PRICE FIVE CENTS

Case For Power Corporation of Canada Set Forth at Theatre Meeting in Westholme Theatre

Industrial Advancement of Prince Rupert Stressed by Speaker as Chief Reasons Why Offer of His Company Should Be Favored

Quoting from the report of William Young, C.E., the engineer employed by the city to advise as to the merits of the respective companies bidding for the local power franchise, H. E. Pawson, speaking in the Westholme Theatre last night, said:

"It is the opinion of the writer after careful consideration of all factors, that, even omitting the gain to the city of the ornamental street lighting system, the cash offer of tender No. 1 (the Power Corporation of Canada) with the assurance of hydro-electric development and co-operation in further industrial development by a Canadian company of the first order is preferable to tender No. 2 by a foreign company with no assurance whatsoever on hydro-electric or industrial development."

Mr. Pawson emphasized very strongly the industrial advantages to be derived by the city of Prince Rupert in associating themselves with an organization whose ability demonstrated by results obtained in other territories covered by the operations of the subsidiary companies of the power corporation is so outstanding. This was illustrated by recitation of what had taken place during the past eight or ten years in that section of the province of Quebec known as the Eastern Townships wherein 39 industries have been located by them having a total capitalization well in excess of \$40,000,000, producing an annual payroll in excess of \$9,000,000 a year distributed among 9,000 employees and producing a contingent population following in, estimated at from 50,000 to 75,000 inhabitants.

The services of the same organization which has produced wonderful results, such as these, in other localities are offered to the city of Prince Rupert in the proposition submitted by the Power Corporation of Canada free of charge.

Extensive Developments
Mr. Pawson further recited the industrial and mining activities which had followed upon the development of hydro-electric power by other companies in which they are interested and in particular the extensive mining developments which have taken place in the past few years in Northern Ontario and Northern Quebec and East Kootenay. At the same time he spoke of their activity in the pulp and paper industry in Canada.

Mr. Pawson called attention to the prosperity that is being enjoyed by both their own companies and the municipalities or districts in which they operate, stressing at the same time the point that it is impossible for them to have a prosperous operation located in a community which is not prosperous.

If a community is not prosperous the company cannot be prosperous. That the industrial productivity of the areas served by their associated power companies has not been overlooked is witnessed by the highly satisfactory position in which these companies today financially find themselves.

Strength Needed
From figures compiled by the

Under these conditions it is patently obvious that no relationship whatever would exist between the company formed for the purpose of taking care of the Prince Rupert situation and that which either has in the past or now obtains in Vancouver.

The interest of the Power Corporation in the B.C. Electric through a controlling one is a minority and the Power Corporation does not own the B. C. Electric nor has it anything to do with the management of the B.C. Electric other than through representatives of two of its directors on the Board of the B.C. Power Corporation.

Mr. Pawson further alluded humorously to the futility of this city of Prince Rupert engaging itself in open battle with Vancouver, pointing out that each

ALASKAN BOAT WENT ASHORE

CORDOVA, Alaska, Dec. 19.—The steamer Admiral Rogers arrived from Yakutat yesterday and sent word that the gasboat Maryland of Tacoma went ashore six miles southwest of Ocean Cape in a blinding snowstorm last Thursday and was a total wreck. The crew of four were saved after a perilous trip afoot to Yakutat a distance of 60 miles.

city has its place in the sun with their respective destinies to work out in their separate ways and pointed out that the suggestion of having this city in open and aggravated competition with Vancouver was not calculated to be in the best interests of the city of Prince Rupert. (Applause).

Clear Illustration
A similar situation was illustrated by the speaker in what had occurred between the city of Hamilton and the Eastern Townships in the Province of Quebec, wherein, in spite of the fact that his company had a much larger investment at one time in the city of Hamilton, it had not interfered with the development of the smaller company to such a point that the latter had ultimately outstripped the larger concern.

Mr. Pawson emphasized the splendid work which had been done by Canadians in their own Dominion in the development of hydro-electric power, and other fields, pointing out that from the latest figures compiled Canada occupies the first place in all the nations of the world in the amount of power developed per capita and in the quantity of energy sold per capita.

The Dominion, furthermore, today leads the world in the production of newsprint, is now exporting more grain and flour than the United States, is first in the production of asbestos, is first in the production of nickel and cobalt, is second in the production of copper, is third in the production of silver and fourth in the production of gold.

Figures were given which showed that the net results of Canada's export and import trade during the past twelve months had added the enormous sum of \$130 per capita to the national wealth. "This is a record to be proud of indeed," said the speaker. "Canadians are not today in the unfortunate position of having to take off their hats to outside nations but on the contrary have established a record of their own to be justly proud of. (Applause)."

