## HYPNOTISM CHARGED MURDER CASE

### EARL GODFREY'S PLANE WRECKED ON RIVER SHALLOWS

#### Godfrey's Plane Struck Shallow Part Of River And pontoons Broke off

PEACE RIVER, September 26.—Lieut. Mawdesley in the rescue plane yesterday visited Commander Godfrey and Sergeant Graham near Carcajou 200 miles down the Peace River. He reported the two as busy salvaging the seaplane engine.

Flight Commander Gordon and Wing Commander Breadner would say nothing for publication before leaving by train for Edmonton last night beyond repeating that dense smoke caused the flyers to come down on the river. Unfortunately a shallow spot was struck, the pontoon breaking off and the plane sliding into deep water.

WORLD'S LARGEST AIRSHIPS NOW UNDER CONSTRUCTION IN MOTHERLAND: The British government is building two dirigibles, one for a weekly service to Australia and the other to ply between London and New York. The picture shows a view of the outer side of the passenger saloon of one of the airships and part of the main promenade deck, looking forward from the port side.

#### Hypnotic Influence On Prisoner Charged In Exacting Confession In Murder Case Now Proceeding

EDMONTON, September 26.—There was a decided change in the complexion of the Booher murder trial when Chief Justice Simmons ruled out of evidence the confession secured from Vernon Booher after he had been confronted by a gun which Dr. Langster, the Vienna criminologist had discovered on a farm near Manville and with which the prisoner is alleged to have slain his mother, brother and two hired men. The presiding judge thought the onus was upon the crown to prove that Booher was not under hypnotic influence as was claimed by the defense at the time the confession was given.

#### ALL RETURNED ACCLAMATION

Tolmie Cabinet Is Now Legally Constituted to Carry on Business.

VICTORIA, Sept. 26.—All the members of the Tolmie cabinet were re-elected yesterday by acclamation in the elections made necessary by the acceptance of cabinet positions by those members of the Legislature. The acclamation was:

Victoria—S. F. Tolmie, premier and minister of railways.

Joshua Hinchcliffe, minister of education.

Esquimalt—R. H. Pooley, attorney general.

Chilliwack—W. Atkinson, minister of agriculture.

Vancouver—W. C. Shelly, minister of finance.

Richmond—Point Grey—S. L. Howe, provincial secretary.

Dowdney—H. S. Lougheed, minister of public works.

R. L. Maitland and R. W. Bruhn did not need re-election as their services are given without remuneration except for the sessional indemnity.

The speaker and deputy speaker are chosen by the legislature.

#### VICTORIA BRINGS MILLION GOLD

NOME, Alaska, Sept. 26.—With more than half a million dollars of gold bullion and a heavy cargo of reindeer meat and eighty passengers the steamer Victoria sailed for Seattle yesterday.

#### 200 HOUSES AND SHOPS IN HANKOW BURN

HANKOW, China, Sept. 26.—It is feared today that many persons are dead as a result of a fire which started in a gambling den in the native city. Two thousand houses and shops were burned, the light wooden structure lending themselves to the spread of the flames.

#### GROUSE WORRY RESIDENTS OF WESTVIEW

While certain local residents, particularly those in Westview, complain of the depredations of deer in their gardens, others, closer in, report that grouse are becoming no less a nuisance and are doing considerable damage. One local man, on looking out first thing this morning, is reported to have seen no less than twenty grouse in his garden. It was all he could do to refrain from using the shotgun on them. Whether or not Kaien Island should continue to be a game preserve is becoming a question upon which there is considerable difference of opinion.

#### PRICES FOR HALIBUT STILL AT HIGH LEVEL

American Vessels Receive up to 18.9c and 8c today, Canadians getting as high as 17.6c and 7c

Halibut prices were again high at the local Fish Exchange this morning though not quite as high as yesterday. Five American vessels sold 139,500 pounds at from 15.1c and 7c to 18.9c and 8c while four Canadian vessels received from 14.6c and 7c to 17.6c and 7c for 17,500 pounds.

Arrivals and sales were as follows:

American	
Pioneer, 48,000 pounds, Canadian Fish and Cold Storage Co., 15.1c and 7c.

#### SIX MILLION SECURITIES DISPOSED OF

British Columbia Bonds Sold Through Big Syndicate at Rate of 4.91 Per Cent

VANCOUVER, Sept. 26.—British Columbia yesterday sold bonds to a Canadian and United States syndicate to the amount of \$6,000,000 at the rate of 4.91 per cent. The syndicate includes the Canadian Bank of Commerce, Dominion Securities, Wood Gundy & Co., A. E. Ames & Co., and it is understood that a New York house is also interested.

It was the first sale in some years which did not call for public tender. The plan was adopted due to the chaotic condition of the bond market. Four millions were sold to refund maturing treasury certificates and two millions to refund short term P.G.E. and University of B.C. bonds.

#### ALL-CANADIAN HIGHWAY ASKED

Good Roads Convention Unanimous in Asking Federal Government for it

REGINA, Sept. 26.—At the Canadian good roads convention yesterday there was a unanimous call from all representatives addressed to the dominion government for a trans-Canada highway. Prince Edward Island joined with British Columbia in expressing the view that what Canada needed at this stage of development was a main highway from ocean to ocean and before the conference concludes it is expected a resolution will be presented in regard to the matter.

#### NEW PRESIDENT MEXICO CHOSEN

Will Act For Year Until Popular Election Takes Place

MEXICO CITY, Sept. 26.—Emilio Portes Gil was elected provisional president of Mexico at a joint session of the Senate and Chamber of Deputies last night. He will take office December 1.

Congress has ordered a popular presidential election to be held the third Sunday in November of next year.

#### ITALIANS WILL ELECT CHAMBER

Dissolution to Take Place Just Prior to Christmas Holidays

ROME, Sept. 26.—Premier Mussolini announces that the present Italian Chamber will be relieved of its duties before December, that Fascist candidates will be presented for election which will take place March 24 and the new chamber will be inaugurated April 21. The premier will also define the exact duties of the new chamber.

#### Pro-British Resolutions Passed School Trustees Connection With Books

PENTICTON, September 26.—The B.C. School Trustees Association here unanimously called upon the minister of education to investigate the whole matter of procuring suitable text books compiled by Canadian professors and teachers. The resolution was introduced by North Vancouver.

A resolution submitted by Burnaby requesting the department to compile educational tests along British and Canadian lines instead of using forms compiled in the United States also passed.

United States forms of spelling in British Columbia school readers were severely criticized and the minister of education was petitioned to have such publications withdrawn.

On a motion from Burnaby the convention also called upon the department to include in the histories taught in the public and high schools the true facts of military, aerial, naval and economic burdens borne by the several allied and central European nations in the war.

The convention finished today and decided to meet in Nanaimo next year.

#### MANAGER SKEENA CANNERIES DIES

Joseph Edward Lord of North Pacific and B. A. Is Victim of Pleurisy

VANCOUVER, Sept. 26.—Joseph Edward Lord, 45 years of age, manager of the North Pacific and British American canneries on the Skeena River died here today from pleurisy.

#### SALMON SEASON NEARING CLOSE

Packing on Mainland Will be Closed Down by Next Week—Only Island Canneries Still Active

All net fishing on the Skeena and Naas Rivers will close on September 28 and in the Central division south of Lowe Inlet as well as in the Bella Coola division such fishing will close on October 5. This will mark the final closing of the salmon packing season on the mainland.

Lowe Inlet cannery is now closed and Butedale cannery will close down on Friday of this week. Walker Lake and Namu canneries are still open.

Claxton and Inverness canneries on the Skeena and Arrandale on the Naas will close this weekend.

In Massett Inlet, the Langara and Massett Cannery canneries are still operating on chums from Dixon's Entrance. Seining in Naden Harbor will be re-opened next Sunday night. Seining is still closed in Massett Inlet.

On the south end of the Queen Charlotte Islands, South Bay, Lagoon Bay and Lockport canneries are still in operation. There has been a very good run of chums in that region.

The fisheries department is still continuing the aerial patrol, two places being based at Swanson Bay and one at Queen Charlotte City.

#### GIVING DINNER PREMIER KING

LONDON, Sept. 26.—Premier Baldwin and the whole cabinet are invited to a dinner to be tendered to Premier Mackenzie King of Canada by the Canadian Club here on October 10. This will be Mr. King's only speaking engagement in England.

#### ELKS' ADD BRIDGE TO WHIST SERIES

Will Start Tournaments Next Monday and Divide Season into Two Parts

Meeting a request that had been made from various quarters, the Elks' Lodge decided last night to add the game of bridge to the series of whist tournaments that the lodge will hold during the coming winter. The first games will be played next Monday night.

The season will be divided in two parts, the first opening next Monday and closing on December 10 and the second opening on January 7 and closing March 26. In addition to the weekly and grand prizes, there will be a substantial distribution of prizes at the end of each of the two periods.

#### RUN OVER BY TRAIN BUT NOT MUCH HURT

LONDON, Sept. 26.—To be run over by a train and yet to survive is the unique experience of Dr. A. E. Hull, author of "Modern Harmony" and one of the greatest living critics. He fell beneath the train, lay still between the rails until the train passed and afterwards was removed to a hospital with a broken rib and loss of memory.

#### CORRECTIONS EXTRADITION NORTHCOTTS

Papers Have to go Back for Errors and Omissions to be Rectified

SACRAMENTO, Sept. 26.—Steps toward the return of Gordon Stewart Northcott and his mother from Canada to Riverside, California, to answer to murder indictments in connection with the death of 4 boys, will be delayed at least five days more to permit the correction of technical errors and omissions in the extradition documents.

It is declared that the southern authorities ran the risk of losing their case if Northcott fought against his return to California.

## MANDELL BROKE A COLLAR BONE

Technical Knockout Given to Jimmy Goodrich of Buffalo Last Night

DETROIT, Mich., Sept. 26.—Jimmy Goodrich of Buffalo scored a technical knockout over Sammy Mandell, lightweight champion in the second round of a scheduled ten round non-tutular boxing contest last night.

Mandell suffered a broken collar bone and was unable to continue.

## GIANTS PURCHASE SEVERAL PLAYERS

NEW YORK, Sept. 26.—The management of the Giants announce the acquisition of seven recruits, most of them for 1929 delivery.

They are: Warren ("Curly") Ogden, Buffalo pitcher; Harry Kelly, Memphis pitcher; Herbert Pyle, Chattanooga pitcher; Garland Buckeye, Toledo pitcher; Herbert Thomas, Buffalo infielder; Edward Marshall, Beaumont, Tex., infielder, and Arthur Veltmann, a gardener from the Springfield, Ill., team of the Indiana-Iowa League.

## Around The World With Sport Fans

(By The Tramp)

The Barrie Examiner commenting on the recent Wrigley Marathon says: The division of prize money in the big swim at Toronto was one of the weirdest decisions ever given in connection with a sporting event. No wonder it raised a storm of protest. Of course, no one was legally entitled to any of the money, the race being unfinished, but when it was decided to award prizes the division should have been made in accordance with the performance of the swimmers. There were only supposed to be six prizes, yet the first fourteen all shared and shared equally. It was rank injustice that the greater part of the purse did not go to Michel, who swam 12 1/4 miles, remaining in the water nearly four hours longer than anyone else, and to Vierkotter, who swam 12 miles and was leading Michel by 2 miles when he collapsed. Subsequent presentation of special prizes to the first four swimmers was tantamount to an admission that an injustice had been done.

Joe Bloom, president of the Victoria and district Football League, has just donated a set of sweaters to the Victoria city soccer team. This is mentioned as being a good precedent for presidents of sport associations to follow.

Luis Firpo has an idea he has a good chance to win the world championship for heavyweight boxing now that Gene Tunney has retired. He is planning to visit the United States in quest of the

world crown. He weighs 235 pounds, is 32 years of age and has been a clean living athlete. If he trains down to 220 pounds he may have about as good a chance as anybody to win.

It's a pity Prince Rupert cannot read with interest a column of golf news every day. All that is needed is a nine hole course to stimulate interest in it.

Prince Rupert will soon be getting het up over badminton. With some of the clubs already in action and others planning meetings, there should be some lively play going on pretty soon.

What is to be done about basketball in Prince Rupert this winter? Will there be a league formed or will it go by default for another winter. Now that the old groups have pretty much broken up the game would start without handicap to any.

## SPORT CHAT

Seven world's championship boxing bouts are planned for Madison Square Garden this winter by Tex Rickard. The first title bout of the fall season will be held Sept. 28, when Tony Canzoneri, Brooklyn Italian, defends his featherweight championship against Andre Routis, of France.

The other six title bouts Rickard will attempt to promote follows:

Light heavyweight — Tommy Loughran and Jack Delaney.

Middleweight — Mickey Walker and Rene De Vos.

Welterweight — Joe Dundee and Jack Thompson.

Lightweight — Sammy Mandell and the winner of the three corn-

In an interview in a Budapest newspaper, Paavo Nurmi, the great Finnish distance runner who said he would retire at the end of this year, was quoted as saying that he finds training harder each year and that his parents, who are religious fisher folk, object to Sunday races.

It had been previously reported that Nurmi would head a group of five Olympic winners here for a professional tour.

## ANNUAL MEETING OF CRIB LEAGUE

Season to Open on October 8 With Twelve Teams Entered —S. M. Newton is Again President

With twelve teams in competition, the Prince Rupert Cribbage League will open its season on Monday, October 8, all games to be played in the New Empress Athletic Club. As usual, the schedule will be divided into two parts, the winner of the first half of the season to meet the winners of the second half in a post-season playoff to decide which takes the Dawson Cup emblematic of city Championship, or the Newton Cup for the runner-up. An additional cup has been put up this winter by the New Empress Athletic Club for the player winning the greatest number of games during the season. There will be a change in the method of computing the standings this season. Actual number of games won and lost will be counted whereas formerly the team winning a match was simply credited with one point in the standing. Each match consists of 27 games.

At the annual meeting of the Cribbage League last night, officers were elected as follows:

Honary President—F. G. Dawson.

Honorary Vice-President—G. W. Johnstone.

President—S. M. Newton.

Vice-president—F. W. Aldridge.

Secretary-Treasurer — F. E. Wermig.

## Giants Seem To Be Contenders In World Series But Cardinals Not At All Sure Of Their Place

St. Louis Won Terrific Fifteen Inning Game Against Brooklyn Yesterday and Chicago Almost Passed Out of Picture

NEW YORK, September 26.—Major League contenders have settled into perfect lockstep, contenders matching wins or losses with the leaders and if unbroken this will carry the St. Louis Cardinals and New York Yankees in the world series.

The Yankees with a two game lead seem to be "in" but the National fight may continue to September 30 when the season ends. In the event of a tie then, the Giants and Cardinals will play a best two out of three series.

The National rivals yesterday both had close calls. The Giants apparently were doomed to defeat at the hands of Eppa Rixey and Cincinnati when the last of the ninth opened. Rixey gave O'Farrell a pinch hitter, the only pass he issued during the game. O'Doule ran for O'Farrell but was forced at second by Williams. The latter, however, scored the tying run on Andy Reese's triple. Leslie Mann came through with a single scoring Reese and giving the Giants a 3-3 victory.

The Cardinals were given a terrific fifteen inning battle at Brooklyn Doubtting scoring Marinville with the winning run. Marinville got a base on error. Sherdel went the route for the leaders. Hafey contributed an error that permitted the dodgers to tie the score in the eighth. Chicago all but passed out of the picture when defeated by the Phillies.

The Yankees had no trouble with Cleveland, making 6 runs in the first inning. Gehring hit his 25th homer with one in the eighth.

The Athletics crushed St. Louis.

## EXPECTING TO MAKE 80 MILES AN HOUR IN NEW SPEED BOAT

LONDON, Sept. 26. — Miss Carstairs, whose Estelle II, is the British challenger for the gold cup, most coveted motor boat prize, is U.S. born, but has resided in England for a number of years. She inherited a fortune from her mother, who was Frances Estelle Bostwick, daughter of Jabez Abel Bostwick, a founder of the Standard Oil Company. Miss Carstairs has driven Estelle II, at 60 miles per hour, and expects to reel off 80 miles per hour in the international competition on the Detroit River next month. Her boat will reveal the latest in British speed boat design.

Making her final trip of the year on the Alaska run, C.P.R. steamer Princess Louise, Capt. Arthur Slater, is due on Saturday morning bound from Vancouver to Skagway. The vessel will call southbound on Wednesday and will be replaced in October by the Princess Alice with the Princess Mary taking over the run in November for the winter.

C.N.R. steamer Prince John, Capt. E. Mabbs, which is engaged in tramp freighting this fall, arrived in port at 9.30 this morning from Vancouver via Alert Bay, Jedway and Pocoli and is discharging 200 tons of coal at the dry dock before sailing tonight on her return south via the Skeena River, Skidegate and other south Queen Charlotte Island points.

John Carroll, well known former city employee, has returned to the city after spending some time in Vancouver and Victoria and will resume residence here. He is suffering from cataract on his eyes and specialists in the south have decided that it will be a condition for removal. Mr. Carroll's daughter, Mrs. Secor G. Moore, whose husband died a few months ago, is now located in Vancouver and has taken over the sole ownership of a restaurant on Granville Street in which G. F. Richmond, formerly of this city, was in partnership with her until recently.

To Guard the Family Health

The man who cares two pins for the health of his family should immediately investigate the home heating question. He will find WARM AIR the HEALTHY WAY of heating the home, and he will be led to the McClary Sunshine Furnace as the most efficient system of sending the fresh, moist warm air circulating through the house.

It costs much less to install this guaranteed McClary Warm Air System than hot water or steam systems. And it saves a great deal of coal, as the "Ventiblast" Ring ensures that ALL the fuel is made to give ALL its heat. Burns any fuel, too! For health's sake see the famous

OUR NATIONAL ANTHEM

We have so often referred to the difficulties attending the use of various versions of O'Canada that it is pleasing to note that official action has been taken in connection therewith by the School Trustees Association in convention. They have asked the provincial authorities to decide on some version.

In any action the provincial authorities may take it is hoped they will consult with other provinces so that from end to end of Canada the same version may be used.

A USEFUL LIFE

Hon. Frank Oliver, formerly owner and editor of the Edmonton Bulletin and later member of the Board of Railway Commissioners, has been retired from the board because he is too old to serve longer. But Mr. Oliver is still young in spirit and has all his faculties but the law will not allow him to serve.

Mr. Oliver during his political days saw Liberalism as the salvation of the country. He could see nothing else. His newspaper reflected his views and so partisan was he that the business end of the newspaper suffered. Eventually he was forced to sell out and later the newspaper suspended publication. The people did not want a political paper.

The curious thing is that Mr. Oliver knows more about newspaper publishing than most people. He can analyze a situation and decide a policy with exactitude, yet he failed in his own business.

The lesson to be learned from the fate of the Bulletin is that newspaper publishers must always recognize that there are two sides to every question and that every man is entitled to his opinion. To try to force opinions on a free people is obnoxious. The newspaper was revived after being in discard for months and today is a very powerful and influential journal and is serving the people of Alberta and particularly the city of Edmonton well. Mr. Oliver bore the brunt of the battle and others are reaping the reward.

MORE "TREASON" (Edmonton Bulletin)

These are sad days for those people in Canada and other parts of the empire who cannot see that self-government is the one condition upon which the British nations can and will hang together. South Africa has made a trade convention with Germany, and New Zealand has made a treaty with Japan.

The former would of course be interpreted by the "little Imperialist" as proof positive that South Africa is in process of taking itself out of the commonwealth. But how to account for such treasonable conduct on the part of New Zealand, "more English than England," will bother him considerably.

To others the fact is sufficiently plain that the overseas Britisher is working out the instinct toward self-government and self-dependence which he inherited from his ancestors in the old lands. Like them, he is assuming his responsibilities in asserting his rights. He could not do other and be British.

Subserviency, to friend or foe, relative or alien, is intolerable to the breed. In asserting their right to control their own affairs the dominions are only applying the principle upon which the British type of civilization has been built up and upon which it can endure.

Ten Years Ago in Prince Rupert

September 26, 1918

Major Taylor, who has charge of the spruce production work in British Columbia for the Imperial Munitions Board; Major G. W. C. Kaye, and Lieut. V. Cowper Young of the Air Service Board, London, England; Col. W. E. Edwards of Ottawa, and Roland D. Craig of the inspection bureau at Vancouver arrived in the city from the south yesterday and proceeded at midnight to Massett Inlet. The party, which is on an inspection trip, is being conducted by H. R. McMillan.

G. A. McNicholl, who returned to the city yesterday from a trip to Vancouver and Seattle, stated that a representative of the British American Shipbuilding Co., will be here shortly to look over the ground locally with a view to undertaking the construction of wooden ships here.

SEA IS A DANGER TO YOUTHFUL LOVE

LONDON, Sept. 26.—Giving advice to a couple he had just married at Islington Chapel recently Rev. J. Shepherd said to them: "Avoid the dangerous attractions of seaside resorts. The sea disturbs youthful love." Interviewed after the service said to a reporter: "The sea is a delight to children, a stimulant to age, but a danger to youthful love. It is not strange for a young woman setting out from England to marry a man in Africa to change her mind on the voyage? I was asked to tell a man waiting at the docks of Cape Town for his prospective bride that she had decided on the voyage to marry another man."

"BLOKE" SKULL GOBI DESERT

Largest Land Animal Yet Found Brought From Gobi Desert and Dinosaur Eggs

SAN FRANCISCO, Sept. 26.—A portion of the skull of a "bloke" huge mammal that roamed the Gobi desert in Mongolia 10 to 15 million years ago, arrived here Wednesday under the watchful eyes of Leslie E. Spock, geologist, and James B. Shackelford, photographer, members of the Roy Chapman Andrews central Asiatic expedition.

The "bloke" has not been named by science, but it is the largest land mammal ever found, its discoverers said. It stood approximately 25 feet, scientists estimated.

The expedition into the Gobi desert has convinced the scientists that the territory is the oldest continuously dry land on earth, Spock said. "This fact supports the theory that it was the cradle of the human race, and we hope some time to find there the missing link." "So far the missing link has not been discovered, but a race we call the 'dune dwellers' of which we found new and abundant relics this time, showed a type of culture which did not appear in Europe until some 10,000 years later. We collected many stone hatchets, implements and decorations of this race. We also found some excellent specimens of dinosaur eggs on the present expedition."

EVERY TWO MILES ACROSS THE DOMINION

In every populated district throughout Canada, General Motors Authorized Service is available. The number of General Motors Maintenance Service Stations in Canada, if placed in a direct line, would be sufficient to extend across the Dominion, less than two miles apart.

NOT only does General Motors build better automobiles... not only does it embody in these cars the latest engineering developments... but it also maintains a vital interest in seeing that these better General Motors cars deliver the utmost in satisfaction in the hands of their Canadian owners. To that end, there are in Canada enough General Motors service stations to extend at two-mile intervals from the farthest tip of Cape Breton, clear across Canada to the blue waters of the Pacific. These service stations are staffed and equipped to render an efficient service. Each is within twenty-four hours distance of a distribution depot for genuine General Motors parts.

And, not in Canada alone, but throughout the United States... all around the civilized world... the General Motors chain of service extends unbroken. Whatever road you travel, however far you go, you will find General Motors service always near at hand... BETTER service, because of General Motors centralized control... ECONOMICAL service, because of the standardization and the extensive interchangeability of General Motors parts... SATISFYING service, because its one object is to insure for you the uninterrupted use and enjoyment of your General Motors car... Service everywhere and everywhere good service.

# A WIDE APPEAL

## AS AN ADVERTISING MEDIUM

As an advertising medium the Prince Rupert Daily News has a wide appeal. Not only is it read by the people of Prince Rupert, many of whom look to it for mercantile guidance, but it reaches out to the country districts where its arrival is awaited with eagerness. The mining camps and the towns of the interior look to it for the first news of the outside world.

Prince Rupert people who wish to reach the surrounding districts find there is only one medium, that of the Daily News. It is better and cheaper than any other advertising medium and can be depended upon to bring results if anything can.

## Past and Present

In the past when only about 1500 papers were being sold, advertisers in the Daily News claimed they got good results from outside points as well as in the city. During the present year the circulation has increased over a thousand, and the appeal to advertisers is consequently that much the wider.

## Wisdom of Advertising to Keep Goods Moving

Very few merchants seem to realize the cumulative effect of advertising. Every new customer secured is worth a great deal and this new customer becomes an advertiser for others, if he is well treated. The newspaper not only brings customers direct but prepares the way for the spread of business by personal contact.

The advertising manager will be pleased to talk this matter over with prospective advertisers and show them the newspaper's mailing list.

AROUND PRINCE RUPERT

New Ore Showings Found on Topley Richfield—Glacier Gulch to Ship Soon—Duthie Giving Good Account of Itself

Two additional big showings of ore have been opened up in the Topley-Richfield mine on new work following a decision to test out the ground on a wider area. In a parallel cross-cut run from a point between the raise on the north drift and the cross-cut between west and east veins three feet of splendid ore was disclosed to further establish the importance of ore bodies in that section. With the transfer of drilling from the north to south veins underground work was similarly established and in the drift south from the main shaft four feet of ore has been opened up, this work continuing and remaining in an almost full face of ore. Meantime, the drill is operating about 1,000 feet south of the shaft and has broken through the loose formation. The drill is now going smoothly at a depth of 250 feet. A second diesel engine will soon be started at work to double the capacity of the plant and a new compressor is expected to arrive any day to be used in more extensive work which will soon be inaugurated. Another tunnel has been started from the face of the long north drift tunnel to intersect on the present level ore that was disclosed at a vertical depth of 600 feet by No. 1 drill. As winter conditions arrive, the drills will both go underground for testing of the big ore zone and it is expected a move will be made to establish a much lower level.

Work has started on the development of the Glacier Gulch group of mineral claims near Smithers under an option recently taken by Frank H. Taylor from the owners, Grover Loveless and Stuart F. Campbell. The work is in charge of Charles Ingard and, as soon as camps and trails have been provided, men will be put to work sinking a shaft on ore opened up during early work. The shaft will be sunk just far enough to establish continuity of the ore following which another cross-cut tunnel will be started about one hundred feet down the hill to gain further depth. Considerable ore has been taken out during the past two years and this will be sacked. Ore recovered in the course of the present work will also be sacked and provision is being made for an early shipment. Assays from the Glacier Gulch have run very high and it is said that the property can be made to more than pay for its own development.

Thomas E. Davey, M.E., is mapping out a plan of operation for the Babine Bonanza Mine which was recently acquired by the Alexandria Gold Mines Ltd. of Toronto and it is planned to start development work about the end of this month. The deepest tunnel will be extended and raises made to connect the levels. When the mine is in shape to produce a steady supply of mill feed, the installation of a mill will be undertaken, a plant of 100 to 200 tons daily capacity being projected, the decision in this regard to depend, however, upon the recommendation of the consulting engineer. As a result of the taking up of the Babine Bonanza, mining interest in the Babine field is greatly increased. The Babine Bonanza is beyond the stage of doubt and should soon become a very important producer.

Duthie Mines Ltd. has been giving a good account of itself since it went on the stock market. A declaration of 2 1/2 per cent dividend was made in June and with-

in sixty days a second dividend of 2 1/2 per cent was issued. If the property is able to continue with regular dividends at this rate it will place the stock on a fifteen per cent basis. All production has so far been taken from what is known as the Henderson vein but the property has three other veins on which very little development has so far been done but at least one of them is considered to have possibilities of developing into as important a producer as the Henderson vein. Smelter returns of the property are said to be in the neighborhood of \$50,000 a month and expenses less than \$20,000. A diamond drill has been in operation to test the Henderson vein and to do further exploration work on the other three veins. Considerable extensions and improvements are being made in the equipment at the Duthie mine.

## HEADQUARTERS SALVATION ARMY

Ensign Joyce Has Orders to Move to Make Place for Higher Official

Ensign Joyce of the Salvation Army has received instructions to prepare to move from Prince Rupert on or about October 7. The army has decided to make Prince Rupert district headquarters for British Columbia and some higher official is expected to take charge.

Ensign and Mrs. Joyce have been here only two months and during that time have been doing good work and deepest regret will be felt in Army circles at the order for them to move.

## TWO BILLIARD COMPETITIONS

First and Second Divisions are Planned for This Winter — Election of Officers Deferred

Owing to the fact that there was not a large attendance at the annual meeting which was called for last night, the Prince Rupert Billiard League decided to defer election of officers until a week from tonight. It was decided, however, to proceed with the organization of first and second division for competition during the coming winter. The first division will consist, it is expected of three teams—Grand Terminals, Grotto and a team to be formed by Joe Brown—while there may be five second division teams—Grand Terminals, Grotto, Joe Brown's, Cold Storage and Canadian Legion.

Present at the meeting last night were: John Bulger, who presided; Jack May, Ben Self, W. H. Long, C. L. Youngman and M. M. McLachlan.

## POPULAR FURS FOR THE WOMEN

LONDON, Sept. 26.—Judging by the bidding at recent fur sales the most popular furs women will wear this year are mink, marmot, marten, red fox, cross fox, silver fox and Persian lamb. French buyers especially were eager for Persian lamb, which is expected to be the craze of Paris, rivaled only by silver fox. English buyers sought sable, ermine, skunk, cossium and hare.

Parriers say the vogue for dyeing furs to match coats and dresses this winter, will be continued, especially in white fox and ermine, which take the more delicate pastel shades. Rabbit dye equally well, however, so that women of moderate means may follow the fashion as well as their more wealthy sisters.

## CANCER FIGHT PROGRESSING

INVESTIGATION GOING ON AT UNIVERSITY OF PENNSYLVANIA INTO CAUSE OF DISEASE

EVANSTON, Ill., Sept. 26.—The puzzle of cancer, enigma of mankind of all time, is gradually being unravelled by science, announced Dr. Elice McDonald, director of cancer research at the University of Pennsylvania and the Philadelphia General Hospital at a recent meeting of the American Chemical Society at Northwestern University.

Carefully choosing his words, Dr. McDonald said: First: That science, by making a concerted effort of chemist, biologist, bacteriologist, physicist, and medical practitioner, can now determine in advance a present susceptibility or inclination to cancer.

Second: That marked benefit can be derived in suspected cases by increasing the calcium content of the blood through the administration of thyroid gland extract and other means.

"In other words," said Dr. McDonald, "a person who suspects that through inheritance he may be a likely subject for the disease of cancer in later life, may now be forewarned, and treated for those deficiencies in his blood which are suspected as the cause of cancer."

"Cancer," explained Dr. McDonald, "is a disease of the human cells and so is subject to the laws regarding these cells. It is a disease of cell reproduction or cell multiplication whereby the cell reproduces itself loosely and irresponsibly. The normal growth gradients of the cell are altered and all the other activities of the cell are depressed except that of multiplication. One cell, allowed to grow without check for ten years, it was pointed out, would develop into a mass larger than the whole universe!"

"Nature, therefore, has developed controls, called inhibitors," said Dr. McDonald, "which check the growth of this development. But cancer breaks down these checks."

## KILLED AT NANAIMO FROM FALL OF ROCK

NANAIMO, Sept. 26.—Thomas Smith, 73 years of age, a resident of Five Acres, Nanaimo, was instantly killed by a fall of rock in the Reserve Mine yesterday.

The Westholme Theatre is now looking better than it ever has since the interior has been redecorated. A new color scheme has been applied and the old theatre now presents a finished and most pleasing appearance. The work has been done by Silverside Bros.

ALWAYS ROOM  
At a public dinner a certain bishop was genially patronized by a millionaire.  
"I never go to church," the millionaire said. "Perhaps you've noticed that, Bishop?"  
"Yes, I have noticed it," said the Bishop gravely.  
"No doubt you wonder why I never go to church, don't you?" the millionaire pursued. "Well, I'll tell you why, Bishop. There are so many hypocrites there."  
"Oh, don't let that keep you away!" cried the Bishop, smiling. "There is always room for one more, you know.—Regina Leader."

# PROBLEM OF LEAVING LAND

### TENDENCY TO CONGREGATE IN CITIES DISCUSSED BY DUKE OF NEWCASTLE AT JASPER

JASPER, Sept. 26.—In spite of the railways, the automobile, the radio and other modern means of rapid transportation and communication which have made the world so much smaller and has done away one would think, with the so-called loneliness of country life, one of our greatest problems today is that urge to congregate in cities. So said the Duke of Newcastle in the course of an interview at Jasper Park Lodge.

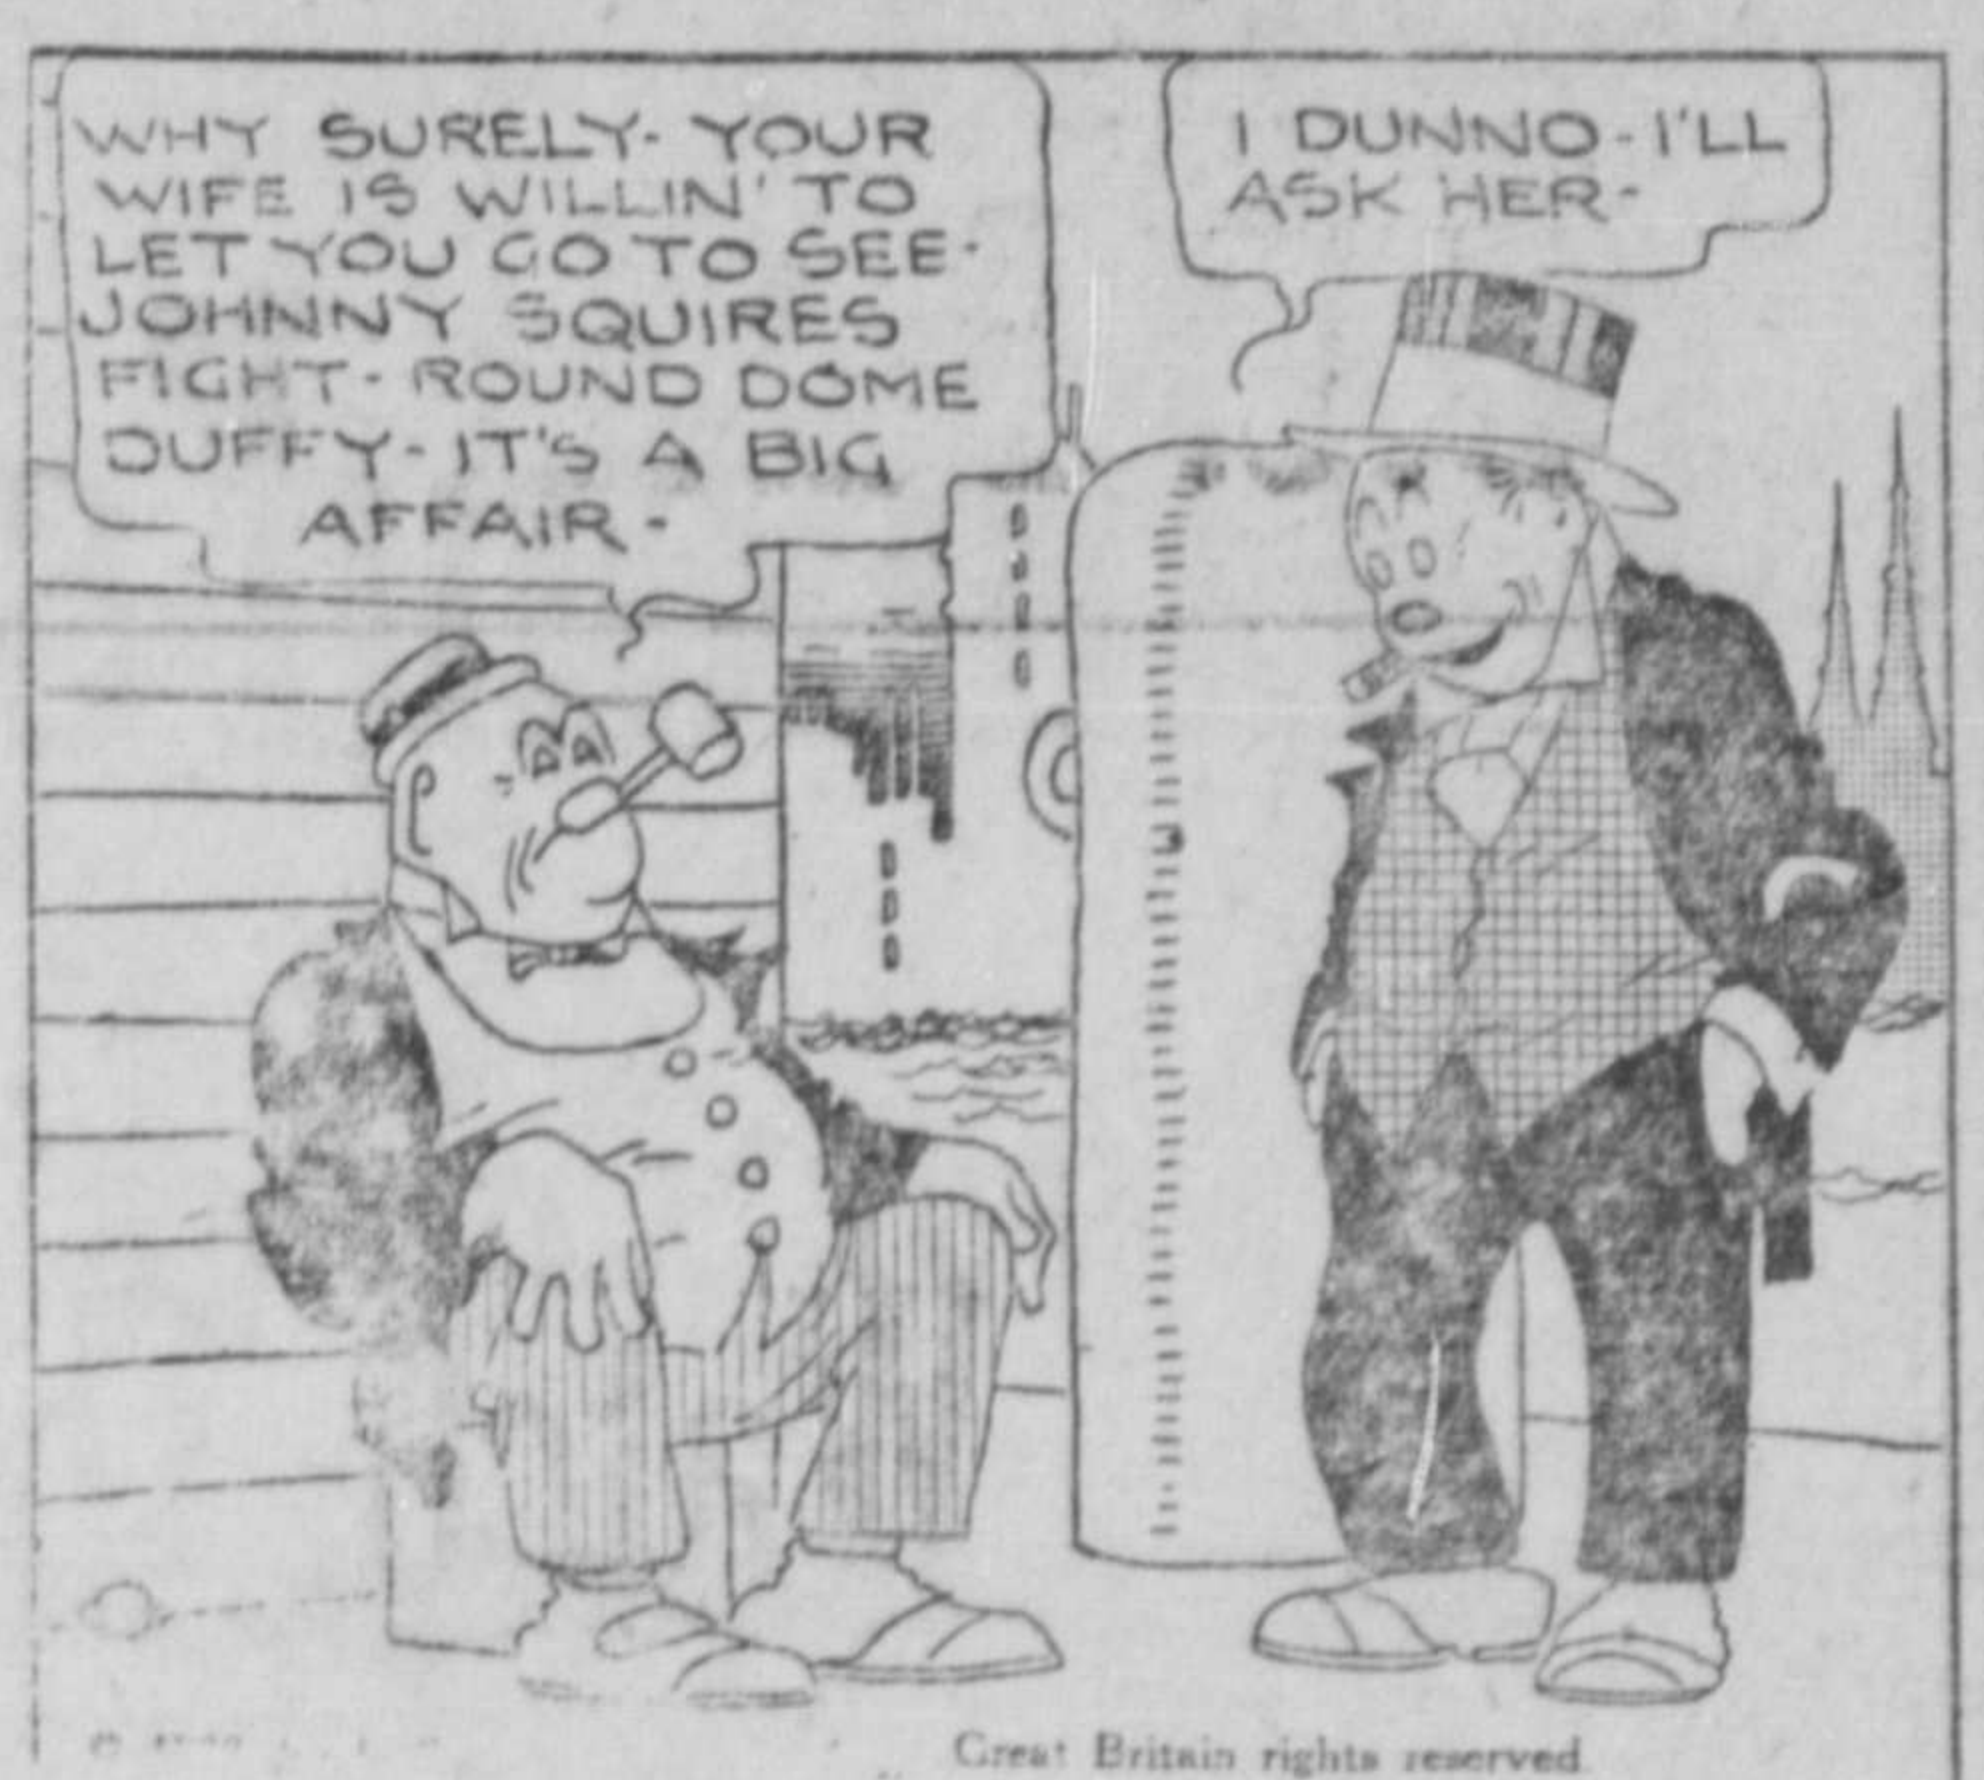

It was a great pity, he thought, that the British people were as a whole not more agriculturally minded and he felt the need of a more widely established system that would educate prospective emigrants in the ways of the farm life of the dominion.

As a farmer, the duke has a tract of land in Surrey which has been the hobby for years. He was keenly interested in all he saw along the Canadian National lines across the prairies. "I did not read a line on the train from Winnipeg to Jasper," he said. "I looked out of the windows and saw what I could of your farming methods. One thing that struck me was the lack of tractors, why do you use horses on these wide plains?"

Conditions in England, said the distinguished visitor, were steadily improving, although with taxation so heavy it was an uphill fight. One by one, the good country estates were disappearing but this was due not alone to taxation and death but to the change in outlook. Life in the country was going out of date. "One good thing the changes are bringing about," he said, "that everyone has to work, I believe in working."

The Duke of Newcastle was accompanied by his youngest daughter, Lady Mary and her friend, Miss P. Hunter, will remain in Jasper eight or ten days. "I came here on the recommendation of my son, who was here last year," he said. "He told me it was the most beautiful spot in Canada, and I quite understand his enthusiasm."

### GOLDBLOOM'S SALE OF LADIES' FUR COATS

Would you like a fur coat? And would you like to get it at one-third less than the regular cost? Of course you would. Who wouldn't? The thing to do, then, is to visit Goldbloom's the old reliable fur dealer. Goldbloom is having a sale of furs before he leaves for New York. He goes next week to arrange for his purchases of raw furs and until he leaves, every article in his store is being offered at real sale prices—one-third below the ordinary price.

After being twenty years in business in Prince Rupert, Goldbloom prides himself on the number of his satisfied customers. He guarantees every article he sells to be as represented and to give satisfaction—with a money back guarantee. And no one can do much better than that!

So see Goldbloom this week about that fur coat, before he leaves for the east.
