YANKEES SLUG WAY TO BIG VICTORY

DR. MACLEAN MAY BE CANDIDATE IN CITY OF VICTORIA

Yankees Hard Hitting Brought Second Victory In World Series Over St. Louis Cardinals Today

Score of Nine to Three Gives American Leaguers Strangle Hold on Great Baseball Contest for Championship

NEW YORK, October 5.—The Yankees took a strangle hold on the world series by turning back St. Louis Cardinals for the second time, taking today's contest nine runs to three.

As was the case yesterday, the Yankee heavy artillery was responsible for the Cardinal's defeat, eight hits being bunched at the opportune moment.

Pigpras for the Yankees made a poor start but settled down and held the National Leaguers to four hits.

The Yanks drew first blood by scoring three runs in the first inning after Durst, singled, Ruth walked and Gehrig cleaned up with a terrific home run smash into the right field stands.

The Cardinals came back in the second and tied the score on a pass, Harper's double, another couple with Lazzari's error and Maranville's dash to the plate when Douthit hit into a double play.

The Yankees scored four in the third forcing Alexander to the showers. Mitchell succeeded him, holding his opponents to one run for the rest of the game. The records were:

Yankees, 9 runs, 8 hits, 2 errors.
 Cardinals, 3 runs, 4 hits, 1 error.
 Cardinals—0, 3, 0, 0, 0, 0, 0, 0—total, 3.
 Yankees—3, 1, 4, 0, 0, 0, 1, 0—total 9.

McLEAN FOR NOMINATION

Former Premier May Be Candidate to Succeed Tolmie in Victoria

VANCOUVER, Oct. 5.—Chances for the Liberal nomination in the federal constituency of Victoria is declared to be between Dr. J. D. McLean and William Ivel, it was stated here by John Hart, former minister of finance.

Mr. Hart stated that while not wishing to make a definite statement and admitting there might be other strong men in the field, declared Dr. McLean and Mr. Ivel the most probable final choices.

Mr. Hart said there was no foundation for the rumor that Dr. McLean might enter the firm of Gillespie, Hart and Todd. He did not think Mr. McLean and Ivel would oppose one another at the convention.

Empire Parliamentary Assn. Closes Its Tour With Dinner Given In Its Honor At Sydney

SYDNEY, N.S., October 5.—Delegates to the Empire Parliamentary Association last night bade farewell to Canada. "We have been treated like princes. We were received like old friends," exclaimed Viscount Peel, chairman of the delegation in an address at a final dinner given by the Canadian Club at the city of Sydney.

To the words of Viscount Peel farewell gratitude was expressed by representatives of every parliament in the empire.

In their journeyings through Canada, Lord Peel said, they felt members of the British delegation had been able to remove misconceptions. "We have heard it suggested that we desire to load Canada with inefficient unemployed. I repudiate with all my force this infamous suggestion. But there are, I am convinced, great opportunities in Canada with good organization for a substantial number of able and willing workers from our country who will form a fine type of Canadian citizens," Viscount Peel declared.

EXTRADITION OF SINCLAIR BEING SOUGHT

Cannot be Deported to Alaska, so U.S. Government is Taking Other Measures

Charles Sinclair, after spending several weeks in the city jail here, awaiting hearing of his appeal against an order for his deportation to Alaska by Frank Fitch, local immigration officer, has been given his liberty temporarily but must appear for extradition proceedings by the United States government which are to be held in County Court on October 22 by Judge F. McB. Young.

Sinclair's appeal against the deportation order made locally was dismissed by the department at Ottawa which, however, ruled that, instead of being deported to Alaska, he should be given three months to leave Canada for Newfoundland, his native country. Meantime, he has been given his liberty. Following this ruling, the United States government is resorting to extradition proceedings on the ground that Sinclair broke jail at Juneau while serving a term under the Volstead Act upon which offence his deportation was sought.

How Yankees Won Second Game Of Series Is Shown In Inning By Inning Report Today's Game

NEW YORK, Oct. 5.—Pipgras took the mound for New York Yankees at the opening of the World Series game this afternoon while Alexander did the hurling for St. Louis Cardinals. At first the game was lively, Gehrig's homer with two on putting the Yankees well in the lead. Wilson was the Cardinal's catcher and Bengough was marked for the Yankees.

First Innings
Cardinals—Douthit up, foul, strike one, ball one, foul, strike two, this was long drive to the stands. Douthit out. Ruth to Gehrig. High up, with two strikes high was passed. Frisch up with two strikes called Frisch also walked. Bottomly up and fouled out to Bengough behind plate. Hafey fanned, swinging at third strike. Pipgras had a hard inning, his curve continually breaking over the plate. No runs, no hits, no errors.

Yankees—Durst up and singled over Frisch's head. He almost got it but bounced off his glove. Koenig flied out to Hafey. Ruth walked on four wide balls. Durst, Ruth and Gehrig scored on Gehrig's terrific home run drive into right field stands. Meusel fanned on three pitched balls. Lazzeri thrown out by Alexander. Three runs, two hits, no errors.

Second Innings
Cardinals—Harper up and walked on four pitched balls; Harper scored on Wilson's double into right center. Maranville singled, Wilson making third. Alexander up. Wilson scored when Lazzeri got Alexander's grounder and threw wide past Gehrig. Maranville went to third and play halted while the Yankees surrounded Pipgras, Douthit up. Maranville scored when Douthit hit into double, Koenig to Lazzeri to Gehrig. High popped out to Robertson. Three runs, two hits, one error.

Yankees—Bottomley took Robertson's high popper and touched him out. Bengough walked on

four balls. Pipgras sacrificed Wilson to Bottomley. Bengough scored on Durst, slashing single into centre. Koenig flied out to Frisch. One run, one hit, no errors.

Third Innings
Cardinals—Frisch attempted a bunt but fouled and then singled. The ball glancing off Lazzeri's glove, Frisch stole to second. Bottomley fanned, swinging at the third strike. Koenig threw Hafey out at first. Frisch making third. Harper fanned. No runs, one hit, no errors.

Yankees—Ruth up, two strikes, two balls. Ruth singled over centre. Gehrig walked on fourth ball pitched. Ruth scored on Meusel's double to left. Gehrig holding third. High threw out Lazzeri at first, Gehrig remaining on third. Robertson walked on fourth ball pitched. Bengough up. Gehrig scored on Bengough's single to right, Meusel, stopping at third and Robertson holding second. Mitchell, the left handed spitball artist replaced Alexander. Meusel scored when Pipgras was hit by a pitched ball. Robertson making third and Bengough second. Paschal batted for Durst. Robertson scored on Paschal's single to right. Bengough was thrown out at the plate. Koenig popped out to Bottomley. Four runs, four hits, no errors.

Fourth Innings
Cardinals—Wilson up. Tried to bunt but fouled. Pipgras leaped in the air and speared Wilson's hopper and tossed him out at first. Maranville reached first when Koenig fumbled his grounder. Koenig gathered in Mitchell's Texas leaguer which looked safe. Douthit fouled out to Gehrig. No runs, no hits, one error.

Yankees—Ruth shot a long drive to centre field for two bases. With two strikes and three balls, Gehrig flied out to Douthit. Meusel flied out to Hafey. Mitchell tossed Lazzeri out at first. No runs, one hit, no errors.

Fifth Innings
Cardinals—High up, two strikes, two balls. Robertson made a diving catch for High's hot grounder, jumped to his feet and threw him out. Frisch struck out on taking third on a called strike. Bottomley fanned for second time swinging at third called strike. No runs, no hits, no errors.

Yankees—Frisch teased out Robertson at first. Frisch got Bengough's high fly behind second. Pipgras popped out to Maranville. No runs, no hits, no errors.

Sixth Innings
Cardinals—Hafey flied out to Meusel. Harper flied out to Ruth. Wilson grounded out to Gehrig unassisted. No runs, no hits, no errors. Pipgras working smoothly, retiring side on ten pitched balls.

Yankees—Paschal up, attempted to bunt on first pitched ball strike. Paschal walked. Koenig fanned, swinging at third. Ruth fanned, taking third called strike. Gehrig flied out to Douthit. No hits, no runs, no errors.

Seventh Innings
Cardinals—Maranville fanned, missing third strike. Mitchell fouled in right field stand and then flied out to Robertson. Douthit flied out to Paschal. No runs, no hits, no errors.

Yankees—Meusel walked. Lazzeri up. Meusel stole to second. Mitchell juggled Lazzeri's sacrifice bunt, batter being safe. Dugan batted for Robertson. Meusel scored on Dugan's sacrifice fly to Harper. Lazzeri held first. Bengough hit into double play. One run, no hits, one error.

Eighth Innings
Cardinals—Dugan playing third for Yankees and Durocher replaced Lazzeri at second. High out to Gehrig. Frisch singled through the box. Bottomley fanned, swinging at third strike, while Frisch stole second. Hafey

SPORT CHAT

The crown of Tony Conzoneri, New Orleans boy, who was toppled from the featherweight throne last week by the first man to take a crack at him since he was crowned early in the year, never did fit him very well and few critics expected it to stay there for any great length of time. Andre Routis, game little Frenchman, who waited until the champion was weary and then turned and trimmed him, lost a decision to Tony in a 10-round battle in New York, November 22, 1926, and evidently learned how to act in future. Conzoneri, while he won consistently, has never had a knockout punch and the nine knockouts in his list of victims were against men who are comparatively unknown in the ring game. Had the champion had a good wallop in either mitt he would have been sitting pretty. Routis will be easy pickings for a number of aspirants to the title. Any hard puncher with moderate skill and stamina will defeat him because the French lad depends largely on his stamina and gameness to carry him through the early rounds and as in the last fight, pick up points at the end when his opponent is weary.

On paper, the dopsters assure us, the St. Louis Cardinals are a stronger team than the New York Yankees and should win the world series this week. It is extremely possible that the Yankees may treat that paper stuff with the contempt it deserves. They can play super-ball when the emergency arrives as they have often proved, and unless they take a notion to go into one of their well-known slumps their backers, who are plentiful and in control of much coin, have not so much to worry about. If the New Yorkers do run second in the classic they will have a perfectly good alibi to offer. They need only point to two of their casualties, Ruth and Gehrig. With this pair of lusty swatters more or less crippled they will have to step fast if they want to keep the Redbirds from flying away with the bunting. As long as Ruth can connect just right, he doesn't have to worry about his charley-horse. He can run the bases on crutches. Gehrig, however, may have his eyesight impaired by the grounder that struck him in the face last Sunday, and that would be a more difficult matter to overcome.

In Victoria 24 teams have entered the basketball league this year and play commences next Wednesday.

The English Rugby season opens on the coast tomorrow with a game between the University of British Columbia and Victoria. Two years ago Victoria won the championship by the U.B.C. and Victoria teams are practically all changed since then.

Routis is described in dispatches as a blue-eyed, chunky little Frenchman, whose fighting style is as bristly as his hair. Of course everybody knows now that he is the featherweight champion boxer of the world.

flied out to Meusel. No runs, one hit, no errors.

Yanks—Wilson took Pipgras' weak grounder and threw him out. Paschal flied out to Wilson in front of plate. Hafey took Koenig's fly. No runs, no hits, no errors.

Ninth Innings
Cardinals—Harper flied out to Dugan. Wilson fanned, swinging for third strike. Maranville walked. Orsatti batting for Mitchell grounded out to Gehrig. No runs, no hits, no errors.

Basketball Gets Off To Good Start At Association Meeting Held In City Hall Last Night

Four Senior Teams Seems Probability and Three in Intermediates; Natives to Play in Senior Company is Planned

With four teams entered in the Senior League, three in the Intermediate and the possibility that there will also be competition in the Ladies' and Junior League, prospects are bright for an active season of basketball competition in Prince Rupert during the coming winter. A meeting of the Prince Rupert Basketball Association was held last night in the City Hall to receive entries and further advance preparations for the season. Dr. J. H. Carson, newly-elected president of the association, occupied the chair and R. S. Woods acted as secretary in the absence of Ralph Smith. An executive meeting will be held on Saturday night in the office of the president to further proceed with the season's arrangements.

The Native Sons of Canada is the only aggregation of earlier seasons to be entered again in the Senior League this year. G. W. Johnstone represented the Sons last night. Another club, represented by George Mitchell, and the Eagles, by R. S. Woods, are two new teams. The fourth team will be a native group from Port Simpson which is taking so much interest in the sport that its members have decided to come to Prince Rupert to spend the winter in order to play. This team was also represented by R. S. Woods. High School, whose delegate was Bob Irvine, and Big Four, represented by Jack McNulty, will again enter the Intermediate League. A third and new team will be entered by the recently formed Toc H organization whose representative was Alf Slocomb.

Ladies' League

The only team so far entered in the Ladies' League is that of the Maple Leafs, who have so long been champions of the city and district. Miss Lillian Lowe and Miss Helen Sim were representatives of this team. If there is to be a Ladies' League competition this winter, it is probable that there will have to be a distribution of players to form at least one other team. So far, the Maple Leafs have persistently refused to be divided in such a manner.

The proposal was advanced that, as there were no entries for the Junior League, the organization of this league for the winter be left in the hands of the schools. It is suggested that the Junior Basketball League might be conducted in a similar manner to the Junior Football League.

Three Halls Offered

Three halls are offered as the venue for this winter's games—the Exhibition Building, Grand Terminal Club and Auditorium. The executive tomorrow night will go into the matter of selecting a hall and will also deal with the Ladies' and Junior League situation as well as drawing up a schedule of games.

The following League delegates have been added to the executive of the association:

- Senior League—George W. Johnstone.
- Intermediate League—Alf Slocomb.
- Ladies' League—F. W. Allen.
- Junior League—William Gilchrist.

JUNIOR FOOTBALL

A junior football game is to be played tomorrow afternoon at Acropolis Hill between High School and Borden Street. The latter team follows:

- B. Spinech, T. Fisher, P. Vacher, T. Katsuyama, M. Gurvich, A. Harvey, C. Smith, K. Nakamoto (captain), R. Fong, L. Wilson and F. Kanaga.
- Spares: C. Erickson, H. Morgan, C. Woods, H. Fisher, T. Dungeate, and B. Wilson.

The pitching championship of the American leagues was won by General Alvin Crowder of the St. Louis Browns. Coslin is probably leader in batting. He is a Washington player.

SPLENDID PUBLICITY AGENT

Sir Henry Thornton ought to be worth his salary to Canada as publicity agent alone, say nothing of his value as a railway president. Being head of the railway he is better able to speak with authority and impress the men with money in other countries. Just now he has been doing good work in Paris, where Canada has been much to the fore of late. French money is just as good as any other. A good deal of it was coming here before the war but since that it has not been available. Now that the country has become more stable, we ought to see a steady flow of capital to Canada both from France and other countries.

LABOR'S EXTENSIVE PROGRAM

The British Labor leaders would not only nationalize the coal mines of the country but have extended their program to include nationalization of the transportation and power systems, agricultural land, and life insurance. That is going rather far for most of us. Banks also are to consider the interests of the nation as a whole rather than that of financiers. Minimum wage must be effective. Doubtless there is more in the program than the Labor leaders have any idea of attaining, but it indicates the trend of affairs in Britain. The fact that many prominent people are backing the labor movement makes it a serious program with possibilities for the future.

OVER ZEALOUS POLITICIANS

Hoover has been suffering from over zealous supporters in his campaign for the presidency. A lady named Mrs. Caldwell, member of the Republican committee, sent out a letter which said "We must save the United States from being Romanized." Mr. Hoover at once repudiated the letter saying: "Whether the latter is authentic or a forgery it does violence to every instinct I possess. I resent and repudiate it. Such an attitude is entirely opposed to every principle of the Republican party." Hoover added, "In this land dedicated to tolerance we still find outbreaks of intolerance. I came of Quaker stock. My ancestors were executed for their beliefs. Here they sought and found religious freedom. By blood and conviction I stand for religious tolerance in both act and spirit. The glory of American ideals is the right of every man to worship God according to the dictates of his own conscience."

DR. TOLMIE'S ADVICE

In his interesting address before the Chamber of Commerce yesterday Premier Tolmie gave several items of sound advice which it is hoped will bear fruit. One was to maintain an aggressive, united community spirit; another was to support the Chamber of Commerce. These two pieces of advice are really inter-dependent since the measure of community spirit a place may have is largely reflected in the way it gets behind its principal service organization.

Discovery of Copper Ore on Douglas Channel Reported—Work Starting on Cronin Mine—Inspecting Telkwa Coal and Iron

A large deposit of copper ore is reported to have been discovered on Douglas Channel in the Kitimaat district by Ceasar Vannagil of Terrace who has been associated with Barney Colbachinni, who has put a good deal of money into prospecting in the district. The discovery is said to be of considerable importance and ore that has been brought from it has attracted considerable attention. No doubt it will be the cause of more prospectors and mining men going into the district. The ledge is reported to be 54 feet wide and has been traced for a long distance. It is said to run right down to deep water which would permit of the ore being handled direct from a working tunnel to boats or scows. Nearby has been discovered, it is also reported, an 18-foot vein of high grade silver lead ore.

Mining is particularly active in the Peace River and Ingenika districts now on account of the prospects of securing transportation. The Ingenika Lead Mines are working twenty-five men and making good progress considering the obstacles to be overcome in the matter of getting in supplies, etc. H. Ravenaw has discovered another large deposit of mica on the same mountain upon which the first big discovery was made. The showing was examined recently by Douglas Lay, resident mining engineer for the provincial government, who reported it to be a very promising deposit. A number of parties have been testing out the bars of the Finlay and Parsnip Rivers for placer gold and very favorable results are reported.

Walter Lassen, who is interested in the Black Wolf mineral claim on Maroon Mountain at the head of Kitsumkaum Lake, and Cole McFarland of Seattle spent a few days in the Terrace district recently looking over the mines. They travelled from Seattle to New Hazelton by motor cycle. Work preliminary to development and operation on a large scale of the Cronin Mine in the Babine area has just been started by the Alexandria Gold Mines Ltd. of Toronto which concern recently optioned the property. A crew of men and large quantity of camp supplies has been taken in and the main crew will follow at a later date. The supplies are being taken in from Smithers over the Driftwood Creek road and then packed over the divide. Owing to the condition of the road it will be impossible to get actual mining operations under way until the winter freeze-up gives the snow a solid bottom on which to haul in the heavy machinery which will be used. Meantime, the crew at the mine will clean out the workings and establish camp.

Rapid progress is being made at the Duthie mine in the work of turning from steam to electrical power in all the workings and also with the moving of the power plant and camp headquarters from the top of the mountain to the site selected on flat ground below the switchbacks. The new power plant is being established within a few hundred feet of Loon Lake from which abundance of water will be available. For the big turbine, boilers and 500 k.w. generators massive concrete foundations are rapidly taking form as carpenters erect the buildings to house the machinery. The work is due for completion before the winter freeze-up. Wood will continue to be used as fuel and a new big boiler has just been delivered to the mine. The new camp buildings, near the present community, will include bunkhouse having accommodation for sixty men, cook-house, dining hall, wash-room, offices and several private dwellings. With this work proceeding, production at the mine is well maintained and development is being carried on well ahead of the work. Diamond drills continue to disclose large bodies of fine ore.

J. A. W. Hepburn and Frank S. Taggart of London, England, together with W. E. Wright of Sheffield, have been at the Telkwa River investigating the coal and iron holdings of a British Columbia syndicate in which D. G. Williams of Prince George is heavily interested. The syndicate has been endeavoring for several years to interest British capital in the development of these properties and the present inspection is the result. Mooted development of the property would include the building of a railroad from Telkwa to the head of Kitimaat Arm, one of the routes surveyed then the Grand Trunk Pacific Railway was being projected. Mr. Hepburn, Mr. Taggart and Mr. Wright arrived in the city from the interior on yesterday afternoon's train and sailed last night on the steamer Prince Rupert for Vancouver.

Ten Years Ago
 in Prince Rupert

October 5, 1918.
 "We have heard a lot of Prince Rupert so have come to judge for ourselves the possibilities and needs of the place," stated Hon. J. A. Calder, federal minister of colonization, who reached the city by train this morning, accompanied by Hon. Frank Carvell minister of public works, and a large party of government officials. Mr. Carvell was the principal speaker at a Canadian Club luncheon over which Judge F. McB. Young presided.

The Board of Trade last night discussed the possibility of having a Japanese steamship line plying to this port. There are plenty of eastbound freights offering but so far westbound commodities have been the problem which it is believed the development of the timber industry in the district may solve.

C. H. French, general manager for the Hudson Bay Co. in British Columbia, is a visitor in the city en route to his home in Victoria after a tour of inspection to fur trading posts in the north. He stresses the value of the Indian trade to Prince Rupert.

EVERY LUXURY ON AIR LINER

SISTER SHIPS IN ENGLAND NEARING COMPLETION—GREAT LOUNGE BIG DINING ROOM ARE FEATURES

LONDON, Sept. — It is announced that the giant airship R100, scheduled for service between Britain and the United States, would not be able to make the first trip this year as had been hoped, though an initial trip is possible before the winter is over. This ship is being built by a private company at Howden and is nearing the final stages.

No delay marks the progress on the sister airship R101, however, being constructed at the government works at Cardington. The R101 has been more or less surrounded in secrecy, being a state ship, but is largely similar to the R100 and is designed for an England-India service.

In a description of the R101, which along with the R100 is an entirely new conception of air conveyance, probably the most general interest will attach to the passenger quarters, which are carried on duralumin girders and provide a lounge 33 feet by 64 feet, accommodation for 50 people to dine at once, with a service from electric kitchens, two-berth cabins, and promenade decks along the side of the ship enabling views of the world outside to be gained through the transparent sides of the ship at this point. Forced ventilation is provided and the passenger quarters can be heated if necessary, while there is a proper smoking room—a luxury hitherto impossible in airships. Access to the middle section is obtained by a long gangway entered by a door in the nose of the ship.

A number of ingenious ideas are incorporated in R101. Probably the greatest advance other than that of constructional methods, is ensuring strength under the worst operating conditions.

WINDSTAND PRESSURE R101 has been designed to withstand the most rapid vertical current known, and this is estimated to amount to an upward gust at the rate of 6,000 feet a minute, or more than double that which caused the wreck of the Shenandoah.

The very considerable advance made in the method of transferring the lift of the gas bags to the actual hull can now be seen at Cardington, and a system, which may be likened to two parachutes placed in a vertical plane back to back, has been devised, which entirely eliminates the dangerous stresses likely to be set up under the old system if one bag became deflated. Another feature, making for increased safety is the use of the Beardmore solid fuel injection engine, which run on crude oil instead of petrol.

Hollow steel air screws will be used, and reverse mechanism is being incorporated for manoeuvring purposes. Small auxiliary power units are required in a ship, and these must be run with petrol, but special precautions have been taken to isolate the more volatile fuel from the ship proper.

IMMENSE SIZE The full size of the ship will not be revealed until she is complete, but a rough comparison can be made with a modern battleship. R101 will be practically as long. Actually she is 724 feet long and 131 feet in diameter at the point of biggest girth and, with the control car, is 149 feet high. The control car projects underneath the ship by the passenger quarters, and consists of a lower and upper deck, the former in the case of an airship being the bridge, as the main view required is downward.

The first flights of R101, after her home trials are complete, will be to the East, and the ship, in fact, has been designed to fly without a stop 2,500 miles to bases at Egypt and Karachi. Commander Burney, on the other hand, wishes to develop the Atlantic route, as offering the best possible prospect of a commercial return, and, as this involves flying a longer distance without stopping, he is already planning for ships of 7,800,000 to 9,000,000 cubic feet capacity, so that the journey can be made with an adequate reserve of fuel, and yet at the same time permit a commercial load to be carried.

MARRIED THREE TIMES TO SAME PERSON IS EXPERIENCE TORONTO

TORONTO, Oct. 5.—One third and final marriage ceremony for Judith Revault Magalhaes, of Bahia, Brazil, and Germaine Farina Romero, of Toronto, in St. John's Roman Catholic Church took place recently.

Twice before have the couple been united in wedlock. The first ceremony was done by proxy, an uncle of the bride taking place of the groom, who was in Toronto when the ceremony took place. The second was a civil rite performed before a justice of the peace. The first marriage, a survival of an ancient Brazilian custom which called for the bride to be married at home if the groom is absent, took place last July.

Local and Personal

Frank Taaffe and J. McPhee were the only passengers disembarking here at noon today from the steamer Princess Royal on her arrival from Vancouver.

Arthur Graves, purser of the steamer Princess Royal, and his assistant, Charles English, will go ashore at Vancouver for a three weeks' holiday when their ship completes her present voyage north next Monday.

It is now expected that the season's first full train of prairie grain for the Alberta Wheat Pool's Prince Rupert Elevator will be here on Monday. This morning there were reported to be some 150 carloads on the railway west of Edmonton bound here.

Making another new record for early arrival, C.P.R. steamer Princess Royal, Capt Albert Rippon, reached port at 12 o'clock noon today from the south and will sail at 10 o'clock tonight on her return to Vancouver and way points.

Under the newly inaugurated winter schedule, Union steamer Cardena, Capt. A. Johnstone, is due at 3 p.m. today from Vancouver, Ocean Falls, Bella Colla and Skenna River and other ports and will sail at midnight on her return south.

Considerable interest is being attracted by a large display of canned vegetables, fruits, jams and jellies by the High School Girls' domestic science class under the instruction of Miss Rogers which is being exhibited in the show window of the Northern Brokerage. The contents have a very tempting appearance and demonstrate that the girls are making progress in this practical line of study.

NEWS OF NORTHERN B.C.

SMITHERS

James H. Groat has tendered his resignation as president of the Smithers District Board of Trade and chairman of the game and fisheries bureau, giving no reason for his action.

Many Smithers residents were in attendance at the opening of the season's dances at Duthie Mine last Friday night. Music was by Samy Gazeley's orchestra.

The reported visit to this district of three members of the new Tolmie provincial cabinet is off.

Willis Trousdell of Burns Lake has been brought to the local hospital suffering from a fractured elbow, the result of having fallen off the porch at his home.

Peace River Pass will be the ultimate route for any railroad to be built from the Peace River to the Pacific coast, stated D. Barr, who was a recent visitor in Smithers.

The first carload of wheat to be delivered to the Alberta Wheat Pool's Prince Rupert elevator this fall was from the Chapman ranch near Smithers.

Mountains overlooking Smithers are now garbed in a heavy cloak of white following a week of snowfalls. The snow is the heaviest for this time of the season in many years and bears indications of being permanent for the coming winter.

The restaurant in the Smithers Hotel has been opened by Mrs. E. Ness who recently arrived here from Vancouver.

Operations on both the King Tut and Victory properties, which have been under development for Capt. J. J. O'Brien of Philadelphia, have been suspended for the winter and James Kerr, who has been in charge of the book-keeping end, has left for Detroit.

NEW HAZELTON

W. W. Anderson, chairman of the board of directors of the Hazelton Hospital, presided at the graduation exercises for Miss James and Miss Castell which took place last Friday evening. Rev. T. H. Wright, pastor of the United Church, gave the address; Dr. H. C. Wrinch presented the diplomas, and Mrs. Matheson, lady superintendent, administered the Nightingale Pledge. Contributing to the program were Miss G. Miller, Mrs. Sealy, Mrs. Sutherland, Mrs. Dungate, Mrs. Roy Cuss, Mrs. Tomlinson, Miss Rock and Mr. Cameron. Refreshments were served and dancing followed.

At a meeting of citizens on Monday night in W. J. Larkworthy's store, it was decided to send an invitation to Hon. Nels Lougheed, minister of public works, to come here and investigate the Hagwilget bridge situation. He will also be shown the poor condition of the main highway west toward Carnaby.

An epidemic of measles, which has been prevalent here recently, seems to be just about over.

Mr. and Mrs. Castell of Evelyn were down last Friday to attend the graduation exercises of their daughter, Miss Mary Castell.

Mrs. C. H. Sawle spent a couple of days in Smithers this week, the guest of Mrs. George Wall.

Hazelton residents plan on cultivating many bulb plants during the coming winter.

Kenneth Morrison, carpenter by trade and resident of Hazelton for about twenty years, passed away in the Hazelton Hospital last Sunday after a lengthy illness. He was 68 years of age and a native of Cape Breton. The funeral took place on Tuesday with Rev. T. H. Wright officiating. Pallbearers were George McBean, Joseph Bosens, William Larmer, Ed. Sweet, Charles Donaldson and A. E. Falconer.

TERRACE

Miss Jessie Sherwood of Birmingham, England, who has spent the past summer at the home of her uncle, N'zel Sherwood, left on Tuesday for the south en route home. She expects to meet her father in New York and accompany him home. Mrs. Nigel Sherwood also left on Tuesday and will accompany Miss Sherwood as far as Providence, Rhode Island.

W. H. Cavanagh of Rosswood who has been spending a few days in Prince Rupert returned on Tuesday and left for his mining claims at Kalum Lake where he plans carrying on extensive improvements this winter.

Mr. and Mrs. Alex Rix of Prince Rupert are spending a short holiday in town.

A. E. Dix of the Kalum Lake Lodge, was in town during the week.

Miss A. Fountain, B.A., field secretary for Girls' Work in B.C. who was the guest of Rev. and Mrs. Wm. Allan while here on a visit to the local C.G.I.T. group left on Tuesday for the interior.

W. A. Burbank of Prince Rupert was a visitor here Wednesday.

Mrs. J. B. Colthurst returned on Wednesday from Vancouver where she accompanied her daughter Dorinda who is attending Crofton House school for girls.

Alva Moore returned on Wednesday to resume his high school studies after spending the summer at Stewart.

ROAD PROBLEMS NEAR TERRACE

Council of Board of Trade Deals With Several Matters at Interior Town

TERRACE, Oct. 5.—The regular monthly meeting of the council of the Terrace board of trade was held on Tuesday evening in the municipal hall and was presided over by J. K. Gordon, president.

The secretary reported that as a result of the complaints made by the board regarding the plankings on the Terrace bridge, work has been started at putting a new longitudinal flooring on it.

He also reported that when word was received at the beginning of the week that H. L. Frank's camp on the Usk to Copper Road was closing, a wire had been sent by the board asking the government to try to carry on the work for another two weeks, it being estimated that by that time the road would be in condition for a wagon and horses to travel over and would thus save considerable expense in moving camp now and setting up again in the spring. No reply had been received up to the time of the meeting.

Considerable discussion took place regarding the most necessary public works to be carried on during the next year, it being felt that this should receive early attention, and recommendations made to the local member and the departments of public works before parliament convenes. Roads in the Kalum Lake district were discussed and it was decided to send an invitation to Kalum Lake residents to attend the quarterly meeting of the board of trade on Tuesday, October 9, when a general discussion on necessary public works will take place.

The secretary was instructed to try to get in touch with the minister of agriculture, if he was still in the north and ask him to stop off in Terrace on his way south.

DOMINION INLAID LINOLEUM

with the NEW DOMOLAC FINISH

You will Marvel at its Beauty

DOMINION Inlaid Linoleum, long noted for beauty of colour and design, is more attractive this year than ever. It now has the DOMOLAC Finish, a mellow soft-lustre lacquer, imparting an appealing softness of tone that must be seen to be appreciated.

Other Beautiful Dominion Floors

Wider choice than ever is offered in Dominion Linoleum Rugs and Dominion Printed Linoleum. Long-wearing, beautiful, easy to clean... priced even lower than you expect... either makes an ideal floor for any room.

Domination Linoleum Rugs and Dominion Printed Linoleum do not have the DOMOLAC Finish.

Get This Fact Straight

WHAT you eat at breakfast determines the kind of day you will have. Lack of balance of essential food elements results in heavy, listless mornings.

Eat Quick Quaker Oats. It has the most perfect balance found in cereals. Contains protein, 16%, which builds tissue and stamina, carbohydrates which supply energy, 65%. Minerals which tone the blood and build bone; roughage, a natural laxative, and vitamin B, which aids the assimilation of all foods.

You need Quick Quaker to sustain you through busy morning hours when most of the day's work is done.

Be sure always to get Quick Quaker. A coupon in each package, with which you can secure many household and personal articles of genuine value. Big, full weight family package, wrapped and sealed.

LEARN TO ERECT AVIATION MASTS

George Kinch Left for Wales for Course of Instruction

George Kinch and two other petty officers from the Royal Canadian Navy left Esquimalt a few days ago bound for Cardigan, Wales. There they will take a six months course in the erection of mooring masts for airships, and after completion of the course will erect masts on this side of the Atlantic, the first of which will be in Newfoundland.

George Kinch was petty officer instructor with the R.C.N.V.R. half company here until about eighteen months ago, at which time he was transferred to the Winnipeg company.

CACHE OF FURS FOUND FARM NEAR MOOSEJAW

Mounties Take Care of the Loot and Build Dummy to Replace it

WINNIPEG, Oct. 5.—When officers of the Royal Canadian Mounted Police found a \$10,000 cache of furs, located on a farm near Moose Jaw, they seized them and then built a "dummy" cache, made of grain stocks and four coats. Then they hid in a nearby bush.

Dennis J. Penicard, known to local associates as "Dapper Dan," drove up near the "dummy" cache on the night of September 12, stepped from his car and was immediately arrested. At a preliminary hearing, Penicard was charged with theft and shop-breaking, and was committed to stand trial at the fall assizes, opening here in October.

The furs had been stolen from a local furrier on September 9.

David "Whitey" Borger, an alleged accomplice, who surrendered to local police several days after the capture of Penicard, has been given a preliminary hearing.

THINKS ESKIMO DOOMED PEOPLE

Dr. Agnew is of Opinion That They and Northern Indians Cannot Survive

That the Eskimos and Indians of the Arctic region are doomed to extinction is the opinion of Dr. R. Agnew, who is returning by easy stages by this route to Edmonton after having gone down the Mackenzie River and returned by the outside route via Behring Strait.

The Doctor says that the Eskimos living on the Arctic coast and the Indians of the region depend almost wholly on white men for their living and the change from native ways is so great that they are unable to stand against any disease which may overtake them. Last year hundreds died, mostly from influenza.

The Mounted police, Hudson Bay Company and Anglican missionaries all do their share in looking after the interests of the natives with the result that they look almost wholly to white men for guidance and aid.

PATRIOTISM IS SUBJECT OF ADDRESS

Rev. W. F. Price Expatriates on Truth and Falsity at Rotary Luncheon

"All some people do for their country is to knock it," declared Rev. W. F. Price, Baptist minister, in addressing the Rotary Club yesterday, on the subject of "Patriotism, True and False." Mr. Price urged an active patriotism that would make Canada a country of which we could be proud.

The speaker mentioned that there was a group of international socialists that was trying to obliterate nationality. Soviet Russia seemed to have the same idea. Sometimes patriotism was "The last resort of a scoundrel," as Dr. Johnson had said years ago. It was a cloak for graft and means of satisfying greed. There was a false patriotism of the windbag type which saw nothing good or estimable in any other country. This was false patriotism. No country had a monopoly of it. Also there were the little people who could see no farther than the town pump, parochial in their sentiment.

Mr. Price urged that true patriotism and internationalism and world brotherhood could well go side by side. Patriotism was a solid substantial fact of history and human nature. It could not be stamped out so he suggested it might be trained to work out for the benefit of the nation. It should induce people to make the nation worthy of pride, make Canada "a land to love."

Plague Spots

The speaker said that the true greatness of the land was moral not material, shown in the character of the citizenship. It would not tolerate plague spots such as were seen here and in other cities. It would be set against vice and dishonesty which militated against the best citizenship. True patriotism would set itself to eradicate these cancers.

That patriotism is good for Canada was also good for other countries was brought out by the speaker. If it was good for Canada it was good for Japan. We must recognize the right of every man to be proud of his own land. This led to a general respect for others and if it became general would bring about a great change in foreign policy. The vision of a world brotherhood was only an ideal. It was far from realization. Dreaming of this ideal unfitted a person for the real life at home. He quoted from the Bible, "The eyes of the fool are in the ends of the earth" to show this was no new idea. Home duties were

kept out of sight while seeing the things far off.

True Patriotism

True patriotism was the love of country. Mr. Price said, which would seek the best for the people of that country. In speaking of Canada it was not only the land that was meant but the people, the country's history, institutions, laws and Governments, school, churches and homes. It meant all that fashions character and leads up to what is best. It will make business honest and keep down drunkenness and vice.
