GIANT AIRSHIP HAD TROUBLE TO-DAY

TRIPLE COLLISION ON ENGLISH RAILWAY THIS MORNING

Airship Had Trouble This Morning But Is Now Making Progress

Graf Zeppelin Was Last Night Making 75 Miles an Hour and all on Board Were Well: Expect Reach N.Y. Sunday

Radio news broadcasts heard here at midnight last night announced that the German dirigible Graf Zeppelin, making an Atlantic flight from Friedrichshaven to Lakehurst, New Jersey, was 300 miles west of the Canary Islands, travelling at a speed of 75 miles an hour and at a height of 1,400 feet above the ocean. If weather conditions continued favorable, it was expected the big airship would reach Lakehurst Sunday at noon. All on board were well.

NEW YORK, October 13.—The Graf Zeppelin was apparently in trouble this morning for several hours with a damaged port horizontal but the latest advices indicated that limited repairs had been effected and she was making fair progress about 950 miles east of Bermuda.

When the damage to the horizontal was discovered a request was sent by wireless that a surface ship should be sent to follow her course. She was then 1100 miles east of Bermuda.

The United States naval department ordered cruisers and destroyers to be ready if needed.

At nine o'clock the navy department received word that limited repairs had been effected and it was expected there would be no need of the surface vessels. The position was then 950 miles from Bermuda, indicating fair progress being made.

At 12:31 today the ship was heard from but no trouble reported.

LUNCHEDED WITH KING GEORGE

Premier Mackenzie King Presented His Majesty With Gold Medal

LONDON, Oct. 13.—It is understood that Premier Mackenzie King, who lunched with King George at Buckingham Palace, presented the King with a gold medal specially struck to commemorate the 60th anniversary of confederation.

It is understood the premier will present a similar medal to Premier Baldwin and a third to the Prince of Wales.

B.C. PACKERS MAKING PROFIT

No Dividend Probable This Year But Financial Condition Improved

TORONTO, Oct. 13.—The management of the B.C. Packers which has under lease the old B. C. Fishing and Packing Co., The Gosse Packing Co. and the Millard Co. expects to make a substantial profit this year. This has been made possible as the result of economies resulting from operating the concerns under one management. The profits will not be large enough to allow the payment of a dividend but will place the big company in a sound position, it is said.

WINNIPEG FIRE SPECTACULAR

WINNIPEG, Oct. 13.—In a spectacular fire the six storey Rubber building was swept by flames early this morning, the estimated damage being \$300,000. Minor damage was done to an adjoining building, the five storey Marantz boot and shoe warehouse.

SIR ESME HOWARD IS TO RETIRE AT END OF NEXT YEAR

LONDON, Oct. 13.—The foreign office announced today that Sir Esme Howard, British ambassador to the United States, would be retired in December, 1929, on reaching the age limit of 65 under the civil service regulations.

FORTY-THREE LOST WHEN SUBMARINE SANK

PARIS, Oct. 13.—Forty-three men aboard the French submarine Ondine were lost on the night of October 3 when the Greek steamer Ekaterina Goulandis collided with the craft off Oporto and sank it. The vessel searched in vain for survivors.

J. H. McMullin, superintendent of provincial police, arrived in the city on the Prince George this morning for a brief visit and will return to Victoria on the same vessel tomorrow night. Mr. McMullin, who was formerly government agent here, is renewing many old acquaintances.

RIGHT HON. DAVID LLOYD GEORGE

British Liberal leader, who yesterday made a clear-cut announcement of the Liberal position at the gathering of delegates at Great Yarmouth

Triple Railway Collision Near Gloucester, England On The Line To Bristol and Number Are Killed

GLOUCESTER, England, October 13.—At least eleven persons were killed with the possibility of twenty in a triple train collision this morning on the Bristol line. The number of injured is estimated at forty.

First there was a collision between express and freight trains and then a third train on a parallel track crashed into the wreckage which had been thrown over on to it by the impact. Fire followed the collision.

The bodies were so mutilated that no identifications could be made this afternoon.

Canada Financially On Easy Street Says Hon. J. A. Robb; Money on Hand to Pay Bonds

Country Has Money Enough to Retire all Maturities Until 1933 When Large Amount Falls Due

TORONTO, October 13.—“We are on easy street,” said Hon. J. A. Robb here, as he pointed out that Canada had already retired \$22,000,000 of the \$53,000,000 short term bonds due October 15 and would retire the remainder with cash from the treasury.

“We have sufficient money to meet the \$53,000,000 maturing, said Mr. Robb, “with some left over. We hope to take care of maturities coming along now until 1933. In 1933 we have some very heavy maturities of \$400,000,000 but I don't anticipate any refunding of major amounts before then.”

Mr. Robb declined to predict or comment on the possibility of taxation reduction announcements in the next budget.

British Steamer Trojan Star Had Close Call As Fire Guts Engine Room

One Man Burned to Death and Several Severely Injured While all the Crew are Badly Gassed on Freighter Bound to Vancouver

PORTLAND, October 12.—British steamer Trojan Star bound to British Columbia from San Pedro was afire tonight forty miles north and 47 miles west of Cape Mendocino. The crew were preparing to take to their boats. Three vessels were rushing to her assistance.

SAN FRANCISCO, October 13.—With one dead and several severely injured and all the crew badly gassed, the British freighter Trojan Star proceeded under her own reduced steam to Vancouver, B.C., having quelled a fire in the hold and fire room after an all night fight off the coast of Northern California.

Fireman Tennyson was burned to death while the second engineer and several firemen suffered severe burns and were badly gassed.

The engine room was gutted by flames. Following SOS calls the Metson Navigation Company's steamer Makiki reached the scene last night a few hours after the distress call was given.

The Trojan Star is a Blue Star freighter, 9,000 tons register, and London is her home port. She was proceeding from South Shields, England, to Vancouver, the last port of call prior to the fire being San Pedro. She carries a crew of 35 or 40.

By the time the Makiki drew up to the Trojan Star, two hours after the sending out of the call for assistance, the crew had conquered the flames sufficiently so that the fire was below decks out of sight.

At 9:25 last night Digby Island wireless station picked up an “SOS” call from the Trojan Star, stating that there was a serious fire in the stokehold of the vessel which gave her position as 20 miles west of Cape Mendocino on the California coast. A later message announced that the fire had been finally extinguished after one man had been killed and several injured. The American steamer Makiki was reported to be standing by.

TUG IS SAFE

OTTAWA, Oct. 13.—The Government tug George W. Yates arrived at Port Nelson safely, according to a radio message received from there.

NEW ZEALAND TO AUSTRALIA

Airplane Lands Sunday Morning at Sydney, New South Wales

Sydney, N.S.W., Oct. 13.—The Southern Cross with Captain Charles Kingsford Smith and Lieut. Charles T. H. Ulm landed at Richmond airdrome at 2:17 Sunday morning, October 14, twenty-two and a half hours after taking off from Wellington, New Zealand.

