# FLIGHT TO HONOLULU WAS SUCCESS WELCOMED BY ARMY AND NAVY PLANES THIS AFTERNOON

## Monoplane Southern Cross Made Successful Flight Over Pacific to Honolulu from Oakland, Cal.

Left yesterday morning and for time lost position but picked up early today and landed at 12.19 coast time

HONOLULU, June 1.—The tri-motor monoplane Southern Cross landed safely this afternoon at 12.19 coast time from Oakland, California, en route to Australia.

The monoplane made a landing after hours of tension during which she lost her position and her fuel supply ran low. She finished with little gas to spare.

Escorted in by army and navy planes the arrival of the aviators was announced by scenes of enthusiastic welcome.

The distance of the flight was 2,400 miles.

HONOLULU, June 1.—The monoplane Southern Cross, which left Oakland airport yesterday morning at 8.51 was reported this morning to be nearing the Hawaiian Islands after being lost for a time.

The men aboard the Fokker are Captain Charles Kingsford-Smith, commander and pilot, and Captain G. T. Ulm, co-pilot, both Australians; James Warner, operator, who has been keeping in touch with shore by radio, and Lieut. Harry Lyon, navigator.

## GEORGE SISLER HIT A HOMER

### PREMIER WILL INQUIRE

Report That Hon. Vincent Massey Was to Attend Republican Convention

OTTAWA, June 1.—In reply to a question of T. L. Church, Conservative member for the Toronto Northwest in the House yesterday, Premier Mackenzie King declared he would inquire "with pleasure" into a statement appearing in a press despatch that Hon. Vincent Massey had accepted an invitation to attend the Republican convention at Kansas City.

NEW YORK, June 1.—Apparently headed straight out of pennant contention, Pittsburgh checked a losing streak, at least temporarily. With the Redd still a makeshift affair the Pirates pulled themselves together to move out St. Louis.

Ruth got his nineteenth homer as the Yankees shut out Washington. George Sisler hit his first national League homer as Boston made it four in a row from the downtrodden Phils.

## WOMAN KILLED HER CHILDREN

FEAR SHE WOULD BE SENT TO ASYLUM AND THEY NOT WITH HER

WINDSOR, Ont., June 1.—Feeling a madness creeping upon her, she said, and convinced that she would be sent to an asylum where her children could not accompany her, Mrs. Evangeline Montgomerie, 28 years of age, strangled her two children, Rita, aged 5, and Donald, 4, yesterday afternoon and then telephoned the police to come and get her.

## DOUBLE MURDER THEN SUICIDE

EDMONTON, June 1.—Bill Gorgichuk, a farmer of Hairy Hill, 40 miles north of Ugerville, shot and killed his wife Annie and then slew his mother-in-law. Later he killed himself on Wednesday afternoon.

The police are investigating the circumstances of the crime. *Inset:* after discharging.

PRINCE RUPERT LIBERAL ASSOCIATION

## A MEETING

Will be held in the Metropole Hall, at 8 p.m.

**FRIDAY, JUNE 1**

Business—Election of Delegates to the Nominating Convention. All Liberals welcome. Seats reserved for ladies.

### DIED RESULT OF BAD FALL

RETIRED VANCOUVER BUSINESSMAN  
FRACTURES SKULL WHEN EN-  
TERING HOTEL

VANCOUVER, June 1.—Alfred E. Hespeler, 70 years of age, a retired businessman of Vancouver, died last night as the result of a fracture of the skull received when he fell on the steps entering a local hotel.

Mr. Hespeler participated in the gold

rush to the Klondyke thirty years ago.

PIONEER TELEGRAPHER  
RELIEVING IN CITY

James Lipscombe Here for Few Months  
at Government Telegraph Office

J. Lipscombe, one of the pioneer telegraphers of the province, is in the city to supply at the Government Telegraph office during the absence on holiday of J. D. Lawrence, manager.

Mr. Lipscombe was for 25 years general agent for the White Pass and Yukon Railway at Atlin and each spring has passed through Prince Rupert and has noted the progress made. He also says he passed here before Mrs. Jimmie Anderson chose th townsite.

### SEVEN KILLED

DANVILLE, Illa., June 1.—Seven persons were killed and a score injured, some fatally, when two interurban cars crashed head on here.

