STARTING ON NEW SAWMILL TOMORROW

CHINA MAKES EFFORT UNITE FORCES AGAINST JAPANESE

Ground Will Be Broken Tomorrow for New Lumber Mill at Porpoise Harbor 6 Miles from Prince Rupert

EDUCATION AND CO-OPERATION ARE STRESSED

REPORT OF COMMISSION IN REGARD TO EASTERN FISHERIES FEATURES THIS

OTTAWA, May 9.—Education and co-operation among fishermen if the industry is to recover and thrive was greatly stressed in the report of the Royal Commission on fisheries, which investigated conditions in the maritimes and Quebec, tabled in the House of Commons yesterday by Hon. J. A. Cardin, minister of marine.

The commissioner pointed out that there had been little or no co-operation among the fishermen. The shore fish industry drifted along in a happy-go-lucky, so-as-you-will manner and the individual shore fisherman worked in his own way, often to his own disadvantage.

Subsidiary concern to J. R. Morgan Company formed for purpose of milling logs cut by them in this neighborhood

BREAKING of ground will be commenced tomorrow and it is expected to have the new sawmill of the recently formed Billmor Spruce Mills Ltd., six-and-a-half miles along the Canadian National Railway track south of Prince Rupert in operation by the fall of this year. Official announcement of the project was made today by John R. Morgan, pioneer logging operator of this coast, who is one of the principals of the venture. It will be a band mill and not a circular, including a box factory as well as the complete sawmill equipment. One of the features of the plant will be that it will be used for the sawing of fir lumber as well as hemlock and spruce. It will be the first time that fir has been sawn in the territory around Prince Rupert.

In making his announcement of the project, Mr. Morgan stated that it was merely the carrying out of a policy which his company (J. R. Morgan, Ltd.) had had in mind for some eight years when it went into logging in this district on a large scale. The mill will be an adjunct of that business. Logs cut in the mill will be largely produced by the Morgan logging concern.

SITE GOOD ONE

The site for the mill was purchased some time ago. It consists of 16 1/2 acres on the south end of Kalen Island, upon which Prince Rupert is located, in Porpoise Harbor, about a mile-and-a-half from the railway bridge at Zanardi Rapids. Adapted to both rail and water shipment, the site is on the water side of the railway. A spur track will go immediately, ties having already been ordered from the Hanson Timber & Lumber Co.

J. R. Morgan and W. E. Williams, Vancouver barrister, formerly of Prince Rupert, are the principals and are equally interested in the new Billmor Spruce Mills Ltd., which has just been incorporated with capitalization of \$250,000. Also interested in the concern are E. E. Morgan of Minneapolis, Mr. Morgan's brother, who will be located here in direct charge of the plant, and E. H. Palmer and E. J. Palmer, sons-in-law of Mr. Morgan and his associates in the logging business. Construction of the mill will be under the supervision of Joseph Portelance who will be the millwright. All the work will be carried out by the company.

The mill, when completed, will, it is expected, employ about fifty men. It will have a capacity of 50,000 feet per single daily shift. The power will be derived from steam.

Speaking of the cutting of fir, Mr. Morgan stated that it was the intention to saw all of this species that the market in the city and interior required. He explained that there were billions of feet of fir timber tributary to Prince Rupert in the Bella Coola valley and South Bentinck Arms, all north of Queen Charlotte Sound and more accessible to Prince Rupert than Vancouver. It is

CHINA STOPS HER OWN WAR

Temporary Cessation Declared in View of Critical Situation With Japan

LONDON, May 9.—Chan Tso Lin, northern dictator, sent out a telegram to all civil and military authorities throughout China today, a Reuter despatch from Peking says, proclaiming a temporary cessation of war between the northerners and southerners because of the critical situation between Japan and China in Shantung.

FIRE LAST NIGHT TOWN OF KEEWATIN

KEEWATIN, Ont., May 9.—Fire last night swept a town block, destroyed seven residences, a large ice house and two barns, causing property loss of between thirty and forty thousand dollars. Ten families are homeless.

AIR LINER'S SKIPPER: Captain Christian, who pilots a flight across the Atlantic in a 30-passenger Dornier Wal hydroplane next month. He is a friend of the Bremen fliers. He commanded German naval forces during the war.

Japanese Carried Chip on Shoulder; Chinese Knocked It Off, is Said

Ultimatum of Nipponese Answered by Artillery Fire: Emperor Grants Permission for Troops to Occupy Tsingtao: Foreigners Safe

SHANGHAI, May 9.—With a virtual state of war between Japan and Nationalist China nearly all the British and Americans, in the blood-bathed city of Tsinan are believed to be on their way to safety today, the Japanese consulate at Shanghai announced. The Nationalists refused to comply with the Japanese ultimatum demanding the withdrawal of Nationalist troops, the punishment of commanders responsible for the recent "murders" of Japanese at Tsinan and the disarmament of southern troops as well as the cessation of hostile preparations.

The Japanese stated that the Chinese opened with heavy artillery fire when the hour of the ultimatum expired yesterday morning and the Japanese replied with small field pieces.

With the Emperor sanctioning today the sending of upwards of 18,000 men to Tsingtao, the total Japanese forces in Shantung will be about 25,000.

Neutral foreigners arriving at Tsingtao from Tsinan were reluctant to voice an opinion as to how the fighting started. They agreed that there was conspicuous absence of anti-foreign feeling in the attitude of the foreigners. One foreigner said: "The Japanese were carrying a chip on their shoulder and the Chinese knocked it off."

CHAMPIONSHIP BASKETBALL TO WINDSOR, ONT.

U.B.C. TEAM BEATEN IN 40TH GAMES OF SERIES IN SECOND HALF OF EACH GAME

WINDSOR, Ont., May 9.—Windsor Collegiate Alumni last night won the senior basketball championship of the Dominion by defeating the University of British Columbia 35 to 23 in the second of a two game series that went to the borderers by a grand total of 64 to 46.

In the game last night the visiting B.C. team lead 18 to 16 at half time and, just as in the previous tussle, made a big come-back rally in the second half which carried the U.B.C. men off their feet and landed the victory by a big margin.

CAPE SPEAR IS TOWED TO PORT

CRIPPLED HALIBUT BOAT BROUGHT FROM SELWYN INLET LAST NIGHT BY SALVAGE PRINCESS

Power tug Salvage Princess of the Prince Rupert Salvage & Towing Co.'s fleet arrived in port at 10 o'clock last night, having in tow the local halibut boat Cape Spear, Capt. William Pursons, which had broken down. A broken cylinder head was the cause of the Cape Spear's trouble. Before she had started to fish, the vessel became crippled off Skidegate Spit. She was taken to tow by a trolling boat and placed in shelter at Selwyn Inlet. The Salvage Princess brought her from there, making the trip to port in seventeen hours, and delivered the distressed vessel at the dry dock.

The Salvage Princess left Digby Island this morning for Ocean Falls with the 750,000 feet of logs which were bought yesterday at sheriff's sale by the Pacific Mills.

TEAMS BUNCHED LEAGUE RACE

CHICAGO IN SIXTH PLACE YET ONLY GAME AND HALF FROM LEADERS

NEW YORK, May 9.—Thus far the easy and west series bears out the prediction that the National League would develop into a free for all involving six or more clubs. The Giants and Brooklyn went west with a firm hold on first and second place, chiefly because of the cutthroat competition among western teams. Today the Giants are still in first place but uncomfortably while Brooklyn dropped to fourth. Chicago is in sixth place, only a game and a half from the leaders.

