BIG STORM IN EUROPE CONTINUES

THE KING CONTINUES INDISPOSED AND CAUSES ANXIETY

Storm Continues to Buffet Coast of Western Europe on Fourth Day Since Commencing

Twenty-one Ships Posted at Lloyds as Either Lost or in Distress, Including Italian Freighter Whose Crew Believed Lost

LONDON, Nov. 26.—The western coast of Europe is being buffeted by a terrific gale of four days' duration today. The storm has already taken toll of 29 lives at sea. No less than 21 ships appeared on Lloyd's list today as wrecks or in distress. At least 20 persons are missing, with conflicting reports concerning the safety of a score more.

VESSELS LOST WEEK-END GALE

Entire Western Europe Felt Force of Terrific Wind and Rain

LONDON, Nov. 25.—The entire western European coast from Gibraltar to Scandinavia felt the destructive force of a terrific wind and rainstorm at the weekend. The French coasting ship *Cesarea* foundered off Algiers with a crew of 15. An Italian freighter sank in the Bay of Biscay, but her crew were rescued. Eighty-four men were rescued from the sinking German school-ship *Ommern* near the Isle of Guernsey. A Dutch vessel foundered in Zuyderzee with five aboard. Three men are missing from a lighter which broke away from a tug.

Reduction in Fire Insurance Rates Announced by Manager of Underwriters' Association

Prince Rupert fire insurance rates have been reduced. The information to that effect is conveyed in a letter from J. L. Noble, manager of the fire branch of the B. C. Underwriters' Association, to Alderman Theo. Collart, chairman of the joint committee appointed by the Board of Trade and city council to lay the claims of Prince Rupert before the insurance underwriters.

CATHOLIC ARCHBISHOP DIED IN SCOTLAND

EDINBURGH, Scotland, Nov. 25.—The Most Reverend James Smith, Archbishop of St. Andrew's and Edinburgh Roman Catholic primate for Scotland, died yesterday, aged 88.

AUSTEN CHAMBERLAIN IS HOME IN ENGLAND

LIVERPOOL, Nov. 25.—Sir Austen Chamberlain returned to England yesterday looking bronzed and healthy.

RATTENBURY LANDS CASE

Supreme Court of Canada Upsets Judgment of B. C. Court of Appeal

OTTAWA, Nov. 26.—The Supreme Court of Canada upset the judgment of the British Columbia Court of Appeal which found the land settlement and development act of British Columbia ultra vires.

DIVORCE WAS GRANTED TODAY

Name of Rev. S. Robertson Orr Not Mentioned by Trial Judge

VANCOUVER, Nov. 26.—John Gordon Fleck was granted a decree absolute of divorce, from his wife Margaret Winifred Fleck, in judgment handed down today by Mr. Justice Aulay Morrison.

NO WORD FROM MISSING BOATS

Anxiety is increasing over the safety of the two American halibut boats *Brunvol* and *Imperial*, neither of which has been reported since the fishing season closed.

This is the latest portrait of the first lady of the United States, Mrs. Hoover, who will supersede Mrs. Coolidge as hostess at White House, Washington.

Frederick A. Roberts Lost His Life When Train on Which He Was Riding Crashed Into Rock

When a westbound grain train crashed into a fallen rock in a cut between Salvus and Kwinitsa at 7:40 yesterday morning and turned over, four cars laden with wheat also being derailed, Capt. Frederick A. Roberts, brakeman, and well-known railwayman operating out of here, sustained injuries which resulted in his death last night at 10:15 in the Prince Rupert General Hospital.

Illness of King George Causes Worry Among English People Today

Daily Mail Expresses Concern Which Is Felt but Doctors Are Reassuring and Court Work Proceeds

LONDON, Nov. 25.—The official medical bulletin of the King's condition this morning said: "The King passed a restless night. A variability in fever and spread of puerary must be expected at this stage of the illness."

SMALLPOX BAD ALASKAN YUKON

Shotgun Quarantine Established by Governor to Prevent Its Spread

JUNEAU, Nov. 26.—Shotgun quarantine to prevent the spread of smallpox has been established in the region of the lower Yukon following an outbreak in central western Alaska, said Governor George Parks.

SWORDFISH TRYING TO GET LOOSE FROM HOOK

An action snapshot secured in New Zealand. These fish give spectacular displays in their efforts to win their freedom.

Both Montreal Hockey Teams Beaten Saturday Night when New York and Toronto Won

TORONTO, Nov. 26.—The underdogs in the National Hockey League refuse to stay under. The New York Americans beat the Montreal Canadiens at Montreal Saturday four goals to three, while Toronto made Montreal Maroons look bad in the Queen City by defeating them four goals to one.

Ottawa and Detroit played a one-all tie in the Automobile City.

Chicago earned their first point yesterday by tying Boston one all in the Windy City, 10 minutes overtime failing to break the tie.

New York Rangers downed Pittsburgh at Madison Square Garden two goals to nothing.

