NO CHINESE NOW COMING TO CANADA

FUR ROBBERY IN TORONTO THIS MORNING SENSATIONAL

Lid is Shut Tight on Chinese Immigration to Canada Declares Dominion Government Official

Not One Has Entered Canada Since 1923 Unless Smuggled In, but Some Visitors From Here Have Returned Home to This Country

MONTREAL, Nov. 20.—Unless some ingenious devices of those attempting to smuggle Chinese into Canada have been successful not a single individual from China has entered the Dominion since 1923, exclusive of those returning to Canada, their domiciles having been established previous to that year, declared W. C. Cowell, of the investigation department for the Pacific region under the Dominion government, who arrived in Montreal today on the Andania en route to Vancouver after visiting his former home on the Isle of Man.

ROBBED FURS OPENING DAY

Three Armed Men Got Away With \$25,000 Worth at Toronto

TORONTO, Nov. 20.—Three armed men held up Victor Goodman and several employees after he opened his Spadina Avenue fur store this morning, forced them into the back office and escaped in an automobile with \$25,000 worth of furs.

PATTULLO MAY BE LEADER OF THE LIBERALS

Arrival of Former Minister of Lands Sets Gossip of Leadership Going

VANCOUVER, Nov. 20.—The arrival of Hon. T. D. Pattullo from an extended eastern trip during which he visited his old home at Woodstock, Ont., and also got in close touch with various eastern business houses with a view to opening up in Victoria, has revived the question of who is to lead the Liberal party in the Legislature. There will be a strong array of capable men, including Dr. Sutherland, former minister of public works in the Liberal government; Hon. A. M. Manson, former attorney-general; Captain Ian MacKenzie, former provincial secretary; and T. D. Pattullo, former minister of lands. Mr. Pattullo is most prominently mentioned and will be most likely to get the position. If he does it is prophesied that there will be some lively times on the floor of the House, as Mr. Pattullo is a fighter who is apt to carry the war into the enemy's camp. Mr. Pattullo will say nothing in regard to the matter, it being a matter for the members of the party to deal with.

FREE PASSAGE BOYS AND GIRLS

Forke Denies Lord Lovatt's Proposals Have Been Rejected

OTTAWA, Nov. 20.—An emphatic denial was given last night by the Hon. Robert Forke, Minister of Immigration, to publish reports that the Canadian Government had rejected Lord Lovatt's immigration scheme. Mr. Forke said Lord Lovatt's proposals have not yet been fully considered by the Dominion government and no decision of any kind had yet been reached.

An extension of the free passage to boys and girls under 19 years of age, belonging to agricultural families coming to Canada for farm work, was announced by the Immigration Department. Previously the free passage age limit had been 17.

MINIMUM WAGE THROWN OVER

Act Declared by Officials to be Illegal Following Recent Court Judgment

VANCOUVER, Nov. 20.—A special despatch from Victoria to the Province says all regulations under the male minimum wage act have been declared illegal and there is no legal minimum wage for men in British Columbia. This is the result of the supreme court's decision in the case of the International Timber Co. versus Field, as interpreted by officials of the Board for enforcing the wage act today.

COMMUNIST IS EXPELLED

Maurice Spector Supported Trotsky Faction So Is Out of Party

TORONTO, Nov. 20.—A sensation was created in Labor circles here when it became known that Maurice Spector, spokesman for Communism in Canada, had been expelled from the ranks of the party. His expulsion follows a fight within the party since he and John MacDonald returned from Moscow, where they attended the last session of the Third International. Spector admitted he was no longer with the party.

While Spector refused to comment on the circumstances which brought about his expulsion, it was said it was a reflection of the division within Communist parties throughout the world since Leon Trotsky was forced into exile for criticizing the administration of the Soviet Union on different matters, particularly its policy in rural Russia. It is stated Trotsky's position has been vindicated by the events which are now transpiring and have resulted in a demand from official organs in Moscow for drastic action to correct conditions.

It was stated that the party in Canada was giving its support to the present administration in Russia, but that it contains a minority, which believes that its efforts should be directed along different lines, of whom Spector is the most prominent member. The minority is supporting Trotsky.

Spector was a student in the University of Toronto, where his radical utterances and views attracted considerable attention. After leaving University College he joined the Communist party, then known as the Workers' party, and became known as its shrewdest propagandist.

