WAR PREPARATIONS IN PALESTINE

MOBILIZATION ON FRONTIER TO PREVENT ARAB ATTACKS

British Take Active Steps to Protect Frontier Against Holy War Started in Transjordan

Men, armored cars, airplanes and tanks being mobilized on frontier in Palestine to prevent tribesmen crossing

LONDON, March 8.—British preparations for a holy war in Arabia continued today. Men, armored cars, tanks and airplanes are mobilized along the border of Transjordan to turn back any attack by Wahabi tribesmen under Ibn Haud. A despatch from Jaffa tells of preparations being made by the British in Palestine. A frontier force is being mobilized. All officers and men have been recalled from leave. An armored car company left Ramleh in Palestine for Ammam in the same country yesterday. A Jewish telegraphic agency despatch from Jerusalem said 22 airplanes and seven tanks were sent to the Transjordan frontier.

ANOTHER GRAIN SHIP COMING

TOMORROW SHOULD BE FOUR IN HARBOR AT ONE TIME, THIS BEING FIRST OCCASION

TWO ON BERTH TODAY

MUCH OF GRAIN HAS TO BE CONDITIONED HERE THIS CAUSING DELAY IN LOADING SHIPS

Prince Rupert's twenty-first grain ship of the season, it was learned this morning, will be the British steamer Demereton which is reported due tomorrow to load for the United Kingdom or Continent, being already lined. On the arrival of the Demereton, it will be the first time this season that four grain ships have been in port at the same time. The Demereton is coming from the Old Country. During the past twenty-four hours, fifty carloads of grain have arrived from the prairie for the local elevator. Railway offices this morning reported some 300 carloads on the division bound here. Much of the grain coming to Prince Rupert lately is reported to have been wet, its handling having caused some delay in loading of ships. The condition is general on the coast. Having completed fumigating at the ocean dock, the British grain ship Fernmor moved down to the elevator yesterday afternoon and piling of grain into the vessel commenced about 4 p.m. The Fernmor will take a full cargo to the United Kingdom or Continent. The steamer Skogness also moved alongside the elevator yesterday afternoon but up to this morning had not started loading. The steamer Mansepool, twentieth ship of the season, is still anchored in the stream today awaiting a berth.

Land Settlement Board is a Perfectly Legal Department; Cannot be Sued for Damages

VANCOUVER, March 8.—Further interpretation of the judgment of the court of appeal in the Rattenbury case shows that it affects 40,000 acres of land in the coast and Omineca districts. Their Lordships decide that F. M. Rattenbury of Victoria, former owner of these lands, many of which were in the Bulkley Valley, has no right of action against the Land Settlement Board. The suit was for damages amounting to \$500,000, plaintiff alleging that as the result of the activities of the board his colonization scheme was defeated and the settlers abandoned the lands acquired from him. The suit failed on the point that the Land Settlement Board cannot be sued because it is a department of the Government. A suit of this kind can be brought only by permission of the Government when a special fiat is granted. Chief Justice of Appeal Macdonald also held that the Land Settlement and Development Act was within the right of the province to enact and not ultra vires, as claimed by Rattenbury's counsel.

British Steamer Coal Harbor Released from Custody of U.S. Courts

Captain and Crew Released from Bail Following Verdict That Vessel Illegally Seized by U.S. Authorities

SAN FRANCISCO, March 8.—A verdict declaring the steamer Coal Harbor outside the jurisdiction of the United States district court when she was seized 23 miles off the coast near the Farallones on February 17, 1925 was returned by the federal court here yesterday. The vessel and cargo of liquor has been held here since it was seized. The Court immediately exonerated the bonds of the vessel's captain and crew.

The court had already conceded that the Coal Harbor was beyond the twelve mile limit. Tek Cormac, legal adviser to the British Consul General here, was in court when the verdict was returned. The court attaches the interpretation to his presence there that Great Britain contemplates action to get damages for the British owners of the seized vessel. The steamer is registered to the Canadian-Mexican Shipping Company, Ltd., of Vancouver, B.C.

