AN ANTI-NEGRO CRAZE IN AUSTRALIA APE ATTACKS MAN AT VANCOUVER; KILLED BY KEEPERS

Australia Said to Be Seething Over an Anti Negro Movement There

Trouble Arose From Raids on Colored Jazz Band and Spread Throughout the Whole Country

VANCOUVER, March 28.—A cable to the Province says sensational developments have occurred here following raids by the Melbourne police on an American negro jazz band known as Sonny Clay's plantation orchestra. A terrific attack on the importation of colored artists and boxers has followed and ex-premier William Hughes has included Italians in the sweeping offensive on the federal immigration policy.

No incident of recent years has so stirred the commonwealth and the "White Australia" cry is loudly raised. Colored musicians have had their contracts cancelled and are to be placed aboard the liner Sierra on Saturday bound for San Francisco.

RANGERS HAVE BIG LEAD ON THE PIRATES

LITTLE CHANGE FOR PITTSBURG TO GET IN ON FINALS IN NATIONAL HOCKEY

NEW YORK, March 28.—The New York Rangers virtually qualified to meet Boston Bruins in the finals of the American group of the National hockey league here last night when they routed Pittsburgh Pirates four goals to nothing.

The second game of the series will be played tomorrow and the total for the two games will decide. Based on last night's showing the Pirates are not conceded much chance of overcoming the lead of the Rangers.

The Pirates met the Rangers when the local sextette was playing at the peak of its form. Both regular and sub forward lines kept up a constant bombardment of Roy Worters, who justified his choice as an all star goalie by giving a spectacular display behind the defense, which offered slight resistance to the speedy attack of the Rangers.

TROUBLE OVER FLOOD CONTROL ON BOUNDARY

FARMERS OF MINNESOTA AND MANITOBA ALMOST READY TO FIGHT RESULT OF BUILDING DAM

WASHINGTON, March 28.—Fears that a clash between the farmers of Northern Minnesota and the Canadian authorities might develop over the proposed flood control dam constructed on the Rouseau River in Manitoba were expressed today by Representative Selvig of Minnesota, who has asked the Geological survey to obtain international adjudication of the controversy.

Selvig pointed out that settlers on both sides of the line are in fighting mood.

It is said that the dam would flood the lands of two counties in the state of Minnesota.

ARSON CHARGE AT VANCOUVER

LOUIS WALL ARRESTED FOR WOUNDING AND LATER ADDITIONAL FACTS COME TO LIGHT

VANCOUVER, March 28.—Already held on a charge of wounding, Louis Wall, 27 years of age, a salesman, has been charged with arson in connection with a fire that caused \$30,000 damage at the Army and Navy store last week.

Wall was arrested Thursday charged with stabbing Hugh G. Davis, who was seriously wounded during the altercation at the corner of Dunsmuir and Seymour streets. Additional facts have come to light which have caused the charge to be added.

ANOTHER FLURRY AT NEW YORK TODAY AS RESULT LATE BUYING

NEW YORK, March 28.—The bulls took hold of the market again today after early hesitancy and enormous buying of Continental Can carried it up \$11.50 a share to \$110.

Monkey Attacked Keeper in Stanley Park, Vancouver, Bit Him Badly and Then Escaped Into the Nearby Woods

VANCOUVER, March 28.—David Keddie, a parks board employee, is in the hospital with a badly lacerated wrist and "Hogan's Alley," a big monkey, is at large in Stanley Park, being hunted by armed keepers following a terrific struggle in the monkey house at park zoo yesterday.

Keddie was attacked by the simian when he entered the cage to feed the animals. The monkey flew at the keeper's throat and when Keddie threw up his left arm for protection, the enraged animal sunk his teeth into the tendons.

The man seized the animal, trying to wrest it from its hold but it only drove its teeth in the deeper.

Keddie then tried to seize it by the throat but failed. He then pounded it about the head with his right fist, calling for help. In the struggle the door was knocked open and the beast let go and sprang away, disappearing in the bush.

It was reported this morning that "Hogan's Alley," the Rhesus monkey imported from India, has been shot. The order to kill was issued after he escaped. After a search all afternoon and evening he was finally killed on the roof of the garden shed shot by gun and revolver volleys from Robert Norrie, greenhouse worker, and Sidney Wilson, park policeman.

Keddie, who is in the hospital with a badly lacerated wrist and leg, has been given injections as an antidote for infection.