YESTERDAY'S WHEAT VANCOUVER, Oct. 13.—The closing price for No. 1 Northern wheat here yesterday was \$1.21½.

REVENUE FROM CUSTOMS DOWN

Total for First 9 Months of This Year is \$216,146.20 as Compared with \$276,230.97

Customs and excise collections at the port of Prince Rupert for the first nine months of this year show a considerable decrease from the revenue derived in this manner during the corresponding period in 1927. Up to September 30 this year, the collections amount to a total of \$216,146.20 as compared with last year's total for the first nine months aggregating \$276,230.97.

Following are the figures month by month for this year and last:

	1928	1927
January	\$ 13,354.30	\$ 29,952.30
February	19,243.48	32,053.39
March	22,056.19	36,069.79
April	21,678.68	31,521.73
May	19,462.94	33,802.06
June	41,837.75	32,762.57
July	21,686.33	21,048.31
August	36,380.36	33,538.63
Sept.	20,446.17	25,482.19
Total	\$216,146.20	\$276,230.97

WHEAT BEING SHIPPED WEST

Good Proportion Goes by Pacific Ports Even This Early in Season

WINNIPEG, Oct. 13.—Ten boats have so far cleared the lake head with 2,869,000 bushels of wheat and three from Vancouver. There are now 7,639 cars of wheat in transit to the lake head and 2,295 on the way to western ports.

There is in storage in country elevators 39,936,000 bushels. Vancouver has 5,459,000 bushels and Prince Rupert 18,000 bushels.

NEW RECTOR HERE

Rev. J. B. Gibson arrived in the city on this afternoon's train from Smithers to assume his new duties here as rector of St. Andrew's Anglican Cathedral succeeding Bishop G. A. Rix.

WOMAN DROWNS MAN ESCAPES

Wife of Lighthouse Keeper Near Nanaimo Loses Her Life Yesterday

NANAIMO, Oct. 13.—Mrs. O'Brien, wife of the lighthouse keeper at Entrance Island, eight miles from Nanaimo, was drowned Friday afternoon in Patricia Bay, Gabriola Island, when a row-boat in which her husband was trying to make a landing capsized, throwing the two into the water. The husband managed to make shore but the wife was drowned. The body was recovered.

MEN RETURNING FROM PRAIRIES

List of Unemployed Here Now is up to 50 or 60—Timber Operations Taking Some Men

The return of transient labor from the prairie harvest fields is noticed at the local branch of the Employment Service of Canada where, during the past week or so, the list of unemployed has jumped to fifty or sixty.

The principal demand for labor here just now is for tiemakers at the camps of the Hanson Timber & Lumber Co. which are opening up in the interior for the winter. A few teamsters were sent this week to George Little, Terrace lumber operator.

WATER POWERS THIS PROVINCE

Argument Now Going on at Ottawa in Regard to the Right of B.C.

OTTAWA, Oct. 13.—Hon. E. B. Ryckman, K.C., presented the British Columbia argument in the supreme court of Canada yesterday in the Dominion and Provincial controversy for control of water powers and navigation.

Ryckman contended there was no right of public navigation in the rivers of British Columbia. “I submit,” he said, “that full and unrestricted right to use all waters in British Columbia not heretofore legally appropriated under the laws of the province is vested in the Crown in the right of the Province, subject only to use for domestic purposes. This right displaces and is inconsistent with a dominant public right of navigation in any river in B.C.”

PRESTON APPEAL IS ABANDONED IN CASE WON BY SIR A. CURRIE

TORONTO, Oct. 13.—Announcement that the appeal of W. R. Preston and F. W. Wilson, publisher of the Port Hope Guide, against a verdict awarding Sir Arthur Currie, commander of the Canadian Corps, \$500 for libel has been abandoned.

SPORT CHAT

The Hazelton Badminton Club met last week and organized for the season 1928-29 and the opening of the season will be on Saturday, October 23. The games will be played as usual, in Assembly hall every Tuesday and Saturday between the hours of 8 and 11 p.m. Refreshments will be served on the opening night. J. Smith is secretary.

Charlie Belanger, Vancouver's entry in the light heavy-weight race, failed to gain a verdict over Pete Latzo at Detroit last week, but he made a host of friends for himself by putting up a wonderful battle and giving the Scranton miner, conqueror of Mickey Walker, a good run for his money. Belanger set the pace in the early rounds, but weakened under a vicious body attack. To do as well as he did brands Belanger, who has fought in Prince Rupert, a topnotcher and his services will be in greater demand than ever before.

RAIL DIRECTOR VISITOR HERE

Hance J. Logan, K.C., of Amherst, Nova Scotia, director of the Canadian National Railways, and Mrs. Logan are visitors in the city. They arrived from Vancouver on the steamer Prince George this morning and will make the round trip to Anyox and Ketchikan, proceeding East from here Monday morning.

Mr. Logan is a prominent barrister in Amherst and had a long and successful political career in the Federal House before becoming a railway director. He sat for many years for Cumberland riding and in 1921 was given the largest majority ever obtained by a federal member in Nova Scotia. Mr. Logan was met here by F. G. Dawson, another director of the railway.

HEAD OF SILVER CUP MINE ON INSPECTION VISIT TO PROPERTY

W. B. Dornberg, head of the Duke Mining Co., which is carrying out extensive developments on the Silver Cup mine near New Hazelton, arrived from Vancouver on the Prince George this morning and proceeded to the interior by train. His business is particularly in connection with the installation of the mill on the property which is expected to be ready for operation in about a month's time.

Mr. Dornberg, who is accompanied by his wife on the trip north, is also the principal owner of the Kootenay King property in the Cranbrook country which has been attracting considerable attention of late through the report that it is to be taken over by the Britannia company.

EMPRESS MARIE DIES

COPENHAGEN, Oct. 13.—The aged former Empress Marie of Russia, born Princess Dagmar of Denmark, died today.

R. S. Wood has been appointed secretary of the Prince Rupert Basketball association in place of Ralph Smith who has resigned because his time will be fully taken up with the coaching of two of the league teams.

DECISION WAS GIVEN MADILL IN BOUT WITH DOC SNELL AT HOLLYWOOD

LOS ANGELES, Oct. 13.—There was a great crowd out last night at the Hollywood American Legion stadium to watch the go between Madill and Doc Snell in which the former got the referee's decision. The bout was a fast one and the crowd cheered each sally.

Among the preliminaries was a fast match in which Nick Antenello got the decision over Lembacke.

GRAIN MOVEMENT TO PORT IS PICKING UP

Twelve More Cars Arrived Last Night Bring Total to Date to Some 37 Cars

Twelve more cars of grain arrived last night from the prairies for the Alberta Wheat Pool's Prince Rupert elevator and this morning there were reported to be some sixty carloads on the railway west of Edmonton bound here. This brings the total of arrivals here to date to about 37 carloads. In a week or so the grain movement to this port is expected to be on in full swing again.