In his opinion, Mr. Pawson said, all that Canada was suffering from today was, if he might be excused for making use of the hackneyed phrase, an "inferiority complex" and lack of population, and that no organization in the Dominion had done more to stimulate the industrial activity of the Dominion than the one which he had the honor to represent.

Mr. Pawson was well received by the large audience present and the chairman, H. B. Rochester, urged that Prince Rupert should not repeat the mistake which was made in 1912, when offers of Montreal assistance were turned down. He said that some of the members of the company were well and favorably known to him and he sincerely hoped the people would use their best judgment and give them a chance to come

and give them a chance to come

and give them a chance to come

and give them a chance to come

HOPEFUL FOR KING GEORGE

Whole Situation Regarded as Satisfactory Today

LONDON, Dec. 19.—The desperate battle King George is waging for life continued somewhat in his favor today. The morning bulletin, like the two of yesterday, recorded improvement, even though slight. Despite the fact that his gain is slight, there has been a definite and more hopeful atmosphere among palace officials. On the whole, the situation is regarded as favorable and satisfactory, although it must be emphasized that anxiety must continue for some time. Uninterrupted progress for several days would be necessary before real confidence could be felt. There was no disposition to minimize the fact that the King's condition is still critical. It was a month ago today that the public was first informed that the King was ill.

LONDON, Dec. 19.—At 11 o'clock this morning the following bulletin was issued: "The King has had a restful night. The slight improvement noted yesterday continues."

LADY HEATH LEAVES, MAD

British Aviatix Claims She Was Insulted By Toronto Paper

TORONTO, Dec. 19.—Lady Heath, British aviatix, who arrived here yesterday, hopped off on her return to Buffalo today, cancelling all appointments which she had made for New Year's Day.

She resented the words attributed to her in an evening newspaper, which quoted her as saying: "I did get so fed up with hole and prohibition drinking. I need a drink of beer openly just to make me feel normal again."

Lady Heath indignantly denied the statement, saying she was practically a teetotaler and always endeavored to respect the United States prohibition laws.

After complimenting the United States newspapers for their kindness, courtesy and fairness, she said: "It appears I have to return to my own Empire to be insulted in this fashion."

Flying here yesterday Lady Heath battled snow and winds.

PRETENDED, ILL BECAME RICH

Sold Penknives to New York "Suckers" and Made \$500 a Week

NEW YORK, Dec. 19.—Samuel Ansel, 23 years of age, of Revere, Mass., a panhandler, who employed a valet, secretary, and took \$500 a week from New York "suckers" by selling penknives in a subway, was given a choice in the Harlem court of serving six months in a workhouse or posting a \$1000 bond to leave the city. He posted the bond.

Probation officers reported that Ansel, in addition to a savings account of nearly \$15,000, possessed \$40,000 in first mortgages and owned several newsstands in Boston. Ansel feigned a palsylike illness in his solicitations.

AFGHAN REBELS SEEM ACTIVE

Failure to Pay Army Cited as One Cause for Trouble

AIRPLANE SHOT DOWN

LONDON, Dec. 19.—King Amanullah of Afghanistan is having trouble in suppressing revolts, due to his failure to pay the army, it is said in dispatches today. A Karachi dispatch quoted by a merchant from Kabul says "the King used army funds to pay for purchases in Europe."

NEW DELHI, India, Dec. 19.—The rebels are reported to have seized two forts overlooking Kabul, capital of Afghanistan, and are awaiting reinforcements to

press the attack. A British airplane was shot through the radiator and made a forced landing near Kabul. The plane had been attempting to establish communication with the British legation with a view to the evacuation of British and Indian women and children if necessary. The two airmen sent a telegram stating they were "safe and well."

ALASKAN APPOINTMENT

WASHINGTON, Dec. 19.—Julian A. Hurley was nominated by President Coolidge for reappointment as United States attorney for the fourth division of Alaska.

HERRING BOAT MISSING

SEWARD, Dec. 19.—Concern is felt for the safety of Captain Charles Swanson and two men of the herring boat Emma S. which left Kodiak a week ago.

VANCOUVER MAN WAS KILLED

VANCOUVER, Dec. 19.—Thomas Stewart was killed when an auto truck driven by James McAsian, his partner in business, in which he was riding was struck by an interurban street car at the Arbutus and 10th Avenue crossing last night. McAsian was arrested charged with manslaughter and was later released on bail. The accident occurred in a fog.

Major C. B. North, superintendent of the B.C. Silver mine, is a passenger aboard the Prince Rupert today returning to Stewart after a trip to Vancouver.

AMERICAN STATES PUBLIC SERVICE COMPANY

THE following is a tabular comparison of the offers submitted by the American States Public Service Company and by the Power Corporation of Canada as published in the Press on Saturday, December 15.

	The American States Public Service Company offer:	The Power Corporation of Canada offer:
1. Price	\$400,000.00 Cash.	\$375,000.00 Cash.
2. Street Lighting	Modern street lighting equipment over entire city.	Ornamental street lighting over business streets only.
3. Street Lighting Rates	On this point the offers are identical.	
4. Domestic Rates	Guaranteed not to be increased.	Right reserved to increase rates in event of cost of service being increased by Federal or Provincial taxation.
5. Power Rates	Guaranteed not to be increased.	Present schedules to remain in force or rate schedule used by Company in Eastern Canada at City's option.
6. Future Development	5000 additional horse-power hydro-electric development within two years and as much more as at any time may be required.	5000 additional hydro-electric horse-power within 2 years with reservation of 6 months grace and up to 100,000 horse power if as and when required.
7. Municipal Taxes	Neither Company claims exemption.	

The above tabulation sets out the important features in both offers. On this fair comparison we submit it is clear that our offer is the better.

THE CANADIAN NATIONAL RAILWAY HAVE A LARGE INVESTMENT IN VANCOUVER AND IN PRINCE RUPERT. HAS PRINCE RUPERT GAINED OR LOST BY SHARING THE CANADIAN NATIONAL RAILWAY WITH VANCOUVER?

Last year at this date much more grain had been shipped from the port of Prince Rupert than has been shipped to date this year, and yet Prince Rupert's elevator is full of grain awaiting shipment. Is this because the Alberta Wheat Pool has now an elevator in Vancouver?

Prince Rupert never has gained by sharing interests in large enterprises with Vancouver. If you vote for the Power CORPORATION OF CANADA, you will again be overshadowed by Vancouver.

The following is copied from an article entitled "How to invest your money," appearing in the Daily Mirror (Overseas Edition of Nov. 8).

"I have before me as I write extracts from the Montreal Gazette of September 22 last, in which Sir Herbert Holt predicts a great future for British Columbia in general and Vancouver in particular.

"Sir Herbert drew attention to the fact that the port of Vancouver has the advantage over Montreal of being an open port, which naturally contributes very materially to the rapid progress being made.

"There is no question" he said, "that wheat and other grain from Alberta and the Peace River Valley will be shipped that way, while flour for the Orient—a trade which is assuming very material proportions—is finding Vancouver the natural shipping point."

"Asked as to the hydro-electric industry on the coast, Sir Herbert, who is identified with the British Columbia Power Corporation, merely presented the example of the growth of the Montreal Light, Heat and Power Company in proportion to the growth of the City and district of Montreal.

"His inference obviously is that the growth of the coast utilities will keep pace with the growth of the urban centres, particularly the city and port of Vancouver."

According to the above statement Sir Herbert Holt is identified with the British Columbia Power Corporation in which Power Corporation of Canada according to its annual report, has a substantial interest.

This statement shows clearly that Vancouver is the chief concern of the British Columbia Power Corporation on the coast.

American States Public Utilities Service Company has no interest at all in Vancouver and must therefore use all its resources to develop Prince Rupert.

Vote for American States Public Service Company and industrial independence for Prince Rupert.

Voters can obtain transportation to the poll by Phoning 14 or 15

LATEST WORD ABOUT KING

LONDON, Dec. 19.—The 8 pm. bulletin from the King's physicians reads: "The King passed a quiet day. Both general and local conditions are continuing to make slow progress."

RUGGED BATTLE WITH THE PUCK

Cubs and Buckaroos Divide Points at Victoria Last Night

VICTORIA, Dec. 19. — The Cubs and Portland Buckaroos divided points in the Pacific coast

hockey game here last night. Although ten minutes overtime was played the teams failed to settle the argument and the game ended two-all. It was a rugged battle with an assortment of mediocre, thrilling and hair raising hockey. The second period, in which the Cubs evened their score with their second tally, produced the finest hockey seen here this season, both teams setting and maintaining a whirlwind pace through-

out. Plenty of heavy checking injected in the play. The Cubs scored their first goal in the first period and the Buckaroos their two.

J. A. Macdonald, provincial government auditor, Victoria, who is making an inspection tour of the province, has arrived in the city and is at the government office here.

SPORT CHAT

High school girls' and boys' basketball teams are to be busy during the forthcoming Christmas and New Year holiday fortnight. The girls are to make a trip to Anyox, under the leadership of Miss Mills, to play two games and the Anyox girls will come here for two games — a series which should prove interesting to all the fans of the hoop game in town. The boys are to go to Terrace and Smithers, and, possibly, return matches will later be played here.

Sankovitch, Passaic, N.J., heavyweight, was one of the most crestfallen boxers in fistiana last week. He floored George Gemas, veteran Philadelphia war horse, three times in the first round of their bout at Newark and was all set to let the finishing haymaker go when Gemas brought one up from his shoestrings and knocked out Sankovitch. The latter was unconscious for two minutes.

Around The World With Sport Fans

(By The Tramp)

That battle at the Amateur Athletic Union of Canada annual meeting at Port Arthur and the subsequent armistice will be beneficial to amateur sport throughout Canada. Dirty linen has been washed—and washed—not behind closed doors, but out in the open, and flung to the breeze to dry. If there has been rancor and acrimony it has all been laundered out, let us hope, and a better understanding arrived at all around. There is nothing to be gained by nursing grievances in such an organization as the A. A. U. of C. The whole trouble seemed to centre around the protest entered over the defeat of Fanny Rosenfeld by Betty Robinson, a representative of the U. S. On the broad principle of good sportsmanship it is inadvisable to protest when beaten, but there are extenuating circumstances at times, and when one feels that there has been deliberate discrimination it is not unwise, for the good of sport itself, to make objection in the prescribed and sportsmanlike way. But the matter of that protest only served to drag other more trivial matters into the discussion, and the whole unfortunate incident gathered momentum, as it were, until the final blow-off at Port Arthur. There is no doubt that the debate at the annual meeting will serve to clear the atmosphere, and prove generally beneficial. Judge Jackson of Lethbridge, ex-president of the A. A. U. of C., was the influence, as chairman of the "Peace Conference" that brought about the final satisfactory settlement. Cicero said it nicely when he opined that "in honorable dealing you should consider what you intended, not what you said or thought." Professor T. R. Loudon of the University of Toronto, a sportsman of long standing, was unanimously elected to the presidency, and may be relied upon to serve the amateur sportsmen of Canada carefully, enthusiastically and to good purpose.

ORANGE LADIES SUSTAIN DEFEAT

First Half of Schedule of Ladies' Whist League is Concluded

The defeat of the Orange Ladies for the first time this season marked the concluding game last night of the first half of the schedule of the ladies' section of the Fraternal Whist League. St. George's Ladies were winners 6 to 3 over the L. O. B. A. Moose Ladies defeated C. N. R. 6 to 3 in the other game last evening. Play will be resumed after the New Year.

Following are the standings:

	W	L	P
Orange Ladies	5	1	5
St. George's	3	3	3
C. N. R.	2	4	2
Moose	2	4	2

Gold Quartz Prospects of North Reviewed by Hagen; Encouraging Report on Melvin Group; Atlas Gold to Diamond Drill

Gold quartz prospects of the northern portion of the province are reviewed by E. A. Hagen, editor of the Mining and Industrial Record. Veins carrying gold to the extent of \$18 to \$40 per ton have been reported from the headwaters of the Unuk River on the south fork. Business men have become interested in the development of these deposits, but transportation has proven a terrible difficulty. Though many people have been pinning their faith on Atlin as a coming gold-quartz camp of importance, so far it has proved disappointing. The Engineer, Gleaner and Kirkland properties produced samples of fabulous values, but results have been disappointing. The Engineer mine has been operating on ore averaging \$18 a ton and the manager expresses confidence that the mine will yet become an important producer of gold. The Gleaner and Kirkland can as yet be only described as prospects. A promising country for lode gold is the area in the north-eastern corner of the province forming the boundary with the Yukon territory. The prospects of Sayyee River are regarded as favorable. Islands of the coast have much promise in gold-quartz mining. Princess Royal Island has already produced gold to the value of about \$7,000,000 from the Surf Inlet mine. Other gold quartz deposits are known at several places on the island. The newest development is that of the Cassie group, which is being handled in a conservative and business like manner by the Gold Coast Mining Co. A report of H. L. Batten, M.E., is favorable, showing outcrops of minerable width carrying good average values in gold. The property is well located for transportation, being close to Bear Lake with water transportation from the head of the dock. Water power can be developed

FAMOUS BRITISH AIRMAN MAKES A TALKIE

Sir Alan Cobham, the famous British airman, has just produced what is probably the greatest travel film ever shown, of his recent flight around Africa. He is here seen in the private studio of John Leeming, well-known producer, taking part in a scene for a talking film.

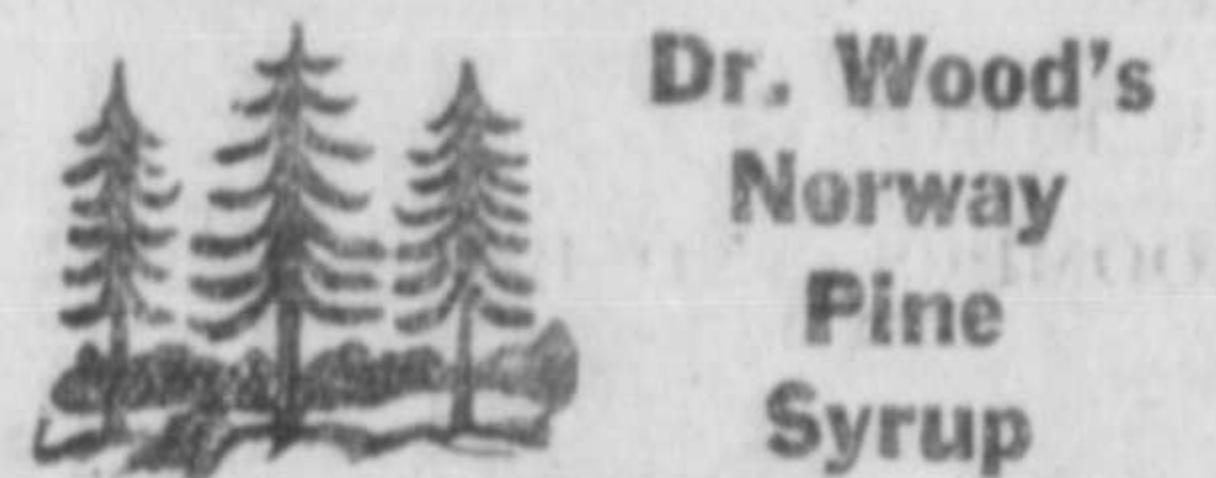

property will be carried out under the direction of Mr. Batten's company. In part the report says that very little prospecting opened up a strong vein carrying native silver together with some sulphides on the Porter-Idaho boundary. There is at least one and probably two of the veins on the Porter-Idaho which enter the Melvin ground. The fact that the Porter-Idaho and Prosperity groups lie to the southwest and that the Melvin group cuts into these quite considerably makes this property valuable for its location. This coupled with the fact that native silver has been found in one of the veins and that a second vein was located carrying high silver values makes the property one of merit and warrants considerable development and thorough opening up. Two assays show commercial ore, one carrying 125 ounces silver and 27 per cent zinc and the other 637 ounces of silver. The report describes the ore minutely and also refers to transportation, climate, power, timber, water and equipment conditions.

The Atlas Gold & Copper Mining Co. Ltd. has decided on a spring program of diamond drilling for its property adjoining the George Copper in the Bear River valley, the president of the company, E. E. Hall, announces. Holdings of the company consist of eleven claims opposite the Rufus-Argenta and the company is capitalized at \$3,000,000. It recently took over the old Bear River Mining Co. It is stated that \$25,000 has been raised privately to carry out the expense of diamond drilling. J. A. Hall is vice-president and C. E. Neals, secretary.

C.P.R. steamer Princess Mary, Capt. Thomas Cliff, arrived in port at 3 o'clock this afternoon from Skagway and will sail at 4 p.m. for Vancouver and Victoria. Aboard the vessel is a crowd of Alaskans and Yukoners going south for Christmas. Embarking here for the south on the vessel will be: Miss Sorenson, Alex Ohman and D. Davidson, for Vancouver, and E. Warren, for Victoria.

Dry, Hacking Cough Was Caused By A Bronchial Cold

Mrs. A. Primeau, 36 Ingram St., Chatham, Ont., writes: "I am pleased to take this opportunity of telling you of my experience with

**Dr. Wood's
Norway
Pine
Syrup**

"Early last winter I suffered from a severe bronchial cold that left me with a provoking, dry, hacking cough. After being bothered with it, both day and night, for some time I had a professional nurse recommend the above cough syrup which I took with wonderful results, and now it is the only remedy I ever use for colds."
Price 35c. a bottle; large family size 80c. at all druggists or dealers.
Put up only by The T. Milburn Co., Ltd., Toronto, Ont.

COMMITTED FOR TRIAL

Two Indians Sent Up on Charges of Theft From Dwelling at Terrace

Bert Dennis and Stephen Sampson, Port Simpson Indians, were committed for trial by Stipendiary Magistrate H. F. McLeod in provincial police court this morning on charges of theft from the home of Michaud brothers, Crescent farm, in the Lakelse Valley, near Terrace. It is alleged that the pair of natives entered the Michaud premises and made away with all available tools, clothing and food. Provincial Constable H. J. McKenney placed them under arrest following the arrival of the train here last Sunday afternoon from the interior. A quantity of the missing goods was said to have been found in their baggage aboard the train. Principal witnesses at the preliminary trial were Fred Michaud and his sister, Mrs. T. J. Kirkpatrick.

BRITISH FOR THIS COUNTRY

Agreement With London in Regard to Immigration to Canada

OTTAWA, Dec. 19.—Following the negotiations completed with the British government, Hon. Robert Forke, minister of immigration, yesterday made public the measures agreed upon to promote a larger flow of British immigrants to Canada. These include substantial reduction of the general steamship passenger rate, continuation of two pound ocean rate for families coming to work on land, free passage for children and for other boys or girls coming under the auspices of a recognized voluntary society. Boy settlement will loom large in the program.

