FORGED PAPERS CAUSE BRITISH GOVERNMENT TROUBLE

Anglo-French Naval Agreement Is Forgery Says Foreign Office

LONDON, August 28.—"We have seen copies of a letter which purports to have been written by Sir Austen Chamberlain, secretary of state for foreign affairs, to Aristide Briand, French foreign minister, concerning alleged terms of an Anglo-French naval agreement, and we have no hesitation in declaring the letter must obviously have been a forgery. No communication, even remotely in such sense as suggested, ever passed from Sir Austen to M. Briand." This statement was issued by the foreign office to the Canadian Press.

The document, a summary of which was published widely in United States and Canada, has now been received in London and it is stated to be a most patent and palpable forgery. It is understood the British government has called instruction to the British embassy at Washington to deny categorically the authenticity of the document.

LOST LIVES IN TORONTO

Three Burned to Death and Others Probably Will Die

TORONTO, Aug. 28.—Unable to escape from a blazing building on Queen Street East in which they lived, three people lost their lives early this morning and two were probably fatally injured. The dead are Joseph Kliman and his wife Sarah and a son Sidney, three years of age. The injured are Sadie 14, Morris 8, Bessie 6, the last being less seriously injured.

The fire started in a store on the ground floor. The bodies of those dead were found in the front room, the others in the rear room.

MATERIAL FOR CAR BARGE JOB COMING WITHIN FEW DAYS

Meantime, the staging is up in the big ship shed and everything proceeded with as soon as the is in readiness for the job to be proceeded with as soon as the material arrives.

Mackenzie King Was Centre Of Scene of Courtly Pomp As He Signed Historic Pact

PARIS, August 28.—Amid a scene of courtly pomp Premier Mackenzie King, Canada's Premier, affixed his official signature to the pact for the outlawry of war, thus committing Canada to settle disputes with other countries by pacific means hereafter. He followed Lord Cushendon, Britain's plenipotentiary, who was the sixth to sign.

As great crowds surged around the foreign office Premier King, accompanied by Senator Dandurand, Dr. C. D. Skelton, under secretary for foreign affairs, and Harry Baldwin, the Premier's secretary, arrived fifteen minutes previous to the ceremony.

Promptly at three Premier Poincare of France entered and directly afterwards the principal signatories followed.

Following an address by M. Briand, French foreign minister, the document was signed. Dr. Gustav Stresemann of Germany being first to affix his signature and four minutes later Premier King signed. He was smiling as he resumed his seat and was greeted by Lord Cushendon before sitting down.

WINNIPEG, Aug. 28.—D. G. McDonald, prominent lumberman and well known in western Canada as a breeder of thoroughbred horses, was found dead in his garage, a victim of carbon monoxide gas.

JINX FOLLOWS RACING SHIPS

AMERICAN CONTENDERS ALL GONE LEAVING BLUENOSE UNDISPUTED CHAMPION

GLOUCESTER, Mass., Aug. 28.—Loss of the fishing schooner Henry Ford off the west coast of Newfoundland completed the work of the jinx that has dogged American contenders for international racing honors and leaves the Lunenburg schooner Bluenose the undisputed champion of the North Atlantic fishing fleets. The Henry Ford went aground on Indreshoal while on a halibut fishing trip and has been reported a total loss. Her crew was saved.

The other American contenders for the International Fishermen's Cup which have gone to their doom since the races were inaugurated in 1920 for the purpose of improving the type of fishing vessels used, were the Columbia, Esperanto, Puritan and Elizabeth Howard.

Loss of the Columbia was the most tragic of the disasters. She sailed for the fishing grounds in July of 1927, never to return to port. It is believed she foundered in the storm of August 24 of that year, when severe losses to shipping were suffered.

In June 1921, the Gloucester schooner Esperanto, which had defeated the Canadian schooner Delawana to win the International Cup, went to her doom in the treacherous surf of Sable Island, but her crew was rescued.

