CONSERVATIVE LEADER AT VICTORIA

BRITISH CRITICISM OF POSITION OF THE UNITED STATES

Condition of King is Little Changed Today Following a Setback

Late Bulletin Indicates a Less Favorable Condition With Higher Temperature but Strength Is Still Maintained

LONDON, Dec. 5.—At 8:15 this evening a bulletin from the King's physicians said: "Although the King had a quiet day, his temperature has risen to a point higher than at the same time last night, showing that a recrudescence of the infection is still active. The strength of the monarch is maintained.

LONDON, Dec. 5.—An anxious public learned today when a medical bulletin on the condition of King George was issued that His Majesty was suffering from renewed activity of the infection in his chest which was previously reported to be improved. This, the bulletin stated, was what caused the disturbance in temperature which was noted yesterday. There was a measure of relief, however, in the announcement that there were reasons for hoping that this recrudescence was being moderated and that the night had been a fairly comfortable one for the King. There was nothing specific in the bulletin regarding His Majesty's temperature, nor was anything said as to how his heart was reacting to the long strain.

INTERIOR COLD SPELL BROKEN

No Zero Weather Reported Today Following Readings of as Low as 29 Below on Tuesday

All along the line weather was much milder this morning, no point reporting lower than zero temperature, according to daily weather reports of the Canadian National Railways. Yesterday morning, very cold weather was reported generally, the lowest thermometer reading having been 29 degrees below zero in the Endako district.

PRAIRIE COLD SPELL ENDING

WINNIPEG, Dec. 5.—The prairie cold spell showed signs of easing today, with Edmonton and Calgary reporting 24 and 30 degrees above zero, Regina 12 degrees below, and Winnipeg two degrees below.

GERMAN STEAMER RESCUES BRITISH

LONDON, Dec. 5.—The German steamer Uarda today reported that she was rescuing the crew of the British tanker "British Courage," which was on fire in the eastern Mediterranean.

MRS. NORTHCOTT LEAVES FOR STATES TO ANSWER CHARGE

CALGARY, Alta., Dec. 5.—Mrs. Louisa Northcott left here last night in the custody of Sheriff and Mrs. Sweeters of Riverside California, for Vancouver enroute to California where Mrs. Northcott is charged with being implicated in the "chicken ranch" murders.

Buckingham Palace quarters regarded the morning report as favorable and it was said that the recrudescence of infection causing yesterday's rise in temperature was considered part of the ordinary course of the King's illness. It was understood in Buckingham Palace circles this afternoon that the King's condition was unchanged.

There was a somewhat more hopeful view of the King's condition late last night, when it was understood that, as a result of natural sleep obtained, he was actually better and stronger than either on Sunday or Monday.

Today's Bulletin
The morning bulletin today of the King's physicians was as follows:

"The King has passed a fair night. There are reasons to hope that the recrudescence of the infection which caused the last rise of temperature is being moderated."

PLEADED NOT GUILTY TODAY

Northcott Ignores Confessions When He Appears in Court

LOS ANGELES, Dec. 5.—Gordon Stewart Northcott pleaded not guilty and denied all confessions when he appeared in the Riverside superior court to face charges of the murdering of four boys. Visibly taken aback by Northcott's abrupt face-about and the changed demeanor of the youth, who an hour before had appeared a trembling weakling, the officers brought Northcott back to his cell in the Los Angeles county jail.

SHORTAGE OF GRAIN SHIPS

Listing Light Both For Prince Rupert and Vancouver, No Word of Next Boat Here

There seems to be a general shortage of grain boats on the Pacific Coast just now. Listings for Vancouver are light and it is possible there may be no further boats here to load for a week or so.

Meanwhile, grain is moving steadily in from the prairies to the local elevator which may be full again before any boats come to load. Overnight, sixty cars of wheat arrived and this morning there were reported to be 380 carloads of grain on the territory west of Jasper Park bound here.

CONSTABLE WILL BE IN HOSPITAL SOME TIME AFTER FIGHT

Inspector William Spiller, provincial police, returned to the city on last night's train from Hazelton where he made an investigation of the circumstances surrounding the assault there last Saturday by two Indians of Constable George Wyman. The officer, who was badly shaken up in the encounter, is now in hospital and will not be out for about ten days, it is expected. The two natives were captured after the fight by citizens and are being held in custody pending the recovery of the constable when they will go on trial. Constable O. L. Hall is relieving at Hazelton until Constable Wyman's recovery.

ACTING FOR KING GEORGE

Council of State Signs Documents Today, Thus Carrying on Government

LONDON, Dec. 5.—Letters patent under seal in connection with yesterday's appointment of six councillors of state have been sealed and today Queen Mary, the Duke of York and Premier Baldwin, as members of the commission, signed several documents which have accumulated during the King's illness.

ST. ANDREW'S TEA AND SALE SUCCESS

Many Ladies Attended Function Yesterday Afternoon, Assistants and Raffle Winners

The tea and sale held yesterday by the Ladies' Auxiliary to St. Andrew's Society was a very successful affair, both socially and financially.

Among the assistants were Mrs. George Scott at the candy table and Mrs. D. C. Stuart, Mrs. S. Morin and Mrs. Robert Wiggins in the tea room. Raffle winners were: Mrs. George Geddes, Pyrex plate; Bob Irvine, box of apples, and Mrs. D. C. Stuart, cushion.

THE OLD AND THE NEW

Above is a photograph of the retiring President of the United States, Calvin Coolidge, and the new President, Herbert Hoover, standing side by side. The picture was taken exactly a week before the elections, when President Coolidge wished Mr. Hoover success in his great presidential fight against Governor Al Smith of New York State.

British Field Marshal Criticizes Imperialistic Tendencies of States as Indicated by Public Utterances

LONDON, Dec. 5.—Field Marshal Sir William Robertson, former chief of general staff, in addressing the League of Nations Union gathering, said the United States, "influenced by imperialistic tendencies, means, no matter what happens, to go on increasing her navy. Her official utterances on the question of armaments not infrequently bear a close resemblance to Germany's claims previous to the tragedy of 1914."

THIRTY PROMINENT CANADIANS ARE INDICTED BY GRAND JURY CONSPIRACY TO SMUGGLE LIQUOR INTO STATES

BUFFALO, Dec. 5.—Thirty Canadians were indicted by the federal grand jury here for conspiracy to smuggle liquor into the United States. The men cannot be arrested unless they enter the United States. Among the indicted are Harry C. Hotch, chairman of the board of directors of Gooderham & Worts, Ltd., of Toronto, and Hiram Walker Company of Windsor; Edward T. Sandem, president of Taylor & Bate, brewers, St. Catharines; Herbert T. Hatch and Larry J. McGuiness, members of the liquor brokerage firm of Hatch & McGuiness.

COL. SIMPSON DIES WINNIPEG

WINNIPEG, Dec. 5.—Lt. Col. William John Simpson O. B. E. is dead following an attack of pneumonia. He was born in Ontario in 1868, was formerly chief purchasing agent at Canadian headquarters overseas and later, director of contracts. After the armistice he was the director of sales, disposing of the Canadian government stores remaining in England. A profit of \$1,000,000 was shown in motor transport sales alone.

FRED SCADDEN NAMED MOOSE LEGION HERDER

Elected to Succeed Thor Johnson Who is Believed to Have Been Drowned

At a meeting last night of the Prince Rupert Moose Legion, Fred Scadden was elected to the office of herder in succession to Thor Johnson, who is believed to have been drowned last week. A vote of sympathy was passed for conveyance to the widow and stepson. The Legion decided to hold its annual ball on January 25. Alois Ohnesorg, great north moose, presided.

Conservative Leader Appeals to Victoria Electors for Plunkett

Urges That Economic Independence for Canada Is Great Question of Day and People Had to Decide by Their Votes

VICTORIA, Dec. 5.—The creation of economic independence for Canada was urged in an address here last night by Conservative Leader Bennett, who was speaking in the interests of D. B. Plunkett, Conservative candidate in the federal by-election.

Mr. Bennett appealed to the citizens of the country to solve the problems, which, he declared, must be faced if the Dominion was to become economically independent.

He also referred to the prosperity of the country, and said that he rejoiced in this, but claimed that an analysis of the sources from which it sprang showed other than a healthy condition in looking to the future greatness of the Dominion.

The Conservative leader said he was appealing for the future. It was, he said, a question as to whether the young people of the country should remain and develop the Dominion or go to a foreign country. It was, he declared, a question as to whether they should follow the raw materials to foreign country and become citizens of that country. There was, he continued, a sharp division of opinion between the two parties in Canada on these matters and the appeal now being made was for a decision as to which opinion should prevail. "Vote for national life of Canada," Mr. Bennett urged, in appealing for the election of Mr. Plunkett.

NEW TRIAL IN MURDER CASE

Vernon Booher Gets Another Chance for His Life on Charge of Killing

EDMONTON, Dec. 5.—The conviction of Vernon Booher, sentenced to hang December 15 for the murder of his mother, brother and two hired men near Mannville last July, was quashed by the appellate division of the Supreme Court of Alberta yesterday and a new trial will probably be held in January.

The conviction was quashed on the ground that the crown prosecutor elicited from Inspector Hancock of the Alberta provincial police a statement that had been ruled out in Booher's confession of the murders.

Players' Club Won 26 to 20 Over Kincolith Last Night in Fast Basketball Match

Eagles Won From Navy in Exciting Intermediate League Overtime Encounter; High School Beat Toc H.

The Players' Club defeated Kincolith 26-20 last night in a fast and furious senior basketball game. The first half was played fairly clean, but during the second half the players were inclined to rough it a bit, but Referee Skinner was able to check up on such plays. Good combination was played by both teams, with the Players' Club having the better of the game. Because of the similarity of jerseys many passes were intercepted by the opposing team. One such pass resulting in a basket for the Players' Club. The Players' Club started out strong and took a decided lead before Kincolith scored a point. Poli Howard was high point man for the Players with 12 points. The combination of Mitchell and Howard was very effective and netted eight points in the first five minutes of the game. Kincolith played hard but was not able to hold the Players' Club. Kincolith had a lot of hard luck from shots under the basket, while luck was with them in long shots.

Poli Howard opened the scoring for the Players' Club with a nice shot from the side on Mitchell's pass. Mitchell again passed to Howard, who scored during a mix-up of players. Kincolith passed to Howard in error, Howard scoring. Howard again received a pass from Mitchell, to score. George Stewart scored Kincolith's first basket on Trimble's pass. Howard scored on Smith's rebound. George Stewart scored on Johnstone's rebound. Johnstone scored a point on Gosse's foul. The Players' Club called time out. Players Club 12, Kincolith 6.

On the resumption of play Trimble added another point on Phillips' foul. Robertson made a long pass from the other end of the floor to Johnstone, who scored. Phillips passed to Mitchell, who netted another. Phillips scored on Robertson's foul. Stewart fouled Gosse, who scored. G. Stewart made a long shot from centre and then scored on Smith's foul. On Phillips' throw-in, Mitchell added another two points. The half ended with G. Stewart scoring on Mitchell's foul. Players' Club 18, Kincolith 12.

Tom Kelsey opened the scoring

are showing a gradual improvement in their playing and should soon be able to give any of the teams a good game.

The teams were:

R. B. Skinner refereed all games, assisted by Doug Frizzell and G. Stewart. Oke Jackson was official scorekeeper and S. D. Macdonald official timekeeper. F. W. Allan was on the door. There was a large crowd of fans in attendance.

The executive of the Basketball Association held a meeting after the game and decided to suspend B. McDonald of the Eagles and George Howe of the R. C. N. V. R. for fighting in the dressing room. The question of water spots on the floor was also discussed and an attempt will be made to remedy the trouble before the league night.

Intermediate League
The Eagles defeated the R. C. N. V. R. 24-23 in a five-minute overtime game. This match was very exciting from the very first, both teams playing a hard game of basketball with little to choose between them. This is the second game which the Navy boys have lost in overtime. The Eagles had many shots at the basket but were not able to score often during the first period. During the second half the Navy missed the basket quite frequently. At half time the score was 7-6 in the Navy's favor. At full time the score was 20-20. In the five-minute overtime period, Pierce scored first for the Navy, Dingwell made two nice baskets for the Eagles. Bagshaw scored on Murray's foul. The game ended with the Eagles winning by one point, 24-23.

The teams were:

With capital furnished in Chicago, development work will be carried on throughout the coming winter on the North Star property adjoining the Dolly Varden in the Alice Arm district. All supplies are now at the mine. The tunnel, which was commenced last fall, was driven a distance of 225 feet and a cross-cut was driven 60 feet through a heavily mineralized ore body 15 feet wide. This ore body is now being drifted upon. A sample of ore

CHEAPER BOOKS ARE DISCUSSED

Teachers' Federation Finds Drawbacks as Well as Benefits in Proposed Scheme

The regular monthly meeting of the Prince Rupert Teachers' Association was held last evening in the Booth Memorial School with J. S. Wilson presiding.

Discussion regarding the recent announcement from the minister of education in connection with the suggested plan for saving expense in the cost of books supplied by the department as free textbooks took place. There were many points brought up in the discussion touching on the benefits to be derived by children and their parents by the initiation of such a system. There were many serious objections as to its feasibility and the benefits were probably of less value than would appear on first examination.

The matter of weekly or other periodical assignments of work to pupils in schools was productive of active discussion. Some teachers had felt that it worked out satisfactorily, inasmuch as it enabled the brighter pupils to get more and varied work done and at the same time was an incentive to the less intelligent ones. The difficulties of it as applied to different subjects were evident, but its value was recognized.

In the teaching of spelling, composition and history there were problems peculiar to each subject and these were discussed with suggestions as to how some of the difficulties might be solved.

The comparison of results of intelligence tests given to the same pupils at an interval of two years revealed surprising differences. Some pupils had apparently lost much of their reading ability in the time, while others had improved to an equally surprising extent.

The January meeting will take the form of a social entertainment and committees were appointed to make the necessary arrangements.

taken from the surface of the property recently gave the high returns of \$65 in gold, 375 ounces of silver and eight per cent lead per ton. It is believed that the North Star contains a continuation of the rich ore bodies that made the Dolly Varden so famous. It is understood that new capital may soon be interested in the property.

Alice Arm people in two days recently bought over twenty thousand shares of the Utility Mining & Financing Co., which is developing the Tiger mine, the price being 20 cents per share. The Tiger was always counted upon at Alice Arm as a future mint and phenomenally good results obtained lately in developing the ore came as no great surprise there. Other mining companies will be organized at Alice Arm in the near future to develop well-known properties, including the Home-guard, and the people of the camp intend to show their confidence by getting in on the ground floor.

J. F. Duthie has authorized the contract to drive a tunnel on the Rufus-Argenta at Stewart to intersect the Erickson vein. This vein gave good assays on the surface. It is estimated that, by working three shifts, the vein should be reached in four months.

PREPARING FOR CHRISTMAS

It is only a short time to Christmas and active preparations are going on with a view to a proper celebration. Already people are being invited to spend the festive season with neighbors and friends and doubtless most of those having no homes will be guests of others who have. All that is well.

After all is done, there are always some who through unfortunate circumstances are not able to qualify for places in a great many homes. They do not belong. These are the men and women whom the Salvation Army takes care of and provides a good home-cooked dinner for Christmas Day. The Army aims to see that nothing is lacking and that the less fortunate are made as happy as human effort can make them. That is the work in which they ask the citizens of Prince Rupert to take part.

UNDERTAKING OUR DUTIES

Prince Rupert people have cause to be gratified that someone is doing work in the city which otherwise might be neglected. The city neglected to provide playgrounds for the children, so the Gyro Club came to the rescue, organized a campaign and gave the people here an opportunity to repair the neglect. So it is with the Salvation Army. At Christmas time there are always a few people neglected when it comes to the Christmas dinner. The Salvation Army is in a position to act on behalf of the citizens in providing for those and also to send hampers to families where it is better that they form their own Christmas circle. To give those wishing to do so an opportunity to help in this work a subscription list has been opened and the names of donors will be published, unless, as is sometimes asked, a nom de plume be published instead of the name of the donor. The list is now open and money or goods may be sent to The Daily News office or to the Salvation Army headquarters.

It may be mentioned here that the money subscribed will not be used in the general work of the Army, but simply for the Christmas dinner and hampers.

UNITED STATES POLICY

The policy of President Coolidge in urging the building of more big cruisers should not be interpreted as being a dare to Great Britain. There has been no such intimation given. The United States has to defend its western as well as its eastern coast and the latest developments in China will make it even more important that a police navy be maintained which will make it possible to keep order among Oriental peoples.

Also it may be mentioned that as the United States has assumed a benevolent protectorate over all other American countries, practically pledging itself to defend them against aggression, it becomes necessary for that country to have a big navy. The failure of Canada to provide any defence makes it important for the States to provide more.

WARNING OF BANK

The head of the Bank of Montreal has issued a warning to the people of Canada against the speculation which is going on and which is likely to lead to disaster. It is particularly at New York that the craze is now evident, but its ramifications extend to almost every part of Canada. Stock exchange gambling is much too prevalent for the good of the nation. Should a crisis be precipitated it would tend to paralyze legitimate business.

PRINCE RUPERT

There are a great many improvements that might be made to Prince Rupert and district in order to make this part of the country more prosperous. Some of them may be easy of attainment and others difficult. Here are the suggestions:

- Trans-Pacific steamship service.
- A large hydro-electric power development.
- Erection of smelter in vicinity.
- Establishment of a paper mill.
- Establishment of a shingle mill here.
- Establishment of connection with and development of interior coal fields.
- Securing direct connection with Peace River.
- Joint operation of railway to port by C. P. R.
- Establishment of local steamship service to nearby points, making Prince Rupert home port.
- Building new post office at Prince Rupert.
- Improved docking facilities for fishermen.
- Tourist road to top of mountain.
- Completion of highway to Terrace.

CHRISTMAS SEAL

Christmas Seals similar to the above only in colors are again being sold this year by the Tranquille Tuberculosis Society for the purpose of financing the work of investigating curable cases of tuberculosis, seeing that the patients are given proper treatment and care and returning them to their homes strong and well. It is a forward step and worthy of support.

Only Thought He Thought

An old Methodist Bishop was at a meeting where the speaker had made a strong appeal. One of the men on the platform gave visible signs of having been greatly impressed. His brow wrinkled noticeably. A man sitting next to the Bishop whispered to him: "Blank up there seems to be thinking hard."

"Thinking!" replied the shrewd old churchman. "He's not thinking; he is merely rearranging his prejudices."—Methodist Recorder.

DEFICIT SHOWN IN U. S. POSTAL SERVICE TODAY

Report Is Presented to Congress Dealing With Its Activities

WASHINGTON, Dec. 4.—(A.P.)—Results of an improvement and expansion program in the American postal service, particularly in the air mail, were set out by Postmaster-General New in his annual report to President Coolidge, which noted an operating deficit of \$33,363,148 for the year ended June 30.

The operation of the Jones-White Merchant Marine Act, designed to stimulate American shipbuilding with aid from postal revenue, was not reflected in the report, as new contracts could not be made to begin during the period. The five-cent rate on letters sent by air also was made effective since the date of the report, but Mr. New said that the contract air mail service appears to justify his opinion that private enterprise can perform the work creditably.

The postmaster-general recommended amendment of the March 8 act under which contracts were let during the past year for transporting the mails by air between New York and Montreal, Key West and San Juan, Porto Rico, and between Key West and the Canal Zone, asking authority to make contracts for routes between the island possessions and foreign countries, between such island possessions, and over routes in foreign countries.

"The fiscal affairs of the department indicate careful and economical administration of the service," he said. "Notwithstanding the decrease in the increase of postal revenues under those of the preceding year, the operating deficit increased at a lesser rate per cent."

The revenues of the service were placed at \$693,633,921, an increase of 1.54 per cent over last year, when the increase was 3.53 per cent. The audited expenditures were \$725,699,765. The final estimate of the sum needed to run the department was \$760,973,379, and the amount carried in the appropriation set \$753,336,200.

The task of ascertaining the revenue derived from and the cost of carrying and handling the various classes of mail was continued, Mr. New said, and recom-

mendations for appropriate legislation will be submitted to Congress shortly after it convenes.

The average per capita expenditure for postage was \$5.11. A reduction of 8.5 per cent in the number of undeliverable letters was noted, but these "dead" messages totalled 23,649,044 pieces. The decrease was ascribed to the department's campaign to induce mail advertisers to use envelopes bearing return addresses. Money found in dead letters or loose in the mails totalled \$98,678 and 461,441 parcel post packages went unclaimed.

Fashion Fancies

A Luxurious Evening Wrap Whose Admirers Are Legion

Here is an evening wrap of white ermine that is dazzlingly beautifully and as smart as anything the season has seen.

Naturally it is not for those who count their pennies, for ermine is prohibitively high. But if you have money to burn you will want to add an ermine evening wrap to your wardrobe.

This model has a rippling cape bordered in baum marten, and a standing collar that adds just the note of regal indifference so tantalizing in a wrap of this kind.

AN OLD-TIME FAVORITE RE-APPEARS ON FASHION'S HORIZON

Persian lamb, once upon a time the standby for coats designed for the older women, has now invaded the field of youthful fashions. Today it shares honors with caracul, dyed squirrel and mink—and rightly so, for it is one of the loveliest furs on the market.

Naturally, it is no longer made into long and bulky coats. It is treated as a youthful fur and designed into smart, snugly fitted models, such as the one illustrated here.

This attractive example of the newer mode is of black Persian lamb with a subtle side flair and long shawl collar. Both flair and collar are of natural Persian lamb, which contrasts smartly with the lustrous black used for the body of the coat.

ENGINE WILL MAKE AIRPLANES AVAILABLE

DETROIT, Dec. 5.—Aeroplane will be as thick as automobiles and as popularly accepted as an important means of transportation, whether for business or pleasure, just as soon as a reliable, light weight and relatively cheap aeroplane engine is designed.

That is the opinion of Captain L. M. Woolson, research engineer and designer of a long line of engines for aeroplanes, automobiles and speedboats.

"I believe that if we had today an aeroplane engine weighing one pound per horse power, which would be capable of running 1000 hours without a stop and which could be sold for about \$10 per horse power, the aeroplane business would rival and soon outstrip the automobile industry," Mr. Woolson says.

For years it has been Rogers Hornsby's ambition to be a member of the Chicago Cubs baseball team. As long ago as 1925 Hornsby asked if it would be possible to negotiate a deal that would take him to Chicago.

Hornsby believes he will have a good chance to tie or break Babe Ruth's record of sixty home runs in one season, if he plays with the Chicago Cubs.

Just about the funniest shuffle in baseball was the shift which sent Bill McKechnie, who won a pennant for St. Louis Cardinals to manage the Rochester team in the International next season and brought Billy Southworth back to St. Louis from Rochester in McKechnie's place.

KAIEN MALE QUARTET GOOD

Last night at the Capitol the Kaien Male Quartet, consisting of Messrs. Davey, Teng, Blott and Clapperton, delighted a large audience with their renderings of "Drink to Me Only With Thine Eyes" and "When I Grow Up."

This popular quartet will appear again tonight as an added attraction with the big feature picture "Ben-Hur" and will sing "I Passed by Your Window" and "They Kissed, I Saw Them do it."

CANADIAN NATIONAL HOLD STEAMER FOR CHRISTMAS SAILING

In order to accommodate those desiring to go south after schools close Friday, December 21, the Canadian National Steamships announce that on that day the S. S. Prince Rupert will be held here until 6:00 p.m., arriving Vancouver at 9:00 a.m. Sunday, December 23. Make reservations early at City Ticket Office, Third Ave. Phone 260. 298

G. S. Clark, Vancouver barrister, arrived in the city on yesterday afternoon's train from the south to continue negotiations with the city on behalf of the Los Angeles Power Co. for the purchase of the hydro-electric plant and franchise. This concern, it is understood, is already to instal a street lighting system if its offer should be accepted.

Dry, Hacking Cough Was Caused By A Bronchial Cold

Mrs. A. Primeau, 26 Ingram St., Chatham, Ont., writes:—"I am pleased to take this opportunity of telling you of my experience with

Dr. Wood's Norway Pine Syrup

"Early last winter I suffered from a severe bronchial cold that left me with a proking, dry, hacking cough. After being bothered with it, both day and night, for some time I had a professional nurse recommend the above cough syrup which I took with wonderful results, and, now, it is the only remedy I ever use for colds."

Price 35c. a bottle; large family size 60c. at all druggists or dealers.

'BEN-HUR' FINAL TONIGHT

Greatest Picture of All Time Shows Last Time at Capitol

After a tremendous reception Monday and Tuesday by local picture lovers, the biggest picture of them all—"Ben-Hur" will close with tonight's show.

Monday afternoon, when a special matinee was held at 3.30 for boys and girls, the chariot race gave the kiddies a great thrill and their cheers could be heard a block away. Monday and Tuesday nights capacity audiences marvelled at the lavishness of the big production. The sea fight, in which the Romans are attacked by pirates, amazed everyone and many are still at a loss to know how such a scene was ever filmed.

Tonight's showing of this great masterpiece will give all who have not been able to see it, a final opportunity as well as those who have seen it once, a chance to enjoy this highly educational and entertaining photoplay a second time.
