Been Asked for Information

SKIDEGATE, March 26.—That the United States is alive to the possibilities of this timber which grows exclusively on Queen Charlotte Islands is apparent. The Skidegate correspondent for the Daily News has received enquiries from an American forestry concern inquiring about the Graham Island Sitka spruce and its seeds and how the latter can be obtained.

SITUATION AT Q.C. CITY

Editor, Daily News:

It has been five months now since the Sitka Spruce Mill at Queen Charlotte City closed. None of its workers were paid off and have not been paid yet.

This sort of thing has happened too often on the Queen Charlotte Islands.

Has the working man no protection whatever in our province? How long is this sort of thing going to be allowed?

If it were not for the kindness of our merchants at Queen Charlotte City and Skidegate, the workers would have had a hard time this winter.

The sooner our government sees that the workers are protected in British Columbia, the better for all concerned.

BROTHER OF LATE DICK McBRIDE IS ON ISLANDS NOW

SKIDEGATE, March 26.—Edward McBride, popular brother of the late Sir Richard McBride, former Premier of British Columbia, has accepted a position with the office staff of the South Bay cannery, Skidegate Inlet, and arrived on the Queen Charlotte Islands on the last trip of the steamer Prince John.

SKIDEGATE

A party was given at Queen Charlotte City by Bob Dunlop and Mr. Burns, every one voting the affair one of great enjoyment. Among the guests was Ross Morrison, M.E. of Lockport, who gave a lecture on copper ore during the evening.

H. Price and M. Young, who have just returned from Lawson Harbor, report a heavy run of herring there. They caught three huge spring salmon within

**GURVICH STOPS
HIS OPPONENT**
AB KIRK OF ANYOX QUIT LAST
NIGHT CLAIMING FOUL—DECIDED
A DRAW—ANYOX WRESTLER
BEATS VANCOUVER MAN
ANYOX, March 26.—A scheduled six
two-minute round boxing contest
between Dido Gurchich of Prince Rupert
and Ab Kirk of Anyox here last night
was called in the fifth round, Kirk
claiming a low body blow and retiring
to his dressing room with a doctor and
the judges. After an examination, the
judges decided to call the bout a draw.
The main event of the evening was a
wrestling contest of four ten minute
rounds between Dick Stubbs of Anyox,
145 pounds, and Allan Kelton of Van-
couver, 127 pounds. Stubbs won with
the only fall, two minutes before the
end of the last round. Kelton, was, how-
ever, adjudged the cleverer wrestler
though he could not overcome the eight-
een pound handicap.
In one of the preliminaries, Sonny
Morgan of Prince Rupert and Sid Brown
of Anyox battled three one-minute
rounds to a draw, Morgan putting up a
game fight against superior weight.

**C.N. OPERATORS WIN
FIRST OF CRIBBAGE
LEAGUE PLAY-OFFS**
In the first play-off game between
the Cold Storage cribbage team, win-
ners of the second half of the league,
and the C.N.R. Operators, winners of the
first half, last night, the latter team
won by a score of 16 to 11.
The second game will be played next
Wednesday night and, should the C.N.
Operators be successful, they will be
awarded the Dawson Cup, emblematic
of the city championship. If the Cold
Storage should win, however, a third
game will be necessary to determine the
champion team.

**Prince Rupert Maple Leafs
Win 15 to 9 Over Smithers
in Basketball Series Final**
SMITHERS, March 26.—Making it two straight wins, Prince
Rupert Maple Leafs again snatched victory from defeat last night
and won 15 to 9 over the Smithers five in the last game of a series
of two to decide which team would meet Anyox at Prince Rupert
in April in the finals for the ladies' basketball championship of
Central British Columbia and the Milburn Cup. It was a fast and
furious game with Smithers leading until the last ten minutes of
play. The engagement was marked by heavy checking and rough
playing, the Prince Rupert girls smashing through the Smithers
defence in the last part of the match
to score four winning baskets in quick
succession.
The house was packed to capacity
with a wild and yelling crowd from
start to finish. All players on both
sides deserve great credit for playing
two of the hardest and fastest games
of their careers.
The Prince Rupert team will return
home on Sunday.

