### LEGISLATURE ABOUT READY

Will Open at Victoria Tomorrow With Doubtful Prospects Preceding Election

VICTORIA, Jan. 23.—The Legislature opens here tomorrow, its last session, it is said, and an election is likely to be held in the coming summer. However, it may be that the opposition may force an election at an earlier date. It is said that Premier MacLean is ready at any time to lay his cards on the table and dissolve the House if it should prove obstreperous. The revolt of Charles Woodward is giving the Conservatives hope that the election may be called very soon but other Conservatives would prefer to heal their own party wounds before facing the Liberal foe. The session preceding an election is usually a lively one and the present session would be such were it not for the influence of the new premier who is a difficult man to worry. The absence of the Conservative leader from the House is also a weakening influence for the opposition.

### MAROONS BEAT LES CANADIENS

Two Men Fined Fifty Dollars Each for Fighting at End of Game on Saturday

TORONTO BEAT OTTAWA  
TORONTO, Jan. 23.—Montreal did the seemingly impossible on Saturday, beating the Canadiens after the latter had made the most marvellous record ever compiled in the National Hockey League. This is the first loss in nineteen starts. The magnificent Maroon defence kept the usually brilliant forward line of their opponents at bay while the Maroons gave the Canadiens' goal lots of trouble. Lorenz and Leduc got the majors. Phillips and Joliat were fined \$50 each for fighting at the end of the game. Toronto strengthened her hold on the second position, beating Ottawa in a gruelling game in which 17 penalties were handed out. Hughie Lehman, the 41-year-old goalie and newly appointed manager for Chicago, performed miracles in the nets and the tallenders tied the leading Boston team.

### C.P.R. PLANS LINE IN NORTH

Application for Charter Supposed to Have Come From Big Company

EDMONTON, Jan. 23.—A special proposed incorporation of a line of railway known as the Peace River and Mackenzie District railway is seemingly a Canadian Pacific project inasmuch as notice of the application is given by the Ottawa law firm, which, in parliamentary matters, handles such bills for the C.P.R. This line, north of the Peace, is proposed to run from Grimshaw to Fort Smith with a branch to Hay Lake. The Alberta and Peace River railway charter notice is given for J. Stuart Clark by the Edmonton law firm of Irving, Harvey & Bury and the incorporators are not yet disclosed. The proposed extension of the Edmonton and Dunvegan line is sought by the company itself.

### WHEAT SHIP IS IN PORT

British Freighter Homer City Arrived Yesterday After 51-day Voyage From Wales

After a fifty-one day voyage from Barry Docks, South Wales, which was fettered by unfavorable weather all across the Atlantic ocean and up the Pacific coast until the Straits of Juan de Fuca were reached, the British steamer Homer City, Capt. Burn, Prince Rupert's twelfth grain ship of the season, reached port at 1.30 yesterday afternoon. Being already lined and fumigated, the vessel immediately tied up at the Alberta Wheat Pool's Prince Rupert elevator where she will load a full cargo for the United Kingdom or Continent. The Homer City came via the Panama Canal in ballast.

### DR. CLAY NOT MUCH BETTER

WINNIPEG, Jan. 23.—Little change is noticed in the condition of Rev. Leslie Clay, moderator of the Presbyterian Church, who was taken from the train at the week-end following a heart seizure when travelling west.

### ALBERTA ASKED TO COPY THIS PROVINCE

EDMONTON, Jan. 23.—The Town Planning Association is asking the provincial legislature to pass a town planning law similar to that adopted by the B.C. Legislature.

### NOTHING DEFINITE IN REGARD TO WORK BUCKLEY BAY MILL

No definite word has been received as to the reopening of the Buckley Bay mill, the latest rumor being that it was likely to be cutting lumber in March. At present everything is frozen up at the Bay and little work is being done there. The general impression is that the mill will be working in March but no official announcement in regard to it has been made.