TEN KILLED AND 35 INJURED FROM EARTHQUAKE ITALY

LONDON, March 28.—A despatch to the Daily Mail from Venice says ten persons were killed and 35 injured in a violent earthquake which shook the province of Udine in Italy. There was much property damage particularly to houses.

LONDON, March 28.—The Daily Mail states that Viscount Cave has resigned as Lord Chancellor. He has been ill for several months and recently underwent an operation.

NEW STATION SIGNIFIES PROGRESS

Significant of the development of the Canadian Northwest is the new station building of the Canadian National Railways, which has just been opened at Edmonton, Alberta. The key was turned by His Honor Dr. William Egbert, Lieutenant-Governor of the province and the station was declared open by Mr. S. J. Hangerford, Vice-President of the National system. Twenty-three years ago the first train entered Edmonton. No less than forty trains go in and out of the new station daily.

Defective Foundations Caused Bursting of St. Francis Dam at Los Angeles Stated Commission

SACRAMENTO, March 28.—Responsibility for the collapse of the St. Francis dam is placed with the builders by the Governor's committee of investigation into the cause of the disaster. The report said the failure of the dam to hold was due to defective foundations. Engineers reported that samples of the foundation quickly softened and changed to either a mushy or granular mass when immersed in water.

The commission gives the number of known dead at 236 with 200 missing. The property loss will total many millions.

STUDENTS NOT HEAR LECTURE

OBJECTION TAKEN TO LISTENING TO ADDRESS BY KU KLUX KLAN

VANCOUVER, March 28.—Students of the University of British Columbia will not hear an address by A. J. England, grand Kallif of the Ku Klux Klan for western Canada, according to a decision of the students' council. It "tends to be a sectarian and controversial subject," said Leslie Brown, president of the Alma Mater society.

Large Expenditures to Be Made on Canadian National This Season

Nine Millions for Purchase of Steel Rails and Three Millions for Telegraph Improvements with \$100,000 for Vancouver Hotel

OTTAWA, March 28.—Important additional betterments to the Canadian National system amounting to approximately \$25,000,000 are provided for in the estimates tabled today.

The net financial and capital requirements of the railway for 1928 are placed at \$30,000,000, exclusive of Eastern lines separated for purposes of the Maritime Freight Rate Act.

There is an increase in 1928 estimates over last year of \$16,500,000 but this, it is announced, is largely due to the fact that the estimates last year covered a period of only nine months against this year. Of the twenty-five millions approximately nineteen millions will be spent on betterments to the physical property.

The system is to purchase 160,000 tons of rails at a cost of nine millions.

The Canadian National Telegraphs will expend more than \$3,000,000 chiefly in extensions of its commercial facilities. The Canadian National is obligated to begin construction of its new hotel at Vancouver by November and \$100,000 is provided to meet the foundation work on that building this year.

Accommodation at Jasper Park Lodge is being increased to enable it to take care of 432 guests. New bungalows and additional facilities are being constructed at the lodge and a new log cabin camp will be erected at Emperor Falls at Mount Robson Park, 39 miles distant.

The requirements include provision for sinking funds, principal payments and interest.

FINE SCROLL TO BE PRESENTED

HON. T. D. PATTULLO TO BE RECIPIENT OF ILLUMINATED ADDRESS AT MEETING TONIGHT

A handsome scroll of welcome has been prepared by M. H. Craig, local artist, for presentation to Hon. T. D. Pattullo, minister of lands and member of the legislature for Prince Rupert, at the public meeting which will be held tonight. It is a typical example of Mr. Craig's splendid craft despite the fact that it was prepared for a rush order. The following is the text: "To the Honorable Thomas Dufferin Pattullo, Minister of Lands,

"Greeting: "As friends among your constituents we have been following with keenest scrutiny and interest your twelve years' service in the provincial government and we desire to express our most sincere appreciation of your untiring and effective efforts in behalf of this northern country.

"May you long continue to carry on the work.

"Prince Rupert, B.C. March 28, 1928."

The scroll has the effect of being turned down at an upper corner on the parchment, the following suggestive words being cleverly camouflaged and only observed on second notice: "We Want the Road."

ASPIRANT FOR CHAMPIONSHIP AT VANCOUVER

JIMMY McLARNIN ARRIVES HOME AFTER BIG VICTORY IN EAST

VANCOUVER, March 28.—Following his famous ring victory where he knocked out Terrin in the East, Jimmy McLarnin, the lightweight boxer, arrived home yesterday and was greeted by a large crowd at the railway station and by Fitch, representing Mayor Taylor. Later McLarnin visited the mayor at his office.

