Three New Planes for Yukon Territory Work Being Taken in There

John Dore, on His Return From Northern Tour in Connection With Telegraph Lines, Tells of Activities

To facilitate transportation because of greatly increased mining activity in the Mayo district, three new airplanes are being brought into the Yukon for service this winter, reports John J. Dore, district superintendent of Government Telegraphs, who returned to the city yesterday afternoon from a three weeks' trip north. The first plane, a large monoplane, arrived while Mr. Dore was at Carcross on the Yukon Treadwell Mining Co. The machine is fitted for skids for landing on snow and ice as well as pontoons for water and was to leave Carcross immediately for Mayo. Another plane is being brought in by Greenfield & Pickering, who operate the stage line from White Horse to Dawson. It will be used to carry passengers and freight. The third plane is named "Eagle Rock" and is being brought in by other interests.

MAX BISHOP IS BASEBALL HERO

VICTORY FOR MACKMEN IN NOW FAMOUS BATTLE OF THE BRONX

NEW YORK, Sept. 13.—Thanks to Max Bishop, Philadelphia was saved from utter rout in the now famous battle of the Bronx. Bishop's dramatic ninth inning home run carried with it a four to three victory for the Mackmen and enabled them to beat a dignified but hasty retreat from the stadium. The Yanks lead was clipped to a game and a half margin, which the Athletics hope to overcome when the two clubs invade the west Saturday. Philadelphia scored twice in the third once in the fifth, once in the eighth. This was the only American league game. In the National the St. Louis team increased its lead to three games by beating Cincinnati while the Giants were idle. Brooklyn beat the Phillies in the only other game. Scores were as follows:

NATIONAL LEAGUE
Brooklyn 6; Philadelphia 1.
Cincinnati 1; St. Louis 2.
AMERICAN LEAGUE
Philadelphia 4; New York 3.
COAST LEAGUE
Sacramento 4; Hollywood 0.
Oakland 0; Missions 5.

NATIVE BASEBALL AND SOCCER GAMES

Port Simpson beat Klapox in the opening game of native football in connection with the Exhibition last night. Kitimat and Greenville will play at 5 o'clock this afternoon. The fifth team entered is from Kincolith. Hazelton won the opening game of native baseball this morning by default from Kincolith which failed to field a team. Greenville and Port Simpson were billed to play early this afternoon.

VISITING REBEKAH IS GUEST OF HONOR AT SEVERAL EVENTS

Mrs. A. Atkins, president of the Rebekah Assembly, arrived from Vancouver yesterday to pay an official visit to the local lodge. A luncheon was given in her honor in the Boston Cafe where ladies of the order took the opportunity of meeting her. In the afternoon she was driven around the city and shown points of interest and taken through the cold storage plant. After a well attended lodge meeting in the evening an informal banquet and dance was given for her in Boston Hall to which the Oddfellows were invited, about sixty of them being in attendance. Mrs. Atkins left for Terrace on this morning's train.

BIG ATTENDANCE AT EXHIBITION

VAUDEVILLE SHOW WENT OVER STRONG LAST NIGHT—GATE FOR DAY TOTALLED \$403.50

There was a large attendance at the Fair Building last night, the principal attraction of the evening being the vaudeville show in which Tex Young, cowboy moving picture comedian, and Ruth & Malloy, a pair of Seattle merry-makers, participated. The paid admissions last night included 714 adults and 271 children, the gate amounting to \$403.50 which compares favorably with the gate of the second day of the Fair last year which totalled \$446.45 including baseball and football games in the afternoon. There were no receipts from the sports ground yesterday owing to stormy weather and, in the afternoon, school children were admitted free of charge.

The entertainment program last night was an excellent one, all those who attended being highly satisfied with the bill. Tex Young appeared in a rope twisting act as well as in humorous cowboy patter. Ruth and Malloy put up an excellent comedy hit and dancing act which went over strong. The Two Kings of Nonsense, in the monologues, rope twisting and step dancing, proved very acceptable entertainers. The program was rounded out with selections by the Boys' Band.