A. Chisholm, rigger for the radiotelegraph department, sailed by the Catala yesterday afternoon on his return to Victoria after having spent a couple of weeks here in connection with the repair of the Digby Island cable which is recently went out but which is in operation again.

There was no meeting of the Lief Erickson Society last night. The next gathering will be the Christmas Tree entertainment on December 27.

Owing to the stores being open nights this week, there was no regular monthly meeting of the Prince Rupert Retail Merchants' Association last night.

SHIP IS DUE THIS EVENING

British Steamer Rossington Court Arriving to Load Full Grain Cargo for United Kingdom or Continent

The British steamer Rossington Court, Prince Rupert's fourth grain ship of the season, is expected to arrive in port late this afternoon or early this evening from the old country and will immediately go on berth at the elevator to start loading a full cargo for the United Kingdom or continent. The vessel was due at Triple Island at 1 o'clock this afternoon to pick up her pilot.

No further boats for loading here have yet been reported. Meantime, the Alberta Wheat Pool's local elevator is filled to capacity and the movement of grain from the prairies to Prince Rupert has, consequently, slackened up.

PRINCE MAKES XMAS APPEAL

LONDON, Dec. 19.—The Prince of Wales last night issued a personal appeal on behalf of the distressed women and children in the mining areas. He called for a combined national effort to give the matter urgent attention, as thousands, who through shutting down the British mines, were suffering dire poverty.

Making Movies of Mountains

Looking down into Lakes in the Clouds near Lake Louise. Right, Ernst Lubitsch directs the action. Left, Barrymore and Camilla Horn.

The joke is on John Barrymore. Under the direction of Ernst Lubitsch, he, Camilla Horn, Mona Rico and several other screen celebrities were to spend three weeks at Lake Louise in the production of an alpine picture—"King of the Mountains". With him he took a carload of Hollywood snow. This was fine business for the railway companies, but almost worse than carrying coals to New Castle as the party discovered when, from their windows in the Chateau Lake Louise, they looked across the lake to where Victoria Glacier hangs with crystal splendour the year round. High up on the mountain side, a short saddle ride from the Chateau they found plenty of snow, and here Mr. Barrymore is said to have amazed the professional Swiss guides by his daring. In portraying the role of a daredevil mountaineer he scored the use of a double and sprained both his ankles. Hobart Bosworth and Victor Varconi support Barrymore in the picture staged at Lake Louise.

John Barrymore is one of the few Americans to hold a Swiss Government certificate for the climbing of Mont Blanc. He therefore knows whereof he speaks when he says that the Canadian Rockies, for beauty, charm and thrills may not be surpassed. During the past few years quite a number of moving picture companies have "discovered" the Canadian Rockies. With headquarters set at Banff or Lake Louise they are within easy distance of almost every scenic background which might be desired. The low rolling foothills give the color for the cowboy variety. Somewhere, although perhaps high up, snow can always be found. The myriad lakes, streams and waterfalls, high cliffs and rugged trails, the motor roads and the railway, pack-ponies, dogs and wild life, the peaks and pine-clad valleys bridges and tunnels provide varied properties in proximity obtainable in few other locations on the continent. Many of the thrillers one sees now were filmed in the Canadian West and with the establishment of a Canadian film production company at Calgary, a Canadian Hollywood is in a fair way to becoming built up, particularly as the long hours of sunshine and the clear atmosphere for which Banff is famous are two of the major essentials for successful camera work. The Banff Winter Carnival also provides a splendid background.

PRINCE RUPERT WON BADMINTON

Are Leading League, With Cathedral Second, I.O.D.E. Third and Regiment Last

The league badminton schedule has been concluded and the Prince Rupert Club is leading by a substantial margin, with Cathedral second, I.O.D.E. third, and Regiment fourth. It has not been decided as yet whether the schedule will be continued after New Year.

The Cathedral won all three games over the I.O.D.E. on Monday night, scores being as follows:

Miss Elliott and Mrs. Bartlett (C.C.) beat Mrs. Darton and Mrs. Long (I.O.D.E.) 15-11, 15-11.

Miss F. Cross and Hinton (C.C.) defeated Mrs. Norrington and Slocomb (I.O.D.E.) 15-5, 15-4.

Clyne and Bartlett (C.) beat Darton and Norrington (I.O.D.E.) 15-12, 15-6.

BOOTH SCHOOL XMAS CONCERT

Teachers and Pupils Excel Themselves in Production of Operetta "The Pixies' Triumph"

A colorful and altogether delightful entertainment, enjoyable to the older persons as well as the young, was the operetta "The Pixies' Triumph," presented last night before a large audience in the auditorium of Booth Memorial School. It was the 1928 Christmas concert of the pupils of this school and reflected careful and effective preparation by children and teachers alike. A well arranged stage, brilliantly colored fairy costumes and the browns and greens of the Pixies made stage settings of much beauty. The tuneful choruses were well rendered, while the soloists showed real ability and talent. Dances and drills all added to the effectiveness of the presentation, which will be repeated tonight and which should not be missed either by those liking good entertainment or those who are interested in the work of the school children.

Miss Rose Rice, as pretty Queen Fatima of Fairyland, makes a winsome picture in her regal robes of white and silver, being ably supported by Miss Catherine Eastman as Franchon, her chief associate, to say nothing of the 30 or so fairies, garbed in attractive paper costumes of various colors. The Pixie king, Jewel Scissors, is splendidly portrayed by Miss Winnie Collinson, supporting roles being those of Laughing Gas, the court physician, cleverly interpreted by Oscar Fulton, and Knowall Do Little, King's executive, effectively acted by Miss Adelia Thurber. Among the chief characters is also Stay Behind, leader of the Pixie Army, represented by Miss Edith Kergin, who is a stately and military figure. The sprightly Pixies completes the stage group which numbers over 70.

The Pixies' Triumph is a three-act operetta, having as its motif the story of how Fairyland was threatened by its original owners, the Pixies. By song and spoken word, it is finally told how agreement was reached in sharing the kingdom with the Fairy Queen and the Pixie King at last taking the throne together. The entertainment lasts about two hours.

At the opening last night, Miss E. A. Mercer, principal of Booth Memorial School, spoke briefly, "voicing" appreciation for the large attendance and also acknowledging the assistance that had been given by the mothers in the making of the costumes. The whole staff of the school has contributed to making the operetta the success it is.

Owen Fisher left on today's train for a trip to Owensboro, Ken., where he will visit with a sister. He will return to the city in a couple of months via Denver, Portland and Seattle.

LIONS TOOK BUCKAROOS INTO CAMP

Vancouver Hockey Team Won Fourth Consecutive Victory on Home Ice

VANCOUVER, Dec. 18.—The Vancouver Lions increased their lead in the Pacific Coast Hockey League here Monday night when they took Portland Buckaroos into camp by a score of one to nil in a hard-fought overtime battle, winning the counter scored by Sandy Sanderson, who drove a fast shot from the sideboards into the Portland cage nine minutes after the extra period had started. The goal brought victory to the Lions and gave them four consecutive shutout victories on the home ice.

MANDELL GETS KNOCKED OUT

MINNEAPOLIS, Dec. 19.—Harry Dillon, lightweight (heavy), of Winnipeg, knocked out Mike Mandell of St. Paul in the fifth round of a scheduled ten-round bout here last night.

CRICKET MATCHES IN AUSTRALIA

SYDNEY, Australia, Dec. 19.—The Australians batting in the second innings of the second test match against the visiting English team scored all but five of the 344 runs necessary to prevent a first innings defeat, making 339 runs for the loss of four batters. With only five wickets to fall they faced the task of piling up more runs than the entire English team can make in the second innings.

FOUGHT AFTER BANISHMENT FROM THE ICE

TORONTO, Dec. 19.—Boston and Detroit staged a battle for second place in the American group last night that grew too heated to be settled on the ice and Eddie Shore, Boston defence man, and Herb Lewis, Detroit centre, continued it in a penalty box to which they were banished for rough work. The fans separated them.

The Bruins took the decision on the ice, going into a tie with the Cougars. The New York Amer-

icans hung onto the top of the international section by taking their fifth straight victory at the expense of Pittsburgh. Montreal is only two points behind the leaders as a result of their scoring a deciding goal in the last ten seconds of play against Ottawa. The Canadiens moved into a tie with Ottawa for third place by scoring a scintillating victory over Chicago. Morenz scored two goals and assisted in another.

The following were the scores: Detroit 1, Boston 3, Pittsburgh 0, N. Y. Americans 2, Canadiens 5, Chicago 0, Montreal 2, Ottawa 1.

13 WASHINGTON SQUARE COMES

Laughable Comedy Cleverly Acted at Westholme Tonight and Tomorrow

A reviewer of "13 Washington Square" which is showing at the Westholme Theatre tonight and tomorrow says of it:

When you're not screaming, you're laughing and when others scream you laugh—both with them and at them. Taken all in all, "13 Washington Square" is as thoroughly entertaining as any picture which has played here for months.

It has its serious moments, of course, and Jean Hersholt and Alice Joyce give two fine performances full of really human touches. Hersholt enacts the role of a kindly picture thief who tries to rob the house owned by Miss Joyce who believes he is after her jewels.

There's a young couple in love, very capably and sympathetically portrayed by George Lewis and Helen Foster. Lewis needs no introduction following his excellent work in "The Collegians."

Miss Foster is a newcomer, pretty, petite and clever. A great many of the laughs are the result of Zasu Pitt's adept pantomime. She is outstanding in every picture in which she appears. The entire supporting cast is excellent and Melville Brown's direction is splendid. He wrings every laugh possible out of the situation. The photography is clever and the picture as a whole will delight young and old.

District News

NFW HAZELTON

J. G. Gavigan of Prince Rupert has been the guest in Hazelton recently of Mr. and Mrs. Ge John.

The joint bazaar in Hazelton last Friday night of the United Church Ladies' and the Anglican Women's Auxiliary was a great success, about \$400 being realized. There were a number of novel features.

Olof Hanson was a visitor here and at Hazelton at the first of the week. He looked over his several pole camps in the district, as well as the political situation.

In spite of adverse growing conditions, farmers of the Bulkley Valley and Lakes District did fairly well this year.

Mr. Benson of Seattle is now at the Silver Cup mine installing an assay office which he will operate or send some one else in to run.

PRINCE GEORGE

A miscellaneous shower was given last Friday at Anderson's Hall in honor of Miss Wanda Pipke, who will be married to Henry Houghtaling on December 17.

Mrs. Christine Wilson, wife of P. E. Wilson, K.C., passed away at the local hospital last week. She came to British Columbia as a bride 32 years ago and, before coming here, lived in Nelson and Cranbrook. Rev. V. S. De Pencier officiated at the funeral and pallbearers were H. G. Perry, R. W. Alward, M. C. Wiggins, George Kennedy, I.

B. Baird and A. H. Booth.

M. E. Harper, formerly of this city and now a resident of Trail, has received the appointment of sheriff and official administrator for West Kootenay district.

George McCullagh has made a number of extensions and improvements to his local jewelry store.

The Prince George Conservative Association has elected officers as follows: President, C. W. Ferry; vice-president, Levi Graham; secretary, A. J. Peeb; treasurer, A. P. Andersen; executive, R. W. Alard, O. N. Haydon, A. McE. Young, A. E. Sibley, A. F. Green and T. M. Watson.

SMITHERS

An interesting debate on the subject, "Resolved that the government should keep the main highway from Smithers to Burns Lake open for automobile traffic throughout the winter," was held under the auspices of the Native Sons of Canada Tuesday night. The affirmative side, consisting of C. L. Dimock, A. C. Fowler, S. F. Campbell and J. A. Macdonald, was declared the winner by the judges—V. S. Crockett, H. Welch and J. S. McGill. Those speaking for the negative were Howard Birnie, D. A. McRae, H. G. Windt, J. P. Downey and S. J. Mayer.

A regular session of the county court was to have been held in Smithers this week, but has been postponed on account of the illness of Judge Young, who is suffering from lumbago at his home in Prince Rupert.

Smithers district is experiencing an unusually mild winter and there is practically no snow as yet. The open weather is a great help to farmers and others, as far as transportation is concerned.

An opportunity to invest in a high-class local security

\$55,000

Prince Rupert Amusement Co. Limited

7 PER CENT FIRST MORTGAGE BONDS

Dated September 1st, 1928

Due September 1st, 1942

PRICE: 98.90 and INTEREST

Yielding 7.12 Per Cent

Trustee:—Montreal Trust Company

Denominations \$500 and \$1,000

Principal and interest are payable at any branch of the Royal Bank in British Columbia.

Bonds are callable at 105 on any interest date on sixty days' prior notice.

A Sinking Fund of \$3,000 per year will be paid to the Trustee who may invest same in these bonds if procurable at 105 or less, but if not, then it shall be invested in Trustee Securities.

The Prince Rupert Amusement Company was organized for the purpose of operating a moving picture theatre in the City of Prince Rupert. Up to the present the Company has operated in a rented building but has now completed construction of a very fine building on the main street of the City at a cost of approximately (including value of land) \$109,000. This building has been leased to B. C. Paramount Theatres Limited for 15 years on the following terms: Rental \$8,000 per year, together with one-half the net profits remaining after payment of such rental and other operating expenses. The Lessor also gives to the Lessee an option for three years to purchase the said property for \$150,000. If this option is not exercised then the Lessee will, during the balance of the term pay \$12,000 per year rental in lieu of \$8,000 and one-half the net profits.

According to official records, five-sixths of the issued capital of B. C. Paramount Theatres Limited is issued in the name of Famous Players Canadian Company Ltd.

Interest and Sinking Fund on these bonds will amount to \$6,850 per year.

This amount is fully taken care of by the rental to be received from the Lessee without taking into consideration any revenue to be derived from profits.

In addition to the above, the Prince Rupert Amusement Company will have a rental of about \$2,500 per year from three stores in the new building. This will be more than ample to take care of all real estate taxes and incidental expenses.

THESE BONDS IN DENOMINATIONS OF \$500.00 AND \$1,000.00. BONDS MAY BE PURCHASED AT THE OFFICE OF ANY OF THE FOLLOWING DEALERS:
