GOVERNMENT STRENGTHENED

The MacLean government has been strengthened by the addition of two prominent Vancouver men, who will have charge of important portfolios, Dugald Donaghy that of finance, and Ian Mackenzie that of provincial secretary. Not only should the government be strengthened generally but particularly in the forthcoming election in Vancouver where there has been considerable opposition to the present administration because Vancouver was not represented in it.

Mackenzie has been party whip and one of the most prominent members of committees of the House of Commons. He has not hesitated to oppose the government when he considered the interests of his constituents demanded it. He has been probably one of the most active members of the House.

Donaghy has on several occasions fought the battles of Liberalism, is a prominent member of his profession and is a man of standing in Vancouver.

INTEREST IN PROBE DYING

Interest in the Vancouver police probe is dying. It has been shown that gambling has been carried on in the city with the knowledge of the police and now the next step is to have a cleanup. Other police officers will take hold and improve matters until they get well known and feel secure of their positions. Then there will have to be another cleanup. That is one of the unfortunate features of police conduct. The provincial system of moving men around occasionally does away with some of the evils of policing.

ORIENTAL VOTING

The labor unions strongly object to a proposal to give the vote to Orientals in this country. The main argument against it is that Orientals living in Canada are still looked upon as Japanese or Chinese in their own country just as Germans were at one time citizens of Germany even though they were also citizens of Canada.

The idea is also prevalent that Orientals would vote as a bloc, and the party that could promise them the most would get their support. This is always a danger and is not confined to Orientals. We see it in other groups of citizens.

However, whether right or wrong, the labor unions are against it and doubtless they will have their way, at any rate for the present.

CLERGY AS SPORTSMEN

This afternoon it is expected the clergy of the diocese will be showing the community that they are sportsmen as well as clergymen. It is difficult to picture a lot of clergy playing the strenuous game of soccer, yet most of them have done so at college and many of the young men here are not long from the university. This is one of the possible means of showing the young men of today that the clergy are not pink tea men but real he-men who are out to demonstrate a man's religion.

CONGRATULATIONS IN ORDER

The diocese of Caledonia is to be congratulated on its choice of a new bishop. The election of Archdeacon Rix to that high office was a tribute to the splendid work he has done already as administrator and to his admirable qualities. Prince Rupert people generally will be glad to know that another Prince Rupert man has been recognized. While we feel that the Bishop elect is to be congratulated on the appointment, it is chiefly the people of the diocese and particularly those of the Anglican denomination who will benefit and they are the ones to whom we extend our felicitations. Also may we say a word on behalf of those who are not Anglicans but who are glad to know that the Anglicans have chosen a real man. There are not many of his kind.

FAREWELL HELD LAST EVENING

MOOSE MEN AND LADIES HONOR MR. AND MRS. L. R. PARRY WHO ARE LEAVING CITY

After regular lodge meeting last night, the Moose Lodge and Ladies of the Mooseheart Legion entertained jointly at a delightful farewell function in honor of Mr. and Mrs. L. R. Parry who are leaving the city to take up residence in Winnipeg. Mr. Parry dictator of the Moose Lodge this year, leaves about the middle of next week for Winnipeg to which city he has been transferred to a promoted position with the commissary department of the Canadian National Railways. Mrs. Parry, an active member of the Ladies of the Mooseheart Legion, will leave about the end of the month with her family.

The feature of the evening was the making of presentations to both Mr. and Mrs. Parry. The former, on behalf of the Moose Lodge, was presented with a beautiful Moose emblem by Gillis Royer, past dictator, while Mrs. Parry, at the hands of Mrs. Charles M. Nickerson on behalf of the ladies of the Mooseheart Legion, was made the recipient of a handsomely designed tea tray. Both Mr. and Mrs. Parry replied suitably expressing appreciation of the honor that had been done them. Mr. Parry stated that it was not without some regrets that he was leaving Prince Rupert, where he had made so many warm friendships, for a place in which he would be practically unacquainted.

The social took place after the lodge meeting with over one hundred persons in attendance. Whist was played, this being followed by the serving of refreshments and dancing which was kept up until 2 a.m. The presentations were made during the dance.

