DIAMOND RING IS GIVEN POLICEMAN

CHINESE GAMBLERS ASSESSED \$10 EACH PAY FOR BAUBLE

Diamond Ring Presented Sergeant McLaughlin by Chinese Gambling Houses

Shares in Partnership Assessed Ten Dollars Each in Order to Purchase Present for Head of Morality Squad

VANCOUVER, May 22.—A diamond ring mentioned in the evidence given by Wong Lum, Chinese gambling house proprietor, at the investigation into Vancouver police affairs last week was presented "as a gift" to Sergeant George McLaughlin of the morality department, according to the testimony of Kong Quai, Chinese gambler, one of the witnesses at the inquiry yesterday afternoon.

Kong Quai declared that in the spring or summer of 1926, while he was at 17 Trounce Alley, an assessment of ten dollars for each share in the partnership of the gambling house was made to purchase the ring. Georgie Chow, one of the partners, said witness, told him the ring was for Sergeant McLaughlin. This and the repetition of charges that protection money had been paid to the police were the chief points in the evidence of three Chinese witnesses.

EXPLOSION ON FISHING BOAT

T. N. SLIGHTLY DAMAGED THIS MORNING AND CAPT. I. ITANA NOT SERIOUSLY BURNED

The small fishing boat T.N. was slightly damaged and the skipper of the boat, I. Itana, was burned about the neck and head about 10 o'clock this morning when an explosion occurred aboard the vessel at the Union Oil Co.'s wharf. The boat was taking on fuel and it is reported that a fire was going in the stove aboard the vessel. The cause of the explosion is attributed to this. The fire department was called but, by the time it arrived, the oil company staff had done good work in getting the flames in check. Itana jumped into the water after the explosion. His injuries were not serious. C. S. Obata is the owner of the T.N., which sustained possibly about \$20 damage.

McMurray Denies Trafficking in Immigration Permits but Declares Helped People Without Charging

OTTAWA, May 22.—Hon. E. J. McMurray, former solicitor general, denied absolutely before the parliamentary immigration inquiry today that he had dealt in permits for a hundred dollars apiece as charged by Alderman Caldwell of Regina. "I was astonished and stunned to read in the papers statements of Mr. Caldwell. I was glad to read the denial of the minister of immigration." Mr. McMurray explained that he had been elected in 1921 for North Winnipeg which was half foreign born. Many of these people wished to bring relatives to Canada. "I assisted them but I never charged them a cent." The number had been so great that later on he charged them telegraph costs and such things. Then he had turned them away.

Jimmy McLarnin of Vancouver Fails in Effort to Secure the Lightweight Championship Title

Beaten on Points at New York Last Night in Fifteen Round Fistic Battle With Sammy Mandell

NEW YORK, May 22.—Though he carried the fight to his opponent, much of the way and put up the battle of his life, Irish Jimmy McLarnin of Vancouver was unsuccessful in his campaign last night for the world's lightweight boxing crown against Sammy Mandell, the champion. Mandell fairly retained his title and had a wide margin of points in the fifteen round contest at the Polo Grounds. There was an assemblage of 25,000 fans present who maintained enthusiasm throughout the battle and greeted the obvious decision with yells of approval although there were a few cat calls. Both fighters entered the ring fit and imbued with confidence. At the ringside, the betting was about even money. Both men weighed in at 135 pounds at 2 o'clock in the afternoon. It was evident that the four day delay through rain had been harder on the nervous McLarnin than it was on the champion, Mandell, who won the title from the ancient and honorable Rocky Kansas in Chicago less than two years ago had been the favorite earlier in the day. Betting commissioners claimed that upwards of \$500,000 was posted on the fight. Just before the fight, McLarnin said: "I realize Sammy Mandell is the fastest and smartest man I ever met in the ring but I honestly believe I can knock him out. I understand that practically everybody believes I shall lose if we go the route tonight but I don't agree there. I figure I can win by a decision (continued on page five)

POLICE PROBE TELLS WHY JOW WING GAMBLED

TOOK TO IT DURING FIT OF DEPRESSION: EVIDENCE SUPPORTED BY JOE BONG

VANCOUVER, May 22.—When the police probe resumed yesterday Jow Wing, who last week testified that he had paid \$400 to Inspector John Jackson for protection money to permit gambling houses to operate, declared "he had succumbed to gambling when he became financially depressed" and admitted he would like to see gambling stopped in Chinatown. W. W. B. McInnes, counsel for Shue M.C., failed to shake the testimony of Jow Wing in regard to his statement that he had paid protection money to Jackson. Parts of Joe Wing's story were supported by Joe Bong. The latter said Wing phoned him one day last December and told him to meet him at the bank opposite the police station. Witness said he gave Wing \$30 at the bank and waited while Wing went into the police station.

British Columbia to Make New Mining Records This Year—Activity Promised in Cassiar District—Premier and Granby Production

It is now certain that the current year will again register a record in dividends of mining companies operating in British Columbia, writes A. E. Haggren. Distributions will probably aggregate around \$12,000,000. While Premier dividends may be down, the drop will be more than replaced by Granby and three or four new mines will be added to the dividend list. The mineral production for the year also promises to be the highest on record, reaching about \$70,000,000. Every item in the list of metals as well as coal will be up to new totals. The gold production, which has been lagging behind, is again steadily on the increase with five new producers replacing the mines which have been approaching exhaustion or have dropped out altogether. The same ducks of the mineral market are at present lead and zinc. There is no fear for the former but the outlook for the latter has been decidedly blue. The remedy is control of production in proportion to consumption. This is the course taken by the copper producers and, though it took two years to develop their organization and secure the co-operation of the large producers in cutting down production, the copper mining industry is now reaping the benefit for the market is in the soundest position since the war.

Cassiar has been known to be a country of great mineral resources since the gold discoveries of the sixties but, owing to short seasons and difficulties of transportation, only the more adventurous spirits managed to get in hydraulic plants and for years mining operations have been but spasmodic. The situation now, however, has considerably changed what with good water transportation service up the Skehine River to Telegraph Creek with a good automobile road connecting the latter point to Dease Lake. The greater part of the country is still unexplored but its possibilities are well realized and a great mining field may yet develop there.

The Canadian Northern Mines Ltd., with which Capt. Scottie, who has spent the past fifteen years in prospecting the country tributary to Dease and Liard watersheds, is associated, plans to test by drilling an area on Thibert and Vowell Creeks with a view to installing plants for the recovery of gold. The ground also contains platinum.

The lower end of Thibert Creek, near Dease Lake, has been extensively worked by hydraulic and much gold has been taken out.

Capt. Barrington is to make a thorough test of the placer gold prospects of Clearwater River this summer and there will be considerable work going on at McDame. Lode mining is likely to see its inauguration this year as a result of the work of Dr. Kerr of the Geological Survey and the Ladysmith Tidewater Mining Co. intends to develop a promising prospect conveniently located near the Skehine River as a source of ore for the Ladysmith smelter.

The Premier Gold Mining Co. has reported an output of 3,291,216 ounces of silver and 117,698 ounces of gold in Canada.

STEWART DESCRIBED IN INTERESTING BOOKLET

Ambitious Brochure Issued by Advancement League of Northern Town

"Stewart, the Gateway City" is the title of an ambitious and interesting forty-page brochure which has been issued by the Stewart Advancement League. Generously illustrated, the booklet deals extensively with Portland Canal mining as well as other potential industries and there is also a thorough exposition of Stewart's claims to being made the Pacific Coast rail outlet for the Peace River and Groundhog countries. A description of the port of Prince Rupert is given a full page in the booklet.

Mrs. John Bulger received a telegram last night that her brother, William Goldblatt of Vancouver, was drowned and requesting that she come at once. She is leaving this afternoon on the Catala.