Gloucester men built the Puritan, intending to match her against the Canadians, but even before she was launched fears of the waterfront knew she would never race. Her doom was sealed by one of the old superstitions of the sea when one of her hatches overturned. She left the stocks in April 1922 and two months later was in the "graveyard of the Atlantic," having struck on the northwest bar of Sable Island, almost at the spot where the Esperanto was wrecked.

It was following the loss of the Puritan that Gloucester built the Henry Ford. Her ill luck began an hour after she was launched when she grounded on a sandbar at the mouth of the Essex River, where her hull was pounded for a week before she could be pulled off, repaired and made ready for fishing.

The jinx went aboard the Elizabeth Howard, smartest of all the schooners that figured in the fishermen's contests, during the elimination races off here in 1922, when she lost her topmast in one trial and narrowly escaped collision with a destroyer in another. A year later, November 1923, this graceful craft was lost off Forters Island, Nova Scotia.

All the schooners had other mishaps than that which ended their careers. The Columbia was rammed by a French trawler on her second trip to the Grand Banks and narrowly escaped sinking. She was repaired at St. Pierre, but the delay prevented her competing for the Sir Thomas Lipton trophy, sailed for in connection with Gloucester's 80th anniversary celebration.

The Canadians have not escaped the jinx. During the elimination races at Halifax the first year of the contests the captain of one of the contenders fell overboard and was drowned, and during the first international race at Halifax one of the owners of the Delawana died suddenly. As the Bluenose was preparing to sail for home after the Gloucester series of 1922, a member of her crew fell from a dock to his death.

Loss of the Columbia was the most tragic of the disasters. She sailed for the fishing grounds in July of 1927, never to return to port. It is believed she foundered in the storm of August 24 of that year, when severe losses to shipping were suffered.

HIGH SCHOOL APPOINTMENT

FINAL TEACHER TO FILL VACANCIES COMING FROM ESQUIMALT; OPENING NEXT TUESDAY

The final appointment to fill the vacancy at the local High School has been made, Harold Richard Sharples of Victoria being the appointee. Mr. Sharples has been for the past seven years with the Esquimalt High School. His appointment makes possible the inclusion of the matriculation class, eight students having made plans to attend throughout the coming year.

All public schools, including the high school, open on Tuesday next. Some of the teachers are arriving, Miss Vickers, who goes to Westview having already been introduced to her new location by the secretary.

VANCOUVER, Aug. 28.—Right Hon. Arthur Meighen was a visitor in Vancouver yesterday on business.

DUKE THINKS RAMSAY NEXT BR. PREMIER

Sees Swing of Pendulum Carrying Labor to Power Once More

WINNIPEG, Aug. 28.—The Duke of Newcastle, here on a tour of the west, thinks it quite possible that Ramsay Macdonald, Labor leader, will become prime minister of Great Britain after the next election. He says the possible change will be due to the serious increase in unemployment and also to the political pendulum swinging one way and then the other in Great Britain.

Miss Alice Stephens, who taught school at Osnah River, Porcher Island, last year, has secured a school in the Francois Lake district for the coming term. She will teach a few miles from Miss Alice Pillsbury, also of this city.

Results Next Three Days Big Single Factor In Determining Who Will Win, Odds Are Even

Candidates Set Fast Pace; Never Was Race so Close or Hotly Contested; Candidates' Determination Arouses Public Interest; Next Friday Night Important

Just three days remain of the most important, most vital period in the Prince Rupert Daily News \$4,000 Gift Distribution. The second period vote offer, the biggest of the remainder of the campaign, ends Friday night at 9 p.m. The points schedule in the new \$200 competition for the two \$100 new cash prizes also decreases on the same day and at the same hour.

In the short period of 3 days candidates have their last opportunity to land votes on the "double quick" and of literally clinching the prize of their desire. The next three days will determine to a large extent, just which candidate in each district will enrich their bank accounts by an extra \$100 prize.

Never in this territory has a race of any kind been so extremely close or so hotly contested. This fact has undoubtedly served to arouse the truly extraordinary interest being taken in the final dash for the wire.

It is doubtful if there exists a single home in the entire territory served by The News which is not interested one way or another in this campaign and in the success of one of the favorites, watching each gain with anxiety and eagerness, hoping and trusting that their choice may come under the wire first and be acclaimed the champion of champions, the winner of the grand cash prize.

Three days is a short time. The hour of 9 Friday night will be here almost before you know it. To delay now, to put off activity for so much as another day may be vital to the campaign fortunes of any contender. To win any one of the capital or district prizes a candidate MUST hit the ball this week.

STABBING CASE ON PRINCESS

COLORED MAN LODGED IN JAIL CHARGED WITH ASSAULT WITH INTENT

VICTORIA, Aug. 28.—Following a charge of assault with intent to murder following a stabbing affray on the Princess Adelaide early Sunday morning shortly after the steamer left Victoria for Vancouver, Freeman Frederick Fletcher, colored, of Yorkton, Sask., was remanded until today when he will appear in police court.

William Canning of Vancouver, the victim of the attack, is in St. Joseph's Hospital where his condition is improving although he is not yet out of danger.

According to the police a card game was in progress when an altercation arose between two men with a large crowd of race track followers and other passengers looking on. The two shifted to the after deck where Fletcher drew a knife and stabbed Canning a number of times on the chest, back and on the left arm.

Fletcher was immediately seized by ship's officers and the Adelaide put back to Victoria where he was lodged in jail and Canning was rushed to the hospital.

NAVAL FORCE CO-OPERATION

REPORT PUBLISHED IN UNITED STATES IS DENIED BOTH IN LONDON AND FRANCE

LONDON, Aug. 28.—The Sunday Times says that no credence is placed by authorities of the Foreign Office in a report published in North America that Great Britain and France have agreed to a co-operation of the naval forces of the two countries.

PARIS, Aug. 28.—Official circles here deny all knowledge of the report that Great Britain and France have reached an agreement for naval co-operation.

General Assembly of Presbyterian Church Forbids Orr Preach

VANCOUVER, August 28.—The commission of the General Assembly of the Presbyterian Church has issued an order forbidding Rev. S. Robertson Orr, suspended pastor of the Central Presbyterian Church, to hold services, it was announced at a meeting of the congregation last night.

Mr. Orr is under suspension pending a hearing of the divorce case in which he is named as co-respondent. He has, however, been holding services in another building. He has declared his freedom to preach the gospel but stated he would not use the Presbyterian service.

Copies of letters written by the Assembly to Mr. Orr and to the Central Church were read last night. The correspondence warns each office bearer and member that attendance at Mr. Orr's services may jeopardize his standing in the Presbyterian Church.

DAILY EDITION Tuesday, August 28, 1928

TREATY OUTLAWING WAR

The signing of the treaty outlawing war by fifteen nations is possibly the most important step yet in the movement toward universal peace. While it does not mean as much as it might seem, because no nation ever admits that it is the real aggressor in case of an outbreak, it is an important crystallization of modern thought. People today are opposed to war as they have never been before. They see the futility of killing one another in order to settle some question which could easily be adjudicated. Every nation is giving the matter earnest consideration and the tendency everywhere is against any country being precipitated into conflict without the people of that nation first being consulted.

BAD SETBACK TO AVIATION

The sad loss of a passenger airplane near Victoria is a bad setback to aviation. It will tend to make people lose confidence in air travel. Coming, as it does, just when a new service was being inaugurated, it will mean that the company operating will find itself badly handicapped and possibly may have to go out of the business, temporarily at any rate.

FALSIFYING RECORDS

The value of an A.B.C. audit to the merchants who advertise is well illustrated in a recent case just reported. An Arizona newspaper falsified its records and these were discovered by the auditor on his regular rounds. He reported the case and the paper was suspended from the organization. In order to make good and secure reinstatement, the proprietor of the paper repaid to every advertiser the amount of overcharge for advertising based on the false statement and also paid a goodly sum to the rival newspaper for business wrongly secured from it. This indicates what the Audit Bureau of Circulations means to those who have no other way of gauging a paper's circulation.

News of the Mines

AROUND PRINCE RUPERT

Topley-Richfield is Showing up Well—Taylor Active in Owen Lake Field—Jack Rabbit Looks Good

Diamond drills at the Topley-Richfield mine are now working into a huge body of ore. Thirty feet of ore in Hole 6 is outstanding of a series of encouraging reports received at Smithers from the property. No. 1 hole was drilled to a depth of 920 feet and penetrated a strong body of ore with values of \$16 in gold and silver. In No. 6 hole the ore was encountered all the way from 240 to 270 feet deep. Drilling continues in this hole and it is believed that the body will be continuous to a much greater depth. In the underground development at the property good results are being obtained.

The main operation at present consists of a cross-cut from the west vein to the east vein to strike the strong showings of high grade uncovered on the surface a few weeks ago. This cross-cut has passed through fifty feet of heavy mineralization, some yielding very high values, and, while the vein has not yet been encountered, conditions are such that the objective is expected to be reached at any time. With the north drift on the west vein extended to a point necessitating another raise to the surface to improve air conditions in the underground workings, operations have been transferred to the ground south of the main shaft and at this point there is a full face of ore. Operations are being continued to establish the extent of all the ore bodies on the property. With several new showings recently opened up, followed by success in the drill holes, Topley is proving up even better than anticipated and its development is offering new problems for the management to deal with. Already plans are being made for additional power. J. M. Turnbull, professor of mineralogy at the University of British Columbia, who is consulting engineer for Topley-Richfield, visited the property recently and expressed great satisfaction with the outlook. H. L. Batten, consulting engineer for the underwriters of the stock, is also well satisfied. There is every prospect that the property will soon reach the stage of one of the most important ore producers in Northern British Columbia if not in the entire province.

Frank H. Taylor, managing director of Topley, has taken under option and has purchased several well known groups of claims in the Owen Lake country and is planning to start a big development campaign by way of diamond drilling and tunnels which he is confident will bring about a huge producing mine in the near future. On the Owen Lake properties there are immense showings of gold, silver, copper ore and the assays are most promising. Some of the properties recently acquired in the Owen Lake district by Mr. Taylor are the Cole group, Wrinch group, Angus McLean group, and Weden and Larson holdings as well as other prospects and stakings.

Splendid results are being obtained from development of the Victory mine on Hudson Bay Mountain for Capt. J. J. O'Brien of Philadelphia. In a drift being run along the first vein encountered in the long cross-cut tunnel, where work has been recently centred, fourteen inches of clean ore is shown in the face and the ore is improving as the tunnels advance. The drift, which has been extended thirty feet, is gaining good backs with the drift striking into the hill and one of the several main ore bodies is expected to be encountered very shortly. Thirteen men are now employed at the property and compressor outfits are doing excellent work. The road to the property, severely inundated by recent heavy rains, is now being repaired by the department of

LABOR PARTY LEADER FRIDAY

Ramsay Macdonald Curiously Anomally According to Toronto Newspaper

On Friday next Right Hon. J. Ramsay Macdonald, leader of the British Labor Party, is expected to arrive in Prince Rupert accompanied by his daughters. Speaking of this former Premier of Britain the Financial Post of Toronto says:

Ramsay Macdonald is one of public works and transportation of supplies is becoming an easier task.

Development work which has been carried on of late would seem to justify the opening of large scale operations on the Jack Rabbit group of mineral claims in the district between Perow and Topley. The Jack Rabbit group is located about four miles west of Topley-Richfield mine and about the same distance from the railway. The property was recently taken under option by Frank H. Taylor and men were put to work prospecting the surface from an outcrop on Little Johnny Creek. Assays from the ore taken on this outcrop gave returns of \$30 per ton with gold values running very high. Development has been by way of open cuts on the surface exposures and the point has now been reached where it is possible to start a drift tunnel into the hill in order to give depth of approximately 150 feet on the ore. Gold and copper are the chief values.

those anomalies which are perhaps more frequently encountered in the public life of England than of any other country. Though the leader, and to a degree the creator of the Labor party, he is in manner, and by instinct and association, of the patrician class. Oscar Wilde once described a Radical as a man who had never dined, and a Tory as a gentleman who had never thought. Ramsay Macdonald, one feels, is so far removed from the first description as to have an easy familiarity with the correct use of both a salad fork and a niblick.

Hence there must be a constant "war in his members." With the violent views of men like Cook he can have no sympathy. He has that double sense of Imperial destiny and Imperial responsibility, which marks the most thoughtful men of both the Conservative and Liberal parties. Yet his training and his teaching within the ranks of the Labor party commit him, in the working out of our Imperial tasks, to disturbing views and principles. To these he consistently adheres in his public career. It is not difficult to understand how, at the head of a government, he finds it as difficult to reconcile his professed principles and his instincts,

as it is to give administrative coherence to the stubborn and uncompromising views of the members of his ministry. Some hint of weariness was reflected in occasional remarks made by the distinguished statesman in his addresses to Canadian audiences. The evolution of parties, new and the same way that settled government and ordered precedent have evolved in the rough island story of the Motherland. In that evolution, despite views and policies which may at the moment seem extreme, Ramsay Macdonald is playing an important, and on the whole a salutary part. In that connection both the information and the courtesies he is now receiving from the Canadian people will be helpful.

Thomas McCubbin, well known Pacific merchant, and son arrived in the city on yesterday afternoon's train from the interior and embarked on the steamer Prince Charles to make the round trip to Stewart, Anyox and Massett Inlet points.

RECEPTION AT SALT SPRING ISLAND GIVEN TO COLONEL PECK, V.C.

A reception and garden party, organized by the Conservative Association at Ganges to congratulate Col. C. W. Peck, V.C., M.P.P., on his victory in the recent election, took place in the beautiful grounds of H. W. Bullock's residence on Salt Spring Island, kindly loaned for the occasion. It was attended by a great many people from all parts of the Island. Colonel and Mrs. Peck, accompanied by Mrs. S. F. Tolmie and a large party of friends, arrived by special launch and were met by cars at Fulford Harbor. The party returned to Sidney in the evening by launch.

Reforestation

Much has been said recently about re-forestation in B. C. The present forest is the result of natural reforestation when the human hazard was not present to defeat nature.

Natural re-stocking of cut over lands is now going on, as may be seen almost everywhere, and nature will again re-establish the forests if only fire is kept out.

TERRACE READY FOR FALL FAIR

COMMITTEES APPOINTED AND JUDGES ARRANGED IN CONNECTION WITH BIG EVENT

TERRACE, Aug. 28. — Terrace Fall Fair Board met on Friday evening in the Municipal Hall with H. A. Swain in the chair and the majority of the members present.

Mr. Swain reported that owing to the poor crops in the interior, D. D. Munro of the Land Settlement Board had had to give up the idea of sending a display of Northern B.C. produce to the provincial fair at New Westminster but requested that Terrace assist in making a display of Skeena and Bulkley Valley produce at Prince Rupert. It was agreed to do all possible to assist Mr. Munro in gathering together a display of local produce following the local fair.

The secretary reported that the following judges would be here to officiate at the Terrace Fair:

- Fruit and vegetables — E. C. Hunt, Nelson.
- Field crops — S. S. Phillips, Smithers.
- Live stock — Dr. W. W. Alton, Vancouver.
- Poultry — Rev. C. McDiarmid, Mission City.
- Domestic and fancy work — Mrs. Pitts, Nelson.

The original committees appointed early in the year were asked to oversee the sections over which they had charge of the revising of the lists. Final plans for the laying out of the hall rooms and the allotment of space to the different displays was left until the day before the fair when a meeting of the directors was arranged for 9 a.m.

The finance committee composed of Messrs. Gordon Swain, Kenney and Halliwell were authorized to canvass the district for donations to the fair. Arrangements for the sale of tickets, music and other details in connection with the dance were decided. The Women's Institute have charge of the afternoon tea room and the refreshments for the dance.

The secretary was instructed to write asking the local mills to close for their half holiday on Friday instead of Saturday.

The final judging of the children's gardens will take place early in the week before the fair to allow of the children gathering their produce to display at the fair.

NEW HAZELTON

Thomas B. Lewis, who has been engineer in charge of development work being carried on by the Federal Mining & Smelting Co. on the Mohawk property, paid a brief visit to New Hazelton last week. He was here in connection with the closing down of operations on the property which the company has decided to abandon.

Indians of Hagwilget, Morietown and Hazelton are protesting at the closing of Hagwilget bridge by the provincial government. The detour which is thus made necessary greatly inconveniences them, they declare.

W. J. Larkworthy returned to town at the first of last week following a business trip to Vancouver and Victoria.

Mrs. E. R. Coxand family have left for Vancouver where they will reside in future.

Mr. and Mrs. William Gow, who left last week for Vancouver, will proceed to the Peace River District where they will remain for some months and possibly take up future residence.

Pete Spooner, who is working on the main highway east of here, spent a few days in town last week.

Dr. Leonard Winch returned home at the first of last week after attending the convention of the B. C. Hospitals Association in Vancouver.

Bob Hazen has purchased the Rankin farm on the bank of the Skeena River above Hazelton. This is one of the oldest farms in the district.

Capt. Yarlett of the Salvation Army at Glen Vowell is back from a trip to Prince Rupert where he attended an Army rally.

There has been quite an epidemic of measles among the school children here recently.

PRINCE GEORGE

The Prince George Board of Trade held a dinner Friday night in the Prince George Hotel in honor of Hon. F. P. Burden, newly appointed minister of lands in the provincial government. There was a large attendance and Mr. Burden was given an enthusiastic reception. The new minister will be leaving shortly for Victoria to take up residence.

Weather was cooler here during the past week, the highest thermometer reading having been 76 above zero on Tuesday.

Robert Baird, Grand Master of the Masonic Lodge of British Columbia, paid an official visit to Nechako Lodge here on Tuesday evening of this week.

Miss Dorothy Guest of this city won the challenge cup and medal for home economies at the Vancouver Exhibition in competition with girls from all parts of the province. Miss Dorothy Guest and Miss Isabel Tyner, who participated in the competition, returned home from Vancouver on Tuesday evening of last week.

Prince George district logging camps and sawmills are reaping benefit as a result of the big wheat crop on the prairies. Plants are all working to capacity now and an active demand has boosted the price of lumber \$2 per thousand.

Ball-Bearing Motors Save \$705.84

When a large lumber yard five years ago installed Ball Bearing Motors to replace Sleeve Bearing Motors, they immediately eliminated all the troubles common to sleeve bearings: oil soaked windings, short circuits caused by misalignment of the rotor, bearing failures and all the other troubles that tie up machines and increase overhead expense.

The ball bearing motors, in addition to keeping machines in operation, saved the sum of \$705.84 annually. On twenty motors, with a total of 600 h.p., they saved annually \$300 for repairs, \$295.94 in power cost, \$95.50 oiling cost, and \$14.40 for oil. This is more than one dollar per year per h.p.

The strike of masters and mates on coast steamers has now been settled and the regular services are being resumed. The steamers Prince Rupert, Prince Albert and Venture are on the way north from Vancouver today.

The Prince Rupert branch of the Red Cross is making a general appeal for food-tuffs and money for use in work in connection with the War.

Three mills are now in operation at Port Clements cutting airplane spruce, about five hundred men being employed. A new sawmill at Buckley Bay will soon be ready for operation.

HOW SUBSCRIPTIONS COUNT IN POINTS

Up to and including Friday, August 31, the following number of points will be issued on subscriptions:

1 year	8 points
2 years ...	16 points
3 years ...	24 points
4 years ...	32 points
5 years ...	40 points
6 years ...	48 points

The above schedule shows "HOW SUBSCRIPTIONS COUNT IN POINTS" in the new campaign for the \$200 COMPETITION which has been announced. You will notice that subscriptions turned in by Friday night, August 31, count more points than they will if not turned in until the following week. New, arrears, renewal or second payment subscriptions each count the same number of points in the \$200 COMPETITION.

