Passengers Taken Off Safely in Spite of Rough Weather NEW PREMIER OF by Aid of British Destroyer; Ship May Break Up

COBH, (Formerly Queenstown) Ireland, Dec. 10. -The White Star liner Celtic, which left New York on December 1 with 253 passengers on board, ran on the rocks off Roches Point at the entrance of the harbor, early today at low tide and was held fast in 15 feet of water, with the possibility that she might break up if not refloated on the next tide. All passengers debarked safely in tenders self. despite rough weather. A British destroyer co-operated in the

hall directly below the engine room and the vessel is lying with a severe port list.

A gale had been blowing off the coast and the pilot was unable to go aboard.

Tugs tried without result to refloat the liner and the crew remined on board to aid in another attempt to free the vessel at high

removal of the passengers.

"The only fact that averted a terrible disaster was that the Celtic was moving very slowly," said Michael Johnson, light-house keeper at Roches Point.

KING IODAY

Bulletin Issued an. Doctors Consult For Two Hours

LONDON, Dec. 10 .- The King's condition is still causing anxiety. Physicians made this clear in the morning bulletin today, which, otherwise, was of a somewhat more encouraging character than those of the last day or two. There was a reluctance in Buckingham Palace circles to comment on today's bulletin. It was understood, however, that today and the immediately succeeding days would likely be anxious. Consultation of doctors this morning lasted two hours, which was much longer than usual.

Lord Dawson of Penn and Sir Stanley Hewett, the King's physicians, spent forty-five minutes at the palace this afternoon. Despite this visit, it was authoratively stated that there was no change in the King's condition since morning.

This morning's bulletin issued by the physicians said: "Although the King has passed an undisturbed night and there has been some fall in his temperature this morning and there is also a slight improvement in the general condition, anxiety must continue."

Last night's bulletin, signed by the two physicians, stated that the King had passed a quiet day, but there was no diminution of the exhaustion referred to in the morning bulletin. His Majesty's pulse continued to be steady.

PRINCE ON WAY HOME BRINDISI, Italy, Dec. 10 .-The Prince of Wales, rushing to his father's bedside, landed here from the cruiser Enterprise at 12:23 noon today and seven minutes later left

The semi-official statement at Bucking Palace Saturday night said: "The King has been on the up-grade today after a slightly downward turn yesterday. Progress is being made, but it is necessarily a slow and laborious

progress."

Defends Policy of the Government in Reducing Taxation Instead of Using Money to Reduce the National Debt

OTTAWA, Dec. 10 .- Prediction that the Liberal government would further reduce the national taxes and would continue, while in office, to bring down two more budgets was made by Postmaster-General Veniot, in addressing a Liberal rally here.

Referring to a recent declaration of R. B. Bennett, Conservative leader, that the United States was decreas-A Solemn Requiem Mass ing its public debt more rapidly than Canada, Mr. Veniot

we placed \$19,000,000 in the pockets of the common people and in the face of that we reduced the debt by a greater proportion than "Last year by lowering takes any other nation in the world," he continued.

The Conservative criticized him for dismissing 420 postmasters during 18 or 20 months, but it was "not because of political passions" that he had done so, Mr. Veniot said. Of the total 243 postmasters had been dismissed "for stealing the public money of the Dominion of Canada." In conclusion, Mr. Veniot declared "he would take all the blame for others but not for those guilty of

HE saw them in her kitchen a host of elf-like men. A miller, a soap maker, a travelling salesman. A band of Lilliputians, each representing some one local industry in which her fellow men and women are employed.

Back of each local product she saw ambitious families just like her own. That is why she enjoyed a sense of pride and loyalty every time she purchased the products of her fellow men. In every room in her house she saw the vision of the elfine workmen, for the articles of her home from attic to basement were the products of her home land.

> There's a moral to this story

Every time a housewife purchases a B.C. Product, B.C. husbands benefit. B.C. industries are kept active replacing the products purchased by local house wives. Every woman who knows the prosperity of British Columbia husbands depends on their wives asks first: "Is it made in B.C.?"

Mr. Lyne gave a varied program to demonstrate his profileiency. Probably the most notable number was his own fantasia entitled "The Storm," in which were introduced the hymns "The Day Thou Gavest," "Eternal Father, Strong to Save," and "Peace, Perfect Peace." Considerable interest is now being taken in the provision of the Christmas dinner for those not otherwise provided for at the Salvation Army barracks on Christmas Day.