### FISH ARRIVALS

Three Boats Sold 71,000 Pounds of Halibut at Exchange this Morning

A total of 71,000 pounds of halibut was sold by three boats at the Fish Exchange this morning. Sales were:

### AMERICAN

Pioneer, 42,000 pounds, Booth Fisheries, 9.9c and 5c.

Summer, 23,000 pounds, Atlin Fisheries, 11.5c and 6c.

### CANADIAN

Dolphin II, 6,000 pounds, Canadian Fish & Cold Storage Co., 9.1c and 6.5c.

### BIG SUM PAID FOR VANCOUVER REALTY ON HASTINGS STREET

VANCOUVER, June 1.—The Flack Block on the corner of Hastings and Cambie Streets, built in 1899 by Thomas Flack on his return from the Yukon, has been purchased from Thomas Flack by the B.C. Estates Ltd. for \$300,000.

### KENNEDY NOMINATED FOR NORTH OKANAGAN

VERNON, June 1.—W. F. Kennedy, sitting member for North Okanagan in the Legislature, was re-nominated at a Conservative convention here last night.

Frank Waterhouse freighter Eastholm arrived during the night from the south with a cargo of coal for Thomas Trotter, returning south this afternoon.

The police are investigating the circumstances of the crime. *Inset:* after discharging.

AN ACE OF THE ACES: Bert Hinkler, Australian aviator, who broke five records when he landed at Port Darwin, Australia, after a flight of 15 1/2 days from London.

### POWER EXPERT VISITS RUPERT

INSPECTS FALLS RIVER AND OTHER  
POSSIBLE SOURCES OF SUPPLY  
WHILE HERE

G. M. Heckle of New York city, an electrical engineer, accompanied by A. C. Yuill, left for the south on the Prince George last night after having inspected all the water powers of the neighborhood including those on the Esquimalt River, Warke Canal and Shawians. He expressed himself as well pleased with his visit and particularly with the prospects of Prince Rupert, which city he considered was bound to make good progress in the near future.

Mr. Heckle did not care to say who he was acting for or to give out any information in regard to the power survey he had made except to mention that there was a nice little power at Falls River which might well be supplemented by a number of others.

There was an immense lot of water coming over the fall at the time of his visit.

Although an ardent fisherman, Mr. Heckle did not have time to enjoy the sport at the points visited.

### PREMIER NOT COMING UNTIL A WEEK LATER

Word was received late this afternoon that it would be impossible for Premier MacLean to come north next week. All meeting dates will be set forward one week throughout northern British Columbia, including Prince Rupert.

### FREIGHTER RAMMED OFF EAST COAST AND SEVERAL WERE DROWNED

VINEYARD HAVEN, Mass., June 1.—Steamer President Garfield rammed and sank the freighter Kershaw off here early this morning. From seven to twelve people were drowned and 29 saved.

This afternoon's train, due from the East at 3:30, is reported to be on time.

### Candidates Are in Field in British Columbia

NEXT week will see most of the candidates in the field for the forthcoming provincial election campaign. The Conservatives, fearing doubtless that they might be caught napping, have chosen practically all their own men except in Vancouver and district, Victoria, and one or two in the interior. Liberals are now busy filling the positions. In one or two constituencies represented by labor candidates may not be nominated. Following are those chosen so far:

Riding	Conservatives	Liberal	Others
Alberni	Percy Rushton	L. A. Hanna	
Atlin	F. W. Falconer		
Burnaby	Rod. McKenzie		
Cariboo	Wm. Atkinson		
Chilliwack	E. J. Scovil

## City Prosecutor on Witness

### Stand at the Police Inquiry at Vancouver Yesterday Afternoon

W. M. McKay Thought Georgie Chow Could Have Been Prosecuted Successfully for Attempted Bribery

VANCOUVER, June 1.—Responsibility for the reduction of the narcotic charge against Wing Ching, a Chinese, was placed on Inspector Jackson at the afternoon session of the Vancouver police inquiry yesterday, when City Prosecutor W. M. McKay declared that Sergeant George McLaughlin recently told him Inspector Jackson had altered the charge.

