LADY FLIES ACROSS ATLANTIC OCEAN CHARRED BODY FOUND AFTER FIRE AT HAZELTON SUNDAY

Hon. S. F. Tolmie Sets Forth the Policy of the Conservatives in B.C.

VANCOUVER, June 18.—While there is nothing new in the platform issued by Hon. S. F. Tolmie, it having followed very largely the policy being followed by the present provincial government of recent years, it makes clear that the Conservative party is in accord with the plan to complete the P.G.E. to Prince George, after which it would look for federal or some other outside interests to carry on the work into the Peace River. It urges development of the resources of British Columbia, stable taxation, low income and succession duties, encouragement to agriculture, vigorous settlement and immigration policy, encouragement of manufactures, labor legislation amendments, building of roads and trails, conservation of game, careful administration of the forests, encouragement of tourists, survey of forests and water powers, conservation of resources, changes in mining taxation to make it conform with other provinces, inducements to capital, a publicity campaign, development of interprovincial trade, a survey of assets, Oriental exclusion and elimination of politics from the provincial police.

POLLING PLACES ARE ANNOUNCED

ELECTION MACHINERY NOW GETTING UNDER WAY; THIRTY-TWO PLACES TO VOTE IN RIDING

Election machinery is now in motion in this riding in preparation for the general provincial contest which will be held on July 18. Proclamations posted by the returning officer show there will be thirty-two places of poll in Prince Rupert constituency on this occasion. Nominations will be received at noon on June 27 and the ballots will then be printed and rushed to the various points where polls will be held. Appointment of deputy returning officers at the various polls will soon be made.

Following will be the polling places in this district: Alford Bay, Banks Island, Baxter's Pole Camp, Buckley Bay, Cumshewa Inlet, Flewin's Flat, Georgetown, Haysport, Hippo Island, Inverness, Jap Inlet, Jedway, Lawn Hill, Lockport, Massett, North Island, Oceanic, Oona River, Osland, Port Clements, Port Edward, Port Simpson, Prince Rupert, Queen Charlotte City, Refuge Bay, Sandspit, Skidegate, Sunnyside, Thurston Harbor, Tiell, Tow Hill and Watun River.

ELEPHANTS ON WILD STAMPEDE

GALLOPING HERD DASH AWAY FROM CIRCUS AND LEADERS HIDE IN WOOD BUT RECAPTURED

PORT CHESTER, June 18.—Two bull elephants which led the stampede from the circus in the Canadian Northwest two years ago, led the pack of their fellows on a wild race Saturday to the hills and woods of West Chester and Billmore estates.

Cowboys and mahouts dashed after the galloping herd and corralled all but the leaders who took refuge in the thick wood. A gentle cow elephant was planted at the edge of woods as a decoy and the leaders were thus recaptured.

BODY OF CROMPTON FOUND DEEP COVE

VANCOUVER, June 18.—The body of John Crompton, who had been missing from his home in Burnaby since October last, was found yesterday in the bushes at Deep Cove. Pending an inquest the cause of death is not known.

BANDIT HELD UP AT MONTREAL THEATRE

MONTREAL, June 18.—A lone bandit held up the cashier and doorman at Loew's Theatre Sunday night and escaped with the night receipts totalling \$2,240.

REGIMENT LINE-UP

The Regiment line-up for the Dominion Day Cup football play-off tomorrow evening with the Thistles will be as follows: J. S. Wilson, captain, Corbett, Ross, Tinker, J. Nelson, B. V. George, Russell, Baple, F. Hodgkinson and T. Kelsey.

