## STAR OF FALKLAND ASHORE ALASKA

### EMPIRE DAY CELEBRATION BY CHILDREN THIS AFTERNOON

#### Star of Falkland is Ashore in Behring Sea with 320 People on Board and U.S. Cutter to Rescue

Alaska Packers vessel was on way with cannery hands to Bristol Bay, in northern part of territory

SEATTLE, Wash., May 23.—With 280 Chinese and 40 whites aboard, the Alaska Packers' Association vessel Star of Falkland is ashore on the rocks half a mile west of Akunhead inside Behring Sea near Unimak Pass, the United States coastguard was advised today.

The cutter Haida is expected to reach the ship today and the lighthouse tender Cedar is also en route to the scene.

The vessel is reported to be down by the head with the forward deck under water. There is no word of the plight of the crew and cannery hands who comprise the passenger list.

The ship was en route from San Francisco to Bristol Bay.

#### CHANGES MADE UNITED CHURCH

APPOINTMENTS MADE TO CHURCHES IN NORTHERN B.C.

VANCOUVER, May 23.—The fourth annual conference of United Church in B.C. concluded its agenda late yesterday with the report of the settlement committee. Changes have been made in 58 pastoral charges. Appointments in Prince Rupert Presbytery are:

Anyox, Rev. J. Dewart.  
Bella Bella, W. H. Gibson.  
Dawson, Rev. R. Moses.  
Hazelton, Rev. A. E. Stephenson.  
Rupert East, G. Boothroyd.

There were five changes in the Cariboo Presbytery, appointments there being:

Burns Lake, Rev. W. R. Ashford.  
Fort Fraser, Rev. C. Lancaster.  
Prince George, Rev. P. Connal.

Smithers, Rev. J. Smeaton.  
Vanderhoof, Rev. D. Donaldson.

Left without charges at their own request Rev. G. B. Switzer, and R. T. McFarlan.

Rev. W. H. Pierce of Port Essington gave an interesting resume of change taking place in the condition of the Indians on the northern coast.

#### LINDY GETS AIRPLANE JOB

Chairman of Technical Committee of Recently Formed Company

NEW YORK, May 23.—Lindbergh has decided to enter the commercial airplane field and has accepted a "full time job" as chairman of the technical committee of the recently formed Transcontinental Air Transport Service. He will take charge of putting into operation the rail and plane service between New York and the Pacific by which passengers may fly by day and take the train by night.

#### INCREASE IN MAYO MINING

BIGGER OUTPUT THAN LAST YEAR. 6,000 TONS OF HIGH GRADE SILVER LEAD ORE ANTICIPATED

A bigger mineral production this season than in any year previous is expected for the Mayo district of the Yukon according to Thomas McKay, well known operator of Keno Hill, who was a passenger aboard the Princess Alice this morning returning north after having spent the winter in Vancouver and Seattle. Last year about 6,000 tons of high grade silver-lead ore, the largest output to date, were produced and it is expected to surpass this figure this year. The Treadwell-Yukon Gold Co., with a 100 ton mill, is now the principal of a number of smaller operators in the district but several new outfits are going in and a big mining revival is looked forward to. New concerns going in include the Consolidated and a large Toronto outfit.

#### MINE CASUALTIES

KIMBERLEY, Nevada, May 23.—Four are dead in a copper mine here as the result of a cave-in.

#### NOTICE

#### Struck Mud Shark and Pinned It to Stem of Steamer Prince George as Bound Northward Seymour Narrows

TO run down a huge mudshark, kill the animal and carry it along on the stem for about six hours was the rather unique experience of the C.N.R. steamer Prince George, Capt. Harry Nedden, this trip north. It was just south of Seymour Narrows, early yesterday morning as the skipper was on the bridge, that the huge marine creature came to the surface in front of the ship and started to dive down but not before it was struck with an impact which pinned it fast to the stem. The creature was tail in the air and nose into the water and was apparently killed instantly. It was estimated to be about twelve feet long, weighing more than a ton. The shark remained fast in front of the ship until the rough waters of Queen Charlotte Sound were entered about six hours later, in the early afternoon. Then it slipped away and apparently went to the bottom. The incident was productive of much interest on behalf of the passengers and a number of photographs were taken.

#### Empire Day Suitably Celebrated Today in the Westholme Theatre and in High School and Westview

SEVEN hundred school children from the public schools of the city met this afternoon at the Westholme Theatre to celebrate Empire Day. Mrs. Darton, regent of the municipal chapter of the I.O.D.E., presided, and a program suited for the occasion was arranged by Mrs. Woodland, chairman of the education committee of the I.O.D.E. municipal chapter.

It was an inspiring scene when the standard bearers of the various chapters, each with the flag standing in front of the I.O.D.E. officers and special guests and the body of the theatre galleries and boxes all filled to overflowing with children and teachers rose and saluted the old flag and sang together "O Canada."

While the theatre was crowded to the doors, it did not accommodate all the children of the city, the pupils of the High School having their own celebration, and also Westview while the two primary grades in the larger schools were omitted altogether.

### BOXING

TONIGHT AT 8.30  
Exhibition Building  
12—Rounds—12

#### Battling Garvich vs. Alf. Harding of Calgary

5—Good preliminaries—5

Reserved Seats now on sale at \$1.50. General admission \$1.00.

Along with Mrs. Darton on the theatre platform were the regents of the chapters. Mrs. D. C. Stuart of Queen Mary; Mrs. John Manson of Hill 60 and Mrs. Orchard McLeod of Adair Cars. Also the municipal past regents Mrs. Blance, Mrs. Parkin, Mrs. McMorde and Mrs. McLennan. The standard bearers were: Miss Annie Dalby for Municipal chapter; Mrs. McLean for Queen Mary; Mrs. Brass for Queen Mary. There was also a representative of the school board and Archdeacon Rix.