INDIAN WOMAN LOST IN FIRE

MARY EDWARDS OF KINCOLITH BURNED TO DEATH NEAR NAAS HARBOR WHEN HOUSE IN CONSUMED

Mary Edwards, an elderly Kincolith native woman, was burned to death last week at Echo Lake, near Naas Harbor, when fire destroyed the house of David Paten, in which she lived, according to advices received yesterday afternoon at local provincial police headquarters from Constable William Smith of Anyox who had charge of the investigation into the fatality. An inquest was held at Kincolith by Coroner R. M. McCusky of Anyox, the verdict being that death had been accidental. The house caught fire from a defective stove pipe and the woman, being sick in bed, was unable to escape. The body was taken to Kincolith where burial took place.

The coroner's jury consisted of Walter E. Walker, foreman, Peter Fotheringham, C. F. Griffin, G. C. Lande, A. Rowan and Rev. Oliver Thorne.

PIONEER BUSINESS MAN, SERIOUSLY ILL RETURNS FROM SOUTH

Suffering from paralysis and his condition such that it was necessary to carry him from the steamer to his home in an ambulance, Frank Clapp, pioneer business man of the city and former alderman, came back from Los Angeles, where he has been residing for the past year or so, on the Prince George this morning. He was accompanied by Mrs. Clapp.

Yukon Ice at Dawson All Ready to Go; Cannot Hold Much Longer; Rain and Quake Aid Breakup Forces

DAWSON, May 9.—Dawson ice fans are divergent in their opinions regarding the breaking up which is but a matter of hours now. The ice sheet in front of Dawson appears solid but the shore ice is breaking fast.

The Klondike is vomiting a terrific volume across the face of the Yukon which is bound to cut a channel, releasing the main block soon.

The Yukon River broke at Stewart City last evening with a rip and bang. Ogilvie also reports a crack up occurs between now and midnight. Lots of excitement persists as the betters on the movement patrol the waterfront in a stealthy vigil from early morning until late at night.

Heavy rain fell here last night and a slight earthquake at 5:35 yesterday afternoon aid to the breakup forces. The majority of local bets, representing a fair amount beside the ice pool change hands tonight, unless the ice

Surveys Being Made of Kitselas Canyon and Bulkley River Power Possibilities With View to Interesting Capitalists

COMPLYING with an announcement made recently by Hon. T. D. Pattullo, minister of lands, two parties are now being placed in this district to conduct power surveys in the field of the Skeena River. Both parties are under the immediate charge of R. C. Farrow who will carry on work on the Bulkley River with headquarters at Hazelton, W. E. Cory, working under Mr. Farrow, will conduct surveys at Kitselas Canyon and will spend most of his time in the vicinity of Usk. Mr. Farrow is now at Terrace.

F. G. Knewstubb will be in charge of all the field work on these surveys and will outline the nature of the work to be done by the respective surveys after which he will start a survey party which is undertaking work on the Chilco River and Lake near Vanderhoof.

Mr. Farrow and Mr. Cory are already on the ground.

The intention of the company, however, to cater largely to the export market. To be used in connection with the new mill, a fine Diesel power boat "Billmer," just built in Vancouver, has arrived at Prince Rupert. It is fifty-five feet long and is powered with 65 h.p. Union engine.

Mr. Morgan is now conducting his logging operations at Mussell Inlet, some 35 miles south of Swanson Bay. He will return there on Saturday.

F. G. Dawson who has gone to Prince George is expected to return home Sunday.

MAJOR BURDE WILL RETIRE

PORT ALBERNI, May 9.—L. Arnold Hanna, mayor of Port Alberni, was nominated by the Liberals of the Alberni riding to contest the seat in the forthcoming provincial election.

C. H. JACKSON GETS REGISTRATION AS A CERTIFIED CLERK

VICTORIA, May 9.—C. H. Jackson of Prince Rupert is among those passing minor examinations and entitled to registration as a certified clerk in the results of examinations announced by the council of the Pharmaceutical Society today.

ST. MARY'S KIRK IS CHESTER CUP WINNER

CHESTER, England, May 9.—St. Mary's Kirk, owned by Sir Hedworth Meux, won the Chester Cup today. Dakota came second and Gioconda third.

MOTORMAN ON CAR KILLED

ANOTHER STREET CAR BACKED INTO THE ONE HE WAS DRIVING IN VICTORIA

VICTORIA, May 9.—James D. Chamberlain, 46 years of age, residing at Perry Street, was fatally injured last night when two street cars collided on Pitt Street at an improvised terminus near the Douglas Street intersection.

Chamberlain who was a motorman on one of the cars died three hours later in the hospital.

The car on the Mount Tolmie route was driven backward into the street car on the Uplands run, driven by Chamberlain.

ITALY WINS IN DAVIS TENNIS

ELIMINATES AUSTRALIA AS RESULT OF GAME PLAYED AT GENOA TODAY

GENOA, Italy, May 9.—Australia was eliminated from the Davis Cup Tennis competition today by Italy when Baron de Morpurgo defeated Gerald Patterson 10, 6-4, 6-3, 2-6, 6-1, giving Italy lead and deciding the victory of the series.

BODY FOUND STANLEY PARK

VANCOUVER, May 9.—Lying in the brush near the second beach, Stanley Park, the body of a man believed to be W. H. Dawson of Victoria, was found last night. The man's throat was slashed and by the side of the body was a blood stained razor.

The police believe the man had been dead a month.

NO FISH SALE.
There were only three fish catches made in this morning and the boats held over until tomorrow. The only Canadian was the Olympia with 3,000 pounds and the two American boats were the Hi Gill and the Venus.

Chief Long Asks to Be Relieved of His Duties During Sitting of Commission of Inquiry, Vancouver

VANCOUVER, May 9.—A special meeting of the city council will be held at five o'clock this afternoon to consider the position of the council following the expressed determination of R. S. Lennie, commissioner appointed by the council to conduct the investigation into police affairs, that he will not proceed further with the inquiry until he receives a vote of confidence from the aldermen.

Another development in the probe came last night when G. H. Cowan, K.C., counsel for Chief Long, announced that the chief had written Mayor Taylor making formal application that he be relieved of his duties for the balance of the inquiry. This was done it was stated in deference to the commissioner and in the hope that the commissioner may

DAILY EDITION Wednesday, May 9, 1928

BASEBALL FOR PRINCE RUPERT

There seems to be a lack of interest this year in regard to baseball. In the past the game has usually flourished and more fans attend the games than any other branch of sport. Comparatively few here go out to watch football played.

In Prince Rupert the ground is not suitable for the rugby game and lacrosse does not seem to have seized the imagination of the young people. Baseball is easily played and the cost of paraphernalia is very small.

If it is true that one club this year has grabbed all the players, that should be easy to remedy. Doubtless they are good sportsmen and will be willing to pool all the members and distribute them fairly in order to get a series of games going. Winning is not everything in sport. The game is the thing.

If it were true that members of teams were bonafide members of the organization backing them, the system of distribution could not take place. This not being the case, some arrangement should be possible by which those who profess to be interested in sport could apportion players and have a very interesting three team league that would provide sport for the players and enjoyment for the fans who would go out to watch the games.

