BRITISH WAR VESSEL IN PORT TODAY

PREMIER MACLEAN SEES ALMOST CERTAIN VICTORY AHEAD

EDITORIAL

BEWARE STAMPEDE EFFORT

Vigorous attempts are being made by the Conservatives, both here and in the south, to show that their party is winning in present election. All kinds of propaganda are being sent out in an effort to create a last moment stampede.

Electors are warned against such a movement. It is purely artificial and does not represent the real sentiment of the electors. Information received here is that the MacLean government will win all along the line, especially in Northern and Central British Columbia. The people generally are satisfied that the present government is better than any the Conservative party could give.

CONSERVATIVES ARE BLAMED FOR ORIENTALS HERE

MINISTER OF FINANCE SHOWS THAT IT WAS TORY PARTY THAT GOT HEAD TAX PROCEEDS

VANCOUVER, July 13.—Hon. Dugald D. MacLean, minister of finance, charged both federal and provincial Conservatives with indifference to the problem of Oriental invasion years ago when the matter should have received attention. He said that in 1913 the head tax on Chinese amounted to \$1,750,000 which the Conservative government received and now the Conservatives were trying to lay the blame for Oriental invasion in the Liberal lap.

ITALIA'S CREW MAY BE RESCUED

THOUGHT THEY MAY NOT BE FAR AWAY AND AMUNDSEN MAY BE WITH THEM

MOSCOW, July 13.—Hope for the party of six men carried off in the bag of the Italia on May 25 and given up for lost has been revived by reports indicating the location of the group is known.

General Noble at King's Bay sent a message to the Krassin stating that the group was not far from the present location of the ice-breaker. With these reports not confirmed came a revival in Moscow of the belief that Amundsen, the missing explorer, is likely to have joined this group in his rescue flight from Norway.

FIVE RESCUED OF ITALIA CREW

DETACHED MAROONED PARTY FOUND BY ICE-BREAKER KRASSIN, MAKING SEVEN IN ALL

ROME, July 13.—It is reported that the ice-breaker Krassin has rescued the group of five men who were detached from the Noble marooned party, making seven men in all that the Krassin has rescued alive within 24 hours.

The latest group comprises Navigator William Macdonald, Dehounek, Radio Operator, Dign, Motor Chief Cecconi, with the broken-legged Engineer Trol-

DR. KING ADVISED NOT TO CHANGE NEGOTIATORS FOR THE P.G.E. RAILWAY

REVELSTOCK, July 13.—Dr. J. H. King, federal minister of health, spoke in support of Hon. Dr. Sutherland and advised the electors not to change negotiators for the P.G.E. agreement at this time.

Cruiser Durban Arrives Visit to Prince Rupert

Ambitious Program of Sport and Social Events Arranged for Their Entertainment While Here

Bristling with her mass of armament, and her decks lined with smiling Jack Tars who are apparently looking forward to their visit in this port, H.M.S. Durban, Capt. George Lincoln Coleridge, attached to the China station, slipped unostentatiously into Prince Rupert Harbor at 10.30 this morning from Port Simpson and was soon moored alongside C.N.R. dock No. 1 and Royal Canadian Naval Volunteer headquarters for a visit which will end next Wednesday morning. A formidable example of old Britannia's might on the seas, H.M.S. Durban is engaged in an extensive cruise of the Pacific coast to "show the colors" and it is the first visit of the warship to this port or the coast for that matter. She has already been at Victoria and for the past few weeks has been engaged in a cruise down the Alaskan coast from as far out as the Aleutian Islands. From here she will proceed to the Queen Charlotte Islands and later to Vancouver.

The Durban was completed at Greenock, Scotland, by Scott's Engineering and Shipbuilding Co. and was commissioned a year later. She belongs to the light cruiser "D" class of 4,650 tons and is 472 feet 6 inches long, 46 feet 6 inches beam and 14 feet 6 inches depth. She is an oil burner and has a speed of 28 knots. The ship is somewhat large and of more modern equipment than H.M.S. Colombo of the North American and West Indies squadron which was here last year. Her armament consists of six six-inch guns, three four-inch anti-aircraft guns, four three-pounders, two two-pounders, eight Lewis guns and two twenty-one inch torpedo tubes in four triple deck mountings. The cruiser is also fitted with revolving airplane platform and trawler bows. Four hundred and twenty officers and men make up the complement of H.M.S. Durban.

Arrangements have been completed for the entertainment of officers and men locally under the auspices of the local detachment of the Royal Canadian Naval Volunteer Reserve. Tonight there will be a football game between H.M.S. Durban and Prince Rupert. Local society will foregather at 9 p.m. for a ball in honor of the captain and officers of the light cruiser.

Tomorrow afternoon there will be a cricket match between representatives of the city and H.M.S. Durban and on Monday night men from the cruiser will compete against local adepts of the boxing game in a tournament at the Grand Terminal Club. A second football game will be held on Tuesday night.

It is also planned to have men from the warship participate in the Prince Rupert Swimming Club's gala at the Salt Lake and in the regatta of the Prince Rupert Yacht & Rowing Club, both of which events will be held on Sunday.

Landing parties from H.M.S. Durban, during the ship's stay here, will, it is expected, have drill and route marches through the principal streets of the city. Hours that the ship will be open for public inspection will be announced later.

Soon after the Durban was tied up, Lieut. Walter Hume, commanding officer of the local detachment of the Royal Canadian Naval Volunteer Reserve, went aboard to pay his respects to Capt. Coleridge. This morning Col. S. P. McDermid, D.S.O., mayor of Prince Rupert, paid a formal call on Capt. Coleridge who will return the call this afternoon.

There is a very creditable band aboard H.M.S. Durban which played as the vessel was entering the harbor today and which will no doubt be heard further during the ship's stay. There is also a good orchestra.

GOOD MARKSMANSHIP

MEDAL WINNER GETS 145 OUT OF POSSIBLE 150 AT BISLEY, ENGLAND TODAY

BISLEY, England, July 13.—A. E. Martin of Glasgow, nephew of Lieut. Alex. Martin of Calgary, won the silver medal for the highest score in the second stage of the King's prize shooting today. He shot 145 out of a possible 150.

Sergeant Stevenson of Montreal came second with 143 and Sergeant Burton of Victoria third with 142. Several Canadians qualified, four others being Lieut. Burke of Ottawa, Sergeant Regan of Victoria, Sergeant Poam of Montreal and Major Richardson of Victoria.

Three other Canadians have a good chance to qualify in the shoot off for thirty-three places. They are Sergeant Kiddie of Toronto, Sergeant Dawson of Toronto, and Corporal Davies of Victoria.

PATULLO WINS LIBERAL CANDIDATES ALL WILL BE ELECTED

Following a speaking tour through British Columbia to Prince George, at all points an excellent reception and the Minister of Lands wires from Prince George this morning to say that it can be stated with every confidence that every Liberal candidate along the line of the Canadian National will be elected. That includes H. G. Perry of Prince George in whose interests a meeting was held there last night.

Premier MacLean Tells Why People of British Columbia Will Return His Government to Carry on Work

VICTORIA, July 13.—"I am convinced that the people of this province have made up their minds to keep the government in office because they are satisfied with it and the condition of the country," Premier MacLean said here.

"I have visited almost every constituency of the province and I have absolutely no doubt about the verdict of the electors. The government will return after the poll with a strength greatly increased over its former standing in the Legislature.

"I have found everywhere a feeling that the government should be allowed to continue its work, and nowhere have I seen any real hostility to it. No audience which I addressed in my entire tour was hostile to the administration.

"The great body of independent voters, as well as many formerly Conservatives, will vote for Liberal candidates for two reasons: First, because our candidates are in every riding men of outstanding character and integrity; and second, because absolutely no good reason has been shown by our opponents why we should be replaced by them.

"The people of British Columbia, I believe, have already weighed the issues of this election and decided that the government is entitled to their confidence not only for what it has done but in what its program will mean to the future of the province."