McLarnin is in good shape for his coming fight with Sammy Mandell in New York.

LADY MEMBER AND PEACE

Agnes McPhail, lady representative of Southeast Grey in the Dominion parliament, made rather a striking proposal in the House Monday which seems to have been taken seriously by Premier Mackenzie King although it was talked out. No one opposed the general idea. It was only the method to which they took exception.

Miss MacPhail objected to expenditures on military affairs and asked that instead there should be a department formed for the sole purpose of propagating peace among the nations. The Premier expressed himself as in sympathy with the object but he thought it was something for the whole government to attend to and not for a department.

No one asked for adjournment of the debate, so the subject was dropped automatically when the hands of the clock pointed to eleven and the House rose.

IDEAL VERSUS THE REAL

Many years ago there was in South America a peace-loving people that had reached a very high type of civilization. Many people say it surpassed anything we have today. The people were sun worshippers and they had an economic system which has been the envy of Socialists of these later days. Prescott in his history says "no man could become rich in Peru and no man could become poor. No spendthrift could waste his substance in riotous living. No adventurous schemer could impoverish his family by the spirit of speculation. The law was constantly directed to enforce steady industry and a sober management of affairs. No mendicant was tolerated in Peru." In fact, according to the account, there was a dead level of competence. The people were peace-loving and exemplified their beliefs in their every-day life.

Then came the warlike Spaniards and swept the established civilization out of existence.

The example of Peru is hardly one to be followed. Any peace propaganda must reach out to the ends of the earth. It is only the strength of the British, French and other policing systems that keeps the Mohammedans from again declaring a Jihad on the nations of the world and enforcing their religion by the sword just as did the founder of their religion. There is nothing peaceful about the communism of Russia which now and then threatens to break forth and sweep across the countries converting all to their religion of control by the ignorant few of the whole destinies of the state. The Oriental awakening may not be a menace today but no man can say when it may become active. Hordes of yellow men armed and inspired with a proper patriotic spirit could sweep the world. All these people must be first educated and then trained to co-operate for the peace of the world, a work of many generations. At one time Europe controlled all these forces. Today the control is gradually shifting to this continent. We may not have to fight but we must at any rate keep in a state of preparedness. Those who have read history have read of the barbarians from the north sweeping over southern Europe just as the German armies threatened to sweep over the modern world. It is useless to brush these things aside and say "Let us have Peace."

We agree with Miss McPhail that we should cultivate peace but to lay down our arms and expose ourselves to the dangerous inroads of the warlike would be a grievous mistake. Ideals are fine as long as they are tempered with reason.

MASSEY IN CALIFORNIA

One work of a Canadian ambassador in other countries is to educate the people of that country in regard to Canada. Those people who visited in the western states will be well aware of the gross ignorance in many quarters in regard to this country. Hon. Vincent Massey is there now delivering a series of addresses on various phases of Canadian life and his work should be very valuable in letting the people there know that we are really a nation with similar aims and aspirations to their own, with a form of government which is just as democratic as their and with a people who are virile and keen and ready to build a nation which will become a power in the world and an influence for the betterment of the race.

STEWART AND INTERIOR

Stewart people are rather worried at a suggestion that a railway connecting that town with the interior is not feasible. We have to admit we do not know anything about it, not having read the report of any engineer in regard to it.

We hope that Stewart will become the terminus of a railway connecting with the great interior of Canada. There is an immense country sufficient to supply that town and Prince Rupert. There is no reason why both should not be important ports, especially when it is considered what a huge business is likely to develop at the Portland Canal centre from the mines that are surely and steadily being developed there.

This paper has constantly drawn attention to the possibilities of Stewart and we expect to continue to do so. Many Prince Rupert people are financially interested in Stewart and they along with the rest of the community will wish to see the town prosper. The more railways are built there the better we shall be pleased.

COMPETITION FOR HOTELS

CANADIAN NATIONAL AND C.P.R. VIEING WITH EACH OTHER IN CITY OF HALIFAX

FOUNDATIONS ARE LAID

STATION AND HOTEL TO BE COMBINED WITH 160 ROOMS AT EASTERN PORT

MONTREAL, March 28.—The following official statement on the Halifax Hotel situation was issued at the Canadian National headquarters today.

In 1926 a plan which had been privately promoted for the erection of a modern hotel at Halifax was presented to the board of directors of the Canadian National Railways for consideration. The plan proposed was found to be unsatisfactory in its method of finance and was rejected. The need of more modern hotel facilities at Halifax was, however, apparent to the board, and it was recognized that with the establishment in the winter of 1928-1929 of the new and important services of the Canadian steamships between Halifax and the West Indies, this need would become still more pressing.