Original information alleging possession of cocaine and morphine was produced showing that it had been changed to a charge of smoking opium. Wing Ching, according to evidence of the city court stenographer, had pleaded guilty to the lesser charge had been fined \$50. The penalty for the first charge would involve, it was previously agreed, imprisonment, fine and deportation.

The city prosecutor was also examined by G. G. McGeer, K.C., counsel for Police Commissioner T. W. Fletcher, about police "entertainment" fund. McKay declared that it might be possible to obtain a conviction against Georgie Chow, Chinese, for attempted bribery when he left \$100 in an envelope on Inspector Jackson's desk. The fact that there was a slip of paper with money on which was written the addresses of three gambling houses, might have influenced the court's decision, he declared.

McKay was also questioned in regard to charges against men operating disorderly houses and in reply to questions said that if Mr. McGeer would write to him requesting the arrest of Joe Colon and James Zere, allegedly Joe's brother, Alfred, he would undertake to have them arrested. The prosecution would depend on evidence submitted to him, he said.

### CANADA'S REPLY IS HANDED TO UNITED STATES MINISTER

Favorable Reply on Anti-War Treaty  
From Irish Free State and New Zealand

WASHINGTON, June 1.—Canada's reply to the invitation of Secretary Kellogg of the U.S. to participate in negotiations and to become signatory to the anti-war treaty, was handed to U.S. Minister Phillips at Ottawa yesterday and will be made public here tomorrow morning.

The Irish Free State and New Zealand have accepted the invitation and Canada's reply is understood to be favorable.

## NEW STEAMERS CANADIAN USE

GOOD PROGRESS BEING MADE IN  
THE CONSTRUCTION OF FIVE STEAMERS  
FOR THE CANADIAN NATIONAL  
STEAMSHIPS TO BE PLACED IN THE  
WEST INDIES SERVICE.

PASSENGER VESSELS

PLENTY OF REFRIGERATING SPACE  
AND ESPECIALLY FOR FRUIT  
ON TWO

WINNIPEG, June 1.—Satisfactory progress in construction of the five steamers now being built for the Canadian National Steamships to be placed in the West Indies service, is reported in cable advices received by D. E. Galloway, vice-president of the company. The message from Birkenhead is to the effect that one ship is fully plated, two are in frame and the remaining two will be framed before the end of June.

The first vessel will be launched on July 17 and this will be followed by the launching on August 16 and September 4 respectively of the remaining two steamers for the service to the eastern group of the British West Indies. The first of the two vessels for service to the western group will be launched about October 31 and the last one on November 28 next.

Present plans call for the inauguration of these steamers on the eastern service with the first sailing out of Halifax on December 19 of this year, the western service commencing early in the spring of 1929.

The leading dimensions of the new steamers are: Length between perpendiculars 415 feet, length over all 430 feet, beam 60 feet, moulded depth 31 feet for the three ships in the eastern service, and 32 feet 9 inches for the two vessels in the western service, maximum draught 24 feet for the ships in the eastern service and 23 feet for the ships in the western service. They will have a gross tonnage of about 7800, speed 14 knots. The three steamers in the eastern service will have accommodation for 103 first-class passengers, 32 second-class, and 100 third-class passengers, and will also be able to carry general cargo up to 270,000 cubic feet and will refrigerate cargo up to 13,000 cubic feet.

The two steamers in the eastern service will have accommodation for 103 first-class passengers. There will be 204,000 cubic feet of ventilated space for the carriage of bananas, 24,000 cubic feet of space for general cargo, and 15,500 cubic feet for ordinary refrigerated space.

## ARCHBISHOP WITH ROTARY

LADIES' ORCHESTRA ENTERTAINS  
MEMBERS OF CLUB AT  
LUNCHEON

At the Rotary Club luncheon yesterday afternoon the ladies orchestra led by Mrs. George Bryant played selections, much to the enjoyment of the members and visitors. Those present were Mrs. Bryant, Mrs. Heilbronner, Miss Lancaster, Miss Tite, Miss Currie, Mrs. Woodland, Mrs. Parkin, and Mrs. Colhart. In addition there was a piano duet by Misses Tite and Lancaster and solos by Mrs. Jarvis McLeod accompanied by the orchestra.