### MANY ENTRIES IN GRAND NATIONAL STEEPCHASE

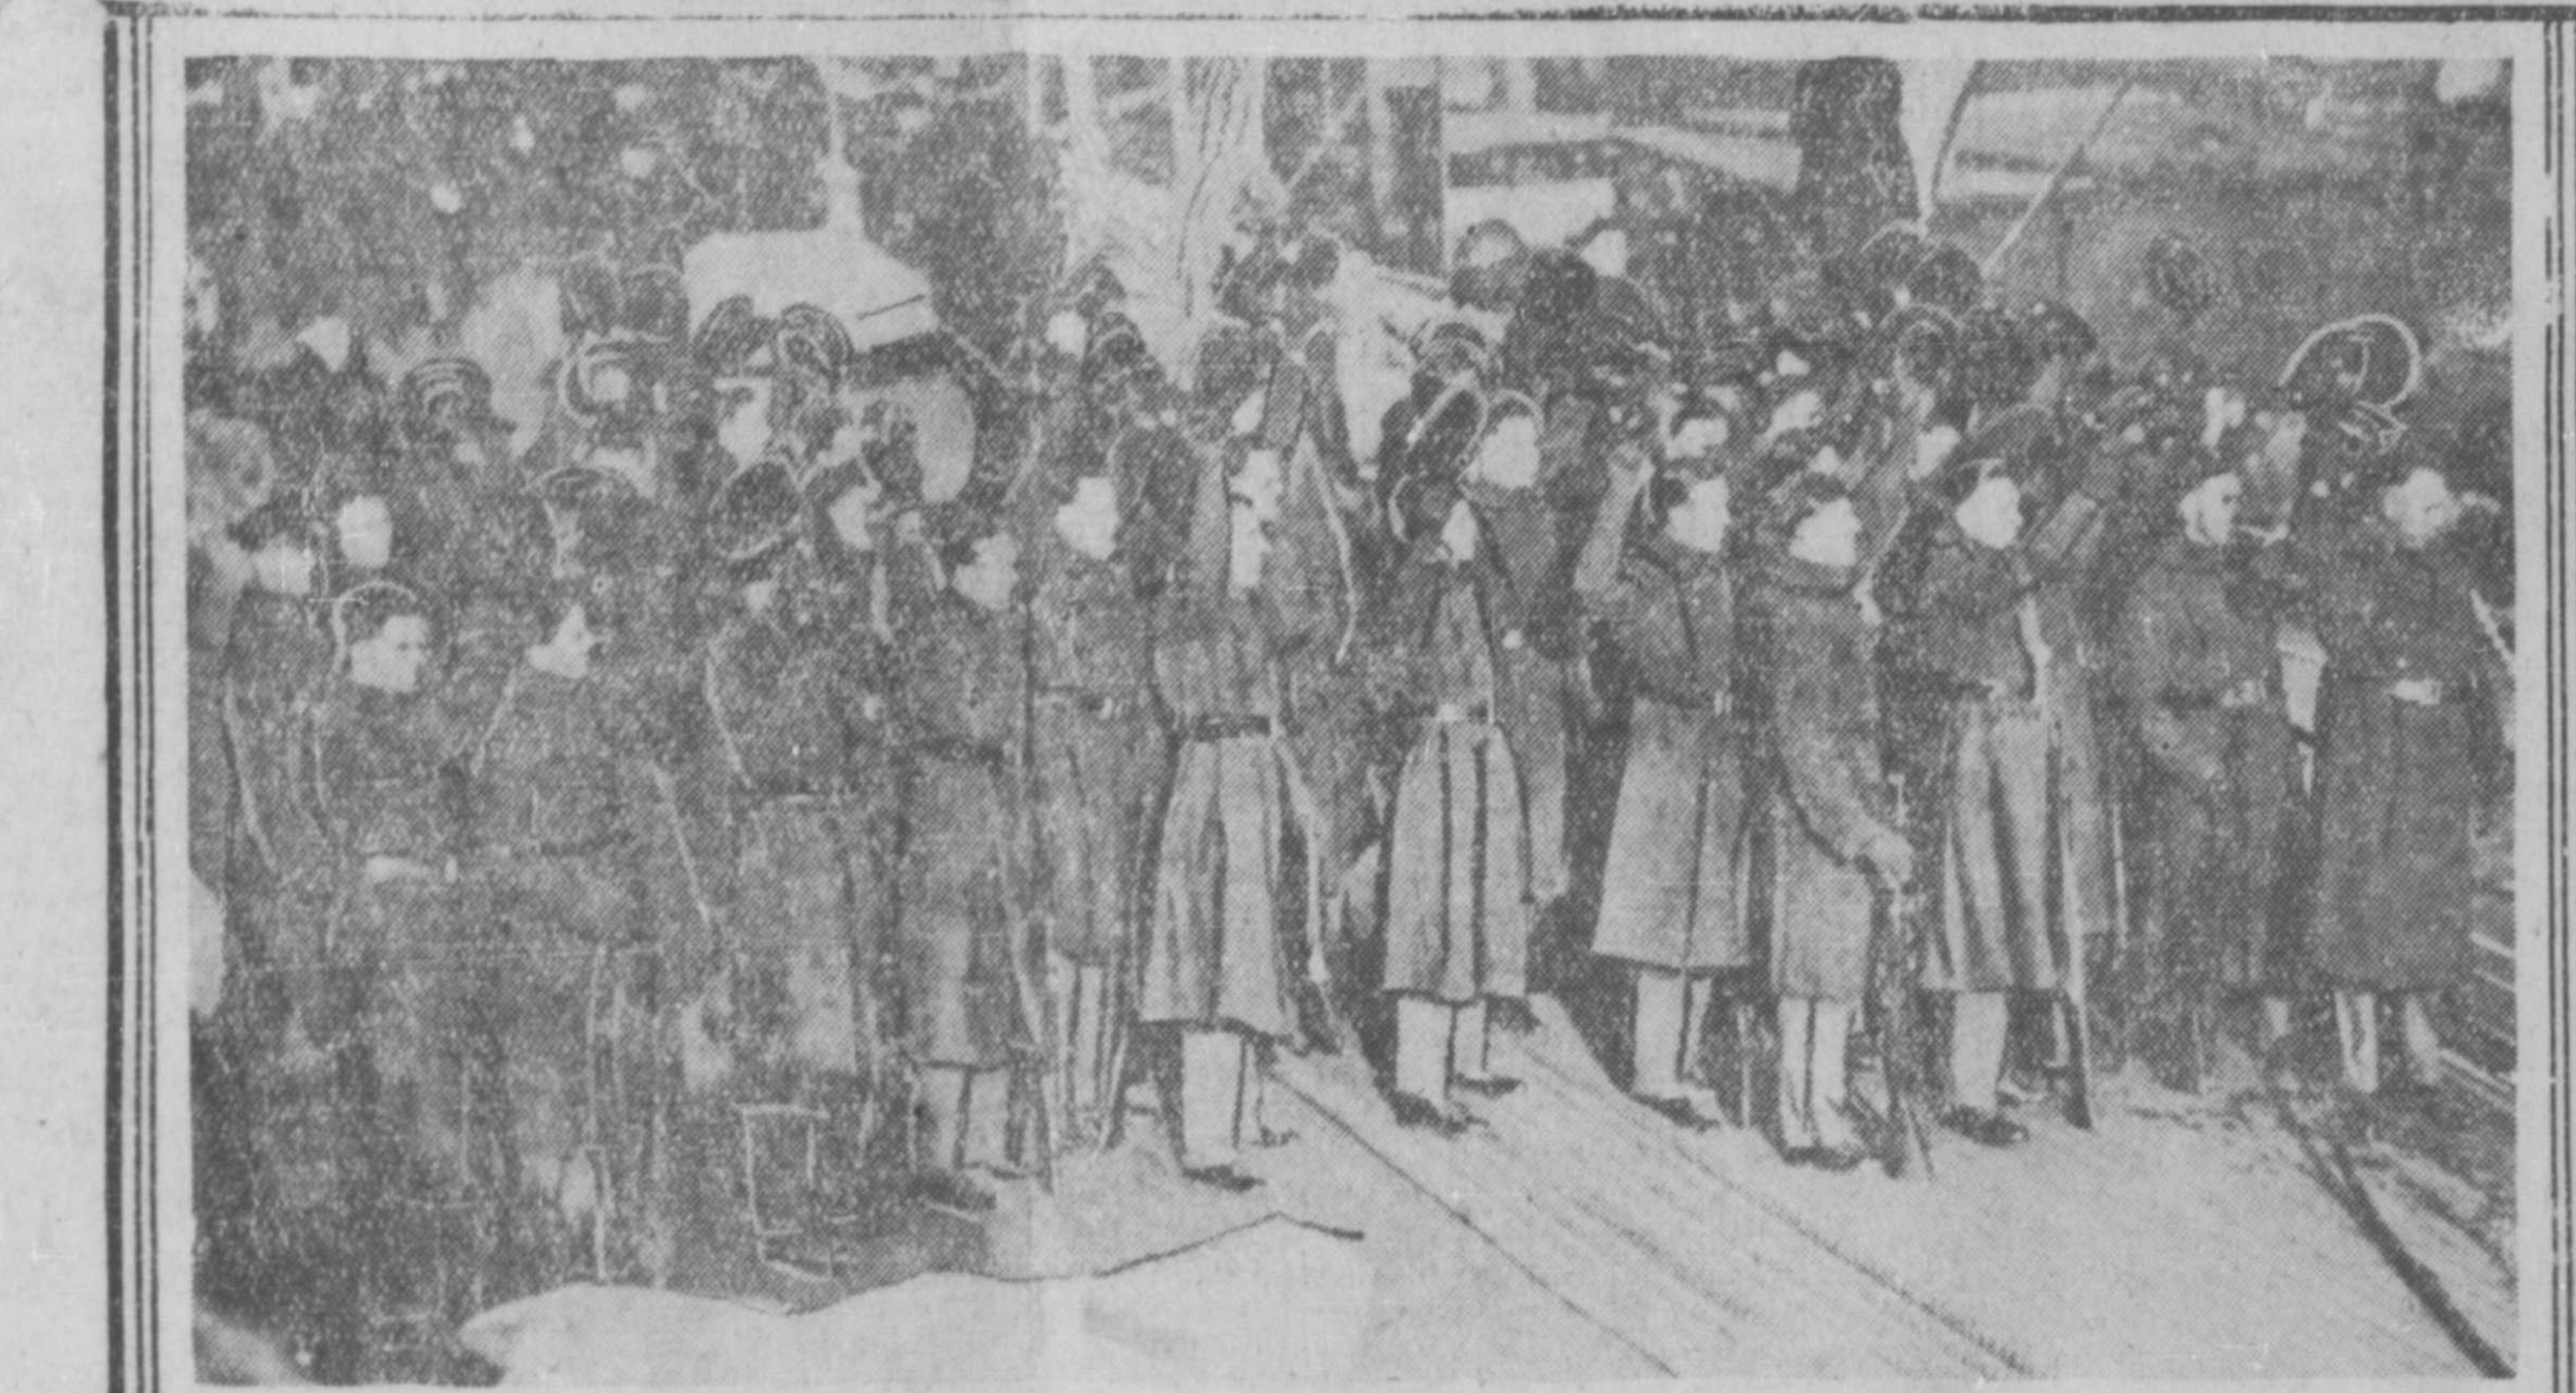

LONDON, Jan. 23.—The weights have been allotted to 111 steepchase horses, who are nominated for the 1928 Grand National, to be run at Old Aintree on National 30. The punishing top weight of 175 pounds for the grand of more than four miles is given two veterans of the hurdles—Mrs. Partridge's Spring, winner last year, and Stephen Sanford's Bright Boy, third last year. Third horse in the weights is Easter Hero, an eight-year-old horse with a good record, who gets 173 pounds. Jack Horner, who won for the American owner, A. C. Schwartz, in 1926, is allotted 161 pounds. The feature of the weights, however, is the record number of entries. The figure compares with about seventy entrants last year.