Protracted negotiations ensued between Halifax financiers and the National Railways in an effort to arrive at a satisfactory plan whereby the Canadian National Railways might participate in the proposed undertaking, although the inclination of the board was that the railway should construct and own its own hotel at Halifax. After negotiations had been in progress for some time the Canadian Pacific Railway was invited by the promoters to participate in the enterprise. But no decision was reached by the board of that company until September 26, 1927, when the Canadian Pacific decided to take up \$550,000 of the preferred stock of the hotel enterprise.

More than two months prior to this action by the Canadian Pacific, on July 14, 1927, Col. J. I. Balston, minister of national defence, announced the possibility of the Canadian National Railway participating financially in the building of a hotel by Halifax promoters had been considered by the cabinet and that approval would not be forthcoming for the purchase by the Canadian National Railways of minority shares in a privately financed hotel without the direct authority of parliament. On July 20, 1927, the Canadian National Railways announced that an appropriate amount would be included in the annual railway budget to be submitted to parliament for the provision of hotel facilities at Halifax.

On September 23, 1927, further representations that the Canadian National Railways should purchase preferred shares in the privately promoted Halifax Hotel were considered by the cabinet, and Col. Balston notified the president of the hotel company immediately that the cabinet had adhered to the decision reached on July 14 and emphasized the announcement of the Canadian National management to include in the provision for 1928 a railway terminal hotel at Halifax. The decision of the Canadian Pacific to take up the preferred stock of the hotel company was made by the executive committee of that railway three days later.

NOW BUILDING

The new combined station and hotel of the Canadian National Railways at Halifax, upon which foundation work is proceeding, is admirably situated to serve the transportation needs of the community, being on the ocean terminus, and immediately adjoining the present station site of the National System. Ample land was available without additional cost. The hotel is to have one hundred and sixty rooms, with an ultimate capacity of three hundred rooms. Authority is asked in the railway estimates to be tabled in the House of Commons this week for the expenditure of \$1,250,000 and the board of the Canadian National Railways believes that it has acted with wisdom and followed that course which was essential for the protection of the company's interests.

Ten Years Ago in Prince Rupert

MARCH 28, 1918.

A splendid concert was given last evening in the Empress Theatre by pupils of Prince Rupert High School under the direction of the principal, J. C. Brady. Outstanding items on the program were a dance by Miss Muriel Patmore, violin duet by Mike Szyrodek and Will Murray, choruses and gymnastic exhibitions. Over \$150 was cleared for patriotic purposes.

Word has been received that Sergeant J. H. Kelly of this city has been awarded the Military Medal for service rendered under great danger in assisting in the building of a light railway at the battle of Paschendale Ridge.

The marriage took place quietly in the Baptist Church last evening. Rev. W. W. Wright officiating, of Miss Jeffy Banks, sister of Mrs. Joseph Gay, and Gustavus Stromdahl, engineer of the Cold Storage trawler Andrew Kelly.

Don't Be a Jay Rider

"THE BICYCLE

is one of the safest vehicles of locomotion," says Mr. J. F. H. Wyse, General Manager of the Ontario Safety League.

Let's make it safer.

Last year out of over five thousand traffic accidents, in Ontario, involving automobiles, trucks, busses, bicycles and pedestrians, there were only five fatally serious bicycle accidents involving children under 16.

But even these may be lessened. They can be reduced to zero. Let motorists show every care for cyclists. Let bicycle riders this year ride still more carefully. Obey the traffic rules and signals. Safety First! Watch out for the traffic. Take no chances. Don't be a jay rider.

Ride a Bicycle You Can Depend On

The C.C.M. Bicycle is a strong, sturdy, reliable piece of conscientious workmanship in its every part. You can depend on the Hercules Coaster Brake in any traffic emergency. Cold drawn seamless steel tubing, reinforced joints,

10 Commandments for Cyclists

- 1 Keep to the right and near the curb.
- 2 Meeting traffic pass on right, overtaking traffic pass on left.
- 3 Turn right close to curb. Turn left around centre of intersections.
- 4 Raise one arm when stopping, and slowing up and to indicate direction when turning.
- 5 Ride straight. Don't wobble.
- 6 Watch for STOP signs and traffic officers' signals.
- 7 Give traffic coming from right the right of way at intersections.
- 8 Do not hang on to moving vehicles.
- 9 Don't "cut in" in front of a moving car.