Among the guests of the day was Archibishop De Pencier of New Westminster who spoke briefly expressing appreciation of the music and strongly urging pride in the marvellous country in which we live.

The Archibishop told of the statesmen he had heard and met and of the Loyalists who came to Canada from the country to the south enduring all kind of hardships and then on reaching the north side of the St. Lawrence hoisted the Union Jack and sang the National Anthem. Born and brought up with such people it would be difficult not to love one's country and be proud of her. In fact the more he came to know Canada, the prouder he was of his country.

The visitor told of the wonderful coast, part of which he had been visiting during the past ten days. However splendid as was the country, the most important thing was citizenship.

H. F. Pullen presided and there were ten visitors present.

Rev. and Mrs. W. F. Price sailed last night on the Prince George for Vancouver enroute to Toronto where they will attend the Baptist World's Conference. Mr. Price will also take his holidays and expects to be absent about six weeks. Mrs. Price probably remains away longer. During their absence Mr. and Mrs. I. M. Fraser will occupy their house on Fifth Avenue.

Mrs. Bruce, a member of the editorial staff of the Victoria Daily Colonist, came in yesterday afternoon from Jasper and sailed for home last night on the Prince George. An ardent golf player, Miss Bruce enjoyed the links at Jasper which she considered almost perfect. Also she says she revelled in the scenery there. While in Prince Rupert Miss Bruce called on former journalistic friends.

## THE BRITISH ASSOCIATION

SCIENTISTS WILL GATHER IN GLASGOW, WHERE IMPORTANT SUBJECTS WILL BE DISCUSSED

LONDON, May 31.—The British Association for the Advancement of Science will meet in Glasgow from September 5 to September 12 under the presidency of Professor Sir William Bragg, director of the Royal Institution of Great Britain, who succeeds Sir Arthur Keith, Conservator of Museum and Hunterian Professor, Royal College of Surgeons, England. He will deliver the presidential address in St. Andrew's Hall, Charing Cross, on September 5, on modern developments of the physical sciences and their relation to material problems.

Among the addresses by sectional presidents will be one by Sir William Ellis, former Master Cutler of Sheffield, on the influence of engineering on civilization; by Sir John Reith, director general of the British Broadcasting Corporation, on wireless in the service of education; and by Sir George Macdonald, permanent secretary of the Scottish Education department on the archaeology of Scotland.

Dr. Vaughan Cornish, geographer, Manchester, will address the conference of delegates of corresponding societies on the preservation of scenic beauty in town and country, and Dr. Cyril Norwood, head master of Harrow, will preside over the section of Educational Science.

The customary evening discourses to members will be given on September 7 and September 11, the first by Professor E. A. Westermarck, professor of Philosophy, Finland, on the study of popular sayings—this is the Frazer lecture on Social Anthropology due for delivery this year in Glasgow, and will be open to members, by courtesy of Professor E. G. Donnan, of the University of London, on the mystery of life from the standpoint of physical chemistry.

A reception dinner has been arranged for Thursday night by the Lord Provost and Corporation of Glasgow in the City Chambers, and a second reception will be given by the local committee in the Kelvingrove Art Galleries on Monday, September 10. One day will be devoted to excursions to places of scientific and industrial interest in the Glasgow area.

This will be the fifth time that the British Association meets in Glasgow. The first occasion was in 1840 and the last in 1901. Next year's meeting will be held in South Africa.

**TEA AND SALE BOOTH SCHOOL**

EVENT UNDER AUSPICES OF PARENT-TEACHERS' ASSOCIATION YES-TERDAY GREAT SUCCESS

The Parent-Teacher's Association was responsible for a most successful tea and sale of home cooking yesterday afternoon at the Booth School, the sum of \$40 being raised towards the funds of the association.

For the tea Mrs. George Hill was convener, assisted by Mrs. Fred Cameron, Mrs. McHaffey, Mrs. Cox and Mrs. Vierick. Home cooking was in charge of Mrs. Dalby and Mrs. Tucker.

Ice cream—Mrs. Eastman, Mrs. Carisle and Mrs. G. H. Arnott.

The cashier for the tea rooms was Mrs. Max Collison.

The rooms were artistically decorated with spring flowers and presented a very gay appearance.