### FEW AUTO LICENSES ISSUED IN NELSON

NELSON, Jan. 23.—Auto licences to the number of 202 have been issued to date this year through the government offices here for the district of West Kootenay. To date 152 licences have been issued by the Nelson office and 50 by the provincial police at Creston.

UNITED STATES MARINES sailing on the battleship Utah for the fighting zone in Nicaragua. Though war has not been declared the United States has now upwards of 10,000 men involved.

STEAMER CHANGING FROM AMERICAN TO BRITISH REGISTRY  
VICTORIA, Jan. 23.—The American freighter El Abeto, formerly in the lumber carrying service between Buckley Bay and Los Angeles and recently sold to James Griffith & Sons of Seattle is being changed to Canadian registry and is being reconditioned at Yarrow's shipyard at Esquimalt. It is planned to operate her in the B.C. service.

### CANNERS AGREE REDUCE GEAR

VANCOUVER, Jan. 23.—A voluntary agreement was reached by the B.C. Salmon Packers whereby a reduction in the fishing gear along the lines suggested by W. A. Found would be made during the next few years. It was stated here Saturday night. Ninety per cent of the canners are said to be behind the proposal.

### HOME OIL TO SELL RETAIL

VANCOUVER, Jan. 23.—The Home Oil Company, operating in the Turner Valley, will enter the wholesale and retail gasoline and petroleum products field through a subsidiary company known as "Home Oil Distributors Ltd." Operations of the company are planned to extend ultimately over western Canada. The refinery plant of the Vancouver Oil Company at North Vancouver has been taken over.

### VANCOUVER WORKERS KILLED ON THE P.G.E.

VANCOUVER, Jan. 23.—A Soule and W. Lawley of Vancouver, workers on the Pacific Great Eastern Railway, were killed Saturday when knocked off the trestle by a swinging rail and fell hundreds of feet into the canyon at Mile 14.4 near Lillooet. The trestle was being torn up because of a diversion.

### CENTENARIAN DIED FARMED IN MANITOBA

WINNIPEG, Jan. 23.—Frederick William Stevenson, Manitoba's Grand Old Man, aged 104, is dead. He was born in England in 1824 and came to Canada when eight years old. He arrived in Manitoba in 1863 and farmed on a large scale, being active until his recent illness.

### More Land Required for New Theatre on Third Avenue is Information Given in Telegram

In a telegram addressed to Mayor S. P. McMorde, which was received at the City Hall on Saturday afternoon, Misak Aivazoff who, with Paul Aivazoff, plans the construction of a new theatre on Third Avenue near the corner of Fulton Street, requests the city to grant him 25 feet of additional property to the rear of the lots on which building is contemplated instead of the ten feet which has already been tentatively arranged for though not finally passed by the council. In the message, Mr. Aivazoff explains that his architect has advised that the extra depth will be required for the type of building proposed. Mr. Aivazoff asks that prompt attention be given the matter so that reply may be made as soon as possible. The request is being referred to the city engineer and board of works for report.

### More Tourist Travel Expected This Year Than Ever in History of Port Declares Roy McNaughton

There will be greatly increased tourist traffic through Prince Rupert during the coming season on Canadian National Railway boats and trains states R. F. McNaughton, district passenger agent, who is back in the city following a trip to railway headquarters in Montreal where he attended a conference of officers of the traffic and operating departments. While in the East, Mr. McNaughton had the opportunity of sizing up the outlook for the coming year and found all along the line that tourist bookings were increasingly heavy, indicating that the 1928 season would be the heaviest Prince Rupert has known in this regard. The coastal cruise through the "Inside Passage" is also gaining in popularity and fame.

### LIQUOR PROFIT IN MANITOBA

Total Net for Year is \$1,278,875.50 According to Report Issued  
WINNIPEG, Jan. 23.—Net profits of the Government Liquor Control Commission for the fiscal year ending April 30, 1927, amounted to \$1,336,901.35, according to the fourth annual report tabled in the legislature last night by Hon. W. J. Major, attorney-general. From the figure has to be deducted \$88,025.85 under the heading, "Liquor Vendor," leaving the profits of the commission available for distribution at \$1,278,875.50. In the distribution, the municipalities and the government share equally, the municipalities getting \$639,437.75, and the government receiving the same amount. WEATHER REPORT. Haysport.—Clear, light wind; temp. 28. Port Simpson.—Clear, calm, temp. 20.

### VICTORIA EXCHANGE GETS A FLURRY WITH VANCOUVER NOT OPEN

VICTORIA, Jan. 21.—With the Vancouver exchange closed Saturday, the local exchange experienced the greatest and widest market on record during the brief morning session and at the close brokers held bundles of unfilled orders in their hands. Buying orders were received from Vancouver and Winnipeg.

### VICTORIA POLICE ASK FOR MORE PAY

VICTORIA, Jan. 23.—An increase in pay for all members of the Victoria police department was sought by Chief of Police John Fry, in tendering his annual report to the Board of Police Commissioners at its first meeting in 1928. Chief Fry stated that the present rate of pay for members was far below that being paid the police forces of surrounding cities. An increase in pay would attract good, honest and straightforward men to fill the various departments, he said.

### SEPALLA WINNER FAST DOG DERBY

LAKE PLACID, N.Y., Jan. 23.—In fourteen below zero weather Leonhard Sepalla of Nome won the Dog Sled Derby Saturday making the second day's fifteen miles in 21 minutes, 11 seconds, and coming in first on both days.

### WIRES WERE DOWN.

During part of the morning and afternoon the telegraph wires were down somewhere between Prince Rupert and Terrace so that many of the usual telegraphic dispatches did not arrive.

### PATTULLO NOW VERY BUSY MAN

Administering Portfolio of Provincial Secretary Doubles His Work But Well Organized

VICTORIA, Jan. 23.—Hon. T. D. Pattullo is a much more busy man than he has been for years past. Not only has he his own heavy department to administer but he is now provincial secretary which gives him about twice as much to do. However, he is physically fit and the lands department is well organized with two Prince Rupert men in charge, G. R. Naden and W. Turnbull, deputy minister and assistant deputy respectively. Three new members will appear in the House for the first time tomorrow—A. Wells Grey of New Westminster, J. A. McDonald of Nelson, and W. F. Kennedy of North Okanagan. The last mentioned is a Conservative. Naturally people are looking with interest for any reference in the speech tomorrow of the railway policy of the government. It is expected that other development projects will develop later in the session.

### ATLANTIC IN SIXTY HOURS

Marvellous Speed Expected From Mystery Ship Cherbourg to New York

PARIS, Jan. 23.—There is being built in Paris a ship which will cross from Cherbourg to New York. It is claimed, in sixty hours on the surface of the water, and can travel in all kinds of weather, which an airplane cannot do. Sometime in April, it is hoped, this new adventure in quick transport will be undertaken. The mystery ship will leave at dawn one day from Cherbourg and will enter New York harbor two and a half days later. Storms, its designers say, will not affect it. Even in rough weather it will make between forty and fifty knots an hour. In calm weather it can make seventy knots. They will have sending and receiving wireless installation. They will carry enough food for ten days, and will follow steamship lanes so they will be in no danger of being lost. "Their ship will not sink, whatever happens."

### YUKON PLANE AGAIN STOPS

Engine Becomes Overheated and Landing Necessary 17 Miles From Mayo

DAWSON, Jan. 23.—The monoplane "Queen of the Yukon," undergoing repairs near Pelly Summit where it was forced to land November 23, took off again Friday but after 35 minutes in the air Lieut. A. D. Cruikshank was forced to land 17 miles from Mayo when the engine became overheated. The engine will be taken to Mayo for thorough overhauling. Mrs. Cruikshank and Clyde Mann, one of the owners of the plane, were passengers in Friday's flight.

### SEATTLE MAY BUILD NEW GRAIN ELEVATOR

SEATTLE, Jan. 23.—Construction of a million and a half bushel grain elevator for use possibly next spring is expected to follow a formal request by the structure to the port commission "by the merchants' exchange. This will virtually double the grain facilities of the port."

### PROPOSAL ADVERTISE PROVINCE IN PAPERS

VICTORIA, Jan. 23.—Premier MacLean promised full consideration on Saturday of the plan under which \$40,000 would be spent in advertising the province in weekly newspapers. The proposal was advanced by the newspapers at a conference with the government.

### TAKING OURSELVES SERIOUSLY

The Daily News has often mentioned that it is unwise to take ourselves too seriously. Just now we suggest that the farmers of Alberta are taking themselves very seriously. After a lively debate they decided that Canada should not only reopen trade relations with Russia but should also make advances with a view to opening diplomatic relations, which means the full recognition of the country. So far neither Great Britain or the United States have granted that recognition. If Canada grants it she will have to do business through other channels than that of the Secretary of State for the Dominions, which would be the channel with any other country. An ambassador to Russia would be the only alternative. The farmers also called upon the Dominion to take over the provincial railways. That is an easy way to slough off a provincial encumbrance. They also take exception to the immigration policy of the government. Possibly it is too British. It might be wise to suggest to the farmers of Alberta that they are taking themselves more seriously than they are regarded by the rest of the country.

### POWERS OF POLICE

Granted that the police must be given some powers not enjoyed by other people, it did seem like going too far when a policeman shot a man because he put his hand in his pocket instead of raising it at the imperious demand of the officer. It is more than probable that the Montreal member of the "force" will lose his job and perhaps be punished for killing his man, particularly as it happened to be the wrong man.

### NOT MANY CARS YET

The proportion of motor cars to the population in Prince Rupert is not yet very large but it is increasing. Just now it is slightly more than one for every twenty. Possibly within a year or two it will be one for every ten. The present demand for cars is steadily increasing and with the extension of the highway up the Skeena River the demand will increase.

### A POLITICAL TRUCE

The Montreal Star has risen to great heights of editorial eloquence in calling for a truce to party politics. It devotes a column and a half to vigorous indignation over the idea that the two great parties should spend their time fiddling while the country—No—and this is what lends distinction to The Star's utterance—it does not say the country is burning; there is little suggestion of "the whisper of death" of two years ago. There is a call for united effort in constructive work.

It is gratifying to welcome The Star to the exor-extending ranks of newspapers which believe political parties have something more important to do than fighting one another, jockeying for a stranglehold on each other, playing for position for the sake of self-aggrandizement.

Politics has long since been discredited as a trophy-hunting game. The running of the affairs of the country is a business, carrying with it grave responsibility. The party entrusted with the task has been granted it—or should be—because of the appealing character of the program presented to the electors, and not because of bribes through promises of public expenditures and office appointments. Voters as well as newspapers are learning more and more to take this view of public service.

Mr. Bennett, the new Conservative leader, is asked to give heed. "Under the new leadership of the Conservative party," says The Star, "one more chance for co-operative effort has come which can be moulded into actuality by the calling of a party truce." It is not probable that Mr. Bennett is prepared to endorse everything the government promotes, and it would be unwise to carry the truce that far, but he has already expressed himself as more desirous of serving the country than of gaining power. This is a statesmanlike view, and one which opens the way for him to assist, rather than attempt to block, the advancement of constructive legislation. The new leader will be watched, and he will be judged by his breadth of vision. No one knows this better than he. Whether or not there is a formal truce, the country confidently expects Mr. Bennett to set a high parliamentary standard in helping the progress of national affairs.

### DIFFERENCES OF OPINION

While Hon. S. F. Tolmie is making speeches almost every day in which he denies that the country is making progress and states that the government is driving the young men out of the country, his late colleague is telling a different story. Here is what Sir Henry Drayton says:

"On the whole Canadians can look back at the past year with satisfaction for while in certain lines of production progress has been lacking, business in most lines has made good. The gain of the year must be largely credited to agriculture and the extension of Canadian mining and pulp and paper industries. The Canadian farmers have again won out and the crop can, I think, be safely regarded as the third greatest of our history. Our great mining discoveries and development, with our ever-growing activities in the production of pulp and paper, have brought many millions of new money into the country, and, even better, have given and will continue to give much employment."

## BAN PLACED ON CANADIAN MAGS.

### Flagrant Intimidations Charged Against American News Agencies to Control Market

Flagrant intimidation of Canadian booksellers and news dealers who push the sale of Canadian literature is being carried on by certain American magazine publishers and news distributing organizations says the Financial Post of Toronto.

Instances have come to light of serious obstructions being placed in the way of Canadian newsmen who have run window displays of Canadian magazines or in any other way encouraged native or British literature. Direct agents of American publishers as well as news agencies distributing American papers have been guilty of trade practices that are not in keeping with modern day business ethics and that reveal an attempt by American business men to throttle the development of a Canadian industry.

One Toronto newsdealer who filled his windows with Canadian publications was told by an American controlled wholesale news distributor that if he continued to boost the sale of Canadian magazines his credit privileges would be withdrawn.

In numerous other cases that have come to light Canadian news agents were told that they should not sell Canadian magazines because the Canadian magazine publishers were responsible for having a custom duty placed upon American fiction magazines of the more or less undesirable type, this tax having served to cut the margin of profit of the dealer.

For instance, a magazine formerly selling at twenty cents yielded the dealer a margin of five cents, the same magazine now sells at twenty-five cents and yields him a margin of only four cents. Because the government saw fit to put the cheap and trashy type of sensational American magazine in the same class as dime novels, the news dealers are being asked to knife Canadian literature and boost magazines that present the American viewpoint to the Canadian public.

This of course is merely an excuse to create prejudice as the facts are that fiction has always been dutiable but until Hon. Mr. Euler took charge of the customs the tax had not been enforced on fiction and on a number of other items. Also, the Government took action in response to an insistent demand in the press that something be done to curb the distribution of the salacious fiction works.

Because of numerous resolutions from religious bodies, patriotic societies, women's and other organizations all over Canada.

### SEARCHING FOR TIN IN ONTARIO MINES

TORONTO, Jan. 23. — Five English Mining Companies and two United States groups are reported to have quietly acquired during recent years properties along the border between Bernhardt and Maisonville Townships, north of Swastika, in Northern Ontario, in the expectation that along five miles of a pegmatite dyke they will find commercial deposits of tin.

This most useful metal has been obtained chiefly from the Malay Peninsula, Bolivia, Dutch East Indies, Cornwall, Australia, Nigeria, and South Africa, but through occurrences have been reported from several localities in Canada there have never before been, except in one instance, such extensive plans made for development. The other case is that of Consolidated Mining & Smelting Company, which is reported to have taken up 100 claims in the Chibougamau area last summer.

If the deposits prove up to the expectations of the companies which have been quietly exploring their possibilities, this would add to Canada's growing list another of the most important minerals of the world.

### A JEWISH BOY WHO TOOK AN IRISH NAME

"Private Izzy Murphy," a Warner Bros. comedy in motion pictures starring George Jessel, is to be seen here tonight. The story concerns a poor East Side boy named Izzy who joins the army and is placed in an Irish Regiment, known as "The Fighting 69th," where he discovers that his name is a handicap to promotion. When he changes it to Izzy Murphy, some of the derision subsides and he makes good. The story is by Charles Francis Reisner, adapted for the screen by Edward Clarke and Graham Baker. This marks Jessel's first appearance in pictures. The cast includes Patsy Ruth Miller, Vera Gordon and Nat Carr. Lloyd Bacon directed.

### KEN MAYNARD AS A WESTERN GUNMAN

In "Gun Gospel," here tomorrow, Ken Maynard is called upon to portray three different and distinct characters. First in that of the regulation Stetson hat and cowboy boots; then as a Mexican caballero and finally as a fighting parson. In the last characterization he shows that he is a trouper of ability, for not once does he overplay his part. It is finely drawn and displays real artistry.

However, this does not mean that Maynard has discarded his daring and stunt riding. The story provides him with ample opportunity for this, and he and Tarzan, the wonder horse, have several new breath-taking tricks to offer.

"Gun Gospel" is an adaptation of W. P. Hoffman's novel of the same name. Marion Jackson is responsible for the scenario while Harry J. Brown, the supervisor of all of Maynard's Westerns, personally directed this picture.

The story itself deals with the passing of the western gun man and the establishment of law and order in a new country. It weaves into good effect the tyranny of the old land barons and their reign of terror in order to acquire more territory.

### CIGARETTE GIRL IN "AFTER MIDNIGHT" FOR THE MID-WEEK PICTURE

Story of the Play Which Gives Patrons Many a Thrill

Mary is a cigarette girl in a night club in "After Midnight" here at mid-week. Her sister, Maizie, is a dancer in a chorus. Mary is ambitious, orderly, and Maizie believes in having a good time, spending all her money—and some of Mary's—and living while she is yet young.

On her way home from the night club one night, Mary is held up by Joe Miller, but she knocks him out with the piece of lead pipe which he had "sold" to her. Then because he is bleeding she takes him home and brings him to. They fall in love and Mary helps Joe to honesty by suggesting that he get work in a gas station.

They both plan to save money. They work steadily for weeks and Mary's bank account amounts to \$1,000, with which she buys a liberty bond. Joe saves enough for the first payment on a taxi-cab. The night Mary buys her bond she is anxious to show it to Joe but he falls to meet her.

At home she finds that Maizie has spent the money she had left for the rent for a dress. Maizie, too, has fallen here! When the same night Maizie comes home with a thousand dollar liberty bond that she has received as a "favor" at a party, Mary compares the ease with which it was earned to the slavery that had gone into her own bond, and she decides that it's no use. Everything can go to hell. She buys pretty clothes and her manner at the night club changes. Whereas before she had been demure and dignified, she is now ready to accept the advances of the men who ask her to go to parties.

One of them, who is with a party of which Maizie is also a member, asks Mary to go to a party with them and she accepts. On this evening Joe is outside with his new taxi but Mary passes him by with contempt. When Joe realizes that she had "ritzed" him—everything can go to hell for all of him, too. This is the woman who wanted to reform him!

Joe returns to his hangout—the pool-room—drinks, and spends his money. Mary, on her party, drinks—to make up for lost time—jumps upon the piano and sings Maizie's song, "Give me today and you can have tomorrow." Maizie doesn't like her sister in this role. And

When a man picks Mary up to take her upstairs Maizie yanks her from the man's arms, flings a wrap about her sister, gets her into a car to take her home. Mary, not knowing what she is doing, grabs the wheel and the car turns over. Maizie is killed. Mary, grief-stricken, reaches home, where Joe, drunk, has come to claim her, for now he believes that she is a "Jane" like her sister. The news of Maizie's death sobs him. He realizes he has failed Mary in her need of him. But Mary has failed him, too, and they are brought together in their mutual realization of the love which has been kept burning by the sacrifice of the one who had not failed them, Maizie.

### "BEAU GESTE" COMING THIS WEEK-END TO WESTHOLME THEATRE

"Beau Geste," the picturization of the famous novel, is to be here at the week-end, showing at the Westholme Friday and Saturday.

"Beau Geste" is worth the fortune Paramount poured into its filming. It is worth the months spent by Herbert Brenon and two thousand men among the scorched sand dunes of the Great American Desert.

This story of the French Foreign Legion, breathes an immortal flame that any director might forfeit his life to obtain. The action hinges on the wonderful devotion of three young Englishmen, each of whom decamps from home in order that the blame for the theft of a famous sapphire may fall on him although he believes one of his brothers to be guilty.

By common impulse all enlist in the Foreign Legion. Two find themselves at an isolated Sahara fort which must meet an Arab attack with only 40 defenders. The sheer fearlessness of these wonderful soldiers in their pitiable brave defense adds to the drama of the story.

Ronald Colman as "Beau" gives a portrayal which many are sure to place above his wonderful work in "The White Sister," the picture that started him toward the commanding place in the screen world he now holds. No more romantic a figure has ever flashed across the screen.

Rivalling Colman are Neil Hamilton and Ralph Forbes, the other two brothers. A magnificent character is brought to life by Noah Beery as "the cruelest man and bravest soldier" in the Legion.

G. A. Woodland, local agent for the Imperial Oil Co., returned to the city on yesterday afternoon's train from a business trip to the interior.

### SYNOPSIS OF LAND ACT AMENDMENTS

#### PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 3,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

#### PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

#### HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year. Title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

#### LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

#### GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free or partly free permits are available for settlers, campers and travellers, up to ten head.

### "BUILD B.C." Try This Salad Dressing

Three eggs, 3/4 tin Pacific Milk, 1-8 cup melted butter, 1 teaspoon salt, 1 teaspoon mustard, 1 cup vinegar, juice of onion. Beat eggs and milk well together; add melted butter and rest of ingredients and beat again. This recipe was sent in but no name was sent with it. However, we are very glad to print it.

There was a good-sized crowd present at the weekly dance under Scandinavian auspices in the Metropole Hall Saturday night.

Alex. Yule is showing his friends a photograph of the youngest member of the Yule family, a great, great grand-son from the States.

Charles Wilson, well known Lake Kathleen ice contractor, is a business visitor in the city, having arrived from the interior on yesterday afternoon's train.

Dr. W. T. Kergin and party aboard the power yacht Full Moon made a cruise to Lucy Island yesterday. The heavy swell prevented a landing being made.

R. H. Leighton, fire inspector for the Forest Branch, returned to the city on yesterday afternoon's train after having spent a few days in the central interior on official duties.

W. H. Manuel of Winnipeg, travelling auditor for the Canadian National Railways, is a business visitor in the city, having arrived from the East on yesterday afternoon's train.

Mr. and Mrs. George Keith reached the city from Terrace on yesterday afternoon's train. Mr. Keith entering the Prince Rupert General Hospital on account of a broken arm. It was only recently that Mr. and Mrs. Keith, pioneer residents of Terrace, returned to that point from Toronto where they have been living for the past few years.

"Flying Police of British Columbia Coast Waters," by Major D. R. MacLaren, D.F.C. is the featured article in the magazine section of yesterday's Vancouver Sunday Province. In the article, Major MacLaren relates in an interesting manner some of the incidents attending his aerial patrol of the fisheries in the vicinity of this city last summer.

In Friday's edition of the Vancouver Province is a picture of Walter S. Owen, eldest son of Inspector and Mrs. Walter Owen, Vancouver, who was recently called to the bar. Walter Owen, Jr. resided in Prince Rupert several years ago and started school here, his father having been in charge of provincial police affairs for this district at that time.

R. F. McNaughton, district passenger agent for the Canadian National Railways, returned to the city on yesterday afternoon's train from Montreal where he attended a conference of the railway traffic department. Harold McEwen, divisional freight agent, who attended the same meeting and was accompanied East by Mrs. McEwen, also returned to the city.

Security of costs has been deposited by the plaintiff in the County Court case in which Carter R. Rawlings is suing H. A. McLean for \$201.60 and the case stands adjourned probably until the next court. As the plaintiff is a resident of Alberta, it will be necessary to appoint a commission to take evidence in that province. Milton Gonzales is appearing for the plaintiff and L. W. Patmore for the defendant.

Union steamer Camosun, Capt. James Findlay, arrived at 7:15 last night from Vancouver and waypoints, sailing at 10:30 for Anyox, Stewart and other northern ports of call. Passengers on the Camosun included J. A. Morris, Adam Mackie, T. Griffiths, W. Wilson, John Davis, Miss Conroy, R. B. McCandless, Mrs. Swanson and Mrs. Robertson for Prince Rupert; A. Carolan and Miss R. Hooper for Stewart, and E. Baldwin and T. F. Singleton for Anyox.

#### THE HELPFUL WORLD

The young hopeful came running into the house. His suit was dusty, and there was a bump on his small brow, but a gleam was in his eye, and he held out a baby tooth.  
"How did you pull it?" demanded his mother.  
"Oh," he said bravely, "it was easy enough. I just fell down, and the whole world came up and pushed it out."—Passing Show.

### FIRST HOSPITAL FOR PARALYSIS

One to be Opened in Edmonton by Province of Alberta This Week

The province of Alberta once more steps into the lead in public health matters, with the opening this week of Canada's first hospital devoted entirely to the treatment of patients suffering from the after effects of infantile paralysis.

A provincial survey recently undertaken by Dr. R. M. Bow, deputy minister of health, showed approximately 350 persons suffering from the after effects of the infantile paralysis epidemic of last year.

Of these, approximately 50 per cent will require treatment at the new provincial hospital, either as in-patients, or at the outdoor clinic, which will be operated in connection with the institution.

Most of the patients are children under the age of 15 years, though there are some adults among the number. Dr. Hastings Mewburn will be the physician in charge, and Miss Spillie, the superintendent of nurses.

#### COURSE OF TREATMENT

Sixty beds will be available, and these will be used in treating the very worst cases. Rest, massage, ray treatment, and all modern methods will be used in the "muscle training" required to remove after effects, and such disabilities as dragging or partly paralyzed limbs are expected to yield in time to the treatments given.

The new infantile paralysis hospital is to the south of the present University hospital and is a splendidly-equipped building, provided with every modern appliance for the work to be undertaken.

### BURNS LAKE

At the village election this week, a plebiscite will be taken on the question as to whether the establishment of a government liquor store at Burns Lake will be requested, the town council has decided.

T. W. Brewer of the Forest Branch at Smithers was a visitor in the town and district last week on official duties.

Miss Bertha Orr is visiting here with her sister, Mrs. Carl Ostberg.

Mrs. Roberts of Vanderhoof has been the guest here of Mrs. Cecil Hartley.

Mrs. R. Macdonald and baby returned home from the Burns Lake Hospital on Tuesday.

Andrew Brown has returned from Grassy Plains where he has been making repairs to the schoolhouse.

Local friends are advised that Miss L. I. Pringle, R.N., formerly lady superintendent of the Burns Lake Hospital, will leave Vancouver shortly for a visit with her sister in China.

Miss Dorothy Britt of Danskin has accepted a position with Mrs. M. F. Nourse.

Thomas Thompson, who has been ill recently with pleurisy, has left for Chilliwack where he will spend a holiday visit with his uncle.

Toboggans are being pressed into service by the young people these days and much fun is being had in sliding down the steep hills in the village.

A surplus of assets over liabilities of \$4,992.77 is reported in the financial statement of the village commissioners for the year 1927.

District visitors in town during the week have included R. D. Prosser and C. Stanton, Francois Lake; Peter Sandness, Francois Lake; J. R. Walker and Andrew Walker, Francois Lake; P. E. Mulville, Grassy Plains, and Mrs. Mann, Rose Lake.

### NEW AIRPLANES AT VICTORIA TESTED BY FLYING OFFICER HULL

VICTORIA, Jan. 23.—Both airplanes brought to this city by Eve Brothers have been assembled and tested in the "B" and student pilots, members of the B.C. Airways Flying School, will be given actual instruction in the air this week.

Flying Officer Hull, of the Jericho Beach station of the Royal Canadian Air Force, tested the two airplanes last week and gave them certificates of airworthiness. Both planes handled beautifully during the test flights. Flying Officer Hull also inspected the Shelbourne Street airfield and granted it an air-drome certificate as fulfilling all requirements of the Federal regulations. The hangar is now complete and a steam roller is smoothing the surface of the flying field.

At noon today the wireless station at Dead Tree Point, Queen Charlotte Islands, reported raining with a falling barometer.

## Perspiration Odour so unpardonable so easy to banish

What quality is so attractive as personal charm . . . and what social fault so obnoxious as perspiration odour.

Every person perspires, of course. It's natural, it's healthful. Physicians say the perspiration of the average person measures between one and two pints daily. Nature takes this way of ridding the body of impurities through the millions of tiny pores of the skin.

But perspiration need not be objectionable. Lifebuoy Soap, used in the bath, banishes the odour. Lifebuoy's creamy, mild lather not only cleanses, but also purifies the pores—antiseptically—and keeps them sweet, open and breathing.

Make sure of avoiding the needless social error of perspiration odour. Use Lifebuoy Soap, for hands, face and bath. Low in price—wonderful in results.

## CEMENT WORKS FOR ALASKA

Dock to Cost \$60,000 at Dall Island Where Company is to Commence Work

KETCHIKAN, Jan. 23.—Placing of a combination piling and crib dock at Dall Island, Alaska, at an estimated expense of \$60,000, will start shortly after the end of the present month, according to N. D. Moors, vice-president of the Pacific Coast Cement Company, says the Post-Intelligencer of recent date.

The dock is the first actual construction step in the northern development of the Pacific Coast Cement Company, a subsidiary of the Pacific Coast Company and which will shortly break ground for the big cement plant to be built in Seattle.

All of the framing of the timbers of the dock has been completed in the warehouse on Pier A, and the timbers, piling and lumber will go north at the end of the month probably on the St. Paul, which was recently purchased for the use of the cement company. A construction gang of 50 men will be sent north also and until quarters are built on shore will live on board the St. Paul.

Because of the rock bottom at Dall Island, the pier will be cribbed with large timbers and the cribbing filled with rock and sunk. Piling will be set in the cribs. According to the plans of the dock the structure will have a 350-foot face and extend 200 feet out from shore.

### STEAM POWER

With framing of the dock completed, work is now going forward on the timbers for the power house, quarries and rock-crushing plant. The central power plant which will be steam, developing 700 electric horse power, as all other machinery in the plant is to be driven by electric motors.

Major S. E. Hutton is general engineering supervisor of building construction and installation of machinery, while D. C. McDonald, expert in heavy type of building, is in charge of all wood work framing and will supervise final work on the dock and buildings. McDonald recently completed building the top structure of the new Black Diamond Mine of the Pacific Coast Coal Company.

Plans for the Seattle units are well along and machinery now being ordered. Actual construction will start in a few weeks.

## PIONEER GIRL OF NORTH DIES

Mrs. Trevor A. Clarke Succumbs in Nelson to Attack of Pneumonia

Local relatives and friends were grieved to learn of the death of Nelson on Saturday morning of Mrs. Catherine Clarke, wife of Trevor A. Clarke, assistant district forester at that point and daughter of Indian Agent and Mrs. W. E. Collison of this city. A severe attack of pneumonia, emphasized by a weak heart condition, was the cause of death. The parents were present at the end, having been called to Nelson a week previous owing to Mrs. Clarke's illness. A telegram conveying reassuring news was received in the city early last week to be soon followed, however, with another announcing death.

The late Mrs. Clarke, who was well known and popular not only in Prince Rupert where she resided with her parents since early girlhood but throughout the north, was but twenty-six years of age, her birthplace having been Metlakatla where her father was engaged in missionary work at that time. She was the eldest daughter of Mr. and Mrs. Collison and is survived by two sisters, Muriel and Joyce Collison, both of this city. The late Archdeacon W. H. Collison of Kinloch, was the grandfather of deceased and J. M. Collison, 104 Eleventh Avenue East, is an uncle.

Up to noon today, no advice had been received by local relatives as to funeral arrangements.

## STILL INVESTIGATING PRESENCE OF VITAMIN IN DOG FISH LIVER OIL

H. N. Brocklesby, who has been working for some time here on the possible use of dog fish liver oil for medicinal purposes and whose first reports indicate the probability of the existence of Vitamin "D" in that product, is continuing his experiments in order to confirm its medicinal value. The station has not yet made its official report and does not at present recommend the use of the oil for medicinal purposes. Mr. Brocklesby states that there has been some distortion of his preliminary report and republication in that form in various journals with what may prove harmful results.

## EXHAUSTIVE SEARCH IS BEING MADE FOR PT. SIMPSON NATIVES

Hunting parties which were out yesterday report that a systematic and thorough search is being made by Port Simpson native in their hosts for trace of Edward Wesley and Joshua Ryan who are believed to have been lost two weeks ago when their gasboat came to grief while making the trip from Prince Rupert to Port Simpson. The shore of the islands and mainland on either side from Metlakatla Bar to Port Simpson is being finely combed but so far the search has been in vain.

## FRED BROWN, WELL KNOWN IN ATHLETICS AT ANYOX, MARRIES

Miss Francis McGillivray, N.R., late of the Anyox hospital staff, was united in marriage to Frederick Francis Brown, prominent in athletic affairs at Anyox, last Monday, at the home of the bride, 510 Sixth Avenue, New Westminster. The ceremony was performed by Rev. Peter Henderson of Port Haney, a former resident of New Westminster. The bride, who was given in marriage by her brother, Donald McGillivray, of Vancouver, was attended by her sister, Miss Helen McGillivray, as bridesmaid, and her little niece, Miss Beverly Symmes, as flower girl. The groom was supported by James Esplin of Vancouver.

On their return from a trip to the south Mr. and Mrs. Brown will take up residence at Anyox.

BIRD HUNTING AT WEEK-END Dave Stuart and Dr. Cade Bag Six Geese at Delusion Bay—Harry Meagher Successful at Pillsbury Cove. Dave Stuart was again the leader of one of the week-end's stellar hunting parties. He and Doc Cade and the latter's son, Jack, bagged six geese at Delusion Bay yesterday. The trip was made on the Tseekwa. Harry Meagher and party visited Pillsbury Cove and brought in several honkers. Jack Lindsay and party on the Irene L. visited Big Bay and brought in two geese and seventy-five ducks of various brands on returning home last evening. W. E. Williscroft, Roy Nichols, Joe Greer, Alex McRae and Claud Kirkendall visited Metlakatla Bar and Swamp Island on the Harla and got a few ducks. Engine trouble, it is understood, gave those on board more concern for a while than did bird hunting. Weather conditions were ideal for travelling though it was a little too calm to be conducive to best success at goose shooting. There were many other parties out besides those mentioned.

MISS MABEL VIERECK IS MARRIED QUIETLY Became Bride of William C. Dyer at Ceremony Saturday Night in United Church Parsonage. A very quiet but none the less interesting marriage took place at 7 o'clock Saturday evening in the parsonage of First United Church when Rev. A. Wilson united in marriage Miss Mabel Viereck, daughter of Mr. and Mrs. J. G. Viereck, 1865 Seventh Avenue East, and William C. Dyer of this city.

CAUGHT BAD COLD WHILE OUT PLAYING NOT PROPERLY DRESSED

Mrs. L. Mantle, Millet, Alta., writes: "My youngest child had a very bad cold which she got by going out playing in a strobe, cold wind not properly dressed."

"She got so hoarse she could hardly speak, and her throat and chest were very sore."

"I used everything available, but she received no relief until, finally, I secured a bottle of Dr. Wood's Norway Pine Syrup"

and the first few doses certainly did her good. It is wonderful how it can help so quickly!" "Dr. Wood's Norway Pine Syrup is 35c. a bottle, large family size 60c.; put up only by The T. Milburn Co., Limited, Toronto, Ont."

ing a fair measure of progress. Every little while someone tells of the great development taking place in Australia and the work that country is doing in securing immigrants. The facts hardly verify the optimistic story. Official figures estimate a growth in Australia of approximately 2 per cent a year. This includes natural increase as well as immigrants. The latter, in six years, accounted for a total of 221,000 or less than Canada absorbs in two years.

A great many people have the idea that taxes will decrease with increases in population. That may be doubted. Are taxes in large cities lower than in small cities? Are total taxes lower in the United States than in Canada? There is no evidence that they are.

Listening to the speeches of some of our statesmen and near statesmen, one might get the impression that numbers alone make a Nation and that size measures the capacity of a man.

SHORTER SPEECHES Taking things all around, one many venture the suggestion that what Parliament needs this Session is more thought—less passion; more willingness to get to the bottom of things and less striving to make a point. We may get it too. Speeches are to be shortened and with less time spent in speeches, there may be more left for thought.

CANADA AND JAPAN

Our National responsibilities grow. We are to have an Ambassador to France. France will send one here. This follows the appointment of Mr. Massey last year to the United States. It is more than likely that similar action will be taken with Japan. On grounds of race friendship we are of course more closely related to France than we are to Japan. It was only natural that France should come first, but our Pacific relationships are of growing importance. Canada's western doorway should not be forgotten. It is only a few years since grain started moving outward by the Pacific route. Before the war, Vancouver had a magnificent harbor, but her shipping was negligible. Today it is one of Canada's great seaports. It seems had to make the East realize this fact, but it must be driven home. There are two front doors to this country and the Pacific seems destined to be as important as the Atlantic from the standpoint of National development and National trade.

Man in the Moon

IT is rumored that the local ticket offices were deluged with inquiries in regard to the cost of tickets to India. A number of the local worshippers of Bacchus would like to have a few dozen of those trees that produce ready mixed cocktails growing in their gardens.

I MET a Scotman yesterday that did not know anything about the cup ties and I am yet wondering if I am dreaming.

IT seems to me that Prince Rupert is sadly lacking in perspicacity in not floating a few companies and selling the stock in Vancouver during the present buying craze.

THERE is an idea prevalent that speaking disrespectfully of others is a mark of greatness. No, friends, there have been little curs yelping at the heels of big dogs ever since the world began.

ONCE more a cold shiver passes up my spine because it is only about a week before the first of the month bills will be coming in again.

THE worst story I heard today was told by Charlie Bremner says Billie de Graves in the Edmonton Bulletin. Charlie was visiting Vancouver, and a medical friend undertook to show him the sights. They were driving along the Pacific Highway to New Westminster, and in the rush of conversation and the enjoyment of the day failed to notice that the speedometer had climbed up to 45 miles an hour. However, they came to life again when a motor cop who had been trailing them for some time, signalled them to the curb.

"I'll have to take your name and number," said the officer, but the doctor was equal to the occasion.

"I'm a doctor from Vancouver and I'm taking a patient to the mental hospital at Esquimalt," he said. The policeman looked dubious, but just then Charlie, who had been taking it all in, threw one arm over the policeman's shoulder.

"Kiss me, officer," he said, and the cop fell back.

"Drive on," he said tersely. "Get 'im there as fast as you can."

ROBB WILL CUT CANADIAN TAXES

Cigarettes Likely to be Lower and Liquor Rates Reduced Phoeceid

OTTAWA, Jan. 23.—It was announced some time ago that taxes would be lowered this year and Finance Minister Robb in consultation with other ministers is deciding what changes shall be announced in this year's budget. In that he will be largely guided by the report of the Tariff Board.

There is one reduction in taxation which may be forecast with certainty, and that is a cut in the excise tax on cigarettes of from \$2 to \$3 per thousand.

It may also be taken as practically certain that excise taxes on Canadian liquors will be greatly reduced.