Last Big Fresh Halibut Sale of Season Took Place Here as 333,000 Pounds Were Marketed

The last big fleet of halibut vessels for market, following the commencement of the close season is in today. Seventeen large American vessels offered their catches at the local Fish Exchange and 15 sold, the other two going to Seattle. Prices were low at 12c and 12.1c and 6c. Sales totalled 333,000 pounds. A few more American boats are expected here. The last halibut to be landed here this year is expected by Friday. In that day the local boat Cape Beale, which is delayed in the north with propeller trouble as a result of a recent storm, is expected in. Another Canadian boat expected within the next day or so is the Emblem. These are about all the local boats still out. No Canadian fish was landed today.

Victoria Takes First Game of Series in Vancouver Against Lions in Professional Hockey

VANCOUVER, Nov. 20.—The Victoria Cubs defeated the Vancouver Lions in the opening game last night of the Pacific Coast Hockey League, the score being four goals to three. Considering it was the opening contest of the season play was good. Victoria threatened with three men rushes, while most of the Vancouver rushes were solo affairs.

The first period was without score. The Lions scored three goals to two in the second period and Vancouver backers were hilarious over the probability of victory. Excitement rose to fever heights when the score was evened by Victoria, but a setback was given to the local fans when the Cubs from the Island forged ahead, winning by a one-goal margin.

NEW RULES IN HOCKEY GAME

Players Must "Not Stall" and Ten Minutes Overtime in Case of Tie

MONTREAL, Nov. 20.—In an effort to prevent stalling for time by a team which is shorthanded, the National Hockey League has this year introduced a new rule designed to eliminate as far as possible this "evil," as it is called by many followers of the game.

The so-called anti-stalling rule entered in the new rule book is as follows: "The puck must at all times be kept in motion. A side in possession of the puck in its own defence area (i.e. the area between the end of the rink and the line marked across the ice 60 feet from the line of the defended goal) shall always advance the puck toward the opposing goal, except if it shall be prevented from so doing by players of the opposing side. A player beyond his defence area shall not pass the puck into his defence area for the purpose of delaying the game.

"The penalty for infraction of this rule shall be a minor penalty to the last player to touch the puck. The puck shall then be faced at the spot which the penalized player was given the penalty."

Another new rule was in force at the opening Thursday night. This deals with overtime play. Heretofore, if the score was tied at the end of the regular time, the teams took a breather and resumed play until one team had scored. If no such score resulted at the end of five minutes the teams changed ends and immediately went at it again. At the end of another five minutes, if no goal was scored, it was called a draw.

The new ruling is: "If at the end of the three 20-minute periods the score shall be tied, ends shall be changed, the puck shall be faced at centre ice and play shall be continued for an extra period of 10 minutes. If the score is tied at the end of such extra period the game shall be called a draw."

SPORT CHAT

The regular weekly shoot of the local unit of the Royal Canadian Naval Volunteer Reserve was held at headquarters last night. Standings of Navy marksmen will soon be announced.

The two fast moving native teams—Kincolith and Port Simpson—will meet in the Senior Basketball League tonight. This is a game that fans have been keenly awaiting and, no doubt, it will have a large attendance. Plenty of spirit is expected in the meeting. Should Kincolith win, they will have a good hold on the league leadership. Should Simpson come out victorious the two native aggregations will be tied for honors. Naval Reserve and High School, who are tied for the leadership, will take on Big Four and Eagles respectively in the Intermediate League.

The Smithers Curling Club is preparing for an active season of sport, and at the annual meeting last week it was decided to make a number of improvements at the rink, including the laying of a new roof of a less temporary construction. The entire 1928 slate of officers were re-elected for another term, and with the funds of the association in satisfactory condition and the novices of last year already displaying an eagerness to go into action with the veterans, the interior curlers should enjoy a successful winter of sport.

G. W. Bruggy, well known Alice Arm merchant, is a passenger aboard the Catala today going through to Vancouver where he will spend the winter.

The grain movement to the port continues steadily. Railway offices this morning reported three hundred cars west of Jasper Park bound here.

G. A. Woodland, local agent of the Imperial Oil Co., returned to the city on the Catala today from a brief business trip to Anyox and Stewart.

Two Montreal race-courses—the historic Delorimer oval and the Mount Royal course, a mile ring—will not be operated next summer. Both will be subdivided into building lots. Mount Royal is owned by the Back River Jockey Club. It is said that both parks have shown operating deficits for several seasons. There will be quite enough race-courses in Montreal without the pair that are to shut down.

DAILY EDITION Tuesday, Nov. 20, 1923

POST OFFICE NEED

Ketchikan is moving heaven and earth in an effort to secure a new post office. All the citizens are uniting for the purpose and one of them is right on the ground at Washington taking the matter up with the Federal authorities. That is the way to get something. Unity is necessary.

Ketchikan is not as big a place as Prince Rupert, but it has faith in the city and enough ginger to get out and make itself heard. The probability is, it will have a Federal building before Prince Rupert.

Now that Olof Hanson has been chosen by local Liberals as their standard bearer, it is to be hoped he will be one of the leaders in the movement to secure a new post office for Prince Rupert. Doubtless other sections of the riding will be asking for appropriations, but this is one thing the need of which is apparent to everyone.

AIR LINES UP THE COAST

Yesterday another despatch came over the wire telling of the plans to inaugurate an air service between Seattle and Alaska. It is altogether probable that any line to Alaska would make a call at Prince Rupert, unless there should be an all-Canadian service to this city and to Portland Canal. Eventually this will come. In the meantime, we must look for abortive efforts.

RURAL SCHOOLS

A proposal has been made in Alberta for the government to take over the control of the rural schools, levying a general school tax rate and paying the salaries of the teachers. This because of the inefficient manner in which the schools are handled at present. In many parts of British Columbia the same may be said of the schools. It looks to the trustees as if the teachers were getting a lot of money. They lack perspective. We are strongly of the opinion that better results might be obtained if less power were placed in the hands of local authorities in regard to the conduct of education. People without any education cannot be expected to sympathize with educational efforts.

SAFETY ON STREETS

The problem of safety on the streets is one that will have to be dealt with in future in some more drastic manner. This is no particular reference to Prince Rupert streets, because the traffic is not yet such as to cause worry. In the larger centres accidents occur every day and often the innocent pedestrian is the one that suffers.

There is a possibility that as time goes on a more wary people will develop who will keep out of the way of street traffic. In France they have tried to solve the problem by speeding up traffic and with some measure of success. If all traffic moves fast there is certainly less congestion.

The probability is that in large cities fewer cars will be used on busy streets, the populace turning once again to walking instead of riding.

AN AUTOMATIC NEWS SERVICE

Printing Instruments to be Installed at Vancouver and Victoria to Serve West

MORE BRITISH NEWS

CALGARY, Nov. 20.—The western Daily Newspapers at their meeting here yesterday approved the proposal of the publisher members of the Canadian Press to install a printer news service west of Winnipeg to points as far as Vancouver and Victoria. This will double the amount of news available for western papers, the enlarged service to go into effect next spring.

The printer circuit is provided with automatic instruments that without the medium of an operator give a typed copy of the news transmitted and thus causes a great saving in cost.

Approval was given to the action of the Board of directors at their meeting last month in Toronto in developing and expanding a direct service of British news from London.

IN the bright heyday of youth, who could tell him of the storms that lay ahead? Later, when he had the full strength of manhood, who could hint to him of weakness or ill-health?

The need for Life Insurance protection always seemed dim and remote - - and because of this the day of decision was deferred.

And then came the time when he tried to get Life Insurance, but the attempt merely brought a

more grim realization of his need. His health was not what it had been.

Too late!

Avert this tragedy from your life! Obtain the security of Life Insurance while you may. Now, while you are strong and well, the protection of Life Insurance is obtainable, and the yearly outlay will be less than in the future. LADIES' GUILD ANNUAL SALE

Ferrace United Church Event Proves Most Successful

TERRACE, Nov. 19.—The Ladies' Guild of Knox United Church held their annual Xmas sale of fancy and plain sewing and home cooking on Saturday afternoon in the church, and it was accorded splendid patronage. The church was prettily decorated with an abundance of autumn flowers from the gardens of Mrs. C. H. Thomas. Many useful and attractive articles were on display, as well as the usual appetizing cooking, which was in good demand.

The candy booth this year was turned over to the C. G. I. T. girls, who took entire charge of that section as a means of making money for their club activities.

The following ladies had charge of the different booths: General convener—Mrs. William Allan.

Sewing—Mrs. A. H. Barker, Mrs. E. T. Kenney and Mrs. R. W. Riley.

Home cooking—Mrs. Thomas, Mrs. Moore, Mrs. Anderson.

Tea tables—Mrs. W. E. Smith, Mrs. Holmwood and Mrs. E. Hanglard.

Candy—Senior C. G. I. T. girls. Cashier—Mrs. T. E. Brooke.

POST OFFICE AT KETCHIKAN

Need of New Building Being Urged Upon Federal Government by Citizens

KETCHIKAN, Nov. 20.—A committee of citizens has been appointed to urge upon the Federal Government the desirability of erecting a new post office here. This committee consists of H. J. Heneghan, H. C. Strong, M. J. Bucey, J. E. Johnson and H. P. Hanson. The committee has reported on available sites ranging up to \$40,000.

W. F. Scholthan, president of the Commercial Club, is at present in Washington urging the need of the new building. The Commercial Club, City Council and all other organizations are uniting in an effort to receive the appropriation.

TOLSTOY WAS HER SUBJECT

Miss Rushforth Was Speaker Last Night Before United Church Young People

At the regular meeting of the Young People's Society of the United Church last evening, Miss Rushforth read an excellent and instructive paper on "Tolstoy and His Masterpiece, 'Anna Karenina.'" The subject matter was handled in a masterful and clever way and showed careful preparation and reading, not only of the book itself, but also of other works of the Russian author.

The paper was divided into three main topics—First, an introduction, which told of the place of Tolstoy in Russian literature and compared his works with those of Dostoyesky and Turgenyev. There was a brief description of the Russian native, contrasting it with that of America, and showing that there were conditions in Russia at that time highly favorable to the production of good literature.

The second portion of the paper dealt with the book "Anna Karenina." Its plot was shown to consist of two main actions, in sharp contrast with one another—the eternal story of the unhappy marriage and its disastrous consequences, and the eternal story of the normal marriage, in which elements of joy and sorrow were so blended as to produce a helpful and, in the main, a happy union. Some of its defects were pointed out and some of its better passages were read. "Anna Karenina," the speaker saw, ranked as one of the greatest works of the century—for its penetrating psychology; for its realism in plot and character; and for its high moral significance.

Miss Rushforth, in the last part, dealt with Tolstoy's philosophy and his doctrine and showed why his practical experiments in attempting to create ideal colonies were such miserable failures. Although he was imbued with the highest of ideals, he attempted to interpret them too literally.

After the reading of this paper, Rev. A. Wilson made a few remarks, expressing great appreciation for the way in which Miss Rushforth had arranged and handled the subject. He spoke of his own impressions on reading the book.

The president, George Stocks, was in the chair.

LOCAL CAUSES FOR COMPLAINT

J. J. Little Tells some of Reasons Why There is Trouble in Reception Here

In his report to the city council recently, J. J. Little, superintendent of utilities, says:

"It is well known the majority of complaints are made when reception is poor, due to the fact at this time the "music level" is lower than the "noise level." When the reception is fair or good the "music level" is above the "noise level" and very few complaints are received. From this point of view, in cities where broadcasting stations are located the interruption to reception due to interference is naturally a great deal less than it would be in the case of Prince Rupert, where the nearest 500-watt station is located some 500 miles from the receiving sets. Investigations have shown this class or size of station can be received continuously within a radius of 200 miles and even after taking these factors into consideration reception within this area is likely to be poor or good, dependent on physical or other factors beyond investigation in the present state of the art. These variations in signal strength vary throughout the day and from season to season, the variations in signal strength being as great as five to one between seasons.

"In addition to the interference cited above, natural electrical disturbances in the atmosphere cause serious interference to the reception of signals. These disturbances set up electromagnetic waves which set up serious and troublesome sounds in the phones. These so-called statics or strays have been arbitrarily placed by De Groot in the following classes: (a) loud and sudden clicks; (b) a constant hissing noise, giving the impression of softly falling rain; (c) a continuous rattling noise in the telephone, something like the tumbling down of a brick wall, and are usually present to a greater or less extent. Other interferences are caused through commercial stations, both spark and continuous wave, the latter due principally to harmonics of the sending wave."

WAITING FOR MARS TO ANSWER

The British Postoffice co-operated in an attempt to communicate with the planet Mars. A message was sent from the Rugby wireless station, and Postoffice engineers listened on a special receiving set at St. Alban's for a reply, but no reply came. The experiment was undertaken at the request of Dr. Dr. Mansfield Robinson, ex-Town Clerk of Shoreditch, and was handled by the Postoffice as an ordinary commercial transaction. The photo shows Dr. Robinson, with his psycho-tel pathic motor-meter and wireless.

You Can't Beat These Prices!

Community and 1847 Rogers SILVERWARE For Christmas

Many people do not know that our prices are the same as in other cities. The following have been our regular prices for the past two years and we have just looked up Eaton's catalogue and find their prices the same. Compare for yourself!

- Tea and Coffee Spoons, per set \$4.25
- Table and Dessert Spoons and Forks, 1-2 dozen \$8.00
- Dinner Knives, solid handle, 1-2 dozen \$6.00

And all other articles on list at proportionate prices. We have these in Adam, Bird of Paradise, Anniversary and other patterns; and we also have some lower priced lines in stock.

Man in the Moon

One nice thing about modern newspapers is that you do not have to read all that is published in them.

The way to make socks last is to keep them tucked safely in a drawer with a moth ball in each.

So far the Prince Rupert climate has not favored either the fur man or the coal man. They will have their turn soon.

A wishbone is what most of the ladies like but backbone is what really counts.

When a man is married and stays out until three o'clock it is probably just as well to remain out rather than take a chance on returning before daylight.

ALMOST FRANTIC WITH HEADACHE 'Kidney Trouble' and Weakness Relieved by 'Fruit-a-tives'

"I was very weak because of Kidney Trouble and suffered with terrible Headaches," says Mrs. Romulus Tessier, St. Jean de Matha, P.Q. "I was treated for a long time and was just about discouraged when I learned of 'Fruit-a-tives.' Improvement came with the first few doses, and in six months the kidney trouble, weakness and headaches were gone."

PRINCE RUPERT IS BEST PORT

Interesting Debate Featured Program at Meeting of Fireside Club Last Evening

A debate on the subject "Resolved that Stewart is a more suitable seaport than Prince Rupert for the interior of Northern British Columbia" proved a most interesting and enjoyable diversion at the weekly meeting last night of the Fireside Club of First Baptist Church. As might have been expected, a ballot of the audience gave a large majority in favor of the champions of Prince Rupert who were F. Burdett and Miss Bessie Derry. Those who argued in favor of Stewart were James Underwood and Miss Catherine Mussallem. Much valuable information and many interesting arguments were adduced by either side.

"Big Parade" Film at Capitol a Revelation

First-Night Audience Carried Off Its Feet; John Gilbert Is Great Contributing Amazingly True and Vital Portrait; Renee Adoree Delightful

The long awaited showing of Metro-Goldwyn-Mayer's "The Big Parade" occurred last evening at the Capitol Theatre, where a large audience greeted the film with unprecedented enthusiasm. All expectations were surpassed. The reception accorded the film was overwhelming, a consensus of opinion being that the picture is easily the greatest achievement yet written into the annals of the screen.

The story of the film can be told in a single sentence: An American doughboy goes to France. It is revelation of character, rather than complication of plot, that gives the film its superior merit. John Gilbert's portrayal of Jim Apperson, the doughboy in question, is one of the most amazingly true and vital portraits ever contributed to the silver sheet. As a mud-covered hero of the trenches, he remains profoundly human, virile and romantic throughout.

No less delightful is Renee Adoree as his peasant sweetheart. Miss Adoree herself a native of France, is entertainingly real as Melisande. In that section of the picture wherein she stands in the middle of the road between passing lorries looking frantically for her departing lover she is superb. But all the acting is astonishingly good. Karl Dane as Slim, a hard-boiled tobacco-chewing buddy of Gilbert's, and Tom O'Brien as his other companion, deserve high honors.

LIGHTHOUSE TENDER IN SERVICE AGAIN

Newington Leaves Dry Dock After Undergoing Extensive Overhaul

After having spent some six weeks in the local dry dock undergoing an extensive overhaul as the result of which she looks almost a new ship, the lighthouse tender Newington, with Captain Harry Ormiston in command, is back in service again. The vessel left the yard yesterday afternoon at 2:30. Renovations on the trim little steamer included a new foremast and redecking throughout.