ELECTION MAY BE IN AUTUMN

GOVERNMENT WILL NOT APPEAL TO ELECTORATE, IT IS UNDERSTOOD, UNTIL PAGE SETTLED

VICTORIA, March 8.—It is stated here unofficially that there is quite a probability the general election may be delayed until late summer or autumn. The government will not appeal to the country until it has something definite to announce relative to the PGE completion and other matters on which it may need to test the opinion of the electorate. Until the election takes place there will be no permanent appointment to fill the position held by Hon. William Sloan as minister of mines and commissioner of fisheries, the positions being held by Hon. W. H. Sutherland and Hon. T. D. Pattullo respectively. The detail work was left very largely to trained departmental heads and these are fully capable of carrying on until the new appointment is made, possibly half a year hence.

FARM LOAN ACT PASSES

BRITISH COLUMBIA FIRST PROVINCE TO TAKE ADVANTAGE OF FEDERAL LEGISLATION

ICE CREAM DISCUSSED

VICTORIA, March 8.—A bill bringing into effect in the province the Farm Loan Act of Canada was put through in committee stage in the Legislature yesterday and read a third time. British Columbia is the first province to fall in line with the federal scheme. When the bill to amend the Milk Act giving the municipalities the option of deciding whether Grade "B" milk can be sold within their confines should be passed, there was considerable discussion concerning the quality of the milk ice cream and buttermilk sold in the province. Minister of agriculture Barrow took the stand that existing regulations meet the situation amply. During the discussion it was claimed that the milk dealers that they had to meet keen competition in certain lines, especially in respect to ice cream, which was declared to be being made from imported butter imported into the province from Alberta.

WOULD ALLOW MINES IN PARKS OPERATED
CALGARY, March 8.—The Board of Trade will support the Vancouver Board in its application to the Government to have mining restrictions on national park areas removed. It is the opinion that since Canada's park areas are so vast, mining activities would not detract greatly from their beauty.

HALF-CASTE WINS FAIRBANKS DERBY
Joe Stickman, first; Walter Noolner, second, and Fred Stickman, third in Big Event

FAIRBANKS, Alaska, March 8.—Joe Stickman, mulatto musher, driving his own team of dogs, won the opening race at the annual Fairbanks Kennel Club derby yesterday when he finished eight minutes ahead of Walter Noolner of Galena who led the most of the way. Stickman's time over the fifty-eight mile snow drifted course was five hours, thirty minutes and fifty seconds. Fred Stickman, driving a team owned by Adolph Muller of Kaltag, finished third, being thirty-one minutes behind his victorious brother.

NEW RECORD OF CANADA MINING

REACHED DURING THE YEAR 1927, OFFICIAL INFORMS INSTITUTE OF METALLURGY

QUEBEC, March 8.—A new high record for mineral production in Canada was set last year when the value of the output reached more than \$244,000,000, a gain of \$4,000,000 over the previous year's record total; it was stated in a report of S. J. Cook of the Dominion Bureau of Statistics at Ottawa at the annual meeting here of the Canadian Institute of Mining and Metallurgy.

LOS ANGELES, March 8.—That the attorneys for W. E. Hickman have despaired of saving him from hanging was indicated when they announced that Hickman's body would be turned over to Mayo Brothers hospital at Rochester, Minnesota, following the execution. Hickman said the attorneys had nothing to do with it. "It is up to my parents to make disposition of my remains as they see fit," he declared.

Telegraphic information received from Stewart today is to the effect that reconstruction work on the Portland Canal Short Line Railway there is to be started immediately by Hon. H. H. Stevens, M.P., and W. A. Lewthwaite. It is said that four hundred men will be employed as soon as weather permits commencement of the work. The proposal is to recondition the road so as to serve the mines of the Bear River Valley and eventually penetrate further beyond. Mr. Lewthwaite arrived at Stewart from Vancouver today.