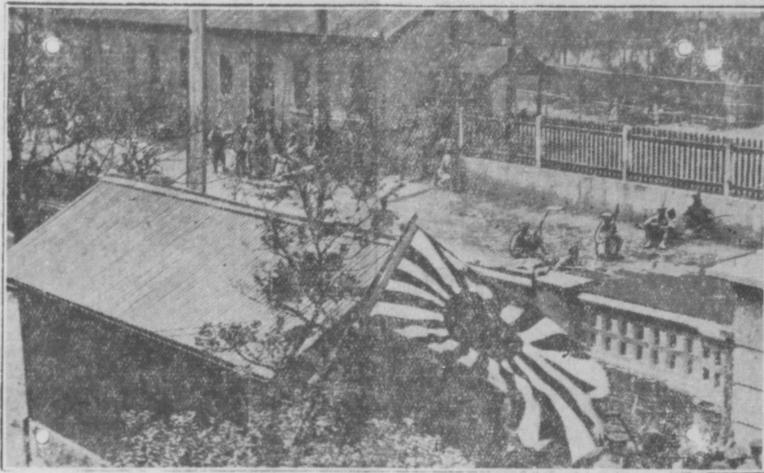

P.G.E. POLICY "The policy of the Conservative party, as laid down in 1912, has always been to complete the P.G.E. from Vancouver to Prince George. Under a Conservative administration this would have been done long ago. "A consideration now arises because of the proposed return of the Peace River lands, resulting from the report of the Martin commission pressed for by the Conservative members in the Dominion House. "The province also has another claim arising out of the original agreements made in 1912, between the Grand Trunk Pacific Railway and Foley, Welch & Stewart and between the province and Foley, Welch & Stewart, whereby the Grand Trunk agreed that all passenger, freight, express and mail traffic originating in the line of the Grand Trunk Pacific Railway or branch lines as destined to Vancouver shall be routed over the Pacific Great Eastern Railway. "At the time the Canadian National Railways acquired the Grand Trunk Pacific the Liberal Government in British Columbia did not insist upon the rights of the province being properly protected but there is a moral obligation on the part of the Canadian National Railways to live up to this original agreement. "Should the Government of British Columbia fail in having the Canadian National Railways or some other company take over the P.G.E. the Conservative party will immediately have a respecting survey made of all conditions throughout the Pacific Great Eastern as to equipment lands adjacent thereto, natural resources and cost of completion, and will immediately consult with the directors of the road, with a view to carrying out the original policy of the Conservative party as laid down by the late Sir Richard McBride in 1912. "The extension of the road from Prince George into the Peace River country is a national undertaking, which, in view of our present provincial debt, is too great for the province to carry out at the moment; but realizing the great importance of the development of the Peace River district by means of the Pacific Coast railway outlet, the Conservative party will cooperate with the Government of Canada or any corporation in any reasonable way, in providing a coast outlet and indeed will initiate such a policy and use every effort to have this brought about at the earliest possible date.

SQUAW CREEK GOLD STRIKE

BY JIM AND PADDY DUNCAN STARTED STAMPEDE AND MANY GOING IN THERE

Passengers on board the Canadian National Steamship Prince George, which docked here this morning from Alaska, brought with them news of a gold strike in the Yukon which some of the old sourdoughs think may be a second Klondike. To see the famous old Trail of '96 was a thrill for the tourists from California and the east, but this was easily outdone by the excitement of being close to a new "stampedee." Squaw Creek, where the find was made by two Indians, Big Jim and Paddy Duncan, is a little distance out from Whitehorse and the travelers did not have time to go out to the camp, but they could feel the excitement in the air and they could gaze at a thousand dollars worth of gold nuggets in a shop window. More than forty men have gone from Whitehorse to stake claims and every day sees new parties on the way to the Creek. The Prince George, which inaugurated the Alaska summer service of the Canadian National steamships had a highly successful voyage. One party of Californians went on to Dawson, other passengers made the shorter trips to Whitehorse, Bennett, Taku Arm and Atlin. Some are going to Jasper National Park, to ride the trails and play golf after the stimulation of the sea voyage. One of the brightest spots of the trip was the splendid view of Taku Glacier. The steamer had never come closer to the ice, according to Captain Sedden. They only regret the excited passengers had was that their cameras would not record the spectacular green of the glittering pinnacles. Curio shops at Ketchikan, Wrangell, Juneau and Skagway and the museums and other show places did an exceptional business. It would be difficult to estimate the bulk of the cargo of totem poles, Indian moccasins, jewelry and ivory trinkets that the Prince George is carrying on her return voyage to Vancouver.

"The extension of the road from Prince George into the Peace River country is a national undertaking, which, in view of our present provincial debt, is too great for the province to carry out at the moment; but realizing the great importance of the development of the Peace River district by means of the Pacific Coast railway outlet, the Conservative party will cooperate with the Government of Canada or any corporation in any reasonable way, in providing a coast outlet and indeed will initiate such a policy and use every effort to have this brought about at the earliest possible date.

MAN WAS KILLED AND DRIVER IS CHARGED WITH MANSLAUGHTER

BURRYPORT, Wales, June 18.—The monoplane Friendship with Amelia Earhart and two companions settled down unexpectedly in the Burry estuary, Wales, shortly after noon today, completing the first transatlantic flight by a woman. The flight time was 20 hours 49 minutes. Bad weather and mist prevailed the greater part of the journey. Pilot Wilmer Stultz said. He had intended landing in England but the lack of fuel made it necessary to land here. and after dumping three containers of gasoline. Wilmer Stultz was pilot with Miss Amelia Earhart as auxiliary pilot. Lcu Gordon was mechanic. Late yesterday afternoon the plane was reported 700 miles on its journey.

Lower Prices to be Paid This Season for Sockeye Salmon to Fishermen and Change Made in Regard to Hiring Gear

NEW WESTMINSTER, June 18.—Fishermen of District Two, comprising all northern waters in British Columbia have agreed to accept 50c a fish instead of 52½c paid last year for sockeye salmon, the season for which opens Thursday. The men demanded 60c but after hearing the explanations of the canners regarding heavy losses last year due to the light run of fish, they agreed to the cut. The regulations regarding the hiring of equipment are changed so that fishermen are now held responsible for hiring or purchasing of equipment. The canners formerly provided the equipment. The prices set affect three thousand fishermen on the Sheena River, at Rivers Inlet, Smith's Inlet and the Naas River.

MEXICO HAD EARTHQUAKE

All Southern and Central Part of Country is Affected MEXICO CITY, June 18.—All southern and central Mexico was shaken by earthquakes which lasted all Saturday night. The shocks continued Sunday in the state of Oaxaca. Property damage was widespread. In many towns there was a general panic. People rushed from their homes into the streets and plazas, falling upon their knees in prayer. Casualties are reported in many cities but the numbers are not given.

WREATH ON HARDING MEMORIAL YESTERDAY

VANCOUVER, June 18.—Delegates from Canada and the United States en route to the annual convention of Kiwanis International at Seattle yesterday morning laid a wreath on the Harding International Good Will Memorial in Stanley Park, here. The memorial was unveiled three years ago by the Kiwanis in memory of the visit just previous to his death of President Warren Harding of the United States. The first president of that country to come to Canada while holding office.

Man Lost His Life When Two Houses Destroyed by Fire at Village of Hazelton Yesterday

Victim Supposed to be Bachelor Named Fred McLean, Resident of the Place but Burned Beyond Recognition

HAZELTON, June 18.—A fire which broke out in the kitchen of A. E. Falconer's residence at Hazelton at 1:30 Sunday morning completely destroyed the same and also the residence of William Holland on the adjacent lot and one unknown person was a victim.