SAN FRANCISCO IS WINNER AT BASEBALL

SAN FRANCISCO, Oct. 13.—San Francisco won the third game in the coast League final series yesterday the scores being San Francisco 7, Sacramento 4.

DRILL TEAM DANCE IS VERY ENJOYABLE

Small Crowd of One Hundred in Attendance Was Only Disappointing Factor.

The annual dance of the Prince Rupert Girls' Drill Team in the Moose Hall last night was a most enjoyable function, the only disappointment being the small crowd in attendance due to a number of counter attractions. The hundred or so who were present had a very good time.

Decorations of the hall included the monogram "P. R. D. T." on the walls below which were pictures of the girls. The supper tables were decorated with the blue and white colors of the team and flowers.

Excellent music was discoursed by Al Small's orchestra and Doug Frizzell was a popular master of ceremonies. There were many novel features on the program and a number of moonlight waltzes were thoroughly enjoyed. The throwing of serpentine lent much to the fun. George Frizzell presided at the door and all the members of the team formed the committee in charge of refreshments. The members of the team are Misses Laura Frizzell, Cathie Irvine, Evelyn Dalby Connie Morgan, Freddie Morgan, Evelyn March and Betty Arney.

All the proceeds of the dance will go toward purchasing equipment for the gymnasium it is proposed to establish as well as to buy outfits for the Drill Team basketball team in the Ladies' League.

PROPOSE LEAGUE FOR BADMINTON

Initiative Being Taken by Cathedral Club in Suggested Inter-Club Organization.

Originating with the Cathedral Club there is a movement afoot to form a badminton league in the city for the purpose of putting on periodic tournaments, possibly once a week, and thus encouraging the better players of each club to improve their play.

It is thought that four clubs at least might enter the Cathedral Club, the Prince Rupert Badminton Club, the I.O.D.E., the Regiment and possibly others.

It is planned to call a meeting of representatives of the clubs to discuss the matter and if approved to arrange a schedule.

The league would probably consist of two series, men's and ladies'.

Local News Notes

Mrs. Fred tephens arrived in the city from Seattle on the Pr. George this morning.

Fred Stork returned to the city on the Prince George this morning from a brief trip to Ocean Falls.

W. J. Elmendorf, well known mining man, is a passenger aboard the Prince George today going through to Ketchikan.

Mr. and Mrs. William Cruikshank and son, who have been holidaying in the south, arrived from Vancouver on the Prince George this morning.

Dr. D'Easum of Ocean Falls arrived in the city from the paper town on the Prince George this morning. He will give evidence in the Turner case at the Assizes next week.

Lieut. Commander V. S. Godfrey, Royal Canadian Naval Volunteer Reserve, was a passenger arriving from the south on the Prince George this morning. He is going through to Anyox.

L. S. McGill, Smithers barrister, who has been on a two weeks' business trip south, arrived from Vancouver on the Prince George this morning and proceeded to the interior by train.

Norman L. Freeman, local representative of the International Fisheries Commission, returned to the city on the Prince George this morning from a brief trip to Seattle on commission business.

James Haslett, pioneer resident of this city and for the past several years located in Ocean Falls, arrived in the city from the paper town on the Prince George this morning. He will be a witness in the Turner case at the Supreme Court Assizes next week.

Canadian Movies?

Here is one reason why people are beginning to think that Canadians can produce their own motion picture films. Norma Shearer, wife of Mr. Irving Thalberg, youngest film producer known. Norma is Canadian girl who worked her way from her Montreal home through the vicissitudes of Hollywood to fame. She, her husband and Captain S. G. McNeill, skipper of the world's fastest ocean liner, the Cunarder Mauretania, are seen in a merry moment on that liner's decks before sailing for the Mediterranean Sea.

FLOUR MILLS POSSIBILITY

Premier Tolmie Says They Might Follow Power Development On Coast

VANCOUVER, Oct. 13.—Addressing the Vancouver Electric Club here yesterday, Premier Tolmie suggested that a great milling industry, in which Canadian wheat could be manufactured into flour could be established in British Columbia through the development of water power resources to give cheap power.

CUTTER SMITH WAS LOCATED

SAN FRANCISCO, Oct. 13.—A coast guard radio received a message last night from a patrol boat saying the missing coastguard cutter Smith had been located and was in immediate danger.

The Smith had vanished after calling for help off Point Arenas Thursday night.

EMBEZZLEMENT IS CHARGED

NANAIMO, Oct. 13.—Charged with embezzlement of \$2,800 Albert England, a clerk in the employ of the Awarian Foundation in the Cedar district, appeared in the police court yesterday and was remanded. The charge was laid by E. A. Wilson, president of the foundation.

CANADIAN BOAT GOT HIGHEST PRICE BID FOR HALIBUT TODAY

The highest price offered for halibut at the local Fish Exchange this morning was 16c and 7c which a Canadian boat received. Four boats were in—two American and two Canadian—with catches aggregating 102,000 pounds.

Sales were as follows:

American
Yakutat, 35,000 pounds, Atlin Fisheries, 14.8c and 6c.
Celtic, 33,500 pounds, Canadian Fish and Cold Storage Co., 15.5c and 6c.

Canadian
Gibson, 5,500 pounds, Canadian Fish and Cold Storage Co., 16c and 7c.
Cape Swain, 8,000 pounds, Booth Fisheries, 14.7c and 7c.

WEATHER
Prince Rupert—Cloudy, light Notheast wind; tem. 50.

BUILDING IS AHEAD 1927

Nine Months Records Show Considerable Lead for 1928 in of Permits

Building permits for the first nine months of this year in Prince Rupert totalling \$145,659 in value show a healthy lead over the same period in 1927 when the aggregate was \$132,985. The months of March and May were ahead this year while figures for the other seven months of this year were not as large as those for the same months in 1927.

Following is the monthly record to date for this year and last:

	1928	1927
January	\$ 3,700	\$ 5,850
February	3,825	5,175
March	80,900	6,525
April	18,000	18,000
May	10,850	5,825
June	2,200	22,025
August	1,595	8,565
Sept.	2,089	37,530
Totals	\$145,659	\$132,985

BIG BAY BOOM BOAT WRECKED

Power Boat Sterling Breaks Down in Grenville and Is Swept on to Rocks in Storm

The Big Bay Lumber Co's boom boat Sterling, about 35 feet long and equipped with a 15 hp Sterling engine, was wrecked in Birnie Passage in the vicinity of Grenville Channel recently when the engine broke down and the vessel was swept on to the rocks in stormy weather and sank. Chris Dixon, timber cruiser for the company, who was on board, escaped without injury. The engine has been subsequently salvaged and the company is looking around for a new boat now.