BUDGET VOTE NEXT TUESDAY

HENRI BOURASSA AND W. G. McQUARRIE AMONG SPEAKERS IN DEBATE YESTERDAY

OTTAWA, March 8.—The debate on the budget held the House of Commons for another day with the vote pretty definitely scheduled for next Tuesday. Henri Bourassa, Liberal Independent, announced his intention of voting for the Progressive sub-amendment, against the Conservative amendment and for the main budget motion. W. G. McQuarrie, New Westminster, Conservative, discussing Oriental exclusion, declared that steps should be taken having the effect of keeping Orientals out. This was the view in British Columbia, he stated.

Profits of Consolidated Mining and Smelting Company Estimated at \$10,750,000 for the Year 1927

MONTREAL, March 8.—The Consolidated Mining and Smelting Company estimate of their 1927 profits is \$10,750,000, a decrease of \$276,000 from the record year, 1926. In view of the marked depression in the prices of metals, the showing reflects a substantial increase in the output over 1926. The chief increases were in production of silver, lead and zinc, of which this company is the largest producer in Canada. The low price of these metals as well as the lower output of gold and copper helped to bring down the profits. The production of 1927 shows: Gold 29,490 ounces, valued at \$615,389,038. Silver 7,179,607 oz., valued at \$4,027,759. Copper 18,524,000 lbs. valued at \$2,117,348.

REDUCTION IN EXPRESS RATE

MAJOR COMPANIES INAUGURATE NEW SCALE FROM EUROPE TO THIS COUNTRY

MONTREAL, March 8.—Reductions as high as \$1.75 in the scale of charges on packages up to 15 pounds in weight originating in Europe destined for Canada have been made at a conference of the two major express companies in Canada. The reductions become effective this year. Charges are reduced to the western provinces as follows: Packages of three pounds and under \$1.20. Over three pounds to seven pounds \$1.70; over seven pounds and to eleven pounds \$2.20. Over eleven pounds and to 15 pounds \$2.68.

SANTA ANNA, Cal., March 8.—The Superior Court yesterday found Rev. Philip Goodwin guilty of the murder of J. J. Patterson, Los Angeles broker, and recommended that he be confined in the penitentiary for life. He will be sentenced Friday. Goodwin, a former priest of the American Catholic Church, is standing trial a second time for the crime for which he was at the first trial sentenced to death. Appeal to the supreme court brought a second trial. Goodwin, who claimed Victoria as his home, announced during the trial that money for his defense had been raised in Canada by the Canadian legion.

PLAYING TOGETHER

There was once a man who said a friend was one who liked you even though he knew all about you. That is simply one side of the question. On the other we find that people dislike each other because they do not know each other's good points.

Think of two men who have learned to play together at football. They learn to co-operate. They pass the ball back and forth as they work their way past their opponents.

In games and sports people are on an equality, except insofar as their natural or acquired ability gives them the ascendancy. Dress counts nothing and neither does social position.

CARRYING OUT SCHEDULE

It is nearly two years ago that the Daily News announced that the Big Bay Lumber Company would have their mill ready for operation by March, 1928.

This is one unusual case where the people back of a project have carried it out on schedule. They looked far ahead and made their plans carefully.

We are all looking for great things from the Big Bay Lumber Company. We are hoping to see it carry on its activities steadily without unnecessary break and to provide a steady payroll in the city.

LETTERS WE RECEIVE

An editor of a newspaper receives many odd letters, many of which cannot be published. They are held back for various reasons, one of the most frequent being that they are not signed.

Yesterday we received an unsigned letter complaining of the unsanitary, unsightly and generally objectionable condition of the city as a result of so many dogs running the streets.

Nothing so much pleases an editor as to get an interesting letter that can be published because none realize as well as newspapermen themselves that they must often become dull and uninteresting in their presentation of the various questions that arise in the community or in the country.