A water bucket brigade, assisted by forestry pumps, unable to do anything to put the fire out, concentrated its efforts on saving the Dominion Government Telegraph office buildings, standing not more than fifteen feet from the Holland house and the Omineca Hotel and Shagen's general store. At 4:30 the fire had practically burned itself out and the fight was over.

It was nine o'clock yesterday morning before some human remains beyond recognition were discovered in the debris. It is supposed to be that of Fred McLean, a bachelor and resident of Hazelton. Coroner Haskins and Sergeant Service of the Provincial police are making investigations.

Hazelton's local telephone system will be out of order for two or three days as the result of the burning of one hundred feet of telephone cable.

Both of the buildings destroyed were owned by William Holland, native, and it is believed he carried no insurance.

AROUND PRINCE RUPERT  
Federal to Take Further New Hazelton Properties—Much Interest in Hudson Bay Mountain—D. W. Mines Working Again

That the Federal Mining & Smelting Co., a subsidiary of the American Smelting & Refining Co., may obtain further properties in the New Hazelton district in addition to the Mohawk mine which it is now operating is suggested. Surface stripping and tunnelling on the Mohawk have proven the ore veins to be wider and of possibly higher value than had at first been anticipated and the management is reported to be highly pleased with results that have been obtained. During the past couple of weeks Thomas B. Lewis, engineer in charge of the Mohawk for the Federal Mining & Smelting Co., has been inspecting the nearby Comet and American Boy properties and has stated that plans are now being prepared with a view to taking over these claims as well and incorporating them under one management with the Mohawk. A mill located on Two Mile Creek, it is suggested by Mr. Lewis, would take care of the ore from these three properties as well as from the Silver Standard and other adjacent mines. Mr. Berge, another official of the American Smelting & Refining Co., is expected in New Hazelton soon to consult with Mr. Lewis in regard to these plans. It would be the largest undertaking yet considered for the development of mines in the New Hazelton district.

Rich samples of silver-lead ore brought down to Smithers by Jack Ashman from the Silver Star group of claims on Hudson Bay Mountain have added to the keen interest that is now being displayed in the territory adjacent to the Duthie mine. Mr. Ashman's specimens were from three different leads on the Silver Star which is located between the Duthie and Coronado properties. Heavy cubes on the Silver Star indicate heavy lead content while the finer grain in ore from the Pay Roll claim promises high silver values. The property is owned by Jabe Ashman, Jack Ashman and R. J. McDonnell and was staked in 1905. Very little work has been done on the property but early assays have given values of \$75 in silver alone. Further exploratory work is planned for this season by the owners.

Operations have been resumed by the D. W. Mines Ltd. on the Seven Sisters property up the mountains from Cedarvale. Samples recently brought down from the mine by Ex-Governor D. W. Davis, head of the company, indicate high values in silver and lead. While work at the present time consists largely of development, Governor Davis is reported to be so well pleased with the prospects as a result of the past two years' investigations that he plans ambitious measures to bring the property in the heavy production class in the not far distant future.

Complete equipment for the power development of the Victory mine on Hudson Bay Mountain has just been delivered at the property and drills are now in operation in the tunnel. Optimistic reports have been received from the mine and hopes are held that the big ore body already showing in No. 1 tunnel will soon be encountered in No.

## CHAPLIN COMES IN THE CIRCUS

THREE DAYS OF COMEDY FROM GREATEST LAUGH PRODUCER OF ALL TIME

This week there will be three days of Charlie Chaplin at the Westholme, the first three days. And Chaplin is his old self again. It is screaming farce but just at the end is a touch of pathos. Charlie is out of work. He happens into the vicinity of a circus. His freedom is menaced when he unknowingly becomes the accomplice of a pickpocket. His fleetness and ingenuity carry him

to a place of safety. He runs into a job in the circus as a handy man. His awkwardness causes him to lose his job. When the workmen about the circus call a strike, Charlie is again hired. He falls in love with the circus owner's daughter.

A new performer in the person of a handsome young man joins the company. The girl falls in love with him, not knowing of Charlie's deep affection for her. Charlie's ability to do almost anything under the big top results in his being pressed into service when the wire walker fails to appear for a performance. He is the hit of the show although he does not know it. The girl makes this fact known to him and his demand for big wages is gratified. He protects the girl from the abuse of her father and in so doing is discharged from the company. Later Charlie returns to the circus and things do not turn out quite as expected.

### "PIONEER SCOUT" IS STORY OF EARLY WEST

Briefly, the story concerns the days when the pioneers ventured across the desert wastes during the hectic gold rush days or during the time when the West was first settled. Of course they were beset by all sorts of hazards. Fred Thomson is a pioneer scout, whose business it is to lead these sterling characters across the desert. It is during one of these trips, that he met Mary Baxter, daughter of a settler, and immediately fell in love with her. But, of course, there is the villain! And it's Tam Wilson, who prays "Handy Anderson" who boasts a "hooked" hand. Thrilling events follow, one of which is a race between covered wagons over the flat desert, with smash ups and everything. Silver King, Thomson's white horse, also should come in for a share of praise.

### COMICAL ROMANCE OF THE GOLF LINKS

"Spring Fever" is a comical romance laid on the golf links. Heines plays a young shipping clerk whose golf skill attracts the attention of his boss, who himself is somewhat of a "bug." Joan Crawford is the heroine—she likes golf and golf experts, and Haines and Edward Earle become rivals for her hand. Bert Woodruff is William's father—who doesn't approve of golf. Lee Moran is his comical raddy, and George McKArthur a golf nut with an eccentric turn that is hilarious. The story is crammed with hilarious complications for Haines, and Edward Sedgwick, who directed it, created a really remarkable successor for "Slide Kelly, Slide." The comical "duel" on the golf links, Haines' peregrinations with Lee Moran, all work up into gales of laughter. There is a pretty romance in it, also, with Haines torn between two charmers—Eileen Percy is the other—and altogether there is a perfect ensemble.

### Ten Years Ago in Prince Rupert

W. P. Hinton, vice-president and general manager of the Grand Trunk Pacific Railway, confirms the report that steel ships are to be built at the Prince Rupert dry dock. He announces that negotiations are practically completed for the construction of at least eight 8,500 ton freight vessels at the local plant. Hon. T. D. Pattullo, minister of lands, has taken an active part in the making of arrangements for the using of the dock.

The following halibut boats are in today with catches: Onah, 9,000; Cors, 5,000; Haysport II, 12,000; Helena, 8,000; and Norland 25,000.

The children's choir under the leadership of W. Vaughan Davies sang at all services in the Baptist Church Sunday. Rev. Dr. H. R. Grant of the Presbyterian Church spoke in the afternoon.

## Man in the Moon

There may be such a thing as original sin but I'd like to know where you'd find it. Most of the sin we see around here is the common everyday garden variety.

You can't save money by stopping smoking and taking up eating chocolate.

There do not seem to have been many trout stories this year. What has happened to the prevaricators?

I'd go into this political campaign myself only it makes me sick to think of the kind of people I'd have to shake hands with.

Motorists are not the only persons who run people down. Think of the active members of the afternoon tea circles and sewing groups.

In the interior the mosquito is said to be doing a humming business just now.

Crabs sidestep. Oh well, there are others who do the same.

We have heard of razors that pulled out the hair with the roots so what we want now is a lawn mower that will pull out the dandelions.

You would imagine the banks owned the money they handle, judging by the care they take with it.

### SMITHERS

Premier J. D. MacLean was given a rousing reception here last Friday evening when he addressed an overflowing meeting in the Town Hall. The Premier, with Attorney General A. M. Manson, attended the annual picnic of the Topley Farmers' Institute on Saturday afternoon.

R. J. McDonnell of Stewart has been visiting here on business in connection with a deal for one of his mining properties in the district.

Two Indians were fined \$10 each before Indian Agent Ed Hyde at Hazelton last week for being intoxicated. Following an automobile accident near Moricetown, the natives were taken into custody by Sergeant W. J. Service a week ago Sunday.

The well drilling machinery provided by the provincial government for the benefit of farmers in this district has arrived in Smithers and is now in operation. The machine can drill to a depth of six hundred feet.

Rev. Father D. J. Moriarty drew large crowds at his mission here last week on behalf of the Roman Catholic Church. He addressed a large public meeting last Thursday night.

Under the supervision of C. T. Hearn of the Lakelse Lake hatchery, 100,000 Kamloops trout eggs were planted last week in Lake Kathlyn. This is the fourth consecutive year these eggs have been planted in the lake.

The provincial department of public works is making a good job of the new road which will serve properties at Topley. Four of the eight miles have now been completed and along this section three cars can run abreast at fifty miles per hour.

A long walk up Railway Avenue East has been completed by the village council and is proving of great service to the residents of that section.

Machinery for the brick yard being established by Axel Anderson at the back of town on the Lake Kathlyn road has now arrived and is being installed. With construction of drying racks and other preliminary work completed, it is expected that an early start will be made on the manufacture of bricks.

The provincial mines department has made an appropriation of \$1500 toward the construction of a road from Victory mine to the Duthie mine road. Work is left in charge of the mine operators and Sheldon Robinson will be foreman.

Several big forest fires have been burning during the past week north of the Bulkley River and all available men in the district have been called into action to aid in their fighting. Up Driftwood Creek a big fire was destroying valuable timber and efforts were being concentrated on extinguishing it.

The summer home of Mr. and Mrs. C. L. Dimock at Lake Kathlyn is rapidly taking shape and will be ready for occupancy within the next week or so. A number of other summer homes are projected for Lake Kathlyn and real estate dealers report a brisk demand for lots.

Dr. and Mrs. R. C. Bamford have now taken up residence in the house formerly occupied by Mr. and Mrs. Stanley Bennett.

### NEW HAZELTON

The Skeena River last week had reached last year's high water mark and was still rising. Very warm weather of late has been rapidly melting the snow on the mountains and all the streams in the Skeena and Bulkley Valley basins are swollen over their normal banks.

Mrs. C. W. Dawson was hostess at a handkerchief shower last week in honor of Mrs. J. H. Young who is shortly

The simplest answer to automobile satisfaction is just this:

- to know the overpowering conviction of greatest value held by Essex owners.
- to see Essex beauty.
- to examine Essex quality.
- to experience Essex comfort.
- to ride and know Essex performance.

The Essex Super-Six high-compression motor is patented and exclusive, and is so far as we know the most powerful of its size in the world.

The four-wheel brakes used on Essex are the same type used on costly cars and assure the maximum brake safety as well as the softness of control that you associate only with high priced cars.

In the way women by thousands are turning to Essex is a story of the great and dynamic "man's Super-Six" made beautiful for women.