The Imperial Tobacco Company of Canada, Limited, and other companies manufacturing cigarettes have put their case for a reduction in the excise tax before the Tariff Advisory Board, and have succeeded in doing so without arousing opposition from any quarter.

Theirs was the first application ever to receive the hearty endorsement of the Canadian Council of Agriculture and the Consumers' League of Canada, the two main bodies which, as a rule, have opposed the appeals of manufacturers for assistance.

The degree to which Federal taxation enters into the price of cigarettes in Canada is not commonly known. Take as an example, a well known brand selling at 25 cents per packet of 25 cigarettes. This works out at \$12.50 per thousand. The excise tax, alone, is \$6 per thousand, or nearly one half of the total. But in addition, the manufacturers pay a duty of 40 cents per lb., on the leaf which goes into the cigarettes, and all this raw tobacco for cigarette manufacture is imported. The duty on the raw leaf required to produce 1,000 cigarettes would be \$120. Then there is the stamp tax of 40 cents. All told, therefore, the taxes account for \$7.60 of the \$12.50 which the consumers pay.

In other words, the manufacturers could sell these cigarettes, if there were no taxes, at 20 for 9 cents and make as much profit as they are doing today.

INDIAN ART THIS COAST

Mostly Developed in Last Century in Making of Totem Poles

TORONTO, Jan. 23.—Creative art among the British Columbia Indians has largely passed out, as they have abandoned paganism, and adopted Christianity. Carving of marvellous totem poles, as insignia of tribal power and social rank, rose to its height within a century, and today the art is dead, according to C. Marius Barbeau, of the National Museum, Ottawa, speaking recently at the Art Gallery of Toronto, upon "The Traditions, Music and Art of the West Coast Indians."

They do not believe in traditions any longer," he said, "they do not indeed, believe in themselves. They no longer believe in art for its own sake, as they once did. But nevertheless, their art is the finest inspiration on the American Continent and is a heritage every lover of beauty must cherish."

Mr. Barbeau pointed out that with the west coast Indians, poor, uneducated and warlike, art was not "the firstborn of wealth." There seemed no reason why it should have flourished with them until one realized that it was their mark of social standing, and their most vital interest in life. Every tribe had its own artists and carvers, and thus the art became diversified from district to district.

Mr. Barbeau said that the West Coast Indians had come originally from Asia, a thousand years ago, perhaps two thousand. He himself had been able to trace a tribal migration of 1,000 miles in a space of 150 years. He described the crests which are exclusively the property of a family, and sang Indian songs of different types, one used at the naming of a male child, another a dirge.

"The art represented in their building," said Mr. Barbeau, "is without doubt prehistoric; that is, before the country was explored by the Russians. In the first place, and then the circum-navigators at the end of the 18th century. When Captain Cook himself went up Nootka Sound he observed specimens. But its growth is largely 19th century, due uniquely to its tremendous importance in the life of the natives. As far as the totem poles are concerned, I cannot find one that stood over 80 years. This manifestation of the power of the chiefs grew in the last century."

Arrangements are complete at Burns Lake for the big winter carnival which will be held there by the Omineca Ski Club on February 14. The grand prize for the occasion will be the Olof Hanson cup, presented by the individual bearing its name, which will be awarded to the winner of the Class "A" combined event—an eight-mile cross country run and ski jump. This must be won twice by the same competitor before it becomes the property of the winner though the name of each year's winner will be engraved thereon. In addition to the cup, there will be medals and other prizes for first, second and third in each event. Representatives from Vancouver, Revelstoke, Rossland, Jasper and Banff are expected to be in attendance but the Hanson cup may be won only by a bona-fide resident of the Omineca district. Hotel accommodation at Burns Lake promises to be taxed to its utmost capacity during the event.

WELCOME HOME FOR MR. AND MRS. D. SCOTT

At the home of Mr. and Mrs. Martin, Eleventh Avenue East, a welcome home was staged Saturday night for Mr. and Mrs. David Scott of 1535 Eleventh Ave., who returned from their annual vacation. A very enjoyable evening was spent with dancing, music and games. Refreshments were served at 12.30. Those present were Mr. and Mrs. D. Scott, Mr. and Mrs. Martin, Mr. and Mrs. T. Conservative House Leader Thinks Canadian National Should Fulfill its Agreement and Operate Road

VICTORIA, Jan. 23.—Interviewed as to the attitude of the Conservative party in the Provincial Legislature in the event of a vote of \$2,000,000 or more being proposed by the Government at the forthcoming session for the extension and reconditioning of the Pacific Great Eastern Railway, R. H. Pooley, House leader of the Opposition, said he was not in a position to say until what is being planned is known. There have been many rumors recently, he says, regarding the future of the P.G.E., and the government has been casting about in many quarters in an effort to find a solution of the problem. A late rumor, according to Mr. Pooley, has connected the visit of Sir Edward Mackay Edgar with a proposal for taking over the railway.

Mr. Pooley emphasizes that in connection with the P.G.E. the Conservative policy, on one important point, has not changed. In this respect Mr. Pooley says:

"When one considers the history of this railway I am more convinced than ever that the proper people to come to the rescue of the province at this time is the Canadian National Railways. People have overlooked the original arrangement which was made by the late Sir Richard McBride, in that, after the

completion of the railway, the Grand Trunk Pacific should lease the P.G.E. at a rental that would take care of interest and sinking charges on the cost of construction. As we all know, the Grand Trunk Pacific and the Canadian National were amalgamated during the war, and these two systems now form the Canadian National, so there is still outstanding that obligation on behalf of the Canadian National to take over and operate the P.G.E. and carry out the spirit of the original agreement.

### A JOINT PROBLEM

"In addition to this we have the Peace River Block which was handed over by this province to the Dominion Government in trust to assist in the construction of the C.P.R. The terms of this trust were not carried out, and to my mind the solution of the two problems should be worked out together and the Canadian National take over the P.G.E. and attend to the colonization and open up the Peace River block and relieve the province of the terrific burden which the present government has placed upon the shoulders of the people of this province.

"The province may find somebody else to buy, but there is no question there is this obligation outstanding which is the Dominion Government, the owners of the Canadian National Railways, are morally bound to assume and it is the duty of any provincial government to bring pressure to bear on Ottawa to this end.

# Scientific Inspection

With the Latest Instruments of Precision  
That's the kind of eye service you can get here now.

We give you a conscientious and careful test. Jack Bulger two years ago passed the B.C. government exams. for Optometrists and during the last six months along with most of the leading optometrists in Vancouver attended a course of post graduate lectures.

We do not supply or advise glasses if not of benefit.

Our tests are not uncomfortable and our prices are fair and reasonable.

Build Words Out of

# SHAMROCK HAMS

What You Have to Do  
From the letters contained in S-H-A-M-R-O-C-K H-A-M-S build as many words as you can. Example, the words "Car" and "Ham" can be made but not the word "carrot" because there is only one "R" and no "T" in "Shamrock Hams."

Read Rules Carefully  
There is no entry charge. Merely send with list of words the green and red oval label reading "Burns' Shamrock Ham." Shamrock Hams may be purchased from your meat market or grocer.

Word lists must be clearly written in alphabetical order and totalled. Abbreviations, contractions or duplications of words in different senses will not be counted.

Print your name and address at top right hand corner, and name and date of this paper at top left hand corner.

Judges will count only print "e" and legible English words. Ruling of judges absolutely final.

No employee of P. Burns & Company Limited may compete. Contestant furnishing largest number of accepted words wins first prize. In case of equal lists the first received will have preference.

First Prize \$100.00 And five consolation prizes  
Second Prize \$ 50.00 of one Burns' Shamrock  
Third Prize \$ 25.00 Ham each.

Contest Begins Jan. 1st, 1928; Ends Jan. 31st, 1928  
Address All Entries to "Hamgrams," c/o