EACH candidate in the \$4,000 Prize Campaign now has the opportunity of entering the \$200 COMPETITION, and any subscriptions they secure and turn in now will count votes in the \$4,000 prize campaign and points in the \$200 Competition.

Note—Only one nomination blank will be credited to each candidate nominated.

With the all-important second period ending forever promptly at 9 o'clock next Friday night, it is only natural to expect every candidate, who expects to win either one of the big prizes originally announced, or one of the two \$100 cash prizes in the new \$200 competition, to do their very best during the short time that remains.

To make it easier on the campaign department to handle the volume of subscriptions which are expected to come from the "live" candidates before this period ends, every candidate is urged to make frequent reports to campaign headquarters. By doing this we will be able to give you more time than we will if all the candidates wait until the closing hours of this period to make their reports. Out-of-town candidates are urged to mail their subscriptions on each mail coming to Prince Rupert and not hold them until the end of the week.

In addition to lessening your work and ours, frequent reports to campaign headquarters will often be the means of your securing some information which will enable you to make your campaign more highly successful.

No candidate will be permitted to enter The Daily News office after 9 o'clock Friday night, August 31 for the purpose of turning in subscriptions to apply on the big votes and points of the second period. All candidates in the office by that time, however, will be waited on and their subscriptions will count on the present big vote and point schedules.

ANY subscriptions mailed in ANY postoffice ANYWHERE which are post-marked not later than 12 p.m. (midnight) Friday, August 31, will also count on the big votes in effect until Friday night only, even though they do not reach this office until Saturday or even later. Those candidates who live in towns where the mail is not post-marked frequently will be given second period points and votes on all subscriptions postmarked for the first mail after midnight next Friday, August 31.

Campaign headquarters located on the second floor of The News Building, 243 Third Avenue, are open each day from 9 a.m. until 8 p.m. (next Friday night until 9 p.m.) Come in today or this evening and receive full particulars.

YOU CAN WIN BIG.

For the benefit of the city candidates we have compiled a list showing the name and expiration date of every subscriber. These lists should prove a real benefit to ambitious candidates and may be had by calling at campaign headquarters.

MUST KEEP ACTIVE

Candidates are again warned that number 17 of the Rules and Regulations governing the campaign, provides that in order to participate in the prizes and commissions a candidate must make a weekly cash report. The turning in of coupons does not constitute a cash report. We have already been more than fair in the enforcing of this rule, but any candidate who does not make their weekly cash report in the future will be dropped from the lists as they will not participate in the distribution of the prizes or the commissions. One cash report a week is little enough for any one, who is active, to secure. As long as your name appears in the list of candidates you are eligible to share in the awards. But any candidate who does not make their weekly report by Friday night will be dropped. A week is seven days from the time of your last cash report. This is final and fair warning.

HOW SECOND PAYMENTS COUNT

Anyone who paid ANY candidate in the First Period:	And who now pays ANY candidate:	Making their entire subscription payment amount to:	The Candidate receiving the "Second Payment" will receive:	Also the following number of points in the NEW \$200 competition:
By Mail	By Carrier	By Mail	By carrier	
\$3.00 .. \$5.00 1 year	\$ 3.00	\$ 5.00 .. \$ 6.00 .. \$10.00 2 years	10,000	votes 8
\$3.00 .. \$5.00 1 year	\$ 6.00	\$ 9.00 .. \$15.00 3 years	63,000	votes 16
\$3.00 .. \$5.00 1 year	\$ 9.00	\$12.00 .. \$20.00 4 years	138,000	votes 24
\$3.00 .. \$5.00 1 year	\$12.00	\$15.00 .. \$25.00 5 years	238,000	votes 32
\$3.00 .. \$5.00 1 year	\$15.00	\$18.00 .. \$30.00 6 years	348,000	votes 40

In addition to the above votes, 100 lists and they will not participate in the "club" of \$15.00 turned in. A "club" may be composed of small or large amounts totalling \$15.00.

The "Second Payments" Arrangement will not be in effect during the last week of the campaign.

