### Northcott Declares Evidence At Riverside in Regard to Murders Frame Up and Will Not Return

**Mother Denies Identity Until Shown Son's Photograph When She Admits She is the Woman Wanted by Police**

VANCOUVER, September 21.—Declaring he had been "framed" and will fight extradition to the United States, Gordon Stuart Northcott, charged with murdering several boys on a chicken ranch at Riverside, California, was brought to Vancouver last night and locked in a cell in Okalla prison.

Northcott, who was captured at Vernon Wednesday, was taken to Kamloops where he was taken aboard the train Thursday morning for the coast. At Okalla he readily admitted his identity but did not appear the least concerned.

He reads the newspapers avidly and comments on them. He is especially interested in the accounts of his flight from Vancouver, one police escort declared.

The Los Angeles despatches Northcott characterized as a "frame up." He had little to say following his arrest. His only conversation between Kamloops and Vancouver amounted to "This is right," or "That is wrong," as he eagerly read through the newspapers.

Many hundreds of people were at the depot when the train pulled in to the station shortly after eight last night in an attempt to get a glimpse of the youth but the train pulled up at Heatley Avenue, several blocks from the station, and Northcott was hurriedly removed to a waiting automobile and whisked away to Okalla.

**Mother Admits Identity**

CALGARY, Sept. 21.—The woman held by the police last night admitted her identity as Mrs. Sarah Louise Northcott, wanted at Riverside, Cal., in connection with several murders there on a chicken ranch. After declaring for 30 hours that she was Mrs. J. Black, a widow and without children, she was shown a picture of her son and told of his arrest and then she quietly said:

"I am Mrs. Northcott." She admitted identity to Sergeant Carruthers and asked as to the welfare of her son.

The police declared the woman to be held here for the U. S. authorities. Knowledge that her son is in the toils at Vancouver and might need her assistance was responsible for the breaking down of the woman's reserve.

### LADY BYNG IS LEGATEE OF A RICH RELATIVE

**Greek Merchant Leaves Her Sum of \$750,000 Pounds in all**

LONDON, Sept. 21.—Lady Byng has been left 750,000 pounds sterling in the will of Pandeli Ralli, a wealthy Greek merchant, who was a relative of hers, says the Evening Standard. Ralli was a romantic figure in English society who died last August, aged 38.

### QUEEN MARY CHAPTER HOLDS TEA AND SALE

**Successful Event Took Place Yesterday Afternoon at Home of Regent, Mrs. D. C. Stuart**

A successful tea and sale of home cooking was held yesterday afternoon by Queen Mary Chapter, Imperial Order, Daughters of the Empire, at the home of the regent, Mrs. D. C. Stuart, Hays Block.

Mrs. S. P. McMordie, Mrs. Sheldford Darton, Mrs. D. McD. Hunter and Mrs. J. G. Steen poured, and assisting in serving was Mrs. Thomas Andrew, Mrs. David Thompson, Mrs. James Simpson, Mrs. W. C. Aspinall and Mrs. C. J. Norrington. Mrs. Robert Blance and Mrs. Alonzo Haines were in charge of the home cooking table.

During the afternoon, delightful vocal solos were sung by Mrs. Ernest Anderson, whose accompanist was Mrs. Morris Blott.

### RAILWAY PROMOTION IN WESTERN REGION

WINNIPEG, Sept. 21.—Announcement is made today of the promotion of Albert Wilcox, general superintendent of transportation, Canadian National Railways Western Region, to the position of assistant to the general manager. V. I. Smart will succeed to the position of general superintendent of transportation.

### WESTERN MISSIONARY DIES AT WINNIPEG

WINNIPEG, Sept. 21.—A romantic figure in the history of the missionaries of Western Canada who served for forty years as a missionary to the Indians in the Quappelle Valley, Rev. Hugh McKay, 84 years of age, died at his home here last night. He was a resident of the west since 1884.

### WILL CARRY RELIEF SUPPLIES TO INDIES FREE OF ALL CHARGE

MONTREAL, Sept. 21.—Canadians are deeply concerned and immediately interested in the tragic events throughout the storm-swept West Indies because of the strong personal and trade relationship which exists between these countries. Canadian aid for the British Islands affected is now being organized and to assist in this instructions have been issued by the Canadian National Railways and the Canadian National Steamships that all goods destined for relief will be transported free of charge over the lines of the railway and in the vessels of the National system.

INSPECTED THE IRISH FREE STATE GIRL GUIDES: Gen. Sir Robert Baden-Powell, Chief of the Scouts, Lady Baden-Powell, and their son Peter, at Dublin, where the Irish Free State Girl Guides were assembled

### Matheson Gets Good Road's League To Back Speeding Up Construction Of Road Prince Rupert To Terrace

D. J. Matheson, who came all the way from Prince Rupert to promote the interests of his city and its 500-mile long hinterland was successful in getting the Good Roads League to ask the government to continue and speed up the road construction between Terrace and Prince Rupert, says the Nelson News reporting the league convention held recently at Trail. The work of connecting up the various hinterland centres was not proceeding too badly. Mr. Matheson admitted, but the coast connection was proceeding with painful slowness. If the work could be speeded up, he figured it might be possible to get the connection in time for use by this generation.