DAILY EDITION Saturday, October 13, 1928

MAKING DISCOVERIES

The other afternoon in a talk to the pupils of the local schools, Harold McCracken remarked that there was still plenty for the people of the world to discover. And he was right. How many could make a voyage of discovery in their own back yard or front garden? Who knows the history of the spider, whose web glistens in the morning dew? How many of the older people are aware that the plant lice which are so common do not reproduce like most insects but bud out almost like a plant. What about the bee that sucks the nectar from the flowers or the wasp that occasionally strays along? How many know anything about the manner in which the plants in their garden live, grow, reproduce, fight their enemies, succumb to pests, or rise victorious over them. On any city lot there is enough discovery to last a lad or lass for years.

FOR SERIOUS STUDY

We understand that in the schools teachers and pupils are allowed a certain amount of latitude in taking up an individual line of study. Here is a suggestion. Make a study of the live creatures in a garden for a month and it will prove one of the most interesting of all the things learned during the year.

LIBERALS CLEAR THE AIR

The British Liberals have cleared the air in regard to the policy they intend to adopt during the coming election. In his big speech yesterday at the Liberal convention at Yarmouth, England, Lloyd George stated the position clearly. Also it is noted, he was very optimistic as to the outcome.

A short time ago the Labor position was outlined at a convention of that party and was shown to be largely socialistic. The Conservatives are opposed to that and also to the middle course taken by the Liberals. Now the Liberals have cleared the way for themselves and outlined what they will do.

From this time on the campaign in that country may be said to be under way and it will be a very exciting one. It will be even more interesting to Canadians than the big political war being waged in the United States just now.

WATCHING THE ZEPPELIN

Many people are taking a great interest in the success of the Zeppelin flight now taking place across the Atlantic from Germany. To be blown a thousand miles out of the course and yet to weather the gale was looked upon as an important development yesterday. Today she is still making progress and the rest of the flight will be very keenly watched through the press despatches that are broadcast. Tomorrow, if there are any developments they will be bulletined in the Daily News window.

EXPEDITION IS LEAVING SOUTH

Sails for Halibut Banks October 20 to Learn About Distribution of Young Fish

SEATTLE Oct 12. — To learn more about the life of Alaska halibut, particularly the very young, whose numbers are being rapidly depleted, another research expedition of the International Fisheries Commission is to sail from Seattle October 20.

"The decrease in the productivity of the halibut fisheries is a serious matter," said Dr. W. F. Johnson, director of the commission, in announcing the new expedition here.

"Most of the work in the past has been devoted to the examination of older species, but this time we want to learn more about the distribution and movements of the very young fish."

The expedition is to work in the Gulf of Alaska until the first of the year, shortly after which a trip to Bering Sea is planned.

Trawling apparatus, some for work in water as deep as 1,000 fathoms and some adapted for shoal waters, will be included in the equipment. Fine mesh silk nets will be used to entrap halibut eggs and minute larvae. Deep-sea thermometers and "water bottles" are intended to furnish detailed information of conditions at great depths.

MORE SUNSHINE AND LESS RAIN

Summary of Meteorological Conditions in Prince Rupert for Nine Months

Summary of meteorological conditions show that Prince Rupert has enjoyed slightly more sunshine during the first nine months of 1928 than in the corresponding period last year while the precipitation has been slightly less. Those who believe that the weather is gradually improving year by year may derive some comfort from the fact that up to September 30 this year 56.39 inches of precipitation has been officially recorded here as against 57.17 inches in the similar period of 1927 while sunshine so far this year is up to an aggregate of 1,021.2 hours as against 1,011.4 hours last year. Something of a record for continuous fine weather was made in June when 216.7 hours of sunshine were recorded.

Following are the records of precipitation and sunshine in Prince Rupert month by month this year and last:

	Precipitation Inches	Sunshine Hours
January	7.61	8.54
February	8.49	6.51
March	8.94	10.64
April	5.21	9.35
May	8.62	3.58
June	1.71	2.91
July	4.62	1.93
August	3.37	4.09
Sept	7.91	9.62
Total	56.39	57.17

Ten Years Ago in Prince Rupert

October 13, 1918.

Traffic over the Grand Trunk Pacific out of Prince Rupert for the month of September was over one hundred per cent greater than in any previous month in the history of the road. Not only has the business in airplane spruce assumed large dimensions but the carrying of shingles, pulp, fish and commercial lumber has also increased.

The government of Canada has declared a labor policy in the form of an appeal to employers and employees for a fuller co-operation toward obtaining a maximum effort in all industries engaged in war work.

Acting upon the report of a boy, Constable Adams yesterday found a boy's suit of clothes at the Salt Lake. So far as it is known, nobody is missing.

LOG SCALING STILL SMALL

Little Over Sixty Million Feet in District this Season So Far

Total log scalings for the month of September for the Prince Rupert district amount to 13,052,853 board feet, bringing the grand total for the year to 61,359,222 feet for the year to this date. This is very much less than last year, due largely to the shutting down of logging operations by the Pacific Mills, both on Queen Charlotte Islands and in the south. The cut for September is made up as follows:

Douglas Fir	417,951
Red Cedar	2,346,295
Coast Spruce	4,100,489

Interior Spruce	211,449
Hemlock	3,644,172
Balsam	2,398,277
Jackpine	25,745
Birch	385
Cottonwood	8,090

The scaling of poles, piles and ties has increased rather than diminished, the total number of poles for the year so far being 1,823,823 lineal feet and piles going over half a million while ties numbered three quarters of a million. Details for the month follows:

Poles	256,340
Hemlock piles	1,745
Cedar Piles	141,171
Wood (cords)	117
Shingle bolts (cords)	9
Hemlock ties	4,561
Pine ties	79,013
Fence Posts (cords)	127
Palpwood (cords)	132

Supplying the world!

FROM the cold, deep waters of the seven thousand miles of British Columbia's Pacific Coast, comes a harvest of fish that the palate of all mankind enjoys! For over twenty years our Province has been a leading factor in Canada's fishing industry. Progress continues unabated... the markets to the ends of the earth demanding ever increasing quantities.

The past ten years have seen this industry grow from 14 million to 27 million dollars... an increase of 89%. Our annual catch totals nearly half the entire Canadian production, and "King Salmon," our marine silver mine accounts for at least 15 million dollars a year.

The distribution from our Provincial hatcheries of millions of salmon eggs to renew the harvest that goes into the nets; the Treaty between Canada and the United States for the protection of the Pacific Halibut (March, 1923) providing a close season from November 16th to February 15th; modernized canneries, 83 in number, and sane Federal Fishing Laws, carefully administered, are the foundation of an industry that will continue to grow.

The fame of British Columbia's Whaling Fisheries is of long standing, and has materially increased the value of the products from this industry. The yearly catch, now about 300, is taken between one station on Vancouver

Island and two stations on the Queen Charlotte Islands.

Much as has been done to develop and conserve our fishing industry, there still remains a great deal to be accomplished. The vastness of our waters and the extent and ruggedness of our coast make organized protection and administration extremely costly.

But the safeguarding of our fisheries is a matter which now commands the earnest attention of our government, who realize the importance of conserving this basic industry.