PARK LEGISLATION

Hon. T. D. Pattullo is being attacked because of his parks legislation. Some people think too much power is being placed in the hands of the government in this regard.

Negotiations Between Pope and Mussolini Government Regard to Temporal Power Under Negotiation

Fascisti Anxious to Get Matter Settled But Vatican in no Hurry; Outline of Controversy Which May End at Any Time

ROME, February 8.—(A.P.)—The year 1928 perhaps may become as noteworthy in the religious history of the world for the solution of the "Roman Question" as is the year 1870 for the fall of the Vatican's temporal power.

It is possible that the figure of King Victor Emmanuel II. of that day, who transformed the apostolic palace of the Quirinal into the royal residence of the new king of united Italy, may be remembered throughout the centuries as contrasted to that of Premier Mussolini as one who brought about conciliation between church and state.

Above them will tower two popes: Pius IX., who by his celebrated non possumus (we are not able) rendered impossible for nearly sixty years not only an understanding but even a modus vivendi between Quirinal and Vatican, and the present pontiff, who, after six years of negotiations, study and deep reflection has decided to give religious peace to Italy, the seat of the papacy, and assuage the anxiety of the Roman Catholic world concerning the status of the head of the church in the eternal city.

(The "non possumus" was the form of ecclesiastical refusal by which Pope Pius IX. declined to accept the law of guarantees adopted by the Italian Senate in 1871 concerning the prerogatives of the Holy See and the relations between state and church in Italy.)

At the beginning of 1927 Premier Mussolini, speaking on the "Roman Question," said: "It must be concluded and settled by next Easter."

Unforeseen circumstances have prevented this, notwithstanding willingness on both sides and the efforts and ability of the chief negotiator, who remains in the dark and is almost unknown, the Reverend Tacchi-Venturi. He is a Jesuit, a scholar in history and literature, for many years secretary of the Company of Jesus, and has dedicated the greater part of his activity to a monumental work which will contain the history of the Jesuits.

The Reverend Tacchi-Venturi knew Premier Mussolini before the latter assumed that office but their acquaintance grew very close when Pius XI., a few months after the advent of the Fascista regime, chose him to negotiate the purchase of the ancient library contained in the Chigi Palace, which was about to be bought by the Italian government. The present Pope thus resumed a project which he had already submitted to Pope Benedict XV., who did not carry it out because of lack of funds.

The Reverend Tacchi-Venturi went to see the Fascista Premier, submitted to him the Pope's proposal and concluded: "I am instructed to ask your excellency for what sum you would be willing to sell the Chigi Library to His Holiness." The Premier responded promptly: "I sell nothing to the Pope. To the Holy Father I present the library."

Thus the conversations for the conciliation between church and state began and they could scarcely have been started under more favorable auspices. The Reverend Tacchi-Venturi was the tactful go-between, but remained entirely in obscurity. Finally, however, his name leaked out.

The negotiations between church and state, carried on through the distinguished Jesuit, reached such a stage that last autumn it was thought advisable to set forth publicly the attitude of the two contracting parties. Two articles on the subject were published, therefore, in the Osservatore Romano, the official organ of the Vatican, on October 14 and 15, and they were answered on the 20th of the same month in the Foglio D'Ordini, the official organ of the Fascista Party.

From these publications it appears that what the Vatican asks is that the position of the Pope in Rome should be one of "liberty and independence, but only real and perfect, but also manifest to the faithful of the whole world."

The Italian government, on the other hand, stated that "the question of the real political and juridical independence of the Holy See is not necessarily dependent on conditions of a territorial character," adding that it is out of the question to make "any restoration, even in the smallest proportion, of the temporal power which ceased in 1870 with great advantage to the moral prestige of the church of Rome."