HUNTING PARTY FROM VANCOUVER

Business Men From the South to Spend Week in Quest of Birds on Islands

Bound for Massett Inlet and Nader Harbor on a goose and duck hunting expedition, a party of Vancouver men consisting of Ronald M. Maitland of the brokerage house of Macaulay, Nicolls and Maitland; Claude S. Thicke,

manager of the Blue Band Navigation Co.; D. D. Gordon, who is engaged in the wholesale hardware and sporting goods business; and H. Rendell arrived from the south on the Catala yesterday afternoon and immediately embarked upon the Prince Rupert Salvage & Towing Co.'s tug Salvage Princess, Captain Frank Tyler, for the Queen Charlotte Islands. Accompanying the party to the islands was Hubert Ward of this city. The expedition is due back here on Friday and its members will sail that night by the Caradana on their return to Vancouver.

SPORT CHAT

Gene Fowler, boxing authority rates Knut Hanson as the best 1928 heavyweight with Johnny Risko, second, and Young Stripling, third, always omitting Gene Tunney, the retired champ. Jack Sharkey he rates fourth and Paulino Uzcudun, fifth. Mickey Walker is given the best of the middleweights with Rene DeVos in second place. Leading the light heavyweight list is Tommy Loughran with Charlie Belanger runner up. Other Fowler ratings are: welterweights, Young Corbett III, Young Jack Thompson; junior welterweights, Mushy Callahan, Young Harry Killis; lightweights, Sammy Mandell, Jimmy McLarnin; junior lightweights, Tod Morgan, Honeyby; bantamweights, Bushy Graham, Al Brown; featherweights, Tony Canzoneri, Benny Bass; flyweights, Izzy Schwartz, Frankie Genaro.

Friday—Basketball: Senior League, Native Sons of Canada vs Port Simpson; Intermediate, Big Four vs C. N. R.; Ladies' Maple Leafs vs Drill Team; Junior, Colts vs High School. R. C. N. V. R. rifle range.

Evidently there was plenty of fun at Victoria recently when Vic Foley and Tommy Fielding put on what was meant to be a 10-round battle. There are different opinions of what happened. There is unanimity in the camp of Jack Allen at least. "They just flim-flammed us and that is all there's to it," is the verdict from the Cavalry Club crowd. "The 'wound' exhibited by Fielding could not possibly have been made by a boxing glove," one man declared. "It was a two-inch scratch and no glove could

FOOTBALL PLAYER WEDS SCOTTISH LADY

Pretty Ceremony Saturday Evening When Miss Jean Smart and James Miller Ross Unite Fortunes

On Saturday evening at 7 p.m., a pretty wedding was solemnized, Rev. P. McAllister officiating, when Miss Jean Smart, an arrival of a few days ago from Dalhousie, Scotland, became the bride of James Miller Ross, well known football player and employee of the Canadian Fish and Cold Storage Company.

The bride looked very pretty in white crepe de chine and veil of white tulle and orange blossoms and carrying a bouquet of red roses. The bridesmaid was Mrs. Angus McDonald in powder blue crepe de chine and carrying a bouquet of pink carnations. Two sweet little train-bearers were Miss Elizabeth Wood and Miss Ella Murray in pink crepe de chine and carrying bouquets of carnations. The groom was supported by Alex Strachan.

After the ceremony a reception was held at the home of Mr. and Mrs. Angus McDonald, which was attended by many friends. The bride and groom, who were the recipients of many beautiful gifts, will reside at 163 Seal Cove Circle.

NORWEGIAN HEAVYWEIGHT CONTENDER

Otto Von Porat, Norwegian heavyweight prizefighter, who lost to Paulino Uzcudun, Spanish heavyweight, in a vicious 10-round battle at Madison Square Garden. This was the Norwegian's professional debut on this continent.

DIDO GURVICH IN BIG FIGHT

To Meet Eddie McGooty Here Next Week and Is Training Hard for Contest

People who thought Dido Gurchich came home for a holiday were mistaken. He came home to work and is already at it. He is training for the biggest fistic battle of his career to take place here on Tuesday of next week.

The man who is to meet Dido is Eddie McGooty of Seattle, former sparring partner of Joe Lone, a man who fought many battles. He is 162 pounds weight and a worthy antagonist for the local boy. It is said this will be a supreme test of Gurchich's ability. If he makes a good showing he will have established himself as a fighter of standing.

The basement of the Exchange building has been turned into a temporary gymnasium for the accommodation of the boxers and the workouts will take place there every evening at 7 o'clock.

WANTED SIZE YOUNGER

M.K.S. relates: "My three-year-old niece was in a shoe store and a pair was being tried on her. She wiggled her tiny toes around inside them for a moment, and then, looking dubious, said, 'They are awful big. I think I could wear a size younger.'"—Boston Transcript.

scratch a man in that manner." Then along comes Cic Gravelin sports editor of The Colonist, and declares it was very much like the work of a glove indeed. "Seven reputable doctors," Vic asserted, "examined Tommy and they were unanimous in the verdict that it could not possibly have been anything but a foul blow that caused the injury. Do you suppose that men who stand high in the medical profession would stake their reputations on such a thing if they were not strictly on the up and up?"

