NICKEL IS CONTROLLED BY BRITISH OLD COUNTRY GALES DO SOME DAMAGE BRITISH SHIPPING

Control Of Nickel Market Is Secured By Britain With View To Insuring Peace of The World

TORONTO, Oct. 22.—The Mail and Empire today carried the following news item: "Canadian control of International Nickel gained by a spectacular battle on the stock exchanges of Toronto, Montreal, and New York is part of Great Britain's policy to insure the peace of the world by dominating the source of supply of one of the essential implements of war."

While the public watched the sensational rise of nickel on the money markets, the significant move back of it all was the British fight for peace and the results will be world wide.

International Mond negotiations are still in progress, according to New York authorities, with the likelihood that the deal will be completed this week.

MONTREAL GROCERS FIGHT CHAIN STORES BY FORMING CIRCLE

MONTREAL, Oct. 22.—Montreal grocers have formed a corporation known as "Modern Grocers" which will link both independent wholesalers and retailers to stave off chain store domination, beat chain store prices and control the field. It is announced that 1,500 members will be in the syndicate within a few weeks.

There are 300 chain groceries in Montreal at the present time. In addition, two large wholesalers have formed their own circles which retailers are tied up to their distribution. The latest move, however, covers the retail grocers without affiliation.

Merciless competition for the chain stores is promised with free use of the boycott for manufacturers who persist in giving favors to the chain store organizations.

NEED OF SCHOOL GYMNASIUM

By Joan Arthur

One hears so much nowadays about the rising generation, and the young people who are to take the places of the old, that it is with surprise and severe criticism that one points to the Prince Rupert High School and perceives that in this school of one hundred and ninety-two students there should be no gymnasium, in which this rising generation can train. True, there is no complaint to be launched concerning the mental training—rather might this training compensate for the lack of gymnasium activities.

One does not wish to convey the impression that there is any lack of athletics whatsoever. The Prince Rupert High School is known all over British Columbia for the splendid part it plays in all sports. There are many promising athletes in the school. But with the proper training facilities—stop to think for a moment what might be accomplished. The physical fitness of the boys and girls could be brought to a par with their mental fitness. How many stories and biographies do we read of the now famous athletes, who in the beginning were scarcely noticed, but who, unnoticed by others, trained in the "gym" for hours, and then surprised the crowd!

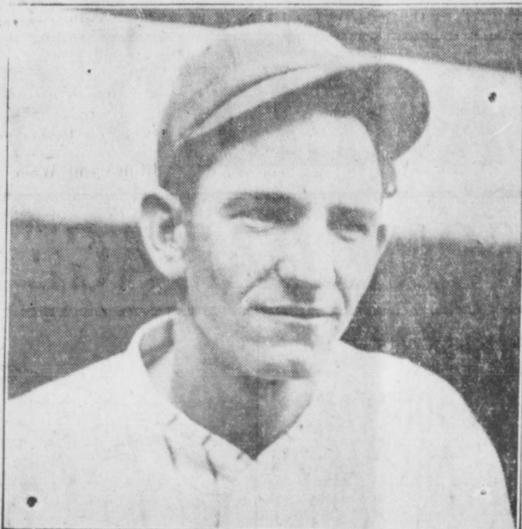

The gymnasium is a thing which can be used at all times. At present what exercise do the girls get when they arrive before school hours? There is at the very least a good half hour of the period allotted for lunch

spent by the majority of the girls in jazzing around to the tune of "That's My Weakness Now." And it certainly is a weakness! These girls who could be training their muscles into suppleness "chinning the bar" are chinning their partners' shoulders. True the girls enjoy dancing. They all agree that it's "lots of fun," but put it to a vote "a good rough game in the gym" or "next waltz after this," and ten to one the majority would be for the gym.

The weekly drill periods are great source of worry to the instructors. On those days when the girls are unable to drill outdoors there is an extreme lack of space for plain drilling, let alone any freedom in the exercise. A gymnasium would at least accommodate some of them, while the remainder would have room enough in the space left to allow freedom.

A gymnasium would be extremely appreciated at this time, since the "House" system has been put into being. Great rivalry exists between the three houses in the field of basketball. Naturally practices are needed before the games and by the time the students have tramped up to the Exhibition hall, fully a mile, and under such climatic conditions as so often exist in Prince Rupert—merely to practice, their ardor is often considerably damped.

Yessir! What the Prince Rupert High School needs more than anything else right now is a first class gymnasium.

PATRICK HEADS HOCKEY LEAGUE

Series of Coast Games Begins in Vancouver November 19 Against Victoria

SEATTLE, Oct. 22.—Frank Patrick of Vancouver was elected president of the Pacific Coast Hockey league at a meeting here today.

The hockey schedule indicates that the series of games between the four league teams, Vancouver, Victoria, Seattle and Portland opens in Vancouver November 19 against Victoria.

Just two years ago Rogers Hornsby was leading the St. Louis Cardinals to a National league pennant and a world's championship. A few weeks passed after the world's series and he was traded to the New York Giants. After one year with the Giants, he was traded to the Boston Braves. And now it is freely mentioned in baseball circles that he is going to the Chicago Cubs, before the 1929 season begins. A new year—a new club—so it seems for Hornsby.

SPORT CHAT

The Pennsylvania state athletic commission has announced Tommy Loughran as heavyweight champion of the world. The final decision of this commission is as follows: "We will recognize no one as the heavyweight champion of the world unless that boxer has met and defeated Tommy Loughran, whom we consider one of the outstanding heavyweights of the present day."

Indoor tennis is being played this winter at Victoria in one of the exhibition buildings.

Jake once watched a golf game and when he came home he said the party he backed beat by two stymies.

The question of whether a man should be allowed to play as a professional in one sport and an amateur in another is a live one just now. At present he cannot do so but efforts are being made to secure a revision of the amateur rules governing this case.

Around The World With Sport Fans

(By The Tramp)

There is a decided shortage of senior football players in Victoria this season.

This year ten minutes' overtime will be played when necessary in hockey games instead of stopping when either team scores.

BOOTH SCHOOL BEAT BORDEN

Some Clever Work Done by Football Players in Game Saturday

The Junior Football League encounter between Booth and Borden Schools on Saturday last resulted in a win for Booth by three goals to nil.

Booth played with the hill in the first half and pressed at the start. Wingham was prominent but Fisher and Hardie defended well. Cross kicked strongly. Booth forced a corner but Wingham cleared. Fong and Nakamoto were clever but Bartlett cleared. Walters got away but his centre went across the goal with no one to cover it. Stinech cleared a centre from Walters. McKay dropped a shot just over the crossbar. Then after Stinech had partially stopped a centre from Walters Cameron scored. Borden made a determined raid but Green stopped them. Vaccher stopped Booth when they were very dangerous and when Colussi seemed to be through Vaccher again was too fast for him. Borden defence was safe and Fisher, Smith, Gurvich and Hardie all were prominent in clearing their lines. Booth were attacking constantly with Walters their most dangerous forward. For Borden Brochu showed to advantage with clever head and foot work. Nelson was very safe for Booth. Fong was nearly through but Cross stopped him.

Borden had the hill in their favor and for the first ten minutes pressed strongly but Booth defence held out. Borden forwards were slow to shoot. Wingham got away but Vaccher cleared. Stinech did well to save from Wingham. Greer cleared and fed Walters who ran through and crossed a centre that Colussi converted easily. Walters narrowly missed a minute later. Brochu and Vaccher started a Borden raid that was continued by Fong and Nakamoto but it was cleared. McKay finished a clever run by parting to Colussi who ran through and hit the crossbar with a fine drive. Stinech cleared from McKay. Then Lawrence run out and kicked clear. Carl Smith made a nice run and Fong shot over. Colussi was through but Stinech cleared only to see Colussi return the ball for Booth's third goal. Lawrence was called on to clear from Fong and Nakamoto shot just past. Borden should have scored but shot weakly. Nelson cleared with fine judgment and full time found Booth winners by three clear goals.

Teams
Borden — Stinech; Vaccher, Fisher; Katsuvama, Gurvich, Hardie; Smith, Fong, Nakamoto, Brochu and Kanaya.

Booth—Lawrence; Cross, Nelson; Greer, McKay, Bartlett; Walters, Cameron, Colussi, Ivarson, Wingham.

J. R. Tannoch refereed to the entire satisfaction of the players. W. W. C. O'Neill and T. Bussanich were linesmen.

ENGLAND DEFEATED IRELAND AT SOCCER

EVERTON, Oct. 22.—England defeated Ireland today in an international soccer game played here, the score being two goals to one.

Up to Date

An Englishman and an Irishman lived in a seaside town, and each owned a rowing boat. One day the Englishman decided to christen his and painted on the stern "Henry the Eighth."

"An' what will I name mine?" mused the Irishman.

Friends suggested, among other names, "George the Fifth," but he rejected all these, and, becoming suddenly inspired, took brush and paint and inscribed the legend: "August the 1st."

Miss Helen Randal, R. N., registrar of the Graduate Nurses' Association of British Columbia and inspector of training schools for the province, arrived in the city on yesterday afternoon's train after spending several days at Hazelton and sailed last night on the Prince George for Vancouver. Miss Randal has been making her annual inspection of hospitals in the district.

Inspector William Spiller, provincial police, sailed last night on the Prince George for the south, having in his custody Fritz Turner, who will be placed in New Westminster penitentiary for life for the killing of Thomas Skristiansen, fisherman, near Ocean Falls last summer, and Nick Priza, who will serve a year in Okalla for knifing Louis Rawka at Anyox, both men having been sentenced at the Assizes last week. Inspector Spiller will go over to Victoria on official business while in the south.

Union steamer Catala, Capt. E. A. Dickson, arrived in port at 6:30 last evening from the south and sailed at 9 p. m. for Anyox, Stewart and other northern points of call whence she will return here tomorrow morning to sail south at 3 p. m. Passengers on the Catala included: W. J. Bartley, Mr. and Mrs. L. Styles, H. C. Douglas, A. D. Allan, Dick Smith and W. F. Ackhurst, for Prince Rupert; O. Bosater, A. Peterson, J. Mitchell, J. E. Jenkins, Mrs. R. Lavery and C. Prevost, for Anyox; G. Butt, R. Matheson and Mr. and Mrs. H. Zeffert, for Stewart.

DAILY EDITION  Monday, Oct. 22, 1928

NOTHING SUCCEEDS LIKE SUCCESS
 Nothing succeeds like success. People like to be on the winning side. They favor the man who is making good. In other words "To him that hath shall be given."
 There is, however, a reflex action. While success attracts many, it has the effect of repelling a large number. It is the nature of some to be against everything that makes progress or that seems likely to succeed. They sneer and try to find flaws. Success tends to bring many friends but it also tends to create enemies.
 The person who wishes a quiet life without friction and without getting into the spotlight had better not try to make a success of anything.

HIGH SCHOOL ESSAYS
 The brief essays written by high school students now being published in the Daily News were intended as letters to the editor advocating such needed improvements as a letter delivery by the post office, a gymnasium for High School, a swimming pool for the citizens or improved sidewalks. There are several of them being published under the heading "The Rising Generation." Most people will agree that they are well written and interesting.

CAPTAIN PAMPHLET
 Unless there are circumstances in the case which have not appeared on the surface, Captain Pamphlet should never have gone to jail. There are circumstances when mercy is far better than justice and even justice in this case would have been satisfied by giving prisoner a warning.
 Pamphlet was undoubtedly engaged in rum running but not at the time he was caught. A vessel was in distress and he went to the rescue and saved several lives. He did not need to have gone and would not have been caught if he had let the shipwrecked people die. It was surely a hard thing to send him to jail for such an offense, if it was an offense.

INFLUENCE OF LIQUOR
 The request of the Temperance Federation that it should be necessary to prove only that a driver was "under the influence of liquor" in order to convict, seems a reasonable one. The great danger from motoring is that of having to pass people who are under the influence of liquor and yet who could hardly be said to be intoxicated, according to the general use of the term. Greater safety on the road is one of the things to be desired.

IMMIGRATION IS URGED BY GYRO SPEAKER

Would Have Five Million People Brought to Canada to Settle Lands

LETHBRIDGE, Oct. 22.—Addressing a joint luncheon of the Lethbridge board of trade and Gyro club at the Marquis hotel, C. A. Magrath former member of parliament for this constituency, of the Ontario hydro commission and Canadian chairman of the international joint commission which has been sitting at Northport, spoke out vigorously on the question of immigration.
 He said that a more vigorous policy was needed in Canada, directed to the securing, chiefly from the British Isles, of another five million population. With another five million of people Canada would begin to forge ahead, he stated, for it was when the United States had a population of 15,000,000 that she started on her great march forward. Mr Magrath said, Canada was capable of sustaining 50,000,000 people and it was in Britain the immigrants were most likely to be secured. The Englishman, he said, was a hard man to handle on the farm, but once he was established he could not be surpassed in colonization.
 "Now is the time to go after immigrants, but they must be brought under the right kind of organization. It is futile to attempt to colonize a country without adequate financing and the settler must be financed by the state until they get rooted. We have been trying to get along on too little money. It may require \$200,000,000 to secure and establish the settlers Canada wants but it would be a good investment. The right kind of an immigrant becomes a consumer as soon as he lands on our shores and shortly afterwards he becomes a producer. He is an asset from the start," he said.

SEPARATED FOR BEING DUMB

London Magistrate Rules Husband's Silence Tantamount to Desertion

LONDON, Oct. 22.—The North London police magistrate has ruled that a husband who has been silent to his wife for two years, although he has continued to live in the same house with her, is to be deemed guilty of desertion. The magistrate has granted the wife a separation order, and ordered the husband to pay her \$8.75 weekly. The wife is the owner of the house and of most of the furniture.
 Mrs. Fanny Silver, of Rendlesham Road, Clapton, had asked for a separation order from her husband, Barnett Silver, a costume manufacturer. She said that her husband had never called her by her Christian name, never taken her or the baby out, never shown any signs of affection, and even refused his mother-in-law's invitation to quarrel with her (the wife) and thus "say something and not walk about like a dummy in the house." He had absolutely withdrawn himself from her company and had all his meals in the house until last week without saying a word.
 The husband generally admitted the facts and told the magistrate that it was all because of his mother-in-law, who "claimed she was the boss of the house."
 The police magistrate said it

was not necessary in a case of desertion to show that the parties were separated in the sense that they were not living under the same roof. The husband had refused to accede to his wife's request that they should resume ordinary married life.
 As to the husband's statement that he proposed to continue the same conduct unless his wife refused to have anything more to do with her mother, Magistrate Dummett said: "I think his contention that she should give up all social relationship with her mother is a perfectly ridiculous and monstrous demand on his part."

MAGNA CHARTA IS CELEBRATED

BURY ST. EDMUNDS, Eng., Oct. 16.—Bury St. Edmunds celebrated the grant of Magna Charta on October 9, the celebrations being held in conjunction with the completion of the first part of the work on the ruins of the Abbey of St. Edmund, which has been undertaken by the corporation in association with the office of works. It was at the high altar of the Abbey that the barons of 1214 pledged themselves to secure the charter from King John and the site is marked by a suitable table on which the fact and the names of the barons are recorded.

LUMBERING
 1916 \$35,500,000
 1926 48,800,000
 Increase 1916-1926 138.7%

Our leading Industry

WHEN 38c. of every dollar paid in industrial wages and salaries in British Columbia comes from lumbering, her ten-year production increase of 138.7 per cent. is vitally important to everyone.

Thirty per cent. of our Province's entire industrial production of 251 million dollars in 1926 was contributed by lumbering and its allied industries. British Columbia now ranks third in the Dominion in industrial importance, and forest products dominate.

Involved in British Columbia's lumbering industry is capital of more than 100 million dollars . . . 20,000 people are employed . . . 330 mills operated.

Without question this gigantic business is destined to continue at the same pace.

Climate, soil and drainage have produced our vast forests of soft woods . . . the greatest in the world! One-third of the British Empire's entire timber supply is in British Columbia. Today, the demand for soft woods is four times that of hard woods . . . and with the last great stand of soft woods located in our Province, continued progress and prosperity are certain.

Great as our timber stands are, our government realizes the necessity of safeguarding the future of this vast industry and is devoting much time, study and thought to the question of scientific reforestation, fire prevention and conservation.

Lumbering brought 84 million dollars to British Columbia in 1926 (the value of the cut that year), an increase of 49 million dollars over 1916. Every year more than 30 million dollars worth of supplies are purchased to enable this great industry to carry on.

Foreign markets have been sought . . . and captured. Water borne export of lumber has enjoyed exceptional growth. Ships laden with 2,616,419,000 feet board measure left our ports during 1922-1926 . . . an increase over the period of 1912-1916 equal to 984%. The log scale jumped 111% during the same period!

This activity represents real money in constant circulation. It keeps thousands of men busy . . . influences every phase of commercial life . . . builds markets for our farm products . . . spells "BRITISH COLUMBIA" the world over!

Add to this the sash and door factories, and pulp and paper production, which alone jumped from \$15,450,000 in 1916 to \$72,327,000 in 1926, and you have an idea of the enormous importance and far reaching influence which this, our chief provincial enterprise, is bound to exercise on the welfare and earnings of each and every citizen.

Prince Rupert

Northern Pacific Terminus of the Canadian National Railways

Prince Rupert has three of the greatest things in the world

The Largest Fish Cold Storage Plant

The Largest Fresh Halibut Market

The Largest Undeveloped Hinterland

The City of Prince Rupert has a payroll of considerable importance, derived from:

- RAILWAY SHOPS
- RAILWAY OFFICES
- DRYDOCK AND SHIPYARDS
- GRAIN ELEVATOR
- PROVINCIAL GOVERNMENT OFFICES
- COLD STORAGE
- FISH PACKING HOUSES
- FISH MARKET
- OILERY AND FISH REDUCTION PLANT
- SALMON AND HALIBUT FISHERMEN
- SALMON CANNERIES
- LUMBER MILLS
- MINING
- TRAPPING AND FURS

The grain export business of Prince Rupert is steadily developing. Last year about eight million bushels of grain was shipped through the terminal elevator and this year promises to greatly exceed that mark.

The City owns its Power, Light, Water Supply and Telephones.

The schools are excellent.

Roads are paved and concrete sidewalks are being laid.

Local and Personal

Mrs. E. C. Stevens and Miss M. Russ, who have been visiting in the city, sailed Saturday night on the Prince Charles for their home in Skidgate.

The case of Robert McKay of the Pastime Poolroom, charged with selling liquor, has been further adjourned until tomorrow morning.

R. S. Sargent of Hazelton arrived in the city from the interior on yesterday afternoon's train and sailed last night on the Prince George for Vancouver on business.

Thomas McGuinn, for his second offence on a charge of drunkenness, was fined \$50, with option of thirty days' imprisonment, in city police court this morning.

There are now some 180 men on the payroll at the dry dock, the most of them being employed in connection with the construction of the car barge for the Canadian National Railways.

Dr. J. W. Lang of Anyox, who was here as a witness in the Supreme Court Assizes last week, sailed Saturday afternoon by the Prince George on his return to the smelter town.

S. J. Welby, assistant general fuel agent for the Canadian National Railways with headquarters in Montreal, sailed last night on the Prince George for Vancouver after having spent a few days in the city on official business.

Robert Penning, linotype operator on the staff of the Daily News for several years, will sail tomorrow afternoon on the Catala for Vancouver. He intends to locate elsewhere on account of Mrs. Penning's health.

W. E. Dornberg, head of the Duke Mining Co., which is conducting extensive operations on the Silver Cup mine at New Hazelton, and Mrs. Dornberg are visitors in the city. They arrived from the interior at the end of the week and are registered at the Hotel Prince Rupert.

The city police have received an enquiry from Bremerton, Washington, seeking information as to the whereabouts of Alice Stevenson or relatives who are believed to have been around Prince Rupert, Stewart and Anyox in recent years. A sister, Mary Stevenson, is said to have been employed a chamber maid in a local hotel six years ago.

The special committee of the Prince Rupert Board of Trade, appointed for the purpose, will have a conference this afternoon with W. H. M. Johnston, agent of the industrial department of the Canadian National Railways, who is in the city for the purpose of looking into possible trade and industrial developments here. Since his arrival here on Saturday, Mr. Johnston has been engaged in a close study of the local situation. He will leave for the East tomorrow.

In The Letter Box

PERTINENT QUESTIONS

Editor, Daily News:
May I take up a little space in your valuable paper?

I would like to ask the business people of Prince Rupert, why they employ married women whose husbands are earning good money, while there are local girls in need of employment. Girls, whose parents have gone to the expense of giving them a business education. Now these parents have determined to boycott all stores, where married women are employed. Also to influence all mothers of junior girls, who soon will be interested, to do the same.

I would also like to reply to another letter, which recently appeared in your paper, complaining about the people of Prince Rupert not spending their money

in their own town, but patronizing outside mail order houses.

Now, don't you think we would all much rather buy all our goods in our own town? Of course we would far rather go to a local store, where we could see the articles we wish to purchase, if only those stores would give us prices that would compare favorably with the rates of the mail order houses. But they do not, and consequently we all take advantage of the outside rates. Now I am sure that every store in town purchase their stocks, where they get the best terms. Why then should not the people of this town do the same? We will realize that the local stores cannot quote the same rates as the big department stores, but we feel we are being overcharged. If the local stores reduced their prices, they would get the orders that are now being sent out of town. Until this is done the people will continue to send their orders to the outside houses.

A half hour well spent

THERE'S no satisfaction equal to that of a personal achievement which is at once useful and artistic. For this reason, a half hour spent in making a batch of one-egg muffins is decidedly a half hour well spent. To see the glow of gratification spreading like sunshine over the faces around the table when you bring on the muffins—hot and crinkly and brown-m'm'm! Well—your joyful pride is fully justified.

- ONE-EGG MUFFINS
- 1 1/4 cups flour
 - 3 teaspoons Magic Baking Powder
 - 1/2 teaspoon salt
 - 1 1/2 teaspoons sugar
 - 1 small egg
 - 3/4 cup milk
 - 1 1/2 tablespoons melted butter

Sift flour, baking powder and salt, add sugar. Beat egg thoroughly, add it gradually with milk to dry ingredients and beat hard. At the last moment add melted butter. Drop the batter into hot buttered iron gem pans and bake in a hot oven 25 minutes.

DAMAGES AWARDED AGAINST THE CITY

OTTAWA, Oct. 19.—In his reasons for the judgment awarded Mrs. Elizabeth Murphy, of Eganville, \$2,500 damages against the City of Ottawa, over a fall on

an city sidewalk. Mr. Justice McEvoy admits Ottawa has climatic conditions, as well as many streets with serious grades to contend with. These do not excuse the city from liability, however. If the scheme devised for looking after the street in winter months is not efficiently carried out, or if officials responsible do not fulfil their duties, he said.

SEES DANGER TO WORLD PEACE IN THE ORIENT

TORONTO, Oct. 19.—"The world today is further advanced toward the ideal of universal peace than ever before in its history," Dr. Dexter Perkins, Professor of Political Economy at the University of Toronto, declared in addressing the World Unity Conference at its closing session.

COMEDY AND THRILL IN HOOT GIBSON AT WESTHOLME TONIGHT

"The Great Mail Robbery," to be shown as one of the features at the Westholme tonight and Wednesday is a melodrama with thrills aplenty caused by the operations of bandits engaged in robbing mail trains. There are U.S. Marines, airplanes, bombs, tear bombs, machine guns, and also a love story running through. A real thriller.

GREAT OPENING SHOW TONIGHT THE CAPITOL

Tonight the new Capitol promises to give local theatre goers a wonderful treat. Following the formal opening at 7 p. m. there will be a program of unusual standard, including vaudeville numbers by Will Edmunds, whose ability as a singing comedian is popularly known. Miss Madge Rush, Premier Danseuse, who has just completed a brilliant engagement on the Capitol Circuit will be seen in several wonderful dancing numbers. Alice White in the great feature picture, "The Show Girl," Charley Chase, in one of his clever comedies, "Imagine My Embarrassment" and the Capitol Orchestra with Jack de Jausserand, late of the Vancouver Capitoliens, conducting will round out a program of the usual Famous Players standard.

MELODRAMA TO BE SEEN IN SCREEN PICTURE

A race against his bitter enemy and the law, with a girl as the prize, is one of the thrilling scenes in "The Rawhide Kid," the Universal picture to be screened at the Westholme tonight and Wednesday. Hard-riding, straight-shooting Hoot Gibson is the star of this clean, vigorous drama, replete with thrills, comedy and romance.

Universal has given Hoot a wonderfully gripping play and to it has been added a splendid supporting cast.

This latest Gibson play gives the ever popular Hoot a rare opportunity to display his wonderful horsemanship for he rides like a whirlwind in one of the most spectacular horse races ever filmed. Universal gathered together a wonderful group of cowpunchers who push Hoot hard for the honors as the wildly galloping animals do all the tricks and stunts known in racing.

"STREET OF SIN" AT WESTHOLME

Emil Jannings to be Seen in Strongest Picture Yet

Critics hailed Emil Jannings' production "The Way of All Flesh" as the greatest characterization in the history of the screen but Jannings has surpassed his greatest effort in his new Paramount starring picture "The Street of Sin" scheduled for the week-end at the Westholme.

The star has chosen the colorful slums of London's Limehouse for the background of his latest characterization, that of a giant "bruiser" who rules the rabble of the gutters with his fists.

He has two leading women, one a saint and one a sinner. Fay Wray, who was chosen from among thousands of girls by Erich von Stroheim as his leading woman for "The Wedding March" appears opposite Jannings as the saint—a Salvation Army lass.

Jannings goes almost all the way through the picture a very devil of a man, cruel, lustful and cunning, using his strength as the sceptre of his sway over the ruffians of Limehouse. His regeneration comes after a terrible ordeal.

CLARA BOW COMING WEDNESDAY IN "WINE" AT THE WESTHOLME

"Wine," a Universal Picture starring Clara Bow is the screen

version of one of the most sensational stories of the same name written by William MacHarg, who devoted his talents to a scathing expose of the manner in which the prohibition laws of the nation are flagrantly violated by men and women of breeding, education and

high social position. Principal among the spectacular features of the screen story are a number of cafe scenes, where throngs of fashionably gowned women applaud the efforts of professional entertainers. In fact extras witness just as fine an entomological works of recent fiction. It

tainment as they could have found in a real cafe, for the beautiful girls who danced in beautiful if scanty costumes on the screen version of "Wine," were recruited from those who make their living doing the same thing in the cafes of Los Angeles and Hollywood.