There were twenty-eight tables of whist and the prize winners were: men's first, Herman Johnson; men's second, D. C. Schubert; men's consolation, Capt. J. J. Mulligan; ladies' first, Mrs. L. R. Parry; ladies' second, Mrs. D. Lund, on cut with Mrs. D. C. Schubert and Mrs. W. H. Derry; ladies' consolation, Mrs. J. Wier.

Excellent music for the dancing was furnished by the Moose orchestra consisting of Dave Eastman, Cliff Cameron, P. Brochu, W. H. Derry and Dr. R. E. Eyclifsen. The moonlight waltz was a feature of the dance program and music for the Swedish dances, including the Rinselander, was played by Mrs. Einar Larsen. Miss Bessie Derry sang a solo as well.

Gillis Royer was master of ceremonies and the committee responsible for the success of the affair included Mrs. Charles M. Nickerson, Mrs. Joseph Slagard, Mrs. Charles Edwards, Mrs. D. C. Schubert, Mrs. D. Lund, Mrs. H. Skatlebol, Mrs. Jack Preece, J. Bartlett, D. C. Schubert, A. O. Franks, B. J. Bacon, Thomas Elliott, N. Mussallim and W. H. Derry.

RECORD OF NEW BISHOP ELECT

CAME WEST FROM ONTARIO AT INVESTIGATION OF ARCHBISHOP DUVERNET

In view of the elevation of Archdeacon Rix to the high office of Bishop a good many people would like to know something of his early record. He was born in Barrie, Ontario, and educated at the public schools and collegiate institute in that town. After that he taught school for a couple of years before continuing his education at Wycliffe College from which he graduated in 1893.

Mr. Rix's first parish was Canning-

ton and Beaverton but his abilities there were soon recognized and he was invited to become assistant at the Church of the Redeemer, Toronto.

Orangeville, Ontario, was the last eastern church to which young Mr. Rix ministered when the call of the west became very strong. Professor F. H. DuVermet of Wycliffe, under whom Rix had studied, was made bishop of Caledonia and he singled out this man as one well suited to life in a new land and invited him to come west. He went, and never regretted it, and since that time, in spite of many other suggestions leading to place and power, he has remained the faithful pastor of St. Andrew's Parish at Prince Rupert and the friend and advisor of people of all denominations and creeds wherever they may live or whoever they may be.

It was in the year when war broke out that Mr. Rix was made a canon of the church and six years ago he was ordained as an archdeacon. Now in a short time there will be a gathering of

bishops in Prince Rupert when he will be consecrated by the Archbishop to the holy office of Bishop of Caledonia.

KIDNEY DISEASES

The kidneys are the filters for the whole system, eliminating from the blood stream all excessive fluids and waste that cannot be disposed of through any other channels. As long as the system is in reasonable condition, and nerve pathways leading to them are unobstructed, these organs remain in a healthy condition, but if forced to eliminate large amounts of filthy, morbid matter, uric acid, sugar, etc., the delicate membrane becomes inflamed and so modified that it is incapable of performing its function.

There are two general conditions resulting from overworked kidneys: Nephritis, or Bright's disease, in which the urine is suppressed, thus leaving the waste and poisons in the blood; and Diabetes in which the organs become overactive and too much urine is voided. In either case, pressure on nerve trunks will result, making it certain that there is trouble ahead.

Don't let your kidney trouble become chronic.

IMPORTANT.—In preparing feeding mixture it is imperative that all utensils, bottles, nipples, etc., should be sterilized in boiling water before using. Use a dry spoon in removing contents from the can, and in measuring be careful to pour from can to spoon, allowing the milk in the spoon to level itself. Repeat this procedure with every spoonful measured, using the same spoon every time. This will insure accurate measurement and produce the best results.

DIET FOR CHILD DURING THE SECOND YEAR

Usually after the twelfth month, the mother should select a diet schedule. Every new article of food should be carefully prepared, and given at first in very small quantities. All meals are to be given regularly, with nothing between meals. With many children this expansion of the diet list is attended with considerable difficulty. They are thoroughly satisfied with milk, and refuse all other forms of nourishment. In such cases, withhold the milk until the more solid articles of food have been eaten. If both are given at the same time, the child will prefer the milk and when he has finished drinking, he will refuse the solid food. The following diet schedule will permit the mother to select a suitable meal from the foods listed. It is never advisable to make a change in diet during very hot weather.

NOTE.—One teaspoonful of EAGLE BRAND CONDENSED MILK added to one ounce of boiled water results in a mixture equivalent in nutritive value to whole milk. Whenever the word milk appears in the following diet, EAGLE BRAND should be diluted accordingly.

- 12th TO 15th MONTH—FIVE MEALS DAILY**
- 7 A.M.—Oatmeal, barley, or wheat jelly, one to two tablespoonfuls in 6 or 8 ounces of milk. Stale bread and butter, or rusk and butter.
 - 9 A.M.—The juice of one orange.
 - 11 A.M.—Scraped rare beef, one to three tablespoonfuls, mixed with equal quantity of bread moistened with beef-juice. Or a soft-boiled egg mixed with stale bread-crumbs; a piece of rusk and 6 or 8 ounces of milk.
 - 3 P.M.—Beef, chicken, or mutton broth, with rice or stale bread broken into the broth. Six ounces of milk, if wanted. Stale bread and butter or rusk and butter. Many children at the above age will take and digest apple-sauce and prune pulp; when these are given, milk should be omitted.
 - 6 P.M.—Two tablespoonfuls of cereal jelly in 8 ounces of milk; a piece of rusk. Stale bread and butter.
 - 10 P.M.—A tablespoonful of cereal jelly in 8 ounces of milk.
- 15th TO 18th MONTH—FOUR MEALS DAILY**
- 7 A.M.—Oatmeal, hominy, cornmeal, each cooked three hours the day before they are used. When the cooking is completed the cereal should be of the consistency of a thin paste. This is strained through a colander, which upon cooling will form a mass of jelly-like consistence. Of this give two or three tablespoonfuls, served with milk. 8 or 10 ounces of milk as a drink. Toast.
 - 9 A.M.—The juice of one orange.
 - 11 A.M.—A soft-boiled egg mixed with stale bread-crumbs, or one tablespoonful of scraped beef mixed with stale bread-crumbs and moistened with beef-juice. A drink of milk. Rusk or bran biscuit, or stale bread and butter.
 - 3 P.M.—Mutton, chicken, or beef broth, with rice or junket or with stale bread broken in the broth. Custard, corn-starch, plain rice pudding, junket, stewed prunes, baked apple or apple sauce.
 - 6 P.M.—Farina, cream of wheat, wheatena (cooked two hours). Give from one to three tablespoonfuls, served with milk. A drink of milk. Rusk or stale bread and butter.
- 18th TO 24th MONTH—FOUR MEALS DAILY**
- 7 A.M.—Cornmeal, oatmeal, hominy (prepared as in the above schedule). Serve with milk, or with butter and salt. A soft-boiled egg every two or three days. Hatched chicken on toast occasionally. A drink of milk. Bran biscuit and butter, or stale bread and butter.
 - 9 A.M.—The juice of one orange.
 - 11 A.M.—Rare beef minced or scraped; the heart of a lamb chop, finely cut. Chicken. Spinach, asparagus tips, squash, strained, stewed tomatoes, stewed carrots, mashed cauliflower. Baked apple or apple-sauce. Stale bread and butter. After the twenty-first month, baked potatoes and well-cooked strained beans.
 - 3 P.M.—Chicken, beef or mutton broth, with rice or with stale bread broken into the broth. Custard, corn-starch, or plain rice pudding, junket, stewed prunes. Bran biscuit and butter or stale bread and butter.
 - 6 P.M.—Farina, cream of wheat, wheatena (each cooked two hours). Give one to three tablespoonfuls, served with milk, or with butter and salt. A drink of milk. Rusk or stale bread and butter.

The following suggestions have proved to be helpful when properly used with bottle feedings, and they may be used in conjunction with Eagle Brand Condensed Milk.

Always pour the milk from the can into the spoon—allowing it to level itself but not run over. You can readily understand that by dipping the spoon into the can you get more than a level spoonful, because of the milk that would adhere to the bottom of the spoon. When you have added the milk to the water stir thoroughly. This is important. After opening, it is safe to leave the milk in the original can. We recommend that you cover the can tightly with an inverted cup, and keep it in a cool, clean place.

- ORANGE JUICE**
 When baby is four months old, give one teaspoonful of strained orange juice, diluted with equal quantity of boiled water, once daily before feeding time. Gradually increase the amount until you are giving the strained juice of a half of an orange undiluted, once daily before feeding time. Orange juice may be continued until child is old enough to eat other fruits as well as oranges.
- OATMEAL JELLY**
 When baby is five months old, add one teaspoonful of oatmeal jelly to each feeding. Gradually increase the amount until you are adding three tablespoonfuls of oatmeal jelly to each feeding. To make oatmeal jelly add four ounces of oatmeal to one pint of water; boil for three hours in a double boiler, and add enough water so when cooking is completed a thin paste will be formed. This while hot is forced through a strainer to remove coarser particles. When cold a semi-mass will be formed. Oatmeal jelly may be continued until child is old enough to eat well cooked whole cereals.
- CONSTIPATION**
 Oatmeal water very often relieves this condition. To make oatmeal water add one heaping tablespoonful of oatmeal to one pint of water, and boil for three hours in a double boiler. This will make a little more than half a pint of thick gruel to which add one pint of water that has been boiled. After straining mixture through fine strainer, you should have a little more than a pint of whitish liquid. This should be used with each feeding instead of the plain boiled water. If you find that this makes bowels too loose, dilute oatmeal water with plain boiled water. Barley or rice water may be used instead of oatmeal water. If necessary two to three drops of plain codliver oil may be given twice daily added to the morning and night feedings.
- DIARRHEA**
 Give nothing but plain boiled water for twenty-four hours. Then start feeding with barley water, or rice water, to which has been added a little salt to improve the taste. If these feedings are retained, and bowel movements lessened, small amounts of very weak regular feedings may be started and gradually increased according to baby's condition. If your baby does not improve after trying the above suggestions, consult your doctor at once.
- BARLEY WATER**
 Obtain the very best barley flour. Add one rounded tablespoonful to one pint of water. Boil for thirty minutes, strain, then add enough water to make one pint.
- RICE WATER**
 Add one tablespoonful of rice to a pint of water. Boil three hours, adding water from time to time so that you will have one pint of rice water at the end of the three hours.
- LIME WATER**
 It is seldom necessary to use lime water with Eagle Brand Milk but should there be undigested particles of food in the bowel movements (which seem to be otherwise normal) or should there be vomiting of large curds shortly after feeding—or colic—it would be then advisable to try lime water. Obtain freshly prepared lime water at the Druggists, of which add 1 to 2 teaspoonfuls to each feeding.
- COLIC OR VOMITING**
 These conditions may be due to over feeding, or constipation. Reduce quantity of food and use constipation formula, or lime water formula, as given above.

meals on time

SHARP on the dot, meals are ready to serve when Perfection does the cooking. No wood to chop, no ashes to lug.

Cooking starts with the touch of a match to the wick. Every drop of oil is changed to intense heat in the long chimneys. The automatic wick stop does not allow the flame to rise above a set point. No smoke, no soot, no odor. Far better than nursing a coal fire. No waiting for current.

SHE LIKES IT!

"My Perfection assists me greatly in having meals on time. No silky coal stove to coax until time and patience have all flown away; but husband, son, brother coming in all tired and hungry find the meal all ready and the home-maker with a smile on her happy face that the perfect Perfection—'Always Ready in with the cook'—is sure to bring."

WINTER TENNIS NEXT SEASON

NEW YORK, Jan. 5.—The West Side Tennis Club of Forest Hills, N.Y., the scene of many of the great national tournaments, has launched a plan for the erection of a modern covered court building in New York, to provide facilities for winter tennis for its members. The proposed location is in the Queensboro Plaza district, only a short distance from the centre of the city.

The plans call for a building occupying a plot of 100 by 425 feet which will house five courts on one floor as well as a lounge and dressing rooms. Special heating and lighting installations are planned to make playing conditions as close as possible to those outdoors. Permanent grandstands, supplemented by temporary stands at big events, will provide seating accommodations for several thousand people.

DEFEATED BY HIGH SCHOOL

WINNERS NOW EQUAL IN POINTS BOOTH SCHOOL IN JUNIOR FOOTBALL LEAGUE

Borden school team completed engagements in the Junior Football League last evening when they were defeated by High School by 6-1. The game was not up to the usual standard though in the first half the play was better. High were pressing continually. P. Fisher defended well and Wilson ran out to kick clear. As the result of a break-away Porter had to run out to kick clear. Wilson effected a clever save when he caught Cameron's header from close in. Nakamoto broke away but Stiles stopped him. Then Cameron converted a corner. Borden got away again but Kelsey and Stiles sent them back. Wilson listed away three times in quick succession. P. Fisher completed a forward movement for Borden by beating Porter to equalize the score and teams were level at the cross-over.

The second half was nearly all High School's. Cameron and W. Johnston added goals. Carl Smith and Vaccher defended pluckily and Wilson stopped Cameron in the goal mouth. Fisher and MacDonald got away and the latter had hard lines when his shot hit the bar. C. Johnston and Wicks were clever. Smith stopped Scott's run. Wilson (R.) made a good run for Borden. Wilson punched away a fine cross from Wicks and later caught a dangerous nudge from him. Cameron scored from Johnston's pass and then Kelsey added two goals for High. Nakamoto and Pyle defended steadily and no further score was made.

Teams:
High—Porter, Stiles, Kelsey, Thompson, Johnston, Thurber, Wicks, Cameron, Fisher, W. Johnson, and Scott.
Borden—H. Wilson, Pyle, P. Fisher, Smith, Vaccher, Hardie, Kanaya, Fong, Nakamoto, MacDonald, E. Wilson.
Jack Campbell refereed.

There are two games to complete the League. High and Booth are equal in points and meet in a regular fixture on Saturday at 2:30 and in a postponed game on Wednesday next at 6:45. These teams have defeated each other twice this season and are well matched. Spectators are assured of two keenly-fought games and the juniors deserve generous support in their closing matches.

NATIONAL RACE IS CLOSING UP

BOTH REDS AND GIANTS LOST YESTERDAY WHILE CARDINALS, CUBS AND ROBINS WON

(Special to Daily News)

NEW YORK, June 7.—With Cincinnati Reds and New York Giants losing games yesterday while St. Louis Cardinals, Chicago Cubs and Brooklyn Robins won theirs, there was a general closing up in the battle for the supremacy of the National League. The Reds are still leading and but two full games behind are the St. Louis Cardinals who ousted the Giants from second place. The Chicago Cubs and Brooklyn Dodgers are following close in the fourth and fifth notches. The Phillies, losing to the Cubs, dropped even more hopelessly into the cellar.

The New York Yankees won their thirty-seventh game of the season by defeating Cleveland Indians whose hold on third place in the American League is now threatened by the St. Louis Browns, who defeated Philadelphia Athletics and are now but one game behind the Indians.

LAKE OF THE WOODS MILLING COMPANY LIMITED, KEEWATIN

Dear Sir,—

We are very pleased to acknowledge receipt of your favor of the 2nd inst., also loaf of bread made by Mr. Andrew of Electric Window Bakery, Prince Rupert.

It is a pleasure for us to give an opinion on a loaf equal to that sent in from Mr. Andrew's shop. At times, we get the reputation of being too harsh in our criticism of bread but in this case there is very little to criticize. The loaf has good appearance.

It is well baked with a good bloom on the crust. The color and texture are excellent. Eating qualities, first class. The fermentation of the dough has been just about right.

We would hesitate to suggest any change of formula or method as we doubt very much that any suggestion we could make would result in better bread than Mr. Andrew is now making.

We would be glad to have you extend to Mr. Andrew our congratulations on the quality of his product and our best wishes for future success.

Yours very truly,—
