## PEACE RIVER LANDS FOR PROVINCE

### KING GEORGE MADE PROGRESS AND THEN DROPPED BACK

#### King George Improved Considerably but Today Lost Ground Again, the Progress Yesterday Not Maintained

LONDON, Dec. 17.—A bulletin timed 8:15 p.m. reads: "The King has this afternoon been somewhat restless and the progress previously noted has not been continued during the last few hours."

LONDON, Dec. 17.—News from Buckingham Palace concerning the King continued favorable today. While it seemed too early to conclude that he is definitely on the road to recovery, he is not only holding his own, but physicians report that the slight improvement noted on Sunday is continuing. To this period of natural sleep the King had in the late hours of last night were doubtless a valuable contributing factor. The people of England are watching eagerly for the expected benefits from the application of therapy. It was thought that improvement would be noticeable after three or four applications. It is generally believed that the King has now really turned the corner.

LONDON, Dec. 17.—It was stated officially at Buckingham Palace at 3 p.m. that a slight improvement in the King's condition previously noted continues.

King George's physicians this morning issued the following bulletin: "The King has had a fair night with some natural sleep toward morning. The slight improvement in His Majesty's condition noted yesterday continues."

The King's physicians issued the following bulletin at 11 Sunday morning: "In spite of a restless night, His Majesty's condition has slightly improved."

Bulletin issued at 8 p.m. reads: "The King had a quiet day and improvement in condition noted this morning has been maintained." This was filed at 1:40.

It was unofficially stated at the palace that no vital change in the condition of His Majesty had been noted.

#### HAZELTON INDIANS TAKE SPEEDY TRIAL

Seymour and Wilson Committed at Hazelton and Will Appear in County Court at Smithers

William Seymour and Moses Wilson, Hazelton Indians, who are alleged to have committed an assault recently upon Provincial Constable George Wyman, have been committed for trial at Hazelton, and tomorrow will come before Judge Robertson of Prince George in county court at Smithers to take speedy trial.

#### DR. J. H. KING DECLARES PRESENT TRADE POLICY OF GOVERNMENT IS RESPONSIBLE FOR PROSPERITY OF THE COUNTRY TODAY

WINNIPEG, Dec. 17.—That the policy of the Liberal government was one of free trade and free commerce, as against the Conservative policy of restricted trade, and the beneficent results of the government's policy was being demonstrated by the great prosperity Canada is enjoying, whereas the Conservatives had predicted "blue ruin," were points stressed by Hon. J. H. King, addressing Liberals here.

Dr. King declared that if the Conservatives succeeded to power they would never be able to put into effect the doctrine they now preach, because "that would mean absolute ruin to the people of this country."

#### WAR THREAT IN PARAGUAY AND BOLIVIA

ASCUNSION, Paraguay, Dec. 17.—Partial mobilization of the Paraguayan forces is decreed in advices from the Paraguayan force in the border region of Chaco. It is stated that the Bolivians have seized ports three of which were later recaptured. The commander said that six Paraguayan soldiers were killed as well as two Bolivian officers and many Bolivian soldiers and uniformed Indians. The Ministry of War also announced that a Bolivian airplane dropped four bombs while flying over Bahia Negra none of which exploded.

#### ROSSINGTON COURT DUE ON WEDNESDAY

Fourth Grain Ship of Season Is Already Lined and Will Start Loading Immediately

Latest reports from the British steamer Rossington Court, this port's fourth grain ship of the season, are that the vessel will arrive here on Wednesday. She is already lined and will go on berth immediately at the elevator to load a full cargo for the United Kingdom or Continent. The elevator is now full of grain and there are only a few odd cars being delivered here just now.

#### AFGHAN KING IS BESIEGED BY OWN ARMY

NEW DELHI, India, Dec. 17.—It is reported from the frontier state that King Amanullah of Afghanistan and Queen Souriya have taken refuge in a fort, their army having turned against them.

While reports of disturbances in remote sections of the country have been reported recently today's advices were the first indicating that dissatisfaction had spread to Kabul the capital. The trouble was attributed to the King's drastic westernization reforms and the Queen Souriyas's desire to abolish the purdah or seclusion of women.

NEW DELHI, India, Dec. 17.—Rebels, who have been resisting the reforms of King Amanullah of Afghanistan, attacked Kabul. Serious fighting is going on in the Afghan capital today and considerable anxiety prevailed.

#### LARGE WEDDING AT METLAKATLA

Miss Beatrice Venn Became Bride of Duncan Ryan at Ceremony on Saturday Afternoon

A wedding of considerable interest was solemnized in St. Paul's Church, Metlakatla, on Saturday afternoon at 3 o'clock. Rev. Canon W. F. Rushbrook officiating, when Miss Beatrice Adelaide Venn, daughter of Mr. and Mrs. Peter Venn of Metlakatla, became the bride of Duncan Le-gaud Ryan, son of Mr. and Mrs. Stephen Ryan, also of Metlakatla. The bride, who was beautifully gowned in ivory silk, trimmed with silver with enveloping veil and coronet of orange blossoms, was attended by five prettily garbed maids of honor. The groom had a like number of supporters.

The village band first escorted the groom and his coterie to the church and then the bride and her fair retinue. After the ceremony, three hundred guests sat down to heavily laden banquet tables. Mr. Offrett, a descendant of the Kit-wil-yoth, whose family formerly owned the present site of Metlakatla, welcomed the guests. Speeches were made by Mr. Auriol, Peter Venn, Sam Lewis of Kitkatla, Canon W. F. Rushbrook and Mr. Auckland. The food and presents left on the tables for the departing guests to carry away were abundant.

TORONTO, Dec. 17.—Rt. Rev. J. Lucas, formerly Bishop of MacKenzie River, has been appointed warden of the Canadian Church Army training centre, which it is proposed to open in Toronto soon.

H.R.H. THE PRINCE OF WALES

The King's eldest son, who is undertaking the duties usually carried out by his father

#### BROKE HIS LEG LAKELSE WOODS

W. W. Hippisley arrived in the city yesterday and was taken to the General Hospital for treatment to his broken leg.

The accident happened in the woods in the Lakelse valley on Friday. First aid was administered to him at Terrace and he was brought on here for X-Ray examination.

MARY IZARD Famous violinist dies.

#### Peace River Lands to Be Returned To B.C.

Legislation at Coming Session of Parliament Will Probably Give Effect to Agreement Between B. C. and Dominion

OTTAWA, Dec. 17.—Parliament likely will be asked at the next session to consider legislation for the return of the railway and Peace River lands to British Columbia, Hon. Charles Stewart stated today. W. W. Cory, deputy minister of the interior, and Dr. Duncan Scott, deputy minister of Indian affairs, will represent the Dominion on a committee of representatives of the two governments concerned and a representative of British Columbia will be named when Premier Tolmie reaches Victoria.

VICTORIA, Dec. 17.—"Railway and Peace River lands are to be restored," was Premier Tolmie's report on the negotiations last week with the federal government in regard to the return of the lands to the province. A telegram to Attorney-General Pooley added that an officer was to be appointed by each government to draft particulars of an agreement to form the basis of legislation confirming the restoration.

#### WRECK DETAILS BARGE PEZUTA

Details of the wreck of the barge Pezuta at Tlell have been received. It seems that the stranding occurred when the Imbre-caria was trying to make Skidegate Inlet with the Pezuta in one of the most severe southeast gales the Islands have experienced for a long time. No headway could be made against the raging storm and, as a matter of fact, the two vessels were drifting backwards. At 2 p.m. the barge struck bottom and the tow line parted. The captain of the barge thereupon let go both of his anchors but the chains parted and the unwieldy craft pounded toward shore at the mouth of the Tlell River. The crew lowered one of the life boats and made shore. It was remarkable how the life boat came through the heavy sea that was running.

The Pezuta is reported to have cost the Pacific Coyle Navigation Co. \$40,000.

The wreck of the Pezuta was the third that has occurred at Tlell. Years ago R. Cunningham's trading schooner was wrecked there and a number of lives lost, among them a son of the owner and brother of R. G. Cunningham of Port Essington. The steamer Sardonyx was also wrecked there.

Capt. Hanna is the master of the Pezuta. He and his crew are staying at the Hotel Central until they proceed to Vancouver.

#### EMPLOYEES OF POWER COMPANY

The Power Corporation of Canada wishes it to be known that its policy will be, as far as possible to retain the present staff of city employees of the light and power departments and that it will be prepared to pay to all of its employees here standard Prince Rupert wages for all classes of labor, or, skilled and unskilled.

#### ALAMEDA HAS STARR IN TOW

Line Broke in Violent Gale But Vessels Now Enroute Seward

SEATTLE, Dec. 17.—After fighting northeast gales, since daybreak Sunday so violent that at one time the radio was disabled for more than an hour, steamer Alameda last night succeeded in getting a tow line on the disabled steamer Starr, and again proceeded with the stricken ship to Seward. The Starr went adrift Sunday morning when the cable with which it was being towed by the Alameda snapped.

Both the vessels while drifting were blown 30 miles toward Resurrection Bay and the Starr rescued just in time to save her from the rocks. A radiogram to Corlova indicated that 23 persons were aboard the Starr. Previous word reported said that all had been transferred aboard the Alameda.

#### MARY IZARD DIED MONTREAL

MONTREAL, Dec. 17.—Mary Izard, 40 years of age, known throughout the Dominion as a concert violinist, died Sunday. She was a former resident of Victoria, and played several times in Prince Rupert.

#### FIGHTING REPORTED IN SOUTH AMERICA

LAPAZ, Dec. 17.—Reports of fighting between Bolivian and Paraguayan armies in the Chaco district say that 100 Paraguayan soldiers were killed and many prisoners were taken, while Bolivian losses were light.

After spending six weeks ashore in Vancouver on holidays, Capt. A. E. Dickson has resumed his post this trip as master of the Union steamer Catala.

# PRINCE RUPERT WON BADMINTON

## Lost One Game and Won Two From Cathedral in Games Saturday Night

A. Strachan, 136; A. Murray, 200.  
Entries are also being received for a snooker tournament.

# N. Y. AMERICANS BEAT CHICAGO HOCKEY MATCH

## Scored a Goal and Then Played Defensive For Rest of the Game

CHICAGO, Dec. 17.—The New York Americans climbed to first place in the international group standing of the National Hockey League when they defeated the Black Hawks here last night 1 to 0. Conacher scored for the Americans in the first period and with that lead the Americans played on the defensive for the remainder of the game, displaying a checking game that turned back every thrust of the Hawks.

At New York the Rangers outplayed Detroit Cougars winning 3 to 0 and thereby increasing their lead in the American group of the League to five points over the Cougars, the second place team. The Rangers scored two in the second period and one in the final.

# WONDERFUL WORK OF THE WHEAT KING IN PEACE RIVER COUNTRY

## Entertains Many Distinguished Visitors at Farm, and Garden is Admired

MONTREAL, Dec. 17.—The Wheat King and Queen of the world, left at the week-end for home. They have been in attendance at the grain shows at Toronto and Chicago where they added fresh laurels to their already long list of agricultural honors. Mr. Trelle's chief bid to fame this year is the fact that he produced on his farm the largest crop of registered seed grain ever grown by one individual in the history of the world. With his wheat and oats crops combined he has ten carloads of high quality grain, to be sold at seed grain prices, and which is in demand over the entire west. It is the old story with Mr. Trelle, of the world beating a path to the door of the man who does one thing best. The path to the door of Herman Trelle's house in the Peace River is a well worn one now, and has been trodden by men high in the affairs of the nation and empire. Lord and Lady Willington have revelled in the flower garden which Mrs. Trelle faithfully tends from year to year, and a continuous stream of visitors throughout the summer find their way to the place and hear Mr. Trelle preach the Gospel of the north country.

"We find that we have to keep a patch of 20 or 30 acres just for show purposes," said Mr. Trelle, "so great is the number of visitors." This year Mr. Trelle won a new honor when he captured the world's championships in field peas. This gives him now three world's championships, in addition to reserve championships given him this year and last in wheat and oats. For three years in succession he has won the prize for the cleanest farm in Albera, and has a record of 75 first prizes in grain to his credit.

# OLD-TIMERS GREAT DANCE

## How McCool Called Off the Square Dance at Edmonton Recently

EDMONTON, Dec. 17.—(CP) "They come out after a good time an they sure have it." This was the cheerful comment of an onlooker at the Old-Timer's dance. It was a grand party. Everybody was there—that is, practically everybody, old timers from far and near, their families and guests, for this was guest night with the Northern Alberta Pioneers and Old-Timers' Association.

The stentorian voice of J. A. McCool rang out in the numbers of a square dance:  
First lady out to the right, swing the gent with the great big feet;  
Now the one that looks no neat;  
Now the one that looks so sweet;  
Now your own, and don't cheat your own.  
Allemande left.  
Second lady out to the right, Swing the one with the white mustache;  
Now the one that makes the mash;  
Now the one that cuts a splash;  
Now the one that cooks your hash.  
Everybody swing and Allemande left,  
Grand right and left,  
Lady to the right,  
Swing the one that stole the sheep;  
Now the one that carried it home;  
Now the one that picked the bones;  
Now your own, an on't cheat your own.  
Everybody swing and Allemande left.  
A novelty was the waltz quadrille. The directions were sung: First couple down the centre an thedn you divide;  
Lady to the right, gent to the left;  
All balance to partners and don't be afraid,  
And swing corner lady With a waltz promenade.

