More Salmon Packed This Year Than Last at This Time and All Canneries Are Now Busy on Pinks

Though the pack of sockeye in practically all parts of the district is going to be light this season, the total pack of 11 varieties in District No. 2 is better than the total pack for the same date in 1927 and is officially reported. In the matter of the small sockeye pack generally, Smith's Inlet is a sole exception, the pack in that variety there being considerably in excess of last year's.

In the seining areas of the central part of the district, the pack is very much improved over last year. The runs of both pink and chum salmon there have been very much improved. In the Skeena and Naas River areas, the pack is somewhat better than at a similar date last season.

The total pack of spring salmon this year, including both canned and mild-cured, has not been up to expectations though the quality of the pack has been good.

The run of sockeye both on the Skeena and Naas Rivers has been very disappointing.

The run on the Queen Charlotte Islands, only starting now, is later than it was two years ago but quite an abundance of fish has been reported recently and canneries both in Massett Inlet and further south on the Islands are now in full operation.

As a matter of fact, practically every cannery all the way along the coast has been operating to full capacity the past week or so. Both pinks and chums are of an especially good quality and the fish have been large.

On the Naas River, there has been the usual weekly 43-hour close season while, on the Skeena River, owing to the great increase in the number of licenses and consequent intensive fishing, it has been necessary to enforce a 60-hour weekly close season throughout the sockeye fishing period.

Fishing for sockeye with 5 1/2 inch mesh nets in the Skeena River area will close at 6 a.m. on August 17. After that date only nets of not less than 6 1/2 inch mesh will be allowed. Many of the canneries, it is expected, will remain open as long as the good run of fall varieties continue.

The alteration arose when Mrs. Brown, her husband and three friends tried to park behind another car in a space too small. A witness said the man got out of a parked car and cursed Mr. Brown. Mr. Brown remonstrated and the man aimed a blow at his head, missing him and striking Mrs. Brown.

The police are doubtful whether the blow really caused the woman's death as she participated in conversation that followed the altercation.

The run of pinks in Massett Inlet started in full swing this week and seining operations have now commenced there. For the two or three weeks previous, there had been a big run of this variety around Naden Harbor, outside the Inlet, and it was from there that the 25,000 cases put up by the five canneries in the Inlet up to this week had largely been filled. With a bounteous run of pinks still on and chums yet to come, it is anticipated that the Massett Inlet canneries will have a record pack of fall varieties this season.

The most of the Graham Island trawlers have now moved from North Island to the mouth of Massett Inlet where a good run of cohoes is reported.

LOU GEHRIG GAVE VICTORY TO YANKEES

LINDSTROM DROVE IN FIVE RUNS FOR THE GIANTS—VANCE PITCHED FOR BROOKLYN

NEW YORK, Aug. 11.—Lou Gehrig's twentieth homer of the season in the third with two on bases and two out gave the Yankees the victory over Boston yesterday. In the seventh he scored another run with a sharp single.

Philadelphia whitewashed Washington and kept within four games of the leading Yankees.

The New York Giants staged a seventh inning rally to defeat the Phillies and are now but four games behind the fast-stepping St. Louis Cardinals who defeated Pittsburgh. Fred Lindstrom drove in five of the Giants' runs.

Brooklyn, aided by Vance's pitching, defeated Boston, Vance permitting but five scattered hits and fanning seven. Blassonette scored the nineteenth homer of the season.

CROP REPORT OF U. S. SENT WHEAT DOWN

WINNIPEG, Aug. 11.—The crop report which sent the price of wheat down five cents yesterday was that of the United States Government which estimates that the combined spring and winter crop this year would amount to 891,000,000 bushels, an increase of approximately 20,000,000 over last year's combined production.

By closing time there had been some recovery showing net losses of three and seven-eighths to four cents a bushel.

U. S. WINNER 800 METRES SWIM TODAY

AMSTERDAM, Aug. 11.—United States won the Olympic championship men's 800 metres swim relay. Japan came second, Canada third, Britain sixth.

United States set the Olympic record of 9 minutes, 41-5 seconds.

Ray Smille of Toronto has been awarded third place in the Olympic welterweight class, the only Canadian boxer to win points.

Landini of Argentine and Morgan of New Zealand are to fight for the championship tonight.

INCREASE IN CAN. REVENUE

OTTAWA, Aug. 11.—The Dominion Government revenues for the first four months of the present fiscal year are up thirteen million dollars compared with the same period last year.

The expenditures show an increase of four millions.

The net debt on July 31 was \$60,000,000 lower than on the same date a year ago according to figures given out by the finance department today.

Customs revenue showed the biggest increase, being up seven and a half million to \$67,750,000.