The Vatican made no reply. This has been interpreted to mean that an accord has been reached on the fundamental condition in the sense that "the liberty and independence, real and perfect, and manifest to the faithful of the whole world," claimed by the Holy See, can be obtained without the restoration of the temporal power as is stated in the article published in Foglio D'Ordini and attributed to Premier Mussolini himself. The claim to "liberty and independence," as set forth in Osservatore Romano, even if not actually written by the Pope or Cardinal Gasparri, his secretary of state, was at least dictated and approved by one of them.

According to reliable reports, the following are practically the main points agreed upon for the solution of the "Roman Question":

1.—The Italian state grants to the Holy See an extension of its territory which will enjoy the right of extraterritoriality as it has been enjoyed by the apostolic palaces and the Vatican Gardens since 1870. The new territory to be added is on the southeast of the Vatican Gardens and includes the beautiful Villa Doria-Pamphili, one of the largest near Rome, surrounded by a magnificent park more than four miles in circuit. In 1890 Innocent X present-

I've Never Tasted Better Fudge Than This

I don't often boast as proudly as this, but really, fudge made by my recipe has a different body, a finer, creamier texture, a smoothness that you won't find ordinarily. I myself claim no credit for these results. I know that the explanation of these outstanding qualities lies in three things: cooking the fudge just to the soft ball stage and no longer, vigorous beating, and the use of Carnation Milk.

exceptionally convenient supply of milk, and in the most dependable and economical form.

I have a whole Carnation Cook Book full of recipes, which I'd like to send you, that you may know this better way of cooking. Ask for "My Hundred Favorite Recipes." It's free. Address: Carnation Milk Products Co., Limited, 134 Abbott Street, Vancouver, B.C.

Carnation Pralines

1 cup brown sugar, 2 cups white sugar, 3 tbs. corn syrup, 1 1/2 cups nuts, 3/4 cup Carnation Milk diluted with 1/2 cup water, 1 tbs. maple sugar or mapeine. Boil together all ingredients (except nuts and flavoring). When soft ball is formed in cold water, remove from fire, add flavoring, place pan in cold water, without shaking, until hand can be held against bottom of pan without discomfort; add nuts; beat with slotted wooden spoon; when stiff drop from spoon on buttered sheet.

Carnation Fudge

2 tbs. butter, 2 squares bitter chocolate, 3 cups sugar, 2 tbs. corn syrup, 1/2 cup Carnation Milk, diluted with 1/2 cup water, 1 tsp. vanilla. Melt butter and shaved chocolate in sauce pan, add sugar, corn syrup and diluted Carnation. Cook until mixture forms a soft ball in cold water or reaches a temperature of 235° F., stirring occasionally to prevent sticking. Remove from fire and add vanilla. When cool beat until creamy and mold on buttered plate.

You'll Like Carnation Better for All Cooking

As in making candies, so in all cooking—Carnation gives a richness, a smooth creaminess, a fine, fragile texture that even the best of bottled milk cannot equal. Try this better milk. Evaporated to double creaminess, "homogenized," and sterilized for safe-keeping, it places at your disposal an

THE MILITIA OF FASCISTS

MUSSOLINI ADDRESSES THEM IN FIGHTING MOOD ON THEIR DUTIES TO THE NATION

ROME, March 8.—The fifth anniversary of the Fascist Militia was celebrated in Rome. In the course of his speech on the occasion Signor Mussolini said:

The voluntary militia with all its legions will fight side by side with the great mobilized forces of the army. I am certain that the legions will deserve this great honor and will prepare themselves from this moment as shock troops, which will uphold the fighting traditions of the Arditi and the Squadristi, daggers between the teeth, bombs in the hands, and a sublime disdain of danger in the heart.

The speech is variously commented on in the Italian press. The "Impero" writes: "Today Machiavelli smiles. This is the Italy of his dreams, of his prophecies, and of his creation." The Tribune asserts that the militia expresses the essential spirit of Fascism, which is a "voluntary hierarchy," and the Corriere della Sera says:

It would be a great pity not to make use of the militia as a legitimate means for the military training of the country. Mussolini has made clear the two great tasks of the militia, which are the preparation of youth in the use of arms and service as a fighting force in time of war.

