DUTHIE AND THE NORTH

John F. Duthie of Seattle, has done a great deal for Northern British Columbia. His opening up of the well known Duthie mine at similar to that of our own British Co-Smithers was one of the greatest things that could have happened lumbia as were the fishing, logging and to the district. Later he invested largely in Prince Rupert real estate. Now he has taken an option on the Rufus Argenta mining properties on Bear River near Stewart and will proceed with active operations.

If Mr. Duthie carries out a policy at Stewart similar to that at Smithers his name will become known even better and the people and his sympathetic rendering of "Trees" of the whole of the northern British Columbia will benefit.

W/ITH the superb ease of a thoroughbred that W takes all in its stride, the "Bigger and Better" Chevrolet never falters in the most trying circumstances-proves its mettle on the steepest grades and in the face of the greatest obstacles.

The ruggedness of Chevrolet construction alone makes these things possible. There is no part of the engine—of the chassis—of the body that was not designed primarily for rugged endurance-put to the test again and again on the General Motors Proving Ground.

As a result the "Bigger and Better" Chevrolet sturdily climbs without a halt, the steep slopes of the Rockies, and ploughs its way through the deep mud and gumbo of half - made prairie trails. In whatever conditions it may be placed, the splendid ruggedness of Chevrolet remains loyal in the service of its owner.

to 8 p.m.

No candidate will be permitted to enter The Daily News office after 9 o'clock, Monday night, August 20 for the purpose of turning in subscriptions to apply on the big votes of the first period. All candidates in the office by that time however, will be waited on and their subscriptions will count on the present big vote schedule.

ANY subscriptions mailed in ANY postoffice ANYWHERE which are postmarked not later than 12 p.m. (midnight) Monday, August 20, will also count on the big votes in effect until Monday night only, even though they do not reach this office until Tuesday or even later. Those candidates who live in towns where the mail is not postmarked frequently will be given first period votes on all subscriptions postmarked for the first mail after midnight next Monday, August 20.

Every candidate should make this period the BIG PERIOD in their campaign. The biggest vote offer of the entire campaign is in effect until next Monday night only. Every subscription you get by Monday night will count you many more votes than it will at any later date in the campaign. You must work now to win.

Campaign headquarters located on the second floor of The News Building; 243 Third Avenue, are open each day from 9 a.m. until 8 p.m. (next Monday night until 9 p.m.) Come in today or this evening and receive full particulars. YOU CAN WIN BIG. ENTER NOW, PHONE 534.

It's Neck and Neck in The News Big Race!

In just one more working day the biggest vote period in The News \$4,000 "Everybody Wins" Subscription Campaign will be history and the voting value of subscriptions will be reduced. After 9 P.M., Monday, August 20, subscriptions will count less votes and they never again will count so much. A lead held at the beginning of the second period will be more easily maintained. Most candidates are right at it, busy collecting in the promises made earlier in the campaign. Others are going back to their rfiends who have previously subscribed to get them to subscribe for another year or two; a very few long term subscriptions turned in NOW may be the very ones needed to "cinch" the prize of your choice.
