News of the Mines AROUND PRINCE RUPERT

Premier Active in Marmot Section—Consolidated Makes Strike at Big Missouri—New Stewart Company

The advent of the Premier into the Marmot River section at Stewart is having the effect of making that district virtually hum with activity. The prospect is that the Marmot may soon loom large as a producing area. The Premier has already slashed much of the right-of-way and it is expected that by July the tramway should be completed toward the Porter-Idaho. At the same time, the company is to proceed with the construction of a dock which will serve as a shipping terminal for the tramway, enabling steamers to load alongside. It is expected that the company will exert efforts to make up with Porter Idaho for what from fill operations reaching new high deficiencies may occur in his high levels. At the Anyox plant some advance shipments from the Premier. It is estimated that the Premier hopes to net, forced substitution of more expensive from its share of Porter Idaho stock, between \$40,000 and \$50,000 a month from ore shipments. First ore will probably be shipped from the vein enclosed by the Premier when it was driving through Porter Idaho ground to reach the Prosperity.

It is reported that the crew of the Consolidated Mining & Smelting Co., working in the Big Missouri mine long cross-cut tunnel, encountered an unexpected body of high grade ore recently at about 1200 feet from the portal and a short distance beyond the calc vein. While the company retains a strict silence with regard to its operations, it is nevertheless understood that a wide body of ore, spectacular in appearance, has been cut. One story is that the vein is thirty feet wide and that it was a blind ore body not outcropping on the surface.

Despite adverse operating and selling conditions, the Granby Consolidated Mining, Smelting & Power Co., Ltd. showed a net operating income in 1927 of \$1,428,579.50 or \$3.22 a share on its outstanding stock. A notable feature of the annual statement was that the company had completely disposed of its bond obligations, having applied cash to the amount of \$1,200,000 for that purpose as well as converting most of the \$2,469,200 of debentures outstanding. "From an operating standpoint," the annual report says "the results for the year were quite satisfactory, increased efficiency being manifested in the several departments and recoveries

The Cassiar gold property, adjoining the Sebawke holdings to the north in the Salmon River valley, will be developed this year by Cassiar Gold Mines Ltd., a new company. F. C. Winkler of Stewart is one of the principals in the company which includes on its directorate Dr. O. O. Lyons, Major W. G. Swan and D. M. Macdonald.

The Federal Mining & Smelting Co., which has acquired the Mohawk mine near New Hazelton, plans to discontinue shipping of ore for the present and devote all its efforts to the development in the way of bleeding out a sufficient amount of ore to warrant the construction of a mill for the property.

That Seattle may soon share the stage with Vancouver in the matter of interest in British Columbia mining is an opinion that is expressed. Seattle newspapers, which formerly discouraged both mine finance advertising and publication of news concerning the activity of the mines, are changing their policy and are now asking for articles on British Columbia mines. The next big mining market activity may result from Seattle buying, it is said.

GYROS HEAR A FINE ADDRESS

FATHER MORIARTY SPEAKS TO SERVICE CLUB AT ITS LUNCHEON WEDNESDAY

CONSCIENCE COUNTS

WORLD PEACE WILL COME LARGELY AS RESULT OF INDIVIDUAL INFLUENCE One of the most eloquent and impressive speakers the Prince Rupert Gyro Club has heard in many a day was Rev. Father D. J. Moriarty, O.M.I., of Vancouver, who addressed the club at luncheon Wednesday, his subject being "It's Conscience That Counts." Declaring that all human beings were striving for happiness and that the main factor in bringing about happiness was peace, the father, who punctuated his address with many witticisms, treated the subject of peace in three classifications—international, national and domestic or pertaining to the community. Peace and happiness were brought about, he said, largely through the knowledge on the part of the individual that he was doing what was right and his confidence in his fellowman.

Leagues of Nations, World Courts, contracts between the nations—none of these would ensure peace among the nations though he decried none of them the speaker said. Without conscience on the part of the people—the consciousness of what was right and wrong—there could be no peace. Nor without the conscience of the people could there be national peace or could the crisis through national feeling, hatred of the classes, religion, etc., be averted. It might be difficult for such organizations as that which he was addressing to make their impression in the matter of international or national peace but they could play an important part in bringing about domestic peace in the community—by their service, their benevolence and their example as men. In this connection, Father Moriarty alluded to a great work that might be done with the children. Without conscience, education was of no avail, the speaker declared. One might attain to the heights of learning but, being unmoral, be of no service. The value of religion was stressed by the speaker and, in this connection, he referred to words of Napoleon Bonaparte and Calvin Coolidge. He made a brilliant appeal to his hearers to live right, have confidence in one's fellowmen and treat others as he would himself be treated that the world, the nation and the community might benefit thereby.