### Postmaster General Resents Statement of Minor Employee That Government Lied to Them

**Tells Postmen at Convention he Proposes to Take Action in Connection With Speech of a Delegate**

OTTAWA, September 21.—"I do not propose to enter into a controversy with a minor employee of the department in regard to salary increases sought by the letter carriers. The same kind of statements were made on the floor of the House. I stand by the replies I made then." This was the statement made by Hon. J. P. Veniot in the convention when charges were made yesterday by R. S. Bull of Ottawa, delegate at the convention of the federated association of letter carriers of Canada at Windsor, Ontario. "If, however, the minutes of the convention bear out newspaper reports, I will take action," Mr. Veniot said.

The Postmaster General did not indicate to what would be the nature of the action.

Mr. Bull's reported statement was: "The postmaster general knew very well that the civil service commission would not give us the raises when he recommended increases to the com-

### Young Northcott Tells Story Of How Eluded Police This Province

VANCOUVER, September 21.—It was to shield "poor little mother" from the pain of knowing that her son was charged with monstrous crimes that Gordon Stuart Northcott gave British Columbia one of the most thrilling man hunts in its history, according to a copyright story in the Vancouver Sun today. Thus Northcott explained to the newspapermen the reason for his flight and bitterly denied being guilty of the Riverside "murder farm" charges.

"Lots of stories are circulated about me," he declared. "They are all untrue. Some people have been suffering from too much imagination and a lot of people will be sorry when this case is cleared up." In order to protect his mother he kept all the information of the charges away from her, even the newspaper accounts, he declared and added: "I was seeking a safe place to leave her and then return alone and fight this thing."

Referring to the charges he declared they had been "trumped up."

Northcott described the capture and excellent treatment given him by the provincial police. After he left the house on Pendrill Street, Vancouver, Sunday night, he motored to Blaine, eluded the customs and guards and returned to Canada again, and again recrossed the line only to return to the Canadian side and then on Tuesday he and his mother were driven north and along the Cariboo trail where he left his mother at Spence's bridge. She proceeded to Calgary by train and Northcott, used an automobile to a point near Princeton where he took the train to West Summerland, boarded the boat there and was later captured.

"The newspapers, especially those in the south," the prisoner declared, "convict a man before he comes to trial. I don't think there should be so much publicity before a man is charged with crimes and comes into court."

### PREMIER AND PARTY VISIT P.G.E. LINE

Victoria, Sept. 21.—Premier Tolmie, the entire cabinet and several British Columbia federal members of Parliament left today on a four day tour of the Pacific Great Eastern and the adjacent country.

### SISTER OF C. C. MILLS PASSES

C. C. Mills received word today of the death of his sister Miss Mabel Mills at the family home, Pratt, Kansas. She was 53 years of age and was well known in Prince Rupert where she had visited with her brother on at least two occasions. She had been ill for some time.

Miss Mills leaves a mother, Mrs. A. D. Mills, and a sister and brother in Kansas in addition to the brother here.

### SHOT HIMSELF FOR A WOMAN

**Vancouver Man Asks That Girl Be Liberated From Prison As Not Guilty.**

CALGARY, Sept. 21.—Leaving a note addressed to Magistrate Shaw stating that a girl named Billie Murphy whom the judge had sent to prison for six months at Vancouver was not guilty of the offense charged, T. M. Hudson, 45 years of age of Vancouver, shot himself through the left temple with a .32 calibre automatic pistol at 2.15 Thursday afternoon and died half an hour later in the hospital.

Hudson had apparently been overcome by remorse at the predicament of his girl acquaintance and asked the magistrate to accept the statement as a death bed confession.

The coroner stated that an inquest was not necessary.

VANCOUVER, Sept. 21.—T. M. "Frank" Hudson is stated to have left the rooming house here recently following the sentencing of Mrs. R. J. "Billie" Murphy to six months imprisonment on a charge of theft of a check for \$87. The police state that Hudson was a defence witness for the woman. He left his job as bar tender in a local beer parlor about a month ago.

### SALVATION ARMY HEAD IS MOVED

**Major Walter L. Carruthers, Divisional Commander, Transferred to Manitoba—Successor Named**

Many friends in the city as well as throughout the district will regret to learn that Major Walter L. Carruthers, for the past five years divisional commander of the Salvation Army, with headquarters at Wrangell, has received orders to proceed to Winnipeg to take charge of the Manitoba division. He and Mrs. Carruthers are expected to go south shortly.

Staff Captain Acton, recently in charge of the Winnipeg Citadel, will succeed Major Carruthers. He and Mrs. Acton are now in Vancouver and will come north to take up their new duties after the Congress next month.

A fisheries patrol plane, bound for the Nass River, passed over the harbor, flying high, about 1.30 this afternoon.

### MARATHON RACE IN ONTARIO NEXT MONTH

Twenty Mile Race to Take Place in York Township October 6

TORONTO, Sept. 21.—The 20-mile marathon that is being held in York Township on Saturday, October 6, is going to be one of the biggest athletic events ever conducted in these parts if the enthusiasm of the committees appointed to work on the affair and the numerous inquiries of the athletics are any indication. The business men of the southern section of the township are lined up and the different parts are working hard to make the event a success. There is no doubt at all about the province's leading marathon stars being on hand to compete for the ten splendid trophies that are the principal awards, and the consolation prizes for all who survive the test will certainly be worth getting.

### SPORT CHAT

"Almost enough players to bring the league into activity have already been secured," said Frank Patrick, commenting upon the newly organized Pacific Coast Mockey league in which Vancouver, Victoria, Portland and Seattle will have franchises. "Many of them are players of experience and the balance are outstanding amateurs from the prairies. There will not be one player of the old Western Canada league in action," Mr. Patrick went on. "But we have obtained a number of skilled players and others that we hope will prove stars. That, of course remains to be seen. Sometimes players that seem to stand out do not deliver in the whirl of actual contests."

Victoria will not be directed by Lester Patrick, who is returning soon to head the New York Rangers again, but the Capital City will have a strong club and is expected to be a big factor in the race from the outset. Vancouver will have a strong fast young club," said Frank Patrick, who will direct this city's entry. "While it would be imprudent to give out full details of our plans at this time, I can say emphatically that the hockey to be offered coast fans by the league will be of major calibre."

"I think our club will be almost as strong as our entry in the Western Canada league was, always providing the players secured stand up under the grind as they should. Seattle will be equally strong and Portland may be the strongest club in the circuit judging by the calibre of talent they have obtained. They paid \$2500 for the release of one well-known professional that they wanted. That is an indication, if you like, that the league means business, and that we are prepared to spend money to get skilled performers."

### Around The World With Sport Fans

(By The Tramp)

Gene Tunney may be out of the fighting but he is not by any means out of the limelight. He is billed to make a presentation in England on December 10. On that date he will hand over to Royal Marines of Great Britain a beautiful athletic trophy on behalf of the American Marines. The trophy is to be competed for by the soccer football teams of the Royal Marines.

The presentation of the trophy to the British Marines by the American is in return for the Bulldog mascot Private Pagett recently given to the Yankee boys by the Britishers.

With the running trunks and jersey in which he won the classic Marathon race at Amsterdam last month wrapped up in a piece of newspaper that burst and embarrassed him, El Quafi, Algerian runner, who arrived in New York, visited the offices of Tex Rickard at Madison Square Garden. The extremely modest Algerian didn't seem to know what it was all about on his first day in New York. He does not speak a word of English, and all of the numerous introductions fell deaf on his ears, though he always had a smile for every one that included him in the conversation or showed signs of knowing who he was. He has commenced training for his several professional appearances in the States, Canada and Mexico under the direction of Tex Rickard.

### GOLF TOURNAMENT AT JASPER NEXT AUGUST

JASPER, Sept. 21.—Authentic information was received here last night by the visiting senior golfers from Great Britain that the U.S. National Golf Tournament will be held next year over the Pebbles Beach course, California, from September 2 to 7. With these dates now definitely assured it is also possible to state positively that the Canadian Amateur championships will be held over the Jasper Park Lodge golf course next year from August 19 to 24.

### BADMINTON IS BEING PLANNED

Prince Rupert Badminton Club Again Discussing Question of What Hall to Use

In connection with the badminton plans of the Prince Rupert Badminton Club there are some members of the club who object strongly to the low ceiling at the hall used by them for the past few years. Several say they will not play in the present hall. Others recognize the central location of the hall and the advantage of having two courts instead of one as at all other halls in the city. Also there are no interruptions, the hall being available throughout the season at all times.

The suggestion is made again that an effort should be made to unite all the badminton clubs of the city and secure a large hall in which to play. An attempt was made to do this last season but without success.

It seems sure that badminton will flourish during the coming winter but it is doubtful if all the clubs would unite.

The Prince Rupert Badminton club will likely settle the matter of what hall to use when it meets Monday night.

Oakland 6; Hollywood 2.  
Sacramento 2; Missions 3.  
San Francisco 13; Seattle 3.

This is how the Giants felt when George Harper hit three homers yesterday.

### YANKEES LOST IN TWELFTH

Were Beaten by Chicago Allowing Philadelphia to Creep Close up

NEW YORK, Sept. 21.—The Bronx in deep mourning today for the Yankees losing a twelve inning battle to Chicago yesterday saw Philadelphia creep to within one game of the lead, beating Detroit.

The National League standing remained unchanged with the Giants and Cardinals dividing a double header, although what advantage there was went to St. Louis for they got rid of two more games of their schedule without losing any of their two-game lead.

George Harper, former Giant, crashed out three homers to give the Cardinals their first victory. In the second the Giants, fighting to overcome a two run lead, sailed into old Pete Alexander for five runs, four of them on Hogan's second homer in the day in the eighth inning.

The Giants lost a wonderful opportunity to catch up on the Cardinals by splitting the double-header. Urban-Faber was the Yankee Nemesis in Chicago.

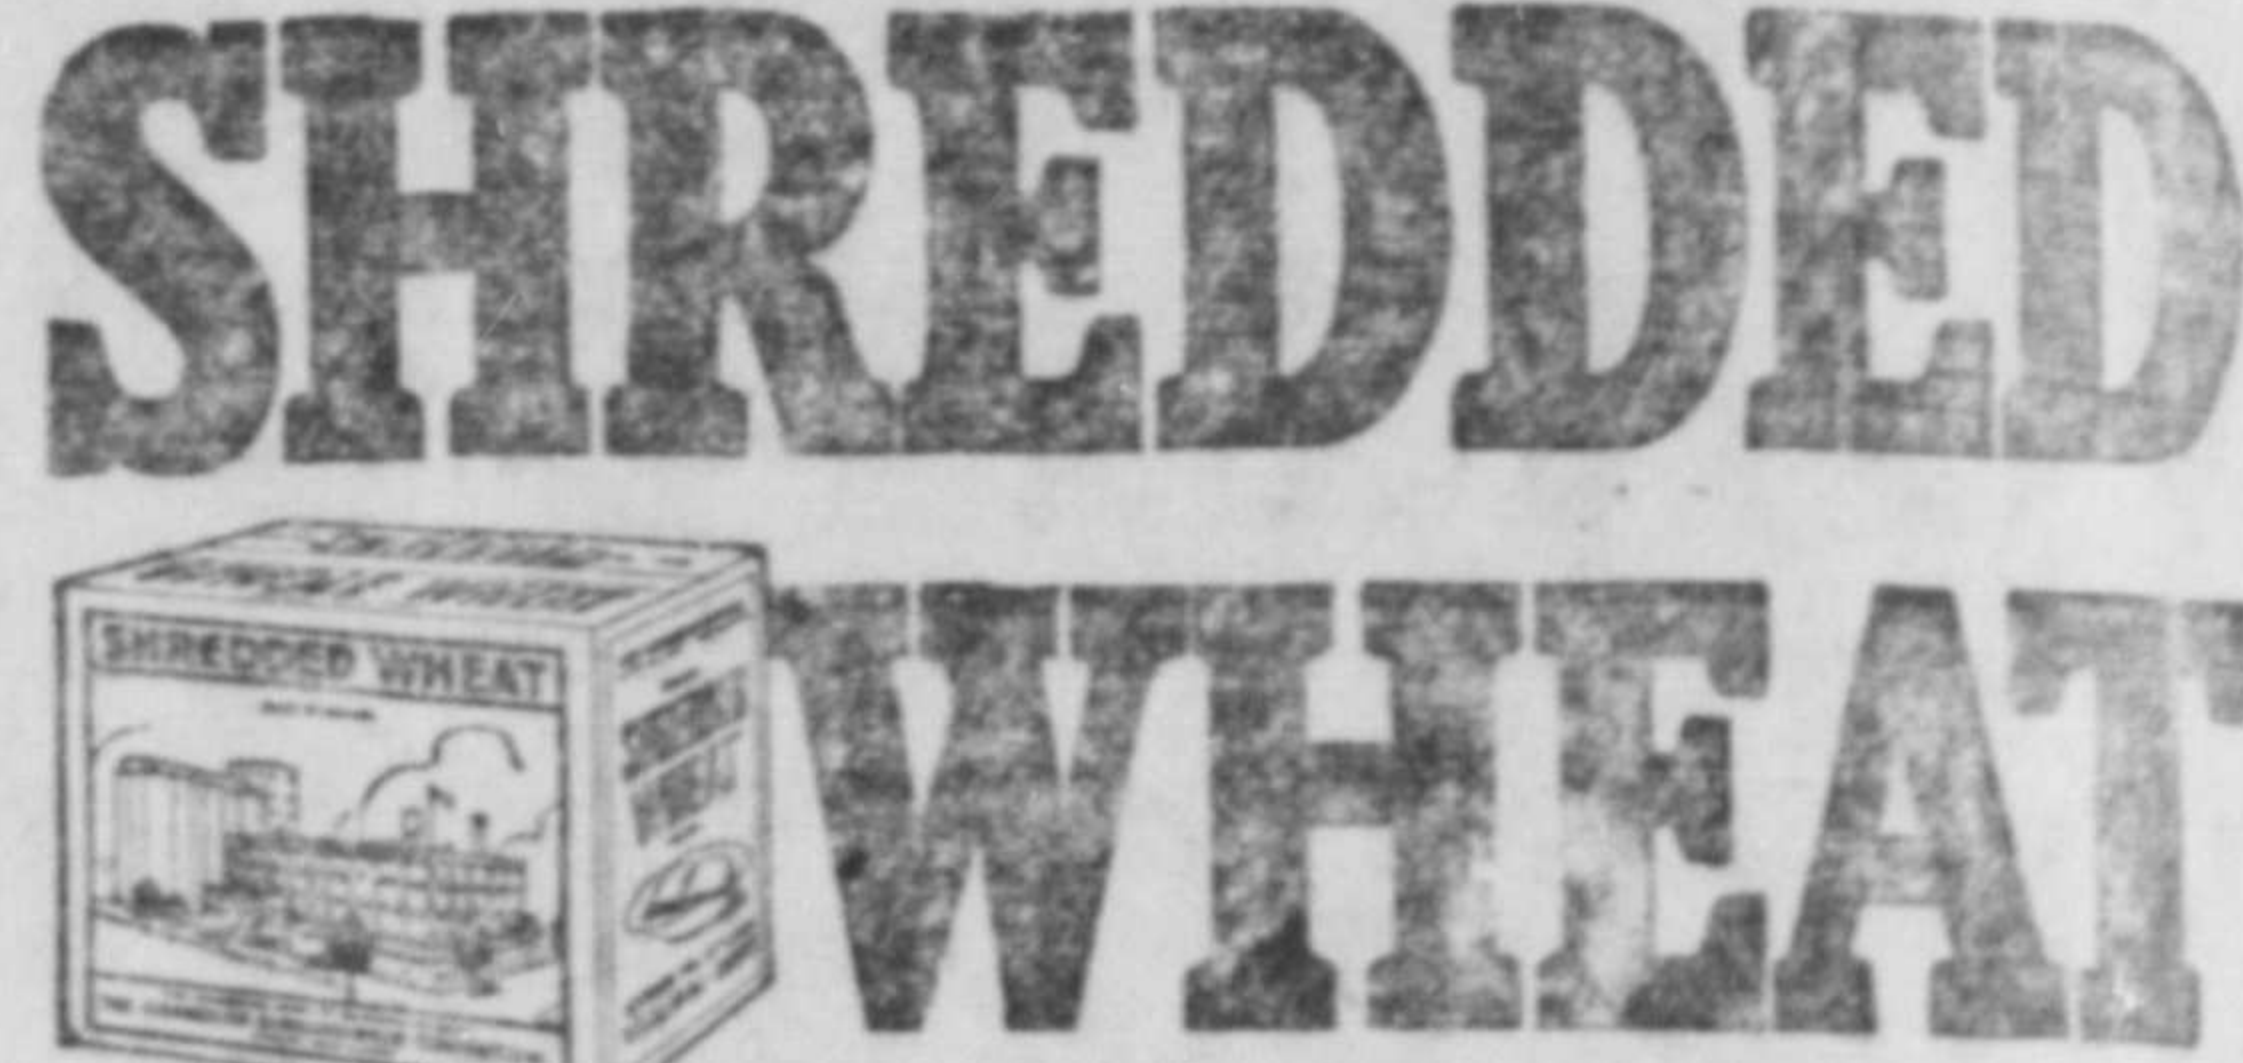

**National League**

#### OUTLET TO PACIFIC COAST

The C.P.R. in conjunction with the C.N.R. has definitely agreed to purchase the Alberta Railways, one of which extends almost into the Peace River section of Northern British Columbia and the line will be extended towards the coast, the deal being subject to ratification by the federal parliament and the Alberta legislature. The next thing will be to endeavor to accelerate the building of the line to the coast.

It will be for the engineers of the railway to decide where the coast outlet shall be. If it is thought that Prince Rupert is best there should be no difficulty in the C.P.R. securing proper running rights and port facilities. If the engineers should decide that Stewart is the place it will be for the Prince Rupert people to back it and help make the line a success.

While Prince Rupert people will naturally wish to see the C.P.R. make this their port jointly with the C.N.R., and Stewart people will wish to see that place made the terminal port for the new line, it is useless for the two places to feel themselves rivals. Each will use legitimate means to place their claims before the railways and governments concerned but there should be no ill-feeling in doing so. There is so much in common between the two places that there should be co-operation rather than rivalry.

#### SMELTER AT PRINCE RUPERT

When H. W. M. Rolston was in the city a few days ago he reminded the Daily News that he advocated a smelter at this city several years ago. He was still of opinion that this was the best possible site for it. The fact that it was the outlet for the Hudson Bay and other interior mines and that there was good water transportation with the coast mines made it an ideal location. He thought Prince Rupert people should work hard to secure it.

#### KAMLOOPS COMMUNITY HOTEL

The city of Kamloops recently erected a fine community hotel. The cost was \$142,000 and it opened for business on May 1 'ast. Local citizens of Kamloops subscribed \$100,000 of which the greater part has been paid up and now bonds are being sold to complete the amount.

Kamloops is not as large as Prince Rupert but the citizens are a real live bunch and are making the most of their opportunities.

### News of the Mines

#### AROUND PRINCE RUPERT

Silver Cup Mill to be Operating by November 15 — Mohawk Mine Resumes Operations—George Enterprise Assays High

By the middle of November it is expected that the new mill on the Silver Cup mine on Nine Mile Mountain near New Hazelton will be ready for operation and a steady flow of concentrates from the property should then commence. Splendid progress has been made on the erection of the plant and attention will now be directed to the erection of the tram line connecting the mine and the mill. To facilitate transportation, extensive work is also being carried out on the Nine Mile wagon road which will soon be in the best of shape. The mill, an oil flotation plant, will have a capacity for 50 tons per day with a

crusher capable of handling mill being but half a mile from double that amount. The ore from the main wagon road. Not only the mine will reach the crusher will the concentrating plant be over a 4,000 foot aerial tram, the modern but the camp will be up-

Anything Wrong With Your Skin?

WILL SOON PUT IT RIGHT  
Wash with Zam-Buk Medicinal Soap.

to-date in every respect. W. B. Dornberg of Vancouver is the modern spirit in the development of the Silver Cup mine which is being carried on successfully on an ambitious scale. The institution of regular shipments from the property will mean a great deal to New Hazelton camp.

The Mohawk mine on Four Mile Mountain at New Hazelton, which was recently abandoned by the Federal Mining & Smelting Co. as being too small, has resumed operations, the Mohawk Mining Co. having decided, upon the advice of an engineer, to continue the development. The owning company will follow upon the lines originally laid out by the Federal Co. and it is expected that, within two weeks, the tunnel will connect with the ore body which was the original objective. The new work will be in charge of Al Harris and he will have a crew of eight men to start with. While development work is proceeding, some ore will be taken out for shipment. Another deal is reported to be pending on the property.

All negotiations for the Mountain Boy property at Stewart are off and the company will itself carry on development, it has been announced by L. A. Derome of Montreal, representing the financial interests of the Pat Daly Mining Co. Though four good offers had been received from responsible operators to take over the property, the company has decided to hold on itself and carry on operations with ample capital available. It is expected that a producer will soon be made of the group.

A syndicate has been formed to carry on development of the Melvin group on the north fork of Marmot River and operations are now being rushed on the property. The Melvin group consists of five claims and fractions and lies to the north and adjoining the Porter Idaho and Prosperity groups. The capital of the syndicate is \$125,000.

High silver values on the Nelly W. and May groups at Stewart, which were bonded recently by Jack Pedersen and associates, are proving quite surprising. Assays representing three of the veins have shown from 1.8 to 8.36 ounces of silver and up to twenty-one per cent lead.

Recent development of the Silver Bell property at Stewart has resulted in opening up four parallel veins in width from twelve to thirty-three feet and traceable on the surface for 1,000 feet or more, all carrying commercial values. The crew on the property has been increased and it is the intention of the management to open up the showings for an engineer's report. Assays give commercial values in silver and lead with some gold.

Assays of ore from three main ore bodies, two of them silver zones and the third copper, on the George Enterprise, adjoining the George Copper, on the Upper Bear River show as follows: No. 1, 0.02 oz. gold; 140 oz. silver; 3.5 per cent copper; No. 2—0.04 oz. gold; 136 oz. silver; 3.3 per cent copper. No. 3—trace of gold; 4.0 oz. silver; 16 per cent copper. P. M. Linklater of Victoria, president of the company, states that the mine is assaying higher and opening up bigger than had ever been hoped for. Two camps of sixteen men are now operating on the property, opening up the ore bodies in a large way. The assays prove that the big copper zone of the George Copper extends into the Enterprise.

#### Man in the Moon

Fighting pays, whether it is prize fighting or just ordinary business.

If Tunney hadn't fought he would not have been a millionaire today.

Hot words often cause coolness.

Guesswork is not the kind of thing to put into business. Jake

## A WIDE APPEAL AS AN ADVERTISING MEDIUM

As an advertising medium the Prince Rupert Daily News has a wide appeal. Not only is it read by the people of Prince Rupert, many of whom look to it for mercantile guidance, but it reaches out to the country districts where its arrival is awaited with eagerness. The mining camps and the towns of the interior look to it for the first news of the outside world.

Prince Rupert people who wish to reach the surrounding districts find there is only one medium, that of the Daily News. It is better and cheaper than any other advertising medium and can be depended upon to bring results if anything can.

## Past and Present

In the past when only about 1500 papers were being sold, advertisers in the Daily News claimed they got good results from outside points as well as in the city. During the present year the circulation has increased over a thousand, and the appeal to advertisers is consequently that much the wider.

## Wisdom of Advertising to Keep Goods Moving

Very few merchants seem to realize the cumulative effect of advertising. Every new customer secured is worth a great deal and this new customer becomes an advertiser for others, if he is well treated. The newspaper not only brings customers direct but prepares the way for the spread of business by personal contact.

The advertising manager will be pleased to talk this matter over with prospective advertisers and show them the newspaper's mailing list.

The great advertising medium for Northern and Central British Columbia.

## TELLS ABOUT THE PILCHARD

Industry Flourishing on West Coast of Vancouver Island Says D. B. Finn

D. B. Finn, head of the local Fisheries Experimental Station, who recently returned from the west coast of Vancouver Island, gave an interesting address at the Rotary Club luncheon yesterday on the pilchard industry of the west coast. He explained that the pilchard resembled the herring and were found off Vancouver Island in vast numbers in the summer time. There were members of the Sardinia family and the young were packed as sardines. They were taken chiefly for the oil and meal which was secured. In order to show the growth of the industry, Mr. Finn stated that in 1917 the output of fish oil was 44,000 gallons and in 1927 the total was 2,938,000 gallons. This was largely from pilchard stations.

The fish were caught in the inlets in purse seines. One haul of 180 tons is reported, the catch being loaded into barges and scows. It was found now that the fish were not coming into the inlets any more so the boats had to go outside for them in the rough waters of the Pacific.

**The Process**

Arriving at the plant the fish were put into storage bins and fed into a cooker, the cooking lasting about 20 minutes. From there they went to the press where the juice was pressed out, this being chiefly water and oil. The meal was put through a dryer from 150 to 100 feet long and this station was particularly interested in the drying process and it was thought some improvements could be made there. Last year most of the meal was shipped to Germany for food purposes but it was found to be indigestible and this year very little was going there. The fault was supposed to be in the drying.

The pilchard weighs about a quarter of a pound and as many as a million and a quarter were used at one reduction plant in a day. As there were 29 plants of varying sizes the total output was about fifteen million fish a day.

The life history of the pilchard was now being studied. It was thought that they were deep water spawners. They did not come to Vancouver Island to spawn. Sometimes mackerel were caught with the pilchards and herring also. Salteries were being established at some of the plants and pilchard were being canned.

Mr. Finn said there had been a scramble to invest in the pilchard reduction but he expected to see the industry make less profit and become stabilized.

**Arriving at the plant** the fish were put into storage bins and fed into a cooker, the cooking lasting about 20 minutes. From there they went to the press where the juice was pressed out, this being chiefly water and oil. The meal was put through a dryer from 150 to 100 feet long and this station was particularly interested in the drying process and it was thought some improvements could be made there. Last year most of the meal was shipped to Germany for food purposes but it was found to be indigestible and this year very little was going there. The fault was supposed to be in the drying.

## INSTITUTE MEETING HELD AT TERRACE

TERRACE, Sept. 13.—The regular monthly meeting of the Terrace Women's Institute was held on Tuesday afternoon in the Terrace Theatre and was presided over by Mrs. Hall, president.

The resignation of Mrs. T. E. Brooks as vice-president was accepted and Mrs. J. McConnell was appointed to fill the vacancy.

Mrs. McConnell gave a report on the results obtained at the fair by the Boys' and Girls' clubs. These were very satisfactory. Mrs. McConnell reported much enthusiasm shown among the children and expected that by another year many more would wish to join.

Mrs. H. I. Smith gave a detailed report of the recent hospital fund meeting and reported that a successful canvass for X-ray funds was at present being carried on throughout the district.

A report was made on the activities of the institute during fair day and the treasurer was requested to turn over to the fair board the funds resulting from the evening.

Following the business meeting Mrs. G. H. Barker read an interesting paper on Education and Better Schools, after which tea was served by Mrs. H. L. Frank and Mrs. George Hipp, hostesses for the month.

## TEA AND SOCIAL ARE SUCCESSFUL

Catholic Women Entertained Yesterday Afternoon and Last Evening Under Mrs. Besner's Convener

The Catholic Women's League held a successful tea and sale yesterday afternoon in the school hall, a social following last night being also well patronized. Mrs. Olier Besner was convener for both events, being assisted by Mrs. J. J. Gillis.

The following ladies were in charge at the tea:

Home cooking—Mrs. Wilfried Gratton and Mrs. J. Arthur Smith.

Tea room—Mrs. B. Curtin and Mrs. W. H. Kinkade, pouring, and Mrs. J. C. Brady, Mrs. J. Lorne McLaren, Mrs. William Brass, Mrs. Sidney Batchelor and Mrs. Louis Amadio, serving.

Cashier—Mrs. George Holmes.

During the afternoon Miss Ruth Hillehey sang vocal solos, accompanied by Mrs. H. C. Fraser. Miss Emily Zarelli and Miss Mary O'Brien gave piano selections.

Cards and dancing were enjoyed at the social in the evening. Prize winners at cards were:

Bridge—Men's first, Pat Voyer; men's consolation, Harold Ponder; ladies' first, Mrs. G. E. Gullick; ladies' consolation, Mrs. A. Astori.

Whist—Men's first, Mrs. L. Lersen; men's second, Miss N. DeMarco; ladies' first, Mrs. D. D. McDonald; ladies' consolation, Mrs. E. E. Yager.

The attendance prize was won by Mrs. Norton and Mrs. J. C. Brady was the winner of a tray cloth, holding ticket 8.

Music was supplied for the dancing by Al. Small's orchestra, P. J. McCormick was master of ceremonies and Miss E. Roberge presided at the door. Refreshments were served at midnight under the direction of Mrs. Carroll.

## LABOR COUNCIL ON TEXT BOOKS

Urges that Government Print Them or Supply Them at Cost to Pupils

Number of Matters Before Meeting Last Night. S. D. Macdonald in Chair.

At last night's monthly meeting of the Prince Rupert Trades & Labor Council a strong resolution was passed protesting against the present system of school text books—first, on the grounds that the use of some of them are too frequently changed, and second, because of the excessive cost of same. The feeling was expressed that the books should at least be printed by the provincial printing department and the suggestion was also made as an alternative, that the books be purchased by the schools and sold to the pupils at cost. The resolution of the local council will be submitted to other Trades & Labor councils in the province as well as Parent-Teachers' Associations with a view to receiving their endorsement. Under present conditions, it was said, the high cost of text books practically prevented the children of some workers from taking higher education.

A report was received from the Labor Day celebration committee on the recent celebration which was one of the most successful, from every standpoint, the council ever held. A neat balance has been left over for the treasury.

The council decided to purchase twenty-five copies, for distribution among delegates, of a pamphlet entitled "Family Allowances," a treatise on economic matters, by Leon Lebel, F.J.

A communication was received from J. D. McNiven, deputy minister of labor, in answer to a complaint that had been made the matter of conditions at the Premier Mine.

There was a large attendance of delegates at the meeting which was presided over by S. D. Macdonald, the president.

Meeting went on record protesting the holding of positions by married women when single women are looking for employment.

## FIRST PROSECUTIONS UNDER NEW CITY BYLAW

Five Persons to Go With Warning This Morning—One Man Fined \$5 Under M.V.A.

First prosecutions under the recently enacted city parking by-law were made in city police court this morning before Magistrate McClymont, and, it being the first appearance of all those who were charged, Homer Clay, Frank Davies, Walter Longwill, Carl Halverson and Fred Cameron were each let off with a warning.

A second charge against Clay allowing the motor of his car to run while the machine was unattended, which is in contravention of the Motor Vehicle Act, resulted in a fine of \$5.

## HALIBUT PRICES ARE LOWER AT EXCHANGE

High American Bid of Day Was 16.3c and 7c While Top Canadian Price Was 14.8c and 8c.

There was a drop in prices at the Fish Exchange this morning when a total of 102,500 pounds of halibut was sold—three American vessels disposing of 58,500 lbs at 15.9c and 7c and 16.3c and 7c while two Canadian boats received 14c and 6c and 14.8c and 8c for 44,000 pounds.

**American**

McKinley, 48,000 pounds, Booth Fisheries, 15.9c and 7c.

Mars, 3,500 pounds, Canadian Fish and Cold Storage Co., 15.9c and 7c.

**Canadian**

Cape Beale, 29,000 pounds, Canadian Fish and Cold Storage Co., 14c and 6c.

Prosperity A., 15,000 pounds, Royal Fish Co., 14.8c and 8c.

## LABOR MEMBER OF PARLIAMENT IS NOW AN ENGLISH BARONET

ETWALL, England, Sept. 21.—Sir Oswald Mosley, 54, died today. The heir to the baronetcy is Oswald Ewald Mosley, Labor M. P. for Smithwick who married Lady Cynthia Curzon, second daughter of the late Marquis Curzon.

**Why MALKIN'S BEST BAKING POWDER is better than ordinary brands**

Mrs. J. V. B., Fraser Street, Vancouver, says—"I have been in Vancouver twenty-nine years and have tried all its Baking Powders and have found none to compare for QUALITY and PURITY WITH MALKIN'S BEST BAKING POWDER." (Original letter on file)

Meeting went on record protesting the holding of positions by married women when single women are looking for employment.

## WILL FIGHT EXTRADITION

So Says Lawyer Defending Young Northcott at Vancouver

VANCOUVER, Sept. 21.—That Gordon Stuart Northcott had declared the charges of murder to be all lies and would fight extradition to the bitter end and had retained him as counsel, was the announcement made today by Frank Lyons, Vancouver barrister.

Lyons said that Northcott had told him "The first of these lies will be exploded when Winnifred is produced today."

Winnifred was taken to mean Mrs. Winnifred Clark, sister of Northcott, who was located in Calgary today.

## SEARCHING FOR GODFREY

OTTAWA, Sept. 21.—Possibility of other planes being sent for the Godfrey party missing in the Peace River country since Sunday is indicated by officials of the department of National Defense.

Capt. T. Mercer of the R.C.A.F. has been despatched from the Ladder Lake air base in Northern Saskatchewan via Fort McMurray and Chipewyan to follow the scheduled route of Godfrey's plane. A motorboat may be sent along the Peace River to search the inlets. Increasing anxiety is being felt by the department officials.