Proclaimed to the world as the gift that rings true

A gift that is to be a constant reminder of the giver must be dependable. The Sheaffer Lifetime pen, unconditionally guaranteed for a lifetime, has taken an outstanding place among the world's commercial masterpieces because it is dependable. And so with the Sheaffer Titan pencil. Both are built like magnificent pieces of fine machinery. Iridium and Waspalum are almost precious metals skillfully used in their exacting construction. These are enduring remembrances—beautiful gifts of the discriminating giver.

"Lifetime" pen in green or black, \$9.75; Ladies', \$8.75—pencil, \$5.00

De Luxe "Lifetime" pen, \$11.50; pencil, \$5.75. Others lower

PREACHED FAREWELL SERMON YESTERDAY

Rev. J. R. Frizell Reviews Work of Pastorate During Two Years

In the morning at First Presbyterian Church yesterday, Rev. J. R. Frizell, who has resigned the pulpit, gave a brief review of church work during his two years' incumbency and also referred to the financial situation. In the evening the pastor spoke from the passage, "The last shall be first and the first shall be last." Following up the morning subject, he exhorted the people to loyalty to the church and its traditions. These were Mr. Frizell's farewell services before he leaves for Vancouver at the end of this week.

REV. W. F. PRICE IS NEW PRESIDENT OF MINISTERIAL ASS'N.

At a special meeting this morning of the Prince Rupert Ministerial Association, there was a general discussion of church work in the city. The main object of the meeting was to elect a successor to the president, Rev. J. R. Frizell, who is leaving the city. Several of the members spoke in appreciative terms of Mr. Frizell's work for the organization and expressed regret at his departure. It was unanimously agreed that Rev. W. F. Price should be elected as president for the ensuing year. The retiring president welcomed Mr. Price, stating that he had been elected to one of the most honorable positions which could be conferred upon any person.

FREDRICK A. ROBERTS LOST HIS LIFE SUNDAY

(continued from page one) engaged since yesterday in clearing the track. It was necessary to transfer passengers, mail and express from yesterday's No. 5 train around the wreck to a stub train which came in at 11:20 last night, No. 6, going east today, was also transferred. It may be a day or so before the line is cleared.

The late Capt. Roberts, who served in the Imperial forces during the Great War, was 40 years of age and an Englishman by birth. He had been employed in the service of the railway company here for about 10 years. He was very well known and highly esteemed. An enthusiast for athletics, he was at one time secretary of the Prince Rupert Football Association. He is survived by a widow and young son, resident at 1208 Second Avenue. General sympathy will be extended to them in their tragic bereavement. Funeral arrangements are in the hands of the Rev. C. Under-takers.

GRAIN SHIPS MOVING HERE

One Departs With Full Cargo and Another Arrived to Load Yesterday

Prince Rupert's first grain ship of the season, the Japanese freighter Yayo Maru, sailed at 1 o'clock yesterday afternoon with a full cargo loaded for the United Kingdom or Continent at the Alberta Wheat Pool's local elevator. At 5 a.m. the same day the British steamer Carperby, third ship of the berth, arrived in port going on berth at the elevator at 2 p.m. The Carperby is a new ship this year and her master is Capt. A. Eves. She came here from Wilmington, Delaware, which port she left on October 29, having an uneventful voyage via the Panama Canal. The vessel belongs to the Repner Line.

The second grain ship of the season, the British steamer Rockpool, is now loading and will sail some time this week, also with a cargo for the United Kingdom or Continent.

Mrs. J. W. Kilpatrick, 415 Green Street, returned to the city on the Catala yesterday afternoon from Vancouver, bringing with her an infant adopted daughter.

COPPER RIVER COAL FIELDS

Property Purchased by Lord Melchett Some Distance From Prince Rupert Coal Fields

DEVELOPED NEXT YEAR

Telkwa Collieries Already Being Operated by New Owners With McNeill in Charge

Not the Prince Rupert coal fields, but the Copper River coal fields, were involved in the recent purchase of the Lord Melchett interests, states Jack McNeill of Telkwa, who was a brief visitor in town overnight. The Copper River coal fields comprise a different property altogether and are a considerable distance away from the Prince Rupert coal fields. The property actually purchased, and extensive development of which, including the building of a railway, is planned, lies near the head of the Copper River watershed across the divide from the headwaters of the Telkwa River. The same interests also purchased two other coal properties in the Telkwa district, in addition to the Telkwa collieries, which they bought outright and are now operating with Mr. McNeill in charge. No developments in connection with the Copper River coal fields are expected before next year.

Application will be made to the legislative assembly at its next session for an act to incorporate a company under the name of the Telkwa Kitimaat Railway Co. with capitalization of \$5,000,000. Power is being sought to build, construct, maintain and operate a standard gauge railway commencing at a point at or near Telkwa, hence along the Telkwa River 35 miles more or less to the Copper River coal fields, thence to a point at or near Pacific on the Skeena River, or to a point at or near Vanarsdol, to give connection with the Canadian National Railways and thence southerly to a point at or near Kitimaat on Douglas Channel, a distance from Vanarsdol of 40 miles or less.

Development of timber as well as coal resources is understood to be planned in connection with the undertaking.

TRESPASSED UPON KINAHAN IS. FUR FARM, FINED TODAY

Pleading guilty to a charge of trespassing on the Kinahan Island fur farm, Henry Ferguson was fined \$50 and \$2.50 costs, with option of two months' imprisonment, by Stipendiary Magistrate H. F. McLeod, in provincial police court this morning.

PARTY SATURDAY FOR MR. AND MRS. MARTIN

Many friends gathered on Saturday evening at the home of Mr. and Mrs. Louis Martin, 11th Avenue East. Those taking part in the planning of the evening were Mr. and Mrs. T. Bussanich and family, Frank Fitzgerald, T. De Bone and P. Cravetto. There were about 30 guests present and a very enjoyable evening was spent in games, music and dancing.

DAILY EDITION Monday, Nov. 26, 1928

PLEA FOR MARINE LIFE STUDY

In an address to the Rotary Club last week, Canon Rushbrook made a strong plea for the study of marine life by the young people of this city. He described in glowing terms some of the beautiful and curious things to be seen along the shores, and urged an attempt be made to interest more people in these things.

While this is perhaps not the time of year for such studies, we are glad to pass on the message. There is a sad lack of information in regard to such things here and any movement to create more interest has our warm support.

POWER OF PERSONALITY

Victoria chose Premier Tolmie at a time when the country was at war and they wanted a man who was not in politics. They continued to support him when he left the Union group and swung in with the Conservatives and probably would have continued to support him almost as long as he wished to represent the city.

Now Dr. Tolmie has chosen another sphere of activity and Victoria has to choose between a man who is not in any respects outstanding as a Conservative candidate and the former Liberal premier whom it turned down in the provincial elections. We suggest that they will probably choose Dr. MacLean because he is the better man. Although a staunch supporter of the Liberal party, Dr. MacLean is a very Conservative Liberal. He is the type of man that appeals to the people of Victoria. He will be elected on his personality.

RE-BIRTH OF CHINA

China is being re-born. That country has been through all the throes and the new infant is fast gaining strength and liveliness. The country is attracting attention everywhere and if only the government can remain stable we shall see wonderful things in that country within the next few years.

China has wonderful potentialities. Her people needed only this re-birth to give them the impetus to throw off the lethargy of ages and bring them in line with modern development.

Canada will do well to keep in close touch with the Chinese revival. China is one of our neighbors, almost as close as Japan, and there will be immense possibilities for trade with that country. Prince Rupert being the nearest Canadian port should be particularly interested in the change which is coming about.

LOOKING TO PACIFIC

In an address before the Vancouver Canadian Club recently Premier Brownlee of Alberta made this significant statement: "Today the face of Alberta is turned westward instead of eastward. Prior to 1923 Alberta looked down the narrow strip of rails that led to Fort William and other eastern centres. Today Alberta is looking to the Pacific, and the hope of the people is in the development of the Pacific, and there almost entirely."

This remark was not a bit of diplomatic and neighborly flattery for British Columbia consumption. The two western provinces have much in common. Alberta is now shipping most of its export wheat westward because of favorable freight rates, and will continue to do so. This will establish broader trading connections between the two provinces, for, although the prairie province will build up its own industries, its imports will grow with population and it will go to its natural trading market outside. It is true that the great stretch of mountains is a dividing line, but it is also a cementing link, for the two popular resorts, Banff and Jasper Park, are in Alberta, and visitors to these places generally think their outing incomplete without a trip to the coast.

Another link in the chain of association, and one to which Premier Brownlee referred, will be the inevitable Pacific outlet for the Peace River country. At present Alberta regards this district as its own, because it is reached through Edmonton and the greater part of the surveyed area is within Alberta. The time, the premier said, is nearer at hand than most people realize when an outlet for the Peace River district will be one of the outstanding questions of western Canada life. This will bring Alberta and the coast province closer together still.

Fashion Fancies

Something Natty for Travelling

A Smart Frock That Serves Two Purposes

Those women who often have to keep their evening engagements in office clothes have quite a problem. A frock that is suitable for business and at the same time attractive enough for that informal dinner date, is hard to find.

But here is an answer to the problem. Simply made, the frock illustrated above is one of soft green crepe. Chinese squares, embroidered in gold, give the needed relief.

PRODUCTION OF GRAPHITE

Canadian graphite is marketed as refined flake, the product of concentration of disseminated ore. No lump crystalline graphite (plumbago), is produced in Canada. The mines and mills are situated in the Perth, Bancroft and Calabogie districts in Ontario, and in the Buckingham, Guenette, and St. Remi districts in Quebec.

The largest deposit of diatomite in the Dominion at present known, is in the vicinity of Quesnel in central British Columbia, where material of pure grade occurs in beds 40 feet thick that extend over a large area.

POWER
 Builds Industries!

POWER DEVELOPMENT

1916	2,100,000
1926-7	10,000,000
Capital Invested in Manufacturing	
1916	100,000,000
1926-7	1,000,000,000

BRITISH Columbia's Power resources are the envy of the world. With Power, the riches of the world can be won; with Power, ores can be mined . . . smelted; transportation problems solved; manufacturing industries developed, and with them population . . . pay-rolls. Power is British Columbia's strongest bid for more industries . . . more people.

Of the millions of horsepower available in our province, but half a million are now harnessed to turn the wheels of industry. The great hydro-electric development at Bridge River will ultimately generate more than 600,000 horsepower, while the output at Bonington Falls and other points is being steadily increased. The Campbell and Chitko Rivers, on the mainland, and the Nimpkish on Vancouver Island, are capable of tremendous power development for the conversion of our forest and mineral resources into fabulous wealth.

Two of British Columbia's Electric Power systems are among the greatest in Canada, each generating more than 400,000,000 kilowatt hours in 1927. This represents an increase in the last ten years of 98% . . . truly a remarkable achievement!

Foreign authorities speak of this record as a measure of the great vitality of British Columbia.

Today we rank third in power and industrial development among Canadian provinces. We have made greater progress per capita than any!

It is the policy of British Columbia to foster the development of the hydro-electric powers for the benefit of the public. They are allotted to private enterprises on condition that they will be developed within a certain time, so that no exploitation of public assets may take place.

Millions of dollars are now earmarked for Power development in our province. Dams are being built, turbines installed, . . . transmission lines erected to care for the imminent industrial development.

Thousands of dollars are being expended weekly on materials and wages; thousands are feeling the immediate benefits of this enterprise.

Side by side with our power development, Industrial Expansion has kept pace. Today 47% of Canada's external trade is handled by British Columbia. During the past decade, our basic industries have increased 101.3%. Our total payroll, including all classes, is estimated at 219 million dollars. Today, our Lumbering, Mining and Fishing industries employ 72,517 people, paying them 175 million dollars in wages . . . distributing an average wage ranking among the highest in Canada.

These 175 millions in wages are a great contribution to our annual internal trade in the province. They have given our industrial workers a buying power ranking second in the Dominion and have largely been responsible for our ever increasing prosperity, as evidenced by the fact that the number of automobiles registered in the province last year was 76,187 as compared with 8,596 in 1916.

British Columbia's steady and varied industrial development has changed the conception in Eastern Canada and the United States of our province. No longer are we entirely dependent on the East for our manufactured products. British Columbia is increasingly furnishing her own needs. She now ranks third in the whole Dominion as a manufacturing province.

Our phenomenal Power and Industrial growth has focused the attention of the great industrialists and investors on our province. Today, British Columbia in the eyes of the world, stands for Power, Progress and Plenty. May our efforts of the next ten years stabilize and increase our Prosperity!

Read these announcements and understand your province's progress . . . clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

BRITISH COLUMBIA'S PROGRESS

Prince Rupert

Northern Pacific Terminus of the Canadian National Railways

Prince Rupert has three of the greatest things in the world

The Largest Fish Cold Storage Plant

The Largest Fresh Halibut Market

The Largest Undeveloped Hinterland

The City of Prince Rupert has a payroll of considerable importance, derived from:

- RAILWAY SHOPS
- RAILWAY OFFICES
- DRYDOCK AND SHIPYARDS
- GRAIN ELEVATOR
- PROVINCIAL GOVERNMENT OFFICES
- COLD STORAGE
- FISH PACKING HOUSES
- FISH MARKET
- OILERY AND FISH REDUCTION PLANT
- SALMON AND HALIBUT FISHERMEN
- SALMON CANNERIES
- LUMBER MILLS
- MINING
- TRAPPING AND FURS

The grain export business of Prince Rupert is steadily developing. Last year about eight million bushels of grain was shipped through the terminal elevator and this year promises to greatly exceed that mark.

The City owns its Power, Light, Water Supply and Telephones.

The schools are excellent.

Roads are paved and concrete sidewalks are being laid.

PRINCE RUPERT IS ONE OF THE COMING COMMERCIAL CENTRES OF THE PACIFIC COAST, THE PROBABLE OUTLET OF THE GREAT PEACE RIVER COUNTRY, AND SURROUNDED BY A RAPIDLY DEVELOPING TERRITORY

Prince Rupert is the logical site of a customs smelter which would serve the mines of Portland Canal, the Bulkley and Skeena Valleys and coast points.

CANADIAN DOCTORS VISIT SCOTTISH HOSPITAL
The photograph shows a few of the Canadian doctors who visited Glasgow to study hospital conditions and tuberculosis treatment at the Ruchill Hospital, Glasgow. Dr. T. H. Elliott (centre of picture without hat) President of the Canadian Doctors' Union, is talking to a patient.

NEWS OF NORTHERN B.C.

PRINCE GEORGE

Ald. Moffatt made another trip to Edmonton last week for medical treatment. He was accompanied by Dr. Carl Ewart.

Larry Canty, who is associated with the Ingenika Mines Ltd. and the Finlay Land & Development Co., was a business visitor in town last week.

All fixtures required in connection with the street lighting installation in Prince George have arrived and Mayor Patterson states that the work of installation should be completed within the next two weeks when the continuous power service will be available.

The Women's Auxiliary to the Prince George Hospital is making an appeal for donations of old linen and old blankets for hospital purposes.

SMITHERS

Miss Lillian Hall has leased the office formerly occupied by Dr. C. H. Hankinson and will open a tea room therein.

Negotiations are now pending whereby one of the old established general stores in Smithers will have a change in ownership.

Mrs. W. J. O'Neill and son, Billy, have returned to Smithers from Vancouver where Mrs. McNeill's mother recently passed away.

In spite of snow, rain and other adverse weather conditions, the roads throughout the district are holding up well and auto traffic is still general at a time when the majority of the highways are usually closed for the winter.

Olof Hanson was a business visitor in town last week from Prince Rupert. He has been receiving general congratulations in his election as the Liberal federal candidate.

TERRACE

Mrs. T. J. Marsh was at home to the ladies of the community on Friday afternoon and was assisted in receiving by Mr. Marsh's sisters Mrs. Bredin of Grande Prairie Alta. and Miss Harsh of Lindsay Ont. Autumn foliage and berries were used to good effect in decorating. The tea table was presided over by Mrs. A. W. Robinson, while Mrs. Gilbert poured coffee. Assisting in serving were Miss Deacon, Miss Kerr, Mrs. Dover and Mrs. Brummitt. Between forty and fifty ladies called during the afternoon.

Jas Nelson returned during the past week from Vancouver where he attended the provincial Conservative Association convention.

J. W. Graham spent a few days in Prince Rupert this past week.

T. E. Brooks left again for Prince Rupert on Thursday and returned on Saturday, accompanied by Mrs. Brooks.

Chas Lindstrom and children of Remo were in town Saturday.

The Terrace School Board have granted permission to Miss French A. L. C. M. to use one of the rooms of the public school after school hours for the purpose of organizing a rhythmic orchestra.

The village commissioners have posted notice of a public meeting for Friday evening, Nov. 30 to consider the question of providing a more adequate supply of water for the town of Terrace.

J. A. Millichamp of Vancouver was here during the week on one of his periodical visits.

Two good exhibition games of basketball were played here on Friday night, the men's game being conceded the best ever played in Terrace. The team of Natives won from the townsmen by a score of 33-28 and the high school team sent the town ladies' team down to defeat the score being 21-7. In the men's game A. Holmwood succeeded in making 17 of the 28 baskets, while Miss Monn Greig drove home 18 out of the 21 made by the girls. There was a good attendance of spectators.

TO BECOME PYRENEES MONTE CARLO

This exclusive photo shows the quaint, fourteenth century town of San Julian de Loria, one of the many beauty spots in the tiny republic of Andorra, now about to become a Pyrenees Monte Carlo. The little principality, lying high in the mountains between France and Spain, has been acquired by a syndicate of gamblers for \$4,500,000. The total population is about 5,000 of the swarthiest, boniest and most taciturn people in Europe.

GOVERNOR-GENERAL STARTS POWER OF LARGEST DEVELOPMENT IN MARATIMES

His Excellency the Governor-General of Canada, on the left, with Hon. Dr. J. M. Baxter, Premier of New Brunswick, inspecting the hydro electric power development at Grand Falls on the Saint John River, New Brunswick, just after Lord Willingdon turned on the power of the biggest hydro plant in the Maritime Provinces. The construction of this plant has just been completed with an initial installation of 60,000 h.p. by the Saint John River Power Company.

News of the Mines

AROUND PRINCE RUPERT
Great Predictions Made For Owen Lake Country;
United Empire Had Successful Season; to
Continue Work On Big Mike

A mining boom is taking place in the central interior of the province and one of the most promising fields is the Owen Lake area. It is predicted by mining men that over 2000 people will be in that country in less than a year. All local residents are excitedly staking in on the rush. Leading in the present development is Frank H. Taylor, the original discoverer of Topley, who is rushing supplies and machinery into properties which he has taken up. The new road which is being built by the provincial department of public works in from Houston is being pushed apace and will be ready for winter travel. Great development at Owen Lake is promised and the whole district is taking notice.

After a very successful season work has been suspended on the United Empire property at Stewart for the winter. F. R. Jancowski, vice-president of the company, has been in charge more recently in place of William Dann, who was in the south. The upper tunnel, which is being driven on the vein, is now in 140 feet and has six feet of what looks like good milling ore. The upper lead has been exposed on the surface by open cuts for a distance of 600 feet, showing some strong shoots of good shipping ore. The lower tunnel, which is a cross-cut, was advanced 30 feet this season and is now in 230 feet. It is estimated that the vein is not more than 20 feet distant. Eleven claims of the United Empire were surveyed this summer and will be crown granted during the winter.

Development work will be carried out all winter on the Big Lake property, eight miles down the canal from Stewart, which is owned by Mike Milos, John A. MacDonald and Harry Wilkinson and which is being financed by Davidson & Co., of Vancouver. A bunkhouse is now being built and when this is completed the crew will be increased. A contract will be let on the south series which is known to consist of three veins, separated by not more than 20 feet and running parallel. Meantime, before going underground, surface work is being carried on, tracing out new veins discovered this summer. It is the intention to tunnel and cross-cut between the veins. Already a 10-ton shipment has been made from the discovery vein on the property.

Under the presidency of Clay Porter, the Mayou Gold Copper Co., Ltd., controlling over 24 claims in the Portland Canal district, has been carrying on work during the past season. William Tompkins, managing director, has been supervising the work and the property has been favorably reported upon by R. M. Jackson, engineer of the B. C. Silver staff. There are two distinct mineral zones on the property, one of gold copper and the other silver lead. The silver lead will be drifted up in order to establish backs and the gold copper will be proved by a diamond drilling campaign. Some spectacular assays have come from the property, but the averages run between \$50 and \$60 to the ton. This has been ascertained by open cuts over the whole length of the veins. Work will be

continued throughout the winter and high-grade ore will be shipped. Some assays of the high-grade ore gave returns of 400 to 500 ounces silver and from 50 to 100 per cent lead.

The copper production and market constitute the brightest spot in the British Columbia mining industry at this time, writes E. A. Haggen. Granby, as a company, makes the largest copper production for one organization in the British Empire between Hidden Creek and Copper Mountain. The Western Copper mine at Klutze Inlet made a small shipment of 160 tons running 21 per cent copper. Gold, both from placer and lode sources, is likely to show an increase over last year. Atlin and Cariboo, which are principal producers, had a favorable season. Premier continues to be the principal source of lode gold and will contribute about 120,000 ounces to the year's output. Granby will account for between 9000 and 10,000 ounces. The silver production will be the highest in the history of the province. Next to Consolidated, Premier is the largest producer of silver with around 3,000,000 ounces. Other mines contributing to the silver output include the Duthie at Smithers.

Fashion Fancies

Winter Coats Are Elaborately Fur Trimmed

Winter coats for dress wear tend to be more elaborate both in cut and material than they have been for many a season.

Many of the smarter coats are cut on princess lines, as is the one in the illustration. It is a soft Kashmir-finished wool fabric and its deep cuffs, its collar, and the flare at the side are of contrasting karakul.

PRINCE AND PUNSTRESS

A news item states that the Prince of Wales, on his present tour, received a great reception in Uganda. E. L. thinks that possibly one of the Prince's entertainers there may have been the punning lady of the more or less well-known limerick:

There was an old girl of Uganda,
Renowned for her coolness and candor,

When, during abuse
Her spouse yelled, "You goose!"
She promptly retorted, "Uganda!"
—Boston Transcript.

HUDSON SUPER 6

A thrilling NEW DISCOVERY in performance - and in value

"It made a Hudson owner of me."

"It changed my whole idea of motor values."

"It showed me that high price is not necessary to own a great car."

Thousands of riders talking like this. A great Hudson program of personal demonstration brought these values home with the impact of a new discovery.

We have never heard such praise of a car. People comparing it to cars costing two or three times as much. Saying it is the easiest riding car they ever drove—saying it is smoother—saying it outperforms all cars of their experience.

In this special month of personal demonstration thousands

have ridden in the advanced Hudson Super-Six.

Even those who owned and admired Hudson Super-Sixes of previous issue, have no conception of the superlative quality expressed both mechanically and in body beauty of the great Hudsons of today.

The extraordinary speed of Hudson getaway is but a single expression of the brilliant activity of the New Hudson Super-Six, which is carried on to every phase of performance. And with it a gasoline efficiency that alters all previous standards.

A single ride will explain why this has been the most enthusiastically accepted Hudson ever built.

REV. W. B. JENNINGS ORDAINED SUNDAY

Bishop Rix Assisted at Ceremony in Cathedral Yesterday by Canon Rushbrook and Rev. J. B. Gibson

Rev. W. B. Jennings, who arrived here during the past summer from Toronto to take charge of missionary work conducted from the launch Northern Cross, was ordained at morning service in St. Andrew's Anglican Cathedral yesterday by Bishop G. A. Rix, who was assisted by Canon W. F. Rushbrook and Rev. J. B. Gibson. Mr. Jennings preached an effective service at evening service in the cathedral.

Ten Years Ago in Prince Rupert

November 26, 1918 The fisheries patrol steamer Malaspino, representing the government, will have the place of honor in the marine parade which will be held here tomorrow as a peace demonstration. In the evening there will be a patriotic program at the Exhibition Hall. There will also be a street parade, torchlight procession and bonfire.

Much damage was done by a severe gale which visited the city last evening. Windows were blown in, all street lights were out of commission, sidewalks were blown away and the waterfront also suffered.

A committee consisting of W. H. Montgomery, Charles Edwards and Bob Hanna met the city council last night and discussed the use to which new floats being built here by the provincial government will be put. Mayor McLymont and Ald. Casey were appointed a committee of the council to go further into the matter with the fishermen.