GRAND NATIONAL TO BE RUN AT LIVERPOOL WITH HALF A HUNDRED ENTRIES.

UNCERTAIN AS EVER

Any One of a Dozen Horses Picked to Win Great Classic Race

LIVERPOOL, March 28.—Steeplechasing is traditionally uncertain and the Grand National, greatest contest of this kind in the world, has a long record of "upsets" in form and of heart-breaking mishaps to favorite candidates.

This year's Grand National, to be run over the historic old Aintree course on Friday, March 30, is more uncertain than ever. The entry is the largest in the history of the race, which goes back to 1839, and there is no dominant contender or popular favorite.

Upwards of half a hundred horses will face the barrier and essay the gruelling four and a half mile course with its deadly fences and dangerous water jumps.

Upwards of half a hundred horses will face the barrier and essay the gruelling four and a half mile course with its deadly fences and dangerous water jumps.

The Grand National, which has no rival anywhere in the world, has gripped the imagination fully as strongly as any previous National and a record attendance may result. This world sport is converted into one great hive of speculation on the identity of the horse who will triumph in a classic test of stamina.

LINER TO BE HELD Most of the spectators will not be able to tell one entry from another, especially when they are well away on the grind.

Sealed Tenders will be received by the Minister of Lands at Victoria, B.C. not later than noon on the 23rd day of April, 1928, for the purchase of Licence X9786, to cut 3,120,000 P.M. of Balsam, Hemlock, Spruce and Cedar on an area situated on Roscoe Inlet, mouth of Neota River, Range 3, Coast District.

WHAT I MIGHT HAVE BEEN

As Told to Harold C. Burr By PAUL WHITEMAN

I HAVE been a mechanic with a union card and everything. I like to take things apart and assemble them again, especially automobiles. After I get through I don't have a nut left over, either. That proves I'm a good mechanic.

But I can't claim any inventions. The nearest I came to that sort of fame was out in my home town of Denver, Col., when I was a youngster. I set up a water motor to run my mother's sewing machine.

Even today anything that runs rhythmically I can sit and watch for hours. I've been known to install a miniature engine on the table of my dressing room to kill the waits-between performances.

In our family there was a musical tradition I was bound to uphold. My mother was a singer. Before her marriage my sister did concert work, and for a great many years my father was supervisor of music in the Denver public schools.

Yet, after all, the rhythm in machinery and music are akin. Always it is sounds that convey to our brain when things are wrong. It's our ear that detects alike the discord of an orchestra and the knock in an automobile. That's why so many musicians are mechanically inclined.

I received some practical mechanical training first. We had a dirt track in Denver, and the crews used to stop off to race their cars around it. I got a job as a mechanic. And right here I want to throttle a libel that's been going the rounds of irresponsible gossip.

It wasn't a lark for me but a genuine grind. I learned a lot that theretofore I hadn't known about the night life from the Mersey will be delayed some hours in order that its passengers may see the race.

The fascination lies in the efforts of a wonderfully-conditioned, nervously-singer field of thoroughbreds and the ominous threat of the fences and water jumps, which have no duplicates.

Becher's Brook and the Canal Turn, as always, will take their toll of unlucky runners and the multitude will gasp at the stumbles and the hairbreadth escapes of the riders of unfortunate mounts from the thudding hoofs of more successful competitors.

When it is all over—the actual running takes only a few minutes—prizes of more value than at any time in the race's history will be divided. Thanks to the record entry, the value of this year's National will be very close to \$50,000.

FRANCE AND U.S.

The United States has sent Billy Barton, steeplechase idol of Maryland, and France has sent among many others The Coyote, a renowned jumper on continental tracks. But the experts as the race nears have dropped Billy Barton from "contention," because of his very disappointing record in the National trial races held at various courses.

Amberwave, Lady Helen McCalmont's ten-year-old horse, rules more or less favorite at odds of around nine to one against. The other most prominent candidates are Lady Partridge's Sprig, winner last year; Bovril Third, who ran third last year; Master Billie, who has had much National experience, and Easter Here, just transferred to W. P. Draper, American turfman, for \$50,000.

LAST YEAR'S WINNERS

Those who watched with delight Mrs. Partridge's horse win the race last year scan with mingling the weight table for the present Grand National. Sprig is right at the top with the punishing poundage of 175 lbs. He shares this doubtful distinction with Bright's Boy, English veteran owned by Stephen Sanford of the United States. Bright's Boy has a good National record.

