## Contract is Let For Destroyers to Replace Those Now Loaned by Britain to This Country Announced

Southampton Firm in England Will Do Work for \$3,350,000 in Competition With Fifteen Other Concerns

OTTAWA, Dec. 22.—Canada's naval force at present is limited to two destroyers, the Champlain and Vancouver, and a number of mine sweepers. Two new destroyers of the Amazon type will replace the obsolete Patriot and Patrician in Canada's naval forces in 1931. At present the destroyers Vancouver and Champlain, loaned by the British admiralty, are temporarily replacing the obsolete craft.

The contract for the new war vessels was given to Thornycroft, Southampton, England, it was announced last night, at the price of \$3,350,000. Fifteen shipbuilding firms concerns submitted tenders, one of them Canadian, the others British.

Destroyers of the "Amazon" class are of the latest types designed with four 4.7-inch guns, two anti-aircraft guns, two triple 21-inch torpedo tubes. The vessels are 350 feet long with a speed of 36 knots and will carry a complement of 150 men.

## GOVERNMENT SUPPRESSES B. C. BULLETIN

VICTORIA, Dec. 22.—Following the publication of the current issue of the British Columbia bulletin, Hon. W. C. Shelly announced that the government had decided to discontinue it because it carried articles of decided political complexion and in praise of cabinet ministers. "The government will not allow public money to be spent to advertise it or for partizan political purposes," the minister said.

## AFGHAN KING WINNING OUT

LONDON, Dec. 22.—The legation here announced this afternoon that the rebels of that country had been driven from the heights near Kabul and all the roads leading to King Amanullah's capital had been cleared. Communication also reported that communications had been established between the capital and the British legation, which is situated about two miles from the city limits. The general position of the government forces has become very strong.

## BITUMINOUS SAND

Bituminous sand—commonly, though incorrectly, referred to as "tar sand"—consists chiefly of silica and sand cemented together by a soft bitumen. The only occurrence of commercial importance in Canada is along the Athabaska River and certain of its tributaries near McMurray, Alta.

## Fiercest Gale of Season Does Minor Damage in City but not Anything of very Serious Nature

Damage of a minor nature was done around town last night in the most severe gale that has been experienced here so far this year. Fifty feet of sidewalk on First Avenue from Second Street to the Bayview Hotel was lifted by the gale at midnight and blown right across the street. A stretch of sidewalk on Fifth Avenue near Annunciation School was also lifted across the street. A small garage on Second Street across from the B. C. Under-

garage on Eleventh Avenue was shattered and a plate glass window in Horace Duhamel's barber shop in the Capitol Theatre building was blown in. There were pieces of glass in various streets this morning.

Radio aerials also suffered considerably in the blow. It was a typical southeast gale which was reported this morning by H. D. Tee, Digby Island, Dominion meteorologist, to have blown from midnight until 8 o'clock this morning in gusts of 64 miles maximum velocity. Later this morning it was blowing 50 miles an hour. Some of the telephone lines about town were put out of commission.

A shed at the corner of Eight Avenue and Conrad, containing one of the fire department's small hose wagons, was blown almost to pieces.

Portions of the roof were blown off Steen's tin shop and the B. C. Fur Co.'s store. W. Rothwell's

"TIGER OF FRANCE" MOURNS BELOVED SISTER

The photo shows M. Georges Clemenceau as he appeared at the funeral of his sister Mme. Jacquet, on the outskirts of Paris. The "Tiger of France" wept unashamedly as the casket containing all that was mortal of his beloved sister was lowered into the grave.

## WOMAN TRAPPER WAS MARRIED RECENTLY

EDMONTON, Dec. 22.—A romance of the trap lines culminated here recently when Miss Jean Campbell of Mahaska became the bride of Roy James Turner of the same place. Miss Campbell is a well known young trapper, having caught her first animal when she was only seven years old, and once when charged by a moose, she killed the animal. Mr. Turner is also a trapper. This trapper girl will not give up her unique calling after marriage. During the winter Mr. and Mrs. Turner plan to operate a trap line.

## DEPARTMENTS KNOWN BY COLOR OF SMOCK

WINDSOR, Dec. 22.—The young women employed in the city hall here have unanimously adopted the idea of the smock for workaday wear and furthermore each department has chosen a color scheme to which every girl in the department adheres. In the assessment office, for example, all the smocks are of rose-pink shade; in the city clerk's department the girls wear smocks of apple green; in the tax collector's department the smocks are sky-blue and smocks of deep rich rose brighten the office of the city treasurer.

## WOMEN APPEALED TO WITH VIEW TO HAVE A PEACE CONSCIENCE

TORONTO, Dec. 22.—The following letter addressed to the women's organizations of Toronto has just been received. It says: Premier Baldwin has appealed to women. The Paris peace pact means every woman in every civilized country in the world must work without ceasing to bring the common conscience of mankind up to the level of the obligations of the treaty. In response to this appeal a number of women's organizations are planning to hold a mass meeting here in the near future. Miss Ruth Morgan, who went from the United States to ask the British women to join with the American women in working for the signing of the Paris peace pact, is coming to ask the Canadian women to join with the women of the world to work for international good will.

## LIQUOR CHECKS FOR NEW YEAR

VICTORIA, Dec. 22.—The municipalities of B. C. which were worrying lately about the receipt of their annual check of Government Liquor profits for Christmas, will get their usual checks before the end of the year, stated the Finance Department.

