DARING ROBBERY VANCOUVER TODAY

CANADIAN NATIONAL EARNINGS HIGHER SAYS SIR HENRY

Three Gunmen Robbed Government Liquor Store in Vancouver and Got Away with \$2,064 at 11.30

VANCOUVER, Dec. 1.—Three gunmen held up the government liquor store on Howe Street at 11:30 this morning and made a get-away with \$2064. It is believed they escaped in an automobile in which a fourth man waited, although some witnesses said they ran until they disappeared in the traffic on Granville Street.

The holdup occurred in the beer section of the store. Forcing their way through the customers, one man covered W. Montgomery, the vendor, a second pushed the crowd back, while a third remained at the door.

The bandit covering the vendor took all the paper money from the cash register. Threatening death to any who pursued, the men backed out of the store and fled.

The bandits were young men and unmasked.

NEW ROUTE TO PACIFIC FROM PEACE RIVER

Application to Be Made For Charter for Railway Cutoff to Parkgate

EDMONTON, Dec. 1.—A special dispatch to the Journal from Winnipeg says:

From Parkgate on the main line of the National a new railway is being planned to give the Peace River district access to the Pacific. Senator Rufus Pope is directing the movement, according to information in local transportation circles. This follows the announcement that the C. N. R. has joined the C. P. R. in acquiring the northern Alberta lines. But it is not disclosed that joint ownership of the proposed cutoff will necessarily follow.

The line would be 150 miles to Grande Prairie. Such a railway, Pope says, would touch the famous Hoppe or Smoky River coal fields now in the possession of the Dominion government at a distance of 77 miles from the main line of the National railways. At Grande Prairie the proposed railway line would reach the gateway of the Peace River district. Senator Pope stated that the route of the proposed railway has been surveyed under the direction of Chief Engineer McLeod of the Canadian National Railways.

The senator quotes McLeod as his authority for the statement that the line could be constructed without great difficulty with good grades at an estimated cost of \$8,000,000. The proposed road, in the opinion of Pope, would have two advantages. It would facilitate exploitation of the Hoppe coal field and it would shorten the rail haul between the Peace River district and Pacific coast ports. If these were constructed products of the Peace River district shipped by Canadian National lines to the Pacific coast would be consigned first from Grande Prairie to Parkgate, a distance of 150 miles, instead of from Grande Prairie to Edmonton, 402 miles and thence west to Parkgate a further distance of 190 miles. From Parkgate the goods would be hauled through the Yellowhead pass to the Rocky Mountains and thence either to Vancouver or Prince Rupert.

Thus the route would be shortened by some 400 miles and no expenditure for new construction through the Rocky Mountains would be incurred. A bill to authorize this expenditure will go before the next session of parliament.

GUNS ARE USED TO RE-ORGANIZE MEXICAN SENATE

MEXICO CITY, Dec. 1.—A recent incident in the senate has led to renewed discussion of the propriety of carrying pistols in the halls of congress. There is a rule against taking weapons into the session chambers, but it is flagrantly violated.

Spectators in the galleries of the senate were thrown into panic a short time ago when a bitter argument between two senators came to a climax with one of them drawing his pistol.

Immediately guns flashed into view in various parts of the hall, senators with pistols in hand ducked behind their desks, ready to defend themselves in case of a sniping engagement, and the audience stampeded to the street.

Sydney Hunter, who has been laid up with a severe cold, is feeling better although he is still confined to his bed at home.

TO RE-ORGANIZE THE FISHERIES

Report of Atlantic Fisheries Commission Is Made Public Today

OTTAWA, Dec. 1.—The re-organization of the fisheries services in Canada, in light of the report of the Atlantic fisheries commission, was announced by Deputy Minister Found yesterday.

Reports say that encouragement should be given advanced methods in all branches of the industry.

Duplication of officers should be avoided.

Great importance of educational work should be emphasized.

Organization of fishermen's associations should be encouraged.

An intelligence and publicity division in the department should be established.

Re-organization along these lines is to be undertaken immediately.

SALVATION ARMY WISHES TO PROVIDE A CHRISTMAS DINNER FOR ALL THOSE WHO ARE NOT OTHERWISE ENTERTAINED

The Salvation Army is planning to provide a Christmas dinner for those who are not otherwise provided for on the great day of the year. This they hope to do through the aid of local people who feel inclined to donate for the purpose. While there are few poor people in the city, there are always strangers drifting in and some local folks who have not the resources to provide entertainment for themselves or their families.

The plan is to serve a home cooked dinner at the citadel to which all homeless ones are invited.

In addition, Christmas hampers will be sent to needy families. Some of these are at out-of-town points.

Adjutant Kerr has the work in hand and those wishing to subscribe are asked to do so, either by leaving the money at The Daily News business office or at Army headquarters. In either case acknowledgment will be made through these columns.

Canadian National Will Earn Over \$60,000,000 During Current Year

Sir Henry Thornton Urges Vigorous but Sane Immigration Policy for Country and Avoidance of Exploitation

TORONTO, Dec. 1.—The net earnings of the C. N. R. for the year will exceed \$60,000,000, as compared with \$3,000,000 in 1922, Sir Henry Thornton announced here yesterday, in an address before the Rotary Club. He was firmly convinced, he said, that the profits of the Canadian National Railway were criterions of the nation's advance.

Sir Henry said that the Dominion's immigration policy should be vigorous, but sane, and that new arrivals should be made to feel at home. Above all, they should see national resources developed by, and for, the people, and avoid exploitation.

WEATHER IS BETTER HERE

Month of November This Year Has Been Milder Than Last; Figures for Year Improved

The month of November this year has been considerably milder than it was last year. In November, 1927, Prince Rupert had 15 inches of snow and a cold snap of 21 degrees above zero. There has been no snow in November this year and the coldest official thermometer reading has been 29 above. While precipitation for November this year totalling 9.84 inches has been in excess of last November's 7.22 inches, sunshine for the month just past aggregating 48 hours was ahead of the 31.9 hours during the same month last year.