PLANE HOPS TO INTERIOR

Squadron Leader Godfrey and Companions Leave for Fraser Lake

Flying into the teeth of a heavy rain shower, Squadron Leader A. Earl Godfrey and his companions hopped off from Seal Cove at 12.40 noon today for Fraser Lake on their return Trans-Canada flight to Ottawa. Reports of better weather had been received by the flyers from the interior and they are hoping to make the hop of over 350 miles from here to Fraser Lake by 4 o'clock this afternoon at the outside. They set their course from here to the mouth of the Skeena River up which they will fly to the headwaters of the Bulkley River and thence to Fraser Lake on the other side of the divide.

He spoke at the opening of the conference between the delegates and the Vancouver Board of Trade.

STAMPEDE IS BEING HELD

With clouds disintegrating after a final burst of rain, blue sky peeping forth and every Fair director holding his breath in order not to further arouse the ire of Jupi Pivvius, there was some prospect after 1 o'clock this afternoon that an improvement in weather conditions might fortuitously occur to help along the opening of the rodeo which the Exhibition Board had decided must take place this afternoon rain or shine. The Boys' Band had lined up on the streets and the steers and bronchs were being brought out to participate in the street demonstration to precede the opening of the stampede at 2 o'clock. M. P. McCaffery, president of the Fair Board, and Sedgeant J. P. M. Hannah, chief of city police, were in charge of the marshalling of the parade from which the Prince Rupert Pioneers' Association, fearing continuation of bad weather, decided to withdraw this morning.

Morrissey is now on her way south and the Stoll-McCracken expedition expects to arrive in Prince Rupert between October 1 and 15. All on board are reported to be well in spite of boisterous weather which has been encountered lately and which interfered with radio communication.

TRAIL, Sept. 13.—Relief of municipalities from charges for the care of prisoners sent up from their jurisdiction except where offenders have six months' residence qualification, was one of the forms of relief from financial burdens asked by the Union of British Columbia yesterday from the provincial government. Other forms of relief asked include either free or nominal motor licenses for municipal road making equipment and a refund of tax collected on gasoline used in their road work. A change in favor of a taxpayer in arrears was asked in a proposed reduction of the penalty limit from fifteen per cent to twelve and of ten per cent to seven. Among other tax requests was a change in the municipal act to facilitate taxing harbor commission lands emanating from North Vancouver.

UNION OF B.C. MUNICIPALITIES PRESIDENT URGES NEED OF PUBLIC UTILITIES COMMISSION FOR PROVINCE

TRAIL, Sept. 14.—With an attendance of 150 delegates the Union of B.C. Municipalities opened a two day session yesterday. President T. Reid in an address urged the Union to press for the appointment of a public utilities commission, suggesting that the B.C. Electric Railway and subsidiaries under the new ownership was so powerful as to be almost monopolistic, while the dispute between the Grand Forks and the West Kootenay Power companies was another illustration of the need of a controlling body. He also urged relief of the taxpayers in regard to school maintenance through the medium of larger government grants to schools and of a special school tax on incomes.

EASTERN FISHERMEN COMPLAIN OF DAMAGE TO GEAR BY SEALS

PORTLAND, Me., Sept. 13.—Maine fishermen are loud in their complaints of damage to their gear by seals, which they claim are much more plentiful than in several years past. At low tide on any sunny day the ledges and reefs are almost black with the creatures. Next to the dog fish, according to the fishermen, the seal is more destructive to fish than anything else that swims in local waters. They tear holes in the mackerel and herring seines and feast at will. The sealers do not begrudge the seals a good meal, but they do object to having valuable cordage slashed and their catches released.

RELATIONS WITH INTERIOR

A very serious complaint is made by D. D. Munro, representing the farmers of the interior of lack of co-operation by local merchants in regard to the marketing of the produce of that section of the country. There are faults on both sides. The farmers are careless and not always honest in regard to their marketing and the merchants are indifferent and inclined to follow the lines of least resistance and not always honest in their dealings with the farmers. That is what an outside observer would gather from hearing complaints of farmers and merchants during a period of years.

Just now the differences seem to have become very pronounced, so much so that farmers of the interior when asked to exhibit their produce here were inclined to hold back. Many of them refused.