Yacht Oaxaca Ashore Wrangell Narrows but None Aboard in Danger

Word was received locally this morning that the private steam yacht Oaxaca, owned and commanded by Capt. G. Allan Hancock, Los Angeles millionaire and backer of the Southern Cross flight across the Pacific Ocean, was ashore near Keena Island beacon in Beecher Pass, Wrangell Narrows. Capt. Hancock, his fourteen passengers, and thirty-five members of the crew, mostly Mexicans, are believed to be in no danger and, while first reports were rather alarming, latest word is that the palatial yacht is in no danger of serious damage. The Alaska Salvage Co. is sending tugs from Juneau to the assistance of the stranded vessel.

The Oaxaca, which was on a cruise to Alaska, when the accident occurred, is registered at Panama and is a vessel of 1700 tons gross, about the size of the local steamer Prince Charles, although a much finer appearing vessel. She was built in 1918 at Glasgow to be used as a mystery ship in the war, subsequently being acquired by Capt. Hancock who uses the vessel as a yacht as well as a fruit carrier along the California and Mexican coasts. The vessel is of modern and elaborate appointments. She called here for a day last week northbound.

Capt. W. S. Moorehouse is the pilot aboard the vessel. Latest reports give the scene of the Oaxaca's stranding as between Burnt Reef and Spika Rock.

Bribe Money Alleged to Been Paid to Customs Officer for Release from Bonded Warehouse

VANCOUVER, July 13.—Evidence that "bribe money" had been paid to A. W. Scovil, excise officer, for release from bonded warehouse of the B.C. Vinegar Company of large quantities of grain alcohol which had ostensibly been purchased for the manufacture of vinegar, was given yesterday by James Ball before Gordon C. Lindsay of Toronto, who is conducting a commission here into the charges that certain companies committed violations of the excise laws.

Witness was president of the Sunset Vinegar Company and its successor, the B.C. Vinegar Co., until November last.

A. B. Macdonald, K.C., counsel to the commission, elicited from witness that he had submitted information to the National Revenue Department and had requested immunity and moiety under the excise tax.

The alcohol, according to Ball, had been purchased from the B.C. Distillery, which billed the Vinegar Company at 63c a gallon. In addition, the Vinegar Co. through Ball, according to the latter, paid the distillery "on the side" in cash \$2.50 a gallon.

Witness explained they could pay this because the alcohol was resold at prices ranging from eight to ten dollars a gallon.

"How was the alcohol released from the bonded warehouse?" inquired Macdonald.

"Through arrangement with Scovil, the excise officer, for which he was

Prizes Valued at \$4,000 Offered to Readers of Northern B.C.'s Paper

"Daily News in Every Home" is Slogan and Fine New Automobiles are Being Given Away as Well as Cash

Offering a magnificent array of wonderful GIFTS, The News is announcing one of the most lavish automobile and cash prize campaigns ever conducted in Prince Rupert or this section, and the sole purpose of this Great Free Gift Distribution is the placing of a copy of The News in every home in this entire section.

More than \$4,000 in FREE PRIZES including two of the most popular standard automobiles, of the latest 1928 models, both purchased from local dealers, plus hundreds of dollars in cash prizes. In fact as many gifts as there are active participants, to be awarded

to men, women, boys and girls of this section in the next few weeks by The Daily News. This great Distribution, the liberality of which far surpasses anything ever before attempted in this entire section will break all records in the annals of newspaperdom in Northern B. C.

ABSENCE OF RED TAPE
There is to be no red tape connected with this Gift Campaign. The Gifts, both CASH and MOTOR CARS, are to be distributed absolutely Free. Any man or woman, boy or girl, married or single, residing in this vicinity is eligible to enter the prize campaign and to secure one of these valuable Gifts Free. It is not necessary that the candidates or participants be a subscriber to The Daily News. Every participant is absolutely guaranteed one of the two fine motor cars or a cash award, according to the rules of the distribution.

Nor does it cost the candidate one cent, now or later, to participate and secure any of the gifts. The only stipulation that The Daily News makes in connection with entrants is that no employee in the office of The Daily News or members of their immediate families can enter. **OPPORTUNITIES ARE EQUAL**
It makes no difference where a candidate lives, so far as his or her chances of winning the biggest gifts are concerned. The distribution of the automobiles and all cash prizes have been so arranged that each candidate will have an equal opportunity. One of the motor cars and just as many cash gifts as there are active participants must be awarded in the city of Prince Rupert; and one of the cars and just as many cash awards as there are active participants will be awarded outside of Prince Rupert. By this arrangement persons residing outside of Prince Rupert have the same opportunity as residents or Prince Rupert and vice versa.

Candidates living outside of Prince Rupert do not have to compete with those living in Prince Rupert for either cars or cash prizes.

FRIENDS HELP CANDIDATES
Folks who have never taken part in a voting campaign of this magnitude are unable to realize how rapidly their vote totals accumulate. Once the start is made, they pile up like magic. Subscriptions and coupons will secure thousands of votes in the Daily News campaign. And it is not expected that candidates will depend wholly upon their own efforts—friends will help them to gather votes and what a merry pastime it will be with bountiful rewards at the end. There are plenty of prizes to go around among the hustlers—indeed there is a prize, either cash or a car, for every active participant. The plan is a competitive one and will be conducted on a business basis. The bigger your effort the bigger your prize.

Turn now to pages 4 and 5 of this issue and read the big announcement. See for yourself the unprecedented opportunity The Daily News is placing before you. Get an early start for one of the automobiles by sending in your nomination blank or that of a friend today. Do it now.

The Daily News campaign office on the second floor of the News building is open every day from 9 in the morning until 8 each evening.

AROUND PRINCE RUPERT

Annual Report of District Engineer Issued—Queen Charlotte and Bella Coola Divisions Commented on

The North-western Mineral Survey District includes all the Pacific drainage area of the province between the north end of Vancouver Island and the Yukon, except the Skeena River valley beyond Terrace, and also the Arctic drainage area in the province north of the Peace River and its tributaries, says the annual report of Dr. H. T. James, resident mining engineer for North-western survey district. In many parts of this territory of about 125,000 square miles there is more or less mining activity, except of course in the main part of the Liard basin, which is far removed from all modern transportation and attracts only old and established camp and is there an occasional prospector seeking placer gold.

The district is divided into several mining divisions, as follows: Queen Charlotte, Bella Coola, Skeena, Naas, Portland Canal, Stikine and Liard, and Atlin mining divisions. The chief interest in the first five of these is in lode-mining, while placer-mining is of major importance in the remaining divisions. Exceptions are to be noted in each of these groups of areas; as for example, there has been a small amount of placer-mining along the beach of Graham Island, in the Queen Charlotte group, and in one or two streams near the head of Kitimat Lake, while lode-mining is becoming of increasing importance in the Atlin division.

The placer gold production from the district during 1927 amounted to \$40,266, which is a decrease of \$3,660 from the 1926 production. It is expected that the production from the Atlin camp, which is responsible for most of the placer output of the district, will be on the increase for the next two or three years.

ROADS AND TRAILS

As in past years, the department of mines has assisted very materially in 1927 in the development of the mining industry by constructing and assisting in the construction of many roads and trails. Some of these have been built to individual properties to facilitate their development or enable them to ship ore, while others have been built into districts which seem to be favorable prospecting areas. All active sections of the district have received their share of assistance. The number of grants made in each division indicates, in a general way, the relative amount of new work being undertaken in the divisions. Thus, the Portland Canal division is being most actively developed and has received grants for no less than eleven individual pieces of road or trail work. The Skeena division is second, with grants for six trails, and the Stikine division has received grants for three trails. The Atlin camp is an

SHOULD TAKE EXAMINATION IN SCHOOLS

OBJECTION TAKEN BY SCHOOL BOARD TO PROMOTING TO HIGH SCHOOL BY RECOMMENDATION

Following receipt of a report from Principal Peddie suggesting that pupils coming up to the High School by recommendation were not ready for the work, the school board last night by resolution decided to request the Department of Education at Victoria to hold examinations in the local schools for all pupils wishing to enter High School instead of taking the recommendation of the principals. One particular class was mentioned which was passed in toto.

In a discussion in regard to the matter it was pointed out by Chairman Rochester that there was no comeback if the students took the examinations. He was strongly in favor of it.

Trustee McMeekin thought the present system tended to breed ill-feeling between the parents and teachers and between parents and the school board. Mrs. Trustee Spencer remarked that it was well for a disinterested person to mark the papers.