So far this year, there has been 75.86 inches of precipitation here, as compared with 78.92 inches for the first 11 months of 1927. So far this year, there has been more sunshine, the figures being 1131.8 hours, as against 1106.4.

Following are the details of the weather report for November as announced this morning by H. D. Tée, Digby Island, Dominion meteorologist:

- Total wind mileage, 6,988. Average velocity, 9.7 miles. Greatest velocity, 56 miles from the southeast on November 15. Total sunshine, 48 hours. Highest barometer reading at sea level, 30.53 on November 17. Lowest barometer reading, 29 on November 12. Maximum temperature, 66 on November 2. Mean temperature, 43.5. Precipitation, 9.84 inches. Greatest daily rainfall, 1.24 inches on November 12.

NO MIXING AT PRINCE RUPERT

That Accounts For Higher Prices for Western Grain, It Is Said

WINNIPEG, Dec. 1.—Higher prices are paid for wheat at Vancouver and Prince Rupert than in the east, it is said, because mixing is not allowed on western route shipments. At the head of the lakes there are big mixing houses, where shipments are prepared for customers who want that kind of grain.

The whole matter is being investigated by the Saskatchewan royal commission, members of which are now visiting at the lake head and about the first of the year will be on the Pacific coast.

MAQUILLA CREW IS TAKEN OFF

Japanese Vessel Bound for Yokohama Capt. Scott and Ship Company

VESSEL LEAKED BADLY

VANCOUVER, Dec. 1.—All officers and crew of the steamer Chief Maquilla have been taken aboard the Japanese freighter Yogen Maru bound for Yokohama, it was announced this morning by the Canadian-American Shipping Co.

The Maquilla was abandoned in the face of further intake of water and the approach of rough weather. Capt. E. K. Scott, who remained with the ship after the rest had left, joined his shipmates at three o'clock this morning.

SEARCHING AT HARTLEY BAY

No Word Received Up to Noon Today as to Possible Fate of Gibbons and Johnson

There is keen expectancy in the city today for some word from Hartley Bay as to the fate of E. C. Gibbons and Thor Johnson, who are believed to have been drowned there on Tuesday night while hunting. Many groundless rumors have been circulating and these have proven very distressing to the police and all those who are interested in the solution of the supposed tragedy. Up to noon today, there had been no word received from Hartley Bay, indicating that the search yesterday, at least, had proven fruitless. In case only one body should be found, it would be immediately brought to the city by one boat engaged in the search, while the other would remain to look for the second. Owing to deep water, strong tidal currents and other causes, it is believed that there will be considerable difficulty in carrying out dragging operations. If nothing is found by Monday, the search may then be discontinued.

Hartley Bay Indians, it is stated, have great fear of the water near the point where the double drowning is believed to have occurred. Many natives, it is said, have been lost there.

LITTLE CHANGE IN KING'S CONDITION

LONDON, Dec. 1.—The official bulletin this morning on the King's condition stated: "In spite of His Majesty having passed a fair night there has been a slight rise in temperature since yesterday, but his general condition remains the same."

LONDON, Dec. 1.—The 8:39 p.m. bulletin said, "The King had rather a disturbed day with short intervals of sleep and is therefore somewhat fatigued."

Native Sons Beat Port Simpson in Exciting Basketball Game at the Exhibition Hall Last Night

Big Four Wins From C. N. R., Maple Leafs From Drill Team and High School Over Colts

The Native Sons of Canada quintette inflicted the first defeat of the season upon the Port Simpson aggregation in last evening's senior basketball game. By taking advantage of the re-bound from attempted shots at the basket, the Sons were able to be on the long end of the 38-24 score.

The game opened at a lightning-fast pace, with both teams having excellent combination. Many attempts were made to score but without success. After play had been in progress for a few minutes, the Sons opened the scoring through S. Gurvich on a nice pass from H. Menzies. Spiro followed with another basket, shooting from the side line at a difficult angle. Bob Sankey scored on H. Menzies' foul. Dido Gurvich scored on another rebound. Sankey scored after a bit of very fast passing with Alexcee. Alexcee put the Port Simpson team into the lead with a pretty basket on a long pass from Mathers with the score 9-8.

The large number of fans became very excited at this point of the game and were loudly giving their support to their favorite team. Dido found the net again from another rebound. Geo. White scored on Budinich's foul, tying the score 10-10. The Native Sons called time out at this stage of the game. With the resumption of play, both teams were unable to add further points to their score. With only a minute of the first half left, Alexcee, Sankey and Mathers executed a wonderful bit of combination and Alexcee did not disappoint his supporters. Spiro took a long shot at the basket but failed. Dido again scored on the rebound. As half time was sounded, both teams were again tied 12-12.

In the first seven minutes of the second half the Native Sons were more deadly than ever on the basket. Dido scored two baskets on rebounds and one on a pass from H. Menzies. Spiro sank a long one from centre. Harry Menzies made a hard shot from the corner bringing the Sons score 22-12. Simpson called time out in an effort to evolve some remedy for the situation and as play resumed, they scored twice in quick succession. Alexcee scoring both baskets one from the centre of the floor and one on Musgrave's pass. H. Menzies scored on White's foul. H. Menzies twisted his knee during a meleé of players and was replaced by Ernie Ratchford. During the next couple of minutes, play became a bit rough and five personal fouls were called and scored, the Native Sons scoring three points and Simpson two. Alexcee scored on Sankey's pass. Sankey followed with a long shot and scored making the score 26-22 in the Sons' favor. During the remainder of the game the Native Sons scored 12 points, Dido scoring 8. Two of his baskets were made with the help of Ratchford and the other two rebounds.

McLarnin's Career As Star Walloper Ended Dramatically Detroit

Failed to Answer the Bell After Being Battered and Bruised for Five Rounds by Ray Miller of Chicago

DETROIT, Dec. 1.—The knockout reign of Jimmy McLarnin, the baby-faced walloper from Vancouver, B. C., ended dramatically here last night, when Ray Miller of Chicago technically knocked him out in the seventh round of a scheduled 10-round bout. McLarnin, foremost challenger for the world's light weight title, bloody and groggy, was battered savagely for five rounds and then failed to answer the bell when it clanged for the start of the eighth round. He sat in his corner while his seconds tossed the towel into the ring as a token of defeat.

26-14 in a hard fought game. During the first half the C. N. R. boys did not seem to be able to check Big Four successfully. The first half ended with Big Four leading 15-2. With the beginning of the second half, the C. N. R. made three baskets in quick succession and seemed to take an extra interest in the game and began to play harder. The C. N. R. boys outscored the Big Four in the second half by one point. Ernie Ratchford was high scorer for Big Four, making 15 points. Fred Cameron scored 7 points for the C. N. R. The teams were:

Big Four—	Pts.	Per.

Junior League
High School defeated the Colts in a very interesting Junior League game. The Colts were out to win the game and started as if to be defeated, was impossible. At the end of the first half the score was 6-4 in favor of the Colts. During the second half the High School boys took a determined stand and were able to overcome the lead of the Colts and scored 8 points while the Colts scored only 2. W. Johnston opened the scoring for the High School and J. McNulty for the Colts. The teams were:

R. B. Skinner refereed the Senior, Ladies and Intermediate League games assisted by Ernie Anderson and Doug Frizzell. Oke Jackson was official scorekeeper and Henry Jackson was timekeeper. F. W. Allen was on the door. There were about two hundred and fifty basketball fans in attendance and they all left the hall with the impression that the basketball played was very satisfactory and exciting. Ernie Ratchford and Bob Sankey refereed the junior game.

ESKIMOS HELD THEIR LEAD IN HOCKEY LEAGUE

Retrieved the Game After It Seemed Lost and Won in Overtime Play

SEATTLE, Dec. 1.—The Seattle Eskimos held to their lead in the Pacific Coast Hockey League in a thrilling four to three victory over the Victoria Cubs last night, retrieving the game in the third period after it was looked upon as lost. With an irresistible rush they overcame the handicap, tied the score in that period and won out in less than four minutes of overtime play while they were one man shy due to a penalty.

MAN INJURED DURING BULLFIGHT AT MEXICO

MEXICO CITY, Dec. 1.—A curious accident occurred at a recent bullfight here, in which a spectator was seriously injured. When the matador endeavored to drive the sword into the nape of the bull's neck for the kill, the animal hurled the weapon from him with such force that it sailed into the grandstand, burying itself in the body of a spectator.

ST. ANDREW'S SCOTCH DANCE

Anniversary of Patron Saint Celebrated—Two Hundred Present

About two hundred were in attendance at the Scotch dance held in the Moose Hall last night under the auspices of the St. Andrew's Society. It was one of the most successful dances held for some time, everyone enjoying the old time numbers. Refreshments were served at midnight, and dancing was kept up till 3 a.m.

Each of the guests were presented with a sprig of heather, a gift from the "Weekly Scotsman," Edinburgh. Committees in charge consisted of H. Steen (convener), G. Scott, G. Geddes and J. Watson, assisted by other members of the Society. The music was furnished by J. Bremner, J. McKay, J. Watt, A. Paton and Mrs. J. S. Black, who were assisted by J. Campbell and Jas. Sturgeon. Piper Hugh Smith led the Grand March and played selections during the evening. R. Wiggins and Alex. McLeod were on the door. J. S. Irvine, president, acted as master of ceremonies.

Prince George is going to have junior hockey games throughout the coming winter if the plans of a junior athletic association which was organized recently do not miscarry. The officers of the new association are: M. S. Morrell, president; Dr. P. D. Carr, vice-president; Arnold Armon, secretary-treasurer. The executive will be composed of the officers and A. D. Noble, W. L. Hornsby and representatives of the Elks, Legion C.N.R. and Bankers hockey teams.

The new constitution of the B. C. Football Association divides the province up into three districts—Vancouver Island, Lower Mainland and Interior. This means it is hoped to simplify the playoff system and other problems. The officers for the coming year are as follows. Honorary presidents, Dr. R. W. Irving, Kamloops; Dr. R. H. Scanlon, Powell River; George S. Pearson, M.L.A., Nanaimo; Dr. J. A. Gillespie, Vancouver; president, C. M. Planta, Vancouver; first vice-president, J. H. Taylor, Victoria; second vice-president, A. Clark, Revelstoke; secretary-treasurer, George T. Winter (re-elected), Gordon McKay, Kelowna, was appointed by President Clark of the interior association as council member from that district.

Jack Sharkey has signed for three fights under the promotion of Tex Rickard during the winter season. (The Boston heavyweight's opponents have not yet been selected, but Rickard said he would choose them from among Tom Heeney, Johnny Risko, USC, Knute Hansen and Young Strilling. Rickard plans to stage the Sharkey battles a month apart, starting in January. It is understood that Rickard also has Sharkey under contract to meet Jack Dempsey again in the late spring or early summer, provided he disposes of his first three opponents and also contingent upon Dempsey attempting another comeback. Sharkey has fully recovered from a training camp injury that kept him on the sidelines for months.

FISHERIES CONVENTION

T. H. Johnson, manager of the Canadian Fish & Cold Storage Co., is to be congratulated on having landed the fisheries convention for Prince Rupert next year. It is an important event and it is expected a large number of prominent men engaged directly or indirectly in the fish trade will be present. These will come from eastern Canada, western Canada and the United States. Vancouver fishery men are backing Prince Rupert and now it will be for the local people to do their part. There is plenty of time to prepare, so there will be no excuse if the reception is not a good one.

Mr. Johnson is to be congratulated on his success in connection with this event. He is vice-president of the Canadian Fisheries Association and as such recently presided at the meeting when the decision was arrived at to come here. It is an indication that western men are beginning to make themselves felt in national affairs.

BOOSTING OF PRICES

On the New York Stock Exchange they seem to have boosted prices beyond all reason and the probability is that the prices will come down just as rapidly as they went up. In the meantime, the manipulators are getting rich at the expense of those who do not know the exchange and whose money it is intended shall be swallowed up in the gambling maelstrom. New York Stock Exchange is a good place to avoid unless it is to buy or sell stocks purchased for investment purposes and not for speculation.

BRITAIN IS AGREEABLE

Recently the chairman of the naval affairs committee of the U. S. house of representatives sent an invitation to the British government for his committee to discuss with a committee from the British house of commons the question of the naval estimates and the building of warships, so that there might be no competition between the two countries in this regard. Premier Baldwin replied in a friendly manner and the probability is that the meeting will be held, possibly the first of a long series of similar meetings. The idea seems to be a splendid one and is possibly the beginning of a general movement toward very close co-operation of United States with the British Empire.

WHEAT POOL ACTIVITIES

When the price of wheat dropped this year people were wondering how the Wheat Pool would come out and how much of a holdover they had at the close of the season, possibly kept back for the purpose of strengthening the market. It was rather a surprise to learn that the pool had sold out every bushel of its grain this year, whereas at the close of the previous season when prices were better there was a holdover of over seven million bushels.

The pool seems to have the situation well in hand. If it can survive a season or two of a dropping market, its future seems to be fairly secure as long as it is well managed.

AUSTRALIAN TRADE TREATY

Butter Makers Are Not Adversely Affected Declares an Ottawa Despatch

OTTAWA, Dec. 1.—If the Australian treaty is ruining the dairy industry in Canada, the trade figures of the Dominion Bureau of Statistics fail to reflect the disaster. It is quite true that there has been a good deal of butter imported from New Zealand—that Dominion receiving the treaty rates—but this butter, apparently, has not been sufficient in quantity to make good the reduction in Canadian production brought about by increased exports of milk and cream to the United States. The Dominion Bureau of Statistics reports that the storage holdings of creamery butter in Canada on November 1, last, were 24,491,708 lbs., whereas the five year average for this date is 28,088,404 lbs. In other words, despite the importation of New Zealand butter, there is less butter available in Canada now, for consumption this winter, than is customary at this time of year. It is but natural, therefore that the price of butter should not have weakened; if there has been a change it has been upward.

The campaign of the dairy industry, waged for the purpose of destroying the Australian treaty, is breaking down for lack of facts. Only a year ago, the dairymen sent a delegation to Ottawa to plead with the government to act, while there was yet time, and remove this sword of Damocles. The government declined to admit that any danger existed. The delegates asserted that the New Zealanders were but beginning to take advantage of the treaty and that within a few

months the Canadian market would be glutted with imported butter. It was claimed as a matter of fact, that huge shipments of butter were then enroute to Vancouver.

The months have passed and the Canadian market apparently is keener for butter today than one year ago. And in the meantime other Canadian industries, particularly those situated in British Columbia, have been demonstrably benefited by the treaty.

The Family Herald and Weekly Star of Montreal with its wonderful improvements has no peer as an agricultural paper on this Continent. The best Canadian farmers know that.

District News

SMITHERS

The Canadian National Railway has granted a concession to Bulkley Valley farmers whereby their grain may stop-over at Smithers for cleaning enroute to the Prince Rupert elevator. Immature grains will be returned to the farmers for feeding purposes.

The sum of \$242 was realized for the benefit of the Bulkley Valley District as a result of a concert, dance and drawing held last Friday night by J. S. Gray and his orchestra. Miss Vivian Graham won a table lamp which was donated by Mr. Gray.

Cold weather of late has frozen over lakes in the vicinity sufficiently for skating. Toboggan and Seymour Lakes have been popular rendezvous and there has been no snow to mar the ice sheets.

Local merchants are paying the farmer \$1.50 for oats and \$2.10 for wheat.

Dr. C. H. Hankinson celebrated his birthday last Saturday night with a stag party which proved to be a lively affair.

E. T. Kenney, who recently disposed of his business at Terrace, was a visitor in Smithers at the first of this week.

Radio dealers here report a brisk trade. Some fine machines are being installed in Smithers homes.

A. Reopel of the Houston district has brought his young daughter to Smithers for hospital treatment.

Being driven at an excessive rate of speed, a Chrysler sedan came to grief on the Telkwa road on Monday and ended up in the ditch with two wheels off.

PRINCE GEORGE

The continuous light and power service cannot be commenced here just now, owing to failure of certain materials to arrive. Starting Monday, however, there will be service from 2 p.m. to 10 a.m.

Weather here has been comparatively mild during the past week, the lowest thermometer reading being 15 degrees above zero.

A. McB. Young has filed notice of appeal in the case of Mrs. Annie Patterson who was recently fined \$300 on a charge of keeping liquor for sale. Judge Robertson will hear the appeal in County Court on Monday.

An effort is being made by local business men to enlarge the library in the Prince George Hospital.

William Campbell, local employee of the Canadian National Railways, has received from an aged uncle in Victoria a set of berrines which in their time have been blown for the entertainment of Queen Victoria and King Edward VII.

F. Douglas of this city is having considerable success in introducing a pugilistic find he recently made and will leave soon for Seattle with his protegee to make final arrangements for bouts in the south.

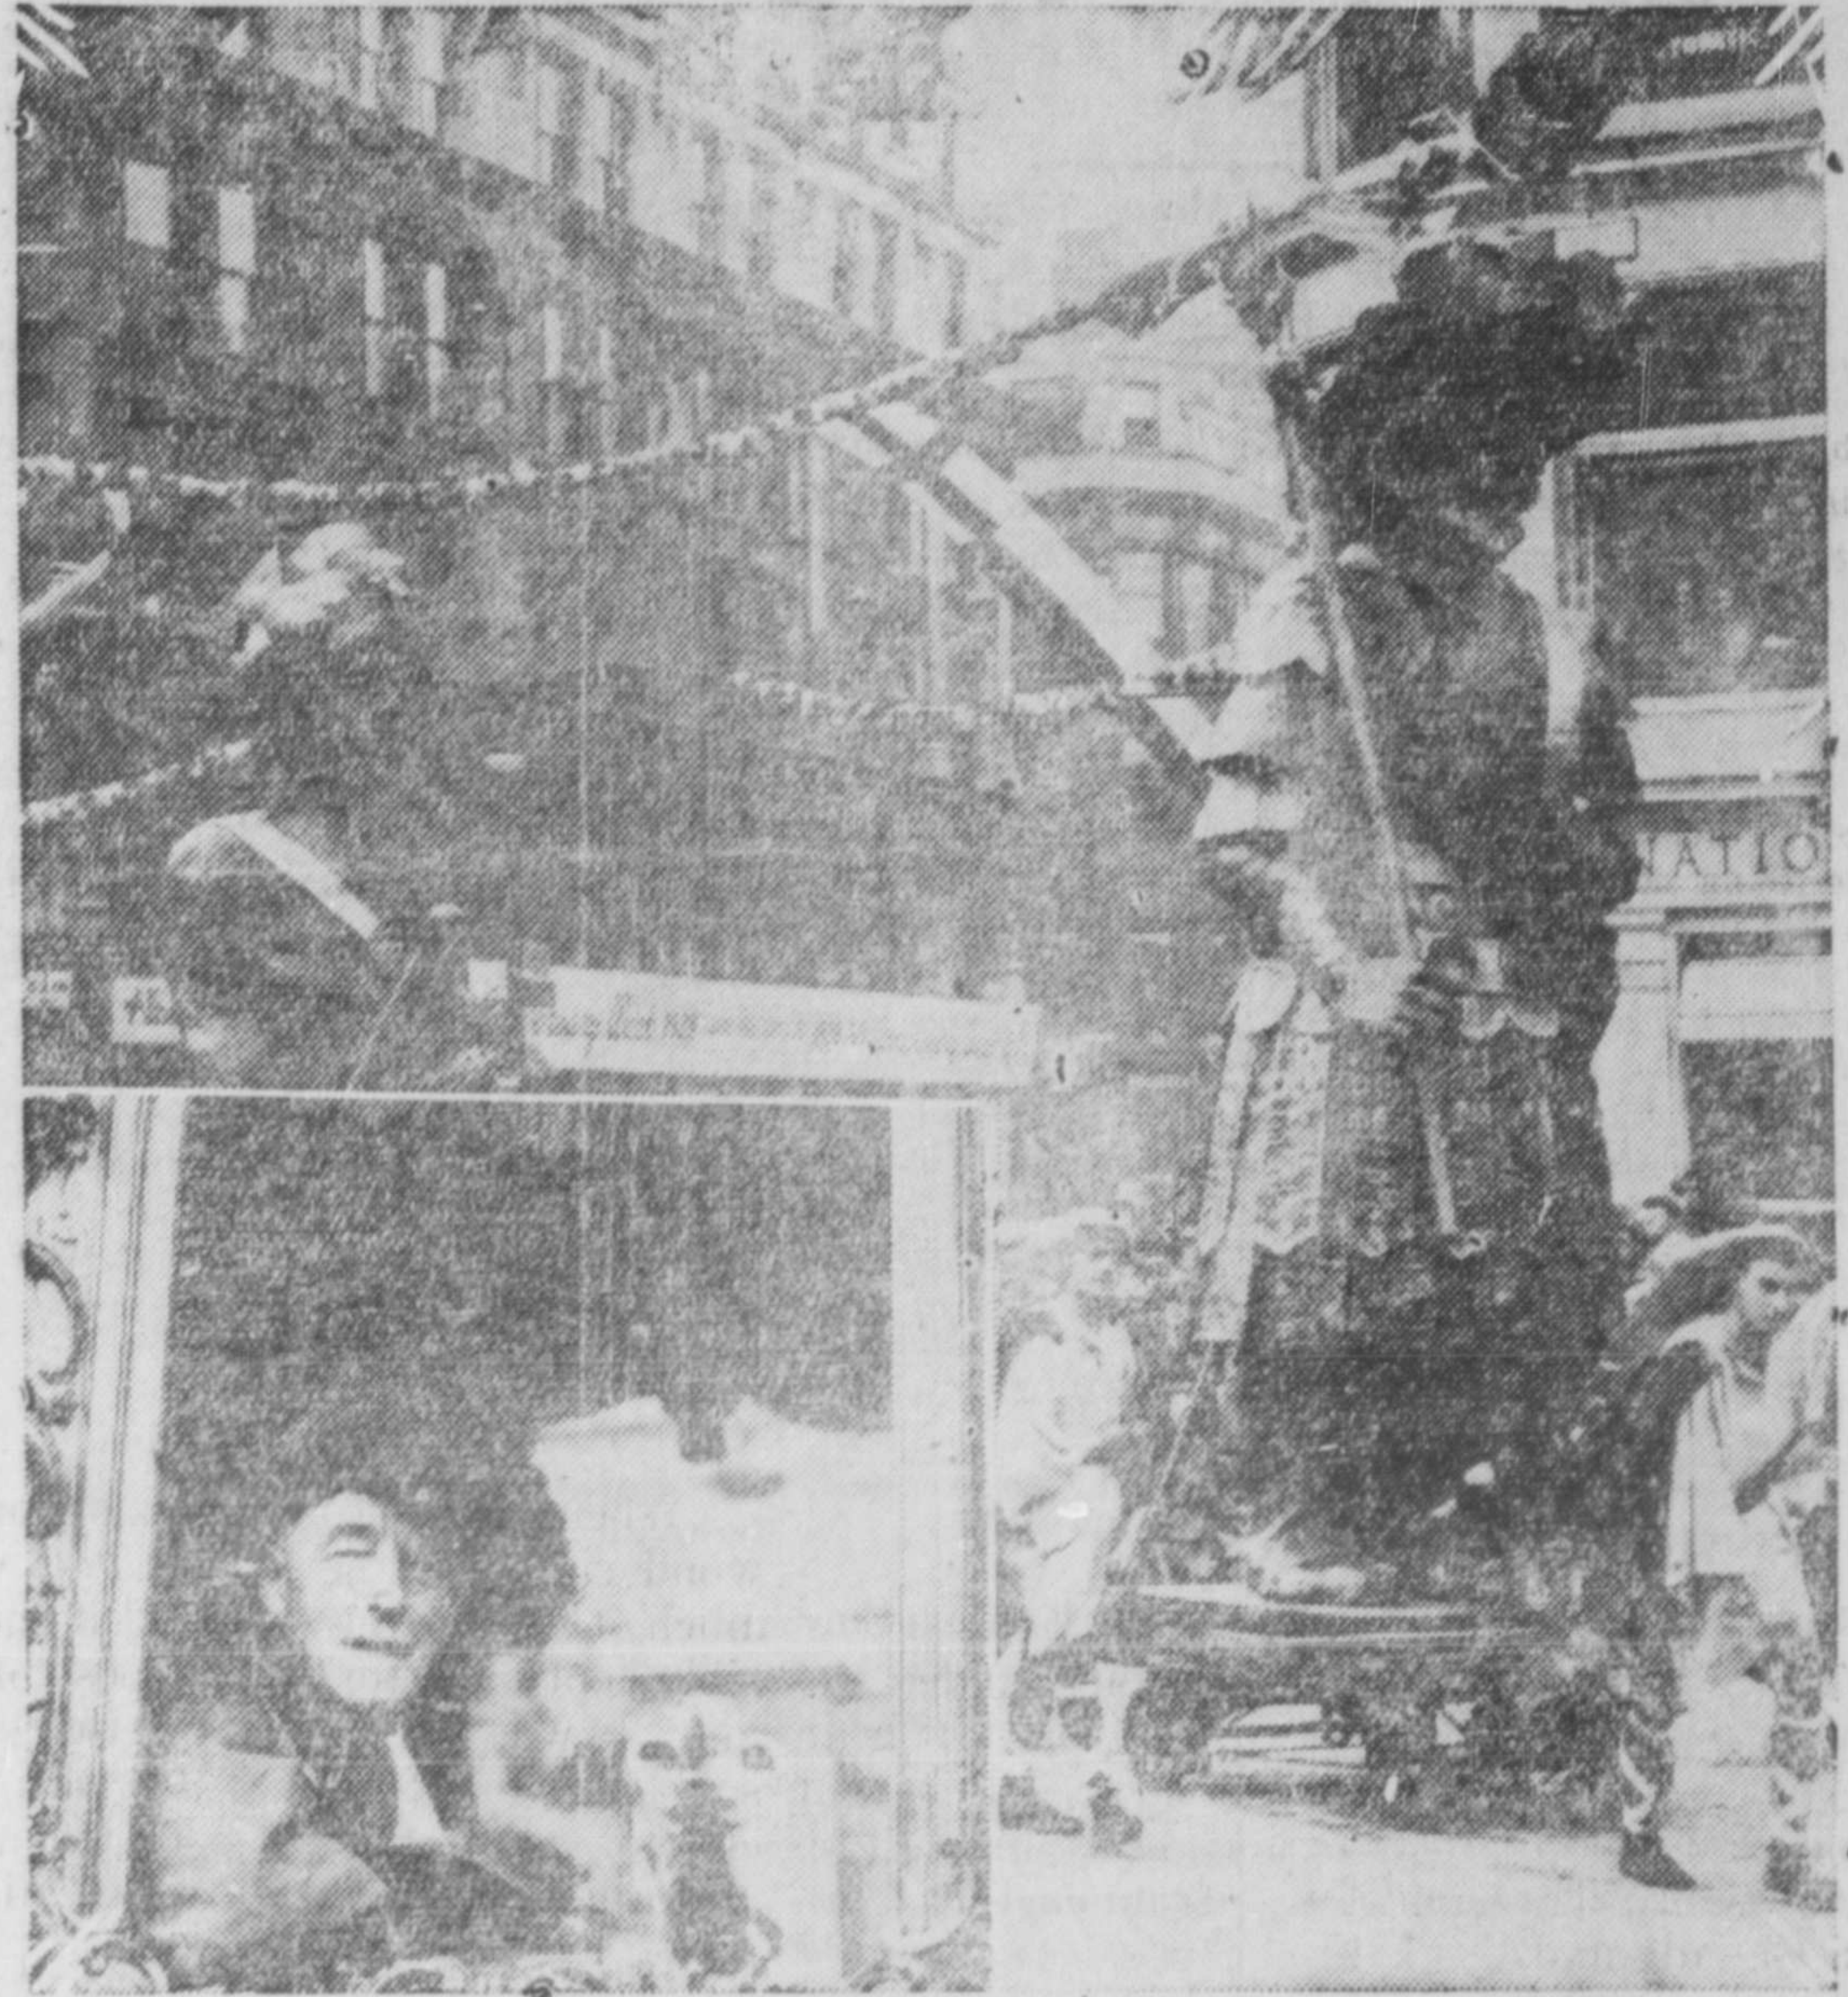

Fred D. Taylor is exhibiting in his local billiard parlor an albino (white) squirrel which was recently shot by Otto Bruning at Cluculz Lake.

Rev. S. Pollinger of McBride has been a visitor in town this week.

The Northern Hardware & Furniture Co. of Prince George has been incorporated with capitalization of \$50,000.

Miss Nan Craig, Miss Inga Andersen and Mrs. H. H. Hodgson presented a number of late dance hits at a Christmas Cheer dance held Thursday night in Ritts-Kifer Hall by the local Elks' Lodge.

RECORD LORD MAYOR'S SHOW A WONDERFUL SIGHT

The annual procession through the British capital on the occasion of commencement of the new Lord Mayor of London's term of office was a brilliant affair this year. Insofar as length was concerned it was a record, and a fitting tribute to the new Lord Mayor, Sir S. W. Kynaston Studd. The above photographs show, top, Gog and Magog, two giants famous in the past history of the Tower of London, passing down Fleet Street, while below, is a photo of the new Lord Mayor of London looking out of the window of his ancient coach.

WHEAT EXPORT BY THE POOL

WINNIPEG, Nov. 30.—The export of wheat through the pool during the season ending last August went to the following countries:

	Total Bushels
United Kingdom	36,180,890
Ireland	16,296,840
France	15,730,000
Germany	11,804,200
Italy and India	10,612,500
Spain	10,417,200
Japan	5,079,653
China	3,210,000
Sweden	1,146,400
Belgium	1,102,900
Denmark	1,002,000
Poland	679,000
Russia	548,000
U.S.A.	474,433
Canada	346,000
South Africa	36,000
Other	33,000
Total	114,791,816

Referring to the possibilities of opening the Oriental market to wheat, the report states: "The possibility of expanding the market for Canadian wheat to the Orient has been engaging the attention of your board during the past season. A very satisfactory market for the lower grades is gradually developing in China and Japan. It is probable that we shall take steps in the near future to maintain a closer touch with those markets with a view to their further development. Improved political conditions in China give point to her possibilities as an importer of foodstuffs."

YOUNG PEOPLE GIVE DINNER

Parents Are Guests of Young People of St. Paul's Lutheran Church

The young people of St. Paul's Lutheran Church last night entertained the parents to a supper in the Metropole Hall. Mrs. Underdahl, president of the young people's organization, presiding. Fifty-one parents sat down to a bounteous repast and thirty or more lads and lassies waited on them, supplying every need and entertaining them with ceaseless chatter. It was a merry party and all did justice to the occasion.

Arrangements were in the hands of Mrs. Underdahl, aided by Mrs. H. Dahl and Ingrid Isaacson, who looked after the tables and decorations. Prominent among the young people who served were Kenny Wick, Matilda Wick, Lillian Ytreberg and Ross Houghland.

Waterfront Whiffs

Accident Causes Gloom Along "Front"; Currie & Son to Build Port Simpson Wharf; American Halibut Landings

Gloom has been cast over the local waterfront—particularly in hunting circles—this week over the untimely accident at Hartley Bay on Tuesday night which was assumed to have resulted in the death by drowning of Ed. Gibbons and Thor Johnson, both of whom were as well known and popular along the "front" as they were throughout the city. There has been much conjecture as to the exact circumstances of a tragedy which cost the lives of two men who were usually quite at home upon the water as ashore. It seems that hardly a year can pass without some serious accident in the ranks of the nimble rods. This tragedy is accentuated by the fact that it took two such well known men as Ed. Gibbons and Thor Johnson. Their exact fate will possibly never be known but the memory of two such dead game sportsmen will remain green for many a year to come. For the relatives, the deepest of sympathy is felt by all.

The reduction plant of the Rupert Marine Products, Ltd. at Tucks Inlet was closed down for the winter last Saturday and will not be reopened until after the halibut season starts on February 15. Meantime, a campaign of repair is being carried on at the plant.

The R. M. P. power tug M. T. 3, flagship of the fleet, is now undergoing an overhaul, after which she will be tied up for the winter. The tug F. H. Phippen was kept in operation throughout the winter. The smaller Tide Rip and Cumshewa are also tied up.

The local halibut boat Cape Beale, Capt. Edgar Arnett, sailed Wednesday night for Vancouver. Vessel and crew will spend the winter in the southern metropolis.

Capt. Nels Peterson is understood to be contemplating the changing of power in his local halibut boat this winter from gas to diesel. The vessel is at present tied up at the F. E. Hunt, Ltd. floats.

Norman L. Freeman, local representative of the International Fisheries Commission, left today on the Princess Mary for Juneau, where he will spend a day or so on commission duty. Returning here next Wednesday, he will proceed the week following to Seattle, where he will be stationed at commission headquarters until after Christmas, when he will go out to the halibut grounds with the scientific staff on the schooner Dorothy.

The winter quiet has set in along the waterfront following the closing of the halibut season. About all that is going on at the fish houses just now consists of a little putting in shape for the big holiday season. The boys are as usual exchanging yarns in the various favorite haunts. Every now and then, these conversations take on the appearance of a mass meeting with occasionally the necessary earnestness.

Capt. Mingo Soriano left on Thursday morning with the halibut boat Summer for Seattle where the winter will be spent. Mingo didn't have such a very good season this year but hope springs eternal and he'll be back again bright and early next spring.

The trolling boat J. and N., which belonged to the late Jack Beale, who lost his life two or three weeks ago in a fall from a wharf on the local waterfront, was sold this week by the official administrator to M. Campbell of this city. The vessel is 32 feet long and is powered with a 12-14 Automatic engine. The price is reported to have been \$400.

Having been awarded the contract by the federal department of public works for the rebuilding of the wharf at Port Simpson, the John Currie & Son piteeriving outfit will move up there in a day or so. The job, it is estimated, will take about six weeks to complete, not being quite as big as that carried out there last year by the same concern in the renewing of approach, etc.

Opera in your own Home

—and besides—the songs of famous concert singers—the best from the vaudeville artists—entertainment from everywhere—any time!

A mighty psalm swelling from a hundred throats... a velvet tapestry of tone that fairy lifts you out of your chair... now soothing, now stirring, as the melody changes from *pianissimo* to *fortissimo* in a kaleidoscope of color. You are listening to an operatic chorus, in your own home!

distinctly as a weaver can separate the strands of a Gobelin tapestry. Each voice is there, and yet it is the *design* you feel, and not the single threads. Whatever you like most in music, this great instrument will bring to you in all its glory. Go into any His Master's Voice store and compare this new music with your conception of the old talking machine.

The new Orthophonic Victrola—a patented Victor product—is made in a range of beautiful models, designed in fine walnut or mahogany. Electrically driven, if you wish, at slight additional cost. Prices from \$1400 down to as low as \$115. On convenient payments from His Master's Voice dealers.

AROUND PRINCE RUPERT
Winter Program for Georgia River Gold; Extensive Developments at Silverado; Independence to Work All Winter

The winter development program is now well under way on the Georgia River gold mine in Portland Canal down from Stewart and eighteen men are employed under the foremanship of Bert Shearme. The immediate objective is the extension of the tunnel on the main vein to its intersection with the southwest vein at depth from which a drift will be run both ways on the latter. This will give a further depth on the main vein of over 200 feet. The work is being rushed with two shifts underground. Everything is in good shape for continuous underground development on this well known high-grade gold property and future developments will be watched with much interest. The new road from tidewater to the mine has been used to take winter supplies into the property.

Big developments by the Premier Gold Mining Co. on the Silverado at Stewart are looked for in the near future. During the past season a thorough surface and examination of the surface has been continually in progress and a first-class winter camp has been established. A long 1000-foot tunnel was started some time ago for the purpose of cutting at an approximate depth of 500 feet the rich surface showings located last year and is now well in, working two shifts. To meet developments, a power line is now being strung from the company power plant at the mouth of Marmot River to the mine, a distance of little over three miles. The Silverado is one of the most important properties in the Portland Canal district. Being situated right on tidewater, transportation problems are practically negligible.

Supplies are being sent up hill from Stewart for the Independence property, upon which development will be prosecuted winter by the Revenue Mining Co. The No. 2 tunnel, which was driven 300 feet under the old road will be continued and from 1000 feet of work will be done here. This will include a foot cross-cut to tap a big showing disclosed by a diamond where the core showed ruby ver and grey copper.

Prince Rupert experienced its coldest weather so far this winter. The thermometer at the Dominion meteorologist Digby Island registered only degrees of frost but it was ably colder than that on side of the harbor.

Mrs. George Hill jr. and family will sail tonight on the Charles for Massett where they will visit Mrs. Hill's parents and Mrs. Frank Ward.

GOOD SHOW AT THE WESTHOLME

Powerful, convincing acting amidst scenes of unusual brilliance present the underworld of a big city in a new light in "The Drag Net," which was enjoyed by a large audience at the Westholme last night. George Bancroft, in the leading part as a detective, surpasses himself and is supported by Evelyn Brent as a girl crook, ever suave and polished, William Powell as a gangster leader, and a big cast.

Youth, beauty and dazzling gowns make this a picture that will be long remembered. Grim melodrama lurking in an ornate restaurant scene will never be forgotten.

The "Confessions of a Chorus Girl" comedy, "Skating Home," is something entirely different and the bevy of chorus girls are sure pretty.

A travelogue rounds out an all through good show. It will be repeated tonight.

'BEN-HUR,' WORLD'S MIGHTIEST ATTRACTION, AT CAPITOL MONDAY

Picture Has No Equal in the History of the Photoplay

By far the largest and most costly offering of stage or screen, "Ben Hur," for which New York paid \$2,000, Toronto \$1,500 and Vancouver the same, has been secured for Prince Rupert and will show next Monday, Tuesday and Wednesday at the Capitol at usual prices.

The magnificent plot, fine characterization and beautiful love story are among the outstanding reasons why "Ben-Hur" has gripped the imagination of America for fifty years.

THROUGH SLEEPERS TO THE SHIP'S SIDE

The Canadian National Railways have made arrangements to operate special trains and through sleeping cars from the Pacific Coast to the ship's side at Montreal and Halifax in connection with sailings for the Old Country during November and December. Full information from City Ticket Office, 528 Third Avenue, Prince Rupert. Phone 260. 282

Passengers sailing from here for the south on the Princess royal last night included: E. C. Neilson, P. Neilson A. Johansen, S. Dawson, G. S. Powell, M. A. Powell and Capt. E. Sanderson, or Vancouver, and Bishop G. A. Rix and H. Nakamoto, for Ocean Falls.

The splendid portrayals of Ben-Hur by Ramon Novarro, Esther by May McAvoy, Mother of Hur by Claire McDowell, and Tirzah by Kathleen Key, add to the effect and enhance the romance. These players live the romantic side of the story, which is just as engrossing as the sea battle or even the chariot race.

It can be stated without exaggeration that the pictorial "Ben-Hur" is not only the largest but positively the most costly offering of stage, screen or outdoor arena in show history. This statement does not except Max Reinhardt's "The Miracle," the Wagner Festivals of Bayreuth, any of the grand operas, and any of the very largest circus enterprises. The motion picture "Ben-Hur" can be truly stamped as the biggest show in the world.