BUSH LEAGUER AT WESTHOLME

Baseball Picture is Very Funny and Wonderfully Human and Wholesome

Here is an uproarious version of the old story of the ugly duckling who became the swan. It was the style in the little Idaho village which was "Specs" White's home, to razz the lad, to speak lightly of the gas pump which he had invented and on which he meant to make a fortune one day. But Specs played ball with the bush league team, on the sand lot next his gas station, and played so well that a scout for a Los Angeles team urged him to come on to that famous city for a try-out.

Specs may not have listened to the stranger but for the fact that a certain pretty young lady, having stopped at the station to get her gasoline replenished, had smiled at him, and whirled away, losing her license tag. Specs had found it, read its inscription, "Los Angeles, etc.," and determined to set out on quest of the lady whereupon the chance offered.

Here was the opportunity. To Los Angeles he went, and, unmercifully ridiculed by Skeet McKinnon the catcher, and others, he lost all the knack he had displayed on the home town lot. It was here that the pretty lady again bobbed up, smiled at Specs, revived his fainting courage, spurred him on to win the game and to foil the attempt of her manager (for he it known, the fair one owned the team on which Specs played) in his attempt at dirty work.

"The Bush Leaguer" is a wholesome, amusing and wonderfully human piece. Monte Blue, who has endeared himself to so many millions; as every sort of red-blooded hero, outdoes even himself, in this new role.

COMEDY, THRILLS AND SUSPENSE IN PICTURE

"Desert Valley" Filmed Amid Scenes of Rare Beauty at Westholme Tonight

Amid scenes of rare beauty among the fantastic formations of the canyons of the Mojave, Fox Films feature "Desert Valley," starring Buck Jones, is showing as part of the big double program at the Westholme tonight.

Comedy, thrills and suspense abound in this fine picture whose story deals with the feud of cattlemen over water rights.

Buck plays the part of an irrepresible cowboy, who has a knack for getting into trouble over other people's troubles. Virginia Brown Faire is the girl in the case and Malcolm Waite the ruthless owner of the water rights.

Hard riding, spectacular fighting and comedy of a rare order make this one of the best westerns seen locally in some time. This is a clean wholesome picture which the entire family will enjoy.

\$18,000.00 in PRIZES

GEORGE AYLETT AT THE CAPITOL ALL THIS WEEK

The management of the Capitol Theatre has been most fortunate in procuring for a limited engagement of one week beginning with tonight's show, George Aylett, better known over the Capitol circuit as "The Hawaiian Wizard." Mr. Aylett, who is a finished artist on the banjo, uke, and guitar, has been a regular "wow" wherever he has appeared and a most successful week's engagement is predicted for this talented musician.

FIRE DESTROYS STATION HOUSE

Structure at Salvas, Sixty Miles Up the Line, Burned Down Yesterday Afternoon

Head offices of the railway here were advised this morning that the station building at Salvas, 60 miles up the line, was destroyed by fire yesterday afternoon. It was occupied by the section foreman and his crew, no operator being installed there. The building was of the ordinary type of small station structure such as are located at most sidings along the line.

BLONDE VAMP IN PICTURE DRAMA

Colorful Photoplay to Be Seen at the Capitol Theatre

The Capitol Theatre will present "The Foreign Legion," Universal's dramatic screen adaptation of "The Red Mirage," I. A. R. Wylie's sensational novel, as its feature picture beginning tonight. This should be good news for local motion picture enthusiasts as the picture is heralded as one of the finest ever produced.

The story concerns a British society man and Army officer who becomes infatuated with an unscrupulous woman a blonde of indescribable beauty. Her kisses spell disaster. His fate is to be cashiered from the army and to drop out of sight. He turns up in the French Foreign Legion, as a private under the command of his own father, who had similarly dropped out of sight before him. The dangerous blonde turns up in Algiers. With her is the hero's real sweetheart, her sister. How father and son, their identities unknown to one another, lock horns over the adventures, the unusual military results that ensue and the final working out of the romance, makes one of the most gripping life-dramas ever screened. Stone plays the father, Kerry the son. Mary Nolan is the adventuress and Miss Marlowe the younger girl.

THROUGH SLEEPERS TO THE SHIP'S SIDE

The Canadian National Railways have made arrangements to operate special trains and through sleeping cars from the Pacific Coast to the ship's side at Montreal and Halifax in connection with sailings for the Old Country during November and December. ADVANCE! PRINCE RUPERT

There are a great many improvements that might be made to Prince Rupert and district in order to make this part of the country more prosperous. Some of them may be easy of attainment and others difficult. Here are the suggestions:

- Trans-Pacific steamship service.
- A large hydro-electric power development.
- Erection of smelter in vicinity.
- Establishment of a paper mill.
- Establishment of a shingle mill here.
- Establishment of connection with and development of interior coal fields.
- Securing direct connection with Peace River.
- Joint operation of railway to port by C. P. R.
- Establishment of local steamship service to nearby points, making Prince Rupert home port.
- Building new post office at Prince Rupert.
- Improved docking facilities for fishermen.
- Tourist road to top of mountain.
- Completion of highway to Terrace.
