UNITED STATES HAS PEACE POLICY

SECRETARY OF STATE KELLOGG TELLS WISH OF COUNTRY

United States Secretary of State Commits His Country to an Unequivocal Peace Policy

Hon. Frank B. Kellogg before council of foreign relations spoke on war prevention policy of his country but objects to military alliances

NEW YORK, March 16.—Placing the American government formally on record in favor of an unqualified anti-war treaty between the great powers of the world, Secretary Kellogg said in address here last night that if the principal nations are united in a sincere desire for such a compact, a formula could be devised acceptable to all.

EFFORT MADE UNITE AGAINST THE LIBERALS

CONSERVATIVES OF SASKATCHEWAN MAKE POLITICAL GESTURE TO UNIFY OPPOSITION. SASKATOON, March 16.—A gesture seeking political solidification of the parties groups and individuals opposed to the policies of the provincial Liberal administration emerged in definite form from the concluding session of the provincial convention of the Conservative party, when the invitation of political co-operation with Conservatives was concurred in by Dr. C. E. Tran, leader of the Progressive group in a telegram, in which he declared his willingness to gladly accept any democratic principles working towards co-operation.

MODEL HEALTH AREA ALBERTA

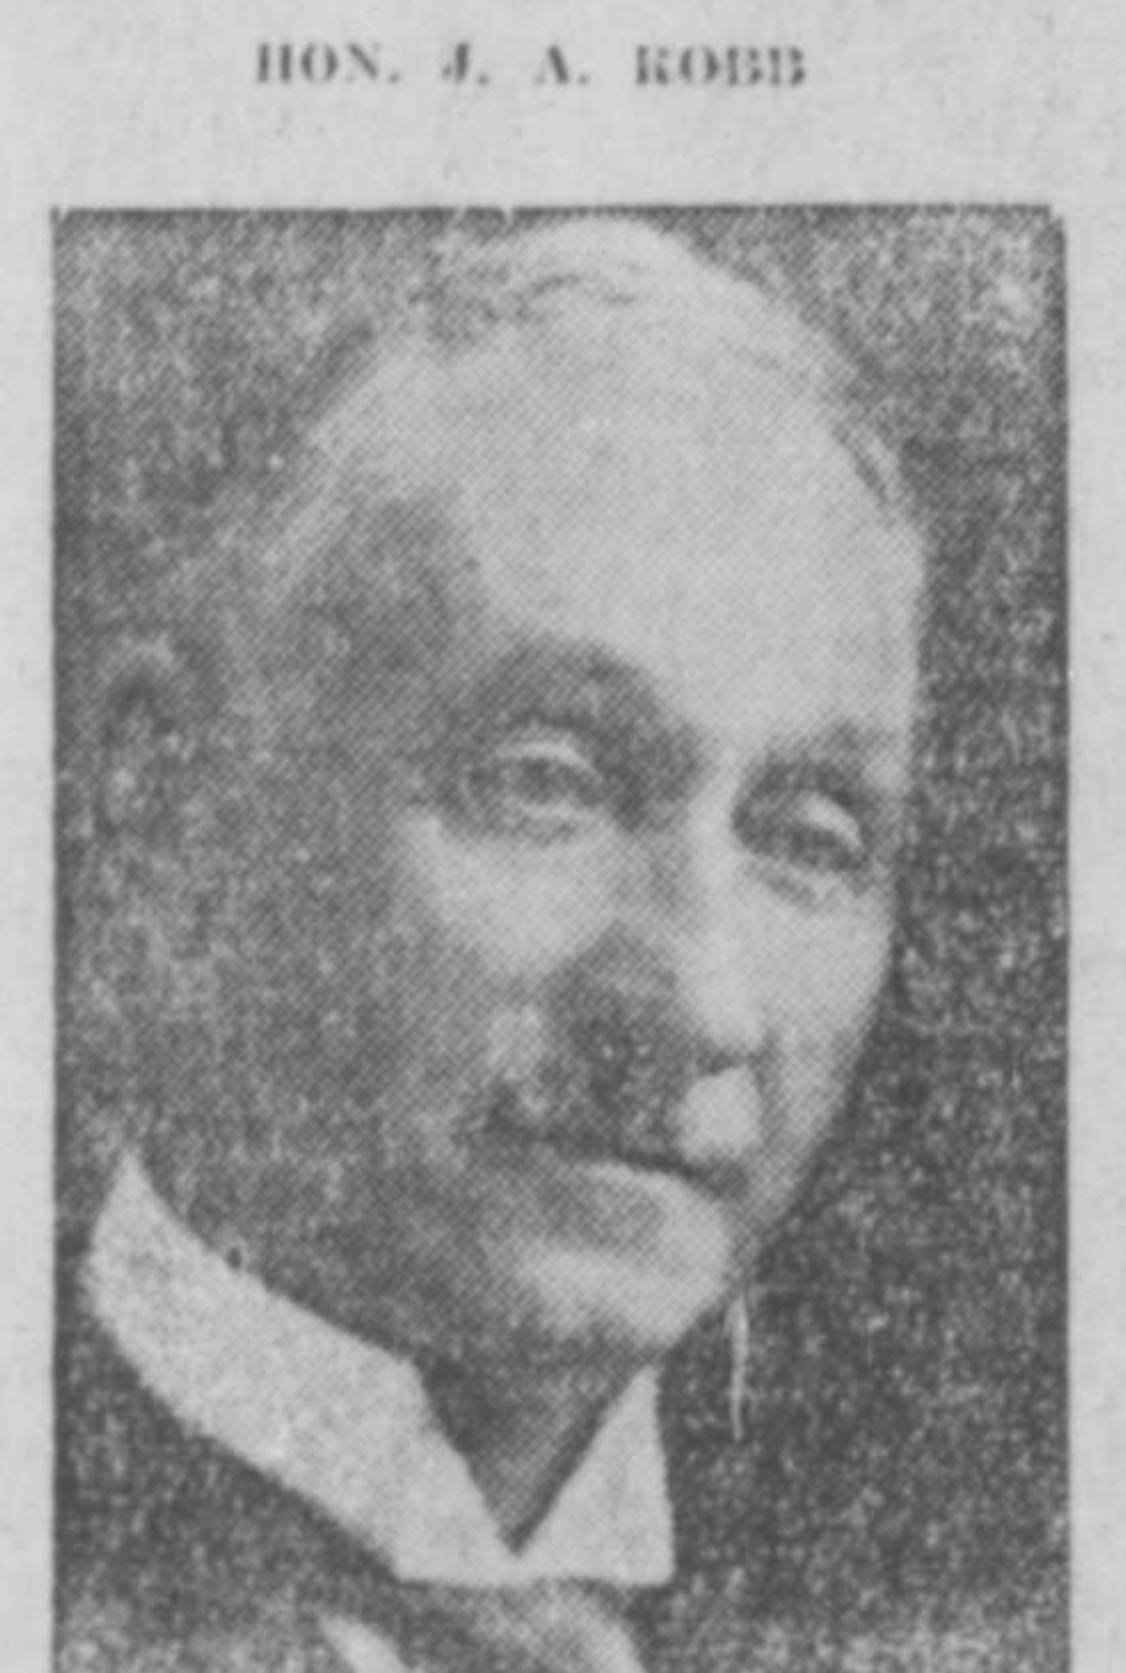

LATEST DEVELOPMENT TO BE CARRIED OUT BY CO-OPERATION GOVERNMENT WITH ROCKEFELLER FOUNDATION. EDMONTON, March 16.—The establishment of a model health area in Alberta is the latest development in the interests of health by the health department of the provincial government. A model health area with a population of about 21,000 persons will be established with a model hospital and medical staff. The Rockefeller Foundation will co-operate with the government in the work.

CANDIDATE IS ASSASSINATED

ONE OF MEXICAN OPPOSITION LEADERS LOST HIS LIFE IN OWN CAMP. MEXICO CITY, March 16.—General Macario Gaxiola, secretary of the "Obregon for President" organization in the state of Sinaloa and himself a candidate for governor of that state, was assassinated at the Obregon headquarters at Culiacan.

EMIL ST. GODDARD WAS WINNER OF DOG DERBY AHEAD OF EARL BRIDGES

THE PAS, March 16.—Emil St. Goddard won the annual dog derby when he came in first yesterday, in the last forty mile leg with a total elapsed time for the three days of 12 hours 3 minutes. Earl Bridges came second 12 hours, 12 minutes.

HON. J. A. ROBB Canadian Minister who yesterday signed a trade treaty with Czechoslovakia.

Invitation from France afforded us an opportunity to examine anew the whole question of world peace and to determine in what practical manner we could co-operate. The secretary told of his suggestion to France that the treaty be an equivalent multilateral treaty concluded among the principal powers, including besides France and the United States, Great Britain, Germany, Italy and Japan. France has agreed in principle, he said, but suggested the treaty provide only for renunciation of wars of aggression, explaining that her obligations under the League of Nations and the Locarno treaties presented certain difficulties. "I have not been able to agree to that reservation," he said. "My objection to limiting the scope of the anti-war treaty to mere wars of aggression is based partly upon a very real disinclination to see the ideal of world peace qualified in any way, and partly upon the absence of any satisfactory definition of the word 'aggressor' or the phrase 'wars of aggression.' It is difficult for me to see how a definition could be agreed upon which would not be open to abuse.

STOCK STILL CLIMBING HIGHER

ADVANCE CONTINUES UNDER SPECULATIVE BUYING FOREIGN SECURITIES UP. NEW YORK, March 16.—Speculation for an advance was resumed on a gigantic scale today under the leadership of General Motors, which advanced six dollars to a new high mark at \$169.

WILL IMPROVE THE GROUNDS

TENDERS BEING CALLED FOR PAVING DRIVEWAYS AND PATHS AT COURT HOUSE. As the first step toward improving the grounds at the local Court House, the provincial department of public works is calling for tenders for the hitherto paving and hard surfacing of footwalks and driveways around the local Court House. The work will include the three driveways leading to the building from First, Second and Third Avenues as well as the pathways around the building.

ADDITIONS AT JASPER PARK

MORE ACCOMMODATION BEING PROVIDED FOR VISITORS AT POPULAR RESORT THIS YEAR

WINNIPEG, March 16.—Additional accommodation at Jasper Park Lodge, in the heart of the Canadian Rockies and also at the outlying trail camps, is to be ready for the opening of the lodge 1928 season according to an announcement made by Walter Pratt, general manager of hotels for the Canadian National Railways system.

This year the lodge buildings will be increased by one 16 room cabin, one 10 room cabin and by a special cabin which will provide for parties who go to the Lodge taking with them their staff of servants. In addition to these a golf club house is being constructed which will provide all necessary accommodations for the growing number of people who play over the Jasper Park course.

Outlying accommodation being provided or increased includes additional accommodation at Maligne Lake and Shovel Pass camps on the famous Maligne Lake trail and a base camp at Kinney Lake on the Mount Robson Beig Lake trail through the Valley of a Thousand Falls, which will be reached from either Mt. Robson station or the Vancouver line or Empress station on the Prince Rupert line of the Canadian National.

During the 1927 season approximately 10,000 visitors were accommodated at Jasper Park Lodge and another 500 or so were unable to secure accommodations. The golf course was extensively popular in 1927, more than 9,000 rounds of golf being played over it.

LIQUOR IS Poured INTO THE SEWER

VICTORIA, March 16.—Twelve hundred quarts of accumulated seized liquor pronounced unfit for consumption was poured into the sewer yesterday.

Technical Insubordination Causes Rear-Admiral Collard and Two Commanders Suspended from Duty in British Navy

LONDON, March 16.—Three British naval officers, Rear Admiral Bernard St. G. Collard in command of the battleship squadron; Captain K. G. Dewar in command of the Royal Oak, and Commander H. M. Daniel have been suspended from duty as the outgrowth of a mysterious incident aboard the battleship Royal Oak, flagship of the Mediterranean fleet.

The Admiralty statement threw no light on the nature of the incident beyond saying it involved certain disciplinary matters and added that Rear Admiral Collard's flag had not been transferred to another ship, as reported, but was struck.

Information received from other quarters indicated that the affair was a squabble of some sort among the officers which was technically construed as insubordination.

KNOCKIRR YESTERDAY WON IN STEEPLECHASE NATIONAL HUNT CLUB

CHELTFENHAM, March 16.—Knockirr yesterday won the National Hunt Handicap Steeplechase over a four and a quarter mile course. Low Tide came second and Spear of War third.

Boatful of Liquor is Captured at Ketchikan

Mermaid Was Adrift When Taken in Tow and Later Cargo Seized by Captain Herman of the Cygan

KETCHIKAN, March 16.—A considerable crowd of boat owners, trollers and others, figuratively speaking, "licked their chops" on the City Float dock while watching nine ten-gallon kegs and three five-gallon kegs of "moonshine whisky" unloaded from the small power boat Mermaid.

The boat had been picked up adrift in the channel in front of the northern part of the city. It was towed into the city float by H. Matney, who owns a small boat, and the matter was reported to the United States custom house as a "lost boat." No one at the time knew what was on board.

Captain Herman of the Cygan then investigated and found the "booze" located in the hold. The marshal's office was next notified and soon deputies were on hand and the kegs were carried by "sailermen" from the Cygan to a waiting car. Meantime the crowd kept increasing and like bleachers, at a baseball game, offered all kinds of comment.

The "booze boat's" rowboat is missing and the line on the front plainly showed that it has been chafed or broken in two, and the supposition is that it went adrift while the one in charge of the boat was ashore. The officers discount street rumors about a hat being found on board had the possibility of any tragedy in connection with the case. They believe it simply is a case of the boat getting adrift. No arrests have been made. Meantime, the boat will remain in custody of the marshal's office and later will be charged with the "possession of liquor." The boat is registered in the name of Otto Case.

FIRST COURT OF ASSESSMENT IN TERRACE IS HELD. TERRACE, March 16.—Terrace's first court of revision was held in the municipal hall on Wednesday afternoon when a few adjustments were made in the assessment values of property within the village municipality.

CARDENA DUE TONIGHT AFTER LONG ABSENCE FOR OVERHAUL WORK

Back on the run following an extensive overhaul at the Burrard dry dock at North Vancouver, Union steamer Cardena, Capt. A. Johnstone, is due in port tonight from the south. The Cardena, which has been off for five weeks, being relieved during that time by the Venture, has had several alterations made to better fit her for the growing canner trade on the coast. Most important of these changes has been the addition of several new outside staterooms on the boat deck between the wireless cabin and the first class smoking room.

OTTAWA TAKES 3RD PLACE IN HOCKEY LEAGUE

TORONTO ELIMINATED FROM PLAY-OFFS: DETROIT BEAT CANADIENS 1 TO 0

TORONTO, March 16.—Ottawa clinched third place in the National Hockey League race for position thus eliminating Toronto from the playoffs. Boston strengthened her lead and should win in the American section. She will have an eight point lead over the Rangers.

Detroit last night went into third place, blanking the Canadiens who seemed off color. Scores last night were: Detroit 1, Canadiens 0. Ottawa 5, N.Y. Americans 2. Boston 3, Chicago 1.

ANTI-ORIENTAL RESOLUTION

The anti-Oriental resolution passed the Legislature Wednesday before the House prorogued and it was rather pleasant to see the two parties get together on a public question, especially at a time when they are likely to be opposing each other on the hustings in the near future. At the same time we do not agree with their attitude in recommending the deportation of Japanese and Chinese from the country. The idea is a fantastic one and not feasible.

There are two pleasing phases to this joint action of the provincial members of the Legislature. The first is that the recommendation will certainly not be considered seriously at Ottawa, insofar as the deportation clause is concerned. The other is that the resolution puts the Oriental question out of provincial politics. Neither side can now use it against the other, for both are, seemingly, of one mind.

WHY ALL THIS FUSS OVER WOMEN?

Why all this fuss over women being given the right to a seat in the Senate. They will get it, even if the British North America Act has to be changed. In England they have just won the right to vote on equal terms with men and in this country they sit on juries and take part in public life when they wish so to do. It would have been much more gallant of Premier Mackenzie King to have assumed the right until someone challenged it. Then it could have been fought out by the challenger.

DOLLAR AT PREMIUM

The Canadian dollar yesterday was worth a quarter of a cent more than a dollar in United States currency. Money is moving this way because the country is prosperous. Americans are investing in mines, timber, fish and many industries.

It is not a good thing to have money at a high premium but it is a good thing to have Canadian money as good as any other in the world. Business can then be carried on easily and people are more likely to have faith in the country.

TAING INTEREST IN WORLD AFFAIRS

People today are rather proud of the fact that they have a right to take part in the affairs of the country by voting. They boast of the fact they are part of a democracy and yet how few know what the international affairs. How many could tell exactly what is the work of the League of Nations and what are its weaknesses.

Yet the only way to deserve the right to vote is to take an interest in provincial, federal and world affairs. To do that we must read something more than stories and sport and funny sheets. We owe it as a duty to ourselves to keep informed on world affairs.

REFORMING POLITICS

Sitting in the House of Commons press gallery and looking from day to day on the work done there and meeting these men in the corridors of the House rouses a journalist of note to say:

One political party is not composed of angels and another of sinners, nor is one possessed of all the virtues and another of the vices. There are men on both sides in parliament (to say nothing of a woman) seeking fairly and honestly for the right road. There are others, and the facts cannot be denied—who care no more for truth than the moonbeam cares for the moonshiner. Politics of all fields of human action should have as a signboard the words "Honesty is the best policy." No where else would it yield so great a dividend of power and influence. Yet strange to say there is no field of action in which fustian is more freely offered for broadcloth, bunk for reality and plain common unvarnished lying for simple truth. We have organizations for the enforcement of truth in advertising. The old mercantile motto " caveat emptor," let the buyer beware, has given way to the new slogan, "the customer is always right." Is it not time to reform politics and take as our motto some of those guiding lines which have lifted huckstering to merchandising and made the derisive term, "a nation of shopkeepers" a symbol of commercial honor.

PIRATE STORY AT WESTHOLME

CONRAD ROMANCE FILMED FOR THIS WEEK-END SHOWING AT LOCAL THEATRE

Conrad's story "The Road to Romance" showing this week-end at the Westholme, is full of pirates and adventure.

The little town of Rio Riego, once ruled by the proud Armando family, is now under the thumb of the rascally Don Balthasar, who has turned it into a rendezvous for pirates. Of the Armando family, only Carlos and his sister, Serafina, remain and Carlos is dying. Balthasar, trustee of the estate, is only waiting for Carlos' death to take possession of the Armando lands and of the person of Serafina, whom he is determined to marry.

Father Antonio, an adherent of the Armandos, has sent word by a brother priest to the Armandos of Seville of their plight, but Carlos speaks contemptuously of the Armandos of Seville and expects no help from them.

Jose Armando of Seville, however, does respond and comes to Cuba in a ship which is boarded and looted by Balthasar's pirates. Jose, a lively young man with great dexterity in card tricks and slight of hand, swims ashore and mixes with the pirates, pretending to be one of them.

He manages to get in touch with Serafina, convinces her of his identity and tells her he has come to help her and her brother, and an immediate interest is established between the two young people. By holding the pirates interested in his card tricks, Jose manages to get into the castle and meets Carlos, but word of what has happened has been carried to Balthasar, who comes to investigate and who learns the strange pirate's identity. He orders Jose's arrest and in effort to assert himself and interfere, he kills Carlos.

The Armandos, however, have a faithful friend in the wooden-armed Castro, who pretends to be one of Balthasar's spies. Castro effects the escape of Jose and the sailors from the looted ship, the latter going to Havana for help.

During the funeral ceremony of Carlos, Jose gets Serafina away and they take refuge in a cave when an attempt is made to starve them out and where for five days they suffer all the agonies of thirst and hunger.

Castro contrives to get word to them that help is near and in order to relieve their sufferings Jose pretends to capitulate, playing many monkey tricks to stall for time. Serafina's open declaration of her love for Jose infuriates Balthasar, who has decided to hang Jose and now orders his arrest. Jose shows fight and in the nick of time the sailors and soldiers from Havana arrive.

Realizing that the game is up, Balthasar kills himself. His pirate gang are rounded up and happiness now awaits Jose and Serafina.

GOVERNMENT PRINT SHOP

NEW BUILDING COMPLETED FOR EVER INCREASING BUSINESS OF B.C.

VICTORIA, March 15.—At an expenditure of approximately \$160,000 the provincial government has had built probably the most modern job printing plant on the Pacific coast. Charles F. Banfield, King's Printer, expects to be able to move into the new premises, which are situated on the southwest corner of Government and Superior Streets, by the middle of April.

The general progress of the province has brought about a necessary expansion in the facilities and accommodation of the King's Printery, which comes under the control of the Hon. T. D. Pattullo, provincial secretary.

To relieve the congestion in the present premises and to allow for expansion in the future, a contract was let by the government to E. J. Ryan & Co.

SKEGNESS LEFT AT 9 LAST EVENING AFTER TAKING ON FUEL OIL

The British grain ship Skegness, having completed the loading of a full cargo of some 275,000 bushels of wheat at the elevator for the United Kingdom or Continent, moved up to the Imperial Oil Co.'s pier yesterday afternoon to take on a supply of fuel oil before sailing at 9 p.m. last evening for the Old Country.

As soon as the Skegness moved out, the steamer Demetertron moved from the stream to the elevator spouts and is now being loaded.

The steamer Mansepool, also loading at the elevator, should go away by the end of the week.

CAMP FOR BOYS WILL BE DISCUSSED WITH LOCAL ORGANIZATIONS

The Rotary Club yesterday decided to try to get the various organizations of boys to unite on a permanent camp site for their annual summer outings and to develop it so that the greatest possible benefit may be gained from the camp training.

The matter was brought up by George Bryant who said this was no new question but it would have to be started soon if anything was to be done this year. Port Simpson had been suggested as the most suitable site for the camp. Mr. Bryant will try to get a meeting of the various organizations to discuss the matter.

Power

...in TRANSIT

RUBBER from tropical jungles, sturdy poles from northern forests, cotton from the south, and copper from many mines are all necessary in making the equipment which, carrying the power of the waterfall to the outlets where it is to be used, makes electric power the servant and not the master of man.

The maintenance of adequate electrical service depends to a large extent on the care with which these raw materials are selected and manufactured into equipment for the transmission of power.

In the Cable Department of the NORTHERN ELECTRIC COMPANY, where the high-tension cables for the transmission of power to the distributing stations are made, skilled craftsmen combine the raw materials garnered from the four corners of the world to manufacture cable that will bring the current safely from the generating plant to a distributing plant situated conveniently to serve your needs.

Eloquent of the ripe experience that these workers bring to the manufacture of NORTHERN ELECTRIC cable is the fact that ninety-two workmen in this department have been employed between fifteen and twenty years in the manufacture of cable.

Information . . .

Every year, more and more NORTHERN ELECTRIC cable is used to distribute Canada's great resources of hydro-electric power for the use and development of Canadian industry and to serve Canadian homes. The NORTHERN ELECTRIC COMPANY appreciates the opportunity to help this way in the creation of the greater industrial Canada of tomorrow.

WOES OF MARRIAGE SUBJECT OF ADVICE BY DOMINION MEMBER

(Victoria Colonist)
Miss Agnes Macphail has been advising her sex against the woes of marriage. She does not dislike men, she says, but does not like them to think themselves little gods. She says women stand to lose everything by marriage, even their names, and so she advises women to "be themselves." There is another argument in the armory of Miss Macphail, namely, that she does not like housework. Perhaps there are others which she has left unsaid and the most compelling of all may be that she has never been asked to marry. Her advice will probably fall on deaf ears, and it does not sound particularly substantial advice from one of the legislators of the Dominion.

LIVED IN EARLY DAYS AT SIMPSON VILLAGE

Mother of Dr. H. L. Alexander, Local Dentist, Passes Away in Victoria
In response to a telegram announcing the death in Victoria of his mother, Dr. H. L. Alexander sailed for the south aboard the Prince George this morning to attend the funeral.
The late Mrs. Alexander, who was well known in the city having visited here on various occasions, lived in the early days at Port Simpson where her husband, dead some years, was factor for the Hudson Bay Co. Deceased was also known in Smithers where she resided for a time with her son before he came to Prince Rupert.

ALEX McRAE IS NIMRODS' HEAD

ELECTED PRESIDENT OF ROD AND GUN CLUB AT ANNUAL MEETING LAST NIGHT

Alex. McRae was elected president of the Prince Rupert Rod and Gun Club at the annual meeting of the organization which was held last night in the city council chamber. Other officers for 1938 are:

Vice-president—Robert Blance.
Secretary-treasurer—F. W. Grimble.
Executive—R. E. Benson and J. W. Durran.

Matters pertaining to proposed improvements in the game laws were discussed and it was decided to renew the endeavor to have certain streams in the vicinity of the city restocked with game fish.

The report of the secretary on the activities during the past year proved to be an interesting document.

There will be another meeting of the club in the near future.

RETURN BOUT MARCH 28 BEING PROPOSED

Charlie Brown Would Match McDonald and Gurvich Again, \$250 for Winner and \$200 for Loser

It was learned this morning that Charlie Brown, who handled Jimmy McDonald of Vancouver for his bout with Dido Gurvich of Prince Rupert this week, has offered a proposition to match the two again on March 28 on the basis of \$250 guarantee for the winner and \$200 for the loser. Up to this morning, the proposal had not been accepted by Gurvich who insists that the prize money be posted.

It is also believed that there may be some difficulty in selecting a referee who would be acceptable to both sides.

Last evening a number of friends joined in a surprise party and miscellaneous shower at the home of Mrs. C. E. Larkin in honor of her daughter, Miss M. Larkin, whose marriage to Arthur Nickerson of Anyox will take place on the afternoon of March 29.

Many beautiful and useful gifts were loaded into a decorated doll carriage which was drawn into the room by little Miss Phyllis Hamblin. A very pleasant evening was spent and dainty refreshments were served.

The guests included Mrs. W. P. Price, Mrs. P. H. Lunsey, Mrs. Bert Morgan, Mrs. Frank Morris, Mrs.

CHALLENGE ISSUED FOR RETURN BOUT MCDONALD-GURVICH

Jimmy McDonald, through his local manager, Charlie Brown, issued a challenge this morning for a return bout with Dido Gurvich for the same promoter, with the same referee or any capable referee who is suitable to Gurvich. Winner take all or any basis suitable to Gurvich will be accepted, said Mr. Brown.

March 28 or thereabouts would be a suitable date as far as McDonald is concerned.

NEW HAZELTON

It is learned here on good authority that the Silver Standard mine on Glen Mountain, four or five miles from New Hazelton, which has been inactive for some time, will be opened up this spring to a shipping basis as soon as possible. It is reported that complete and modern machinery will be installed. One of the chief owners of the Silver Standard is Major-General J. W. Stewart of Vancouver.

During the war years the matter was very thoroughly investigated. Much data was gathered, and a deputation went to Ottawa from the Island on the subject. As a consequence an expert on the electric smelting of ores was sent out. His report was rather discouraging, on the ground that electric current production would have to be cheaper before it would compete successfully with the production of Swedish hematite, made electrically.

Recently a visit was made to the Courtenay area by representatives of one of the interests seeking a franchise, and coal and surface options have been taken on a number of properties between Courtenay and Comox, and in the valley which was homesteaded before the Esquimalt & Nanaimo Railway land grant in the early eighties. The options have been taken until December 31. Surface option rights cover a considerable stretch of land.

It is understood that a representative of a British syndicate has been on the coast to report to his principals, who have patent rights to a new electrical process which will considerably reduce the cost of production of iron ore.

STEEL WORKS POSSIBILITY

OPTIONS TAKEN ON PROPERTIES ON VANCOUVER ISLAND BY NEW PROCESS CONCERN

VICTORIA, March 10.—Visions of the development of the magnetite ores of Vancouver Island and the Lower Mainland coast are revived by the reported resuscitation of the project for a steel plant on the coast.

HAZELTON

Hazelton, which has been inactive for some time, will be opened up this spring to a shipping basis as soon as possible. It is reported that complete and modern machinery will be installed. One of the chief owners of the Silver Standard is Major-General J. W. Stewart of Vancouver.

Einar Erickson Breen, a Norwegian who recently arrived from the prairies, committed suicide by blowing his head off in a hotel room at Hazelton last week. Oberg Ingolf of Evelyn was 'the unfortunate man's cousin.'

There was a farewell social in the United Church, Hazelton, in honor of Mr. and Mrs. D. B. Boden, residents for eight years, who have left for Vancouver to reside. The presentation of a cabinet of silver was made on behalf of the congregation.

Assay returns on the first carload of ore shipped from the Mohawk mine gave values of \$108 per ton. Installation of machinery on the property is proceeding and the ore is improving in appearance as development proceeds.

Local prospectors are planning to go into the Kiltinast Valley this season to investigate reports of gold having been found there recently.

W. B. Dornberg of Vancouver has sent men up to start development work on the Comet group, on Four Mile Mountain near New Hazelton, which has been bonded from James Dyer.

The Women's Auxiliary to the Hazelton Hospital has elected officers for the year as follows: president, Mrs. R. Tomlinson; vice-president, Mrs. S. J. Winsby; secretary treasurer, Mrs. Sharpe; executive committee, Mrs. Sealy, Mrs. Falcooper, Mrs. H. C. Winch and Mrs. P. A. Goddard.

SPORT CHAT

The death of an old Indian named Timothy Skulsh on his trapline, some miles from Kispiox, has been reported to the provincial police.

Rev. Thomas Ferrier, superintendent of hospitals under the United Church of Canada, is expected to pay his annual visit to the Hazelton institution next week.

The Oyster Bridge Club of New Hazelton met last week at the home of Mrs. Roy Guss. The session this week will be at Mrs. F. A. Goddard's.

Members of the Felix Bridge Club of Hazelton entertained their husbands at the home of Mrs. R. S. Sargent last week, prize winners being Mr. Sharpe, W. W. Anderson, Mrs. James Turnbull and Mrs. S. J. Winsby. This week's party will be at the Hazelton Hospital as the guests of the lady superintendent, Mrs. Matheson.

Considerable staking of mineral claims on Four Mile Mountain is reported to be going on.

George Parent has discovered indications of mineral on his claims on Four Mile below the Comet group.

Puzzle-Find the Child Who doesn't like them!

THERE may be, here and there, some boys and girls who take no interest in the Cookie Jar. But such children are almost as rare as six-foot Eskimos. The delectable cookie takes high honors as a 'tween meal or pre-bedtime snack for growing children—light, not too sweet, wholesome, easily digested. And then, of course, for the school luncheon bag, a few cookies are always sure of a boisterous welcome.

COOKIES

1/2 cup butter 2 cups flour
1 cup sugar 2 teaspoons Magic Baking Powder
1 egg 1/4 teaspoon salt
1 tablespoon milk 1 teaspoon extract lemon or vanilla

Cream butter and sugar together, add milk to beaten egg and beat again; add slowly to creamed butter and sugar, add flavoring, then two cups of flour sifted with baking powder and salt. If dough is not stiff enough, add a little more flour. Roll out very thin on floured board, cut with cookie cutter. Sprinkle with sugar or put a raisin or piece of walnut in centre of each. Bake 12 minutes in hot oven.

TERRACE WOMEN HOLD MEETING

THROUGH INSTITUTE RECENTLY FORMED THEY INTEREST THEMSELVES IN VARIOUS ACTIVITIES

TERRACE, March 16.—The monthly meeting of the Terrace Women's Institute was held on Tuesday afternoon in Progress Hall. The meeting was well attended, a number of new members joining up. The large scope of activities covered by the institute work is proving a means of interesting many of the ladies of the community and the organization has already a membership considerably larger than that of any other ladies' organizations in the district.

Following routine business, Mrs. J. McConnell, as convener of the agricultural committee, gave a paper on agriculture, in which, as a means of interesting the boys and girls in farm work and therefore helping to keep them on the farm, she suggested that the institute take the initiative in conducting a children's poultry club, and garden contests. Government assistance in both planning and financing such a project would be forthcoming. Before definite action is taken, Mrs. McConnell was asked to make a canvas, through the schools, to find out how many children would be inclined to take part in such a contest, and to report at a meeting of the executive, to be called sometime during the month.

HOSPITAL AFFAIRS
Mrs. C. R. Gilbert gave a report of the last hospital board meeting and read the resolution adopted at that meeting in regard to the purchasing of an X-ray machine. At the request of the hospital board, to have a representative from the institute on the board, Mrs. H. L. Smith was appointed and Mrs. F. Hall was named as canvasser for X-ray funds.

Mrs. E. T. Kenney, convener of the committee on legislation, reminded the members of their privilege and duty to exercise their right of franchise, and in view of the possibility of an election in the near future, admonished all to be sure that their names were on the voters' lists, and told how to have them placed there.

ANNUAL FAIR
At the request of the Terrace fair board, an auxiliary committee of five were appointed to assist the fair board in the revising of the prize-lists in the sections covering women's and children's work. This committee is as follows: Mesdames Scamen, H. King, Gilbert McConnell and Frank.

Mrs. A. H. Barker was named convener of the educational committee. It was decided to take out municipal membership in the Canadian Council on Child Welfare and the secretary was instructed to send the necessary two dollar fee.

The necessity of raising funds brought forth a number of suggestions and it was decided to hold an institute social on Friday evening, March 30, in Progress Hall. The program will be in charge of Mrs. Von Hees and refreshments will be served by the members of the institute.

A. S. Killam of Victoria, representative of Fleck Bros., Vancouver, was a business visitor here during the week.

Joe Cook returned on Sunday to the Prince Rupert Hospital where further operation and treatment on his injured arm will necessitate his remaining there for the next few months.

SMITHERS

Smithers hall was packed on Tuesday night for a free moving picture show descriptive of the new car put on by two representatives of the Ford Motor Co. of Canada.

The annual financial statement of the village of Smithers shows that the sum of \$6575 was spent during 1927 in the town on roads and walks. Municipal receipts for the year totalled \$16,374.79.

A treasury of \$500,000 has now been provided for the Topley-Richfield mine. The capital of the company has been doubled and a new stock issue is being underwritten for European and Eastern investors. Plans have now been completed for complete diamond drilling of the property. Control of the company still remains in Smithers with Frank H. Taylor, president; Hans G. Olsen, vice-president; L. B. Warner, secretary-treasurer, and Wesley Banta, the fourth local director.

According to word received here, George W. Otterson is still actively interested in the Mangan Creek placer field. He expects to come north this season to put into operation the machinery and plant which is now being taken in from Vanderhoof.

THE RUSTIC POINT OF VIEW.

One day while Millais was engaged in painting his famous picture "Chill October" among the reeds and rushes on the banks of the Tay, a voice came from over the hedge: "Man, did ye never try photography?" "No, never," replied the artist, painting slowly. A pause. "It's a hantle quicker," said the voice. "Yes, I suppose so." Another pause. "An' it's mair like the place, was the final thrust.—Glasgow Herald.