Father Moriarty spoke about twenty minutes and held his hearers in rapt attention with his eloquence and the earnestness of his message. At the conclusion of the address, President L. W. Waugh expressed the warm appreciation of the club.

Guests at the luncheon included F. O. Dawson, R. E. Moore, M. P. McCaffery, E. W. Marentette and J. D. Fraser, Prince Rupert; C. A. Pyne, Prince George, and Mr. Davidson (Booth Fisheries), Seattle.

The raffle for the day was won by E. J. Smith.

Reporting for the recent hoedown dance for which he was general manager, C. C. Mills reported that there would be a profit from that event for the playground fund of between \$250 and \$265.

JACKIE COOGAN NO LOVE THEME

PICTURE SHOWING TONIGHT AND TOMORROW SHOWS INDIAN WARFARE AND HE-MAN STUFF

"I'm glad they don't put love stuff in my pictures for me to do—I don't like girls—much."

So says Jackie Coogan. He hankers for he-man roles on the screen—fighting Indians or detecting a la Sherlock Holmes—but he doesn't care to see himself in any love scenes. He'd rather play with the "fellows" at military school than be where girls are present. But then—Jackie isn't in his teens yet. Maybe later— However, Jackie has just finished what he regards as the finest role he ever played—from his standpoint. He has adventures galore in a drama of Indian fights and pioneer frontier—and he doesn't have to have a girl in it.

This picture is "The Bugle Call," his new Metro-Goldwyn-Mayer vehicle playing tonight and tomorrow at the Westholme. It is a vivid drama of the frontier, a historical romance laid in the early '70's, on the famous Bozeman Trail, gateway to the West.

Jackie plays a bugle boy in a frontier cavalry post, son of the captain of a cavalry troop, and his thrilling adventure in which his bugle saves the fort in a dramatic climax is really based on history. It's a role Jackie fairly revels in.

Claire Windsor plays the heroine of the new picture, while Herbert Rawlinson plays the cavalry captain, widowed father of the youthful hero of the story. Of course, Claire and the captain get married in the picture—so that lets Jackie out of "doing love stuff." He leaves that to Herbert.

Edward Sedgwick directed the new production, in which Indian fights on the frontier and other spectacular action serves as a background for an appealing human interest play.

Mr. A. Hills, who has been residing in Victoria or the past year or so, returned to the city on the Cardena this morning.

GOOD DAY AT PORT SIMPSON

OVER ONE HUNDRED LOCAL PERSONS MADE TRIP TO NEIGHBORHOOD VILLAGE TO ATTEND CELEBRATION

The presence of two native bands enlivened the town considerably. Local people were welcomed in all the events and many participated. One of the features of the day was the speed boat race which was won by R. Boyd Young, Doug, Stork of Prince Rupert had his new speedboat "Spirit of Bronchitis" in this race but the boat was not behaving just as well as it might have.

About fifty persons went out on the Prince Rupert Salvage & Towing Co.'s Salvage Princess which was donated for an excursion for the Prince Rupert Swimming Club. CATARRH

Catarrh is an inflammation of the mucous membrane and occurs first in acute form, being almost invariably the result of elements in the circulatory system which irritate this particular tissue.

The most common location of this inflammation is the nasal cavities and throat because they are subject to noxious gasses breathed from the lungs as well as internal irritants. Repeated attacks of acute nasal catarrh will by reflex activities of the nerves irritate intrinsic muscles of the neck, causing subluxation of cervical vertebrae, pressure on nerve trunks and a permanent impairment of functions resulting in a chronic condition.

If nasal catarrh is left to its own ultimatum, the inflammation usually spreads to the sinuses of the facial bones, eustachian tubes and inner ears affecting hearing or vision, or both.

Your condition will be easier dealt with now than later.

Close Match Between Gurvich and Harding in Which Local Boy Given Decision After Twelve Good Rounds

Putting up the best fight he has ever exhibited in a local ring, Battling Dido Gurvich at the Exhibition Hall on Wednesday night, fairly outpointed Alf Harding of Calgary and, was entitled to the decision he was awarded by one judge and the referee after a gruelling twelve-round bout.

Though the majority of the good-sized crowd that witnessed the bout seemed to be in sympathy with the decision of one judge who gave his award to Harding, who doubtless carried the fight to the local boy practically all the way, a careful tally of the actual points showed that Gurvich hit his opponent the most, though perhaps not so very heavily on many occasions.

First round—Right at the start Harding launched into a vicious attack and charged Dido into the corners and ropes. Alf snorted like a whale in his onslaughts and was smiling a lot. Dido covered up in a crouching position and landed some upper handed right clouts.

Second round—They were having a real rough and tumble with Harding charging first and then Gurvich. There was a brief spell of toe-to-toe slugging. Harding swung hard and some were wild, missing. Though Alf was chasing Dido around it was probably the latter's round for what attacks he made were more effective.

Third round—Two charges by Alf made Dido cover up tight. Then Dido landed two or three tough ones. Harding was leading and setting a furious pace with Dido holding him off. There was a lot of slugging in this round which was Harding's.

Fourth round—Dido was doing the leading at the opening. He missed a swift uppercut. Harding was not so lively but he rushed and missed. He took a hard smacker from Dido who had this round.

Fifth round—Dido was boxing the best and was doing much of the leading. There was clinching and a spell of toe to toe. Dido was as good as Harding in the infighting and also took the round.

Sixth round—Harding chased Dido around the ring and hit him hard, getting a fair return. Dido's longer reach was serving him well. It was Harding's round.

Seventh round—Dido running around the outside of the ring landed first and then got some lively clouts for his trouble. Harding was holding the centre of the ring with Dido dancing in and outside from the edges. It looked like Dido might be tiring but there was lots of life in him yet.

Eighth round—Harding was the aggressor and did most of the hitting. Dido was crouching and hanging on. It was hard for Harding to find his face or the front of his body. Dido was missing more than previously. Harding's round.

Ninth round—They were both slowing up with Dido slightly the best at first. Gurvich drew a bloody nose in infighting toward the close of the round which was fairly even.

Tenth round—Harding, who had his eye out for a knockout, launched another fierce attack which Dido fairly returned. Dido seemed somewhat fresher and possibly had a shade of this round.

Eleventh round—Dido tapped Harding's face several times, particularly his nose. His skill at covering up saved him from Harding's onslaught and possibly a good deal of punishment. Then Dido uncorked an offensive of his own which was enough to give him this round pretty clearly.

Twelfth round—Harding opened right up and was obviously after a knock out. But Dido's defence was too good and he fought enough himself to make things fairly even.

PRELIMINARIES The curtain raised for a three round exhibition between Wasio Antonelli, a young, Italy and Donald Kennedy as Young Scotland. These youngsters put up as fine a "kid fight" as has been seen here and were slugging right into each other all the time with plenty of action to draw down much applause and put the crowd in such humor that there was a generous shower of silver.

In the second preliminary, Curly Nelson was considerably too heavy for Eddie Smith. In spite of this there were some heavy exchanges with Smith providing most of the action while Curly calmly waited and had the best of it. When Nelson landed he landed hard while Smith was a bit wild and considerably winded. Nelson was awarded the decision in three rounds.

The Nick Gurvich-Johnny Pierce engagement did not last long. Johnny was a nervous boy when he entered the ring and Nick knocked him down and dazed him. Johnny got up and looked for Nick and didn't have to wait long. Nick socked him so hard that Johnny appealed for mercy to the referee and it ended thus before a round was through.

Jack Holroyd had it all over Jimmy Ryan of Metlakatla but the latter was game and took his flanking like a little man, and made Jack earn the decision. Holroyd did all the leading. All Jimmy did was one or two ineffective jumps. Jack hit the native hard but could not down him though he gave him a bloody nose which smeared his whole face up. Jimmy was brave and made Jack work to the end.

The crowd got a kick out of the four round semi-wind-up between Tommy Crowley from Wales and Tiger Boulter. Tommy had a queer action which made everybody laugh. He had a slow motion wind-up from side to side and every time he got hit he smiled. He did not appear to be looking but apparently

he was. Boulter was the aggressor in the first round for Crowley wasted no energy or talents. Crowley launched a couple of attacks in the second round after Boulter had led up to him. The Welshman seemed to be surprised that he was not getting hit more. He covered up well and did some clever dodging. Both landed some in the third round though Crowley was covering up altogether too much to make a fight of it. It looked like Crowley must be saving something up. In the fourth round, his left hand seemed to be out of action. He was working only with his right. Though Boulter provided the most of the action, all he got out of it was a draw.

The purse for the main event was \$300—evenly split—win, lose or draw. Though the management lost money on this show owing to the smallness of the crowd, Promoter Charlie Brown states there will probably be a return bout between Gurvich and Harding about the middle of next month with the bout with Ray Clark following later.

REGIMENT WINS FIRST SOCCER

DEFEATED GRAND TERMINALS 5 TO 2 IN HARD FOUGHT MATCH ON HOLIDAY

The first meeting between Grand Terminals and the Regiment took place yesterday afternoon and the Regiment ran out winners of a keenly fought game by 5-2.