## Power Agreement to be Drawn by Outside Firm Solicitors For The City

The city council had a special meeting last night to consider a proposed agreement between the city and the Power Corporation of Canada for the taking over of the local hydro-electric plant and franchise. Various important points to be inserted in the agreement were discussed and the city solicitor was instructed to draft an agreement for the further consideration of the council at its regular meeting next Friday night. It was decided to send the city solicitor to Vancouver to retain counsel, preferably E. C. Mayers, to revise the said agreement. If possible, an opinion will also be obtained from the corporation of the Ontario Hydro-Electric.

The council also decided to divorce the voting on the power agreement from the regular civic election in January and not hold the poll until some time in February.

Letters were read from G. S. Clark, counsel for the American States Public Service Co. relative to recent negotiations for the local franchise. One of these letters constituted a withdrawal of American Co.'s offer and the other expressed Mr. Clark's regret that the offer had not been accepted, fair and gentlemanly treatment that had been received at the hands of the city being acknowledged.

Letters were read from G. S. Clark, counsel for the American States Public Service Co. relative to recent negotiations for the local franchise. One of these letters constituted a withdrawal of American Co.'s offer and the other expressed Mr. Clark's regret that the offer had not been accepted, fair and gentlemanly treatment that had been received at the hands of the city being acknowledged.

One of these letters constituted a withdrawal of American Co.'s offer and the other expressed Mr. Clark's regret that the offer had not been accepted, fair and gentlemanly treatment that had been received at the hands of the city being acknowledged.

## LEAGUE MAY MEET OTTAWA

Bi-Lingual Machinery of Parliament Would Be Helpful in Entertaining Visitors

OTTAWA, Dec. 22.—The possibility of Ottawa being the meeting place for a forthcoming session of the Council of the League of Nations is being discussed with considerable interest in political and municipal circles here, now that Premier King has returned to the country and resumed his duties after his visit to Europe, says a statement issued by the Canadian League of Nations Society. The proposal, first voiced by Sir Herbert Ames, well known Canadian who was for many years Financial advisor of the Secretariat of the League, is not as impossible as might be thought by many.

The Council of the League of Nations has not always met at Geneva as has its larger body, the Assembly. Consisting of the leading powers of the world, the Council has met at various times in connection with the work of the League at Brussels, Paris, Barcelona and other points. Although it has not yet met outside of Europe there is no reason it should not do so, and it has been suggested that considerable influence might be exerted upon the United States if the Council were to meet at Ottawa and Americans were to have an opportunity of witnessing this powerful executive army of the League in action.

The Houses of Parliament in Ottawa possess bilingual machinery which with little amplification would be capable of serving the needs of the Council. The idea is receiving the warm support of the League of Nations Society in Canada, which has its headquarters at the capital city.

## OFFICIAL COUNT

VICTORIA, Dec. 22.—The final count of the votes of the federal by-election announced by Judge Lampman gave D. B. Plunkett 5636, Hon. J. D. MacLean 5544, Plunkett's majority 92.

## WEATHER REPORT

Prince Rupert, raining, south-east gale, temperature 46.

## FISHING BOAT NOT REPORTED

Schooner Cascade Carrying Seven Men Left Cordova December 15

JUNEAU, Dec. 22.—The fishing schooner Cascade, carrying seven men, is not reported. She sailed from Cordova on December 15 and was scheduled to call at Juneau and Ketchikan en route to Seattle. Stormy weather may have driven her to shelter.

## BRITISH GIRLS DID WELL IN CANADA, BUT A FEW FAILED

TORONTO, Dec. 22.—Ten thousand British girls emigrated to Canada last year, 5000 of them settling in Toronto. From the Scottish highlands, the moors of the borders, the cities and rural districts of England, these selected girls arrived here to become part of Canada's social fabric. The careers of these girls form a fascinating study of the city's life and with a very small percentage of failure. Eighty per cent of the girls, according to record, have done at least 50 per cent better than they did in the old country; seven per cent are earning a living but doubtfully recommended in terms of the word success; and 13 per cent have fallen by the wayside.

## NEW ENGINEER PUBLIC WORKS

W. K. Gwyer of Penticton to Succeed Guy R. Balloch Here

W. K. Gwyer, who has been on location work in the Penticton district during the past year, has been appointed district engineer for the provincial department of public works here in succession to Guy R. Balloch, who will report to headquarters in Victoria next month for transfer.

Mr. Balloch, who was formerly in superintendency of the construction of the Kaian Island highway and for the past nine months has been district engineer, has been an efficient and popular official and many will regret that he is being moved from here.

## SIX ISLANDS ARE DISCOVERED

HATTON, N.D., Dec. 22.—The discovery of six new islands while making a 1200-mile flight in the south pole region was reported yesterday by Lieut. Carl Ben Eielson, in a radiogram to his father here.

## CANADA'S DAIRY PRODUCTS

The total value of all products of the dairy factories in Canada in 1926 was \$133,353,076.

Ray Miller, Chicago light-weight, whose sensational knock-out of Jimmy McLarnin in Detroit recently, placed him at the top of the list of challengers for Sammy Mandell's world light-weight title, his signed to meet Tommy Grogan, Sioux City, Iowa boxer, in Detroit on January 11. Negotiations with Grogan were

closed following his victory over Lew Kirsch, eastern lightweight, in New York.

Leon "Goose" Goslin, slugging Washington outfielder, led the American league in batting in 1928. The name of the current king of the hitters was not known until the official American league batting records were made public this week. For final official figures reveal that the Senator won the crown by a single point

from Henry Manush, star clouter of the St. Louis Browns.

HE KNEW

Brown-Smith tried to make me believe he'd driven the same car for five years and never paid a penny for repairs. Do you believe that?

Garage Proprietor—Yes, I'm the man that did the repairs.—The Motor Age.

HIGH SCHOOL CLOSING EVENT

Banquet, Basketball Game and Dance Last Night Proves Most Enjoyable

There were big doings last evening among the pupils of Prince Rupert High School, including the annual banquet in the Moose Hall at 5 p.m., the basketball game between the local and Anyox girls and the entertainment and dance later in the evening.

There were 200 persons, including ex-students and the Anyox girls, at the banquet. James Stewart was toastmaster and the first toast was that to "The King," which was proposed by Thomas Peddie, the principal, and responded to in the usual manner. Other toasts were:

"Anyox Girls," proposed by Miss Bodie.

"Prince Rupert High Schools Boys' Team," proposed by Jim Bryant, responded to by Bob Irvine (captain).

"Prince Rupert High School Basketball Girls," proposed by Miss Joan Arthur, responded to by Capt. Julia Walters.

"Former Students," proposed by Miss Rosemary Winslow, replied to by Bruce Stevens.

"Commercials," proposed by Miss Gwen Palmer, responded to by Miss Bernice Ross.

"High School Girls," proposed by A. H. Scattebol, responded to by Miss Victoria Krikevsky.

"High School Boys," proposed by Miss Margaret Gilchrist, responded to by Joe Scott.

"Senior Matrics," proposed by Glen Mohr, replied to by Miss Rita McLean.

"Junior Matrics," proposed by Stan Danby, responded to by Miss Margaret Smith.

"Grade 10," proposed by Jimmie Mitchell, responded to by Miss Oral Ross.

"Prelims," proposed by Miss Helen Stamp-Vincent, responded to by Charles Stuart.

In the course of the evening there was a presentation made by the students and staff to F. Garton, the janitor. A community song, "Clementine," was sung.

The basketball game took place between the banquet and the entertainment.

There were about 200 persons in attendance at the entertainment and dance. Features of this affair were the presentation of two plays. Scenes from Robin Hood were put on in an effective manner by the preliminary class, those participating including: James Vinslow, Charles Stuart, Jack Cade, Rupert Ross, Jack Brady, Miss Beulah McKinley, Miss Muriel Vance, Miss Marie Musallem and Miss Cecelia Desjardins.

The French play, "Le Testament de Mme. Patrel," by second year pupils, was splendid. Those taking part were Miss Jean Wilson, Miss Joan Arthur, Miss Annie Gilchrist, Miss Winnie Rushforth and Mr. Martin.

After the two plays, dancing was indulged in until 2 a.m. with Mr. Peddie as master of ceremonies. Delicious refreshments were served at midnight.

VICTORIA BEAT SEATTLE HOCKEY

SEATTLE, Dec. 22.—The Victoria Cubs were responsible for Seattle's third straight defeat in the Pacific Coast Hockey League, when they won a 5 to 2 victory over the Eskimos last night. The Cubs also bumped the locals out of second place in the league standing. The Eskimos were severely handicapped by injuries and sickness and after fighting a hard first half game they wilted under the fast pace set by the Victorians. Each team scored a tally in the first period. The Cubs took the lead in the second by scoring another and in the final session added three more. The Eskimos also countered another in the third.

Oliver Redpath, Victoria defence man, was given a match penalty when he slashed young Smokey Harris across the head. He was off for the balance of the game, twenty minutes, and cannot play in the next match on Victoria ice.

RUPERT GIRLS WERE WINNERS

Defeated Anyox in Opening Basketball Match by Score of 20 to 6 Last Night

Prince Rupert High School girls defeated Anyox High School by a score of 20 to 6 in the opening game of the inter-school series last night. The locals had an easy victory and at no time were pressed by the visitors. At the end of the first half, Prince Rupert was ahead 10 to 2. Scoring was as follows:

Anyox—Miss F. Cameron; Miss L. Dresser, 2; Miss M. Clark, 4; Miss M. Dresser; Miss V. Cameron; Miss K. Cave; Miss J. Dodswoth; total 6.

Prince Rupert—Miss Susie Doddie, 6; Miss Julia Walters, 4; Miss May Ness, 10; Miss Margaret Gilchrist; Miss Ella Steen; Miss C. McLeod; total, 20.

Exhibition Game

In an Intermediate League exhibition game, High School won thirty to nineteen over Big Four, the score at half time being 10 to 7 in High School's favor. Scoring was as follows:

High School—Harold Macdonald, 14; D. Morrison, 6; Alan Cross, 2; Bob Irvine; Bob Stalker, 3; total 30.

Big Four—E. Ratchford, 3; Y. Katsuyama, 4; Doug Stalker, 1; Bronson Hunt, 4; George Hills, 1; Eddie Smith, 6; total, 19.

R. B. Skinner refereed both games and there was a good attendance of fans. There will be games again tonight between the same pair of teams.

BELANGER BEATEN BY TUFFY GRIFFITHS

NEW YORK, Dec. 22.—Tuffy Griffiths of Sioux City, Iowa, made some progress along the come-back road by defeating Charley Belanger, light-heavyweight from Winnipeg, in a ten-round bout last night at Madison Square. The margin of victory was small.

Around The World With Sport Fans

University of Manitoba holders of the Allan Cup, emblematic of the Canadian senior amateur championship will make a tour of the west and play an exhibition series before they start their quest for their second dominion championship. The Allan Cup holders will play six games in all during the Yuletide holidays. They are billed to perform at Edmonton on New Year's Day, but prior to that will open at Nelson on December 27. On the following night they perform at Trail.

Against the Smoke Eaters, who they eliminated in the western Canadian final. Next they will exhibit their wares at Calgary, and then will jump to Edmonton, Saskatoon and Regina will also be visited before the brown and gold squad returns home. Hugh Fraser sailed last night on the Prince Rupert for Vancouver.

## EIGHT RULES For the Prevention of Flu

1. Avoid crowds.
2. Avoid chilling.
3. Avoid fatigue.
4. Avoid anyone who is sneezing or coughing.
5. Take plenty of fluids.
6. Take plenty of nourishment.
7. Use a gargle morning and night—salt and hot water is sufficient.
8. Keep the bowels open.

If, in spite of these precautions you should fall ill, go to bed and keep warm.

#### DROP IN A DOLLAR

There is still time to drop a dollar in the Christmas dinner fund for those not otherwise provided for. It may be left at this office or at Salvation Army headquarters or given to the men with the pots. No individual requests are made, but the generosity of the people to support the fund is depended on to finance this project. It has nothing to do with the general work of the Salvation Army and the fund is kept entirely separate. Part of it is used for Christmas hampers.

#### ALL-CANADIAN ROUTE (Edmonton Bulletin)

For the first four months of the crop year Canada exported 171,083,763 bushels of wheat. Of this, 70,796,599 bushels went out through Canadian seaports. Up to November 24th, 28,000,000 bushels had reached Canadian Pacific ports. Seaports in eastern Canada thus shipped about 42,000,000 bushels; against 100,287,164 bushels of the Canadian crop which went to sea by way of ports in the United States. There is nothing new, of course, in this diversion of Canadian grain to United States railways, canals and seaports. It has been going on regularly ever since the export of wheat to Europe became a business of national importance. A senate committee some years ago found that from fifty per cent to two-thirds of the prairie wheat shipped down the Great Lakes eventually found its way to ports in the Atlantic states, some of it going as far south as Virginia. The diversion going on this year is therefore neither much greater nor much less than normal.

A year or so ago the railway commission put into force a special grain rate on the National Transcontinental railway. The object was to divert to Quebec and other Canadian Atlantic ports some of the grain traffic which flowed to United States Atlantic ports. The figures quoted indicate that the plan has not been even measurably successful. With more than half the wheat which goes eastward finding an outlet through the United States the problem of keeping Canadian wheat in Canadian channels has yet to be solved. The only effective means yet found toward its solution is to ship wheat westward. All wheat which goes west passes over Canadian routes to Canadian seaports. Canadian railway and harbor employees, and Canadian capital, thus get the wages and profits earned in the westward movement of prairie wheat.

#### DAILY MAIL SERVICE

It seems as if this would be a good time to again make an effort to secure a daily mail for Prince Rupert and the other centres east to Prince George. In the spring there will be a daily train, but the post office department of the government is very slow in moving unless pressure is brought to bear. They claim that the cost would be excessive. Prince Rupert people and the people of the interior are not inclined to take that as the final word.

Some time ago the Prince Rupert Board of Trade had a request for co-operation in this movement from the interior. The resolution was referred to a committee and did not come up at the next meeting. What happened it? If committees are for the purpose of stifling live subjects the board would be better off without them. Possibly the subject will be before the next meeting.

#### RADIO ORGANIZATION

While this is Christmas time and people are not thinking of ordinary business, still it is a time when they are using their radio receivers. They are complaining of the local noises that at times make reception practically impossible. The local radio organization started out well and it is to be hoped it will continue its efforts until all the disturbances are either eliminated or sufficiently modified so that radio fans may not have their evenings spoiled.

### RUPERT SPORTSMEN TAKE A BACK SEAT

Story of How Angler Plunged Into Water and Brought Out Big Jackfish Beats All

EDMONTON, Dec. 22.—The story of how John Milligan of Bon Accord caught a big jackfish by diving in and bringing

him out in his hands is one that can lick most fish stories going the rounds.

Every winter John fishes in Elbow Lake, near the town of Rochester, and some 87 miles north-west of Edmonton, and every winter John gets his quota of fish, but not always in a hand to hand struggle with the finny ones, as was the case a few days ago.

With a light cord and a small hook John went out on the ice of the lake, chopped a hole through, baited his hook, lowered it, and sat back for results. He didn't have to wait long for a bite, and proceeded to haul in. Hand over hand he hauled in the cord, with each succeeding tug believing that he had at least hooked a whale. Finally his catch broke water at the edge of the hole, and with amazement John gazed into the face of the daddy of all jackfish in northern Alberta. With a final heave and a grunt he got the monster out of the water—only to hear the faint line snap, and the fish flop back. That was too much for John. Right after the falling fish he plunged, hitting the water almost at the same time, and securing a two-handed hold on the big jack just below the gills. For the next few seconds the water was churned into foam as John and the jackfish staged a rough and tumble in the icy water, but finally John emerged victor, although almost frozen.

