# EXPLORERS HAVE EXCITING VOYAGE

## SIR HENRY THORNTON URGES ENGLISH TO VISIT CANADA

### Explorers Tell Story Of Adventure In Their Quest for Scientific Data And Specimens In Arctic Region

The Stoll-McCracken expedition to the sub-polar regions north of America and Asia for the American Museum of Natural History was successful not only in obtaining the mummified remains of one stone-age man such as are believed to have crossed thousands of years ago from the Asiatic continent to the American but brings back to civilization with it no less than four such bodies—those of three adults and one infant. The finding of these mummies was the prime object of the long and perilous voyage this summer aboard the schooner Effie M. Morrissey of St. John's, Newfoundland, and, needless to say, these are most prized of many relics and specimens of natural history which arrived in Prince Rupert when the expedition reached here at midnight last night. Members of the party are all in good health and highly elated at the success of their expedition. There was little they went to find that they did not get and the scientific world will, no doubt, benefit greatly from the results of the voyage. The expedition had been away from Prince Rupert, its point of departure, just over five months, having left here for the north on May 1.

## INDIAN LANDS BEING SOLD

EDMONTON, Oct. 10.—Over 20,000 acres of Indian lands which include some of the best agricultural areas in the Peace River district will likely be sold by auction in the near future. The action will follow a survey being made in the north by W. Morrison, inspector of Indian agencies.

## GOVERNMENT TURNS DOWN PROJECT TO SETTLE PEACE RIVER

VICTORIA, Oct. 10.—Hon. J. R. Wilson of Saskatoon, a former member of the Federal Government, met the members of the Government here yesterday and discussed with them a colonization project for the Peace River district. After hearing the views of Mr. Wilson it was announced that the Government was not yet ready to consider such a project.

## EDMONTON FIRE CHIEF RESIGNS

EDMONTON, Oct. 10.—Fire Chief Davies resigned as head of the Edmonton Fire Department yesterday.

At a meeting of the city council Monday night it was decided that providing the chief resigned immediately he should be given three months' pay as a bonus for 20 years of service.

BIRTH

A daughter was born to Mr. and Mrs. L. W. Patmore, of Borden Street, Prince Rupert, at Vancouver on Sunday, October 8, 1928.

The voyage of exploration extended into the "black area," 22 miles north of Point Barrow toward the North Pole and east to Herald Island which lies close to and east of Wrangell Island. For weeks, the members of the expedition saw no sign of human life other than themselves but gloried in the unexpected bird and animal life which was found in that remote part of the world. Owing to unfavorable weather and an accident to the propeller of the Morrissey on the way north which slowed up her speed, the party was a little late for the polar hunting season but, nevertheless encountered many creatures of interest in the sea, on the ice, and overhead.

Untouched Tomb  
Despite the jeers of skeptics, the expedition resolutely continued its quest for the mummified remains, its only promise for eventual success lying in the past recurring finds of both mastodon and mammoth, extinct for thousands of years in the eternally white lands of the north, and, finally, early in July, on the summit of an almost inaccessible island with well high unscalable sides finally discovered an untouched tomb of ancient man containing the bodies of the three adults and one infant and, with the perfectly preserved bodies, all clothing, domestic articles, hunting weapon and other paraphernalia going with the burial of those early barbarians were he Egyptian, cavewalker or merely the ghostly tradition of a shadowy past.

The prelude to this spectacular discovery was ten days of mingled gale and fog, high seas and hard ship. One by one the islands or the indomitable Capt. Robert Bartlett's course which had been set by the paleontologists were combed. It was found that ancient man ate meat for where meat was got lay kitchen middens or fossil bones. Every member of the field party had been scouring rocks and crags of the Aleutian since early June. Stoll was nearly drowned on one disembarkation; Bird lived on raw flesh for days when held by a storm or

(continued on page five)

## NEW PRESIDENT FOUND HANGING CHINA CHOSEN BY BED CLOTHES

NANKING, Oct. 10.—Chang Kai Shek Wo, who commanded the Nationalist forces in the civil war under which the whole of China was conquered by the Nationalist forces starting from Canton, was yesterday elected president of the Nationalist government of the Chinese republic.

NEW WESTMINSTER, Oct. 10.—Andrew S. Ross of Port Hamilton, 41 years of age, a patient at the Royal Columbia Hospital, was found dead, hanging from a steam pipe by a strip of bed clothing in that institution late yesterday. He had no relatives in Canada. A sister resides in Scotland.

## Premier Tolmie Tells More About Proposed Scheme for Settlement

VICTORIA, October 10.—Speaking before the Saanich Conservative Association last night Premier Tolmie referred to the proposed provincial government colonization scheme. He said he did not believe in bringing the British people to British Columbia and putting them on bad land. He explained that the plan he proposed would be along community settlement lines and intimated that instructors in farming and household arrangements should be provided.

The Premier said it was not the desire to place settlers on bush farms and suggested that part of the land might be cleared. There is nothing definite as yet and the reported statement that 20,000 settlers were proposed in connection with the plan has not yet been taken up. Dr. Tolmie said: "I do not want to bring people here from the Old Country and have them become dissatisfied and then filter away to the U.S. A little care will achieve success."

## People are Imprisoned Beneath Debris Of Eight Storey Stone Office Building City of Prague

PRAGUE, Czecho-Slovakia, October 10.—Piteous appeals for help coming from the debris of the eight storey stone office building which collapsed yesterday spurred rescue workers on to dig out 65 persons estimated to have been buried in the ruins. Eighteen bodies were recovered and it is feared many of the entombed are dead. Two score are missing.

Pedestrians in the narrow street and passengers in a street car passing the building at the time of the collapse were injured.

The chief inspector of police was run over and killed by the fire department automobile.

The architect of the building is reported to have committed suicide on the spot when he saw the disaster. Three building inspectors were among those buried.

The cries of relatives of the missing added to the horror of the scene as the rescuers worked through the night.

The government attribute the collapse of the building to defective cement and hasty and faulty construction.

## FAMINE AND WAR CLAIMS MANY LIVES

Expected That Half Population  
of Chinese Province Will  
Not Survive

SHANGHAI, Oct. 10.—Civil warfare after the Mohammedan uprising in Kwangsu Province which was stated to have claimed more than 200,000 lives was believed to be continuing. In addition to the ravages of warfare the area was suffering from an intense famine. This was aggravated by fighting and advances said half the population was liable to die during the winter.

The population of the province is estimated at nearly six millions.

## COMMUNIST OPPOSES J. RAMSAY MACDONALD

LONDON, Oct. 10.—H. Pollitt, secretary of the Minority Movement, will be the Communist candidate for Seaham Harbor in opposition to Former Premier Ramsay MacDonald, Labor party leader, at the next general election.

It was recently announced that Mr. MacDonald would retire from Aberavon, where he was faced with Communist opposition and transfer to Seaham, a seat held by Sidney Webb, who is retiring.

## VIOLENT WIND STORM IN EAST

Boy Killed in Montreal and Roof  
of Church Lifted in Quebec

MONTREAL, Oct. 10.—A boy was killed in a violent wind storm that swept the city and district yesterday. The victim was Paul Laire, nine years of age, who was electrocuted when he touched a broken live wire.

The wind lasted but a few minutes but it played havoc with the trees, and telephone and light standards. As a consequence the lights were off for a portion of the afternoon and the street car service on the section was interrupted for three hours.

At Quebec several buildings were unroofed and trees and poles and signs suffered. Three painters on the roof of a church had a narrow escape. On the approach of the storm they took shelter and a few minutes later the church roof was lifted into a nearby yard.

## MRS. GERTRUDE MASON DIED IN VANCOUVER

VANCOUVER, Oct. 10.—Mrs. Gertrude King Mason, 68, widow of Capt. Charles King Mason, regent of the Memorial Silver Cross Chapter, I.O.D.E. and an active worker in women's clubs, who served in France as a nurse during the war died here today.

## CARD OF THANKS

Martin Paulson of Port Edward wished to convey his sincere thanks to his many friends for the kind expressions of sympathy received in his bereavement.

WON BY PERSEVERANCE: Paul Wittgenstein played a piano-forte concerto for left hand only at Queen's Hall, London. His perseverance has triumphed over physical disability. He is an Austrian.

## Sir Henry Thornton Guest Of Honor Yesterday At Luncheon Given For Him In London, Eng.

LONDON, October 10.—At a luncheon yesterday tendered to Sir Henry W. Thornton, chairman and president of the Canadian National Railways, by the members of the Canadian Chamber of Commerce of Great Britain, George A. Royle, the president of the organization, said that two of the greatest features of the year towards a better understanding of Canada's potentialities and the possibilities of Anglo-Canadian trade had been the visit to the British Isles of the group of Canadian farmers organized by the colonization department of the National system, and the tour of Canada by the "Young Ambassadors."

Sir Henry, in responding to a toast, agreed with Mr. Royle and added, "I sincerely hope that the visit of the 'Young Ambassadors' will be followed by a considerable number of older ambassadors, and I can assure you that they will find a ready welcome in the dominion."

The guests included Sir Felix Pole, general manager of the Great Western Railway, and Sir Josiah Stamp, president of the London and Midland Railway. Sir Felix Pole said that in 1914 the railway men of England had given Sir Henry rather a cool reception owing to the way in which his coming was then announced, but when he left for Canada all of them greatly regretted his departure. Warm tributes were paid to Sir Henry by Sir Felix for the great work performed by the former in railway transportation during the war and for the success achieved in the consolidation of the Canadian National Railways.

## YESTERDAY'S WHEAT

VANCOUVER, Oct. 10.—The price of wheat at closing yesterday was quoted at \$1.24 1/4.

Hear the 7 real merrymakers at the Drill Team dance Friday.

## CONSTABLE HAD NARROW ESCAPE

Was Fired at By Prowlers Trying  
to Break into Vancouver  
Store

VANCOUVER, Oct. 10.—Police Constable W. H. Keddy narrowly escaped death early this morning when fired on by one or two prowlers who were attempting to force an entry to an electrical shop on Granville Street. The officer returned the fire without apparent result and the men escaped in an automobile.

## STRIKE BEGINS EXPRESS HANDS

NEW YORK, Oct. 10.—Between twelve and fifteen thousand employees of the American Railway Express Company, members of the Brotherhood of Railway and Express Clerks went on strike last night.

The dispute centres chiefly around the company's refusal to recognize the seniority rule. Union leaders say the strike will spread over the whole country.

# News and Views In The World of Sport

## CHICAGO CUBS WON BASEBALL

CHICAGO, Oct. 10.—The Chicago Cubs won the inter-city baseball series here yesterday, beating the White Sox 13 to 2 in the seventh game of a close and interesting series between the representatives of the rival leagues.

## EIGHT TEAMS FOR MEN'S SECTION OF WHIST IS PLANNED

Seven teams are so far entered in the men's section of the Fraternal Whist League for the coming winter's competition and an eighth entry is hoped for. Organizations already definitely entered are Knights of Pythias, Moose, Leif Erickson Society, Grotto, Seal Cove, St. George's Society and New Empress Club. The schedule for the season's activities will be issued soon.

## Around The World With Sport Fans

(By The Tramp)

Oakland has been trying to get Saskatoon Hockey team to take over the franchise in the California hockey league, paying \$1500 for it. Saskatoon has turned down the proposal while awaiting a more attractive offer.

An indoor marathon is planned on the evening of Sunday, October 21 at Madison Square Gardens in which El Ouafi, the French Algerian Arab and Joie Ray will both be competitors. Tex Rickard is managing the race.

The hard hitters won. The world series went to the Yankees largely because of the slugging of Ruth and Gehrig. Against them the steady players of the St. Louis team had little chance. It seems that what baseball needs is more men who can hit the ball.

Leading marksmen in the First Division of the Scottish Football league are: Wilson, Third Lanark, 12; Battles, Hearts, 11; Morrison, Falkirk, 9; Ferrier, Motherwell, 7; McGrory, Celtic, 7; McLelland, Queen's Park, 6; Smith, Ayr United; Lindsay, Cowdenbeath; McColl, Hibernian and McCrae, St. Mirren, 5 each.

There is not a club magnate or director who is not right up against the action of the English football league's order that on no account must complimentary tickets be issued to visiting players. It is another stab at the professional. A director may have a hand full and distribute among his friends. He gets a lot of cheap popularity out of it. But the player must have one for a friend or a relative. When Jones, who we will say, plays for Cardiff City, goes to play in his native Newcastle, he must not have the privilege of taking his own father to the match.

## JAPANESE FISHING BOATS ARE MISSING

TOKIO, Oct. 10.—Three Japanese freighters which were reported caught in a typhoon reached port safely today. Airplanes are searching for 24 fishing boats with 200 men.

LIKE BUCKING BRONCHO: The racing car of William Darragh reared into the air to slam into an iron fence at the Mineola track. It was a bad smash, but Darragh escaped with cuts on the nose

## GIRLS' DRILL TEAM GYMNASIUM CLASS

New Departure to be Made This Winter in Connection With Activities of Popular Local Body

Arrangements are being made to hold gymnasium classes for the Girls' Drill Team in a hall which has not yet been definitely decided upon stated Douglas Frizzell, coach of the drill team, this morning. The team will probably be increased from the present twelve to twenty-four girls, each of the present members to bring in a new girl. Instead of so much pyramid building, gymnasium work will be concentrated upon this winter.

The proceeds of the dance to be held by the drill team on Friday night will go toward the purchase of gymnasium equipment.

## BOLTON WANDERERS LOSES OLD DIRECTOR

LONDON, Oct. 10. — William Hamer, for thirty-three years a director of the Bolton Wanderers Football Club, has resigned. This is stated to be owing to the fact that he disagrees with his fellow directors on the question of high transfer fees. Mr. Hamer has often stated that ten pounds a week was as much as any professional football player was worth.

## SPORT CHAT

Ocean Falls Basketball enthusiasts organized at a well attended meeting recently. Department teams will not participate this year. Instead the league executive, will arrange for four evenly balanced teams to make up a senior "A" division. Application will be made for the first time in paper town basketball history to affiliate with the B. C. Basketball Association and an effort made to enter a team in the senior "B" playoffs. An exchange of games will also be arranged with Prince Rupert, if at all possible.

The new Gymnasium at Anyox, for construction of which Ald. Bert Greer of this city had the contract, was opened this week and the sporting season in the smelter town is now on. The Badminton Club is already organized and basketball organizations for the winter will take place shortly. Due to the fact that for some time to come Anyox Community League will be at pains to pay for the gymnasium, council has cancelled the policy of allowing free nights at the gym and, hereafter, rentals will be charged in all cases.

Basketball prospects for the coming season in Prince Rupert are looking better and better. With three teams in the Senior League, five in the Intermediate and at least three in the junior and Ladies' divisions, competition this winter should be more lively and generally interesting than for some years past. The fact that efforts are being made to distribute the talent in at least some of the leagues will be conducive to even better competition. Use of the Grand Terminal Club instead of the Exhibition Hall for the playing of games should insure much better gate receipts.

There is keen rivalry at Ocean Falls for possession of the F. N. Youngman Cup, donated last year for perpetual competition by Mr. Youngman, manager of the Canadian Crown Willamette Paper Company. This trophy is held by the Mechanics quintette. Officers elected for the coming season are as follows: Art Saunders, president; Jack Robertson, re-elected secretary, Harry Taylor, scorekeeper, and an executive comprised of two representatives from each team. Delegates elected to the parent body, the Ocean Falls Athletic Association are Ken Callick and Roy Hays.

## PRESENTATION LAST EVENING

Mrs. James Farquhar Recipient of Valuable Gift from Hill 60 I. O. D. E.

An interesting presentation was made last night at the regular monthly meeting of Hill 60 chapter I.O.D.E. at the home of Mrs. H. A. Breen, Fifth Avenue East, when Mrs. James Farquhar was the recipient of a valuable carving set on the occasion of her recent marriage. The present was made on behalf of the members by Mrs. John Manson, regent.

Several new members were elected to the chapter, Mrs. J. S. Wilson, Miss Norah Carter, Miss Jean Grieve, Miss Laura Frizzell and Miss Phyllis Lamb. Plans were made for the annual Hallowe'en sale on October 27.

Father Joseph Allard, O.M.I., who has been on a trip to Vancouver on account of his health arrived in the city on the Prince Rupert this morning from the south en route to the interior.

J. S. Rogers, sales manager of the Rupert Marine Products Ltd., returned to the city on the Princess Alice this morning returning to the Alaskan capital following a six weeks' holiday trip to Vancouver and other points in the south.

Miss J. Robins, R.N., nurse on the staff of the Juneau hospital, was a passenger aboard the Princess Alice this morning returning to the Alaskan capital following a six weeks' holiday trip to Vancouver and other points in the south.

Dahlias, nasturtiums and such delicate garden plants were cut down in certain parts of the city last night by the heaviest white frost so far this season. Weather conditions seem to be settling now and a spell of sunny days and frosty nights is expected.

Provincial Constable Alex Macdonald, formerly of the city police here and now with the Nanaimo city detachment, arrived from the south on the Prince Rupert this morning, having in his charge Fritz Turner who will go on trial for murder at the Assizes here next week.

C.P.R. steamer Princess Alice, Capt. Thomas Cliff, arrived in port at 9 o'clock this morning from Vancouver and sailed at 10.30 for Alaska ports whence she will return here next Sunday afternoon southbound. There were 33 passengers aboard the Alice including five round-trippers, seven through passengers beyond Skagway and the following who disembarked here: William Earling, H. Parrott, H. Townsend, Mrs. M. Thorpe, J. S. Rogers and E. J. Latchford.

Miss Winnie Exley returned to the city on the Prince Rupert this morning from a trip to Vancouver.

Mrs. K. M. Davies of Penticton, B.C., grand worthy matron of the order of the Eastern Star arrived today and will be her for several days making an official visit.

Mrs. D. H. McDonald, who has been visiting in Vancouver and Spokane, returned to the city from the south on the Prince Rupert today.

Anton Nucich, who arrived in the city yesterday from Alice Arm, left on this morning's train for a trip to Ljubljana, Jugoslavia.

Dr. G. C. Large of Vancouver who has been spending a few days at Port Simpson with his brother Dr. R. G. Large, left on this morning's train for Edmonton.

Imperial Oil Co.'s tanker Imperial, Capt. Geddes, arrived in port at 9 o'clock this morning from loco with a cargo of refined oil and package goods for the company's local tanks.

J. B. Woodworth, who has been paying a visit of inspection to progress of operations at his Porcher Island gold mine, left by the Catala yesterday afternoon on his return to Vancouver.

Passengers sailing yesterday afternoon on the Catala for Vancouver included H. Hagen, D. H. Swan, Robert Saffoneason, C. M. Payne, C. R. Gosse, H. C. Cornwall and J. B. Woodworth.

J. E. Miller inspector of customs, who has been here for the past few days following a trip to Montreal and Ottawa, will sail tomorrow night by the Prince Rupert on his return to headquarters in Victoria.

The case of Simon Calder, Greenville Island, who has been committed for trial in a charge of breaking and entering with intent to commit an indictable offence, is proceeding in County Court before Judge Young this afternoon, accused having elected for speedy trial.

DAILY EDITION

Wednesday, Oct. 10, 1928

## UNITED EFFORT TO SAVE FISH

The records published yesterday show that there is a decided falling off in the supply of salmon for some districts with an improvement in others. The central district with its chief centre at Butedale did well this year. The Skeena was a comparative failure and Queen Charlotte Islands was not good. What is needed is a general effort to preserve the fish so that they may not suffer the fate which befell them in southern British Columbia. It is important to canners and fishermen that this be done.

## ADDITIONAL HONOR FOR BISHOP

Following his choice for this diocese as Bishop, the Alma Mater of Right Rev. G. A. Rix has chosen to honor him with the honorary degree of Doctor of Divinity. Now he is Dr. Rix.

Prince Rupert people will doubtless be glad to see a local citizen so honored. We join with them in congratulations to him and his family, who will to some extent share in the honor.

## PRAYER BOOK TROUBLE

There is in England a distinct division in the Church between those with ritualistic tendencies and those who prefer the plainer services. The low churchmen fear the Romanizing of the Church but the high churchmen would in many cases prefer Romanizing to what they speak of as a reversion.

Each section of the Church has its own special organization distinct from the regular church synod. The low churchmen met recently at Cheltenham and invited non-conforming ministers to join with them.

It would not be surprising to see the Church disestablished in England in the near future and to see a definite break between the two sections, the low churchmen possibly throwing in their lot with some of the non-conforming Churches.

## P.G.E. RAILWAY

It seems as if all the government has to do in connection with the P.G.E. Railway is to sit back and let the rivals bid against each other for it. The period of development in Canada, which is shared by the Pacific province, is responsible to a very large extent for the interest taken by financiers in this line.

It seems most probable that one of the big railway companies will eventually get the P.G.E. although it is also possible that it may be electrified and operated by a private concern.

## FINED FOR SPLASHING

(Edmonton Bulletin)

A Boston motorist has been fined ten dollars and costs for driving his car through a pool of muddy water and splattering a crowd of people who were waiting on the curb for a street car. Application of the same principle in Edmonton at certain seasons would go a long way to make the law enforcement branch a self-sustaining institution. And would apparently take the joy out of life for a small but conspicuous percentage of drivers.

The condition of Edmonton's unpaved streets in wet weather would make the rule a hardship to drivers who cannot, with the best will in the world, avoid puddles. But the moral of the Boston incident will not be lost on the driver who has any "decent regard" for the rights of other people.

SCHOOL OPENED  
AT DORREEN

Rev. T. H. Wright officiated at Interesting Event, Miss Mina Deane Prepared Program

DORREEN, Oct. 10.—Interesting ceremonies took place at Dorreen on Saturday evening when the new school building was opened. Rev. T. H. Wright, B.A., of Hazelton handed the chairman, Mr. Loen, the key of the school and the building was declared open.

The chairman called on Mr. Wright, who offered a suitable prayer and then proceeded to give an address. He congratulated the trustees, W. H. Horwill, J. Staynoff and J. Loen on their good work in successfully completing such a suitable building for the community. Mrs. C. E. Carpenter was publicly thanked for a donation of the site.

Miss Mina Deane, the teacher, prepared an appropriate program which was creditably rendered by the school children. A social time was spent with games and the ladies of the district served refreshments. All pronounced the event a great success.

Mr. Wright was thanked for his services and the event closed with the National Anthem.

Ten Years Ago  
in Prince Rupert

October 10, 1918.

The campaign for the sale of Victory Loan bonds is now on in full swing in Prince Rupert and district.

Tom Burns, veteran prospector of the Yukon, has arrived in Dawson after covering 500 miles of wilderness in 37 days by dog team and hiking.

Word has been received that A. J. Gilmore, formerly linotype operator on the staff of the Prince Rupert Journal, has been killed in action. Lieut. A. D. Golden, formerly of the Canadian Bank of Commerce staff, has been wounded.

## Man in the Moon

People did not get killed at level crossings when they took their time in crossing the tracks. It's the speed that kills.

Criticism is wicked if it is contrary to our views.

Age is not always mellow. As an instance let us point to the pastry in a railway restaurant.

There always come a time for car drivers when profanity ceases and another dent or two in the old bus causes only a smile.

When a woman claims equal rights in reaching for the lunch-

It takes but a few moments a day to keep your shoes well polished with

**"NUGGET" Shoe Polish**

Nugget preserves the leather and prevents cracking, too.

There's a Nugget shade for every shoe made!

eon check we shall begin to think there is something real in this sex equality stuff.

The schooner Morrissey was late because she depended on nothing but wind to bring her in. That's the way with a lot of people in this life. They depend on nothing but wind.

There's one thing about the hunting season there are no beach flies to bother.

There is some criticism of local beer parlors. A visitor to one or two of them yesterday stated he found people doing nothing but drinking beer and the stuff was rotten.

**TWENTY** years' mining in British Columbia have yielded nearly \$800-million dollars. The last ten years have increased production by 58.9 per cent.

The value of all Canada's production is \$25.70 per citizen. British Columbia's production today, if distributed, would mean \$111.96 per person annually! Our mined and treated tonnage of metalliferous ores reached a record of more than 5-million tons for 1927.

The value of the mining industry to the Province is in the distribution of money in wages, supplies, transportation services, etc. And in this respect, 1927 was a record year!

The 14,000 employees of the mining industry were paid wages totalling 23 million dollars . . . or nearly \$1,700 each . . . the highest average for any Canadian Province.

During the year, distribution of eight million dollars was made in dividends!

British Columbia mines approximately 40 million dollars worth of copper, zinc and lead, a year . . . more than the rest of Canada. In gold and silver, our production ranks second . . . in coal, third; our total annual mining production today being exceeded only by Ontario.

Sound legislation, good mining laws and low fees have encouraged this development and stimulated growth. Although the provincial

mining area has only been superficially prospected within the transportation belt, new fields are developing, new roads and trails constantly being built.

Chattering drills sink deeper and deeper into the hills . . . heavy ores rumble through the concentrators . . . fortunes come tumbling from the treasure chest of British Columbia! What was once only imagined about our mining potentialities, is now proven knowledge. Mining has become our third largest industry . . . showing over 67 million dollars revenue a year . . . proof that prosperity flourishes in British Columbia.

Capital from Eastern Canada, the United States, Great Britain, France . . . seeks investment. Our great wealth of production, developing so steadily during the past ten years, has established confidence and aroused keen interest in British Columbia's mining future the world over.

Read these announcements and understand your province's progress . . . clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

# Prince Rupert

Northern Pacific Terminus of the Canadian National Railways

Prince Rupert has three of the greatest things in the world

The Largest Fish Cold Storage Plant  
The Largest Fresh Halibut Market  
The Largest Undeveloped Hinterland

The City of Prince Rupert has a payroll of considerable importance, derived from:

- RAILWAY SHOPS
- RAILWAY OFFICES
- DRYDOCK AND SHIPYARDS
- GRAIN ELEVATOR
- PROVINCIAL GOVERNMENT OFFICES
- COLD STORAGE
- FISH PACKING HOUSES
- FISH MARKET
- OILERY AND FISH REDUCTION PLANT
- SALMON AND HALIBUT FISHERMEN
- SALMON CANNERIES
- LUMBER MILLS
- MINING
- TRAPPING AND FURS

The grain export business of Prince Rupert is steadily developing. Last year about eight million bushels of grain was shipped through the terminal elevator and this year promises to greatly exceed that mark.

The City owns its Power, Light, Water Supply and Telephones.

The schools are excellent.

Roads are paved and concrete sidewalks are being laid.

PRINCE RUPERT IS ONE OF THE COMING COMMERCIAL CENTRES OF THE PACIFIC COAST, THE PROBABLE OUTLET OF THE GREAT PEACE RIVER COUNTRY, AND SURROUNDED BY A RAPIDLY DEVELOPING TERRITORY

Prince Rupert is the logical site of a customs smelter which would serve the mines of Portland Canal, the Bulkley and Skeena Valleys and coast points.

### EXPLORERS TELL STORY OF ADVENTURE IN THEIR QUEST FOR SCIENTIFIC DATA AND SPECIMENS IN ARCTIC REGION

(continued from page 1)

a rocky promontory, and Bartlett aged visibly when he fought with a fortnight's gale.

The shore party on the successful day of the mummy find consisted of Stoll, Weyer, Bird and McCracken. Bird, the best climber, went ahead up the unscalable ramparts, the party climbing up by inches and at times pausing to keep from being swept into the surf of the Behring Sea below. Finally the top was reached and, though the energy of all was almost spent, one of the party suddenly observed the sign of a human hand. There, half covered by moss and sand, lay a sort of mound built up from heavy flakes of surrounding granite and sunk deep in a natural vault of the rock. Bracing themselves against the wind, the explorers, working with the scant geological tools they had brought, little by little opened up the Arctic sarcophagus consisting of a large wooden burial vault containing the four mummified bodies. The structure was fashioned from well shaped and mortised drift logs fastened together by bone nails, the workmanship being skilful and perfectly preserved. It was at a point 600 miles from the nearest wooded country. The vault, lined with well cured otter skins surfaced by a finely woven grass fabric, was divided into two parts, one of which contained the body of what appeared to be a person of high rank, the other mummies of two more adults and the infant. The ancient Ice King was dressed in a coat of tanned sea otter surmounted by another layer of grass skin and the whole enclosed in a parchment-like layer of sea lion intestine. The other bodies were also well wrapped. It took a rope bridge to a nearby pinnacle to swing the heavy casket down to where it could be taken in charge by the Morrissey's crew of husky Newfoundlanders.

Speaking of the expedition in a brief interview this morning, Mr. McCracken stated that the relics obtained included a fine group of walrus which were shot and will be preserved and placed in the American Museum of Natural History. A fine collection of Arctic birds has also been brought back from which will be chosen material for an Arctic bird group.

Another interesting discovery of the expedition was the abundance of jellyfish which were found in the Arctic regions. The conception of the average person is that jellyfish flourish mostly in tropical waters.

The intrepid students of natural history were surprised at the many visits paid to their boat by songbirds, even as far as one hundred miles out in the Arctic ice off Wrangell Island.

The expedition found no land in the unexplored areas 225 miles northwest of Point Barrow which were visited after the mummy find. Landings were made neither at Wrangell Island or at Herald Island and there was no trace of human beings on either island although there were reported to be Russians on Wrangell.

#### Exhibit Mummies

Mr. McCracken announced that one of the mummies would be exhibited in the show window of Max Heibroner's jewelry store while the party is in the city this week.

Speaking of the trip this morning, Capt. Bartlett stated that only three days of fine weather had been experienced throughout the summer. Ice was frequently encountered and there was much wind and thick weather. However, it was feared at no time that the Morrissey would be unable to get out this season. Early in the season, the propeller of the staunch little Morrissey was broken and the voyage thereafter was subjected to delay. When the vessel finally got into the Arctic, ice conditions and weather were bad and the hunting season was over.

The Morrissey will go on dry dock here for the next week for painting and overhaul to propeller and shaft, Capt. Bartlett stated. Then she will proceed to New York via the Panama Canal.

C. H. Stoll and Harold McCracken, joint leaders of the expedition, of which Mrs. Stoll was also a member, will be here until Saturday morning, when they will proceed to New York via the Canadian National Railways. Other members of the party include Ed. M. Weyer, archaeologist; Ed. Manley, wireless operator; F. L. Jaques, renowned artist; Andrew Johnston, taxidermist, and Dr. Anthony, naturalist.

Mr. McCracken had a moving picture outfit with him and was successful in getting many unique pictures.

About the only disappointment the party had on the entire expedition was the failure to obtain a polar bear.

### PIONEER LAID TO REST TODAY

Large Congregation Attended Service in Presbyterian Church for Late William MacRae

There was a large congregation of mourners and sympathizers in attendance at First Presbyterian Church this afternoon for the funeral service of the late William MacRae, respected pioneer of long standing in this city. Rev. J. R. Frizell officiated and spoke words of comfort for the mourning family and respect to the memory of deceased. Mrs. J. H. McLeod sang an appropriate solo for which, as well as the hymns, John E. Davey was accompanist.

After the service, interment took place in Fairview Cemetery, a large concourse following the cortege to the last resting place. Acting as pallbearers were D. McLeod Alex. Mackenzie D. J. Mackenzie, John McLean and John Munro, all of whom were friends of the deceased.

The following were among those who sent flowers: Mr. and Mrs. Bruce Love; Mr. and Mrs. W. H. Goodsell; Mrs. Heffernon and son; Mr. and Mrs. Rod McLeod and family; Mr. D. J. McKenzie; Mr. J. B. McDougall, Mrs. E. Hudson.

## 3100 Inspected by Empire Delegates

The inspection by the delegates of the British Empire Parliamentary Association of the largest passenger engine in the British Empire, the new Canadian Pacific 3100 afforded an opportunity for a group photograph of a number of prominent members at Windsor Station on their way home. From left to right they are: A. B. Calder, special representative of the Canadian Pacific Railway; Gerold O'Sullivan, T.D.; and Martin Roddy, T.D., from the Irish Free State; Jozua Francois Tom Naude, M.L.A., South Africa; Hon. L. Cripps, Speaker of the Legislative Assembly of the Colony of Southern Rhodesia; Hon. Ernest George Jansen, M.L.A., Speaker of the House of Assembly, South Africa; Senator William George Thompson, V.D.; Australia; Sir Samuel Chapman, M.P., Great Britain; Geo. Hambledon, Ottawa; C. W. Masterson, Montreal; and Major Guy Kindersley, M.P., Great Britain.

## News of the Mines

## AROUND PRINCE RUPERT

New Vein of Good Ore Encountered at Topley Mine—Large Developments at Khutze Inlet—Opening up Property Adjoining Surf Inlet

In running a cross-cut to the east vein, a new vein, running at right angles to the west and east veins, was encountered recently at the Topley-Richfield mine. Three assays were taken, the highest showing 3.12 ounces in gold and 81.60 ounces silver or a total value of \$111.36 in gold and silver alone. A second sample ran \$17.88 in gold and silver and the third sample \$6.80 in gold and silver. There were also high copper values. A cross-cut on the new strike will be run both ways from the point of intersection. A new engine and compressor, which provides for the doubling of the capacity of the power plant on the property, have just been installed.

Over 3,500 feet of diamond drilling has been completed and about 2,800 feet of tunnelling. The later work is proceeding at the rate of 350 to 370 feet per month. It is the intention of the company to finish the balance of the 10,000 foot diamond drilling contract by moving the drills underground so that work may continue all winter without interruption. A new turbine air hoist has been purchased for use in development from the 100-foot level to depth. Several winzes will be sunk in known ore bodies in order to prove by spring the best location for the permanent shaft. During the summer the geology of the district has been thoroughly proven under the supervision of H. L. Batten, M.E., and officials of the Dominion Geological Survey and the extent and value of ores in Topley-Richfield has been further demonstrated.

Good progress is being made with development of the Western

Work on the Big Missouri mine now consists of drifting, the diamond drilling program having

been completed for the present. The drifting has encountered stringers carrying free gold though not commercial ore. The property, however, is looking better today than it ever did before in its history.

Gold Coast Mines Ltd. is meeting with success in its development of claims lying to the south of the Belmont Surf-Inlet mine and on the same lead. Two veins, carrying good gold values, have been encountered and will be developed at depth. These claims lie on the mountainside to the east of Archie Lake and are excellently situated for economical working and shipping of ore.

The Pat Daly Mining Co. is erecting a warehouse at the confluence of American Creek and Bear River, Stewart, where machinery, supplies, etc. will be accumulated and moved up during the winter to the Mountain Boy mine which the company is developing. A fire-drill compressor, 2500 feet of air pipe line as well as other machinery has been ordered and will be used in winter development of the property. Mr. Lymbrier of Montreal, president of the Pat Daly Mining Co., paid a visit recently to inspect progress of operations at the mine. The mine was recently the scene of a discovery of ruby silver ore running as high as 2,700 ounces to the ton.

## Market Prices

Prices current are as follow:

APPLES	
McIntosh Reds, fancy	\$2.90
"C" grade	\$2.50
Jumble pack	\$2.10
Green cooking apples (B.C.), 4 lbs.	25c
FRUIT	
California peaches, dozen	35c to 50c
Oranges, Valencia, dozen	60c to 85c

# GRANBY SHIPS TO TACOMA

Dispute Causes Diversion of Al-  
lenby Output From Trail  
Smelter

VICTORIA, Oct. 9.—Prolonged argument between the Granby Consolidated Mining & Smelting Co. and the West Kootenay Power & Light Co., with its close associate, the Consolidated Mining & Smelting Company, has resulted in the diversion of the Granby Company's heavy ore shipments from the Trail Smelter to a smelter in Tacoma, according to advices received at the Parliament Buildings.

This is the upshot of the present power rate dispute, which involves much of the southern interior and on which Grand Forks city has made an appeal to the government for intervention.

The Granby Company, it is understood here, objects not only to the power rates charged to it by the West Kootenay Company, but also to the charges of the Consolidated Company for smelting of ore mined at Allenby. As a result it has diverted its business to Tacoma, government officials have been informed.

## NEWS OF NORTHERN B.C.

### STEWART

The Standard Mining Corporation of Tacoma, which has 750,000 shares of Big Missouri stock, has decided to dissolve. The stock, which will not be available for about sixty days, will be pooled.

The Union Steamship Co., has altered the schedule of the steamer Catala whereby that vessel will in future reach Stewart at 7 o'clock Monday evenings. All calls between here and Anyox have been eliminated, and will be taken care of by another of the company's vessels.

Mr. and Mrs. George Dodds and child have arrived from Mexico and are taking up residence at the Premier Border mine where Mr. Dodds is diamond setter for the diamond drilling operations which are being instituted there.

Mr. and Mrs. J. Brightwell have moved into their fine new residence on Brightwell Street which was erected by the McDonald Construction Co.

Mrs. William Grey and Mrs. Sobieralski left last week for a trip to Seattle.

S. F. McDonald, one of the shift bosses in the Premier mill, is back from a trip to the coeur d'Alene and Kootenay mining districts.

Dave Joinville has sold his interest in the Good Eats Cafe here to Lance Craine.

J. E. Holroyd of Vancouver, who has been engaged during the past summer in mineral survey work in this district with D. B. Morkill, B.C.L.S., left last week for the south.

Mrs. E. McQuade left last week for her home in Victoria after an extended visit here with her parents, Mr. and Mrs. G. A. Fraser.

A. B. Rook, B.C.L.S., who surveyed the Munro Group this summer for crown grant, left last week on his return to Vancouver.

### TERRACE

J. J. Winch, Vancouver was a business visitor here at the week-end.

Miss J. H. Rose and Miss M. Milne of Whitehorse, Yukon, are guests at the home of Mr. and Mrs. A. C. Head.

The B. D. Bridge Club met on Thursday evening at the home of Mrs. W. H. Burnett.

C. C. Pierre, representative of the Atkins Saw Co. of Vancouver and former resident of Terrace was a business visitor here at the week-end.

J. Erlandsen and H. Lindstrom of Remo, were in town on Tuesday.

J. C. Gavigan, Prince Rupert grocer was a visitor here on Monday.

### HARVEST FESTIVAL ANGLICAN CHURCH TERRACE, SUNDAY

TERRACE, Oct. 10.—Harvest festival services were conducted in St. Matthew's Anglican church on Sunday. An abundance of products of the field, garden and dairy were used with fine effect in the decorating of the church for the occasion. Appropriate sermons were preached at both services by the rector, Rev. A. W. Robinson, with Rural Dean T. J. Marsh assisting at the morning service, following which holy communion was administered. At the morning service Mrs. G. H. Dyson sang "But the Lord is Mindful of His Own" and there was also a special anthem by the children's choir. Rev. A. W. Robinson was soloist at the evening service.

### VANDERHOOF

Douglas Lodge, Stuart Lake, has now been closed down for the season and Miss H. S. Baynes the manageress, and Mrs. World have left for Vancouver where they will spend the winter.

Geo. A. Mapes has returned to his home in the Mapes district after having spent the summer fishing out of Prince Rupert.

John Crites, who has been a patient at Mrs. Burnstead's nursing home in the Webber Lake district for some time, is now making satisfactory progress toward recovery.

Mrs. Frank Reid entertained last Thursday afternoon in honor of her mother, Mrs. Clark, who has been visiting her for the past year and who is now leaving for Eastern Canada.

William Miller is on a business trip to Vancouver.

### SMITHERS

The annual Harvest Thanksgiving service was held in the local United Church yesterday by Rev. J. T. Smeaton. There was special music and singing by the new choir.

R. H. Leighton, fire inspector for the Forest Branch, has been making his farewell trip through this district before proceeding to London, England, where he will go into business.

The opening event of a series of bridge and whist parties which are to be held by the local Catholic Women's League took place last Tuesday night. Prize winners at bridge were Mrs. J. N. Carr, Mrs. D. D. Munro, Norman Kilpatrick and J. P. Downey while Mrs. Giraud, Mrs. Duff, W. Grant and W. Dunn carried off the whist prizes.

The sum of \$200 was realized as a result of the annual municipal tax sale here last Monday.

### SKIDEGATE

Forest Ranger Ike Martin and Capt. Newberry of the forestry cruiser Embree have returned after making a long trip to the southern portion of Moresby Island on official duties.

Capt. E. E. Wiggins of Tlell River has bought a new Ford car from S. E. Parker, Prince Rupert dealer, and is getting a great kick out of driving the rig.

### PRINCE GEORGE

Miss Inga Anderson and Miss Nan Craig have opened winter dancing schools in Prince George.

Mrs. J. F. Anstey of St. Alban's Vermont is spending a couple of months in Prince George visiting with her mother, Mrs. David McDonald.

The Prince George Farmers' Institute gave a masquerade dance in the community hall at Pineview on Friday evening, four prizes being awarded for costumes.

### MANY ATTENDED SERVICES AT DOREEN

DORREEN, Oct. 10.—Rev. T. H. Wright, B.A., conducted service in the new school house at Doreen on Sunday afternoon. There was a large congregation present. Miss Deane gave the interesting story of "The Christ of the Andes."

Mr. Wright gave an appropriate discourse and referred to the part the new building should play in the life of the community. He particularly placed emphasis on the word "new." With the new school there should be a "new" outlook on life, "new" thoughts of God, "new" hopes of heaven.

David A. Johnson, Port Simpson merchant came in today on his launch Henry J.