OPPORTUNITY WEEK ENDS 9 TONIGHT

With "Opportunity Week" ending forever promptly at 9 o'clock tonight (Saturday, August 11), it is only natural to expect that each and every candidate will call at this office between now and 9 o'clock tonight to turn in every possible subscription.

The present big vote bonus of "Opportunity Week" will positively end at 9 o'clock tonight and will never be repeated, extended or duplicated at any time during the campaign.

No candidate will be permitted to enter The Daily News office after 9 o'clock tonight for the purpose of turning in subscriptions on the present big vote offer, but all in this office at that time will be waited on and their subscriptions credited on the bonus votes of "Opportunity Week."

To avoid confusion and to make each candidate wait for as short a time as possible, every candidate is requested to have all stubs completely filled in any money checked to correspond to the amounts shown on receipt stubs before coming to this office tonight. We are always glad to give the time needed and wanted for the accommodation of yourself and every other candidate who will come in with every available subscription during the closing hours of the big vote bonus.

"OPPORTUNITY WEEK" we make the request that you have your turn-in in such shape that the Campaign Manager will be able to check it quickly and issue your receipt. You will appreciate this of others—they will appreciate it of you.

ANY subscriptions MAILED in ANY postoffice which are postmarked later than 12 o'clock (midnight) Saturday night, August 11, will count on the present big vote bonus offer even though they do not reach this office before Monday or even later.

If you ever intend doing anything BIG for yourself in this campaign YOU should DO IT NOW.

PRINCE GEORGE IS HELD UP BY SHIP OFFICERS

PASSED POLICE WITH DIFFICULTY AND THEN STOPPED AND GANGWAY UNTIL TICKET FOUND

SOUTHAMPTON, Aug. 11.—Prince George, youngest son of the King, sailed this morning aboard the Empress of Australia for Canada and will join the cruiser Durban at Vancouver. The Prince had difficulty in getting away, being held by a policeman who flatly refused permission for him to enter the dock shed. After explanation the prince proceeded and encountered difficulty at the gangway where a ticket or permit to go aboard was demanded. After a lengthy search the prince discovered his ticket and passed on.

23,000 MEN WOULD COME

Four Thousand British Miners Sail at Once For Canada

LONDON, Aug. 11.—After a total of 23,000 unemployed had applied for harvest work in Canada under the joint scheme sponsored by the British and Canadian governments, officials of the ministry of labor announce that no more applications would be accepted.

A thousand miner harvesters sailed yesterday and three thousand more will embark this week end.

EDMONTON LAWYER DEAD
 EDMONTON, Aug. 11.—C. C. McCall, 71 years of age, one of western Canada's foremost lawyers, died yesterday at his home here.

Small Gang Started This Week Felling Timber at Falls River National Airplane Lumber Co.

The National Airplane Lumber Co., former in Kewanee, Illinois, for the purpose of logging spruce tracts on Big Falls River, tributary of the Estial River, draining into the Skeena from the south near the latter stream's mouth, and shipping airplane timber in the finished state to Illinois, started felling operations this week on its holdings. Fourteen men are employed for the time being under the superintendence of Harry Scott and machinery, such as gasoline donkeys, is now being delivered on the ground.

Nine limits of 640 acres each, the whole estimated to contain some 178,000,000 feet of timber, are to be opened up by the new concern which will not be in full operation until next year. Ultimately, as has already been announced, it is the intention of the company to establish a sawmill in Prince Rupert. Meanwhile, clear spruce will be shipped to Vancouver for manufacture before being consigned East.

Only clear spruce for use in airplane construction will be exported. Common and lower grades it is stated, will be taken by the Ocean Falls and Powell River paper mills.

The logs will be shuted over the big falls into the Estial River and thence floated out.

Messrs. Black and Armstrong of Kelowna, Illinois, two of the principals of the concern, are expected in the city soon in connection with the institution of operations.

VANCOUVER MAN DIES WINNIPEG YESTERDAY

WINNIPEG, Aug. 11.—William G. Brown of Vancouver, enroute to Montreal to meet his mother, who is expected to arrive in Canada shortly, died five hours after admission to the hospital here Friday. He was taken suddenly ill while staying at a local hotel.

Number of Liquor Seizures in Ontario Yesterday When Exporters Charged Possession

WINDSOR, Ont., Aug. 11.—Seizing every liquor export dock from Belle River to Kingsville and placing their wet stocks aggregating several million dollars under police guard, the Ontario Government yesterday charged every exporter on the border with unlawful possession of liquor and ordered them to appear in court.

Conviction means fines of from \$100 to \$1,000 or a jail sentence for each. The liquors also are automatically confiscated in the event of a conviction.

The recent activity follows the appointment a few months ago of Sir Henry Drayton as chairman of the Ontario Liquor Board.