As the oldest industry of our Dominion, fishing has been one of the largest revenue producers, and it is significant that Canada's youngest Province, in less than twenty years, should secure a leading position in the world market. This aggressive search for foreign business has been an asset which undoubtedly has created one of the most amazing records of our basic industries. Well may we be proud of our Fisheries!

Read these announcements and understand your province's progress... clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

Prince Rupert

Northern Pacic Terminus of the Canadian National Railways

Prince Rupert has three of the greatest things in the world

The Largest Fish Cold Storage Plant The Largest Fresh Halibut Market The Largest Undeveloped Hinterland

The City of Prince Rupert has a payroll of considerable importance, derived from:

- RAILWAY SHOPS
- RAILWAY OFFICES
- DRYDOCK AND SHIPYARDS
- GRAIN ELEVATOR
- PROVINCIAL GOVERNMENT OFFICES
- COLD STORAGE
- FISH PACKING HOUSES
- FISH MARKET
- OILERY AND FISH REDUCTION PLANT
- SALMON AND HALIBUT FISHERMEN
- SALMON CANNERIES
- LUMBER MILLS
- MINING
- TRAPPING AND FURS

The grain export business of Prince Rupert is steadily developing. Last year about eight million bushels of grain was shipped through the terminal elevator and this year promises to greatly exceed that mark.

The City owns its Power, Light, Water Supply and Telephones.

The schools are excellent.

Roads are paved and concrete sidewalks are being laid.

PRINCE RUPERT IS ONE OF THE COMING COMMERCIAL CENTRES OF THE PACIFIC COAST, THE PROBABLE OUTLET OF THE GREAT PEACE RIVER COUNTRY, AND SURROUNDED BY A RAPIDLY DEVELOPING TERRITORY

Prince Rupert is the logical site of a customs smelter which would serve the mines of Portland Canal, the Bulkley and Skeena Valleys and coast points.

THE DAILY NEWS

TOY SHOP FOR PRINCE RUPERT

Boy Scouts to Undertake Repairing Articles for Christmas Gifts

At a meeting of scoutmasters of the city last night it was decided to start a "Scout Toy Repair Shop." This is for the purpose of collecting broken and discarded toys, books or other articles of interest to children and the scouts will repair them and they will be distributed among those who will not be fortunate enough to receive toys at Christmas.

The scoutmasters ask that any people having broken toys or books that could be repaired get them together and they will be collected by the scouts, or they may be sent to Barrie's Home Furnishing store on Third Avenue. If scoutmasters or scouts are notified they will arrange to pick up parcels.

The scheme has the approval and patronage of Mayor McMordie and other prominent citizens but what is asked is the co-operation of all in giving the boy scouts an opportunity to do this good turn.

CLAIM OWNERSHIP IS INVOLVED IN PRINCE GEORGE COURT ACTION

There was only one case of any importance at the session of the Supreme Court held in Prince George this week with Mr. Justice D. A. MacDonald presiding, his being an action of F. W. Turnbull of Regina against Oscar Omen, Fred Peterson and John Oman for a declaration that Turnbull was entitled to one-quarter interest in four mineral claims known as the Eden Group near Hansard. The Turnbull claim was under a bill of sale from Eden. The Regina man claiming to have advanced \$2,000 secure development and the crown granting of the claims. The required assessments, however, were not recorded and the claims ran out, being subsequently restaked by Peterson and Oman. The plaintiff contended that Eden was still the real owner of the ground.

After evidence had been heard in the case, adjournment was taken for written arguments, judgment being reserved. P. E. Wilson appeared for Turnbull, A. McB. Young for Eden and W. O. Fulton of Prince Rupert for the defendants, Peterson and Oman.

Man in the Moon

"At the McCracken lecture the other day Harold McCracken made a remark about tea hounds. The children could not hear him very well and one thought he said "beer hound." It was a sound anyway.

Canada is next door to a republic and almost a republic but let us hope her people will never be as ill-mannered as many republicans.

British people and Italians and Doukhobors are not the only ones not wanted in Canada. A great many of the immigrants the stork brings are not wanted either.

Now that war is formally outlawed, there will be bootleggers who will want to break the law.

"Now bid again you railroad hounds," remarks Fozie Tolmie as he sits on the P.G.E. rails and licks his paws.

All Tunney needs is a first class stenographer to make him into a well known author.

The advantage of moving into a small house is to give an excuse for throwing away a lot of useless litter.

Local and Personal

Remember Rally Day Services Rupert East United church at 11 a.m. Evening service at 7.30 pm. Rev. T. H. McAlister.

W. D. Christison sailed on the Princess Royal last night for Vancouver en route to San Francisco.

Mr. and Mrs. J. W. McAuley, who have been on a trip south, returned to the city from Vancouver on the Prince George this morning.

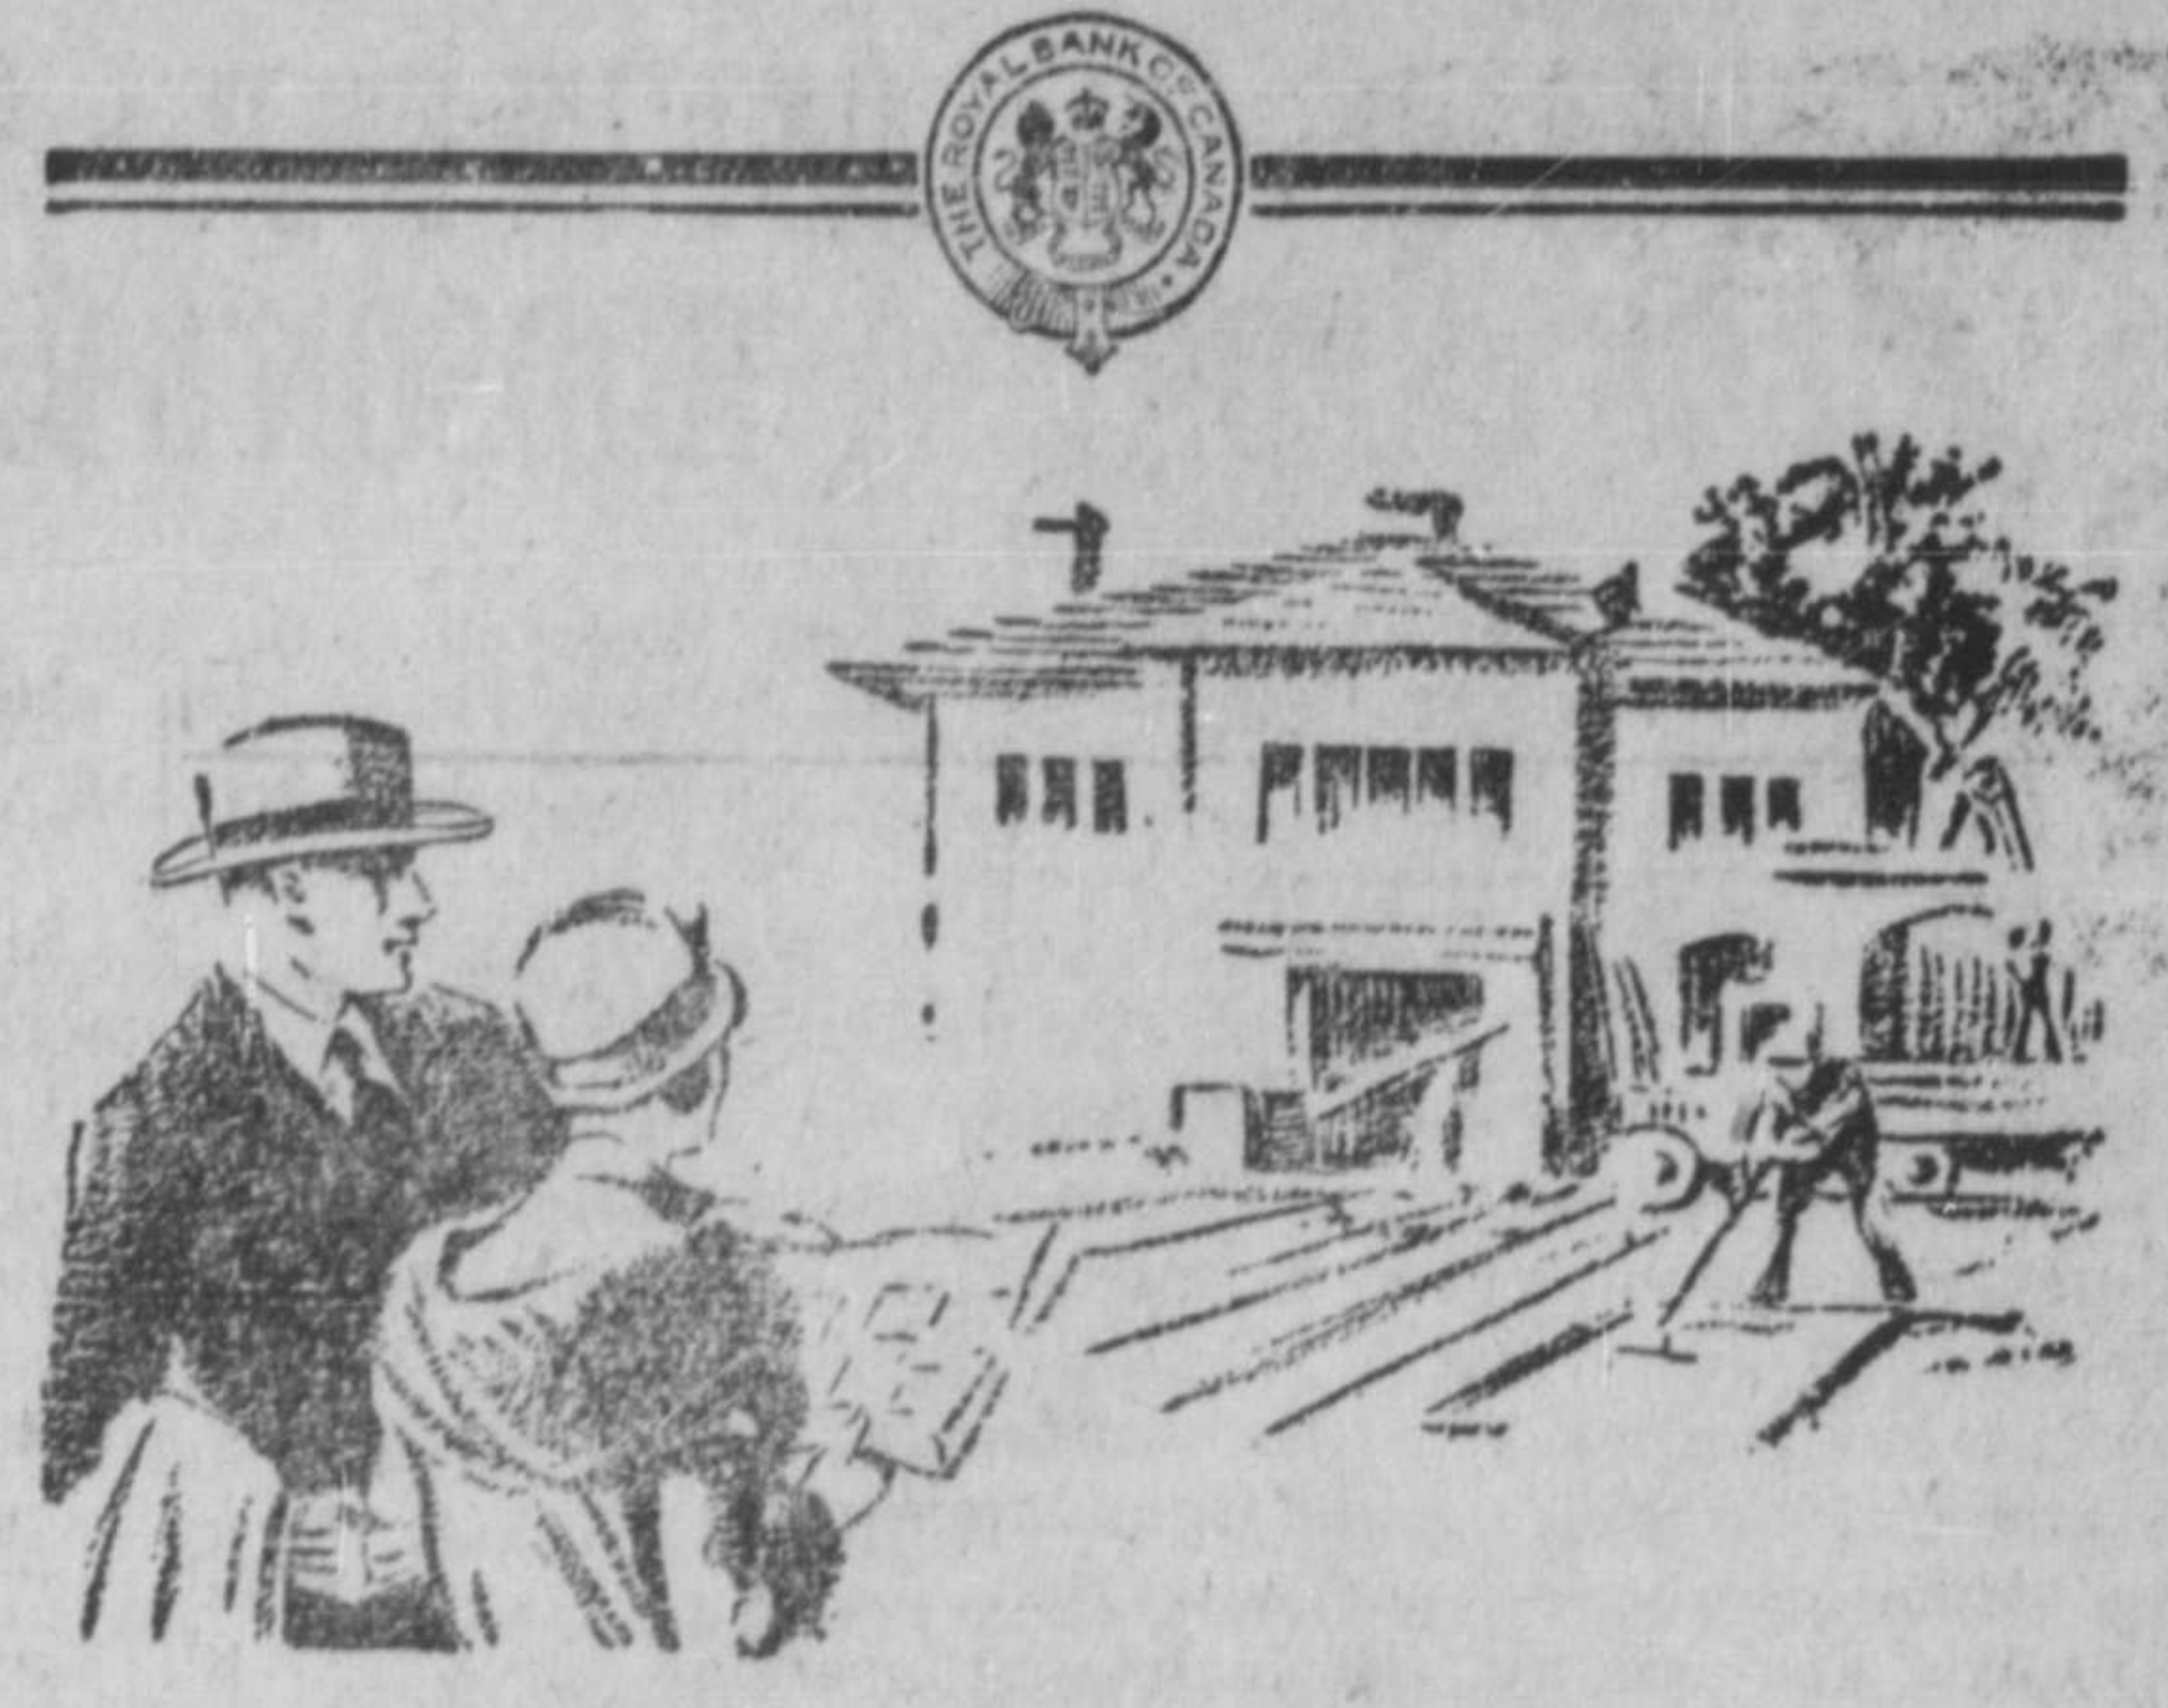

Passengers sailing from here for Vancouver on the Cardent this morning included F. Smythe, J. E. Bennett, A. J. Reid and J. A. Bray.

Passengers sailing last night on the Princess Royal for Vancouver included Mr. Charleston, Mr. Ede, Mr. Betail, Mr. Leigh, Charles W. Hilfor, Miss J. G. Rhodes, Miss M. A. Milne and Robert MacKay.

Southbound from Alaska to Vancouver and Victoria, C. P. R. steamer Princess Alice, Capt. Cliff, is due in port tomorrow afternoon. Practically all passenger space on the vessel is booked out from Skagway.

Motorship Bellingham, Capt. J. E. Anderson, arrived in port at 8 o'clock this morning from Ketchikan with one carload of canned salmon and another of frozen halibut for transshipment east over the Canadian National Railways.

Business was largely of a routine nature at the monthly meeting of St. Andrew's Society last night. A schedule of winter entertainment was drawn up and a big Scottish dance will be held on November 30 to mark the occasion of St. Andrew's Day. Alex Clapperton drew the lucky ticket for the raffle of a \$50 Victory bond, Frank Vickers being the winner. J. S. Irvine, president of the Society, occupied the chair at the meeting.

Instalments

HOMES—clothing—education—even pleasures and luxuries—are bought on the instalment plan; but few people realize that money—the force behind all buying—can itself be bought by instalments. By making payments of \$4.52 a week you can buy \$1,000 in four years. Ask our Manager about it.

The Royal Bank of Canada

EXCELLENT WORK OF LOCAL SCHOOL PUPIL

Harold McCracken Autographs Book Made by Billy Fuller on His Trip

When Harold McCracken was here this week he was shown the work of one of the pupils of the Booth School and was much pleased with it. It was a booklet containing full information and maps in regard to the Stoll-McCracken expedition. The work was done by Billy Fuller and was very complete, including a number of the radio messages which had come through from the party and

Daily News stories on the trip. This is one of the individual projects which is done by pupils. Mr. McCracken autographed it for Billy, thus adding much to its value.

Business at the meeting last night of the local assembly, Native Sons of Canada, was largely of a routine nature. It was decided to hold a whist drive and dance on October 26. G. W. Johnstone, president, occupied the chair and there was a fair attendance of members.

John Armstrong, for drunkenness, was fined \$25, with option of thirty days' imprisonment, by Magistrate McClymont in city police court this morning.

No Canadian Halibut in Four Days—Some of Boats Commencing to Tie up—Deer Hunting Not Very Successful

Four successive days during the past week on which no halibut from Canadian vessels was offered, although American landings on each of the same four days were fairly heavy, is a somewhat unprecedented occurrence on the Prince Rupert waterfront. There were no Canadian offerings on either Monday, Tuesday, Wednesday or Thursday of this week. The Canadian boats are, therefore, all bunched together and are expected during the coming week to make up heavily for the days during which they have failed to put in an appearance. Unfavorable weather last week is believed to be the main cause of the condition. Several local halibut vessels returning from cannery charters and other summer work to their regular occupation are expected to lend further to the anticipated heavy landings of the coming week.

Capt. John Hansen, who has fished halibut out of Prince Rupert for several years, is planning to give up the game and proceed to his native home in Norway to take up residence. Consequently, he is offering his boat Morris H., one of the newer vessels of the fleet, for sale. He is now making what he expects to be his last trip on the vessel.

A month previous to the commencement of the 1928-29 close season on November 15 sees several of the smaller halibut vessels fishing out of Prince Rupert tying up for the year. Among the boats now tied up are Volunteer, Capt. Mike Jensen; Marguerite, Capt. J. P. Reed; Livingstone, belonging to Capt. Tony Martinsen, which has been skippered this year by Capt. W. Tibbitts; N. & S., Capt. Robert Thompson, owner, and Capt. W. Bagshaw, skipper, and Emblem L., which is owned by Pete Bruno and which has been operated by Capt. Haakon Lund. A number of other Prince Rupert vessels are now on their last trips of the season to the grounds.

Radio Agency

To while away the quiet winter hours now in the offing, Mil Nickerson, popular manager of F. E. Hunt Ltd., has been induced to augment his flourishing ship chandlery business with a radio agency. Probably Reg. Webber, who has been appointed master mechanic and sales broadcaster for the radio branch, had something to do with the new departure. In any case, if he does not sell any sets, Mil is at least hopeful of giving his patrons many entertaining demonstrations during the dog days of the coming winter months.

Trollers Jennie, Capt. George Sorenson, and Minnie V., Capt. Alf. Benson, left on Thursday for Skidegate where they will be engaged in fishing until about the middle of next month. Reports are still received of a good coho run at Skidegate Inlet and quite a few local trollers are now there.

Frank Allen had his pleasure cruiser Colifer on the Lipsett Ways this week for minor hull work.

Practically all the local vessels which have been engaged in fishery patrol work during the past summer in various parts of the district have now returned to port. Some of the boys have found this a less risky if not as profitable an occupation during the past few months as taking a chance with the fish.

Having Joe Greer and Paul Aivazoff as his guests of honor, Skipper M. M. Stephens left on Sunday morning aboard the Vera S. Frye on a deer hunting expedition to Porcher Island. The Frye returned on Thursday evening with four deer from the North Arm. Kumeleon Inlet was also visited.

Dr. R. G. Large was in on Wednesday from Port Simpson aboard his power cruiser Sunbeam III, and again on Friday. The doctor recently returned north from a holiday cruise to Vancouver which proved enjoyable and without mishap of any kind though the voyage was undertaken fairly late in the season.

Northern Cross Off

Skipper (Rev.) W. B. Jennings left on Wednesday with the Anglican Mission boat Northern Cross for Jap Inlet, Port Essington, and other coast points on regular ministerial duties. Aboard the Northern Cross this trip is

state where they are going and how long they expect to be absent. In case of any trouble occurring, information contained in the book would permit of an intelligent search being made. Under such conditions, a lot of anxiety and inconvenience might be avoided for all concerned should times of stress arise.

Leander Back

After having spent the summer trolling at North Island, Capt. Harvey Dumas has returned to port with his boat Leander which is tied up at the floats of the Prince Rupert Salvage & Towing Co.

Harry Menzie and Lee Dell left on Thursday aboard the halibut boat N. & S. for a few days' hunting trip down the coast.

The local halibut boat Selma, Chris Olsen, has been on the McLean Ways at Seal Cove this week for cleaning and painting preparatory to the final strenuous days of the fishing season.

Exceptionally heavy landings during the past week, totalling 872,500 pounds, brings the record of American halibut at the port of Prince Rupert for the season to date up to a point where it is possible it may overtake the figures for 1927 after having lagged behind for the past few months. American landings at Prince Rupert for the season up to and including yesterday totalled 16,355,000 pounds or just a little more than 100,000 pounds behind 1927's 16,449,350 pounds. Up to this time, American landings had been several hundred thousand pounds behind the previous year.

On the other hand, Canadian landings during the same week were unprecedentedly light amounting to only 37,200 pounds. The Canadian total for the season, however, still maintains a healthy lead over that for 1927. This year's total to date stands at 6,811,900 pounds as compared with 5,987,400 pounds at a similar date last year.

Total halibut landings for the season now stand at 23,166,900 pounds as compared with 22,436,750 pounds last year.

Labor troubles at New York affecting the handling of halibut at that metropolis disturbed prices somewhat during the week, but, upon settlement of the dispute, bids started to move upward again. The high price of the week for American halibut was 16.3c and 9c paid the old Tordenskjold, making her first call at Prince Rupert this season for 7,000 pounds, while the low bid of the week was 10.6c and 6c given the Clipper and Helgeland for catches of 42,000 and 25,000 pounds respectively. The high bid for Canadian fish was 14.1c

Canon W. F. Rushbrook, who for years, up till recently, had charge of the vessel.

Generally speaking, deer hunting operations to date have not been meeting with a very great measure of success, unfavorable weather conditions being held partly responsible at least. Continuous rain does not tend to the most comfort or convenience in tramping the bush though some of the boys have, nevertheless, been persistently trying their luck.

Dr. J. P. Cade and party were out to the head of Tucks Inlet at the end of the week and "the same old thing" is the way Shef Thomson reports the results. Rupe Benson and Bill Wilkinson and the latter's sister, who is visiting here from the south, also tried Tucks Inlet and again it was "the same old thing." The party heard lots of wolves, however, and Ben has been thinking of going into the bounty business until the approach of the Christmas season boosts the photography game.

George Bryant, Bill Williscroft, and party went to Refuge Bay and brought home a few birds.

Claude Kirkendall picked up a nice spike buck on a trip to Refuge Bay with Charlie Starr and Doc Alexander on the Marjorie. A number of grouse were also taken. The open season for ducks and geese opens on Monday. Unfavorable weather conditions do not trouble the bird hunters so much and the opening of their season will attract many gunmen who are not so fond of tramping through the mountains for deer. A number of parties are already being planned for next week-end. The bird season will continue open until January 31.

Dr. W. T. Kergin's power cruiser Full Moon was taken on the Ward Ways yesterday for copper painting.

Hull Painting

Alex. Macdonald's Vaquero, Geo. Rorie's Nancy, Dr. West's Wyllo and George Bryant's Harla have all been on the Yacht Club grid during the past week for copper painting.

The wintry winds can come on with all their fury now for Shef Thomson has all his smaller charges at the Prince Rupert Rowing & Yacht Club floats safely in their winter quarters. The only thing Shef is worrying about now is that some of these open boat owners may be wanting to take their vessels out for a beach party on one of the nice frosty afternoons, thus upsetting the prescribed Yacht Club routine for the next few months.

Trollers Karen II., Star and Penelope Girl have been taken out on the rocks on the beach near the Yacht Club for the winter.

Shef Thomson has been considerably agitated by a baby buggy mystery of late. Each morning during the past week, a pram has been parked on the Yacht Club entrance and, just as regularly as the pram has arrived there, Shef has as religiously removed it out of the way into the nearby bushes. The matter, in fact, is getting somewhat on Shef's nerves and he does not know what to expect next. As long, however, as no squalling infant is wished on to him one of these fine mornings, he may be able to survive the strain and mystery of the thing.

A valuable innovation at the Yacht Club is in the form of a club register that has just been supplied. The purpose is for the boats to register as they go out,

and 7c paid the Helen I for 1,200 pounds and the low 12.7c and 6c received by the Cape Beale for 23,000 pounds. Only five Canadian boats landed catches during the week.

Buys Trolling Boat

The trolling boat Royal, belonging to the estate of the late J. Lindseth, who lost his life in a logging accident down the coast during the past summer, has been sold by the official administrator to Arne Wick. The price paid for the vessel is not stated.

To prevent traffic passing onto tracks from that vicinity, a fence is being put in to separate the rear of the fish house premises on the government wharf from the track. False work is being put in for the concrete piers which will hold the fence posts