**LONG BEATS
McMORDIE**
YOUNG PLAYER DEFEATED VETERAN
IN FINAL FOR CITY BILLIARD
CHAMPIONSHIP
W. H. Long won the city individual
billiard championship last night by de-
feating Col. S. P. McMordie in the final
game by 1,000 to 931 points. The first
half of the game left McMordie with
a slight lead over Long, the score stand-
ing at 500 to 478. In the second half
last night, Long soon overcame this lead
and passed his opponent to run out a
comparatively easy winner.
The whole series of games was
watched by a large number of fans and,
when Long eliminated last year's cham-
pion, Fred Pyle, it was generally con-
ceded that there would be a close
game in the finals.
The high break of the game last even-
ing was made by Col. McMordie with a
run of 40, while Long's high break was
38.

recently by winning the now celebrated
Coffroth Handicap at Tia Juana with
something like \$95,000 outside of the
money Canadians no doubt bet on it.
The winning horse was Sir Harry, which
belonged to the Seagram stable and it
was ridden by a Montreal jockey named
Bourassa. The Widair-Ballade colt ran
the distance in 2:03 2-5, less than a
second under the track record made
for the mile and a quarter. There was
a field of 18, and Sir Harry won by
half a length. Dangerous, of the Rose-
dale stable of New York, was second;
Cottogomar, a French-bred horse of
the Coventry stable was third, and
Gaffman, another Seagram horse, was
fourth. The actual amount won by Sir
Harry was \$84,000 and Gaffman got
\$1,500 for being fourth.

**SUCCESSFUL WHIST
DRIVE AND DANCE
HELD BY MOOSE**

Some two hundred persons attended
a very successful whist drive and dance
held last night by the Moose Lodge in
the hall on Third Avenue.
There were 26 tables of whist and
winners were as follows:
Ladies' first, Mrs. B. J. Bacon; ladies'
second, Mrs. S. A. Swanson; ladies'
third, Mrs. Saxon on cut with Mrs. A.
Jacobsen and Mrs. Bartlett; men's first,
S. A. Swanson; men's second, J. Howe;
men's third, Capt. E. Mahbs.
Refreshments were served and danc-
ing followed, music being by Mrs. R.
P. Ponder's orchestra. Gillis Royer was
master of ceremonies while L. R. Parry
was chairman of the committee in
charge.

**1000 Eggs
in Every Hen**

New System of Poultry Keeping—Get
High-Priced Winter Eggs—Famous
Poultryman

TELLS HOW

"The great trouble with the poultry
business has always been that the lay-
ing life of a hen was too short," says
Henry Trafford, International Poultry
Expert and Breeder, for nearly eighteen
years Editor of Poultry Success.
The average pullet lays 150 eggs. If
kept the second year, she may lay 100
more. Then she goes to market. Yet,
it has been scientifically established that
every pullet is born or hatched with over
one thousand minute egg germs in her
system—and will lay them on a highly
profitable basis over a period of four
to six years' time if given proper care.
How to work to get 1,000 eggs from
every hen; how to get pullets laying
early; how to make the old hens lay
like pullets; how to keep up heavy egg
production all through cold winter
months when eggs are highest; triple egg
production; make slacker hens hustle;
\$5.00 profit from every hen in six winter
months. These and many other money
making poultry secrets are contained in
Mr. Trafford's "1,000 EGG HEN" system
of poultry raising, one copy of which
will be sent absolutely free to any reader
of this paper who keeps six hens or
more. There is big profit for the poultry
keeper who gets the eggs. Mr. Trafford
tells how, if you keep chickens and want
them to make money for you, cut out
this ad and send it with your name
and address to Henry Trafford, Suite
292A, Herald Bldg., Binghamton, N.Y.,
and a free copy of "THE 1,000 EGG HEN"
will be sent by return mail.