A quick dash to the cabin, a rubdown, and a change of clothes, and John was fit again. The jack was brought to Edmonton, and proved to be 38 inches long, tipping the scales at 20 1/2 pounds.

**COMPLETED THE JOB**

Green Girl—Yes'm, and put in some fresh.

## News of the Mines

**AROUND PRINCE RUPERT  
Vancouver Man to Operate McDames Creek Placer Ground; J. D. Galloway Reviews Outstanding Event; Outland Silver Looking Well**

J. H. Gray, who spent the past summer surveying lode gold properties in the Cassiar district for Vancouver interests, is engaged with his associate, E. L. Saville, in completing financial arrangements for the handling of a gold placer ground in the vicinity of McDames Creek, which is regarded as of unusual promise. These properties, comprising 11 bench leases, were secured in 1925 and were thoroughly examined and reported on by hydraulic and geological experts. Development of the property is expected to open up a large mineralized area which is as yet very little known but which is said to be second to none in Canada. Activities of early miners at McDames Creek, resulting in great values in gold being recovered, have led Mr. Gray to the conclusion that, with modern equipment, even greater success will attend future operations. Ownership of the property is in the hands of a small Vancouver syndicate. The small amount of money required to operate the hydraulic plant already on the ground makes the undertaking very attractive. There has been considerable activity in the Cassiar country during the past season and it is expected that British capitalists may soon become interested in it.

J. D. Galloway, provincial mineralogist, lists among the outstanding events in the mining industry of British Columbia this year: satisfactory development of the Ferguson silver-lead mine on Ingenika River; successful results of development at Dudhik mines with consequent commencement of new power plant and other improvements; discovery of high-grade ore on Mountain Boy property at Stewart; intensive campaign of development and equipment by the Premier Co. on the three new properties recently acquired—Prosperity, Porter-Idaho and Siverado; continued expansion of production by the three major producers—Britannia Anox and Copper Mountain; the number of old mines that have given definite indication of being revived into active producing life; the abundance of capital available.

The Outland Silver Bar Mines Ltd. have concluded operations in the vicinity of the Salmon River glacier for the season and have made a shipment of approximately two tons (38 sacks) of ore from four tunnels for the purpose of learning the average value of the ore that has been opened up this season. Four new veins and ore zones were opened up during the year with values of from \$14 to \$150 per ton and varying widths and lengths. The ore zones are located on the almost perpendicular side of a mountain and are accessible only by the construction of trails, but strong veins and apparent extent of the ore zone have been responsible for the company taking over five additional claims adjoining—Cross, Hibbard C., Amy A., Native Silver and Baby Silver fraction. The season's development also included the locating and

**Halibut Boats Jack and Helen I. Sold; New Currie Boat Will Soon Be Finished; Rough Weather at Sea**

Two more well known halibut boats at Prince Rupert have been sold this week. Captain E. C. Tibbitts, who skippered Tony Martinsen's Livingstone II. during the past season, has purchased the American boat Jack from Captain Lawrence Lawler. The Jack, which is wintering at Prince Rupert, is a 38-foot boat equipped with a 12-horse-power Frisco-Standard engine and carries a crew of three men. She was built in Ketchikan some seven or eight years ago and usually lands her catches at Prince Rupert.

The other boat changing hands is the Helen I. Anton Dybhavn, brother of John Dybhavn, manager of the Royal Fish Co., having just about completed negotiations to purchase her from Pete Anderson, who recently bought the Cedric. The Helen I. is only three years old and was built by the McLean yard at Prince Rupert for Captain Chris Hovmuller, who later built the Helen II. The Helen I. is about 38 feet long and is equipped with a 12 h.p. Hein Diesel engine.

There are great doings among the local Blue Noses, and, while halibut may be all right to make a living out of and eat at other less auspicious times in the year, such Nova Scotians as Clarence Campbell, Jud Thurber, Mil Nickerson, Reg Webber, must have something just a little more tasty and homelike for the Christmas and New Year breakfasts. Hence, the recent importations of considerable quantities of the luscious pollock from New Scotland. As long as those fish last, the boys will smack their chops from one meal to another and when the fish are depleted there will be many a fondly reminiscent watering of the mouth. For a Nova Scotian, there is nothing that can quite equal the pollock in the fish line.

"C. R. C." after that much prized youngest member of the family who still worries little how many or how few handsome craft they name after him, is the cognomen that has been selected for the sturdy new 44-foot power tug which will be completed in a few days at the dry dock for John Currie & Son, contractors. The first job the C.R.C. will have will be one which should give her a good testing out, for she is billed early in the year to take the piledriving outfit to Stewart, where the Curries have been awarded the contract for wharf repairs. Good progress has been made in the building of the new wharf at Port Simpson and steamers tied up to the new pier for the first time this week. There is still considerable finishing work to be done, however.

### Rebuilding Owl

Extensive rebuilding work is being carried out at the floats of the Prince Rupert Salvage & Towing Co. on the trolling boat Owl, which was purchased during the past summer by Don Crerar from the estate of the late William Dann. The vessel is having a new pilot house as well as new combing put on and should be a first-class pleasure ship when completed.

Loaded to the guards with lumber, coal and cement for Albert & McCaffery, the Galt freighter Salvor, Capt. W. W. Rush, arrived from the south on Thursday afternoon.

The power cruiser Overseas II, used as a service boat by the Georgia Rive Gold Mines Ltd., returned to Stewart yesterday after having been in port twelve days undergoing overhaul and repairs. The vessel was caulked with gumwood and copper painted at the dry dock and the last few days was on the grid of the Prince Rupert Salvage & Towing Co. having a new propeller installed and rudder repaired.

Capt. Paul Armour, manager of the Prince Rupert Salvage & Towing Co., has been having a hard time getting home from the Queen Charlotte Islands where he has been making an inspection during the past week of the wreck at Tlell of the log carrying barge Pezuta. The Zenardi, Capt. Charlie Larkin, set out on Wednesday evening

for Port Clements to bring the boss home but weather was so rough that the vessel could not get any further than Triple Island, returning to port on Thursday afternoon chiefly because of the fact that the cook, Walter Larsen, had been taken ill. Another attempt is being made to get Capt. Armour home before Christmas.

### Rough Weather

Pilot Elfert is another who will agree that weather this week has been more like blustery March than calm December. Capt. Bifert made a trip out to Triple Island on the Pachena on Wednesday with the intentions of picking up the incoming grain ship Rossington Court. Arrival there, however, saw no grain ship in sight and, after rolling around for several hours in seas which tested even the valour of this old salt, return to port was made that evening. The Rossington Court was apparently hanging around somewhere outside waiting for the elements to abate before attempting to approach too close to the coast.

On his way back to Port Simpson after a trip to Port Eslington, Dr. R. G. Large was in port on Thursday with his power cruiser Sunbeam II to do the odd Christmas shopping. Like the rest of mariners this week, Dr. Large reported the going outside rather heavy and tempting to one even so mild as he to use cuss words.

Prince Rupert Salvage & Towing Co.'s big power tugboat Salvage Princess is spending a week in the dry dock undergoing copper painting and such repairs as are necessary following a busy season.

William Edgar of the Prince Rupert Salvage & Towing Co.'s staff is suffering from pneumonia at his home. His friends will wish him a speedy and complete recovery.

Capt. Peter Mesue and Reg Webber returned to port on Wednesday after a five day hunting trip to the Serpentine on Porcher Island. They proved their prowess with the old musket by bringing home forty-eight mallards and three honkers which will eliminate the turkey problem for them at least this Christmas.

All timbers are up for the 50-foot halibut boat which Y. Suehiro of Cow Bay is building for Capt. Jud Thurber and the launching should take place in about three weeks' time.

### Starting on Boat

The McLean yard at Seal Cove will start at once with the construction of the new 48-foot halibut boat for Capt. Merrill Sollows. Lumber, which was being awaited before the work started, arrived from the south aboard the freighter Chilliwack on Thursday.

Harry Menzies of the F. E. Hunt Ltd. staff has been confined to his home the past few days with a game knee, the result of an injury sustained in a basketball game a couple of weeks ago.

The old stern wheeler steamer Skeena, which operated out of Prince Rupert up the Skeena River to Hazelton during railway construction days and later in Burrard Inlet and on the Fraser River, has been sold at New Westminster by the estate of the late Capt. Charles Semour and will soon end her colorful and lengthy career as a passenger carrier, having been purchased by the Ewen Cannery on the Fraser to be used as a bunk

house for cannery employees. The Skeena was the last stern wheeler to be used in British Columbia as a freight and passenger carrier. The original cost of the Skeena was something over \$40,000. Her final sale was at the price of \$1,000.

To readers, supporters and friends of the Waterfront Whiffs a very Merry Christmas next Tuesday is most heartily wished. May happiness be supreme, gifts be galore and wine flow freely on the festive day. And may there also be a thought for those less fortunate ones who, by peril of the deep, may not be so happily situated as the most of us at this time.

### A New Industry

A new business undertaking has been embarked upon on the Prince Rupert waterfront by two well known fishing skippers, Capt. Bert Hanson and Capt. Charlie Wallace, who are engaged this winter in the production of fresh cooked shellfish such as crabs, shrimps and clams. It is being started in a small way but the product has been received so favorably that it is hoped it may develop into something of considerable importance. Quarters are at present being found on a float belonging to John Currie & Son where the necessary boiler and cooking machinery has been installed. Two men are engaged in fishing crabs on the Skeena River and Capt. Wallace is catching the shrimps in Prince Rupert Harbor while Capt. Hanson looks after the cooking end. After the New Year, another man will be engaged to look after the cooking. Local stores are taking some of the output while shipments are also being made to such centres as Edmonton, Prince George and Smithers. Great expansion of market should be possible, particularly in winter time.

## LARGE GRAIN VESSEL HERE

Rossington Court, Brand New Ship, Will Take Largest Wheat Cargo Ever Shipped, From Here

There are several interesting features in connection with the British steamer Rossington Court, Prince Rupert's fourth grain ship of the season, which is now loading a full cargo at the Alberta Wheat Pool's Prince Rupert Elevator for the United Kingdom or continent. With tonnage of about 10,000, she is the largest vessel ever to load grain here. She will take the largest wheat cargo ever shipped from here, probably about 9800 tons. The Rossington Court is also a brand new ship, having been placed in commission only on October 13 after being built at Govan, Scotland. Her first voyage was from Cardiff, Wales, to Marseilles, France, with a cargo of coal and she is here direct from the latter port which she left on November 8, making a very speedy passage.

Capt. J. W. Winter is the master of the Rossington Court. He reports having had an uneventful voyage west except for very stormy weather as he approached this part of the coast. The vessel lay at anchor in McIntyre Bay inside of Rose Spit for two days, but on Wednesday night it became so rough that she dragged her two heavy anchors and the captain decided to head for Triple Island without further delay. Capt. Winter was very pleased with the entrance to this port and the facility with which it can be navigated.

The Rossington Court arrived in port just before noon yesterday and pouring of grain into her holds started yesterday afternoon.

## EDMONTON LABOR PASSES RESOLUTIONS

EDMONTON, Dec. 22.—The Trades and Labor Council will be represented by Alfred Farnilo and Carl Berg at the Alberta Federation of Labor convention, which will be held in Lethbridge, starting on January 14.

Amongst the resolutions to be forwarded to that body are those pressing for the putting into operation of a scheme of old age pensions in this province at the earliest possible moment, the introduction of state medical insurance on a non-contributory basis, and the adoption of the eight-hour day with a maximum of 44 hours a week.

### PRINCE GEORGE HOME

LONDON, Dec. 21.—Prince George after completing his trip from Bermuda arrived home at 4 o'clock this afternoon, he arrived Southampton earlier on the Berengaria.

### SLIGHTLY MISTAKEN

"We are now," announced the aide, "passing through a rural hamlet." "Oh!" exclaimed the sweet young thing, "I thought a hamlet was a little pig."—Ladies' Home Journal.

## The Outstanding Chevrolet of Chevrolet History

- a Six in the price range of the four!

Since the announcement of the Outstanding Chevrolet of Chevrolet History, thousands of people have already placed their orders for this sensational new car! Never before has any new Chevrolet ever won such tremendous public acceptance in so short a period of time!

Climaxing 16 years of continuous development and improvement . . . representing the combined technical skill of Chevrolet engineers and the General Motors Research staff . . . and proved by millions of miles of testing on the General Motors Proving Ground—

—this sensational automobile has brought within the means of everybody, everywhere an order of beauty, style and performance that has hitherto been available only in cars costing hundreds of dollars more!

The great new six-cylinder valve-in-head motor is an engineering masterpiece, developing 32% more power than any previous Chevrolet motor . . . offering increased speed, faster acceleration and outstanding economy.

Throughout the entire chassis is found greatly advanced design—resulting in

a degree of comfort and handling ease that has never before been approached in a low-priced automobile.

The marvelous new bodies by Fisher are designed for distinctive beauty and style as well as exceptional comfort and safety. Not only are they longer, lower and roomier—but they also incorporate one of the greatest advancements ever achieved in the development of closed car bodies . . . the adjustable driver's seat that may be moved forward and back to suit the comfort of the driver! A slender flat-type steering wheel, foot-controlled headlight dimming device and a completely equipped indirectly lighted instrument panel are among the many convenience features.

No mere recital of engineering advancements, however detailed and complete—can possibly convey any adequate impression of the Outstanding Chevrolet of Chevrolet History. So we say to you—come in. Learn the full and significant story of this greatest of all Chevrolets!

We know that you'll say what thousands of others have said in the last few weeks—"I want you to place my order on your preferred delivery list!"

## XMAS DINNER FUND REMAINS OPEN MONDAY

Owing to the fact that not quite sufficient money has been secured to pay for the dinner and hampers for Christmas under Salvation Army auspices it has been decided to continue the fund open until Monday evening. It will definitely close at six o'clock and monies received up to that time will be acknowledged Wednesday. Recent donations include:

- Miss Blanche Hart .....\$ 2 and Box of chocolates.
- Rupert Bakery, 15 loaves.
- Lady Friend ..... 2
- Another Lady ..... 1
- Previously acknowledged \$142
- Bob Gwynn ..... 1

## BAPTIST CHURCH S. S. HAS CHRISTMAS TREE

Fine Entertainment Put on Last Night Followed by Visit From Santa Claus

There was a large attendance at the annual Christmas Tree entertainment of First Baptist Church Sunday School last night. A fine program of songs and recitations was rendered by the children and Santa Claus arrived in due course, distributing gifts and sweets after having given a brief talk to the children. One of the features of the evening was the presentation to various scholars of the Sunday School of prizes for perfect attendance. Rev. W. F. Price the pastor, presided.

## CHRISTMAS TREE AT SEAL COVE

Pupils of School Excelled Themselves in Program Thursday Afternoon

There was a large attendance of parents at Seal Cove School on Thursday afternoon when the pupils put on their Christmas entertainment, the program including songs, dances, recitations, etc. At the conclusion of the program, remarks were made by Fletcher Hemmons who complimented the children and their Miss MacArthur and Miss Palmer on the excellence of the entertainment. There was a beautifully decorated Christmas Tree from which gifts were distributed, the children being given a treat of candy and oranges. The program was as follows:

- Choruses—"Jingle Bells," "How We Caught Santa," Division I.
- Recitation, Ida Moorehouse.
- Boys' Chorus—"Burlesque Band," Division II, boys.
- Recitation, Andrew McDonald.
- Recitation, Flora Leslie.
- Duet, Elizabeth Wood and Georgina Lamb.
- Recitation, Robert Kelsey.
- Welsh Dance, June Gomez and Alice Gomez.
- Recitation, Alex Baillie.
- Girls' Chorus, Division II.
- Recitation David Geary.
- Recitation, Eileen Hemmons.
- Dialogue, Maiko Izumi and Violet Caverale.
- Chorus, Division II.
- Recitation, Hector McDonald.
- Solo, Elizabeth Wood.
- Recitation, Marjorie Doiron.
- Sailor's Hornpipe, May McPhail and Jean Dalzell.
- Recitation, Helen Leslie.
- Recitation, Ennia Doiron.
- Choruses—"Men of Harlech," "Sweet and Low," Division I.
- Recitation, Stanley Anderson.
- Recitation, Willie Wylie.

## UNITED CHURCH S. S. HAS CHRISTMAS TREE

Children of Junior and Primary Departments' Entertainment Thursday Afternoon

The junior and primary departments of First United Church Sunday school had their annual Christmas tree on Thursday afternoon, about 40 children being in attendance. There were games, drills and marches and, all at once, Santa Claus appeared on the scene with a huge bag, containing candy and oranges for everyone, as well as many gifts. The party concluded at 5 p.m.

The superintendent of the junior and primary departments is the deaconess, Miss Eva Elliott, and the teachers are Mrs. C. C. Ketchum, Miss B. Arney, Miss Julia Thomas, Miss Ella Steen and Miss I. Anger.

### Local Items

Allan Carolan, well known Stewart merchant, was a passenger aboard the Prince Rupert last evening going through to Vancouver on a vacation trip.

E. D. Johnston, deputy minister of finance, formerly city treasurer in Prince Rupert, has been ill in Victoria but is said to be recovering rapidly.

Mike Cranley, well known official of the Granby Co. at Anxox, was a passenger aboard the Prince Rupert last night going through to Vancouver on a holiday trip.

R. W. Hull, editor of the Stewart News, and Mrs. Hull were passengers aboard the Prince Rupert last night arriving here and will return north tomorrow night on the Catala.

M. L. Stepp, United States customs officer, returned to the city on the Prince Rupert last evening after making the round trip to Stewart, Anyox and Ketchikan on official duties.

Mrs. Ernest McQuade was a passenger aboard the Prince Rupert last evening returning to her home in Victoria after having paid a visit at Stewart with her parents, Mr. and Mrs. George Fraser.

Kenneth Meagher, who has been employed by the Granby Co. at Anyox, arrived in the city on the Prince Rupert yesterday afternoon from the smelter town to spend the Christmas holidays with his parents, Mr. and Mrs. J. H. Meagher.

Samuel P. Fitzgerald, well known Stewart mining man, who has been recently superintending operations on the Independence property for the Revenue Mining Co., was a passenger aboard the Prince Rupert last evening going through to Victoria where he will spend the holiday season.

Bert Knox, brother of Richard Knox, superintendent engineer for Canadian National Coast Steamships, was a passenger aboard the Prince Rupert last night bound for Vancouver after having spent some time at Alice Arm engaged in construction work at the Tiger mine for the Utility Mining & Finance Co.

## An opportunity to invest in a high-class local security

### \$55,000

# Prince Rupert Amusement Co. Limited

7 PER CENT FIRST MORTGAGE BONDS  
Dated September 1st, 1928 Due September 1st, 1943  
PRICE: 98.90 and INTEREST  
Yielding 7.12 Per Cent

Trustee:—Montreal Trust Company  
Denominations \$500 and \$1,000

Principal and interest are payable at any branch of the Royal Bank in British Columbia.

Bonds are callable at 105 on any interest date on sixty days' prior notice.

A Sinking Fund of \$3,000 per year will be paid to the Trustee who may invest same in these bonds if procurable at 105 or less, but if not, then it shall be invested in Trustee Securities.

The Prince Rupert Amusement Company was organized for the purpose of operating a moving picture theatre in the City of Prince Rupert. Up to the present the Company has operated in a rented building but has now completed construction of a very fine building on the main street of the City at a cost of approximately (including value of land) \$109,000. This building has been leased to B. C. Paramount Theatres Limited for 15 years, on the following terms: Rental \$8,000 per year, together with one-half the net profits remaining after payment of such rental and other operating expenses. The Lessor also gives to the Lessee an option for three years to purchase the said property for \$150,000. If this option is not exercised then the Lessee will, during the balance of the term pay \$12,000 per year rental in lieu of \$8,000 and one-half the net profits.

According to official records, five-sixths of the issued capital of B. C. Paramount Theatres Limited is issued in the name of Famous Players Canadian Company Ltd.

Interest and Sinking Fund on these bonds will amount to \$6,850 per year.

This amount is fully taken care of by the rental to be received from the Lessee without taking into consideration any revenue to be derived from profits.

In addition to the above, the Prince Rupert Amusement Company will have a rental of about \$2,500 per year from three stores in the new building. This will be more than ample to take care of all real estate taxes and incidental expenses.

THESE BONDS IN DENOMINATIONS OF \$500.00 AND \$1,000.00. BONDS MAY BE PURCHASED AT THE OFFICE OF ANY OF THE FOLLOWING DEALERS:
