MANY ABSENTEE VOTES REJECTED

PROSPECTORS CAUSE TROUBLE BRAZIL DIAMOND DISTRICT

Many Absentee Votes Are Rejected by the Returning Officer

Apparent Effort Made to Stuff Burnaby Box by Those Not Entitled to Vote.

VANCOUVER, Aug. 14.—Rejection of approximately 25 absentee votes of which nearly eighty were cast by persons not on the voters list has been ordered by John Murray, returning officer of Burnaby.

The returning officers are unable to account for the remarkably high percentage of spoiled ballots among absentee votes. Apparently, they declare, many persons not qualified to vote thought it worth an attempt at least.

Next Monday, August 20, is Final Day in First Period; Five Working Days Are Left

Participants in \$4,000 Gift Distribution Manoeuvre into Position For Final "Go"—Vote Making Days Limited.

With the more aggressive candidates closely bunched and the candidates with the lower scores but a little behind the pacemakers, participants in the Daily News' \$4,000 Prize Distribution are preparing for a "whirlwind" first period finish. They have reached the turn, maneuvered themselves into position for the final "go" and from now on to the close of the first big vote period—Monday, August 21, will be battling for supremacy under whip and spur.

Next Monday night is positively the last opportunity you will have to enter subscriptions and secure the maximum number of votes.

The first period ends on Monday night, August 20. The second period with its lesser schedule follows the end of the first period.

TIME IS LIMITED

Never again after next Monday will it be possible to get the full voting power on subscriptions. Never again after next Monday night, will you be able to get the maximum votes for each year's subscription. The first period schedule ends next Monday, never to be repeated or extended. This is fair warning. If you entertain any desire whatever to be declared winner of one of the two prize cars to be awarded in just a few weeks, do not fail to turn in every available subscription to your account before the closing hour of the first period.

Not to take full advantage of the present opportunity means that you will have to increase your efforts during the remainder of the race to make up for lost ground. The subscriptions available to you now may be the very ones which will turn the tide of favor to you. Subscriptions have wonderful vote-making advantages now. Term subscriptions help big also. Subscriptions for two years are worth nearly three times the votes a one-year subscription credits. Help a favorite when helping really helps.

CRUCIAL TEST AT HAND

The crucial test is now at hand. Candidates who expect to do anything big in this race will do it now. The next week will be gone before one knows it. And when the clock strikes the hour of midnight, Monday, August 20, it will mark the end of the biggest regular vote offer of the campaign and inaugurate the second period, which carries a reduced schedule.

One week is not a long time, especially if one lets the days slip away without attaining results. Five days remain of this period, that is five working days. Just how you make the next five days produce subscriptions for you, will determine in large measure, your success or failure in this campaign. With vote values now several times what they will be at the end of the campaign the wise candidate will lose no time helping himself and herself to a flock of votes when votes come easiest. Later subscriptions are worth less votes and probably will not be so easy to get.

MURDER CHARGE IS WITHDRAWN IN CASE USING RAT POISON

SOUTH VANCOUVER, Aug. 14.—The murder charge laid against Mrs. Margaret Smith, whose daughter Mary died Thursday after swallowing rat poison, was withdrawn in the police court this morning when a written statement was presented that the woman was insane. She will be committed to Essondale.

Rioting Prospectors Cause Uproar in Diamond Regions of Brazil; Fight With Police

RIO JANEIRO, Aug. 14.—The diamond regions in the states of Matto Grosso and Goyaz were thrown into uproar by rioting prospectors. Several towns were looted and a number of murders committed by enraged natives, who claim they were paid by grubstakers in counterfeit money.

The prospectors turned bandits and started an intensive search for persons whom they claimed cheated them with fake money. They burned houses and abused the inhabitants. Several fights have been fought by the police and detachments of soldiers and the bandits, who number several hundred. One police commander and several soldiers have been killed.

MINER VICTIM OF ACCIDENT

PETER ANDERSON LOST LIFE IN LAKEVIEW MINE NEAR STEWART

STEWART, Aug. 14.—A pioneer miner of this northern district, Peter Anderson, was the victim of a fatal accident at Stewart on Friday last when he was buried alive in the Lakeview mine in a cave-in. The body was recovered almost immediately but though resuscitation was attempted it was without success. The late Mr. Anderson was about sixty years of age and had been formerly active in the Atlin district. He is survived by the widow who lives at Seattle and to which point the body has been forwarded for interment.

A son, William Anderson is well known as a restaurateur, locally.

RIVAL GROUPS OF FISHERMEN HAVE QUARREL

CLAIM MADE THAT JAPANESE TRIED TO CROWD OUT WHITES BUT LATTER PAYS

VANCOUVER, Aug. 14.—The discovery of a ling cod bank in Malaspina Strait between Pender Harbor and Texada Island almost led to blows between rival fishing forces composed of white and Japanese fishermen, according to provincial police reports. The aftermath of the report was heard by Stipendiary Magistrate Brynildson at Pender Harbor today when he assessed Joe Silvey, a white fisherman \$14.50 for cutting the lines of Kaichi Hamamura.

The white fishermen claim to be the discoverers of the new fishing grounds which are situated near a reef and they say the Japanese are attempting to crowd them out and monopolize the fishing. Silvey said he would appeal the conviction.

CHANGE IN FISHERIES

The revolution in the fisheries business of which Captain Fred Wallace told at the week end is largely responsible for the low price paid for halibut here this season. The people of the big centres in the eastern and central portion of the continent have been eating the filleted cheap fish taken in the Atlantic instead of paying the high price demanded for halibut. It has been put up in attractive form so that the housewife has no trouble in handling it. The result has been very beneficial to the fishery interests of the east coast but rather fatal to the halibut business here.

The result of the change is that local fishermen will have to study the cheapest possible methods of taking the halibut. It seems as if they will have to adapt themselves to the changed condition, which has apparently come to stay.

BETTER THAN COMMISSION

It looks as if the economic condition is to be more effective than the Royal Commission in the preservation of the halibut on this coast. The low price paid for the fish makes it possible for only the most economic vessels to pay a reasonable return on the outlay in the business. The result should be to diminish the amount of halibut caught by reducing the number of vessels fishing.

FISHERIES CONVENTION

The Daily News is strongly in accord with the movement to secure the annual convention of the Canadian Fisheries Association in this city. T. H. Johnson, head of the cold storage company here, is vice-president of the Association and it is usual for the annual meeting to be held at the home town of the coming president. Anything Prince Rupert can do to help bring the convention to this city next summer should be attended to as quickly as possible. Doubtless the Board of Trade and other organizations will take the matter up at meetings in the near future.

IMMIGRATION POLICY

In a speech at Davidson, Saskatchewan, the other day, the Prime Minister put the whole immigration situation in the simplest possible form. He told his audience that the Dominion Government was spending \$16.71 for every immigrant secured from the British Isles— and Canada drew a little more than 53,000 last year—while the amount paid to secure continental European immigration was only eleven cents apiece. It also should be noted that this country draws more British migrants than any other British Dominion, that in no single year in the last quarter of a century has Canada drawn less than Australia, and that while the inflow to the southern Commonwealth declined last year, the migration to this country increased by several thousands over the previous year.

SINKING FUND SURPLUS

The report of the inspector of municipalities just issued shows that Prince Rupert is among those cities with a surplus of sinking funds instead of a deficit. The surplus is not large but it is sufficient to indicate sound finance rather than careless finance. The total sinking fund to date on which the report was made amounted to \$32,510.

Consolidated in Smithers Field—Col. Spencer and Alice Arm—Work at Big Mission

D. C. McKechnie, one of the engineers for the Consolidated Mining & Smelting Co., is now in the Smithers field to examine several properties on behalf of his company, this visit following inspection by other Consolidated officials and including some well known Babine groups in the examinations. The Babines have been attracting general interest in recent weeks and practically every property from Driftwood basin to the foothills has been under investigation in connection with a variety of mooted amalgamations and deals.

Thomas E. Davey, M.E. of Toronto, representing the Alexandria Gold Mining Co., recently examined the Col. Victor Spencer of Vancouver, Velvet group on Nine Mile Mountain near Hazelton in company with Hugh Harris. Mr. Davey also made an examination of the Sunrise property in the same section and it is understood he will attempt to have it tied up with the Velvet in which the Alexandria Co. is already interested.

Until the total expenditure that will be involved has been estimated and tabulated and the necessary amount forthcoming, there will be no statement made as to future mining operations in the Alice Arm field by interested heads of the Varden railway in shape to say nothing of the purchase of mining properties, development work, mill construction, hydro-electric power plant and divers other equipment. Should Col. Spencer and associates decide to operate in the Upper Kitsault country it would mean a big payroll and probably a permanent one for the possibilities of this rich district are well known. The development of zinc ore properties on McGrath Mountain would also be a big thing, involving a large concentration.

Development work is being carried on by P. J. Higgins and crew for the Babine Silver King Mining Co. on its Babine range property. The principal work now being done is continuation of a drift tunnel on high grade silver ore.

Good speed is being made by the Georgia River Gold Mines Ltd. with the haul from the beach down Portland Canal from Stewart to the mine and development work should soon be under way. So far, eight miles of trail have been completed and four are yet to be finished. Conditions are considered favorable and it is expected that in due course satisfactory ore values will be determined.

About two hundred feet of tunneling has been contracted for on the Bayview mine at Stewart. It is expected that the trail will be made practicable in sufficient time for the work on the tramway to be carried out next season.

The tunnel on the Big Missouri mine in the Salmon River Valley near Stewart is now in for a total length of 1,800 feet. At 1.75 feet a high grade vein was cut showing free gold assaying over \$98 to the ton over a five-foot width. One round on each side showed that values continued. A diamond drill hole from the tunnel cut this same vein forty feet from position in tunnel, showing assays of \$56 over a five-foot width. At 760 feet one core showed another vein with free gold assaying \$20. The immediate plan of development includes continuation of the tunnel an additional six hundred feet to the original objective which should cut the vein showing high grade in the shaft on the surface also drifting on the five-foot vein in the tunnel.

P. E. Petersen, superintendent in charge of the Silver Crest Mines Ltd. operations on the Saddle property at Hastings Arm, reports a nice face of ore in a new drift vein five feet wide. This drift is some 600 feet from the shaft on the same vein. At two hundred foot lower elevation, Mr. Petersen reports the showing was important, assuring success in operations. It is expected that, as soon as the tram is completed, a large tonnage of ore averaging close to \$60 per ton will be available for shipment.

FISHER

FISHER Body and Fisher Body alone made it possible for Chevrolet to demonstrate what wonders can be accomplished in beautifying a car of popular price. There is an obstacle which quite literally prevents any car from giving that which only Fisher gives. This obstacle is the stubborn fact that nowhere in the world is there anything even remotely approaching the unrivaled facilities of Fisher Body in the creation either of beauty or of value. For that reason the cars with Body by Fisher which everywhere arouse such unusual admiration, cannot be duplicated or rivaled because Fisher Bodies cannot be duplicated or rivaled. Chevrolet was able to draw upon these unrivaled Fisher Body resources and the result is an exquisiteness of appearance so pronounced and so advanced that it places the car absolutely alone and supreme in its class.

BOARD OF TRADE
OF TERRACE MEETS

Number of Minor Matters Dealt With By Organization.

TERRACE, Aug. 14.—There was only a small turnout at the meeting of the council of Terrace Board of Trade at which J. K. Gordon occupied the chair.
A letter from a Portland medical man asking as to the opportunities for developing a medical practise in the district was left to the Secretary to answer.

A report was received stating that the condition of a curve on the Kalum Lake road north of Lean-to Creek was such that it would be impossible to get out a large number of poles from the district. These poles had already been cut and more were under contract. The Council decided to take up the question of widening out the ends of the curve with the district engineer and the member for the district.

The Secretary reported that the water rights license at Lakelse Hot Springs would come up for renewal in September and after discussion it was agreed to inform the Ministry of Lands that the Board would not oppose an extension of the license in view of the efforts put forward by the owners to open up the springs this season.

The Secretary reported that the Board had become affiliated with the Canadian Chamber of Commerce during the past month.

TERRACE

Mrs. J. Viger returned during last week after having spent the past two months with her parents in Seattle.

Miss Kells of Seattle who has been holidaying with her sister Mrs. E. Haugland left last week for Smithers on a visit to her parents.

Mrs. J. B. Colthurst has purchased a new Chevrolet Sedan.

Mrs. T. E. Brooks is spending a holiday in camp at Lakelse with Mrs. E. J. Kenney.

Mrs. L. H. Kenney and two sons left on Thursday for Vancouver.

Mrs. McCarty and Miss Hougan and son of Prince Rupert spent the week end in town and visited with Mrs. E. M. Smith.

Miss Dorothy Grimble who has been holidaying at the home of Mrs. E. M. Smith returned to Prince Rupert on Monday. She was accompanied home by Miss Mary and Francis Smith who will spend a holiday with her in Prince Rupert.

Mrs. George Little and daughters, Clara, Dorothy and Edith, left Sunday to spend a few days in Prince Rupert.

Father Godfrey of Prince Rupert spent the week end in the Roman Catholic parish here and conducted services in the church on Sunday.

George Williscroft who has been holidaying at the home of Mr. and Mrs. C. H. Thomas returned to his home in Prince Rupert on Sunday.

Miss Bertie Doll left on Sunday on a short visit to Prince Rupert.

Miss Letitia Bell, matron of the Mental Hospital at Escondido, who has been spending a two weeks' vacation here with her cousins J. K. Gordon and Mrs. H. E. Smith at the Terrace hotel left on Monday for the south.

C. H. Sawle, New Hazelton, was a business visitor here on Thursday last.

Thos. McMeekin of Prince Rupert was a visitor here at the end of the week.

Eric Sampson of Usk was in town on Friday.

C. H. Donaldson and J. Armstrong of Victoria were business visitors here at the week end.

Professor Isherwood of Wycliffe College, Montreal, was the guest of Rev. and Mrs. T. H. Marsh for a few days last week.

Mr. and Mrs. Fulton of the Okanagan district are holidaying with Mr. and Mrs. W. O. Fulton at Lakelse Lake.

N. A. Watt, government agent, Prince Rupert spent the week end at Lakelse Hot Springs Lodge.

Mrs. Denny Allen and children of Prince Rupert who have spent the past week in Terrace have taken the home of Mrs. H. M. Willson and will spend a further holiday here.

Lakelse boys' and girls' camp closed down for the season in town of the senior C.G.I.T. group who spent the past week there. Despite unsettled weather the girls all enjoyed themselves. Much credit is due Rev. and Mrs. Allan for their untiring efforts on behalf of the children.

Ms. Morris of Seattle arrived on Friday from the coast to visit with her daughter Mrs. S. Service.

RAPID DEVELOPMENT
CANADA WATER POWER

OTTAWA, Aug. 14.—Two million horsepower will, it is estimated, by the department of the interior, be added to the waterpower installation of Canada within the next five years, with a direct investment of at least \$200,000,000.

Campaign Interest Increases

INCREASED INTEREST

The past few days have seen a little increased interest being manifested in the campaign. Some new candidates have entered the campaign, and others who had been entered have started an active campaign. The campaign, though, is still far from what it should be. There is a real opportunity here for any person who will enter the campaign and get busy with the determination to go through with it and not quit regardless of what discouragement they meet. Anyone can start and be enthusiastic for a few days, but it takes a real person to keep their enthusiasm up each day.

It might be well to mention, here, that there is a strict rule in the campaign against candidates telling exaggerated stories of success. The campaign management has been hearing stories the last few days, which are being circulated with the hope of discouraging other candidates. Candidates are hereby warned to discontinue this practice. The wise candidates now are the ones who are too busy to be interested or "bluffed" by such wild rumors. Most of the stories one hears are so apparently untrue that not one, who puts a little thought to them, will believe them for an instant.

YANKS WIN AS RESULT OF NEW ARRIVALS

SONS, CALL SENT OUT AND LEFT-HANDED PITCHER COMES TO RESCUE

NEW YORK, Aug. 14.—Following the example of the Yankees, the St. Louis Cardinals have sent out an emergency call for assistance to take them out of their present slump. The Yanks recovered their winning form with the arrival of Fred Heimach, the left-handed pitcher from St. Paul. Heimach won the first start and the rest of the staff took a turn for the better thereafter.

Now the Cardinals plan to bring new faces into the lineup from their farms in an effort to protect their two and a-half game lead.

Ed. Morris registered his fifteenth triumph of the season when he pitched Boston Red Sox to a win over Cleveland yesterday.

Yesterday's scores were:
NATIONAL LEAGUE
 Brooklyn 1; Pittsburgh 6 (only one.)
AMERICAN LEAGUE
 Cleveland 2; Boston 6.
 Detroit 1; Philadelphia 7 (only two.)

Harry Pickering, optician, who has been assisting Max Heilbroner and more recently W. J. McCutcheon, leaves for Vancouver on the Catala this afternoon. He will be accompanied by Mrs. Pickering. Mr. Pickering is a well known lacrosse player and has been actively interested in the revival of lacrosse locally.

"NAVIGABLE WATERS PROTECTION ACT."—R. S. C. 140

Porter Idaho Mining Company Limited hereby gives notice that it has, under Section 7 of the said Act, deposited with the Minister of Public Works and in the office of the District Registrar of the Land Registration District of Prince Rupert at Prince Rupert, B. C., a description of the site and plans of the wharf and dolphins proposed to be built on the foreshore near the mouth of the Marmora River, Port-Prince Rupert, in front of Lot Number Four Hundred Sixty-seven (467), Cassiar District, British Columbia.

AND TAKE NOTICE that after the expiration of one (1) month from the date of the first publication of this notice, Porter Idaho Mining Company Limited will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa, for approval of the said site and plans and for leave to construct the said wharf and dolphins.

Dated at Vancouver, British Columbia, this 30th day of July, 1928.

CONSUL GUEST BIG BANQUET

LOCAL JAPANESE ENTERTAIN IMPORTANT VISITOR TO CITY

In honor of T. Fukuma, Japanese consul for British Columbia a dinner was given in the Boston Hall last night with H. K. Yamana, president of the Prince Rupert Japanese Association in the chair. There were about fifty in attendance.

This evening Mr. Fukuma will be the guest of T. Shimizu, vice-president of the Prince Rupert Japanese Association.

During the afternoon Mr. Fukuma met Mayor McMordie and also J. C. Brady, M.P. He is to look over the local dry-dock today and will also be shown Salt Lakes. He leaves for Jasper Park tomorrow on the eastbound passenger train.

LOST LIVES IN SUMMER HOME

REDWOOD CITY, Aug. 14.—Three persons were burned to death today in a fire which swept the summer home of Sol Koff, a wealthy San Francisco real estate man. Four others were injured. The dead are Mrs. Lena Koff, wife; Howard Koff, seven years old, son, and Miss Rose Heiman a cousin. The fatalities resulted from suffocation.

Sol Koff was among the injured with a leg cut as the result of a leap from the second storey window.

LABOR SHORTAGE THIS DISTRICT

There is a decided shortage of labor in the city at present. On today's east-bound train there will be a party of ten harvesters going to prairie points. This will make a total of 210 who have gone from this district since the start of the harvester's cheap rates.

The local labor office has been unable to accede to the request of Stewart and Anyox both of which places have sent for laborers. General activity along the railway line has absorbed many workers too and at the moment there are none unemployed in the district.

TIMBER SALE X-70417

There will be offered for sale by Public Auction at the office of the District Forester, Prince Rupert, B. C., at noon on August 22nd, 1928, the License X-10417, east of Shames Station, C. R. 5, to cut 700M feet of Sawlogs, and 1000 Lin. Ft. of Poles. Provided anyone unable to attend the auction in person may submit sealed tender to be opened at the hour of auction and treated as one bid.

Three years will be allowed for removal of this timber.

Further particulars of the Chief Forester, Victoria, District Forester, Prince Rupert, and Ranger S. G. Cooper, Terrace.

DECREASE IN LOG SCALING ENGLAND WON TEST MATCH

ONLY 36,718,955 BOARD FEET MEASURED SO FAR THIS YEAR, MUCH LESS THAN LAST

The big log scale in Prince Rupert district for the year 1928 still shows a fifty percent decrease as compared with that for 1927. At the end of July this year the total scale stood at 36,718,955 board feet as compared with 71,495,295 feet for the first seven months of 1927. Cottonwood is the only species that shows an increase of production, this being due to the quantities of this wood that are being sent from the Terrace area to the Laminated Materials mill at New Westminster.

The scale for the month of July this year is as follows:

Douglas Fir	51,699
Red Cedar	2,090,991
Spruce, coast	3,004,984
Spruce, interior	165,433
Hemlock	2,873,580
Balsam	1,773,092
Jack Pine	6,590
Cottonwood	210,569

Production of poles and cedar piles in 1928, however, show a substantial increase over 1927. Following are the figures for forest products:

Poles, lineal feet	5,720
Cedar pipes, lineal feet	16,343
Hemlock poles, lineal feet	16,364
Cordwood cords	208
Shingle, bolts, cords	13
Hemlock ties, number	5,479
Pine ties, number	150,619
Pulpwood, cords	181

Will Goldbloom, was a passenger on this morning's train for the east.

Inspector Tupper of the Royal Canadian Mounted Police left on this morning's train for Kitwanga.

D. B. Finn, director of the Prince Rupert Fisheries' Experimental Station, sailed last evening on the Prince George for Vancouver on a brief business trip. He will return to the city next Monday.

Guy Balloch, district engineer for the provincial department of public works, and M. J. Dougherty, also of the department, sailed last evening on the Prince Charles for Massett Inlet on official duties.

T. Fukuma, Japanese Consul in British Columbia, accompanied by T. Ode well known Queen Charlotte Island fisherman, will leave on to-morrow morning's train for Vancouver spending a few days at Jasper en route. A banquet is being given in the Consul's honor at Hotel Prince Rupert this evening.

Dr. F. C. Harrison, of McGill University, and Prof. Wilfrid Sadler of the University of British Columbia, who have been attached to the Prince Rupert Fisheries' Experimental Station during the past summer, sailed for the south on the Prince George last evening, the former being bound for Montreal and the latter for Vancouver.

CHINA APOLOGIZED FOR NANKING INCIDENT AND TO PUNISH OFFENDERS

LONDON, Aug. 14.—Correspondence between Sir Charles Lamson, British minister to China and Dr. C. T. Wang, Nationalist foreign minister, under which a settlement was reached between Great Britain and the Nationalist Government on the Nanking incident in March, 1927 was made public last night by the foreign office.

Under the settlement the Nanking Government apologizes for the Nanking affair and undertakes to punish those guilty of it.

The British Government declined to apologize for firing on Soony Hill. It is agreed that negotiations on the treaty revision will take place in due course.

MACKENZIE MAJORITY IS 32 OVER LOUDET

VANCOUVER, Aug. 14.—The final result of the North Vancouver election this morning gave Ian Mackenzie a majority of 32 over Jack Loutet. The totals were Mackenzie 2498, Loutet 2466, McMillan 326.

Loutet will not demand a recount, it is said.

E. Lefty, who has been superintendent in charge of Kalen Island Highway construction here for the Vancouver Pile-driving & Construction Co., sailed for Vancouver on the Prince George last evening.

TO THE PUBLIC

We wish to announce the opening of our new billiard and Tobacco store in conjunction with our 67 Taxi Service in our new building opposite the Prince Rupert Hotel on Second Avenue. Our business was established in 1922. Since that time through the patronage of our many customers we have been successful in erecting this commodious building for which we thank each and every patron. We assure you of our continued service, courtesy and promptness we have given in the past, in our Taxi Service.

We have established ourselves in business here to remain and therefore, invite each and everyone to visit our new building which is open to public inspection every day. The building was constructed by the local firm of Messrs. Mitchell & Currie which is no doubt a credit to its builder and the city.