SUCCESS FOR PLAYERS' CLUB

"ARE YOU A MASON" MOST AMBITIOUS PLAY NET STAGED BY THIS ORGANIZATION

EXCELLENT ACTING
THREE ACT COMEDY DIRECTED BY A. A. CONNOR PROVES BEST HIT OF SERIES SO FAR

With a splendid production of the well-known three act comedy "Are You a Mason?" before an audience which took up all the capacity of the Westholme Theatre last night, the Prince Rupert Players' Club added probably their best hit to a growing line of successful performances. "Are You a Mason?" possibly the most ambitious farce the club has yet attempted, went over in excellent style and reflected credit upon members of the cast, including a number of new faces on the local amateur stage, the stage director, Alex A. Connor, and all those who had anything to do with the putting on of the show. The play, lasting about two hours and a half, was well sustained throughout and there was hardly a dull moment in its entire course. "Are You a Mason?" perhaps more than many other farces, must be portrayed in a lively manner if it is not to fall flat, and the way it was done last night, it came far from falling flat.

Jimmy Farquhar, who has taken a prominent part in a number of the more recent productions of the Prince Rupert Players' Club, was selected for the leading man and his performance of that role left little to be desired. He was better suited to the role of the suave though prevaricating son-in-law than some of the more burly parts that he has played in the past.

Frank Moore, as the gaudy and no less prevaricating father-in-law, was cast in just the ideal role. Mr. Moore, adapted to this sort of a part, never grows tiresome and he certainly kept things moving on this occasion.

Mrs. E. E. Greg, new to the local stage maintained the role of the leading lady in an excellent manner. Mrs. Greg was a very attractive young wife and carried away a heavy part with poise and discretion.

Miss Nora Rivett, as the austere and domineering mother-in-law, had a part which she played well. It was refreshing to see Miss Rivett play this role.

Fred Smith, cast in the first act as a stock broker, formerly as actor, later attained his success in the role of a would be female impersonator. Also making his debut on the local stage, he proved both popular and entertaining.

George Mitchell, as the final hero of the show, took the role in his usual capable manner.

CHARACTER PARTS

Character parts were led by M. J. Dougherty who was well liked perfect as the farmer from upstate who came to reside in New York, encountering the experiences which made him grotesque and funny.

Harold Ponder, the cabaret door-tender and bane of the other men, was a splendid skeleton emerging from the closet just at the proper moment to harass his "brothers."

Miss Jean Grive and Miss Virginia Riel made winsome though lovelick flappers, daughters of the redoubtable mother-in-law.

Mrs. J. J. Muldoon carried out the part of the obsequious (to the mother-in-law) housemaid in a capable manner. Minor roles were those of Miss Margaret Palmer, the elderly farmer's wife from upstate, and Miss Lillian Cross, a cloak fitter.

One of the features of the play was the elaborate costumes worn by some of the ladies.

Excellent music was provided for the opening, closing and intervals by the Westholme Orchestra under the direction of Charles P. Balagno.

ASSISTING OFFICIALS

Assisting in staging the play and making the house arrangements, etc., were the following:
Business manager, Geo. C. Mitchell.
Stage manager, S. J. Hunter.
Stage settings and accessories and costume committee, Miss N. Rivett and Mrs. D. Thomson.

Make-up, M. J. Dougherty and Mrs. D. Thomson.

House manager, Dr. J. R. Gosse.
Cashiers, E. J. Smith and C. B. Porter.

Usherettes—Misses Caroline Mitchell, Molly Cross, Frances Cross, Marjorie Lancaster, Laura Fritzel and Margaret McGuire.

TO REDUCE FIRE RATES IN CITY?

INSPECTORS OF UNDERWRITERS' ASSOCIATION COMING HERE TO MAKE NECESSARY INVESTIGATIONS

W. A. C. Currie of Vancouver, advance agent for a number of inspectors of the British Columbia Insurance Underwriters' Association who will be here shortly and will spend some time in the city making the necessary investigations with a view to bringing about a reduction of fire rates in Prince Rupert, is here. It is expected that some drastic reductions in the rates may be made since it is well known that local rates are disproportionately high in comparison with such places as Ketchikan where the risks are much greater.

It is suggested that a general cleaning up of premises from the fire hazard standpoint might be productive of much good in this connection.

KETCHIKAN HALIBUT FISHERMEN MEETING

Plans to Present More Solid Front in Regard to Low Prices

An impromptu meeting on short notice issued by J. E. Johnson, Ketchikan manager of the Fishing Vessel Owners to members of the Deep Sea Fishermen's Union brought out some fifty persons Wednesday night in union hall during which matters of interest to halibut fishing were discussed, says the Ketchikan Chronicle.

Frank Semers, secretary of the Deep Sea Fishermen's Union was present, as well as Mr. Johnson.

The low price of halibut and other questions in connection with fishing promoted the call for the meeting. A resolution was adopted in which those present pledged themselves to aid in every possible manner in the more complete organization of their respective associations in order that those engaged in fishing might present a more solid front in everything pertaining to their mutual interests.

It was the opinion present that there were a good many phases of the fishing game which could be greatly assisted by closer co-operation.

MINERAL SPRINGS FOR CANADA

The production of mineral waters in Canada in 1927 amounted to 303,529 gallons, valued at \$14,686, and was derived from mineral springs located in Ontario and Quebec. Spring waters containing minerals in solution, or as they are usually termed, mineral waters, occur in many parts of the Dominion. Many of them are utilized commercially, both as potable waters and for bathing purposes. At several of the springs where the waters have curative properties, hotels and sanitariums are operated. CATARRH

Catarrh is an inflammation of the mucous membrane and occurs first in acute form, being almost invariably the result of elements in the circulatory system which irritate this particular location.

The most common location of this inflammation is the nasal cavities and throat because they are subject to noxious gasses breathed from the lungs as well as internal irritants. Repeated attacks of acute nasal catarrh will by reflex activities of the nerves irritate intrinsic muscles of the neck, causing subluxation of cervical vertebrae, pressure on nerve trunks and a permanent impairment of functions resulting in a chronic condition.

If nasal catarrh is left to its own ultimatum, the inflammation usually spreads to the sinuses of the facial bones, eustachian tubes and inner ears affecting hearing or vision, or both.

Your condition will be easier dealt with now than later.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e. carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial site on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 840 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers raised, priority being given to established owners. Stock-owners may form associations for range management. Free or partly free permits are available for settlers, campers and travellers, up to 100 head.

OLYMPIC TRIAL FOR WOMEN AT HALIFAX JULY

TRACK AND FIELD CHAMPIONSHIP SPORTS FOR DOMINION DAY THIS YEAR. HALIFAX, May 22.—The Canadian Ladies track and field championship sports and final 1928 Olympic Trials will be held here Saturday, June 30, and Monday, July 2. Preliminary arrangements for the big meet are about completed, and Upper Canadian and Western Canadian athletes who will come here for the sports are assured of a hearty reception. In view of the entry list, which is certain to be around the hundred mark, the Sport Committee has decided to have Saturday, June 30, as a preliminary meet for all heats in the running events. All semi-finals will be run off on the afternoon of July 2, Dominion Day.

It will be the first time in the history of ladies sports that the Canadian championship meet will be held in the Maritimes, and Halifax sport officials are eager and ready to lend a helping hand in, not only staging the sports, but in aiding in the entertainment of the out-of-town athletes. The sports will be under the auspices of the Ex-Dalhousie Girls Athletic Club, an association formed last season. It was while running for this club, that Miss Gertrude Pinney, triathlete of East of Montreal, developed into a top-notch performer, with marks only slightly below the recognized world records.

Other Maritime performers who are favored to make a good showing against the stars of Upper Canada and the West are Dorothy Norwood, of Saint John, Muriel Joyce Mader, of Chester, Mina Juden of Halifax, Eileen Cameron of New Glasgow and Dalhousie University, and others. Competition from Upper Canada is expected from the outstanding lady athletes in the Dominion, namely, Rosa Grosse O'Neill, Ethel Catherwood, Myrtle Cook and other world record holders.