Americans Beat British Empire Today in Field and Track at London

STAMFORD BRIDGE, LONDON, Aug. 11.—The United States won the dual track and field meet with the British Empire today, winning eight of the fourteen events to three for the British and three to be yet run off.

The British held the Americans even in the running events but fared badly in the field features. About 41,000 people attended.

The United States won the 400 yards relay against a team composed of Percy Williams of Vancouver, Carlton of Australia, Fitzgerald of Hamilton and London, a Guiana Negro, running in the order named.

The United States set world record of 3 minutes 13 2/5 seconds winning the mile relay from a team composed of Wilson of Montreal, Rinkel of Britain, Leighwood of Britain and Ball of Winnipeg.

The Empire won the two mile relay with a team made up of Little of Winnipeg, MacEachern of Ireland, Edwards of Canada, Lowe of Britain and Edwards of Hamilton. The Negro runner practically won the race finishing fifty yards ahead of Fuller and allowing Lowe an easy run to victory.

The Empire won the four mile relay with a team composed of Doherty of Montreal, Starr of Britain, Whyte of Australia and Eli's of Britain.

The Americans won the shot put and the hammer throw.

The Americans won the 480 yard shuttle hurdle race run on grass. The British team was Atkinson of South Africa, Lord Gurgley of England, Gaby of Britain and Wightman of South Africa.

The British won the steeplechase relay of eight laps, the mile medley relay and the javelin throw.

Douglas Lowe won the half-mile. United States won the high jump, pole vault and broad jump.

The final standing of the respective teams was United States 8, British Empire 6.

MINERS PROPOSE TO SUSPEND WORK TONIGHT

DRUMHELLER, Aug. 11.—Miners of the Wayne district voted to reject the proposed agreement with the mine operators and then decided on the suspension of work from Saturday night to continue until agreement had been reached between the committee appointed by the men and operators. Six mines are concerned and 307 men are involved.

The crux of the question at issue is the proposed introduction of screens in the mines and the recognition of the miners' union of Canada.

CHAMBERLAIN TO GO CALIFORNIA SOON

LONDON, Aug. 11.—The Evening Standard has its highest authority that Sir Austen Chamberlain, foreign secretary, will leave at the end of the month for California via Panama Canal in the belief that the sea voyage will restore his health.

HARVESTER EXCURSIONS

Grievous complaint has been made locally at the running of harvester excursions from this part of the province just at a time when men are badly needed here to take care of the fish harvest. It is pointed out that the salmon fishing business here is purely a seasonal one just as the harvest on the prairies is seasonal. By delaying the harvest trains a couple of weeks from this point, the local work would be completed and no hardship to local employers brought about. We all realize the need of men in the harvest fields, but there was no great rush on the part of the Government to put on their harvest excursions from Great Britain where there are plenty of idle men who would benefit immeasurably from the opportunity to work. Instead of that they try to induce men to go from here where they are needed for a week or two longer. Even a few days delay would make a great difference here. It seems if the dates arranged for the excursions have been set without thought of the possible injury it might do to the premier industry of Northern British Columbia.

OPTIMISTIC FEELING

There is a feeling of optimism shown here in many quarters which seems to indicate not only that there will be a prosperous autumn but that there will be a general improvement here from this time on. It is pointed out that, so far as this autumn is concerned, the Seal Cove mill is working steadily, the Billmor mill is being erected and will soon be in operation and particularly that the result of the shipbuilding operations at the Drydock will produce an autumn payroll which will be most beneficial to Prince Rupert. Then there is a pretty good fishery season, so far as lower grade salmon is concerned. These are the chief immediate prospects but others may develop. The prospect for more grain shipping is good and if this proves to be correct it will mean more ships visiting here, more men employed at the elevator and more on the railroad. All this seems to indicate general improvement for the port which will make the coming winter a better one than has been seen for a number of years.

REV. MR. WRIGHT
IS INDUCTED

BECOMES PASTOR OF HAZELTON AT INTERESTING CEREMONY THIS WEEK

HAZELTON, Aug. 10.—Rev. T. H. Wright, B.A., the newly appointed minister of the pastoral charge of Hazelton, in the Prince Rupert Presbytery, took place last Monday evening in the United Church, New Hazelton.

Rev. J. R. Hewitt, B.A., a former pastor of Cumberland, B.C., and Dr. H. C. Winch of Hazelton, were commissioned by the Presbytery to conduct the proceedings, and to induct Mr. Wright to the pastoral charge of Hazelton and adjoining territory which he is to cover. Mr. Hewitt outlined the steps leading up to the appointment and stated that it was a pleasure to visit his former charge and meet the friends of former years, and it was an added pleasure and honor to be present at the induction of Rev. T. H. Wright, B. A., whom he had favorably known for some time.