Playing downhill in the first half the Regiment had the better of the play especially as Terminals had only ten men for a time. Baptie was dangerous but Brick Skinner was in grand form at back playing a fast sure game. Dido Gurvich and Nick Chenoski were a dangerous wing for Terminals and the Regiment's new half-back Appleyard had a busy time trying to hold them. Baptie worked through to put his side a goal up. Wilson was well fed by Russell and crossed a couple of dangerous balls but they were cleared. Then Dickens made a good run and nipped in between Corbett and Norrington to equalize. Hodgkinson crossed well. Ross was very sure in Regiment defence and Harris stopped many a passing bout. Then Dickens got through to put his team a goal up, rather fortunately. Chenoski and Gurvich were always dangerous but Wilson got away and from an acute angle put his team level with a nicely judged shot. Teams crossed over on level terms.

The second half produced much better football. The Regiment combined well and pressed most of the game. Hill and Howe defended well but Terminals forwards could do little with Regiment defence, all of whom were playing well. Appleyard tested Gurvich with a long drive but Spiro was safe. Then Russell scored with a fine drive. Dickens was getting little support. Doherty and Hodgkinson had a fine chance but the ball went out. Then after Gurvich had pushed out a shot from Baptie Wilson closed in and

gave him no chance with a hot shot. Terminal defence was tiring though Skinner was still working hard and well. Howe stopped Wilson and then, when Dickens had a chance, he found three of the Regiment too many to beat. A long drive from him was too high. Regiment combined well and Baptie shot hard. Gurvich got his hands to the ball but could not hold it and Regiment was three goals ahead. Baptie missed a good chance after Bye had made an opening and then narrowly missed with two long shots. The game was well contested to the end but no further score was registered and Regiment ran out the winners five goals to two.

Terminals were best served by Spiro Gurvich, Skinner, Howe, Hill and Dickens. Dido Gurvich played hard but Chenoski was the pick of the forwards.

Regiment had a good defence specially in the second half. Corbett had an easy time. Ross and Norrington defended well and Appleyard played a strong forcing game. Harris was always prominent with Bye working hard in his new position. Baptie was good in the centre and Russell played the best game for many a day. Wilson and he made a dangerous wing.

Teams

Terminals—S. Gurvich; R. E. Skinner, G. Howe; Crowley, G. Hill, Cooper; D. J. Hamilton, Strachan, A. Dickens, Chenoski and D. Gurvich.

Regiment—Corbett; Ross, Norrington; Appleyard, Harris, Bye; Wilson, Russell, Baptie, Doherty, A. Hodgkinson.

After a threatening and showery morning, weather conditions became auspicious yesterday afternoon and the Elks, Fair Board and Football Association were able to make a very successful celebration of Victoria Day. athletic endeavor in Prince Rupert will now settle down to the summer program. Apparently, the only kind of sport we shall have this season will be football, with Senior and Junior, but unfortunately not an Intermediate League, going. Jurgling from the response so far, the fans are going to give soccer a full mead of patronage this season even if they can get no baseball. There may be some talk heard that there may yet be a chance for baseball but that chance, with May well passed and no organization of a league yet attempted, would seem rather slight. The next break in the local sporting calendar will be the Dominion Day celebration with possibly something doing in connection with the Elks' flag day on June 4.

Waiven have been asked on George Sisler, once considered the best first baseman in baseball, and no American league club wants him at the waiver price of \$7,500. Announcement that Sisler was no longer wanted by the Senators was made by Clark Griffith, president of the Washington club, and in turn came a statement from President E. S. Barnard, head of the American league, that there were no claimants for Sisler's services. If no deal is made involving the player and Griffith does not decide to keep him, he must be given his unconditional release. Sisler has been in the big leagues more than 0 years, breaking in with the St. Louis Browns in 1915 and, as a 10-year-old man, is entitled to his release as a free agent.

Mrs. D. McD. Hunter, Miss Georgina Hunter, R.N., and Miss Anne Castell, R.N., left on this morning's train for Lake Kathlyn, near Smithers, where they will spend the coming three weeks on vacation.

ECONOMICAL! "My Perfection is economical in fuel and clean. Requires small space in the kitchen. No heat after using in warm weather. No chimney or pipes to repair and clean." Mrs. A. C. Goss, Ont.

JUST imagine an oven in which you can cook four pies at one time over a single burner! All will be done in record time perfectly cooked, evenly browned. 'Live heat' does it! And only Perfection ovens employ this principle.

Every drop of oil is changed into clean, intense heat in the long chimneys. No smoke, no soot, no odor. The patented wick stop will not permit the wick to flare or the flame to rise above a set point.

See the new Perfection at your dealer's. Prices range from \$8.75 to \$21.50. For complete information write, General Steel Ranges, Limited, Toronto, Ontario.

The Truth-

NO LYE

You'll find no lye bottle under our apron when we do your family washing. We use only sudsy soap and rainsoft water to wash clothes clean. We don't rub your clothes threadbare, either. Just swish suds and water through every fabric pore. Our method makes clothes last longer. Makes 'em cleaner, too. Just let us do a trial job—then you'll see!