# District News

## TERRACE

Jas. Smith left on Saturday for Smithers where he will assist A. C. Fowler at the George Little Lumber Yards there.

Mr. and Mrs. T. Elwood Brooks returned on Thursday following a three weeks' holiday trip to Winnipeg.

Annoying Bladder Weakness of Old Age Safely Relieved by **SANTAL MIDY** Sold by All Druggists

TWO RECIPES WORTH CLIPPING

*You Can Make These Holiday Candies!*

--they're different, rich without cloying sweetness, deliciously smooth! Easily and quickly made with Borden's Condensed Milk, and economical, too. Cut out these recipes--try them for the holidays. Also mail coupon for more tested recipes, sent free on request.

**CHOCOLATE TRUFFLES**  
1/2 can Borden's Condensed Lump of butter size of Milk  
1/2 cup sweet chocolate 1/2 teaspoon vanilla  
Melt chocolate in a double boiler. Remove from fire, add butter, then condensed milk and vanilla, stirring well. As soon as mixture begins to thicken, drop from point of spoon onto a buttered platter or baking sheet. Half nuts may be placed on these chocolate drops, or they may be rolled in chopped nut meats, chocolate "sprinkles" (chocolate shots), or grated chocolate.

**CHOCOLATE CARAMELS**  
1 cup Borden's Condensed Milk  
1/2 cup corn syrup  
3 tablespoons butter  
1/2 cup water  
3 squares unsweetened chocolate  
1 1/2 cups sugar  
1 teaspoon vanilla  
Mix all the ingredients except vanilla, bring gradually to boiling point, cook over low flame until mixture will form a firm ball (245°F.) when tested in cold water. Remove from fire, add vanilla, pour into a greased pan. When cold, turn out of pan on bread board and cut in squares with a large carving knife.

**EAGLE BRAND SWEETENED CONDENSED MILK**

gives you the largest can, and milk the richest in cream contents of any packed in Canada.

*The Borden Co. Limited*  
2 Homer Arcade Bldg., Vancouver  
Please send me, free, book of Simple Condensed Milk Recipes.

Yielding 7.12 Per Cent

Trustee:—Montreal Trust Company  
Denominations \$500 and \$1,000

Principal and interest are payable at any branch of the Royal Bank in British Columbia.

Bonds are callable at 105 on any interest date on sixty days' prior notice.

A Sinking Fund of \$3,000 per year will be paid to the Trustee who may invest same in these bonds if procurable at 105 or less, but if not, then it shall be invested in Trustee Securities.

The Prince Rupert Amusement Company was organized for the purpose of operating a moving picture theatre in the City of Prince Rupert. Up to the present the Company has operated in a rented building but has now completed construction of a very fine building on the main street of the City at a cost of approximately (including value of land) \$109,000. This building has been leased to B. C. Paramount Theatres Limited for 15 years on the following terms: Rental \$8,000 per year, together with one-half the net profits remaining after payment of such rental and other operating expenses. The Lessor also gives to the Lessee an option for three years to purchase the said property for \$150,000. If this option is not exercised then the Lessee will, during the balance of the term pay \$12,000 per year rental in lieu of \$8,000 and one-half the net profits.

According to official records, five-sixths of the issued capital of B. C. Paramount Theatres Limited is issued in the name of Famous Players Canadian Company Ltd.

Interest and Sinking Fund on these bonds will amount to \$6,850 per year.

This amount is fully taken care of by the rental to be received from the Lessee without taking into consideration any revenue to be derived from profits.

In addition to the above, the Prince-Rupert Amusement Company will have a rental of about \$2,500 per year from three stores in the new building. This will be more than ample to take care of all real estate taxes and incidental expenses.

THESE BONDS IN DENOMINATIONS OF \$500.00 AND \$1,000.00. BONDS MAY BE PURCHASED AT THE OFFICE OF ANY OF THE FOLLOWING DEALERS:

## CANADIAN NATIONAL HOLD STEAMER FOR CHRISTMAS SAILING

In order to accommodate those desiring to go south after schools close Friday, December 21, the Canadian National Steamships announce that on that day the S. S. Prince Rupert will be held here until 6:00 p.m., arriving Vancouver at 9:00 a.m. Sunday, December 23. Make reservations early at City Ticket Office, Third Ave. Phone 260. 298

"Build B.C."

### Reasons Why

Mrs. Mabel Sandall of Vancouver in a letter recently received says:

"I think Pacific Milk is in every way preferable for housekeeping purposes.

1. Because it goes further.
2. Because it is perfectly pure.
3. It is unexcelled in making cake, pudding, cream, candy, etc.

This is but a part of Mrs. Sandall's letter.

### The Letter Box

#### POWER SITUATION

Dear Mr. Editor:  
Power! Power! Power! For several days before Monday's meeting of the City Council, out of the great cloud of mystery and secrecy surrounding the private meetings of the Council, POWER was being discussed by nearly everyone in the city. Today the discussion has shifted largely to alleged weakness in the handling of the POWER TENDERS. After weeks of deliberation, bickerings and mystery on the part of the Council and of lobbying on the part of the representatives of the Power Companies concerned many interested citizens gathered in the council chamber to get the decision of the Council on the, perhaps, most important business a council has been called upon to decide since incorporation. What a disappointment when Council "passed the buck" to the people; people desired and still deprived of information the council has had for weeks and on which it could not decide. With the publication of tenders only on Saturday we are called upon to decide this important matter on December 20. Is it any wonder then that there is a confused electorate with information given only through the channels of the interested Power Companies? With two power companies practically campaigning for city's plant and franchise we wonder why it was necessary to call for tenders at all. But there are two aldermen, Rudderham and Tinker, who won the appreciation of the people by announcing that they were ready to assume their responsibility. How much better it would have been if the others had seen their duty in the same way and saved the electors from the campaigning of representatives of the Power Companies? Since Monday night's indecision cannot we ask "Who is representing the City?" Within six days of the polling what information has the Council given the electors? Surely it is flattering to the electors that they are expected to make a decision, on the shortest notice that the council failed to make after having possession of the tenders for weeks.

We have an important matter before us and let us not accept flattery for intelligence. No one in particular can claim the credit for the interest of the Power Companies in our city. The need of Power has long been recognized by the citizens and all candidates for Mayor last year made it a plank in their platform. Did not the two bids now before the council come uninvited? The electors have been thanked for their patience. Yes, and more; they have been saddled with the responsibility of making a decision between companies, that should have been assumed by the Council, without preparation.

Plainly the electors wish to sell their plant, with a franchise to someone capable of establish-

#### WANTING TO KNOW

The Editor, Daily News,

I was very much surprised to learn that Alderman Collart was afraid that the ratepayers of our city might read the report of the independent hydro-electric engineer employed by the council to give an opinion as to which offer was most advantageous to the City of Prince Rupert.

If the council obtained such a report the citizens are entitled to know it and to read it and Alderman Collart makes a big mistake when he thinks he can further the interests of the American States Service Corporation by such tactics. The public wants to know and will insist upon knowing what is in the report of the consulting engineer and why he reported in favor of the Power Corporation of Canada, and against the American Company.

Surely the ratepayers are as capable of judging for themselves as Alderman Collart is. We want all the information placed on the table.

RATEPAYER.

#### DOGS AGAIN

Editor Daily News:

I noticed in your paper the other day regarding noises made by our canine friends in the alley below Fraser Street. I had occasion to be in the same predicament last night. I found a nice hallway underneath the Helgeron Block and someone must have left his dog up in the rooms of the Elks' Club so if the owner of same has any respect for indignant citizens I would request him to take his dog home with him after the ball.

Yours for power,  
L. W. A.

Yours truly,  
L-C-M-M-D.

#### POWER SITUATION

Editor, Daily News:—

Commenting on the proposed sale of the Prince Rupert Hydro-Electric, and considering the tenders of the two companies, it appears to me that the following questions are in order:

1. Is it not a fact that all the profits of American capital, invested in Canada, go to the United States?

2. It is not also a fact, that the profits of Canadian capital, invested in Canada, circulate, and are re-invested in Canada for the good of Canadians?

We hear arguments pro and con, among others, that the Canadians have sidestepped the issue of developing this part of the country up to this time; and therefore, the Americans should be given the chance. But I have never noticed any anxiety on the part of the Americans to step in until the Canadian capitalists were ready to start.

Yours truly,  
R. E. EYOLFSON.

#### RESULTS COUNT

Experience has proven that the intelligent application of Chiropractic will invariably relieve acute and chronic ailments; that hunting misplaced spinal bones, and congested nerve centres by hand, is done more or less by guess; that the X-Ray, in diagnosing spinal lesions, is of doubtful value. Our new analyte removes any guesswork or doubt, thereby proving the inefficiency of the older methods, and increasing our percentage of good results. Consultation is invited.

Duncan Munro has returned to the city after having spent the summer at Stewart.

Robert Blance, who has been on a brief trip to Vancouver, returned to the city from the south on the Catala last evening.

Passengers sailing from here for the north on the Princess Mary on Saturday included: Pete Page, for Carcross; A. A. O. Dyack, for Ketchikan, and Mrs. George Wyman and son, for Ketchikan.

Motorship Bellingham, Capt. J. E. Anderson, arrived in port on Saturday morning from Ketchikan with seven carloads of frozen fish for transshipment east over the Canadian National Railways.

O. Ericsson, J. W. Eliason and F. Berg, who have been engaged in pole cutting operations on the Queen Charlotte Islands, were arrivals in the city on the Prince John on Saturday, being on their way to Vancouver.

Reserve the date for the bigger and better Elks' New Year's Eve Cabaret.

Mrs. Ollie Larson left Saturday for Smithers, Winnipeg, Minneapolis and Galva, Kan., to visit her children and relatives.

Motorship Bellingham, Capt. J. E. Anderson, arrived in port at 10 o'clock this morning from Ketchikan with three carloads of frozen fish for transshipment east over the Canadian National Railways.

Misses E. and A. Hahn and Master Jack Gillatt, who are attending High School in the city, sailed on the Prince John yesterday to spend the Christmas and New Year holiday period at their homes at Sandspit.

Passengers sailing yesterday aboard the Prince John for Queen Charlotte Island points included: D. McLeod and J. Dawson, for Port Clements; Miss B. Hahn and Miss A. Hahn and Jack Gillatt, for Sandspit; George L. Hill and J. McLellan, for Massell; Mr. and Mrs. K. Linder, for Buckley Bay, and Miss A. J. Gladstone, for Skidegate.

Mr. and Mrs. Thomas Silver-sides will sail tomorrow afternoon on the Catala for Vancouver where they will spend the holiday period.

George B. Casey left on this morning's train for Chatham, Ont., where he will pay a visit with relatives. He will be Ex-Ald. Casey's first trip to his native home in many years.

Union steamer Catala, Capt. A. E. Dickson, arrived in port at 5 o'clock last evening from the south and sailed at 8 p.m. for Anyox, Stewart and other northern points of call whence she will return here tomorrow morning sail south at 3:30 p.m. Passengers included: H. Mair, H. F. Brandt, C. S. Elkins, Robert Blance, D. Larsen and Mrs. G. S. Clark, for Prince Rupert; L. S. Davidson, A. E. Smith and Mrs. L. Fischer, for Stewart; Mrs. Norman Fraser, for Alice Arm; Loyal Young, for Port Simpson; Mrs. M. Pamplin and Mrs. R. Smith, for Anyox.

For quick results try a Daily News want-ad.

**BRITISH CHANCELLOR ENGAGED**

Lord Hailsham, Lord Chancellor of Great Britain, has announced his engagement to Hon. Mrs. Clive Lawrence, well known lawyer.

**PREMIER'S BIRTHDAY**

OTTAWA, Dec. 17:—Congratulatory messages by telegram and letter as well as gifts are being received by Premier King who is celebrating his 54 birthday today.

"IF I had only known this would happen! So suddenly! So unexpectedly! And when everything looked so promising!

"And to think that time after time he wanted to increase his life insurance and I talked him out of it. How hard I worked against myself and against my own interests. I wanted a bigger house. I wanted luxuries! I wanted everything except the protection he was urging me to accept.

"I got my own way, of course. The Life Insurance was not taken. I robbed the children of their

education, of my care, perhaps of their future success in life. I robbed myself of the children's companionship. For now I must leave them to earn the money needed to keep our little family together -- the money that Life Insurance would have given me if he had had his way --

"-- and I talked him out of it."

It has been truly said that, "If every wife knew what every widow knows, every man would carry adequate Life Insurance".

And too often it is the children who must pay the penalty of the wife's prejudice.

The Love That Never Dies

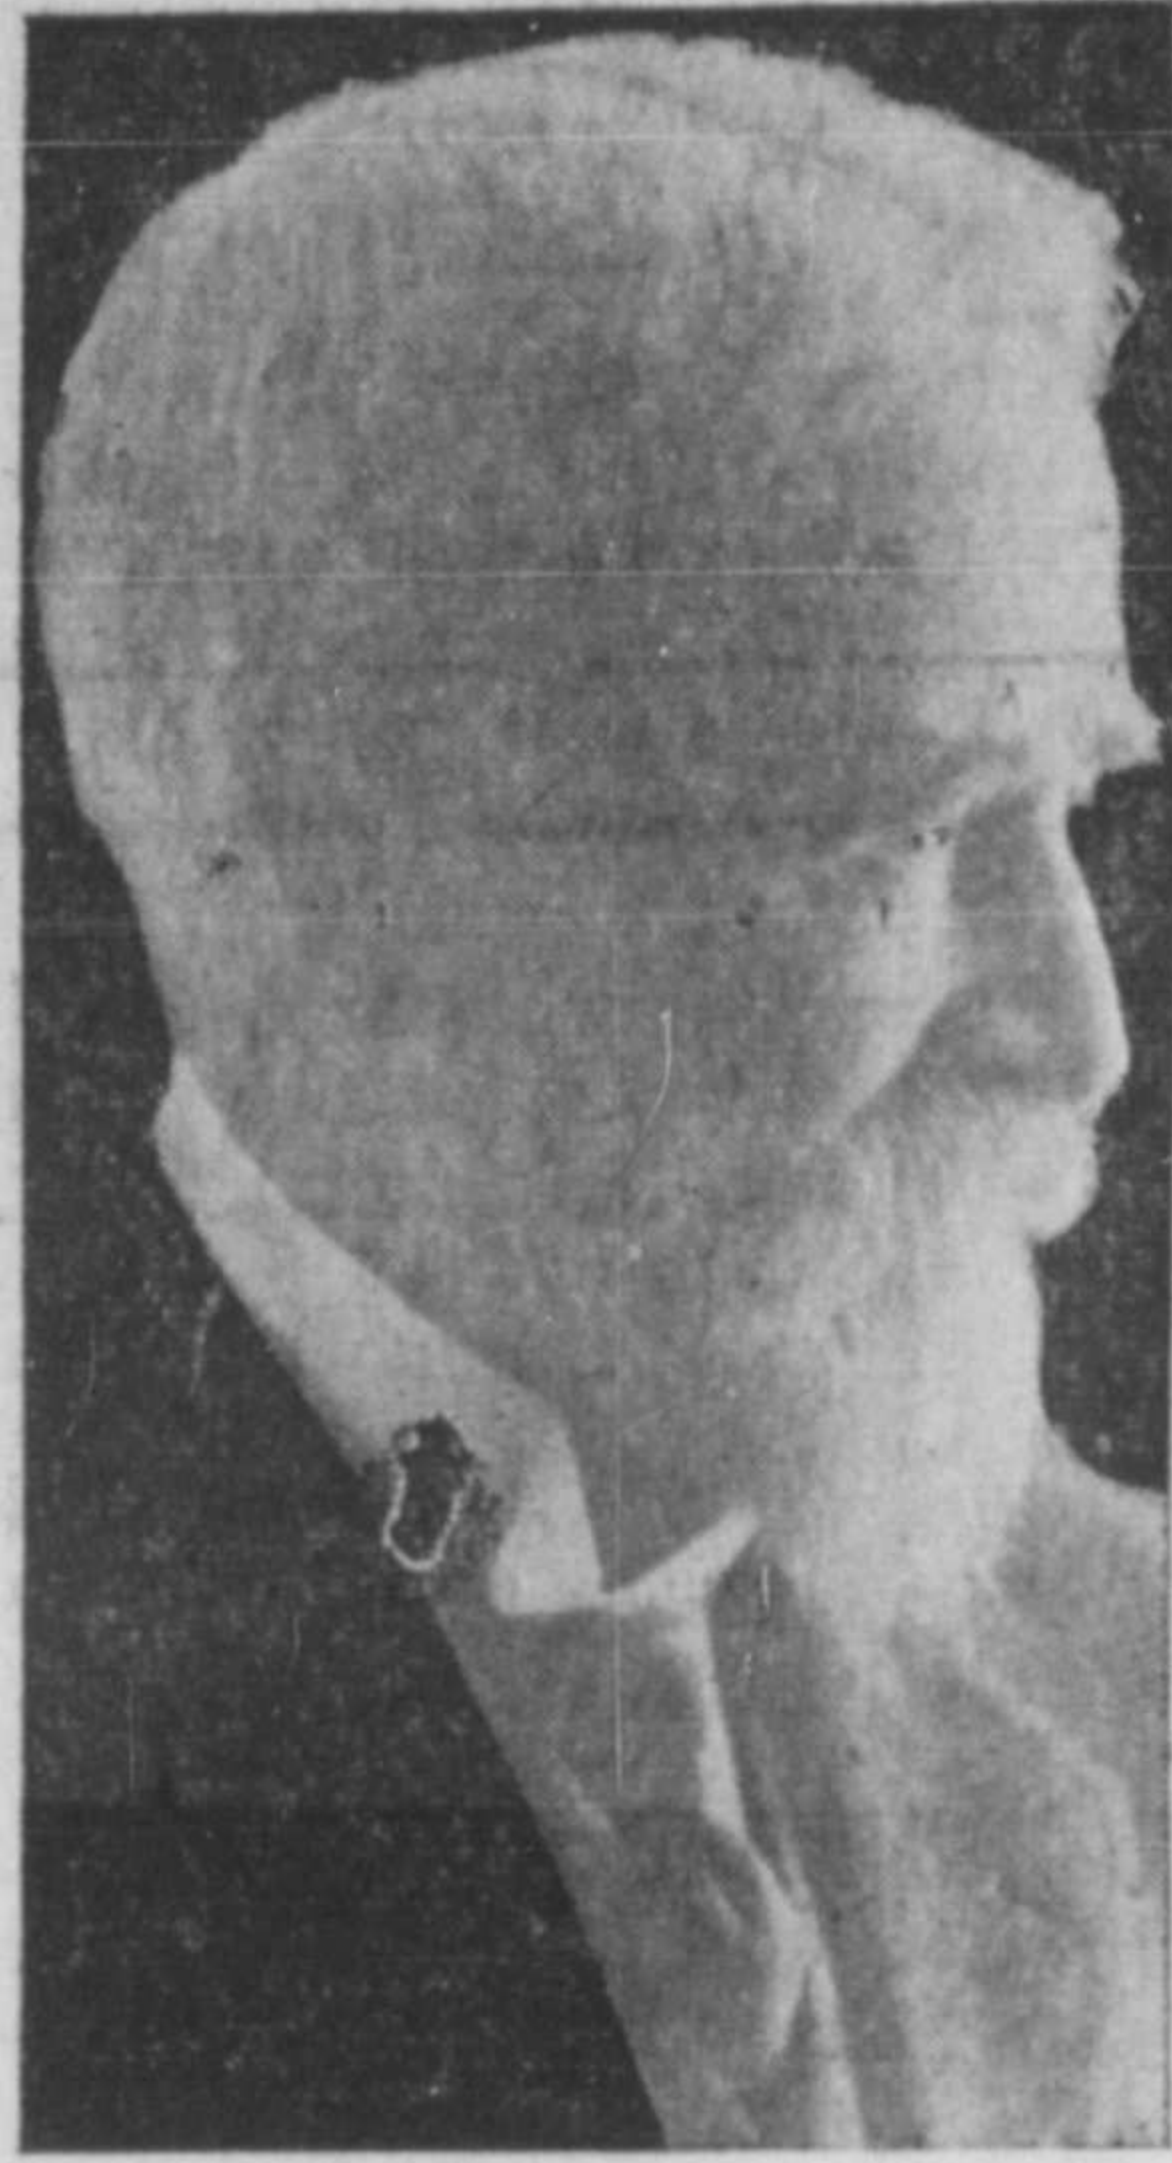

# WESTON COYNEY WRITES THIRTY

Veteran Newspaperman of West  
Passes to His Rest at  
Kamloops

The death occurred recently in Kamloops of Weston Coyney, editor of Resources, Prince Rupert's magazine, and one of the oldest journalists in the province. His career was a varied and interesting one. Born near Birmingham, England, his work took him to all the cities of Great Britain, and during his forty years in America he had been from Panama to the Klondyke and on both Pacific and Atlantic seaboard.

The late Mr. Coyney's first journalistic work was as a correspondent for two British dailies, London and Birmingham, in his native village. He went to the staff of the Birmingham Gazette while Joseph Chamberlain was mayor of that city and it was when he was assigned to interview this great man regarding the approaching visit of the Prince of Wales, since King Edward VII, that the Republican advocate stated: "We as Republicans believe that the Prince of Wales was born with vested rights to the British throne and we, therefore, believe that he should be accorded the rights, but with the provision that when he takes the throne, he will be the last hereditary king of England." These words Mr. Coyney sent out on the wires and they

WESTON COYNEY

Pioneer journalist of city passes away.

were flashed to all parts of the world.

### Parliamentary Work

Later, Mr. Coyney went to London as a reporter for the Central News Association and did parliamentary work, including four weeks on the House of Lords and returning to Birmingham was sent out to Canada as staff correspondent for the Birmingham Gazette and the London News. He covered one session of parliament and then went to New York on the staff of the Tribune. He became private secretary to Levi P. Morten, ambassador to France, and went to Paris with him in 1880. Two years later he returned to New York and went to the Panama Canal as paymaster for the American

Dredging Co. He returned to New York again and spent several years on the staff of the Herald.

While on a holiday trip, in the form of a prospecting tour, in the Kootenay country he received a wire at New Denver in 1897 ordering him to the Klondyke to cover the big gold stampede of '98. He remained in Dawson as editor of the Daily News and several years later when coming to the outside he met James Rogers in Seattle who told him of the marvellous opportunities offering at the new city of Prince Rupert and urged him to come here.

A few weeks before the first municipal election Mr. Coyney landed in Prince Rupert and took a position with the Optimist. Later he was on the staff of the Daily News and Empire at various times, spending two years with the latter when S. M. Newton, its publisher, was mayor of Prince Rupert. Mr. Coyney established Resources magazine in 1918 and in the three years of its life made it an attractive magazine and one that would be a credit to a city many times the size of Prince Rupert. Since 1924 he resided in Kamloops.

Mr. and Mrs. A. F. Deacon will sail tomorrow afternoon on the Catala for Vancouver on a holiday trip. Mr. Deacon is a member of the staff of the Digby Island wireless station.

Miss Mary Castell R. N., recently graduated from the Hazelton Hospital training school for nurses, will arrive in the city from her home at Evelyn on tomorrow afternoon's train and sail on the steamer Catala for Vancouver.

## BANNER YEAR IN MINERAL PRODUCTION IN BRITISH COLUMBIA IS REPORTED BY HON. W. A. M'KENZIE, MINISTER OF MINES

VICTORIA, Dec. 17.—The year 1928 will be the banner year in the mining industry of British Columbia. The mineral production will be largely in excess of that of any previous year, and while, owing to lower average prices of the metals, the monetary value of the output will fall short of that of 1926, the record year in point of the value of the metals mined, it will, nevertheless, approximate nearly \$4,000,000 in excess of 1927.

Figures set forth in the preliminary review of the mining industry for 1928, which is about to be issued by Hon. W. A. McKenzie, minister of mines, based upon data compiled by John D. Galloway, provincial mineralogist, show that the estimated actual output of metalliferous ores mined and treated during this year will aggregate 5,700,000 tons, as compared with 5,415,021 tons in 1927, and with 4,775,073 tons in 1926. The value of this production is estimated at approximately \$64,685,691, an increase over 1927 of \$3,956,333, or 6.1 per cent, this amount being about \$2,503,000 less than that of 1926.

In every one of the metals increases in production is shown, indicating the growing activity in the industry in this province. The following table shows the estimated production and value thereof in 1928:

Gold (placer)	\$100,000;	gold (lode)	192,000 ounces,	\$3,968,640;
silver	10,570,000 ounces;	\$6,155,228;	copper	99,150,000 ounces;
	\$14,524,483;	lead, lbs.	318,000,000;	\$14,535,780;
	\$8,850,060;	zinc	162,000,000 pounds;	
		Coal (tons, 2240 pounds), long	2,510,300;	\$12,551,500;

structural materials, \$3,100,000; miscellaneous minerals, \$900,000. Total value, \$64,685,691.

The above figures indicate that while this year's value is below that of 1926 and profits of operators will not be so large, yet, so far as the province is concerned, the 1928 activity will mean more, for in consequence of increased production more money will be distributed for wages, supplies, transportation costs and other charges and more workmen have been employed.

The recent rapid rise in the price of copper has been the outstanding feature of the mining market. A 16-cent copper market appears to be well established and a firm outlook for this price to be maintained means that copper producers are prospering and a renewed stimulus has been given to development of copper properties in the province. On the other hand, world prices of lead and zinc have been weak during most of the year, though the present statistical position of lead is good and the outlook for the

future fairly satisfactory. The price of zinc appears to have reached bed-rock and no further decline is looked for.

The average prices for the year, with the exception of copper, were lower than in 1926, as the following table shows:

Metal—	1928
Silver (New York)	per oz. .... 58.233c
Copper (New York)	per lb. .... 14.649c
Lead (London) per lb.	... 4.571c
Zinc (London) per lb.	... 5.463c

Placer gold showed a decline in value, Hon. Mr. McKenzie's report points out. In the Atlin camp production fell off as the three larger companies confined attention to development work; in the Cariboo and Quesnel sections output was less because of the shutting down of the Kafue Copper Development Company's dredge; and in the Cedar Creek and Barkerville areas production was small. A higher output is reported for the Clinton section, and in the Similkameen work has been active on the tributaries of the Fraser River.

Lode gold production showed an increase over 1927 of \$289,039, the larger part of the output coming from the Premier mine and a fair amount as a by-product of copper mining. An increase is looked for due to successful developments in Lillooet, Nelson and Portland Canal mining divisions.

British Columbia again easily maintains its position as the leading silver producing province of Canada with an estimated production of 10,570,000 ounces, as compared with 10,470,186 ounces in 1927. The Premier and Sullivan mines were responsible for the bulk of the output, but increased production is also noted in the Slocan, Ainsworth and Omineca divisions. As most of the silver produced is associated with other metals and is secured by treatment of silver-lead, zinc ores and copper ores, the output may be expected to grow as the mining of copper, lead and zinc ores expands.

Copper output will this year be the largest for any year in the history of the industry in B. C. and is largely accounted for by the increased tonnage handled by the Britannia Mining & Milling Company, which is now mining and milling 5000 tons of ore per day. With increasing prices and lowered costs of treatment and increasing capacities of plants future development of copper properties at present unproven may be predicted, while production from those properties developed will be greatly stimulated. The activity of the Consolidated Mining & Smelting Company and the Pacific Tidewater Mines, Ltd., in acquiring and developing properties along the coast will mean future important developments in copper mining enterprises.

The production of lead also established another record for the province. The greater part of this metal is produced by the Sullivan mine, where still larger production may be looked for as the Consolidated company is increasing its mill there from 4000

to 6000 tons a day and many other properties are in a position either increase or commence production.

The largest yearly production of zinc will also be made this year, a total output of 162,000,000 pounds, being estimated, against 145,225,443 pounds last year. The larger part of this comes from the Sullivan mine, where there was also an increased output from Slocan, Ainsworth and Omineca properties. With an increase of 100 tons per day the capacity of the zinc refineries at Trail, now under construction, there will be a potential zinc capacity of over 250,000,000 pounds a year.

Coal production is estimated to show an increase of 55,000 tons over 1927, but the industry is still facing intensive competition from imported fuel oil and hydro-electric power. But with the gradual perfection of scientific methods of processing and using the product, the year output may be expected to increase.

It is noteworthy the number of old properties which have been taken up this year as fresh developments. The economic conditions of some of these were former producers and others properties have been partially developed or work stopped for various reasons. Plenty of capital now seems to be available for likely properties and the large mining companies in the province all have substantial surpluses which they are using to acquire and develop mining properties, while outside companies have had their search of the field looking for likely positions. The result is that prospectors, small mining syndicates and small companies can feel assured that once a promising prospect is shown up abundance of capital is available to carry it to the production stage.

### MRS. FRED ATKINS OF SKIDGATE AT HOME TO NUMBER OF LADIES

SKIDGATE, Dec. 15.—Mrs. Fred Atkins of Skidgate was home to her friends Saturday afternoon. Among the guests were Mrs. J. Barze, Mrs. Scott, Mrs. A. Christensen, Mrs. R. McKenzie and Miss D. Bar of Queen Charlotte City; Mrs. G. Emmerson, Miss J. Heas of Tree Point; Mrs. G. D. Tam of Skidgate; Mrs. M. Matthe of Skidgate; Mrs. Gladys of Skidgate Mission.

Later in the evening a party was held for the younger folks.

The fortnightly meeting of the city council will be held on Wednesday evening instead of Christmas Eve upon which would regularly fall, Mayor Mordie stated this morning. One of the chief items of business will be the proceeding with the power franchise agreement should the people express their opinion at the vote which will be held this week.

# VOTE FOR AMERICAN STATES PUBLIC SERVICE CO.

## TO THE RATEPAYERS OF PRINCE RUPERT:—

You have seen an advertisement in the local press of Friday, the 14th December, denying that the Power Corporation of Canada Limited owns or operates the B. C. Electric Railway Company of Vancouver.

For your perusal and information we quote the last paragraph of the offer of Power Corporation of Canada Limited as submitted to the city council reading as follows, and appearing over the signature of Patmore & Fulton in the local press on Saturday, December 15th, 1928:

"This company (i. e., Power Corporation of Canada Limited) is already heavily interested in British Columbia, having purchased hydro-electric enterprises in East Kootenay and in Stewart and HAVING JUST RECENTLY PURCHASED A CONTROLLING INTEREST IN THE B. C. ELECTRIC COMPANY AT AN INVESTMENT OF \$60,000,000.00."

Are you concerned with distinctions between "owning" and "controlling"?

ON THEIR OWN ADMISSION POWER CORPORATION OF CANADA LIMITED "CONTROL" THE B. C. ELECTRIC.

We apologize for inadvertently misusing the term "own" instead of the term "control," but assumed that you, the people of Prince Rupert, are more concerned with facts than with the niceties of speech on a matter of this importance.

WE RESPECTFULLY QUOTE FROM THE ANNUAL REPORT OF POWER CORPORATION OF CANADA LIMITED FOR THE YEAR ENDED JUNE 30, 1928, COPIES OF WHICH HAVE BEEN DISTRIBUTED TO THE BUSINESSMEN OF YOUR CITY.

ON PAGE (5) OF THAT ANNUAL REPORT APPEARS THE FOLLOWING:—

"YOUR CORPORATION (POWER CORPORATION OF CANADA LIMITED) HOLDS A SUBSTANTIAL INTEREST IN THE BONDS AND (OR) SHARES OF THE FOLLOWING PUBLIC UTILITIES.

BRITISH COLUMBIA POWER CORPORATION LIMITED"

On Page (6) of that report BRITISH COLUMBIA POWER CORPORATION LIMITED is mentioned as one of the companies in which POWER CORPORATION OF CANADA IS DIRECTLY INTERESTED.

On Page (11) of that report appears a statement of the operations of public utility companies which POWER CORPORATION OF CANADA LIMITED CONTROLS OR IS SUBSTANTIALLY INTERESTED IN, and enumerates among others THE BRITISH COLUMBIA POWER CORPORATION LIMITED.

Throughout the whole of that report the City of Vancouver and British Columbia Power Corporation Limited is featured in pictures and in words.

Following is copied from Page 19 of the same report of Power Corporation of Canada Limited showing you the connection between British Columbia Power Corporation Limited and B. C. Electric Railway Company, in the first of which companies the Power Corporation of Canada states that it has a substantial interest:

"The British Columbia Power Corporation, Limited, was incorporated in 1928 to acquire the interest of the British Columbia Electric Railway Company and subsidiaries and now controls this system—the largest public service company in western Canada—supplying electric light, gas and electric railway and power service to the cities of Vancouver, Victoria, New Westminster and twenty-three additional communities—serving 98,000 light and power customers and 38,700 gas customers. The company has five large hydro-electric plants, two steam and two gas plants. Installed capacity is 202,300 h. p. with an ultimate capacity of 638,800 h. p. The company's investment in the province of British Columbia amounts to over \$73,000,000.00."

From the above you can draw your own conclusions.

THE BRITISH COLUMBIA POWER CORPORATION LIMITED CONTROLS THE B. C. ELECTRIC SYSTEM WITH AN INVESTMENT AS GIVEN ABOVE OF \$73,000,000.00.

THE POWER CORPORATION OF CANADA LIMITED CONTROLS THE BRITISH COLUMBIA POWER CORPORATION LIMITED.

WHICH CITY WILL BE THE CENTRE OF THEIR ACTIVITIES—VANCOUVER OR PRINCE RUPERT?

We respectfully suggest to you that so far as your future is concerned there is no practical distinction between the term "own" and "control" and solicit your support and vote on December 20th. In the assurance that you will thereby attain industrial independence for your city and healthy competition with Vancouver.

Respectfully Yours,

American States' Public Service Company

### TOURIST PAID FOR A CHURCH

Mission at Moricetown Benefits by Donation From Passenger by at Smithers

The aftermath of a trifling incident at Smithers station has had the happy result of clearing all indebtedness from a church and priests' home says Father J. Allard, who is now located in Prince Rupert.

Father Allard tells the story that the church at Moricetown was in danger of collapse through rotten foundations. After consultation with the Indian congregation, the supports were renewed, and the priests' home, started several years ago, was also completed. The total cost was \$581, and Indian contributions amounted to \$280, leaving an unpaid balance of \$301. Where did the balance come from?

Four years ago a man and woman, tourists from Kitchener, Ont., stepped off the train for a breath of fresh air as the train waited for fifteen minutes at Smithers. They strolled around the station to see the town. There they witnessed Father Allard, who had just come in from a trip to Babine, piling up blankets, grips and a portable altar in his old auto. He was the object of the tourists' attention for some time and he finally remarked to the onlookers: "You may think I'm a hobo, but I'm a priest just the same."

"We thought so," said the visitors as they came closer to chat for five minutes before boarding the train with the parting offer to let them know when help was required.

"Well it so happened that help was needed when the Indian church so urgently called for repairs," stated Father Allard, who added: "I dropped a letter to my five-minute acquaintances of four years ago, a cheque came along and the work at Moricetown completed. But the majority of the expenses in this case were not met by the Indians, but by other charitable souls, from far away Ontario. I dare not name them, for their left hand prefers to ignore the good which their right hand has done."

THIS IS THE PAGE WHICH MOST PEOPLE READ BECAUSE IT IS FULL OF HUMAN BUSINESS INTEREST TO YOUNG AND OLD.

### Man in the Moon

Mussolini has placed a tax on bachelors and Mussolini is a great man.

Most men have at some time or other been lured into attending an afternoon tea but no real he-man is at home there.

Did you ever find yourself A captive at a tea With women all around you And the cup slip off your knee?

Did you ever sit and tremble Lest the bread and butter fall,

Or a crumb catch in your gul-let? And your going, disturb them all.

The difficulty with these people who never tell the truth is that their memories are so bad.

A yard of silk or lace or tulle Makes a girl a frock And a man a fool.

It's a wise Christmas turkey that can keep off the table.

Some people have to use effort to keep themselves decent and others are decent by force of habit.

Edmonton's new slogan is "All together for Edmonton." I suggest for Frank Hart and Co. the slogan "Forward Prince Rupert."

## HOOT GIBSON IN A CIRCUS

"The Wild West Show" to be Seen Here Tonight is a Great Picture

"The Wild West Show" with Hoot Gibson in the stellar role is to be one of the features in the big double program at the Westholme Theatre tonight.

It's a circus from beginning to end, with Hoot appearing in the role of Rodeo Bill, star cowboy of the country, and the complications he gets into surpass all he has ever previously experienced. He's the whole show with an extra "side-show" thrown in by the other members of the cast.

To begin at the beginning, he takes a gang of his cowboy cronies to a small town circus and because the performers don't come up to expectations, they start a riot. The noise frightens the horses hauling a stage coach used in the show and the leading lady is carried away in one of the most breath taking dashes ever screened.

Rodeo Bill and his gang go in pursuit and finally rescue the girl. Bill discovers he is in love with her. He hires out to work in the circus as a general handy man and as the villain doesn't like him he is forced to undergo many humiliations. To cap the climax, Bill is the victim of a frame-up carried out by the orders of the bad man.

The villain has his confederates rob the owner of the circus and plant the money so Bill will be the suspect. However, the heroine, who is the daughter of the owner, overhears the plot and helps Bill to elude arrest when suspicion does fall on him.

How it all ends happily is told in thrilling fashion by Hoot and his supporting cast.

## DRESS PARADE CADET STORY

Few motion pictures produced in recent years have the rare entertainment qualities that distinguish the Donald Crisp Pathé-De Mille production of "Dress Parade," starring William Boyd and featuring Bessie Love which will be on view at the Westholme tonight. The spirit of West Point animates every scene, for the picture almost in its entirety was filmed at the United States Military Academy.

Picture this situation—a cadet lying helpless in the path of an artillery barrage during field practice, and only his worst enemy knowing of his danger. There is an abundance of swift action—everything from a grudge fight in a boxing ring to a spectacular rescue under shell fire.

Boyd in the snappy uniform of a West Pointer is a sight to gladden every picture fan. The official Academy tailor made a complete set of uniforms for him, and he never looked finer or snappier.

Material For Comedy  
The interesting customs and traditions of West Point provide material for numerous comic situations, and at the same time reveal the fascinating little inside angles of cadet life. "Dress Parade" is a picture boys will rave over—Horatio Alger stuff, screened intelligently enough to appeal to adults as well. The sequence of the arrival of Boyd at the Point is a classic the swaggering, condescending hero of amateur boxing, patronizing the officers who sign him up, only to be put in his place and humiliated by second year cadets.

## MILTON SILLS TURNS JACK LONDON

### MASTERPIECE INTO MIGHTY FILM

Star at His Best in Rugged Portrayal of "Burning Daylight," Doris Kenyon and Support Cast Give Exceptional Performance

The dreary, dangerous wastes of the frozen Alaskan plains; the hectic excitement of a boom town; the wild, hilarity of gold-mad miners on a spree—against this colorful background has been woven one of the most engrossing films of the season.

The picture is "Burning Daylight," a First National production, which shows tonight and Tuesday at the Capitol Theatre.

Based on Jack London's thrilling novel of the same name, it provides Milton Sills with one of his greatest screen roles, as the daring, courageous prospector who makes and loses several fortunes and finally makes the greatest gold strike of the day.

On the screen has been transplanted all the color, movement, excitement and epic drama of those stirring times and the result is a picture fraught with thrills, tense drama and sweeping pictorial effects.

Milton Sills has never had a role which fitted him more perfectly than the reckless, irresponsible dangerous adventurer of the northland, ready for the wildest chance, the greatest gamble or the most dangerous venture which presents itself.

Opposite the virile star is charming Doris Kenyon, who provides an exquisite contrast to the rugged Sills.

The long list of supporting players includes many names well known on the screen and among whom are Arthur Stone in an excellent comedy role; Jane Winton, Stuart Holmes, Guinn Williams, Frank Hagney, Lawford Davidson and many others.

Charles Brabin directed "Burning Daylight" for First National Pictures.