HERDING MOVEMENTS

It is difficult to understand the psychology of those herding movements which influence large groups of people to do certain things at certain times. Just now in the north the caribou are travelling to their summer feeding grounds, urged thereto by the coming of spring. In Roumania the peasants are chasing a phantom in the hope of getting better government. They are acting together much as are the caribou and the underlying urge is much the same. They want conditions which will give them better living. They have united for the cause and are trying to move together.

We find that at certain times a mania seizes the people of a country. They become dissatisfied and move together for some cause. Now and then a religious mania sweeps a country as it did in Wales some years ago. It may be a temperance mania or a licentious mania. It is like an infection. It spreads from family to family and from town to town. In Russia the Bolshevik movement spread that way and the same seems to have happened in China. In each case there was an ignorant population ready to be influenced. The Roumanian peasants seem to be a somewhat similar people.

It will be interesting to watch the outcome of this rising of the peasants and how much benefit they and the country as a whole will get from the movement.

SPECTACLE AT VANCOUVER

It is not a very edifying spectacle that is in progress in Vancouver in connection with the police probe. The big B.C. city is the leader in many lines and it is to be hoped it will give us all a lead in the matter of the orderly running of the affairs of the community. The washing of dirty linen in public and the efforts of the criminally inclined to cover themselves is most demoralizing and tends to make people wonder whether it is a good thing to live in a big city.

THE PRINCE CAROL CASE

The British government undoubtedly has the right idea when it says that a visitor to that country must not use it as a base from which to interfere with the properly constituted authority of some other country. No matter what people may think of the settlement of the Roumanian succession, Britain cannot be a party to interfering with that country in its governmental activities. If the Roumanian people wish to have a boy king instead of the dissolute father, there is no good reason why they should not do so. Prince Carol seems to be a man who has neglected his proper duties and now wishes to be given the right to upset the mature judgment of the people over whom he would now be the lawful head if he had behaved himself.

DOLLY VARDEN MINE TO WORK

COLONEL VICTOR SPENCER AND ASSOCIATES WILL EXPLORE NUMBER FIVE CLAIM

The Dolly Varden and Wolf mines will be opened this year by Col. Victor Spencer and associates of Vancouver, says the Alice Arm Herald. Operations to commence as soon as the snow is off the ground.

It is the manner of conjecture at the present time as to what form operations will be carried on this year. Advice from the south state that the old workings of the Dolly Varden will not be explored this year, but that the work will be concentrated on the Number 5 claim, which is at present undeveloped, and also the Wolf mine.

The Dolly Varden ceased operations in 1920, except for a little work in 1921 and owing to entanglements it was not possible to again operate it.

In its palmy days it shipped high grade silver ore of incredible richness, and it is anticipated that no serious difficulty will be encountered in locating other rich bodies of ore.

The Wolf, which lies across the river, about 3 miles north, contains some of the largest surface showings of silver ore in the province. Diamond drilling in 1916-17 proved these ore bodies at depth, but since that time the property has been idle. It comprises a part of the Dolly Varden holdings.

Col. Victor Spencer and associates have also taken option on the Moose mine and Climax. Negotiations are proceeding for the securing of options on the Chance and Silver Hoard, and it is expected that agreements will be signed by the owners today or the early part of next week.

SHORT OPTIONS

Options on all four properties are to July 31, but in the meantime, as soon as snow is off the ground, they will be given a thorough examination by a mining engineer, who will decide upon their retention.

Miles Donald, who returned on Thursday from a visit to Vancouver, is conducting negotiations for Col. Victor Spencer and associates.

The Moose property consists of five claims. It is situated on the east side of the Kitsault River and is owned by Miles Donald of Alice Arm, Don Cameron of Ontario, and Chris Nelson of Denmark. It is about four miles from the Dolly Varden. Considerable work was done in 1921 and a good tonnage of milling ore developed.

The Climax consists of two claims and is owned by Olier Besner of Prince Rupert. Tunnels have been driven on the ore body and the property appears very promising.

All of the above mentioned properties are in the upper Kitsault country. The Wolf is three miles north of the Dolly Varden. The Silver Hoard joins the Wolf, Climax and Moose joins Silver Hoard, and The Chance joins the Moose.

TOTEM WORK TO PROCEED

T. B. CAMPBELL WILL HAVE CHARGE THIS YEAR AT KITSEUGLA NATIVE VILLAGE

WINNIPEG, May 9.—To commence his summer's work of restoring Canada's oldest monuments the totem poles of the Skeena River Valley, T. B. Campbell of the engineering department of the Canadian National Railways here, leaves today for Hazelton, B.C. Mr. Campbell will have charge of the work which was instituted three years ago by the department of Indian Affairs and has been carried on every season by the department and the Canadian National, along whose lines the poles are situated. Since the work began, 20 poles have been restored at the Indian village of Kitseugla, 12 at Kitseugla Canyon and two at Prince Rupert.

"I shall undertake as many as possible of the 18 totems at Kitseugla, Skeena Crossing this summer," he said, "they are very fine specimens and stand in full view of the passing trains."

Mr. Campbell expects, also, to complete the work on the pole owned by the railway at Prince Rupert—one of the largest, oldest and heaviest in British Columbia.

Giving decayed poles new backbones, setting them firmly on their feet in concrete, crocoting and painting them—restoring them and saving them from time and the weather—are not the least of the difficulties.

Winning the understanding and co-operation of the Indians is the first task, but it has been accomplished by tact and sympathy in the past and the Indians are beginning to appreciate the motives of the white men in preserving the grotesque but in their own way beautiful relics of the colorful past.

CONTROL OVER FRUIT MARKET

COMMITTEE OF DIRECTION APPOINTED BY GROWERS AND ORDER PASSED

VICTORIA, May 9.—Hon. E. D. Barrow yesterday put through his order-in-council under the Produce Marketing Act instituting a committee of direction to control and regulate marketing of strawberries, raspberries, loganberries and blackberries.

The order covers the whole of the lower mainland as far east as Revelstoke and south to the railway belt.

The growers yesterday nominated Alex Rankin of Mission and Fred Cox as representatives on the committee. The government will appoint a third member.

The district covered included practically the whole berry producing area of the province with the exception of Victoria and Vancouver Island and Terrace fruit district in the Skeena country. Terrace may, however, be brought under the control system later and the Islands and Creston district are springing to co-operate with the committee, giving practically province-wide control of this year's small fruit crop.

TERRACE SCOUTS RECEIVE CHARTER

Supper Served and Talks Given by Two Clergymen and Others

TERRACE, May 9.—At their weekly meeting held on Friday evening last the charter was presented to the local Boy Scout Troop, and the event was celebrated by a supper to which the Trail Rangers and their leaders and members of the committee were invited.

Supper was served under the direction of the two patrol leaders, Jack Sparkes and Donald Barnett, following which appropriate addresses were made by W. H. Burnett, a member of the committee and by A. Holmwood, trail ranger mentor. Rev. T. J. Marsh who has long been associated and always interested in the work among the boys, was present and addressed them in a jovial way, but admonished them to endeavor to live up to the principles of the troop.

A forceful talk was also given by Rev. Wm. Allan who presented the charter for safe keeping to the scout chaplain, Rev. A. W. Robinson, he, in turn, making a suitable address.

The speakers were introduced by Scoutmaster S. N. Kirkaldy, to whom goes the credit of organizing and carrying out the work of the boy scouts, who themselves chose him as their leader.

The summer's program of scout work promises to be a very full one and includes a session in camp at Lakelse Lake to which the boys are all already looking forward.

TERRACE

E. Milton of Vancouver arrived from the south on Saturday to take the position of mechanic in the Terrace Motors Garage.

W. R. Bucknell and W. B. Bennett of Vancouver were visitors here at the week end.

E. C. Baylis, Union Oil Co. representative of Prince Rupert, was in town at the beginning of the week.
F. J. Tolhurst, Nadina River was in Terrace at the end of last week.
Mrs. George Little and Edith returned

Does it?

Does your Appetite or Vitality suffer from tell-tale Indigestion?

"My system was poisoned, I was really ill. The doctor advised Fleischmann's Yeast to help clear up the condition. For several months I took it. I began to eat better. My health returned to normal. More than that, my face was entirely cleared of pimples. I cannot praise Fleischmann's Yeast too much and would recommend it to everyone at a tonic and health builder."

MARGARET MOORE, Toronto, Ont.

Languid appetite... mental depression... sagging vitality... These are commonest symptoms of the common ailment of today—indigestion.

The cause is faulty elimination. The system is shirking its proper work. Instead of cleansing the body of poisons, they are harboring harmful bacteria.

Intestinal indigestion and intestinal poisoning are the results of the way we live and eat today. We eat soft, fibrous food where paltry-tickling flavor replaces the stimulating, nutritive stuff of nature.

Medicine is no magic cure. Cathartics are habit-forming. They aggravate conditions they should correct.

The way out is nature's way—through proper food. You do not have to change your diet. You have only to add a food—the one food that corrects constipation and aids in nourishing the body.

This food is yeast—a tiny fresh vegetable, as much a product of nature as a crisp lettuce leaf.

It trains the intestines to clean themselves through its action on the waste matter and the walls of the alimentary canal.

Three cakes of yeast a day before or between meals—have been known to cure short years the Great Health of Canada.

Prescribe this diet for yourself. Give it a fair trial. A few weeks will show results in refreshed vitality. Ninety days will bring you the full benefit.

Tell your grocer to add your name to his list for regular delivery of as many cakes as your family requires, three for each member.

A very interesting booklet on "Obtaining Health" will be sent you, gratis. Write to the Fleischmann Co. Dept. 2700, 1166 Burrard St., Vancouver, B.C.

The THRICE-A-DAY Health Custom

FLEISCHMANN'S Yeast The Food for Health

on Monday after accompanying A. E. Little to the Prince Rupert hospital on Sunday.

E. L. Davies, Port Essington, was a visitor here at the end of the week.

R. Bramley, Nanaimo, arrived from the coast on Saturday and spent a few days in town.

A. A. McDonald of Uak was in town at the week end.

Prize winners in the essay-competition on "Why Should I Buy Empire Goods" staged by the Terrace Board of Trade in connection with Empire Shopping week have been announced as follows:

High School—Jessie Nash and Doris Robinson (equal).
Grade 8—Annie Allan.
Grade 7—Adeline Thomas.

The judges were H. Halliwell, A. H. Barker and Dr. Brummitt.

ALICE ARM

Anyox Conservatives have gone on record as favoring the candidacy of T. W. Falconer of Alice Arm for Atlin riding in the next provincial election. Dr. Learoyd is president of the newly formed Conservative Association in the "melter town."

Up to the present time over 400 new names have been added to the voters' list for Atlin riding. This figure will be increased after courtship of revision.

"PROVINCIAL ELECTIONS ACT"

PRINCE RUPERT ELECTORAL DISTRICT

NOTICE is hereby given that I shall, on Monday, the 21st day of May, 1928, at the hour of 10 o'clock in the forenoon, at the Co.-B.-house, Prince Rupert, hold a sitting of the Court of Revision for the purpose of revising the list of voters for the said electoral district and of hearing and determining any and all objections to the retention of any name on the said list, or to the registration as a voter of any applicant for registration, and for the other purposes set forth in the "Provincial Elections Act."

Dated at Prince Rupert, B.C., this 5th day of April, 1928.

REGISTRAR OF VOTERS,
119 Prince Rupert Electoral District.

MINERAL ACT (Form F.)

CERTIFICATE OF IMPROVEMENTS NOTICE

Princess Pat, Lot 4366; Pilot, Lot 4367; R.A.F., Lot 4368; Observer, Lot 4369, Mineral Claims, situate in the Atlin Mining Division of Cassiar District, Where located: On Munro Mountain about four miles from the town of Atlin.

TAKE NOTICE that we, James Stokes and C. R. Fraser, Free Miner's Certificate No. 89980-90061, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action under section 85 must be commenced before the issue of such Certificate of Improvements.
Dated this 5th day of March, A.D. 1928.
H. McN. FRASER,
Agent.

Ten Years Ago in Prince Rupert

MAY 9, 1918.
Rev. W. E. Collison and Rev. Canon G. A. Rix officiated at the funeral for the late Mrs. John Carroll yesterday afternoon. The Anglican Church was filled with sympathizers and there were many floral tributes. Pallbearers were C. F. Kemp, John Myhill-Jones, William Reith, George Hill, George Williams, Edward Smart, P. H. Linzey and Harry Atkins.

Word has been received in the city of the recent marriage in Victoria of Miss Emily Hunter and John M. Morrison, the latter being a pioneer resident of the city. They will take up residence at Alice Arm where the groom is engaged in the transportation business.

The music club gave a splendid rendition of the operat "Lohengrin" in the Presbyterian Church last night. W. E. Williams and Mrs. C. L. Monroe told the story of the opera and John E. Davey, Miss Brand and H. Harvey participated in the musical roles.

"You're a good little sport! That's the only way to get through the world these days. Plenty of pep and sparkle gets you anywhere."

A Good Little Sport!

HELEN and Sue — self-sufficient and self-supporting—flippantly broadcast their belief that a wedding-ring on the finger forged an indissoluble band of iron around one's soul! And to verify their philosophy, they would point to the little wan face of Eva Holbrook as she gazed sadly into the courtyard of her dingy one-room apartment opposite them.

Alone in New York, Eva was the child-wife of a drug addict who, having discovered that his dreams had cheated him, became a recluse and forbade his wife the companionship of friends. Having learned Eva's pathetic story, they took pity on the lonely little girl. They invited her over to their smart apartment—unknown to her husband—dressed her up in their chic clothes, introduced her to their sophisticated, free-and-easy friends . . . and, unwittingly, imbued her with their cynical philosophy of life and marriage.

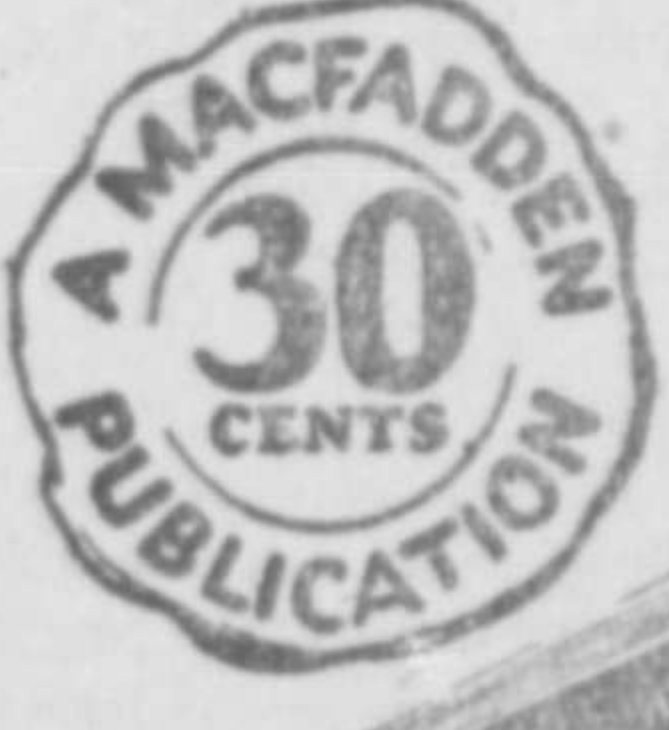

Eva learned to be "a good little sport"—learned to enjoy the thrill of luxury and the flattery of admiring men. She was

pretty to look upon and budded forth like an exquisite rose under the spell of her benefactors' generosity. Eva drank freely of Life's luxuries, never once stopping to consider that she was a social impostor, a parasite—the object of pity and charity.

The two girls had thought only of giving Eva a glimpse into their world of happiness, for it was a new experience to them to watch the metamorphosis which clothes, jewelry, cosmetics and flattery wrought. They never dreamed that their philanthropy or their idle words about matrimony would take root, nor that stark, cruel tragedy would fling back into their faces their thoughtless words and deeds. For, one day, when Eva's husband . . .

But to appreciate the realism, the pathos and the tragedy of this true episode from life, you really must read the story itself. It appears in the June issue of TRUE STORY MAGAZINE — now on the newsstands — and is entitled "SHE PLAYED THE GOOD LITTLE SPORT."

DENTIST

FOUND CENTRE OF UNIVERSE

ANOTHER SCIENTIST SAYS AGE OF METHUSELAH WAS AGE OF TRIBE, NOT MAN

DUCTLESS GLANDS

FOUNDATION OF MEDICINE TO BE LAID ANEW PREDICTS UNIVERSITY PROFESSOR

PHILADELPHIA, May 9.—Astronomers have got our universe—the galaxy in which man is so minute a speck—fairly well centred, and now place its central points in the milky way at a distance of about 52,000 light years from the sun. Dr. Harlow Shapley, director of the Harvard University observatory, reported to the American Philosophical Society recently. For several years the observatory has been studying a region that embraces about 95 per cent of the galaxy, or about one-fifteenth of the sky, feeling out the star clouds with as many tools as possible in search of the centre. Not only has that point been approximated, but the pole of our galaxy has been fairly well determined. Dr. Shapley said, while its shape may be concave instead of flat. He estimated that the diameter of the galaxy is 200,000 light years.

AGES OF ANTEBIBLIANS
Dr. Robert P. Field, of Philadelphia, in a paper on the ages of the Antediluvian Patriarchs mentioned in Genesis, suggested these writing contained not only the histories of individuals but of tribes bearing their names. "The names from Adam to Terah," he said, "with their unaturally long 'ages,' are perfectly understandable as clans, tribes, etc. Thus the clan of Adam lived 930 years, that of Seth 912 years, while they personally, instead of being the fathers of sons at 96 and 105 years, died at these ages." Dr. Field found that Adam flourished at about 15,000 to 20,000 B.C. "instead of the traditional 4004 B.C."

DUCTLESS GLANDS
The conclusion that the ductless glands of the body constitute the mechanism through which the life process itself is sustained, and by means of which it is protected against disease and death, was advanced by Dr. Charles E. de M. Sajous, professor at the University of Pennsylvania graduate medical school. Forty years of medical research have convinced him that these glands are really the foundation of the most vital system of the body, that of tissue respiration, or the distribution of oxygen to all the cells. The heat energy which they liberate has for its purpose, he said, the acceleration of chemical ferments which are the direct factor in sustaining cellular metabolism and tissue life.

CHURCH COURT TO TRY BISHOP

METHODISTS WILL SELECT COURT TO SIT IN JUDGMENT ON ONE OF OWN LEADERS

KANSAS CITY, May 9.—For the first time in history, a bishop will be tried by a tribunal of the Methodist Episcopal church.

When the quadrennial general conference, the law-making body of the Church, meets here in May, it will select a court of 17 ministers to sit in judgment on Bishop Anton Bast of Copenhagen, who already has served a prison sentence following conviction in the civil courts of Denmark for misappropriating charity funds.

Bast, now under suspension from his office, has protested his innocence of misusing money entrusted to him, and an investigating committee headed by Bishop Thomas Nicholson of Detroit has refused to sustain the charges. But the committee brought about his temporary suspension for "imprudent and unministerial conduct."

At the civil trial in Denmark, there was testimony concerning his relations with Mrs. Ellen Vedel, the wife of a government official, and about a yacht owned by him and Mrs. Vedel, and also about his personal expenditures totaling \$200,000 in eleven years.

While the investigating committee voted against sustaining the charges involving money, it referred these charges, along with the one of "imprudent and unministerial conduct" to the

The Bus Driver

Buses have to operate on schedule and we make sure of dependable service by using Champion Spark Plugs.

Champion is the better spark plug because it has an exclusive silt-manite insulator specially treated to withstand the much higher temperatures of the modern high-compression engine. Also a new patented solid copper gasket-seal that remains absolutely gas-tight under high compression. Special analysis electrodes which assure a fixed spark-gap under all driving conditions.

CHAMPION Spark Plugs

Windsor, Ontario
A CANADIAN-MADE PRODUCT

general conference. The court, presided over by a bishop, will hold secret sessions. Its findings will be final, but subject to review by the conference itself. Thus a dissenting opinion by one or more members of the tribunal may result in the airing of the case before the gathering of 900 delegates and thousands of visitors from 35 countries.

Expulsion from the church as well as permanent excommunication from the ministry may be the penalty inflicted by the ecclesiastical court.

Bishop Bast was born in Denmark 60 years ago and became a Methodist pastor at Vejle when he was 23.

In 1910 he went to the Jerusalem church in Copenhagen, one of the most important Methodist posts in Europe. He launched Central Mission as a part of the church's work and later started

a paper, "The Lighthouse," as an organ for the mission.

Finances of this publication led to his imprisonment for three months in 1926. It was his conviction that the enterprise did not make a profit, whereas the civil court found that the newspaper made a profit of \$47,884 in ten years and found him guilty of misappropriating a large part of that sum.

GAME SCARCE NEW ENGLAND

SCARCITY OF RABBITS IN FAR NORTH DRIVES PREDATORY BIRDS TO STATES

BOSTON, May 9.—Scarcity of rabbits and mice in the northern regions during the past two winters is indirectly responsible for a very considerable decrease in the number of game birds in New England and other sections of the North American continent, according to Dr. Edward Howe Forbush, director of the estate department of ornithology.

Dr. Forbush is in frequent radio communication with Commander Donald MacMillan, now in Labrador, and information furnished by the noted explorer has been of much value in forecasting the movements of goshawk and other birds of prey, which work havoc on New England game birds when driven from their Arctic haunts by scarcity of food.

"Commander MacMillan reports that there have been no mice, grouse or rabbits in Labrador during the past two winters," said Dr. Forbush. "Ordinarily there are plenty of rabbits, but they become so numerous that they contract disease and are wiped out. Then carnivorous birds and animals turn on the grouse, and when the grouse become scarce the hawks and other birds of prey come down here. With their regular food supply scarce, we have been visited by large flights of goshawk and snow owls during the past two winters. Examination of goshawk killed has shown the bird's diet to be almost exclusively grouse, or partridge, as the bird is frequently incorrectly called. There were fewer snow owls here last year than two winters ago, probably because of the large number shot on their first visit. Goshawk, however, are not so easily killed.

"Grouse were probably never so scarce in New England as they now are," said Dr. Forbush. While a periodic sickness is known to have taken many of their number, their natural enemies have probably been more destructive. The real solution of saving the native grouse lies in the establishment of adequate game sanctuaries. I believe the grouse will come back, but never in the numbers we once knew the bird."

PIGEON AND CAT AT JASPER ARE FRIENDS

Cat Climbs to Roof of House and There is Much Chasing and Fluttering

The animal world occasionally sees strange friendships between animals of various kinds—dogs that befriend chickens—cats that adopt baby pigs, and the like, but the friendship of a Jasper cat for a common pigeon is arousing the interest of residents of that place to a lively pitch.

F. W. Powers of Jasper, who reports the incident, says that the cat, a handsome Angora, climbs out on to the roof of its home through an upper window.

The pigeon, from some nearby perch, sees its feline playmate, and instantly flies down to the roof.

Then ensues a real game of "chase," the pigeon flying and fluttering away, and the cat running to and fro along the roof, as this strange game proceeds.

Observers state that the two have been playmates for several days now, and the outcome is being watched with much interest, cynics quoting the fable of the celebrated "young lady of Riga," who went for a walk with a tiger" as basis for their belief that one of these days puss will return from the game as "old line tiger" who, so runs the fable, "returned from the ride with the lady inside, and a smile on the face of the tiger."

SECOND ROUND OF BILLIARD TOURNAMENT IS NOW COMPLETED

The second round of the city billiard handicap under the auspices of the Grand Terminal Club was completed last night when Aid. G. P. Tinker (-35) eliminated M. M. McLachlan (5) by a score of 200 to 192.

The first game of the third round proved a close affair, Fred Stephens (-40) defeating R. Hemming (plus 55) by 200 to 190.

Games remaining to be played in the third round are as follows: T. Gagnon vs. A. Donald, M. Andrews vs. S. D. Macdonald, Aid. G. P. Tinker vs. Joe Secaley.

HAG PARTIES LATEST WITH MAYFAIR GIRLS

LONDON, May 9.—Bored Mayfield girls have invented the "hag party," feminine counterpart of the stag party.

The term was invented by the Honorable Ruby Hardinge, sister of Viscount Hardinge, aide to the governor general of Canada, to describe a gathering of her women friends whom she invited to celebrate the passing of her "bachelorhood" on the eve of her marriage to Major Beaumont Beshitt of the Grenadier Guards.

The "hag party" differed, however, from its masculine equivalent in that the guests were mostly married women.

So easy now to prevent Perspiration Odour

Margaret's frocks were always charming, her headdress lovely and her skin beautifully white and smooth . . . she seemed literally a picture of personal refinement, but . . . perspiration odour! So offensive, yet now wholly needless.

Millions of refined persons have learned that to keep the skin wholesomely sweet and clean, it is only necessary to change to Lifebuoy Soap, for all Toilet Soap purposes.

This delightful aid to personal charm, gives every service you expect from the choicest toilet soap . . . and more.

Lifebuoy's antiseptic lather not only cleanses and keeps beautiful the skin, but actually purifies the millions of tiny pores and banishes perspiration odour from bath to bath.

And there is no Price Penalty

The attractively packaged, orange red cake costs less than many "soaps" which being just soap, lack Lifebuoy's priceless purifying quality.

BOTH NEW YORK TEAMS BEATEN

ST. LOUIS, PITTSBURG AND CINCINNATI MENACING SUPREMACY OF GIANTS—PHILADELPHIA AND CLEVELAND AFTER YANKEES

(Special to Daily News) NEW YORK, May 9.—In a general switch around in the west, both New York Big League baseball teams lost their games yesterday. The Giants lost out 6 to 4 in a stiff struggle with the Pittsburgh Pirates, who are threatening their stronghold, while the Yankees were shut out three to nil by the Cleveland Indians, who are also in pursuit of a pennant. The heavy hitters of the Yankees had an off day and what little they did attempt was handed easily by their opponents.

The Giants have but a half game lead in the National League over the St. Louis Cardinals, Pittsburgh Pirates and Cincinnati Reds and the Yankees have a similar margin over the Cleveland Indians. The Philadelphia Athletics are in second place by virtue of having played fewer games. They beat the St. Louis Browns in a tight, 4-3 contest yesterday.

Chicago White Sox were relegated to the American League cellar by Boston which won 5 to 1. The Bostonians were formerly in the basement.

Yesterday's scores were as follows:

NATIONAL LEAGUE

New York 5, Pittsburgh 6.
Brooklyn 3, Chicago 4.
Boston 2, Cincinnati 7.
Philadelphia 4, St. Louis 15.

AMERICAN LEAGUE

Cleveland 3, New York 0.
Chicago 1, Boston 5.
St. Louis 3, Philadelphia 4.
Detroit 12, Washington 2.

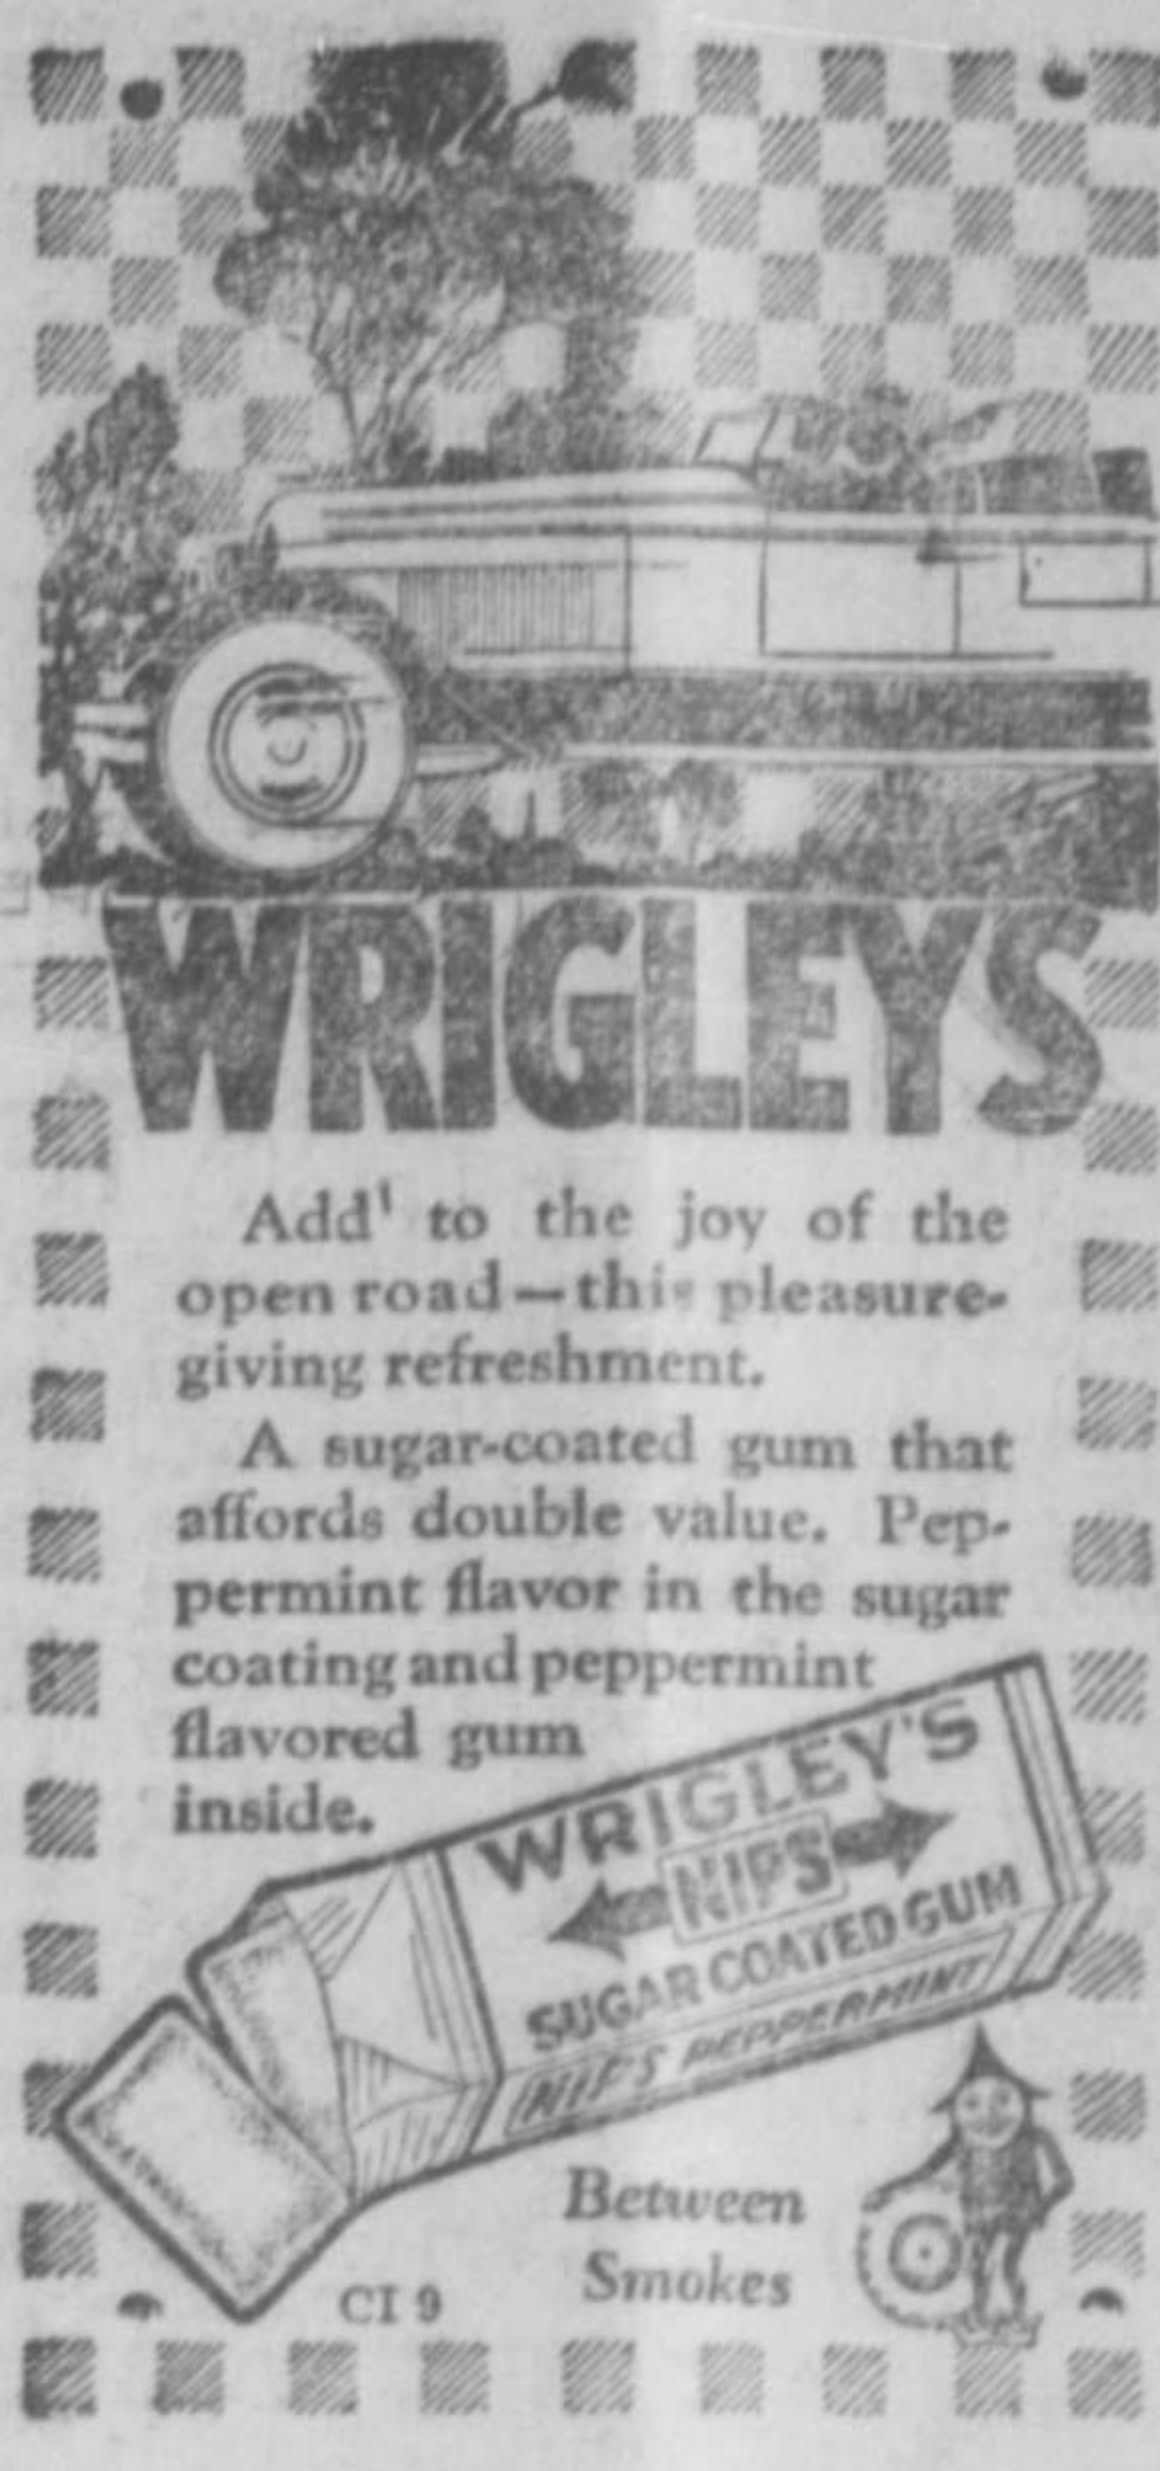

COAST LEAGUE

Seattle 10, Hollywood 4.
Los Angeles 4, Sacramento 5.

Those who bet their money on Delaney are voicing the sentiment that there was something shady about the knockout given by Sharkey to the Canadian champion. Investigation is said to be going on.

DRAW MADE FOR SOCCER SERIES

STUART SHIELD COMPETITION, OPENING OF SEASON, TO COMMENCE ON MAY 18

At a meeting last night of the executive of the Prince Rupert Football Association, the following draw was made for the Stuart Shield series, the season's opening soccer competition:

- May 18—Thistles vs. Regiment.
- May 22—Grand Terminal vs. Thistles.
- May 24—Regiment vs. Grand Terminal.
- May 29—Regiment vs. Thistles.
- June 1—Thistles vs. Grand Terminal.
- June 5—Grand Terminal vs. Regiment.

SPORT CHAT

The prospect now seems to be that there will be no "legit" baseball played in Prince Rupert this season. Little interest is seemingly being taken in organization and certain persons, who have been leaders in the sport these past several years, state that they will have no time for it this year.

At Winnipeg Carl Pollock, a student of the University of Alberta, won the western Canada snooker championship, defeating A. Ferguson, Manitoba champion.

Arrangements are being made to broadcast the Olympic games as they are played. Here will be a chance for the broadcasting stations in this country to arrange a hookup.

Rheumatism prevented E. M. Baerlein from defending his title as English amateur tennis champion. Since the war he had held the title each year.

Boxing sometimes has the appearance of being rough but it is nothing to a wrestling bout such as that between Strangler Lewis and Nick Lutze which lasted for 1 hour 20 minutes and at the close of which the Chicago boy was

Around The World With Sport Fans

(By The Tramp)

At Winnipeg Carl Pollock, a student of the University of Alberta, won the western Canada snooker championship, defeating A. Ferguson, Manitoba champion.

If Foley fails to win tonight, a great many people will be wondering why it is they are always ready to back the west against the east.

Arrangements are being made to broadcast the Olympic games as they are played. Here will be a chance for the broadcasting stations in this country to arrange a hookup.

Rheumatism prevented E. M. Baerlein from defending his title as English amateur tennis champion. Since the war he had held the title each year.

Once more attention has been drawn to the need of a golf course at or near Prince Rupert. The difficulty is to find a site. It is thought that possibly there may be a piece of land near the road beyond Galloway Rapids which may later be available for the purpose.

Boxing sometimes has the appearance of being rough but it is nothing to a wrestling bout such as that between Strangler Lewis and Nick Lutze which lasted for 1 hour 20 minutes and at the close of which the Chicago boy was

BRITISH COLUMBIA

The Mineral Province of Western Canada

To the end of December, 1926.

Has produced Minerals as follows: Placer Gold, \$78,018,548; Lode Gold, \$125,972,318; Silver, \$80,787,097; Lead, \$106,976,442; Copper, \$209,967,968; Zinc, \$50,512,577; Coal and Coke, \$284,599,133; Structural Materials and Miscellaneous Minerals, \$50,175,407; making its mineral production to the end of 1926 show an

AGGREGATE VALUE OF \$988,108,470.

PRODUCTION FOR YEAR ENDING DECEMBER, 1926, \$67,188,842

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees. Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing—

THE HONORABLE THE MINISTER OF MINES, VICTORIA, BRITISH COLUMBIA.

N.B.—Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

Reports covering of the Six Mineral Survey Districts are published separately, and are available on application.

BASEBALL FOR 24TH TERRACE

HAZELTON TO PLAY AGAINST FRUIT GROWERS ON HOLIDAY AND OTHER SPORTS PLANNED

TERRACE, May 9.—Baseball is to be the big feature of the May 24 celebration here this year. Arrangements are in the hands of the local baseball club which is bringing a team from Hazelton for the big match.

Other sports and games will be arranged and a dance in the evening will complete the program.

ICE HOCKEY BECOMES POPULAR IN FRANCE

PARIS, May 9.—Ice hockey is getting so popular in France that a new "Ice Palace" is to be built on the Champs Elysees for interregional and international matches.

Hockey has long been played in Paris, but on a small rink and to a visitor from the United States or Canada seemed a very tame affair. Interest in a better grade of game dates from the winter Olympic games of 1924 at Chamonix, and was greatly stimulated by the recent games at St. Moritz and the subsequent appearance of the champion Canadian team in exhibition matches here.

5,000 LANDING FIELDS IN U.S.

GENERAL INTEREST IN AIR DEVELOPMENT WITH AIRPORTS INCREASING IN NUMBER

WASHINGTON, D.C., May 9.—There are now 5,000 landing fields for airplanes in the United States. The Commerce Department figures 1,075 of these fields are equipped with sufficient facilities to qualify as airports and admit approximately 4,000 additional fields for emergency or temporary use of aviators are now being placed upon flying maps.

Of the 1,075 landing fields graded as airports, 231 are beacon and flood-lit, and open to use by night as well as day. Every state in the union now has one or more of the airport landing fields. The port not only furnishes space for planes to alight but also repair shops, fuel supplies, hangars, and sometimes radio beacons for guidance.

The official list of airports assigned 115 fields to California and 90 to Texas. Pennsylvania was credited with 68

TO CONTINUE EFFORTS TOWARD ORGANIZATION INTERMEDIATE LEAGUE

A special effort will be made by Ben Seif and S. D. Macdonald, heading a committee of the Prince Rupert Football Association, to organize another team or teams to form an Intermediate League this season together with the Royal Canadian Naval Volunteer Reserve eleven which is already entered but so far has had no opposing entries. It was reported at the meeting of the Association last night that the material was available for the additional teams but would have to be organized. Delegates at the meeting last night, which arranged the dates for the Stuart Shield series, included J. R. Tannock of the Thistles; Ben Seif, Grand Terminal, and C. J. Norrington Regiment. The Naval Reserve was also represented.

FOR A SQUARE DEAL, COME, SEE GOLDBLOOM!

This is not to advertise a sale—although this year marks the termination of fifteen years in business for me in Prince Rupert—but to give the public an opportunity to get their spring cleaning. I have just received a large shipment of the latest fur trimmings. Make your old coat look like new or I will have the work done for you on the premises at a reasonable charge. An invitation is extended to all to come and see my new stock of all goods. If you want a square deal, see Goldbloom! 733 Second Avenue. Phone 522. 112

SHERIFF'S SALE

Between: Gladys Jones and Ray Reed, Plaintiffs; And Dumont and Emmerson, Defendants.

TAKE NOTICE that in accordance with an order of His Honor Judge F. McE. Young, dated the 27th day of April, 1928, I will sell 16 sections of Spruce and Hemlock Logs now being afloat near Digby Island Wireless Station. The same being logs cut by the above named Defendants and on which the Plaintiffs claim a lien. Sale to take place at Sheriff's Office, Court House, on the 8th day of May, 1928, at 2:30 o'clock in the afternoon.

HUMWOOD HOUSE IS HOME FOR UNMARRIED

TORONTO, May 9.—Sixteen years ago Humwood House was founded and during that period some 250 young women who have been unmarried mothers have been cared for. There are now 16 in residence. Not only have these girls and young women a domicile, but they are taught useful crafts and pursuits by which they may earn a living when they go out. A position is also obtained for each.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 3,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes, minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stampage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, the lease being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 40 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free or partly free permits are available for settlers, campers and travellers, up to ten head.