VAN MISSION IS EXPLAINED

LADIES WHO HAVE CHARGE SPOKE TO W. A. OF ANGLICAN CHURCH YESTERDAY. Miss Eva Hassell and Miss Sayle of the Anglican van mission movement both spoke interestingly of their work on the prairies at a meeting yesterday afternoon under the auspices of the Women's Auxiliary to St. Andrew's Church in the Cathedral Hall. There was a fair attendance of ladies in spite of adverse weather conditions and a vote of thanks to the speakers was moved by Mrs. G. A. Rix, the diocesan president, and carried standing. Mrs. Thomas Andrew, president of the Auxiliary, also spoke appreciatively. Tea was served during the afternoon. Miss Hassell and Miss Sayle will sail this afternoon on the Catala for Vancouver enroute to Vernon where a van for mission work in Caledonia diocese is being built at a cost of \$1,000. They are entering this diocese at the request of the Archbishop of New Westminster and Archbishop G. A. Rix. With the new van Miss Hassell and Miss Sayle will spend the early part of the summer west of the Rockies in the Prince George, Hazelton, and Vanderhoof districts, and will then go back by Edmonton with their van and go into the eastern part of the diocese by way of Grande Prairie, to the Pouce Coupe and Rolla districts where many new English settlers are making their homes.

JIMMY McLARNIN OF VANCOUVER FAILS IN EFFORT TO SECURE THE LIGHT-WEIGHT CHAMPIONSHIP

(continued from page one)

if the necessity arises." McLarnin appeared in the ring wearing a bright green bathrobe with a big yellow harp emblazoned on the back. Mandell wore an ordinary brown bathrobe. Both men were smiling confidently as they were announced by the referee. Mandell was the first announced as halting from Rockford, Illinois. He received a great ovation. Then Jimmy McLarnin was announced amid loud shouts. They shook hands and received their instructions from Referee Lou Magolia. Then the battle was on.

Round 1.—Mandell was the first to start hostilities with sharp left hook to the body. Jimmy came back with several lefts and rights to the body and head. Sammy missed a left jab and McLarnin countered with a left to head and forced Sammy to the ropes. Mandell is the cleverest. McLarnin put a stiff right to Sammy's jaw and Sammy looked very pale. They are clinching frequently and exchanging lefts and rights to body. Sammy put a straight left and a right to Jimmy's face. Jimmy came back with a couple hard ones to the body.

Round 2.—Both men rushed to clinch, Jimmy hitting Mandell on the ribs and head with a long right hand. Sammy blocks most of the punches and shorts a straight left to Jimmy's face. Jimmy keeps forcing Sammy over to the ropes, and backs him in a neutral corner and Sammy gracefully

SPORT CHAT

Sammy Mandell, lightweight champion, successfully and, possibly, merely temporarily, warded off the challenge of Jimmy McLarnin of Vancouver in the title bout before twenty-five thousand fans in New York last night. For fifteen rounds the champion slashed and tore at the little challenger but he could not put him on the floor. The latter part of the bout McLarnin's left eye was closed and the other eye was half shut but he carried the fight gallantly to Mandell every inch of the way and drew the plaudits of fans throughout the continent for his bulldog courage and fighting heart. Judging from the accounts, it was the greatest battle of lightweights seen in many years. The prevailing opinion seems to be that McLarnin and Mandell should fight again.

Nelson soccer enthusiasts are wishing they had daylight saving so that they might play their league games in the evening and have time to finish them.

Charlie Belanger, Canadian lightweight champion, will tackle the toughest assignment in his ring career when he meets Leo Lomski, of Aberdeen, Washington, in an open-air show in Chicago some time next month, under the direction of Jim Mullen. Mullen has not selected a date for the fight, as he has yet to arrange for a site, but it is probable the show will be staged at one of the ball parks.

Lomski has come up fast in the last year, has earned the sobriquet of the Aberdeen assassin. This seems to be a suitable title, as he has shown he fires a devastating assault with both hands. He was given almost an even chance to take Tommy Loughran into camp, but the present champion was too smart for him. However, Lomski still ranks among the leading European champions. They are contenders, and possibly may fight his