The program included saluting the flag, community singing, a flag drill, solos by Miss Annie Dalby and Mrs. William Miller, addresses by Mrs. Darton, Archdeacon Rix and a representative of the schoolboard. Miss Grassie was pianist.

At the High School the exercises were in charge of Principal Pettie and the address was given by Colonel McMorde.

At Westview there was a patriotic entertainment prepared by Miss Halliwell and they were addressed by Mrs. Landry.

#### Curious Examination of Chinese Witness at Police Probe Yesterday

Effort to Get at Cause for Man Coming Forward With Evidence Against Police by Operators of Gambling Houses

VANCOUVER, May 23.—The motives of Georgie Chow, Chinese gambler, for appearing as a witness at the police inquiry was the subject of an extended cross-examination of that witness by W. W. B. McInnes, counsel for Shue Moy, alleged Vancouver gambling king at yesterday's session of the investigation before Commissioner Lennie.

Witness, who was on the stand all day, was subjected to a barrage of questions in the afternoon by Mr. McInnes as to whether he had been promised any gambling privileges or any reward for testifying if there should be a change of administration.

Chow denied he had been promised anything or that anyone was paying him. He declared he asked Wong Wah if he would like to give evidence and that the Chinese had said he didn't think he would. He added that Shue Moy was very strong and that Police Inspector Jackson was a good friend of the Chinese.

Witness denied he told Wong Wah that control of the Chinese gambling would be given to a group of Chinese if there were any changes in the police. He also denied that Police Commissioner Fletcher ever promised him anything if he would give evidence of a certain kind before the commissioner.

Witness also declared he had not told Wong Wah that Fletcher would be the next mayor.

#### MOVIE OPERATOR IN FARTHEST NORTH IS NOT YET RETURNED

SEWARD, May 23.—If Captain Jack Robertson, representing a film company unheeded of since he flew on May 11 from Wiseman toward Point Barrow with two planes has not returned by Sunday, friends urge the dispatching of relief expeditions to investigate.

#### NO PAPER TOMORROW.

Tomorrow being Victoria Day and a public holiday, there will be no regular issue of the Daily News. The next regular edition will be on Friday afternoon.

#### WEATHER REPORT.

Prince Rupert.—Overcast, calm; temperature, 48.

#### NANAIMO BOY PRIZE WINNER

BEAT THE WORLD IN GEOMETRICAL WORK IN LONDON, ENGLAND. COMPETITION

CRESCENT BEACH, May 23.—William Brankston, son of Mr. and Mrs. W. Brankston, of Nanaimo, a pupil at St. George's School at Crescent Beach, won the special prize awarded for geometrical drawings by the Royal Drawing Society of London. He took five honors and a pass for first place in the world, it is claimed against 70,000 contestants.

#### PRICES BROKE IN NEW YORK

NEW YORK, May 23.—A sweeping reaction in prices took place yesterday, airplanes and other high priced specialties breaking five to nearly twenty dollars a share while drops in the general market had industrial high from one to five dollars.

#### SIX MILLIONS REPARATIONS

OTTAWA, May 23.—Canadians were awarded \$6,285,000 war reparations against Germany by Commissioner Friel, who investigated the claims. The document was tabled in the House of Commons late last night.

#### TWO CHILDREN WERE KILLED HEAVY TRUCKS

TRAGEDIES IN VANCOUVER AT ALMOST SAME TIME IN DIFFERENT PARTS OF CITY

#### ONE DRIVER ESCAPES

VANCOUVER, May 23.—Two children lost their lives under the wheels of heavy motor trucks within a few minutes of each other in two different sections of the city yesterday afternoon.

Amelia Gulia, eight years of age, was crushed to death under a truck at Beatty Avenue and Keeler Street at three o'clock and James Leslie, seven, was killed fifteen minutes later at Sloan and 22nd Avenue.

The driver of the truck that killed the Gulia girl, heedless of the screams of the victim, speeded up his vehicle and escaped.

#### PHYSICS AIDED CASCA SKIPPER

SAILED THROUGH ARTIFICIAL CANAL MADE IN ICE OF LAKE LABARGE

SEATTLE, May 23.—The story of a steamboat captain who remembered school book physics and painted a lake black in order to make an early voyage into the interior ice-locked north has been disclosed here.

H. Wheeler, owner of the steamer Casca, which sailed Tuesday from Whitehorse for Dawson remembered several weeks ago that black absorbs the sun's rays and holds heat. So he ordered a mighty strip of lamp black and refuse oil 40 feet wide to be swabbed across the glittering ice of Lake Labarge. The lamp black melted the ice making a canal 29 miles long through which the Casca sailed.

#### NEW BUILDINGS JASPER PARK

JASPER, May 23.—New buildings are being erected here at a cost of about \$80,000. Ninety men are employed on this by the permanent Construction Co. Two new lodges, one of ten rooms and the other of sixteen, are being erected while a special cottage of eight rooms is also part of the plans. A new golf club house is included in the improvements.

#### BISHOP P. T. ROWE OF ALASKA GOING NORTH

Well Known Cleric of Episcopal Church Going Through to Take up His Summer's Work

Bishop Peter Trimble Rowe, head of the Episcopal diocese of Alaska since 1895 and familiarly known as "the bishop of all outdoors," was a passenger aboard the Princess Alice this morning going through to Alaska to resume his duties for the summer after having spent the winter in Victoria. The well known cleric of the north plans extensive travelling this year in connection with the carrying out of his duties.

### SPEEDING UP TRAFFIC

The tendency of the day is toward speeding up traffic. Slowing down causes congestion. In Saskatoon they have had a fifteen mile speed limit but with the growth of the traffic, the chief of police has recommended that the speed be increased to 20 miles an hour and this has been done. In some cities the speed is greater than 20 miles, and the tendency is toward an increase.

### DOES ADVERTISING PAY?

The department of national revenue reports that income tax payments last month totalled \$5,163,844. Collections for April a year ago were \$3,235,701. The increase was \$1,928,143, well over fifty per cent. Growing general prosperity may account for some of the gain. But there are not fifty per cent more taxpayers in the country than there were a year since. The aggregate of incomes liable to taxation has not increased by any such percentage. Nor are Canadians any more fond of paying taxes than they were twelve months ago.

The only other apparent factor in making up this remarkable gain was the fact that the department this year employed newspaper advertising as a means of speeding up collections. During April large advertisements were inserted in newspapers all over the Dominion calling attention to the fact that income tax returns were due by the end of the month, giving particulars as to who were liable for taxation, and reminding all concerned that there were penalties for default. The figures quoted above provide the moral. The gain in revenue was cheap at the price.

### CANADIAN POETRY

One of the newest collections of poems is one made by A. M. Stephen of Vancouver and published by a Toronto firm under the title of "The Golden Treasury of Canadian Verse," with woodcuts by Wallace Cousins. Reviewing this book a local man under the nom de plume "Ewald" says:

The standards by which an anthology must be judged are entirely different from those which govern a volume of original poetry. In an anthology the actual merit or demerit of the pieces included are not in question so much as is their value as representative selections from the works of the particular author and their fitness for the purpose for which the collection is made. In these two respects this slim little volume has achieved an undoubted success.

The purpose of the Golden Treasury of Canadian Verse is to provide an inexpensive guide-book to the best Canadian poetry and in pursuit of this aim Mr. Stephen has exercised a discrimination among anthologists. Probably no poetry-lover can glance through a limited collection such as this without experiencing some slight sense of disappointment at the omission of some favorite poem. It is one of the difficult tasks facing the anthologist to decide whether his selection shall include only poems which are already well and favorably known or equally representative but less familiar examples. Mr. Stephen has, I think, wisely chosen the latter course. The poems which instantly leap to the mind of the average reader when Chas. G. D. Roberts, Bliss Carman and other outstanding Canadian poets are mentioned can be found in other collections but the selections included in this volume are, in most cases new to anthologists.

The selections in an anthology are, after all, so much a question of taste that the task of a reviewer is limited. Each reader must find therein something with greater or lesser appeal to himself or herself and space forbids more than the mention of a few outstanding poems. Among these are Chas. G. D. Roberts' "On the Road," chosen by the author himself as one of his favorite pieces. Here, too, are "Earth Voices" and the lovely "Vestigia" of Bliss Carman. Pauline Johnson's beautiful "Shadow River" is one of the two selections from the works of this poetess and the artistry of "O Keep the World Forever in the Dawn" and "On Lac St. Irene," by Marjorie Pickett makes one wish for a larger selection from her work.

One misses "Scarlet and Gold—The Maples" from Mr. Stephen's own poems but its place is well taken by "September Winds" from a later volume of the author. "I Love Old Things" by Wilson MacDonald, and "The Song of the Ski" show two distinct phases of the poet's work, but here again one would willingly pardon repetition to have his magnificent sonnet to Pauline Johnson included.

The Golden Treasury of Canadian Verse has been authorized for use in the Junior High Schools of British Columbia and should be found particularly suitable for class-room work as a short biographical note accompanies the selections from each of the poets included.

The publishers are to be congratulated on the general appearance of this volume and particularly upon the woodcuts which illustrate it. Mr. Wallace Cousins has caught the spirit of the poems he deals with and his illustrations are equally happy in conception and in execution.

# News of the Mines

AROUND PRINCE RUPERT

Activity in Marmot River Section—To Develop Naas River Placer Ground—Cantu at Stewart Developing

With the Porter-Idaho, Marmot Metals and Prosperity properties in the limelight, there will be much activity in the Marmot River section at Stewart this season. About a mile of right of way of the Porter-Idaho tram line has been cleared and a big air compressor is at the beach awaiting transportation to the mine. All the Porter-Idaho crew has been laid off until the compressor and camp supplies can be taken in. Plans are being made for the construction of a wharf and lower tram terminal, ore bunkers, concentrating mill, etc., for all of which a site has been purchased. Louis Robichaud has returned to Stewart after a survey of conditions in the section for the Marmot Metals Ltd. and states that snow is going fast with the result that no difficulty is being encountered in reaching Magee Pass with supplies for the Engineer, Marlund and Marmot Gold properties. Transportation to the Marmot Metals will soon be resumed.

Messrs. Hooton, Kimball and McEdden have returned to Stewart from the White River section across the Bitter Creek glacier on the Naas River slope where they located fourteen placer leases. Fitzgerald brothers will finance preliminary operations on the placer ground which may later develop into dredging operations. Prospects have been obtained as high as thirteen cents per pan.

All units in the Marmot Engineer mine syndicate have been sold locally in Stewart. George Bunn, owner of the property, having thus raised \$21,000 for development in less than three weeks. A modern camp is being built at the mine and mining will be undertaken with machine drills in about three weeks.

Jack Harkley, who has been identified with Georgia River developments for several years, has left Stewart with a small crew for the Georgia River Mining Co. to do some work necessary to the commencement of the season's operations.

Under the direction of William Bunting, superintendent for the Premier Border Mining Co., a new camp, cook-house and compressor house have been erected at the Virginia group and mining is scheduled to commence this week. On the Cascade group, also held by the company, hand mining is being carried out and the tunnel is in ninety feet. Arrangements are being made to carry air from the Virginia compressor to the Cascade so that machine drills can be used on the latter. The company is principally financed in Winnipeg.

Ten men are now being employed at the Cantu property at Stewart and a start has been made on a five-hundred foot tunnel to cross-out both the galena vein and the quartz-porphry dyke, the latter to be reached at a depth of five hundred feet. Temporary camps have been built and permanent ones are planned. Surface stripping on the galena is disclosing a large amount of shipping ore.

It is expected that another shipping mine will be added to the list during the coming summer as soon as equipment is installed on the Saddle property at Hastings Arm by the Silver Crest Mining Co. A complete tramway consisting of steel towers, buckets, cables, etc., has arrived and it is the intention of the company to install the tramway as soon as possible. A camp will be established at the top of the hill and compressors will be installed so that mining can be carried on economically. Development this season will consist of a drift on the vein which has been traced for 900 feet. This drift will give a depth of over 200 feet below the shaft where good results were obtained last year. The company will also carry on development work again on the Silver Crest property at Stewart. This property lies north of the Big Missouri and diamond drilling will be the principal work carried out this year. P. E. Peterson will be in charge of operations.

The Musketeer group, between the Wolf and Tiger properties up the Kit-sault River from Alice Arm, will be developed this year by Seattle interests with E. C. Pickett of Alice Arm in charge of operations. The Musketeer has some splendid surface showings of ore and these will be developed by open cuts. Some development work was done on the Musketeer in 1925 but since then it has been practically neglected. This year's work, it is expected, will put the property near or into the producing class.

P. M. Linkwater of Victoria has been elected president of the Consolidated George Copper mines at Stewart. The board consists of George M. Kilburn and Mel O'Brien of Vancouver, Consulting engineers; Mr. and Mrs. W. B. George of Stewart; Jack Mullen of Ingonika and Richard Jones of Victoria. More diamond drilling will be carried out on the property this year.

## PLAYERS' CLUB RECEPTION

GATHERING AFTER THE PLAY LAST NIGHT PROVED VERY ENJOYABLE EVENT

The comedy farce "Are You a Mason?" was played again to a capacity house last night in the Westcoast Theatre, the parts being all excellently taken. At the conclusion the ladies of the caste were presented with beau-

tiful bouquets of flowers. There was a reception at the I.O.E.E. Hall after the play where supper was served and dancing enjoyed by members of the club and their friends. After supper, Alex. Connon, president of the club and director of the play, thanked the members of the caste and the ushers and all those who took part in any way. George Mitchell replied and expressed the thanks of the members of the caste for the excellent training they had received from the director.

A five dollar box of chocolates was presented by George Mitchell to Miss Laura Frizzell for the largest number of tickets sold. She sold over two hundred.

The party broke up about 2 a.m.

## URGES RIVER ROAD ROUTE

ADVOCATE OF THE HIGHWAY GOING BY THE CANNERIES COMES FORWARD

The other day there was a very interesting letter written by P. W. Anderson advocating the interior route for the Skeena Highway in preference to the river route. Now comes an advocate of the river route who states that it is the only reasonable one to take at the present time. He says that this route is an excellent one, easy to build and serviceable to the only people now in that part of the country.

The river route advocate says that the route mapped out by the surveyors is decidedly a scenic one, in a number of places it rises from the river level and a splendid view may be obtained. From it the river is very picturesque and the sight is a beautiful one especially when the fishing boats are out. There is no comparison between the highway route and the train route on account of the greater elevation.

In any event it will be desirable to go to Port Edward as the new sawmill is being built at the head of Porpoise Harbor and the road will serve it as well as the canneries.

The canneries are not far apart and all of them will be served by the highway.

## CHURCH TEA AT HOME OF MRS. B. MORGAN

Successful Affair Held Yesterday Afternoon by Ladies' Aid of First Baptist Church

In the home of Mrs. Bert Morgan, 420 Fifth Avenue West, which was beautifully decorated with spring flowers and foliage for the occasion, a successful Victoria Day patriotic tea was held yesterday afternoon by the Ladies' Aid of First Baptist Church.

Mrs. Morgan was assisted in receiving the guests by Mrs. W. F. Price and Mrs. P. H. Linzey; Mrs. Charles Larkin and Mrs. G. W. Johnstone poured with Mrs. J. S. McDonald, Mrs. J. A. Lindsay and Mrs. A. Ivanson assisting in serving. Mrs. James Hampton had charge of the home cooking table and Mrs. Vic Houston acted as cashier. There was a brief musical program to which Miss Connie Morgan contributed with piano solos and S. A. McPherson with vocal solos.

About one hundred ladies lent patronage to the affair by calling and the financial results were very satisfactory.

# BRITISH COLUMBIA

The Mineral Province of Western Canada

To the end of December, 1926.

Has produced Minerals as follows: Placer Gold, \$78,018,548; Lode Gold, \$126,972,318; Silver, \$80,787,063; Lead, \$106,976,442; Copper, \$209,967,068; Zinc, \$50,512,557; Coal and Coke, \$284,599,133; Structural Materials and Miscellaneous Minerals, \$50,175,407; making its mineral production to the end of 1926 show an

AGGREGATE VALUE OF \$988,108,470.

PRODUCTION FOR YEAR ENDING DECEMBER, 1926, \$67,188,842

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees. Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing—

THE HONORABLE THE MINISTER OF MINES, VICTORIA, BRITISH COLUMBIA.

N.B.—Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

Reports covering of the Six Mineral Survey Districts are published separately, and are available on application.

## Man in the Moon

There are plenty of forecasts of the wheat crop on the prairies but so far I have not noticed any forecasts as to the annual crop of June brides.

A married man likes the summer because it is not so unpleasant putting out the milk bottles after he is undressed.

When you come to know them well it is often very difficult to tell the sinners from the righteous.

When a big man calls you a liar, diplomacy is the best policy.

A fishing smack is what a fisherman gives the girl when he becomes engaged.

At a local concert not one hundred years ago there was a vocal quartet. Someone in the audience asked why they sang altogether and his neighbor with a smile remarked, "No one man likes to take all the blame."

He crept upstairs with shoes in hand. Just as the night took wing. And just ahead he saw his wife. Doing the same darned thing.

## Ten Years Ago in Prince Rupert

MAY 23, 1918.

The police commission, at its regular monthly meeting yesterday afternoon, decided that the law would have to be more strictly enforced with regard to "idlers, motor speeding and blind pigs. Many matters of importance were discussed by the commissioners.

The wartime natural resources committee had a meeting last night in the Board of Trade rooms with the district chairman, D. G. Stewart, in the chair. Various plans were discussed whereby housekeepers could cut down their costs. The cash and carry system in Prince Rupert was suggested.

Halibut boats in today are: Niagara, 10,000 pounds; Uranus, 6,000; Arctic, 35,000 pounds; James Carruthers, 80,000 pounds. The price for halibut was 14 1/2c.

## MINERAL ACT

CERTIFICATE OF IMPROVEMENTS NOTICE

Princess Pat, Lot 4366; Pilot, Lot 4367; R.A.F., Lot 4368; Observer, Lot 4369. Mineral Claims, situate in the Atlin Mining Division of Cassiar District. Where located: On Minto Mountain about four miles from the town of Atlin.

TAKE NOTICE that we, James Stokes and C. R. Fraser, Free Miner's Certificate No. 89980-90061, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvement, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action under section 85 such be commenced before the issue of such Certificate of Improvement.

Dated this 5th day of March, A.D. 1928. H. McC. BASER, Applicant.

## LAND ACT

NOTICE OF INTENTION TO APPLY TO LEASE LAND

In Prince Rupert Land Recording District and situate on Moresby Island adjacent to Allford Bay—Skidegate Inlet—Queen Charlotte Islands.

TAKE NOTICE that Pacific Mills Limited of Vancouver, B.C. occupation pulp and paper manufacturers, intends to apply for a lease of the following described lands:—

### INDIGESTION Troubled Him For Two Years

Mr. H. C. Harvey, Novar, Ont., writes:—"I have been troubled with indigestion for the last two years. I have taken everything I have seen advertised, but have never had any of them do me so much good as BURDOCK BLOOD BITTERS."

Though a diligent search has been made for trace of the man, there have been no new developments in the case of William Dann who has been missing for several weeks from his trolling boat Owl which the police have in charge. It is believed that the man must have fallen overboard and been drowned in the harbor.

Mrs. Frank Clapp and family wish to thank their many friends for sympathies shown them in their recent sad bereavement. Special thanks is due to the Masonic Lodge and to brother masons who conducted the funeral services.

### PERSPIRATION ODOUR IS A BUSINESS HANDICAP

So difficult of self-detection is the odour from the one to two pints of moisture which, physicians say, the body sends through the pores daily, that the offender rarely knows that he offends.

So easy to be sure.

Simply use Lifebuoy, the superb Toilet Soap, for hands, face and bath. Lifebuoy's extra protection is free, because this pure toilet soap costs no more than the soap you are using now.

Mrs. E. Essey of Los Angeles arrived in the city on the Prince George this morning from the south for a visit with her daughters, Mrs. Dan Jabour and Mrs. Sam Jabour, Borden Street.

There were eighty passengers aboard the steamer Prince Alice which was in port this morning bound from Vancouver to Skagway. Only two passengers disembarked here from the vessel.

After playing three sets, Miss Rosemary Winslow and Miss Margaret Gilchrist, in the final of the girls' tennis championship, quit play yesterday afternoon and it is now planned to finish on Friday if weather permits.

Father D. J. Moriarty, O.M.I. of Vancouver was the speaker before the Prince Rupert Gyo Club at its regular monthly open luncheon in the Commodore Cafe this afternoon. President L. W. Waugh occupied the chair.

C.P.R. steamer Princess Alice, Capt. Thomas Cliff, arrived in port at 10:30 o'clock this morning from Vancouver and Victoria, sailing about an hour later for Alaska points whence the vessel is scheduled to return southbound next Sunday afternoon.

Rev. C. D. Clarke of Anyox, who has been attending the United Church conference in Vancouver, is a passenger aboard the Prince George today returning to the smelter town. Next month Mr. Clarke and family will be moving from Anyox to the prairies.

C.N.R. steamer Prince George, Capt. Harry Neden, arrived at 10:30 this morning from Vancouver, Powell River and Ocean Falls and will sail at 4 o'clock this afternoon for Ketchikan and Anyox, returning here at 6 o'clock tomorrow night and sailing south at 11 p.m.

Mrs. Jack Burgess and child, who have been visiting here for the past few weeks with Mrs. Burgess' sister, Miss Norah Carter, Seventh Avenue, East, will sail by the Prince George tomorrow night on their return to their home at Qualicum Beach, Vancouver Island.

Delayed on this division, this afternoon's train, due from the East at 8:30, is reported to be five hours and twenty minutes late. This should bring the train in at 8:50 tonight. The delay is reported to have been caused by the washing out of a bridge in the interior.

Bull Harbor.—Cloudy, light west wind; barometer, 30.02; temperature, 62; light swell.

### CAFARRH

Catarrh is an inflammation of the mucous membrane and occurs first in acute form, being almost invariably the result of elements in the circulatory system which irritate this particular tissue.

The most common location of this inflammation is the nasal cavities and throat because they are subject to noxious gasses breathed from the lungs as well as internal irritants. Repeated attacks of acute nasal catarrh will by reflex activities of the nerves irritate intrinsic muscles of the neck, causing subluxation of cervical vertebrae, pressure on nerve trunks and a permanent impairment of functions resulting in a chronic condition.

If nasal catarrh is left to its own ultimatum, the inflammation usually spreads to the sinuses of the facial bones, eustachian tubes and inner ears affecting hearing or vision, or both.

Your condition will be easier dealt with now than later.

### BRINGING UP FATHER

### NEW ELEVATORS PEACE RIVER

GILLESPIE COMPANY TO ERECT SIX HOUSES IN ADDITION TO 62 ALREADY IN ALBERTA.

EDMONTON, May 22.—Swinging into action for the big grain rush expected next season, the Gillespie Grain Company, Limited, is planning to erect about six elevators this year. John Gillespie, president of the firm, which has its head office in this city, stated that the building program is now being considered, while the locations will naturally depend upon the securing of suitable sites for these new houses.

The erection of six new elevators each with a capacity for 40,000 bushels, would cost about \$85,000. These plants would be at points in the Peace River country and probably along the new C.P.R. line now being extended from Willingdon to Edmonton. At present, this firm is operating 62 elevators in this province, a number having been added last year.

"Our reports show that the crop is going in fine shape, and as there is plenty of moisture for some time, it should have the advantage of very desirable growing conditions," said Mr. Gillespie. "It looks as if there will be an increase of about 10 per cent. in the grain acreage in central and northern Alberta."

Referring to the outlook for prices on this year's grain crop, Mr. Gillespie said the prospects were fair for an average price. There had been considerable damage to the winter wheat crop in the United States, giving many the belief that future prices will be fairly good. At the same time, an important factor would be the spring wheat yields in the United States and Canada, as the obvious result of a poor crop would be high prices, he said.

### RADIO BROADCAST FOR FISHERMEN OF THE ATLANTIC COAST

Department of Marine and Fisheries Sends Out News, Market and Weather Reports

HALIFAX, May 23.—Nova Scotia fishermen, accustomed to spending long weeks on the fishing banks each year, their only communication with the world the occasional speaking of a passing steamer, the fresh arrival of a vessel from home, or, just recently, the occasional radio broadcast picked up if the vessel happened to have a receiving set aboard, are now enabled to get a budget of news and weather reports especially prepared and broadcast for them daily, through the activities of the eastern fisheries branch of the Department of Marine and Fisheries.

Twice each day from the Halifax Lightship and from the wireless station at Louisbourg, weather, bait and news reports are broadcast from those two points solely for the benefit of those of the fishing fleet on the banks that have been fitted with radio receiving sets.

Strong agitation for a broadcast of weather reports to the vessels for the fishing fleet, arose after the disastrous storm of August 24, 1927, when half a dozen schooners and over one hundred men were lost in the vicinity of Sable Island.

### NEW KETCHIKAN BOAT

The new small Ketchikan halibut boat Charlotte landed her first catch of 4,000 pounds here this morning. The vessel, which registers four tons, was built during the past winter. It is a two-man boat and the owner is William Thomas.

### BURNS LAKE

Major John C. Hartley, provincial Liberal organizer, has been paying a visit to the Lakes District.

James Davidson, provincial boiler inspector, was a visitor in this district last week on official duties.

V. Scheldrup, B.C.L.S. left last week for the Ootsa Lake country where he has considerable survey work to carry out.

J. H. Rush has joined the staff of the Burns Lake garage as a mechanic.

With an appropriation of \$500, Harry Morgan of Ootsa Lake has been successful in blowing out some of the worst

### WAS VERY WEAK NERVOUS AND MELANCHOLY

Mrs. Geo. McKenzie, Campbellford, Ont., writes:—"A short time ago I was troubled very badly with my heart and nerves, the cause of it, I think, was my going through the change of life."

"I was very weak and melancholy, and so nervous I could hardly bear to hear a clock ticking, and I did not sleep well."

"I was advised to try so I sent at once for a box; took them and got another, and before they were all gone I felt good, my nerves are fine, I do not mind any noise, and I can sleep well. I cannot recommend them too highly to those suffering as I did."

Price 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

log jams and straightening out the Devil's Elbow on the Whiteshell River which is used for the transportation of mining supplies to the Sibola district.

Mrs. J. Mould of Rose Lake is slowly improving in the Burns Lake hospital following an illness.

The ice has gone out on Francois Lake and the government ferry is in operation again.

O. Heider, who has been farming for several years on the north side of Francois Lake a few miles above the landing, is leaving for Victoria and has rented his farm to J. J. Hickey.

### VANDERHOOF

Miss Marjorie Paterson and Shirley M. Preston of Vanderhoof were successful in their examinations at the University of British Columbia, the former completing her first year in Arts and the latter her second year in Agriculture.

A. E. Richards, supervisor of experimental stations, and Dr. H. R. Hare of the University of British Columbia have been here in connection with the economic survey of farming in the province.

H. T. Parker of Fishtail, Montana, owner of the roadhouse at Dog Creek, has been a visitor here on business in connection with his interests in the valley.

Rev. W. R. Ashford of Burns Lake and Rev. James Dewar of Fort Fraser motored through here to Vancouver to attend the conference. William Bunting is in charge of services at Fort Fraser during Mr. Dewar's absence.

### ALICE ARM

The Dolly Varden railway track is now clear of snow to Camp 8 and gasoline tankers are being operated to the end of steel.

The regular monthly meeting of the Alice Arm branch of the British Columbia Chamber of Mines was held on Monday evening.

E. Aubusson, a former resident of the camp, has returned to town to take his former position in T. W. Falconer's store.

L. H. Hinton, B.C.L.S. returned last

## CINCINNATI IS LEADING AGAIN

CHICAGO CUBS IN SECOND PLACE, GIANTS THIRD AND BROOKLYN FOURTH

(Special to Daily News). NEW YORK, May 23.—Cincinnati Reds, defeating St. Louis Cardinals yesterday, are again leading the National League while the New York Giants, routing the Phillies by 9 to 1, are in third place, one-and-a-half games behind. Chicago Cubs, losing to the Pittsburgh Pirates, dropped from the top to second place, while Brooklyn Robins, with a win over Boston, are now in fourth place. The Cardinals are in fifth place.

In the American League, the New York Yankees doubled the score of the Philadelphia Athletics in the first game of a series which turned out to be a regular old bush league batting bee. There were no changes in the standing of this league. Cleveland Indians and St. Louis Browns were even three all when the game was called.

Yesterday's scores:  
**NATIONAL LEAGUE**  
New York 9, Philadelphia 1.  
Pittsburg 4, Chicago 2.  
Brooklyn 5, Boston 3.  
Cincinnati 5, St. Louis 3.  
**AMERICAN LEAGUE**  
Boston 4, Washington 6.  
Cleveland 3, St. Louis 3.  
New York 14, Philadelphia 7.  
Chicago 4, Detroit 6.

## THISTLES WIN SECOND GAME

DEFEATED GRAND TERMINALS 3 TO NIL AND HAVE EDGE ON STUART FOOTBALL SHIELD SERIES

With a decisive three to nil victory over the Grand Terminals, the Thistles last night got the jump in the Stuart Benefit Shield football series, having now won the opening two games in that competition and beaten both other teams in the league. Weather conditions were just right for play and there was another good-sized crowd of fans in attendance.

Quality of play was not as high a standard as in the first game between the Thistles and Regiment. The first half was productive of no scoring and, if anything, the Grand Terminals probably had the edge of the play. They were on the offensive a good part of the time but were unable to register. Both sides, as a matter of fact, missed a number of scoring chances.

The second half saw Terminals start with a rush and Warren hit the upright with Campbell well beaten. A minute later Jack Campbell saved well from Dickens. Thistles combined well and Campbell hit the upright with Gurvich at the other end of the goal. Alex Mitchell centred well and, following

## "PROVINCIAL ELECTIONS ACT"

PRINCE RUPERT ELECTORAL DISTRICT  
NOTICE is hereby given that I shall, on Monday, the 21st day of May, 1928, at the hour of 10 o'clock in the forenoon, at the Court-house, Prince Rupert, hold a sitting of the Court of Revision for the purpose of revising the list of voters for the said electoral district, and of hearing and determining any and all objections to the retention of any name on the said list, or to the registration as a voter of any applicant for registration; and for the other purposes set forth in the "Provincial Elections Act."

## CANADIAN NATIONAL RAILWAYS

(Western Region)  
SEALED TENDERS will be received at the Office of Chief Engineer, Winnipeg, until twelve o'clock noon, Monday, June 4, 1928, for replacement of Forty-Six Wooden Box Culverts by Concrete Pipe on Snithers and Kamloops Division. Specifications, etc., can be seen and tenders will not be considered unless made on form supplied by an account company and accompanied by an equal certified cheque on the value of the work payable to the order of the Treasurer, Canadian National Railway. The lowest or any tender not necessarily accepted.  
W. A. KINGSLAND, Man. General Manager, Winnipeg, Man. May 21, 1928.

ing a weak clearance by Skinner, Campbell put Thistles a goal up. Jack Campbell saved well from Dickens after the Terminals had combined well. Thistle defence was very sound. Hadden and Haig stopping Warren and Chenoski effectively. Murray hit the upright and later his long try went over. Campbell caught Dickens' header and then the latter shot wildly over. Thistles had a narrow escape when Harrison's shot hit the inside of the upright and Campbell scrambled the ball away. Gurvich fell on the ball to clear and then faulty back play let Campbell in to score his second goal. Murray made a fine opening for Campbell but the latter shot wide. H. Erskine made it three nothing when he gave Gurvich no chance from close in. At the other end Campbell ran out to kick clear. Erskine and Haig were not to be beaten and a drive of Harrison's was luckily blocked. Terminals forced three corners but could not score and Thistles ran out winners by three goals to nil.

**SPORT CHAT**  
The British Columbia championship in the Dominion marksmen rifle competition open to all cadet corps of the province, was won recently by a team from Ocean Falls Cadet Corp with the very excellent score of 1400. The team, by winning the provincial honors, is now eligible to compete for the Dominion championship against the champions of each province. The Ocean Falls team consists of R. Brownhill, L. Silversides, D. Nickel, J. Raymond, D. McKay and were under the instruction of J. J. Raymond, popular chief of the Ocean Falls fire department. The provincial championship last year was won by the Victoria High School with a score of 1369 out of 1400, and the Dominion championship by the Delta Collegiate Institute, Hamilton, Ont., with 1398 out of 1400, which was a world's record for cadet corps.

## Around The World With Sport Fans

(By The Tramp)

According to Vancouver track and field authorities, the Province of British Columbia will not take a large contribution to the Canadian Olympic trials says the Toronto Globe. The little sprinter, Percy Williams, who made a remarkable showing under adverse circumstances at the national meet here last summer, is expected to win the Provincial sprint events. He did better than even time at Seattle, Washington, a few days ago. John Cameron put the 16-pound shot 43 feet, whereas the standard is 46 feet, and the standard is 150 feet. Unless very great improvement is shown, and the Canadian Olympic standards bettered, the track "team" from the coast is likely to consist of Williams only.

Poker is under the ban in Italy. It has been declared a game of chance and as such comes under the ban of the Fascist Government unless for purely nominal stakes. Professional poker and the playing by the working classes for high stakes is what is aimed at.

There will also be racing during the exhibition at Brandon, Regina, Saskatoon and Edmonton, with the possibility of a meet at Edmonton in the fall.

The golf professional is not yet near the money-making mark of the boxer, but he is at least much better off than he used to be a few years ago. The recent winter tournament season produced the following financial leaders: Mac Smith, \$8,000; Johnny Farrell, \$7,000; Bobby Cruikshank, \$5,300; Gene Sarazen, \$5,100.

Before anyone starts whispering of commercialism it might be well to add that these four men, with their total earnings through a long series of tournaments, fell \$18,000 short of what Tom Heeney and Jack Delaney each drew for a boxing contest that was certainly no thriller nor yet a performance renowned for its rare skill.

Regina has lost no time in lining up its hockey stars for next winter's play says the Brandon Sun. There will be no technicalities in connection with residence clauses, so far as they are concerned. Taking heed of the C.A.H.A. ruling that all transfers must be made before May 15, the Regina officials built up their team early. Three of the Kenora junior stars have been taken to the Saskatchewan Capital, and further hockey talent is reported to be there. Some of Regina's Canadian junior champions will have to graduate into senior company next year. It was expected that the team would go into senior ranks intact. But now the boys are splitting up. Harold March and several of his co-stars will be on the senior Regina squad, while the remainder of the team, strengthened by Gallagher of Kenora and probably by one or two others, will comprise the junior outfit seeking a repeat title.

## Every-day Magic

Chairs that flop into beds... bags that suck up dirt... tiny ticking things that count all day long for you. Daylight any night just by pushing a button. A stream that never stops till you turn off a faucet. Any voice you want, talking to you from a cage on your desk or wall. Actions of yesterday, of people miles away, going on on a curtain before you. Stilled throats singing to you from discs; distant throats singing to you from nothing!

Uncanny, daily magic—this, due to national advertising. Advertisements have given you flashlights, telephones, typewriters, automobiles, cold creams, motion pictures. They have given you new eyes, new ears, new hands, new feet, new faces, new emotions. They have urged such wide use, so lowered prices, that almost wishes are autos, almost beggars can ride. Through advertisements you've laid down the shovel and the hoe. You can buy a whole harvest ready-to-eat in cans. You've hung up the fiddle and the bow, for a radio. There's little old-time work left in this age of amazing short-cuts.

READ THE ADVERTISEMENTS They keep you to the fore of modern life.

# The Truth-

## NO LYE

You'll find no lye bottle under our apron when we do your family washing. We use only sudsy soap and rainsoft water to wash clothes clean. We don't rub your clothes threadbare, either. Just swish suds and water through every fabric pore. Our method makes clothes last longer. Makes 'em cleaner, too. Just let us do a trial job—then you'll see!

# BOY SPEAKERS TO MERCHANTS

INTERESTING PROGRAM AT MONTHLY MEETING OF RETAIL MERCHANTS' ASSOCIATION LAST NIGHT

The feature of the regular monthly dinner last night in the Commodore Cafe of the Prince Rupert Retail Merchants' Association were the orations given by Bruce Stevens, Billy Collison, Glen Moore and Bob Irvine, local finalists in the recent British Columbia Oratorical Contest. The boys spoke well and their efforts were much appreciated by the business men.

The association decided to hold a picnic in June, leaving the arrangements for the date and place to the executive. Business at the meeting was otherwise of a routine nature. The president, D. C. McRae, occupied the chair.

# THREE HOMERS IN ONE GAME

RUTH, GEHRIG AND MEUSEL BOTH MADE HARD DRIVES IN YESTERDAY'S BASEBALL

NEW YORK, May 23. — Ruth's thirteenth homer, Gehrig's seventh and Meusel's fourth, were features of 22 hits the Yankees pounded out against Boston yesterday, winning fourteen to seven. Todd got a homer for Boston.

After establishing the season's record of thirteen wins straight, Chicago National lost the third straight yesterday to St. Louis. Their defeat, coupled with Cincinnati's victory, put the Reds into first place. The Giants moved into third place.

# MANY AFTER EDMONTON'S POWER SYSTEM

EDMONTON, May 22.—With three definite propositions already before council and at least two more in prospect, offers for Edmonton's electric light and power system are coming in thick and fast. Both Mayor Bury and City Commissioner Mitchell expect several additional bids before many more weeks have elapsed.

The latest indication of an offer reached here when the city commissioners were advised that the Dominion Electric Power company, of Watrous, Sask., is desirous of submitting a proposal.

"While out engineers will not be available to make an examination of the power situation in Edmonton until about June 1," writes F. D. Reid, assistant treasurer of the company, "we would then be able to make a careful survey and submit a definite proposal, which we believe would be very attractive to the city."

"We wish to ask for an opportunity to present such a proposal before your city takes any final action in regard to the propositions now before it."

As things now stand, therefore, two offers from the Calgary Power company and one from Mid-West Utilities Ltd. are in the hands of council. Mayor Bury has been advised that a bid is forthcoming from an American corporation; the Dominion Electric Power company is to submit a proposal, and still others may enter the field at a later date.

# BOMB KILLED NINE PERSONS

HARLAN, Kentucky, May 23. — Nine persons were killed and forty injured as the result of the explosion of a bomb at the Italian Consulate building today.