As Mr. Munro says, Prince Rupert is the natural market for the Skeena and Bulkley valleys and it is to the advantage of both that very close and friendly relations should be established and maintained. We should try to do business with each other as much as possible.

CENTRAL B.C. DRIVE

We suggest that as a means of improving the marketing of Central B.C. goods in Prince Rupert, a drive be made for the purpose of seeing that Central B.C. produce is marketed in the stores. Residents may all co-operate by asking for Central B.C. products such as meat, vegetables and fruit. In that way we may increase interest in the interior and the people of the interior can be asked to improve their marketing methods so that the people in the city will know what they are likely to get when they place an order.

RECOMMENDS MORE EXPERIENCED PILOTS DURING BAD WEATHER

OTTAWA, Sept. 12.—A recommendation that commercial flying companies select more experienced pilots where weather conditions are not normal is contained in the finding of the court of inquiry which investigated the flying crash at Graham Beach, B.C., on July 13 last when W. G. Partridge, mechanic, was killed.

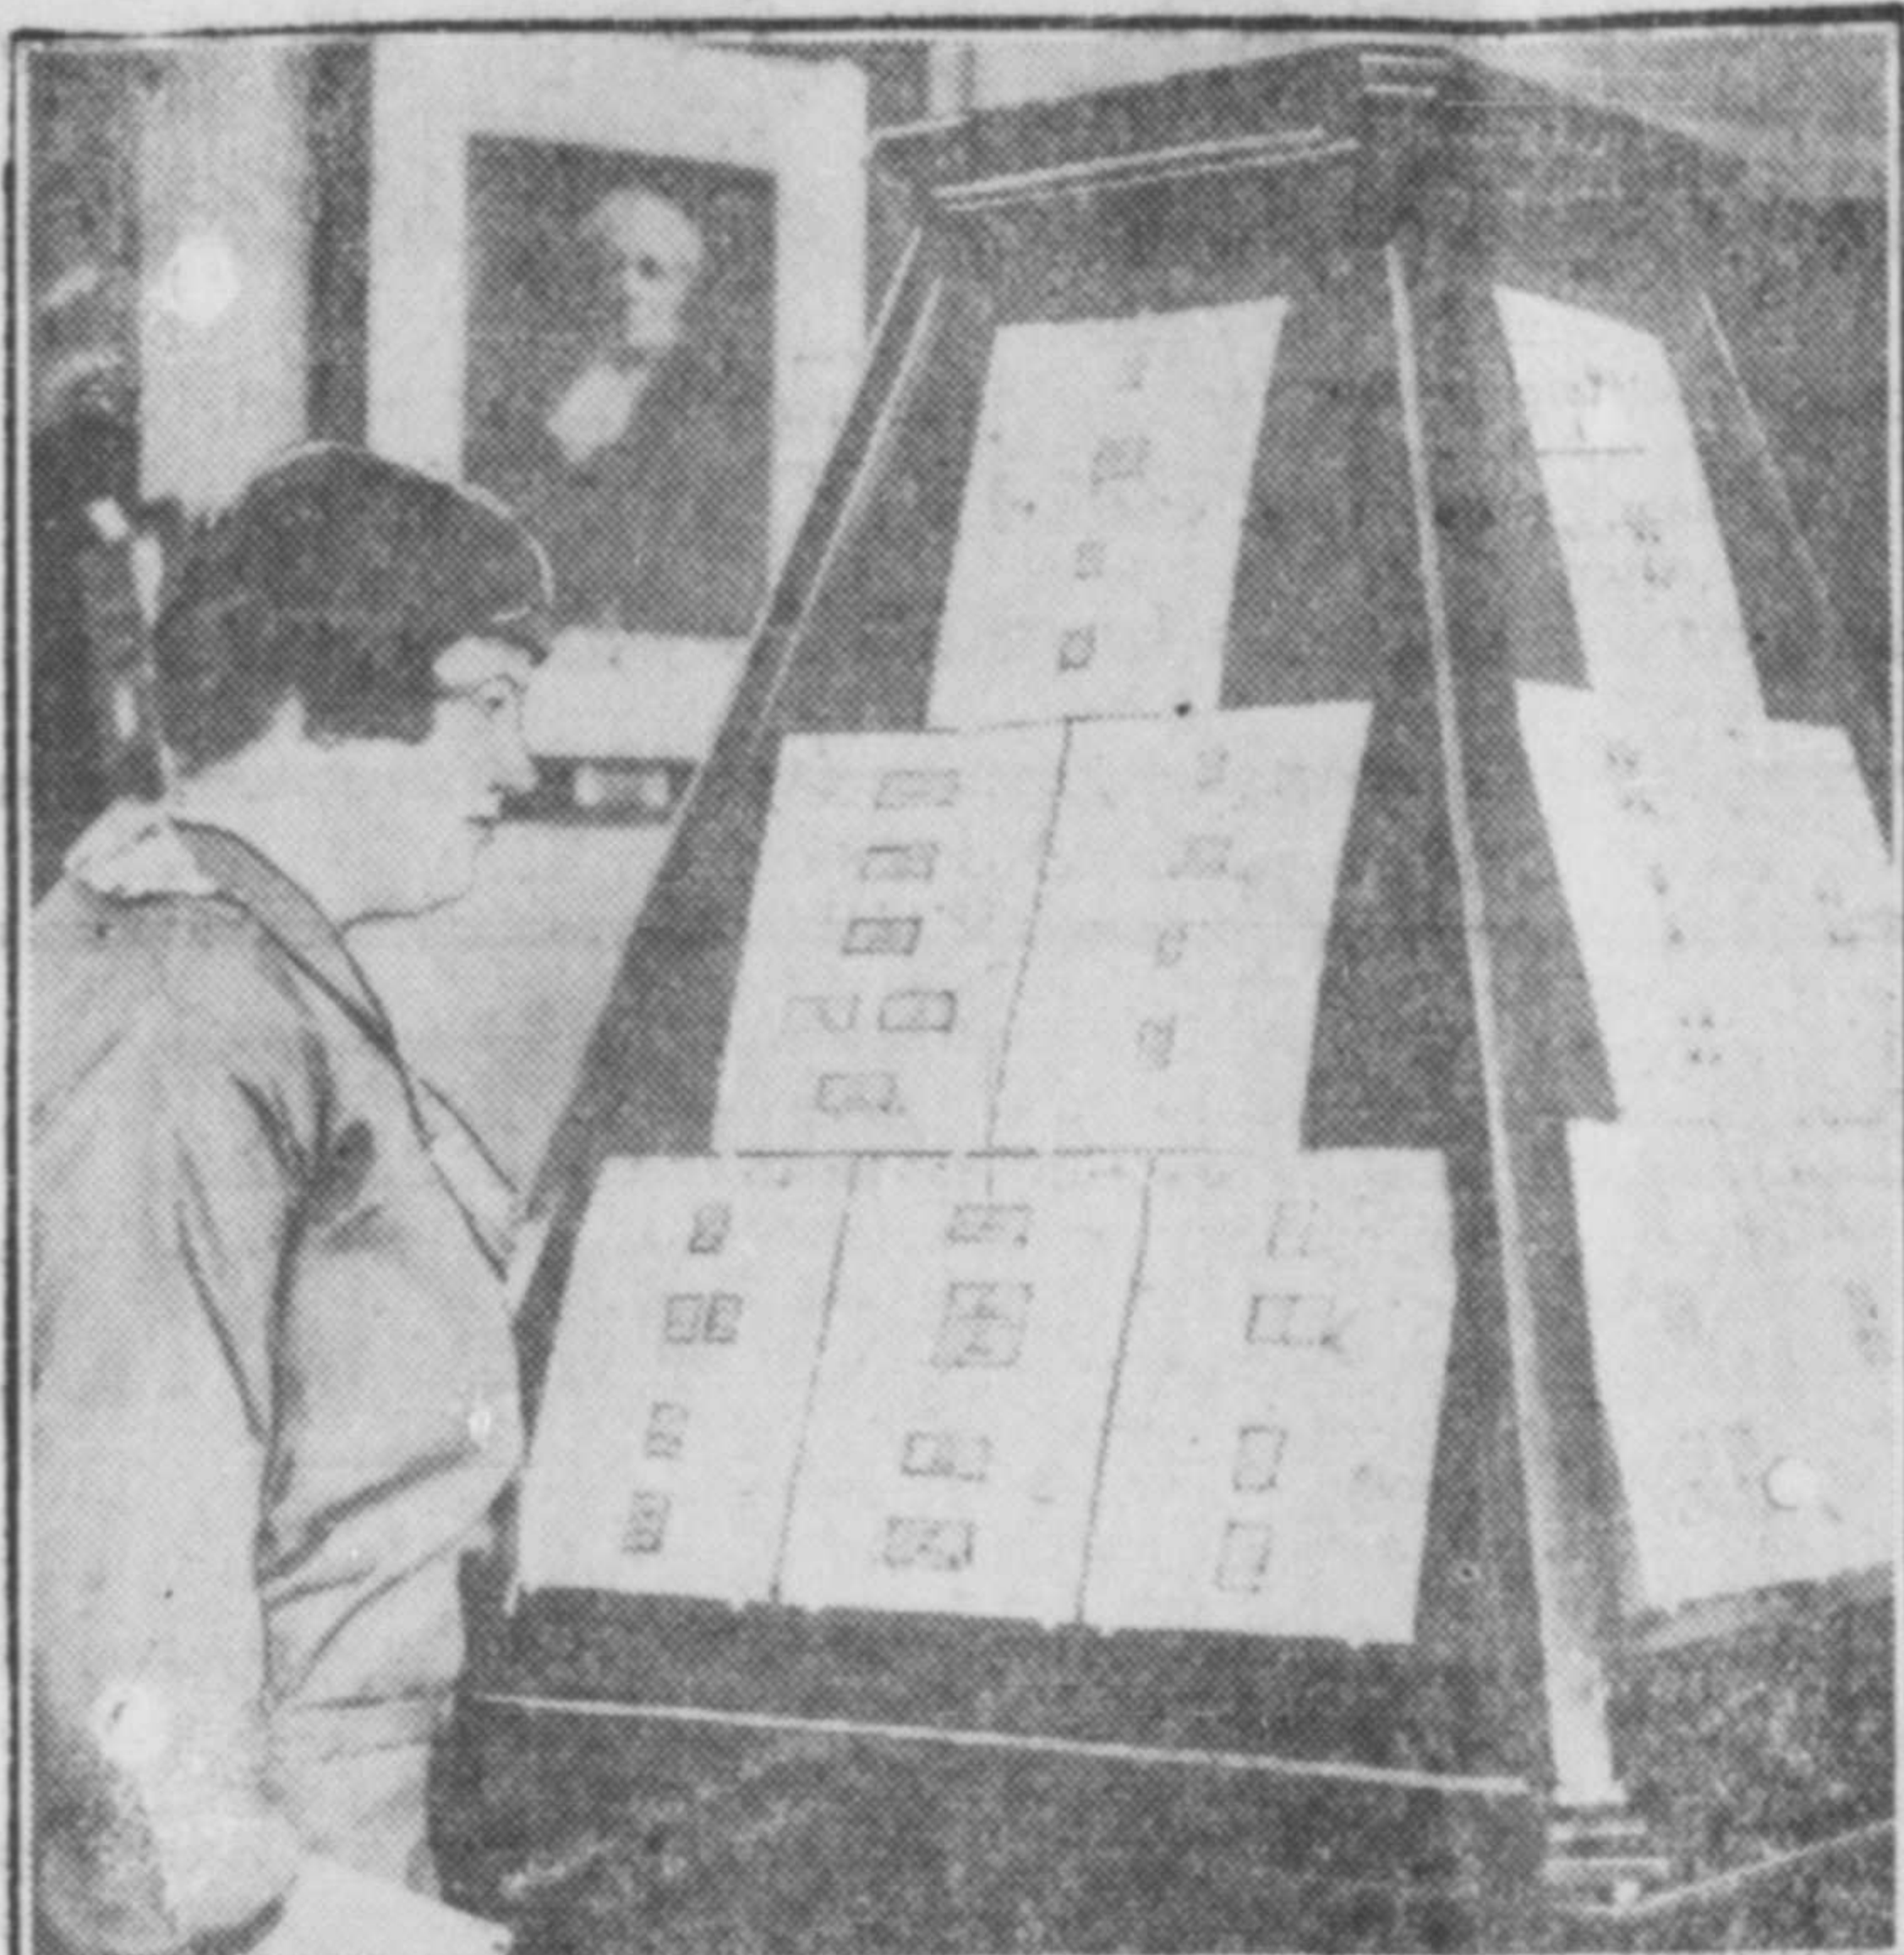

In the report issued yesterday it was found that the accident was caused by an error in judgment on the part of the pilot while flying low in the rain

and foggy weather. The flying boat hit the water at a high speed and was destroyed.