HOW TO GET A MILLION VOTES BY FRIDAY EVENING

Four NEW SIX-YEAR subscriptions, including "clubs," count 2,480,000 votes. Five NEW SIX-YEAR subscriptions, including "clubs," count 3,100,000 votes. Eight NEW SIX-YEAR subscriptions, including "clubs," count 4,960,000 votes.

One hundred and fifty dollars (ten clubs of 100,000 votes each) made up of any size subscriptions, means 1,000,000 votes besides the regular number of votes credited to each subscription.

A million votes can easily be secured by any candidate after the SECOND PAYMENTS—that is extensions of subscriptions received earlier in the campaign. Thousands of extra additional votes can be secured in this way and many new "clubs" made up. This arrangement of "Second Payments" will not be in effect during the last period of the campaign.

LEAGUE LEADER IS WELL AHEAD

IN EACH OF THE LEAGUES TOP
TEAM HAS LITTLE BREATHING
SPACE

NEW YORK, Aug. 28.—St. Louis Cardinals and New York Yankees at last can take time for breath without endangering their respective leaderships. Bolstered by the return of Jim Bottomley, who totes a powerful bat, the Cardinals have won four straight games and lead the National by four games. A double-barrelled triumph over Detroit put the Yankees four full games ahead of the idle Athletics.

The race is so close in the National League that the Pirates, who have won 36 of the last fifty games, are in fifth place, two and a half games behind the Giants in second place and six and a half games behind the Cardinals. Chicago is third and Cincinnati fourth.

BASEBALL AND FOOTBALL AT FAIR ASSURED

NUMBER OF NATIVE TEAMS ENTERED
TO COMPETE FOR CUPS

The Fair Board are gratified at the splendid response shown by the Indian football and baseball teams in the district to enter the competitions for the two cups which are played for annually. The present holders of the football cup is the Kispiox team and no doubt they will strenuously fight to retain it for another year. The winners of baseball cup last year was Kincolith and they will have to play good ball to hold the trophy this year, for there are several native teams that are coming here to contest for its possession. Among those that will be here during fair week are teams from Greenville, Port Simpson, Kincolith, Kispiox, and Kitimat, and it is reported that a strong team from the Skeena will be entering as aspirants for the football cup. The natives are great lovers of sport and this year will be one of real enthusiasm as they wrestle for the cups during Exhibition week.

ROVERS LEAD IN LACROSSE

NOW THREE GAMES UP AS A RESULT
OF 6 TO 3 WIN OVER RANGERS
LAST EVENING

Rovers defeated Rangers 6 to 3 in the Junior Lacrosse League last night and are now three games up in the standing.

Joe Gillis of the Rovers, as usual, had things pretty well his own way, playing a fine game. The Rangers introduced four new players—Wilson brothers, Yager and J. Morrison. With practice, these boys should be heard from favorably.

Score of the game were:
Rovers—Unger 4, J. Gillis 1, Earl Gordon 1.
Rangers—Woods 1, R. Gillis 1, Calderone 1.
R. S. Woods acted as referee.

SPORT CHAT

Sport should not consist of winning trophies. The tendency to consider a game not worth playing because a trophy cannot be won is a tendency that will surely kill sport. Every game depends first of all on itself for its success. The bearing it has on a competition should be a minor consideration and should not affect the keenness of the game. The players should play to their limit whether they have a chance of winning a competition or not. Otherwise sport becomes a degrading struggle for trophies and can no longer be called sport.

From the player's point of view just as much exercise and therefore satisfaction is derived from a game that has no bearing on the championship as from a deciding game. Every player has a pride in trying to beat his opponent irrespective of the general result of the competition. This is the cardinal feature of sport.

The same applies from the spectator's point of view. He is out to see the particular game first of all. The many struggles throughout the game appeal to him. Each player's success or failure interests him and he enjoys the game as it progresses. And it must be remembered that games are no played primarily for the enjoyment of spectators but for the exercise of those participating. The ideal sport situation is one where there are no spectators because all are busy playing. This requires unlimited playing space and would not take note of the fact that with increasing age—and its attendant increases in girth and weight—the older ones cannot partake in violent exercise—and therefore perforce spectators.