CROP REPORT IS EXCELLENT

WHEAT EIGHT TO TWELVE INCHES HIGH ON PRAIRIES AND PLENTY OF MOISTURE

WINNIPEG, June 18.—The crop outlook in western Canada continues to remain highly promising, according to the seventh weekly report of the Canadian National Railways issued today. With the exception of a corner in the southern part of central Saskatchewan—Radville to Willow Bunch, all sections of the prairies report beneficial rains during the week and excellent reserves of moisture in the ground. There has been some slight damage from wire and cut worms reported in the vicinity of Lashburn, Alberta, but otherwise there has been no damage from any cause and the highest optimism prevails, conditions generally are similar to those existing in 1923, when one of the largest crops in history was produced.

Wheat is standing out well throughout the west and in a number of places it is reported to be in short blade. Stands are now about eight inches high in Saskatchewan, ten inches in Alberta and twelve inches high in Manitoba. Fall rye is heading out, pastures are green and condition generally are entirely satisfactory. With showers more or less general for the past ten days, clear, warm weather can now be experienced with benefit to the crops though, with the possible exception of the Minaki and Portage sub-divisions in Manitoba. Further rains will not work an injury. A feature of the crop reports to date has been the almost entire absence of damage from cut worms and weeds. Only one point has any reference to make trouble from weeds and that is the district from Maryfield to Carlisle, Saskatchewan, where wild oats are causing some trouble.

THE MANAGEMENT OF THE NOBBY

Takes this opportunity to thank the ladies of Prince Rupert for the very encouraging manner in which they visited our establishment on Saturday, our opening day, and for the generous patronage extended us, also to apologise to those on whom at rush periods we were unable to bestow personal attention.

It will be the endeavor of this business to merit the appreciation of the Drygoods and Ladywear purchasing public of Prince Rupert by courteous treatment and better quality goods at attractive prices. Federal Block, 3rd Avenue.

CONSTABLE MARTIN IS HONORED BEFORE LEAVING THIS CITY

Just prior to the pulling out on Saturday morning of the train upon which he left for Edmonton to which city he has been transferred, C.N.R. Constable Alex. Martin was fittingly honored by his associates in the railway service here with whom he was highly popular and esteemed. Employees of the railway gathered in the baggage room and presented Mr. Martin with a handsome club bag. The presentation was made by A. L. Holtby, local freight agent, and Mr. Martin, who was taken completely by surprise, nevertheless, expressed his appreciation suitably.

PROGRAM BY BOYS' BAND

STREET CORNER CONCERT SATURDAY EVENING WAS BOTH ENJOYABLE AND AMUSING

Large crowds on Saturday evening enjoyed an excellent program of music played on the street corners by the Prince Rupert Boys' Band. That there was full appreciation of the efforts of the boys, who are ever becoming more proficient, was indicated by the fact that a collection amounting to \$82 was taken. Considerable curiosity attached itself to the announcement that a "lady" would conduct the band and would be prepared to confer kisses upon all and undry buying tickets for the drawing being conducted for the benefit of the band. The "lady" turned out to be none else than Bandmaster Thomas Wilson who was garbed as a more or less handsome native dandy. The "lady's" most persistent kisser was George Frizzell who purchased a whole book of twenty-five tickets. Jimmy Kelly and Jack Baker, assumed as English gentlemen, looked after the taking of the collections.

TEN YOUNG MEMBERS MAKE APPEARANCE IN PRESBYTERIAN CHOR

Ten young ladies, who have been members of the junior choir and are now joining the senior choir, made their first appearance at evening service last night in First Presbyterian Church. They are Misses Annie Walker, Beulah Stuart, Irene Mitchell, Sheila McArthur, Arthur, Betty Eastman, Elsie Finlay, Margaret Willis, Elizabeth McLeod, and Catherine Mussallem. There was an excellent program of solos and anthems, under the direction of the choirmaster, John E. Davey, the soloists for the evening being Mrs. W. W. C. O'Neill, Mr. Lincoln, J. A. Teng and Alex. Clapperton. The text of the pastor, Rev. J. R. Frizzell, was "The Incomparable Christ."

At the morning service there was the regular music by the junior choir. The pastor spoke on "Mysticism."

WOULD DEVELOP PICNIC GROUNDS

DELEGATION MEETS PATTULLO AND IS ASSURED OF CONSIDERATION IN IMPROVEMENT OF LAKE NEAR ROAD

A delegation representing local organizations met Hon. T. D. Pattullo, minister of lands, at the end of the week with the request that developments be undertaken by the provincial government with a view to establishing suitable picnic grounds, including the provision of a beach, at either Grassy Bay or the small lake on the new Kaien Island Highway, both of which points are accessible from the road. Mr. Pattullo expressed sympathy with the project for the improvement of the lake and assured the delegation that the matter would have fullest consideration with a view to carrying out some such work as was suggested. The delegation included Howard Steen, representing St. Andrew's Society; Russell Graham, Elks' Lodge; B. M. Simpson, Moose Lodge; S. A. Bird, Canadian Legion; and James Irvine, Oddfellows; and P. W. Anderson, Prince Rupert Pioneers' Association.

PRINCE RUPERT TENNIS CHAMPS.

MISS CAROLINE MITCHELL AND CARL BRAND WERE NOTABLE PLAYERS IN YESTERDAY'S FINALS

Weather conditions were ideal for play yesterday and there was a large crowd of spectators at the courts for the finals of the first championship tournament of the season under the auspices of the Prince Rupert Tennis Club. The whole tournament was one of the most successful yet held by the club and the finals were all exciting and interesting, extra sets being required to settle a number of them.