He said that Mr. Wright took his theological course of studies in Wesleyan Theological College, Montreal, at the same time taking courses in Philosophy in McGill University, coming to British Columbia in 1906 he continued his Arts work in connection with Queen's University, Kingston, Ont. On the organization of the university of British Columbia Mr. Wright transferred his undergraduate standing in Arts from Queen's to that of U.B.C. and after a four-years' course in residence he received the degree of Bachelor of Arts from that institute of learning.

GRADUATE OF B.C.
Those four years' course of study in British Columbia were taken while Mr. Wright had charge of a pastorate in Vancouver.

During his ministry Rev. Mr. Wright has been pastor of Sidney, Vancouver Island, Jubilee, B.C., where parsonages were built under his supervision and where the churches were soon put upon a self-supporting basis. His last two charges were Beaconfield, Vancouver, and Howe Sound, where he has just completed a four-years' pastorate.

For seven years Mr. Wright was Journal Secretary of Conference and for several years Financial Secretary of the District.

Rev. Mr. Wright put the necessary questions to the pastor elect and gave the charge to the minister. Afterwards he was duly inducted into the pastoral charge and introduced to the officials of the church and members of the congregations.

ADDRESS OF WELCOME
Dr. H. C. Winch, M.P.P., in a very appropriate address gave a welcome to the pastor. He said: "We welcome Rev.

Mr. Wright to the pulpit. He would give appropriate messages, and it was important that the minister give the message of truth concerning man in his relationship to God.

We welcome Mr. Wright to our homes. Here he could get acquainted with the problems and difficulties, the joys and sorrows of the people and thus would be able to act as a true shepherd to the flock.

We welcome Mr. Wright to the community and social activities of the localities where he is called to labor."

He wished for Mr. and Mrs. Wright the highest success in their new field of labor and urged all present to make this success possible by a spirit of loyalty and co-operation. Loyalty in attending regularly the means of grace and active co-operation by supporting the various benevolent enterprises of the church.

C. H. Sawie, of the Omicron Herald, New Hazelton, and John Newick, Hazelton, on behalf of the two churches introduced Mr. and Mrs. Wright to the people.

The ladies of the church served refreshments. The young ladies of the church led the community singing and Miss Jean Burns sang a solo with telling effect. After spending a social hour the proceedings closed with the National Anthem.

Man in the Moon

Good day, folks. This is really very unusual weather.

Just listen to 'Opportunity'. The campaign manager states: If you rustle hard you'll get the prize. It's failure for him who waits.

Ramsay MacDonald, the labor leader is much more candid than many of his followers. That is what differentiates a statesman from a politician.

Nature never intended people to pat themselves on the back it is clear from the way the arms are hung, yet some people are going it all the time.

What puzzles a baseball player is how a golfer can play his game without a jeering audience.

Because a man is dressed in ice cream clothes is no indication that he can play tennis.

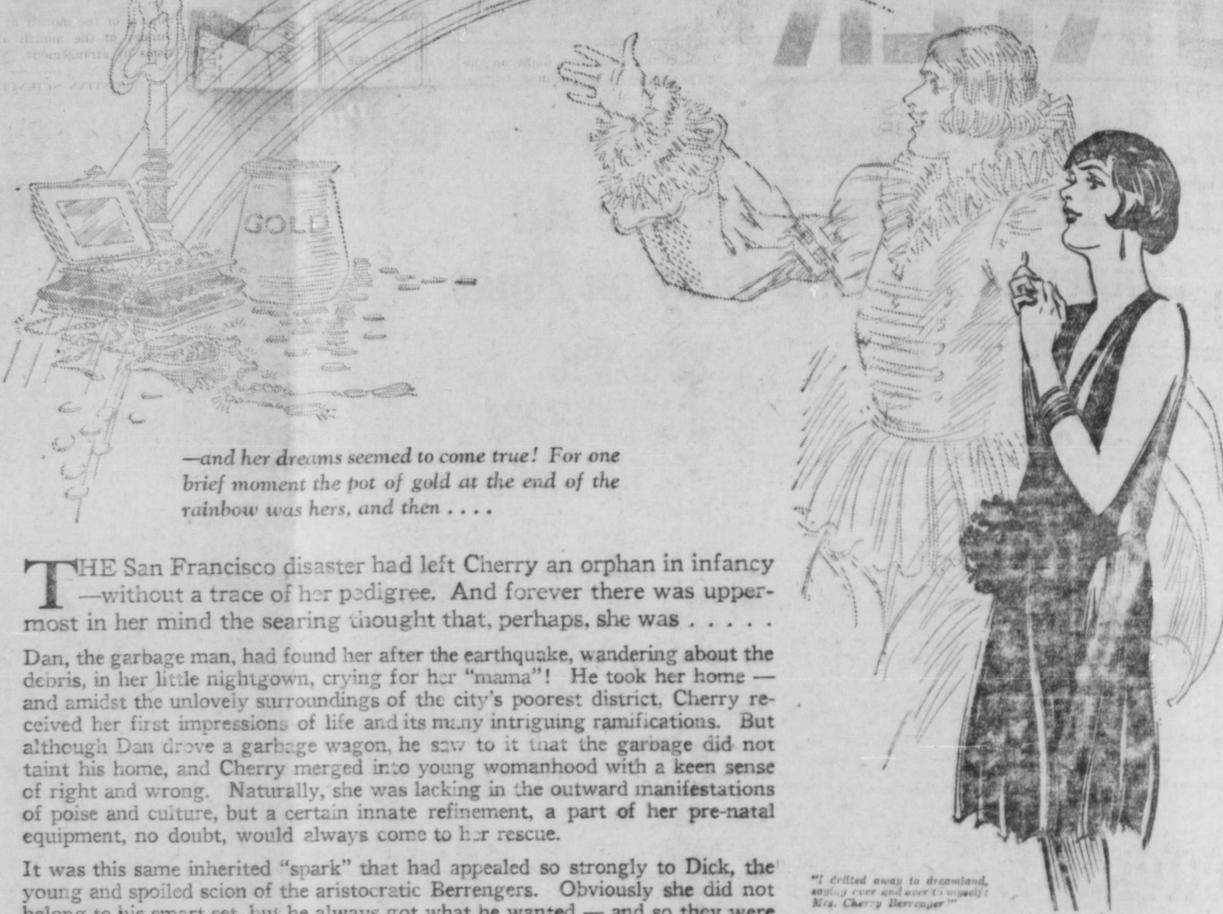

Prince Rupert is changing. Instead of wondering whether to buy an outboard motor or a small cabin cruiser, the head of the family today wonders whether to invest in a Ford, or Chevrolet or an Essex Six.

A hick town is a place where very unimportant people elevate their noses.

She chased Rainbows..

—and her dreams seemed to come true! For one brief moment the pot of gold at the end of the rainbow was hers, and then . . .

"I drifted away to dreamland, smiling over and over to myself! Mrs. Cherry Berrenger"

THE San Francisco disaster had left Cherry an orphan in infancy—without a trace of her pedigree. And forever there was uppermost in her mind the searing thought that, perhaps, she was . . .

Dan, the garbage man, had found her after the earthquake, wandering about the debris, in her little nightgown, crying for her "mama"! He took her home—and amidst the unlovely surroundings of the city's poorest district, Cherry received her first impressions of life and its many intriguing ramifications. But although Dan drove a garbage wagon, he saw to it that the garbage did not taint his home, and Cherry merged into young womanhood with a keen sense of right and wrong. Naturally, she was lacking in the outward manifestations of poise and culture, but a certain innate refinement, a part of her pre-natal equipment, no doubt, would always come to her rescue.

It was this same inherited "spark" that had appealed so strongly to Dick, the young and spoiled scion of the aristocratic Berrengers. Obviously she did not belong to his smart set, but he always got what he wanted—and so they were wed. After the first year of rapture, Cherry was too absorbed in the care of her new treasure, young Berrenger the Third, to observe her husband's deflection.

Baby's advent had helped to span the social gulf existing between the Berrenger family and "the garbage man's daughter"—and all went well until a cheque for a small sum, and endorsed by Cherry, had been discovered "raised" to a considerable sum . . . and the blame fell on her shoulders! Stunned at the injustice of the accusation, Cherry's eyes sought Dick's for protection—but he ignored her appeal and remained silent. And, like a flash, Cherry read "Guilt" written all over him! But she loved this coward, her husband, and she just could not disillusion his trusting parents, so she packed up her things and fled! Yes, she started off with her bright-eyed boy, but at the very thought of denying little

Dicky the luxury and culture that were his heritage, she returned him to his nursery— and with bleeding heart and shattered dreams, Cherry silently passed out of their lives—alone!

What did she do? Where did she go? Did she return to the fetid atmosphere of the garbage wagon? Or, perchance, did she again find the pot of gold at the rainbow's end? All these questions are answered in "SHATTERED DREAMS", which appears in TRUE STORY MAGAZINE for September . . . now on the newsstands. You will be astounded and thrilled at the solution and will find difficulty in keeping back the elusive tears of joy at the triumph of right over wrong!

MOVIE STAR TO COME FOR FAIR

TEX YOUNG, WELL KNOWN COW BOY SCREEN STAR, WILL PERFORM IN BUILDING—CHANGE CONCESSIONS

The Fair Board, at its regular weekly meeting Thursday night with M. F. McCaffery, the president, in the chair, decided to bring Tex Young, well known diminutive and bow-legged star in cowboy moving pictures, from Hollywood to perform rope stunts and monologues in the building on nights during Fair Week. A clog dance and patter vaudeville will also be brought here in addition to the many other attractions that are being planned.

The board decided to place facilities for concessions in front of the building this year instead of at the back. Arrangements were also made for employees at the building during Fair Week.

POPULATION OF CANADA TODAY

ESTIMATE IS 9,658,000 AND OF BRITISH COLUMBIA 583,000

OTTAWA, Aug. 11.—Canada's population is estimated at 9,658,000 by the bureau of statistics, an increase of 139,000 over the estimate of last year.

The population of British Columbia is put at 583,000 against last year's estimate of 575,000.

The 1921 census put the Dominion population at 8,788,000.

PATTULLO MAJORITY SO FAR STANDS 88

Official Count Following Recent Provincial Election is Still Proceeding

Ballots so far checked in the official count as a result of the recent provincial election give Hon. T. D. Pattullo, liberal candidate, a majority of 88 over James B. Thompson, Conservative, the total voting standing at 1,260 for Pattullo and 1,172 for Thompson. This accounts for all but a very few ballots which will probably not change the general standing to any great extent. The official count is proceeding and will not be completed for a few days.

NEW UTILITY TRUCK
-another Sensational Chevrolet Value
4 Speeds Forward • 4 Wheel Brakes

Now Chevrolet presents the New Utility Truck—a low-priced haulage unit embodying every feature of advanced engineering developed through years of experience in commercial car-building and proved by exhaustive testing on the General Motors proving ground!

Typical of the progressive design embodied in this sensational new truck are a four-speed forward transmission, powerful non-locking four-wheel brakes, full ball-bearing steering mechanism, front shock absorber springs, air-bound seat cushions and channel front bumper. In addition, it offers all those basic features which have been so largely instrumental in Chevrolet's tremendous success as the world's largest builder of trucks—rigged rear axle with one-piece banjo-type housing . . . semi-elliptic springs set parallel to the load . . . completely enclosed valve-in-head motor with air cleaner, oil filter and positive action vane type oil pump . . . thermostatic control of water circulation . . . low loading height . . . generous road clearance and countless other features of comparable importance.

Visit your Chevrolet dealer and get a trial-load demonstration of this remarkable new truck! It has been developed to meet the modern conditions of business transportation and body types are available for every type of business.

I use Champion Spark Plugs because I know I can depend on them—no matter how tough the going.

Champion is the better spark plug because it has an exclusive sillimanite insulator specially treated to withstand the much higher temperatures of the modern high-compression engine. Also a new patented solid copper gasket-seal that remains absolutely gas-tight under high compression. Special analysis electrodes which assure a fixed spark-gap under all driving conditions.

TERMINALS COP LEAGUE TITLE

CINCHED CITY FOOTBALL CHAMPIONSHIP WITH EASY VICTORY OVER THISTLE

Terminals about clinched the City League last evening when they won over Thistle 5-1 in a game which was always interesting though Terminals had the edge specially in shooting and because of their superior defence.

Thistle were without Murray, S. Erskine and Jock Campbell while Terminals were at full strength.

Harrison opened the score for Terminals with a long shot and this was all the scoring in the first half.

With the hill in their favor in the second half, Terminals pressed and a swerving pass of Currie's swung into the top corner of the net to put Terminals two up.

Thistle's goal, Dickens made it three from close in and then W. Mitchell scored for Thistle. Campbell punched a fine shot and saved again from Chenoski. Chenoski scored the finest goal of the season when he volleyed a cross from Currie into the net first time.

Thistle pressed, but could not beat Menzies and Burdett put Terminals five up after Harrison hit the cross bar. Full time found the Terminals easy winners 5-1.

Teams—Terminals—Menzies; Skinner, Donald, Hill, Currie, Howe, Harrison, Strachan, Dickens, Burdett, Chenoski.

Thistle—Campbell, Haig, Parquhar, Mitchell, Hadden, Woods, J. Currie, H. Erskine, A. Mitchell, W. Mitchell, A. Hadden.

Battling Dido Gurvich's name has been spreading afar for the local boy has been nominated in a boxing popularity contest that is being conducted by the Los Angeles Referee, a boxing weekly. The boy receiving the most votes will be declared the most popular boxer in the west and will receive a diamond studded gold belt given by the Referee. True Dido only has ten votes, which only signifies that some friend has nominated him, but he is at least on the map though he will have to get 13,883 times more votes if he is going to get the jewel bestudded girdle.

from the present leader, Charley Greenberg.

With the Tunney-Heeney bout proving a financial flop the boxing fans, knowing that the former champion is the biggest drawing card in the history of boxing, will be watching the Manassa Mauler for signs of a come-back. Tex Rickard is sure to try to induce the ex-title holder to enter the ring. The days of huge gates are over but a Dempsey will draw enough to make the promotional end of a bout very attractive to the New York promoter. Tunney probably didn't draw a dime more than Heeney. The fact that a world's title was evolved was the only money magnet.

While all branches of professional sports are going along nicely, the amateurs are continually having their squabbles. The Olympic games committee pulled the usual and investigated Charles Paddock only to write wash him. Then the United States Lawn Tennis Association barred Bill Tilden from the Davis cup competition and then right-about-faced and handed him a clean bill of health. It would seem that it is high time for amateur athletics to receive a shaking up, not among the contestants but among the boards and committees in control. The A.A.U. is dominated by a set of officials who must break into print occasionally at the expense of some such athlete as Paddock. The tennis association officials are frequently taking pot shots at Tilden. There are athletes practically unheard of who could be attacked with just as much or more consistency, but what A.A.U. officials would get his name in the papers if he attacked the eligibility of some Joe McGee who competed in the high jump at some minor meet in the Rocky Mountain region but took a five dollar note for playing a game of baseball on Sunday? One has to be great or near-great to draw an attack from the powers that be.

GIANTS MAKE FURTHER GAIN

ARE BUT THREE GAMES BEHIND CARDS WHO LOST AGAIN NO CHANGE IN AMERICAN LEAGUE

(Special to Daily News)

NEW YORK, August 11.—Taking an easy 8 to 4 victory from the Phillies while the St. Louis Cardinals continued their losing streak with an ignominious 12 to 2 loss to the Pittsburgh Pirates, New York Giants climbed closer to the National League supremacy yesterday. But three full games now separate the Cards and the Giants and the prospect is that there may be as sensational a finish in the National League as is anticipated in the American. Pittsburgh, as a result of recent successive wins, is now but half a game behind fourth place Chicago Cubs and a single game behind the third place Cincinnati Reds.

New York Yankees maintained their four-and-a-half game lead over the Philadelphia Athletics in the American League by winning over Boston while the Athletics shut Washington Senators out 8 to nil. Chicago White Sox, by winning over St. Louis Browns, went into fourth place above the Cleveland Indians who lost to Detroit Tigers. The Tigers went into sixth place over the Senators.

Yesterday's scores:
 NATIONAL LEAGUE
 Philadelphia, 4; New York, 8.
 Boston, 1; Brooklyn, 5.
 St. Louis, 2; Pittsburgh, 12.

AMERICAN LEAGUE
 New York, 5; Boston, 2.
 Washington, 0; Philadelphia, 8.
 St. Louis, 3; Chicago, 5.
 Detroit, 8; Cleveland, 7.

COAST LEAGUE
 Los Angeles, 6; Hollywood, 1.
 San Francisco, 6; Missions, 9.
 Sacramento, 10; Portland, 7.
 Oakland, 11; Seattle, 7.

"NAVIGABLE WATERS PROTECTION ACT."—R. S. C. 140

Porter Idaho Mining Company Limited hereby gives notice that it has under Section 7 of the said Act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registration District of Prince Rupert at Prince Rupert, B. C., a description of the site and the plans of the wharf and dolphins proposed to be built on the foreshore near the mouth of the Marmot River, Portland Canal, in front of Lot Number Four Hundred Sixty-seven (467), Cassiar District, British Columbia.
AND TAKE NOTICE that after the expiration of one (1) month from the date of the first publication of this Notice, Porter Idaho Mining Company Limited will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa, for approval of the said site and plans and for leave to construct the said wharf and dolphins.
 Dated at Vancouver, British Columbia, this 30th day of July, 1928.

TO THE PUBLIC

We wish to announce the opening of our new billiard and Tobacco store in conjunction with our 67 Taxi Service in our new building opposite the Prince Rupert Hotel on Second Avenue. Our business was established in 1922. Since that time through the patronage of our many customers we have been successful in erecting this commodious building for which we thank each and every patron. We assure you of our continued service, courtesy and promptness we have given in the past, in our Taxi Service.
 We have established ourselves in business here to remain and therefore, invite each and everyone to visit our new building which is open to public inspection every day. The building was constructed by the local firm of Messrs. Mitchell & Currie which is no doubt a credit to its builder and the city.

Waterfront Whiffs

(continued from page five)
 Cancellation on visits to the five canneries in the Inlet. Having already been on the Skeena and Neas Rivers, the cancellation is visiting canneries at the south end of the Queen Charlotte Islands this week-end and is due back here next week on her way to Vancouver.

After having spent a month on the West Coast of Vancouver Island engaged in pilchard packing to the reduction plants, Prince Rupert Salvage & Towing Co.'s power tug Salvage Princess brought up a large can-laden scow from the Fraser River to South Bay cannery at the end of last week and thence continued to Shannon Bay cannery in Massett Inlet with two scows. The Salvage Princess will be packing salmon to Shannon Bay until August 17 and will then proceed to South Bay to which plant she will pack until the end of the season, returning here in the fall. Capt. Frank Tyler is in command.

With contracts slow throughout the year, Japanese boatbuilders in Cow Bay Prince Rupert, are now engaged in construction of stock models which usually meet with ready disposal.
 Y. Suehiro is building a 32 by 8 1/2 foot trolling boat from a model upon which he has already made three or four boats. The keel has just been laid during the past few days. Type of motive power has not yet been decided upon.

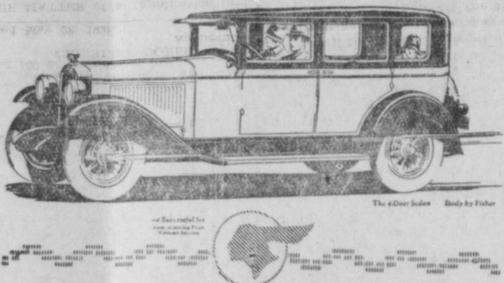

At the Suga yard the construction of a 33 foot trolling boat of regulation design is just about completed. The engine for this vessel is not yet decided upon and may be put in to suit the purchaser.

Across Cow Bay K. Tamura is building a 14-foot pleasure boat in which a 3 h.p. Dis-Pro engine, purchased from Joe Howe, has already been placed.

WINTER PROSPECTS GOOD

After an exceptionally busy month or so of late, machine shops and supply houses along the Prince Rupert waterfront reported a welcome lull since the first of this month. There has been nothing spectacular in the way of business this season but there has been much more or less small activity. With

SMOOTHNESS and ENDURANCE never before known at the price

WITH its sound basic design and its background of scientific development on General Motors Proving Ground—with its production advantages provided by the vast facilities of General Motors with its score of engineering advancements, including the famous G-M-R cylinder head—

—Pontiac Six offers a combination of smooth six-cylinder performance and high-speed endurance, the equal of which is found in no other car in the world selling for so low a price.

Its smooth, silent performance, combined with the beauty and luxury of its Fisher bodies, provides a measure of owner satisfaction unequalled in its field. And its tremendous endurance results in unparalleled length of life, which in turn, is expressed in consistently high resale value.

More important reasons for the selection of any car have never been found. That's why ever-increasing thousands are choosing the Pontiac Six . . . why Pontiac sales for 1928 are far ahead of previous records.

halibut landings higher this year than last and prices better and the various branches of salmon fishing also greatly improved over the conditions which prevailed in 1927, the prospect is that the forthcoming winter will be a much easier one than was the last when money was tight following a season of poor results in practically all departments of the industry.

Owing to continued lightness of American landings, the total halibut catch at the port of Prince Rupert for this season has again dropped behind the landings of 1927 at a similar date. The total for the present season now stands at 16,891,200 pounds as compared with 16,814,250 pounds at a similar date last year. The landings of Canadian fish for the present season standing at 5,188,900 pounds are well ahead of last year's 4,840,400 pounds at a similar date while American landings are down from last year's 11,773,850 pounds to 11,202,300 pounds. Many of the large American vessels are engaged in other lines of activity this summer and unless there is much activity when they return to the halibut fishery in the fall, it is hardly likely the deficiency will be made up.

During the week of August 4-10, landings totalled 616,400 pounds made up of 220,900 pounds Canadian and 395,500 pounds American fish. Prices averaged somewhat lower than the week previous. The highest bid for American fish was 13.8c and 7c, given the August 14 for 14,000 pounds while the high Canadian price was 12c and 6c, paid the Fanny F. for 5,000 pounds. Low bids of the week were 9.6c and 5c, for American fish and 9.5c and 5c, for Canadian.

PRINCE ALBERT BACK ON THIS COAST FROM VOYAGE TO ANTWERP

After a voyage from Antwerp, which occupied several months, the freighter Prince Albert, well known at this port out of which she plied for many years, arrived back in Vancouver this week. The ship, which took lumber to the European port last summer, left Antwerp on her return to the coast in September, passed the Panama Canal in October and spent several months hove off the Mexican and California coasts. Various members of the United States liquor patrol fleet went alongside the vessel, only to find she was in ballast. The Prince Albert is now at the B. C. Marine Ways in Vancouver for repairs.

Because a quorum could not be mustered, the regular monthly meeting of the board of directors of the Prince Rupert General Hospital, which was to have been held last night, had to be postponed and will probably take place next week.