PAUL WHITEMAN "I might have been a mechanic with a union card."

After I quit chaperoning that commercial gasoline beetle around the streets I went to the other extreme—I got into a symphony orchestra. But that didn't last long. Music with a hop to it was coming into vogue, and in San Francisco, I got a job jazzing.

No, there's nothing I want to be. I was born lucky and it seems to be keeping up. But there is something I like to do. I like to get out in the sticks and tip off the youngsters coming up how to get on in this profession. That's the only ambition I have now.

SPORT CHAT

Preparations are already under way for the forthcoming summer outdoor sporting season in Prince Rupert. Annual meetings of the Canadian National and Prince Rupert Tennis Clubs have already been held and play will start in full swing in the very near future.

Joe Wright, Jr., of Toronto, champion single sculler, and Jack Guest, who will be his partner in the doubles event in the Olympic sports, will leave Canada for England on June 9. Both will compete in the Diamond Sculls in the famous English Henley, in which event Wright was finalist last year.

Bert Morgan's average per innings in the junior billiard game Monday night was 3.6 and Macdonald's, 2.6. The time of the game was 1 hour and 25 minutes. Ben Self was referee, F. Joslin marker and Jack May, scorer.

K. A. BLATCHFORD AND ASSOCIATES NEVER OPERATED BUT MAKE BIG PROFIT

EDMONTON, March 27.—Ex-Mayor K. A. Blatchford, M.P., spread sunshine last Tuesday at the winding up meeting of the British and Oriental Grain Company. This company was formed by Mr. Blatchford some two years ago for the purpose of leasing the Woodward Elevator from the Vancouver Harbor Board.

The total expenses of the company after effecting the settlement are said to have amounted to \$63,500, which left, however, a profit of \$64,500.

LOCAL COUPLE MARRIED HERE

MISS LARKIN BECOMES BRIDE OF ARTHUR NICKERSON AT PRETTY CEREMONY TODAY

The First Baptist Church was the scene of an interesting ceremony this afternoon at 2:15 when Miss Buela Maydo Belle, only daughter of Mr. and Mrs. Chas. E. Larkin, 310 5th Avenue West, was united in marriage to Arthur Smith Nickerson, son of Sheriff and Mrs. S. A. Nickerson, of this city. The church was beautifully decorated with early spring flowers and ferns. Rev. W. F. Price officiated and during the signing of the register a vocal solo, "For You Alone," was rendered by Mrs. J. Muldoon.

The bride entering with her father, to the strains of Lohengrin's Wedding March, played by Miss Marjorie Lancaster, was lovely in an imported Della-Robbia model of orchid georgette with picturesque hat of variegated pansties in harmonizing shades. The bridal bouquet was composed of Ophelia roses and mauve sweet peas.

The bridesmaid, Miss Stella Nickerson, sister of the groom, was charming in an Aden green georgette gown, daintily beaded with rhinestones and wearing a picture hat to match with crown of pink rosebuds, while her bouquet was of pink and white carnations.

Ray Lancaster acted as best man and Eddie Smith and William Watt as ushers.

After the ceremony a reception was held for the relatives at the home of

MAROONS TOOK OPENING GAME SEMI-FINALS

BEAT OTTAWA SENATORS IN CLOSELY FOUGHT CONTEST AT CAPITAL LAST NIGHT

OTTAWA, March 22.—Montreal Maroons took away with them a one goal lead in the first game of the National Hockey league playoffs here last night against Ottawa Senators when Lamb got the only counter of the evening. The final game between the teams will be played in Montreal tomorrow night, the majority of goals for the series to count.

The crowd which packed the rink here last night witnessed a typical Maroon-Senator clash with close checking but not unduly rough and little advantage to either side. Lamb's goal came in the second period when he fooled the Senator defense.

This first game of the semi-finals drew a crowd of more than nine thousand leather lunged fans who filled every seat and most of the standing room in the auditorium. Governor General Willingdon and the vice-regal party were present.

INQUIRY IS MADE REGARDING LANDS

Premier Intimates That Hon. Charles Stewart Will Give Satisfactory Reply

OTTAWA, March 22.—In the House of Commons Tuesday Hon. S. P. Tolmie asked if it was the intention of the government to introduce legislation this session implementing the recommendations contained in the report of Commissioner Martin advocating the return of the B.C. lands to the province.

Premier King replied that possibly the question may be allowed to stand until the minister of the interior was in the chamber. The premier intimated, however, that he felt sure the reply of Mr. Stewart would be a satisfactory one.
