# \$300,000 Loot Taken in Train Robbery Toronto by Six Armed Bandits

Carried off Mail Sacks From Canadian National Express at Union Station About Midnight

ORONTO, June 20.—One of the largest and most daring train robberies of recent years took place last night here when six armed robbers held up the Canadian National Express car at Union Station at midnight and made their escape after seizing three registered mail bags containing, it is estimated, between thirty and forty thousand dollars.

The bandits with the booty fled in a westerly direction hotly pursued by the police but no arrest was made.

1916 42/200/000 19267 Production Increase 1916-1926 24.898,380 58,9% treasure house!

TWENTY years' mining in British Columbia have yielded nearly 1 800-million dollars. The last ten years have increased production by 58.9 per cent.

The value of all Canada's production is \$25.70 per citizen, British Columbia's production today, if distributed, would mean \$111.96 per person annually! Our mined and treated tonnage of metalliferous ores reached a record of more than 5-million tons for 1927.

The value of the mining industry to the Province is in the distribution of money in wages, supplies, transportation services, etc. And in this respect, 1927 was a record year!

The 14,000 employees of the mining industry were paid wages totalling 23 million dollars . . . or nearly \$1,760 each . . . the highest average for any Canadian Province.

During the year, distribution of eight million dollars was made in dividends!

British Columbia mines approximately 40 million dollars worth of copper, zinc and lead, a year . . . more than the rest of Canada. In gold and silver, our production ranks second . . . in coal, third; our total annual mining production today being exceeded only by Ontario.

Sound legislation, good mining laws and low fees have encouraged this development and stimulated growth. Although the provincial mining area has only been superficially prospected within the transportation belt, new fields are developing, new roads and trails constantly being built.

Chattering drills sink deeper and deeper into the hills . . . heavy ores rumble through the concentrators . . . fortunes come tumbling from the treasure chest of British Columbia! What was once only imagined about our mining potentialities, is now proven knowledge. Mining has become our third largest industry... showing over 67 million dollars revenue a year . . . proof that prosperity flourishes in British Columbia.

Capital from Eastern Canada, the United States, Great Britain, France . . . seeks investment. Our great wealth of production, developing so steadily during the past ten years, has established confidence and aroused keen interest in British Columbia's mining future the world over.

Read these announcements and understand your province's progress . . . clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

# BRITISH COLUMBIA

## The Mineral Province of Western Canada

To the end of December, 1926.

Has produced Minerals as follows: Placer Gold, \$78,018,548; Lode Gold, \$123,972,318: Silver, \$80,787,003; Lead, \$106,976,442; Copper, \$209,967,068; Zinc, \$50,512,5577; Coal and Coke, \$284,599,133; Structural Materials and Miscellaneous Minerals, \$50,175,407; making its mineral production to the end of 1926 show an

AGGREGATE VALUE OF \$988,108,470.

PRODUCTION FOR YEAR ENDING DECEMBER, 1926, \$67,188,842

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire. Mineral locations are granted to discoverers for nominal tees.

Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing-

THE HONORABLE THE MINISTER OF MINES. VICTORIA, BRITISH COLUMBIA.

N.B.-Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

Reports covering of the Six Mineral Survey Districts are published separately, and are available on application.

NEURASTHENIA

Hothouse tomatoes, lb. ..... 30c

New cabbage, lb. ..... 10c

Neurasthenia is a condition in which the nervous system becomes exhausted as a result of overwork; it is a functional neurosis marked by intense nervous irritability and weakness.

Some of the symptoms are: headache, feelings of constrictions about the neck, pain in the back, exhaustion after slight mental or physical exertion, excessive sensibility to noise, irregular heart action, disorders of vision, loss of memory, etc. The patient becomes mentally depressed, occasionally trying to do away with himself, in fact many inmates of our insane asylums are neuras-

thenics. In such cases pressure on spinal nerves becomes more or less general, thus disturbing the functions of the digestive and eliminative organs, and numerous glands of internal and external secretions.

Spinal adjustments are absolutely necessary for a permanent cure in such conditions, occasionally giving almost instant relief. Consultations Free

Economy and Convenience in the new Fairbanks Globe Valve

The new Fairbanks Globe Valve has a disc holder that can be replaced quickly and easily-which means a decided saving of time and money. The improvement in design of this valve has been made without sacrificing any of the features that have made Fairbanks Globe Valves famous for their trouble-free service and long life-the best of bronze, more threads always engaged in the bonnet, rounded seat to prevent lodging of sediment and to ensure perfect contact.

T, LOUIS STRETCHES MARGIN ON NATIONAL LEAGUE LEADERSHIP TO THREE FULL GAMES

(Special to Daily News) NEW YORK, June 20. - St. Louis Cardinals renewed their three-game hold on the Nationa! League supremacy yesterday with a 9 to 4 victory over the Cincinnati Reds, runners-up. The Reds are one-and-a-half games ahead of the New York Giants who are on even footing with the Chicago Cubs as far as wins and losses are concerned. The fifth place Brooklyn Robins dropped back by losing to the Phillies 11 to 10 in a thrilling batters' battle.

Boston and Washington shared honors in a double-header which was the only activity of the day in the American League.

Yesterday's scores : NATIONAL LEAGUE Brooklyn 10, Philadelphia 11. St. Louis 9, Cincinnati 4. AMERICAN LEAGUE Boston 5-7, Washington 1-16.

COAST LEAGUE Portland 0, Hollywood 7. San Francisco 8, Sacramento 2. Seattle 4. Missions 3. Los Angeles 9, Oakland 7,

MATCHING OF TOMMY FIELDING, CANADIAN LIGHTWEIGHT AS-PIRANT. AND PERCY LAKE OF H.M.S. DURBAN, MOOTED

Ben Self is in receipt of a telegram from Joe Bailey of Victoria, formerly light weight champion of Canada and now 'identified with the Victoria Boxing Commission, stating that, if suitable arrangements can be made, it may be possible to match Tommy Fielding. prominent Victoria boxer and reputed aspirant for the Canadian lightweight title, with Percy Lake, champion lightweight boxer of the China station who will be here next month with H.M.S. Durban, in Prince Rupert during the warship's visit. Mr. Self is taking the matter up with the local unit of the Royal Canadian Naval Volunteer Reserve and it is possible that one of the most interesting boxing bouts here in years may ensue.

Since the suggestion was made a couple of days ago by the Dally News. eneral interest has been taken in the possibility of having a boxing tournament here during the light cruiser's visit and the prospect is that something ready local boxing talent is being canvassed with a view to obtainting opponents for the men from the warship. It is felt that an outsider will have to be obtained for at least Bercy Lake.

### MEMBERS OF THISTLE FOOTBALL CLUB WERE GIVEN WEDDING GIFTS

At the conclusion of last night's football game between the Thistle and negiment, a pleasant little ceremony took place in the clubhouse of the former team at Acropolis Hill grounds when presentations were made by S. D. Macdonald, president of the club, to Jimmy Andrews, team trainer, and John Murray, one of the players, both of whom were recently married. The gifts in each case were cut glass salad bowls. Mr. Macdonald made a suitable speech in presenting the wedding gifts and both recipients responded.

SOURCE OF ROOFING MATERIAL

Actinolite, a fibrous magnesium silicate, is mined for industrial use in Ontario. Mixed with tar and other ingredients, it forms a roofing compound which is stated to be a non-conductor of heat and resistant to the weather.