GROW BLUEBERRIES IN NOVA SCOTIA AS AN INDUSTRY

HALIFAX, N. S., Sept. 13.—Following the passage, at the last session of the Nova Scotia Legislature, of an Act encouraging the cultivation of blueberries, an organized effort has been placed behind the blueberry industry in this province. Blueberry associations are being formed throughout Nova Scotia, and the Provincial Government is co-operating with these associations in selecting areas best suited for the growth of the berries. These areas will be burned under Government supervision, and the cultivation will be favored with the best scientific knowledge and technical direction.

Emil M. Urell arrived in the city from the interior on yesterday afternoon's train.

SPORT CHAT

With his battle with Armand Emanuel out of the way Micky Walker, middleweight champion of the world, is ready to confine himself to his own division until he has either lost his title or defeated all the challengers who figure to have any sort of claim on the championship. Right now

Ace Hudkins looms as the most dangerous contender closely followed by Dave Shade and Joe Anderson. Arrangements have already tentatively been made for Walker to meet Shade the first time out in defense of his title. The fact that Pete Latzo jumped over the middleweight division when he deserted the heavyweight ranks for the light welter beat Walker out of his most attractive shot

Walker is taking on considerable weight but he can still make middleweight limit and be strong.

One wonders what has happened to George Young, the youthful Toronto prodigy, who gave the world a thrill two or three years ago when he swam the Catalina Channel, who had honors showered upon his head, and had the world at his feet but who did not last long enough in the Wrigley fifteen-mile marathon at Toronto this Wednesday to even figure in the running. It is also noticeable that Ernest Vierkoetter of Germany, who won the big event last year, was also an early quitter. Perhaps as is often the case this time the plaudits of the multitude and their suddenly acquired fame have gone to impair their prowess and cause their short-lived sun to set. Today the big figure in the athletic world is Percy Williams, Vancouver sprinter, who conquered the world's best at the Olympics and is now being acclaimed not only by this continent but by all the world. It is to be hoped that British Columbia's own champion may not, too, fall by the wayside. We have hopes that Williams is too sensible for that. It is difficult nevertheless.

Supporting the stand taken at the recent international conference in Amsterdam, Dr. A. S. Lamb, director of physical education at McGill university president of the Amateur Athletic Union of Canada and manager of the Canadian Olympic team declares that women are unfit for athletic competition as seen as that seen in the Olympic games. "Physically and mentally women are unsuited for men's of this nature," Dr. Lamb says. "They are too high strung and no matter what their physical condition may be, they are bound to compete with too much at stake. Dire results often follow. Whether these injuries are permanent or not, we do not know. Women have not been in athletics long enough for sufficient investigation to be made. But it seems evident that to some extent, they must be."

The race for the pennant in the American League is the hottest and most spectacular that has been seen for many years. New York Yankees have again at least a temporary advantage over the Philadelphia Athletics but fans the country over, it seems, are as confident as they are hopeful that the Mackmen, after their long struggles of many years' duration, may yet come out of the heap on top. Certainly, nothing more popular could happen and the result is that the finish of the American race is eclipsing everything else in general interest. There will be several hectic struggles before the end of the season and the World series in which it is fairly probable now, the St. Louis Cardinals will again represent the National League though honors have not yet been settled there either.

FOUR NATIVE BASEBALL TEAMS ARE ENTERED
Hazelton, Greenville, Kincolth and Port Simpson in Competition

The opening native baseball game between Hazelton and Greenville, which was to have been played yesterday, had to be postponed on account of rain. There are four teams in the competition this year, the other two being Kincolth and Port Simpson.