Carl Brand and Miss Caroline Mitchell were the distinguished players of the day, each winning in the finals of three events. The club champions were decided as result of the following finals: Men's Doubles—Carl Brand and E. W. Saretette beat Pol Howard and J. V. Iyne 6-2, 4-6, 6-4, 6-4. Mixed Doubles—Carl Brand and Miss Caroline Mitchell beat E. W. Saretette and Mrs. H. L. Shadwell 6-2, 6-2. Men's Singles—Carl Brand beat Pol Howard 6-1, 4-6, 6-3, 1-6, 6-4.

Ladies' Singles—Miss Caroline Mitchell beat Mrs. S. P. McMordie 6-2, 6-4. Ladies' Doubles—Mrs. Shadwell and Miss Caroline Mitchell beat Miss Catherine Harvey and Miss E. Davies 6-2, 4-6, 6-4. In the semi-final of the ladies' singles on Saturday afternoon, Mrs. S. P. McMordie beat Mrs. E. L. Shadwell 4-6, 6-4, 6-4.

Refreshments were served at the courts yesterday afternoon. Miss Margaret Palmer was in charge with Mrs. E. W. Saretette and Mrs. John V. Clyne assisting.

OFFICERS FOR NATIVE SONS

J. PRUDHOMME FIRST VICE-PRESIDENT OF DISTRICT ASSEMBLY

Ald. A. J. Prudhomme returned to the city on yesterday afternoon's train from Burns Lake where he spent the week-end attending the annual meeting of the district assembly of the Native Sons of Canada as delegate of the local assembly. Business at the meeting was largely of a routine nature, Mr. Prudhomme reports. The election of principal officers for the year resulted as follows: Past president—S. E. Parker (Prince Rupert). President—P. V. Hallon (Burns Lake). First vice-president—A. J. Prudhomme (Prince Rupert). Second vice-president—W. A. Kirkpatrick (Terrace). Secretary—H. G. Windt (Smithers). Sergeant-at-arms—E. E. Gigot (Stewart). Chaplain—S. J. Hunter (Prince Rupert). P. V. Tallon and H. G. Windt were named delegates to attend the Grand Assembly in Regina this summer with A. J. Prudhomme and E. T. Kenney (Terrace), alternates.

Passengers sailing from here for the north on the Princess Charlotte this morning included Raymond Lucas, Arness and W. Cockburn, for Juneau, Mr. and Mrs. P. E. Powers, for Skagway; Miss May Southard, J. W. Kehoe, W. Hawes and E. Anderson, for Ketchikan; Anton Johnson, for Whitehorse; A. Sans Souel, for Atlin; and Rev. Father E. Allard and Frank Dots, for Wainwright.

ONLY MEN'S DOUBLES YET TO BE PLAYED OFF AND THAT TONIGHT

All the finals in the C.N.R. tennis tournament were played at the week-end with the exception of the men's doubles which will be played this evening when Mair and Horton meet Rogers and W. Tobey, winners in the semi-finals.

Mair won the men's singles. The ladies' doubles were won by Mrs. Rogers and Mrs. Brass while the mixed doubles went to Miss Moxley and Arnott. The games played were:

**Men's Singles**  
 Rogers beat Wilding 6-1, 5-7, 6-4  
 Mair beat Rogers 7-5, 6-2

**Men's Finals**  
 Mair beat Arnott 7-5, 6-1.

**Men's Doubles**  
 Mair and Horton beat Wilding and Holtby 6-3, 6-2.

Mair and Horton beat Frew and Moxley 6-3, 2-6, 6-3.

Rogers and W. Tobey beat Arnott and McPherson 8-6, 6-2.

**Ladies' Doubles, Final**  
 Mrs. Rogers and Mrs. Brass beat Mrs. Holtby and Miss Moxley 6-3, 5-7, 6-1.

**Mixed Doubles, Final**  
 Miss Moxley and Arnott beat Mrs. Brass and Rogers 6-1, 6-3.

Tea was served on the courts Saturday afternoon, Mrs. Holtby presiding, assisted by Mrs. Haines and Miss Moxley.

the Wrigley swim here last August to build up physically for the long grinds this year. She has succeeded to the extent of increasing her weight 30 pounds, and feels she will be quite able to withstand cold water almost indefinitely. Miss Galand has been training all winter and took to the waters of Lake Ontario on May 9. Within a few days she plans to resign her position as stenographer with a big insurance corporation and devote more than two months to daily preparation for the race in Humber Bay during the Toronto exhibition.

**SPORT CHAT**

Since boxing has gained such a measure of popularity here-of late, possibly something along this line might be arranged during the forthcoming visit to the port of H.M.S. Durban. Thus refreshing the ordinary round of events locally, if such could be arranged there is little doubt that it would meet with a good measure of patronage. It would give local adepts of the game the interesting opportunity of meeting with outside talent of some worth. That some of the boys aboard the Durban are right smart boxers is indicated in reports received of activities elsewhere in which they have participated. A boxing tournament between Prince Rupert representatives and men from the light cruiser should go over strong if it could be arranged. At the same time it would probably be profitable to those who might promote it in addition to being a means of appropriately getting the visitors and locals mutually acquainted.

According to Bate Ruth making home runs is easy as eating peanuts and not half as disagreeable. All you have to do is stand up to the plate with a bat in your hand, make the pitcher know you are better than he is, swing at the ball you like best, hit hard enough to send the ball over the fence, run around the bases and return to the bench. What could be simpler than that?

English women proved their superiority at tennis by winning the Wightman trophy from the crack American players at the week end. It was an important victory and indicates that the old country is holding its own in sport among women as well as men. This continent has taken the lead in ice hockey, baseball, lacrosse and football, but the old country leads in football, both soccer and rugby, and in cricket, and they hold their own in golf.

In Prince Rupert Land Recording District and situate adjacent to Alliford Bay, Moresby Island, Skidegate Inlet, Queen Charlotte Islands.

TAKE NOTICE that Pacific Mills Limited, of Vancouver, B.C., occupation Pulp and Paper Manufacturers, intends to apply for a lease of the following described lands—

Commencing at a post planted on the high water mark of an island; thence following the high water mark around the island to point of commencement, and containing one acre, more or less.

Applicant,  
 Donald Wilbur Hodson,  
 Agent for Pacific Mills, Limited.  
 Dated May 3, 1928.

The Victoria Colonist last week described as follows a boxing tournament in the Capital City in which half a dozen of the Jack Tars participated during the Durban's recent visit there: Honors were even on the program of six bouts. Members of the visiting British cruiser won the headliner and two of the preliminaries, while the other boxers took the semi-windup and the remaining preliminaries. The main event brought together Stoker Percy Lake and Leo Felix. The American boy did most of the forcing, but missed time and time again with right hooks and uppercuts. He would force his opponent to the ropes only to have the elusive Lake slip out of the trap with the cleverness and speed of a mouse. Felix, however, counted occasionally with a right hook, while his opponent poked away at his face with a straight left. Later in the bout Lake landed a number of blows to his opponent's mid-section, but failed to do any great damage. In the last round Felix went after Lake with every intention of handing him the sleep-producer, but his opponent was too crafty. Lake weighed 134 and Felix 135 pounds.

Wing Hay, the fighting Chinaman from Alberni, scored a technical knockout over the rough and rugged Leading Stoker Britt, of H.M.S. Durban, when the latter quit cold in the fourth round after being warned by Referee Kerr for bunting with his head. Britt, many years older than his shifty opponent from Alberni, was outclassed as a boxer, but proved to be one of those fellows who pack a sledge-hammer blow in each mitt. He walked to his corner in the fourth and refused to continue. Examination later revealed a broken bone in the left hand.

After being given a boxing lesson in the first three rounds, during which he seldom landed a blow, Pete Megalanes of Seattle, finished strong in the last round of his four-round bout, and registered a technical k.o. over Stoker W. Thomas of H.M.S. Durban. The lads fought at 130 pounds.

Showing a great improvement since his last appearance, Danny Pastroe, local boxer, was given the call over H. Johnson of H.M.S. Durban. Johnson, weighed 126, and Pastroe 119 pounds. Able Seaman S. Worthington, of H.M.S. Durban was given the judges' decision over "Tiger" Napoleon, of Seattle, in a four-round bout. In the opening bout, "Scotty" Sinnott, local battler, lost to Able Seaman Merritt on a 194 in the second round.

winners, again going to the top. Nor are hopes anything but bright for New York Giants and Chicago Cubs or even the Brooklyn Dodgers. All that any of them need is a nice little signing interest and the first notch will be theirs. Meantime, the pennant battle continues with much interest and promises to continue to do so. The American League still looks like a cinch for the New York Yankees although anything might happen.

Cruel and unusual things happen in baseball. Even in the bigger and better leagues. Take, for example, the distressing case of Cornelius McGillicuddy, ringmaster of the aging Philadelphia Athletics. This fine old gentleman has one beautiful and rare human trait. He never loses faith in mankind. No matter how old or how bald they might be, Mack signed them for his club. Since he scrapped his mechanically perfect ball club eight years ago, however, Fate has been riding hard on Mr. Mack. Every year his remade club slid gracefully into the cellars of the American League and remained there while Macks scouts inspected the cradles of the country looking for choicer ivory, which they never, somehow, found.

Mack then gave up that idea and began collecting older specimens. The charley-horsed, the lame and the half-blind came to keep Mack company. Also, he paid out heavy jack for players like Groves, Boley and Paul Strand, who was a terrible bust. Two years ago Mack seemed to have arrived at a point where he could shoot for pennants. He began to shoot. And then it happened. The first thing Mack and his boys ran into was Colonel Rupert's Yankee machine. And wow! Mack's team was great, but the Yankees were the greatest of their generation. They appear good for another two, or maybe five years. And that's what fate did to Mr. McGillicuddy in his declining years. And that's why, if you have any tears to shed, you might drop some of them for Connie Mack now and then.

U.S. TRADE IS DIVERTED TO THIS COUNTRY

REPORT ON MATTER WILL BE LAID BEFORE CONGRESS SOON

Washington, D.C., June 18.—To what extent commerce has been diverted from the United States to Canadian ports, a condition frequently described as seriously affecting this country's agricultural and shipping interests, will be laid before the Senate when congress is reconvened in December.

Investigation of the causes and consequences and the possibilities of deflecting it into American channels was authorized under a resolution by Senator Walsh, Democrat, Massachusetts, which passed the Senate with the endorsement of Senators Reed of Pennsylvania and Hale of Maine, Republicans. The machinery of investigation soon will be set into operation by the secretaries of the state and agriculture departments, the interstate commerce commission, and the United States shipping board.

In substance Senator Walsh charges that United States ports are losing millions of dollars of export trade annually because railway rates between points in the United States and Canadian ports are more favorable than those between the same points and United States ports, and because of more stringent regulations as to grading and inspection of grain at United States ports than at Canadian ports, especially the higher grain standards and the dockage rules.

Also, he says, the preferential customs regulations of Canada give lower tariffs on products imported into Canada directly through Canadian ports than on those routed through ports of the United States, and the preferential schedules of other parts of the British Empire impose lower duties or more favorable regulations on products of the United States routed through Canadian ports than on those shipped direct from United States ports.

According to the Senator's figures the pork and lard export business at Boston, which approximated 111,000,000 pounds in 1913, has practically disappeared, and in general these products that once passed through North Atlantic ports are moving through Montreal and other Canadian ports. In 1912 about 26,730 head of cattle were exported through Boston whereas last year not a single head was shipped through that port. Practically 40 per cent of all grain passing through Montreal last year was of United States origin. Each year, the senator says, finds more United States grain reaching Canadian ports and less arriving at ports of the United States.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner. Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free or partly free, permits are available for settlers, farmers and travellers, up to 10 head.

The Calgary Stampee — Another introduction to the public of Knights of the Range, Kings of the Saddle and Rope; competing for Canadian and North American championship honors in picturesque, romantic and spectacular pageants and contests incidental to their country.

Here gather the redmen of the hills and plains, the cowboys and cowgirls from Rio Grande to the Peace River, the pioneers and the veterans of the original Royal Northwest Mounted Police who

contributed so much to the progress of the West to-day. Skill and brains will compete with skill and brains when the cowboys climb the bucking bronchos for the title of the world's bucking champ.

Thousands will see the old covered wagon race against the fleet bareback Indian riders, during the mock battle.

The exhibition stampee will be held July 9th to the 14th, and is to be opened by His Excellency

Viscount Willingdon, who will ride at the head of the great stampee parade. He will be accompanied by Her Excellency Lady Willingdon who herself is to participate in several events during the week. For this particular event the Canadian Pacific Railway are co-operating to the extent of offering reduced rates to Banff with stop-over at Calgary, thus enabling visitors to be guests of the Banff Springs Hotel which is only a three hours motor ride from Calgary.

LOCAL NEWS ITEMS

This afternoon's train, due from the East at 3.30, was reported this morning to be on time.

but that would give the public a chance to buy at clearance prices could be devised. The forthcoming conference is going to study this possibility, and the outcome of the deliberations will naturally arouse no little curiosity among the people who realize how much good a surplus of foodstuff of any kind could do if it were brought within reach of the people who are in need of a supply, which they have not the means to secure at current prices.

CATHOLIC BOYS WELL BEHAVED

INCLINED TO LACK INITIATIVE AND MOTHERS SOMETIMES A DRAWBACK

MONTREAL, June 18.—A comparison between the English speaking Catholic boy and other lads when they begin to work was made lately by A. A. Gardiner, Knight of the Order of the Holy Sepulchre, in an address at a session of the tenth annual convention of the Montreal Catholic Teachers' Association. A survey made in many business firms had brought forth the fact that children from the Catholic schools in general, and the English Catholic schools in particular, were better disciplined than children from other schools, Mr Gardiner stated. On the other hand because of the fact that Catholic lads had been brought up in an atmosphere in which everyone had the same ideas, they sometimes found it difficult to adjust themselves when they entered a large office with many different types of persons. French boys were found to be, on the whole, more polite than the English ones.

Both English and French-speaking Catholics were reported by many employers to be very good at routine jobs which they performed with the utmost conscientiousness, but when asked suddenly to do something else in an emergency they frequently fell down, said Mr Gardiner. As a result their lack of initiative was apt to keep them at the same routine job until the end of their days. Boy scouts were found to have more self-reliance and initiative than other boys. A point in favor of Catholic boys was the fact that they were almost always bilingual.

Employers who marked boys on a regular point system when they applied for jobs they gave them a lower rating when they came accompanied by their mothers, Mr Gardiner announced. He felt this was rather hard on the boys, however, as some mothers were of the type who would not be left at home.

RANGE OF WHITE PINE

White pine which is often called yellow pine, and is known in England as Quebec pine, grows throughout Eastern Canada, being most abundant in northern Ontario and Quebec.

Union steamer Catala, Capt. A. Johnston, which arrived in port last night at 7:15 from the south, sailing a couple of hours later for Anxox, Stewart and other northern ports of call, had a bumper list of well over one hundred passengers on leaving Vancouver of which many came through to Prince Rupert and points beyond.

Provincial Constable Lance Potterton of Stewart will arrive in the city at the end of the week to attend the session of the Supreme Court Assizes which will open here next Monday. Constable H. Raybone of district headquarters staff has gone north to relieve at Stewart during Constable Potterton's absence.

GLUT OF FISH IS DEALT WITH

COMPLAINT MADE WHEN NO MARKET FOUND IN EASTERN STATES AND REMEDY SUGGESTED

FALL RIVER, June 18.—An interesting situation has arisen in consequence of a temporary glut of fresh fish in the market at Boston. The captain of a fishing vessel, unable to market a catch of 24,000 pounds of flounders, appealed to the Commission on the Necessaries of Life to see if there were any remedy for such a condition. It was pointed out that at the time the appeal was made, flounders in fillet form were being sold in Boston at from 18 to 35 cents a pound.

As a result of the complaint the commission has ordered a hearing, at which the fish wholesalers have agreed to be present and the fishing captains will be represented. The retailers have also been invited. An effort is to be made to bring about an arrangement whereby the consumers of fish may be given the benefit of any temporary surplus in the immediate catch, which was declared at the conference with the State commission to be impossible under the existing marketing system.

The spectacle of the dumping of a cargo of edible fish into the sea after it has been brought to the docks is not a gratifying one to contemplate. It is certain that such an emergency would not arise if a system of distribution