**LONDON ASTONISHES GIRL FROM ST. KILDA**

Seventeen-Year-Old Girl Sees Her First Horse, Railway Train, Auto and Cinema

LONDON, May 30.—Miss Rachel Gillies, a 17-year-old dweller on St. Kilda, the lonely outpost of the British Islands in the North Atlantic, had until a few days ago never seen a railway train, an automobile, a horse, or a cinema. Then she came to Fleetwood with Mrs. McLeod, the missioner of the island, and was given a general tour of the district. Miss Gillies does not speak English very well, as Gaelic is the natural lan-

guage of the Kildane. She wanted to know what the telegraph wires were, and could not understand their use when it was explained. Indeed she does not understand much that she has seen, so wonderstruck is she. She was full of admiration for the hedges and trees, but thought the sheep grazing in the pastures were "very dirty" compared with the Kildane sheep.

Policemen in their uniform and white sleeves directing traffic at Blackpool caused her amusement, and the Tower was a source of wonderment. The South Shore fairground was passed and she interested herself in the Big Dipper. "I would not like to go on that," she said. The electric tramways—apparently without any method of traction—puzzled her.

Miss Gillies is trying her best to grasp the conditions which prevail in England. She is still to speak on a telephone and see a film.

## TURTLE FARM AT BRONX ZOO

NEW YORK, N.Y., June 1.—Part of the Bronx Zoo has been turned into a turtle farm where it is hoped 100 young land tortoises brought from the Galapagos Islands will grow to such size and toughness of skin that they can be returned to their island home safe from the fangs of wild dogs and pigs.

The animals, which are valuable as meat, have almost become extinct on Galapagos because of the ravages of the dogs and pigs, descendants of animals left there by three centuries of pirates and whalers.

The crop now in the Bronx Zoo was collected from the South Pacific Islands by an expedition sent there by the New York Zoological Society. The turtles range in diameter from six inches to three feet and from two to one hundred pounds in weight.

## INVESTIGATE B.C. OLD AGE PENSIONS

WINNIPEG, June 1.—The government of Manitoba proposes thoroughly to investigate methods of administration and operation of old age pension machinery set up in British Columbia before inaugurating the scheme in Manitoba.

Major C. K. Newcombe, chairman of the Manitoba Workmen's Compensation Board, has been sent to Vancouver and he may possibly visit some other provinces before he submits a report to the provincial government.

It is believed his report will have an important bearing on the date when pensions will become payable here. A recent canvass of the province reveals nearly 2,000 applicants for pensions.

## WALTZ IS BECOMING ONCE AGAIN POPULAR

NEW YORK, June 1.—The popularity of the waltz is being revived in New York society. "A perfect waltz" was demonstrated by Margot Zolany and Cesare Romero at the Regent Rainbow ball where dancers later competed for a prize in waltzing. The new waltz is executed to faster time than the old version, and one or two fox-trot steps are inserted to syncopated time.

C.N.R. steamer Prince John, Capt. E. MacIsaac, arrived in port at 10:30 last night from Vancouver via the Queen Charlotte Islands with passengers and freight. After discharging two hundred tons of coal for Albert & McCaffery, the vessel will sail direct for Vancouver where she will receive overhaul preparatory to going into summer service. The Prince Charles, Capt. Neil McLean, will take the Prince John's sailing to Vancouver via the Queen Charlotte Islands at 8 o'clock tomorrow evening.

For the tea Mrs. George Hill was convener, assisted by Mrs. Fred Cameron, Mrs. McHaffey, Mrs. Cox and Mrs. Vierick. Home cooking was in charge of Mrs. Dalby and Mrs. Tucker.

Ice cream—Mrs. Eastman, Mrs. Carisle and Mrs. G. H. Arnott.

The rooms were artistically decorated with spring flowers and presented a very gay appearance.

## MAY WEATHER NOT SO GOOD

RAINFALL MORE THAN DOUBLE THAT OF SAME MONTH LAST YEAR AND SUNSHINE NOT SO ABUNDANT

As most of people might have expected, rainfall during the month of May this year was greatly in excess of the quantity which was recorded in the same month last year. At the same time, hours of sunshine were considerably decreased while the temperature was slightly warmer this year.

During the past month, according to figures issued this morning by H. D. Tee, Digby Island, Dominion meteorologist, there was a bumper total rainfall of 8.62 inches as compared with 3.56 inches in May 1927. On each of three days of the past month over an inch fell, the greatest precipitation in one day being 1.48 inches on May 4. Last May the greatest rainfall in one day was .62 of an inch.

There were 129.5 hours of sunshine during the past month as compared with 149.8 hours in May, 1927. The highest temperature reading this May was 68 on May 13. The highest temperature reading in May 1927 stood at the same level. Minimum temperature this month was 35 on May 9, as compared with last May's 34. The mean temperature for the month just passed was 49.5 as compared with the mean of 48.2 in May 1927.

Following are the complete figures for the past month:

Total wind mileage, 3,863.  
Average wind velocity, 28 miles per hour from the southeast on May 3.  
Total rainfall, .62 inches.  
Greatest daily rainfall, 1.48 on May 4.

Hours of sunshine, 129.5.

Maximum temperature, 68 on May 13.  
Minimum temperature, 35 on May 9.  
Mean temperature, 49.5.

Highest barometer reading at sea level, 30.47 on May 12.

Lowest barometer reading at sea level, 29.38 on May 28.

**PILGRIM FATHERS SETTLED IN HOLLAND**

BOSTON, June 1.—Rev. Ulysses S. Everett of Everett says there are more descendants of the Pilgrim forefathers in Holland today than there are in America. He explains that his recent three months' research in England and Holland resulted in the discovery that more than thirty of the Pilgrims instead of coming to America after their 12 years' sojourn in Leyden became naturalized citizens of Holland and many daughters of the English exiles married Dutch citizens.

C.N.R. steamer Prince John, Capt. E. MacIsaac, arrived in port at 10:30 last night from Vancouver via the Queen Charlotte Islands with passengers and freight. After discharging two hundred tons of coal for Albert & McCaffery, the vessel will sail direct for Vancouver where she will receive overhaul preparatory to going into summer service. The Prince Charles, Capt. Neil McLean, will take the Prince John's sailing to Vancouver via the Queen Charlotte Islands at 8 o'clock tomorrow evening.

## IRISH AND ITALIAN BOXERS ARE CHAMPS.

Tunney, Loughran and Walker from Erin and Dundee, Mandell and Canzoneri from Mussolini-land

NEW YORK, June 1.—All of the six boxers universally recognized as present world's champions in their classes are either Irish-American or Italian-American, honors being evenly divided. Irish-Americans rule the top three classes and Italian-Americans the next three. In the last two there are no undisputed champions. Here's the lineup:

Irish-American—Gene Tunney, heavyweight; Tommy Loughran, light heavyweight; Mickey Walker, middleweight.

Italian-American—Joe Dundee, welterweight; Sammy Mandell, lightweight; Tony Canzoneri, featherweight.

## HOLE IN ONE

Robin Bell-Irving of Powell River Does It at Jasper Bad Baby

JASPER, June 1.—For the first time in the history of Jasper Park Lodge golf course, an amateur has made a hole in one. The congratulations are showering in on Robin Bell-Irving of Powell River, B.C. The feat is all the more spectacular because it was accomplished at the 18th hole, which is known as the Bad Baby. Mr. Bell-Irving was playing over the course yesterday afternoon with George Stevenson of Hamilton, Ontario, against Dr. H. B. Lee of Nigeria, British West Africa, and Gordon Barr of Jasper.

Lee did the Bad Baby in two and the game up to that time was so dangerously close that Bell-Irving had to accomplish the impossible. "He ought to be able to handle bad babies" said his wife, "he has brought up four."

Rugby seems destined to come into its own in Ontario, says an Eastern writer. Now, for the first time, the game is under centralized control and an earnest effort is being made to promote and popularize the code which for generations has been one of the most favored team competitions in the British Isles. Our own football is an outgrowth of Rugby—an evolution of the game which originated at the famous school for which it is named when a player picked up a soccer ball and ran with it. Rugby is a fast, skillful and tricky game replete with open play, fine passing and mounting and less of the line-plunging and battering attacks of Canadian football. There is room enough for the fine old British game, for the Canadian code and for soccer too.

In the last Vancouver Sunday Province sporting pages appears a large group picture of the Smithers baseball team "which captured the championship of the northern interior last summer and is preparing to defend its honors this year." The team made an enviable record last year with twelve victories in thirteen starts. Among their victims were included Prince Rupert (intermediates), Hazelton, Burns Lake, Vanderhoof and Gitseone. Those shown in the picture are W. J. Finnegan, H. G. Olsen, J. A. Flinnerty, Dr. R. C. Bamford and W. S. Henry, supporters of baseball in Smithers, and the team consisting of Wilmer Lewis, Fred Borden, Arthur Pelletier, Smith Arnold, Alf Wowlett, Billy Orchard, Warren Lewis, George Roberts, Clarence Goodacre and Cliff Warner.

For the second year in succession the General Store team consisting of W. H. Thompson, T. Ahola (captain), S. Barnett, L. G. Adamson and G. J. Jessup, has won the team bowling championship of Ocean Falls. Four teams participated in the league, General Store, Papermakers, Pipefitters and Civil Service. The Papermakers ran a close second to the General Store team, winning 27 games out of 46 as against the General Store's 29 out of the same number played. The team had an average of 854 pins and a total of 36,425 pins. Tom Ahola won the high singles average prize with 186 for 45 games in 1927 but this year was beaten out by L. G. Adamson with a 182 average for the same number of games.

## SANKEY COURT VISITS SCENE

SURROUNDINGS OF MURDER OF SCHOOL TEACHER AT PORT ES- SINGTON BEING REBUILT TODAY FOR BENEFIT OF JURY

While the New Westminster Supreme Court trying the case of Joseph Sankey, Port Simpson Indian who has been under arrest for over two years for the killing of Miss Loretta Chisholm on May 23, 1926, at Port Essington, came north particularly, by viewing the scene of the ghastly crime, to ascertain for itself whether or not it was possible for the twelve year old girl witness, Haldish Sandahis, to have seen as she testified, the accused following the unfortunate young school teacher along the road past her home toward the old cemetery trail on that fatal morning. The jury and the officials this afternoon, guided by Inspector William Spiller, commanding officer of "D" Division of the provincial police, are expected to make a minute inspection of other points involved in the case. Besides visiting the home of Haldish Sandahis to check up on whether she could have seen what she said she saw, they will also be taken along the old, and now unused trail to the point where the murder occurred, past the place of Charles Reinholz, the naturalized German boatbuilder, who is one of the chief witnesses for the crown in the first trial with his testimony to the effect that Miss Chisholm passed his place that morning soon to be followed by Sankey as well as visiting the cannery shack where Sankey was living with his relatives at the time.

After the five hundred mile trip north for the purpose of inspecting the scene of the crime, officials were desirous that the jury should be given a full knowledge of the whole surroundings. On arrival at Haysport station at 2:30 this afternoon, the court was met by the two powerboats Salvage Princess and "28" of the Prince Rupert Salvage & Towing Co.'s fleet in which they were transported across the Skeena

## This Great Healing Oil Must Banish Eczema and Skin Troubles

Make up your mind today that you are going to give your skin a real chance to get well.

You've probably been like a lot of other people, convinced that the only thing to use was an ointment or salve (some of them are very good) but in the big majority of cases these sticky salves simply close the pores and the condition primarily remains the same.

Go to any good druggist today and get an original bottle of Moone's Emerald Oil.

River to Port Essington. Late tonight it is expected these boats will arrive in Prince Rupert with the court party. The jury, as is usually the case in murder cases, was closely guarded during the long trip north, the twelve men having been locked up in their special car all the way north.

The party will return south on Saturday morning by train and is due back in New Westminster on Monday. The hearing of the case will be resumed on Tuesday morning, Monday being a court holiday in celebration of the King's birthday.

### WHIST DRIVE HELD BY ORANGE LADIES

Successful Event Last Night in Metro- pole Hall—Ten Tables in Play

A successful whist drive and social was held last night in the Metropole Hall by the Ladies' Orange Benevolent Association. Mrs. Joseph Howe was convener. Mrs. J. Murray presided at the door. Mrs. S. V. Cox was in charge of the card tables and Mrs. C. Brewerton was also a member of the committee.

There were ten tables of cards and winners were as follows: Ladies' first, Miss D. Ross; ladies' second, Mrs. Joseph Howe; men's first, Jack Preece; men's second, Mrs. A. Frebourg. After cards refreshments were served.

### CUSTOMS COLLECTED

Customs and excise collected for the port of Prince Rupert during the month of May totalled \$10,482.94. It was announced this morning by J. H. McLeod, collector of customs. In May 1927 the total was \$3,802.06.

Remember that Moone's Emerald Oil is a clean, powerful penetrating Antiseptic Oil that does not stain or leave a greasy residue and that it must give complete satisfaction or your money cheerfully refunded.

### ODD VIEWS ON LIFE OF MAN

FAMOUS SCIENTIST SAYS PEOPLE SHOULD NOT BE DEPRIVED OF INBORN INSTINCTS

### CIVILIZATION IS TAME

PART OF THE BEAST HAS TO BE KEPT ALIVE TO GUARANTEE OBJECTIVE

LONDON, May 31.—Are we to have another first-class Darwinian controversy? The provocatively stimulating address delivered at Manchester by Sir Arthur Keith, the eminent physiologist, certainly paves the way to another such battle among the savants. Sir Arthur is president of the British Association for the Advancement of Science, and his address at the gathering last year, on the subject of man's relationship to the anthropoid, aroused wide interest.

"Medical men," declared Sir Arthur at Manchester, "could find no ground for believing that the brain was a dual organ—a compound of substance and spirit. Every fact known to them compels the inference that mind, spirit and soul are the manifestations of a living brain just as flame is the manifestation of a burning candle."

"Nowhere could we draw a sharp line and say, 'Here the brain of ape ceases and the brain of man begins.' The brain, which began in the humble service of an ape, became in the fullness of time, the master organ of the body.

"Labor was a birthright from the ape, and far from being a curse the fulfilment of this essential condition of life brought to organized beings their highest enjoyment. How deeply-rooted are the food-searching impulses and how much man enjoys their exercises may be noted from the fortunes paid by the wealthy for the privilege of laboring as fishers and hunters. We see manifest herein man's primitive just for blood."

"Every sane son of civilization condemns wanton cruelty, but the real danger that besets the future of civilization is not excess in cruelty but excess in sentimentality. We could become too refined for life in a mortal world. Civilization can warp human nature."

"I believe most sincerely that a father can do a son no greater injury than that of depriving him of the best of his inborn instincts, and yet it is, I admit, an injury which few of us, if it threatened us in our youth, would struggle to avoid. Capitalism provides our inherited instincts with their best opportunities and their worst."

### RATIONALITY A MISTAKE

"Warm feelings will always master cool reason. There can be no greater mistake than to think that man evolves towards the realms of pure rationality. The dictates of reason are insufficient to guarantee Nature's chief objective—the continuation of the race. This part of the beast has to be kept alive within us. The day man becomes a perfectly rational being marks his end."

"When we have rid man of his vices we shall indeed have domesticated him, and at the same time have deprived him of the powers which impel him onwards. Human life under such circumstances becomes a tame, uninspired and unmanly existence."

### FOR LORD LONSDALE ON GOLDEN WEDDING

LONDON, June 31.—There has been a remarkable response to the suggestion that a gift should be presented from his general sporting friends to that great sportsman, Lord Lonsdale, on his golden wedding, which will be celebrated in June.

From all parts of the world, and from all classes of people—costermongers, clergymen, barons, and backwoodsmen—there have been received tributes small and large. One family in the north of England sent as much as a hundred guineas. Every racing club in South Africa has contributed.

Lord Lonsdale, who is 70, succeeded his brother in the earldom in 1882. He was married in 1878 to the daughter of the tenth Marquis of Huntly. In the South African War he served as assistant adjutant-general for the Imperial Yeomanry. He owns about 715,000 acres, and has often entertained Royalty at his splendid seat, Lowther Castle, Cumberland. He is Lord Lieutenant of the county. He was formerly master of the Cottesmore Hounds.

The gift, which it is proposed to make to him is a golden casket, with eight panels representing a different sport. The balance of the money is to be given to Lord and Lady Lonsdale who will present it to charities.