RUPERT WON AT LACROSSE

BEAT NATIVE AUYANSH TEAM 7 TO 5 IN VERY CLOSELY CONTESTED GAME

It was largely through the efforts of J. Tooley, a recent addition to the local lacrosse forces that Prince Rupert won the game yesterday afternoon against Auyansh, the score being 7 to 5 in favor of the local lads. Unfortunately Tooley and A. Adams of the opposing team staged a little private war of their own with the result that they were both held off the field and had to be taken to the hospital for treatment.

On the whole checking was clean but hard and the game was so close that the return match will be watched with great keenness by local lacrosse fans who will be anxious to watch the outcome.

Outstanding Rupert players were Cyril Tooley, S. Styles, Elmer Smith, L. Astoria, D. Stalker, D. Gurvich, Brick Skinner, Bert Milton, E. Ratchford, B. Stalker and Dick Woods. Spares, W. Johnston, S. Prudhomme and B. Bacon. The scorers were: Prince Rupert—D. Woods 5, D. Ratchford 1, D. Stalker 1. Auyansh—C. Morgan 2, D. Munro 1, A. Dericks 1.

Referee—Harry Macey.

The next game will be played tomorrow, the total number of goals to decide the series.

While the game was staged in an impromptu manner between storms yesterday, there were several hundred spectators present and the game created a great deal of interest and was certainly well worth watching.

Would you like a fur coat? And would you like to get it at one third less than the regular cost? Of course you would. Who wouldn't? The thing to do, then, is to visit Goldbloom's the old reliable fur dealer. Goldbloom is having a sale of furs before he leaves for New York. He goes next week to arrange for his purchases of raw furs and until he leaves, every article in his store is being offered at real sale prices—one-third below the ordinary price.

After being twenty years in business in Prince Rupert, Goldbloom prides himself on the number of his satisfied customers. He guarantees every article he sells to be as represented and to give satisfaction—with a money back guarantee. And no one can do much better than that!

So see Goldbloom this week about that fur coat, before he leaves for the east.

MY KITCHEN NOTEBOOK

by Mary Blake

Domestic Science Counselor

Summer Foods of Frosty Coolness

What husband, coming home tired and hot from work, won't revive when he finds at his elbow a tinkling, frosty glass of lemonade or iced tea...

On hot nights I use a luncheon set on the bare table—a tablecloth looks too warm. I get out all of my green glassware. I see that the lettuce is stiffly crisp, the tomatoes as chill as winter...

Frozen Salad and Iced Coffee

Two of my most popular hot weather foods are frozen salad and iced coffee. The salad, with its happy combination of fruit, mayonnaise and chives, and the coffee, with its rich, smooth creaminess...

The Dependable Milk for Hot Weather

I can always rely on Carnation Milk—it's sure to be pure and sweet no matter how hot the day. It doesn't vary either, as does ordinary milk, but is uniform in quality, with a double creaminess because it's evaporated to double richness...

Being completely dependable, Carnation is economical, saving the usual waste of "turned" milk and spoiled foods. And, as any domestic science expert will tell you, it gives cooking results that even the best of bottled milk cannot equal—a smooth creaminess, a fine texture that are unmistakable in ice creams, soups, sauces, puddings, cakes and custards.

This special quality of Carnation Milk is due to "homogenization," by which the cream globules are broken up into minute particles and distributed evenly throughout every drop of milk. I've some wonderful recipes for hot-weather salads and ice creams in "My Hundred Favorite Recipes"—the Carnation Cook Book. Won't you send for this free booklet? Address Carnation Milk Products Co., Limited, 134 Abbott Street, Vancouver, B.C.

Carnation Frozen Salad 1/2 cup mayonnaise, 1 cup Carnation Milk, 1 cup whipping cream, 3/4 cup chopped black walnuts, 1 cup chopped pineapple, 1 cup chopped cherries, 1 cup apricots or peaches, 1 orange, 1 grapefruit. Combine Carnation and cream, chill and whip. Chop fruit; add to whipped cream mixed with mayonnaise, omitting fruit juice. Pack in baking powder tins or round molds; place in a 1 to 3 salt-ice mixture 3 hours. Serve in one-inch slices on lettuce.