DUTIES OF BODY

The Fascist militia has undergone considerable change since its foundation by royal decree in February, 1923. Today the militia numbers about 300,000 active legionaries organized in cohorts and centuries. There are four cohorts to every legion and one cohort is permanently on duty at the barracks, while the other three meet on an average once a week (usually a Sunday) for field practice. The figure quoted above does not include those legions which are permanently concerned with the running of the railways, postal service, supervision of harbor traffic, frontier service and forestry.

Apart from a large increase in numbers, the militia has undergone changes both in its constitution and in its functions. Its training has become increasingly military. During the past year several legions have been specializing in anti-aircraft warfare, and this year the militia has been designated as the attacking force of the army.

BALILLA AND AVANGUARDIA

The average pay of a militiaman is 15 lire a day, including a food allowance. All who are inducted as members of the Fascist party are, under a law of 1927, liable for service in the militia unless certified medically unfit. But membership of the Fascist party is not compulsory; on the contrary, in the course of last year it was made increasingly difficult to gain admittance to it. The idea was to clear the party of unstable enthusiasts and furnish it with fresh material from the Avanguardia, the Fascist Boy Scouts between the ages of fourteen and eighteen who are themselves recruited entirely from the children of the Balilla (junior Scouts, when these reach the age of fourteen.

ALBERTA LEADS SOCIAL REFORM

EDMONTON, March 8.—By the passing of the law making it possible to sexually sterilize the feeble-minded Alberta leads the way in reforms of that kind. The bill passed its third reading only after one of the stormiest passages, much opposition developing to the measure.

MAN IS SURPRISED—EATS ANYTHING—NO GAS

"As soon as I ate I was in misery. I tried Adlerika, and to my surprise it ended the gas entirely. I eat anything now."—T. M. Schlaabach. Adlerika relieves stomach gas and scurries in TEN minutes. PROTECTING BEARS IN PROVINCE OF ALBERTA

EDMONTON, March 7.—Establishment of a closed season for bears from June 15 to September 1, and the prohibition of shooting any bear with a cub or cubs or any cub at any time and the provision of an additional license fee of \$2.50 for resident big game hunters for every head of big game killed, are among the amendments to the Game Act now before the legislature.

FIRST SPECIAL TRAIN BRINGS SETTLERS WEST

SEVERAL FAMILIES WITH MONEY AND OTHERS WITH HOPE LAND AT WINNIPEG

WINNIPEG, March 8.—Loaded with baskets and bags and every conceivable variety of luggage, with a boundless curiosity and a strong hope, 304 immigrants from Europe flooded into the Canadian National railway station here today from the first immigrant special of the season. They were gathered from fourteen countries and they will be scattered to all parts of western Canada.

Several families with money will be found homes by the Canadian National Land Settlement Association, but the majority of the newcomers were single men or men who have come out to work for their families with the ambition of some day soon bringing them to Canada. British, Scandinavians, Poles, Roumanians, Poles, Lithuanians, Hungarians, Germans, Austrians, Dutchmen, Czechs, Belgians, Jugo Slavs, they made a motley train, but they all had one purpose and they were all sturdy and ready to fulfill it.

REGISTRATIONS MANY FOR PROVINCIAL LIST

Party Workers are Busy in Anticipation of Election Which is Expected This Year

Indicating that a provincial election will be held this year, possibly in the fall, party workers in Prince Rupert are particularly active in taking registrations for the voters' list. Liberal supporters are especially busy and Conservatives are not inactive.

It is believed that the next provincial campaign will not be a long one. This would be satisfactory to many political observers as well as the public as a whole, which is not fond of long campaigns which, to say the least, are disturbing to business.

Many residents of city and district have made application during the past few weeks to have their names placed on the provincial list at the revision now being effected. The last day upon which resignations can be made is April 10.

HAD BRUSHES WITH SHARKS

LORD GRIMTHORPE DECLARES HIS EXPLOITS WITH SWORDFISH ENAGGERATED AND WANTS TO TALK ABOUT CANADA

WINNIPEG, March 8.—Like Mark Twain's famous premature death, the reports of Lord Grimthorpe's "life and death battle" with sharks and other denizens of the deep in the Antipodes were slightly askew, so Lord Grimthorpe said this morning shortly after his arrival here over the Canadian National Railway from Vancouver. His Lordship, who is the noted financier of Leeds, England, is accompanied by Lady Grimthorpe. They left this afternoon on the National on their way home after a trip which took them to India, China, the South Seas and Australia and New Zealand.

Lord Grimthorpe was not particularly interested in speaking of his exploits as a big game fisherman in the Southern seas. He admitted that he had had several exciting rushes with sharks and swordfish but modestly asserted that the reports of his peril were exaggerated. What he wanted to talk about was Canada, which he had never seen before and which he said had thrilled him ever since he caught sight of Vancouver. Vancouver he admired very much but, more than this he admired the engineers who constructed the Canadian National route through the mountains "with no less tunnels" than the trains, and appealed to him, and he compared them more than favorably with the trains of Australia.

"I hope to come back some day and see this Jasper of yours," he said. "I have heard a great deal about it and what we saw from the train only whetted our appetites. Lady Grimthorpe is anxious to see the great cornfields of the prairies and I should like to get in some hunting."

DEMAND MADE FOR TICKETS

ENGLISH CUP FINAL SOLD OUT ALL SEATS AT FROM TWO TO FIFTEEN SHILLINGS

TAKES PLACE APRIL 21 SEATS FOR ONLY 35,000 AT WEMBLEY STADIUM BUT 350,000 APPLY

LONDON, March 8.—Though the final of the English Football Association's Cup competition is a long way off—it takes place on April 21, to be precise—applications have already been received by the authorities at the Wembley Stadium where the battle is staged, for 10 times its seating accommodation.

The magnet of the "Final" is one of the most amazing things in British sport. Since the last game of the tournament has been played at the Wembley Stadium the event has become something in the nature of a national festival. No matter what are the competing teams, the demand for seats from both London and the provinces is on a prodigious scale, and every year the number of visitors from abroad grows. It was announced lately that all tickets for 2s., 3s., 7s. 6d., 10s. 6d., and 15s. enclosures were heavily oversubscribed by the first post, and no further applications for tickets at those prices could be entertained. As there are seats for 35,000 people at the stadium, it may be taken that 350,000 people have already tried to obtain accommodation. By far the larger part of the crowd which attends the last cup tie have to stand up after waiting hours to gain entrance to the stadium.

The record attendance at Wembley is 150,000 at the 1923 final between West Ham United and Bolton Wanderers. On this occasion thousands got in free when the gates were broken down through pressure of the huge throng.

GOLF CHAMPIONSHIP MONTREAL THIS YEAR

MONTREAL, March 7.—The Canadian Amateur Golf Championship will be held at the Summerlea Golf Club, Montreal, this year, by recommendation of the executive committee of the Royal Canadian Golf Association adopted at the annual meeting here yesterday. Rosedale Golf Club, Toronto, will be the scene of the open championships, and the Royal Montreal Golf Club the interprovincial championship. The dates of the various tournaments are left to the incoming executive committee.

For the first time since 1914 the annual meeting of the organization is being held in the province of Quebec, and members gathered here to review achievements of 1927 and to make plans for the coming season.

OLYMPIC GAMES IN EARLY AGES

GREEK STUDENT SAYS FIRST MEET WAS HELD IN THE YEAR 1776 B.C.

TORONTO, March 8.—The Olympic Games originated in 1776 B.C., according to J. H. Crocker, of the Dominion Council of the Y.M.C.A., who has made a special study of the games and their origins.

Writing in a local newspaper, Mr. Crocker says: "The Greek people had as early as 1776 B.C. highly organized Olympiads, which carried on organized national and international games every four years. These were lost sight of in the later centuries when Greece was conquered by Rome.

"In 1896 what is known as the modern Olympic games were organized, and the first world competition was held in the City of Athens, Greece. Since that time there have been Olympic games every four years, with the exception of 1916, during the Great War, when the games were to have been held in Berlin.

"The greatest competition was in 1924, when the games were held in France, and in all probability the 1928 games, to be held in Amsterdam, Holland, will be even greater. Usually 45 to 50 countries are represented by over 5,000 athletes. Canada has been represented, continuously since 1906, although the first national team was not sent until the English Olympiad in London in 1908."

SPORT CHAT

The visit of the I.O.D.E. Badminton Club members to the old De Luxe Hall on Third Avenue, Tuesday night as guests of the Prince Rupert Badminton Club stirred up interest in the game which during the fine spell had slackened off. It is understood that a return invitation is to be given the hosts of Tuesday to the I.O.D.E. hall some evening in the near future. The visitors this week found the ceiling at De Luxe hall a severe handicap after playing on their own court.

With the Cold Storage team practically assured of the season's honors, interest in the Billiard League team schedule is now beginning to lag, as witness the fact that only one of the five scheduled games in the Gyro Club-Maple Leafs fixture was played on Tuesday evening. The forthcoming individual city senior and junior competition gives promise, however, of attracting considerable attention. A full list of entries is expected in this series which should prove a fitting conclusion to the season's activities. Entries will be received up to March 17 and the series will open March 21.

The close of a successful winter's whist season will be marked tonight at 8 o'clock at the home of the secretary-treasurer of the league, Fred Wernig, when the Canadian National Ladies, champions of the ladies' section, and the Moose, men's titleholders, come together in a knockout tournament to decide the city honors. With a particularly close contest in the ladies' section and men's honors undecided until late in the season, the doings of the Whist League commanded much interest this winter and this will undoubtedly be continued until the final tonight.

Women Approaching Middle Life Find "Fruit-a-tives" of Great Benefit

MRS. O. GODIN.

Paquetville, N.B.—"I am giving this testimonial, hoping it will benefit every woman suffering as I did at the change of life. I was obliged to go to bed, had terrible dizziness and felt extremely weak. 'Fruit-a-tives' were really a God-send to me. Now I am in perfect health."
—Mrs. Olesine Godin.

This stage of life takes heavy toll of woman's health unless stomach, kidneys and bowels are in first-class condition. "Fruit-a-tives", in a natural, gentle way, keeps the whole system toned up to withstand this trying experience. Made from the intensified juices of ripe, fresh fruit and health-building tonics. 25c and 50c a box at all druggists.

ASK ELIMINATION OF RACE TRACK GAMBLING

BISHOP OF LONDON SEVENTY YEARS OLD. STILL AN ATHLETE

LONDON, March 8.—"Except at dinner, I have not seen my doctor for five years," the Bishop of London, Dr. A. F. Winnington Ingram, told an interviewer recently. "I play golf, tennis and squash rackets as hard and enjoyably as I ever did. A good constitution, coupled with the facts that I am a teetotaler, a non-smoker, and take a little regular exercise every day—these you have what I believe to be the secrets of good health. I actually feel stronger and better than I did 20 years ago."
The Bishop is now in his 71st year.

An article in the current number of the Saturday Evening Post by George Eastman and entitled "When Thirteen Months Make a Year" deals with the proposal which seems to be gradually gaining ground for an international fixed calendar. The article in the main deals with the efforts toward this end which have been made for many years and are still being continued by Moses B. Cotsworth of Vancouver who is today the recognized international authority of calendar making and the author of the calendar to the peace and prosperity of mankind."