EMPIRE TRIP PARTY CHOSEN

LADY DALRYMPLE TALLEST TITLED LADY IN EMPIRE IS CHAPERONE

WINNIPEG, July 13.—Cable advices have been received from London that the selection of the fifty "young ambassadors of Empire" who are to tour Canada in August, have been selected. They are coming under an Empire scholarship plan sponsored by the allied newspapers of Great Britain with the co-operation of the Canadian National Railways and the Cunard Steamship Company.

More than 100,000 examination papers written by young people throughout the whole of the British Isles were examined before the successful candidates were chosen. The final selection includes an equal number of boys and girls ranging in age from 14 to 21 years.

Lady Marjorie Dalrymple, sister of the Earl of Clairs and noted as the tallest titled lady in the Empire, being six feet two inches in height, will accompany the party as chaperone. Kenneth Lindsay, M.A., ex-president of the Oxford Union, a soccer "nine," and a Corinthian will accompany the party as a special instructor.

INSTALLATION OF OFFICERS YESTERDAY AT ROTARY LUNCHEON

The installation of officers took place yesterday at the regular weekly luncheon of the Rotary Club. T. H. Johnson, former president, presided and made the ceremony quite impressive. Those installed were President, George Horie; secretary, D. B. Finn; treasurer, D. C. Paterson; directors—John Dore, George Woodland and John Dybbavn.

eastern contact, but there have been many more prospects located on the east than on the west.

The eastern contact of the batholith enters the Bella Coola division at its extreme north-eastern corner, near the west end of Eutsuk Lake, and follows an irregular south-easterly course to Kappan (or Charlotte) Lake, at the head of Bella Coola River. The contact has been mapped from Kappan Lake to a short distance above Fivale on the Bella Coola river, but its exact position is not known between there and Eutsuk Lake. The part of the contact which has been mapped follows along the north side of the Bella Coola River at a distance of 2 to 10 miles from it. Unfortunately, much of the area immediately along the contact is covered with glacial drift or tertiary lavas and is not a favorable area for prospecting. Apparently the most favorable area in the whole Bella Coola valley is between the north side of the river between Burnt Bridge creek and Precipice camp, in a belt of greenstone from 4 to 8 miles wide, although it is quite probable that mineral deposits will be found in other parts of the valley.

From information which is now available it would seem that the eastern contact of the batholith must cross Dean River, about 20 miles above its mouth. The section of the river valley north of this should be favorable for prospecting.

There was very little activity in the division this year and it was not examined.

In The Letter Box

Editor, Daily News:—We wish to have a space in your paper to notify the public that the Christian Band of Workers of the Natives of Port Essington and Port Simpson, is now doing a missionary work at Tuck Inlet Cannery under the leadership of Peter Nelson of Port Essington. The members of the organization have elected Henry Haldane of Metlakatla to conduct the services and Sunday schools during the fishing season.

The Christian Band of workers was incorporated years back but owing to the death of the leaders of the society the missionary work was not very much in progress. Now the younger people

have taken up the matter and appointed their leaders and wish that the best is yet to come. They thank the manager of the Tuck Inlet Cannery for work and the editor of this paper.

FREE GIFT DISTRIBUTION

Everybody Will Win Something

More Than
\$4,000 FREE
in Cash and Automobiles

**THERE CAN BE NO LOSERS---
EVERYBODY WINS SOMETHING**

All prizes are to be given FREE to Men and Women residing in the greater Prince Rupert territory and those parts of the Province of British Columbia and surrounding territory which are covered by The Prince Rupert Daily News. You are welcome to share in this generous distribution. It costs you nothing now or ever. It is not even required that you be a subscriber to The Daily News. Every active participant is guaranteed either a cash prize or an automobile. Clip out the nomination blank on this page and send or bring it to The Prince Rupert Daily News Campaign Department today.

**THE DAILY NEWS Reserves
the Right to Add to the Prize List**

The Plan in Brief

The object of this distribution is two-fold—primarily to increase the already large subscription list of The Prince Rupert Daily News, to collect arrearage and advance subscription payments from present or old subscribers, and at the same time to afford our friends and readers an unparalleled opportunity to profit and in a big way, through their spare time during the next few weeks. So it is a plan that works both ways, and to the ultimate good of all concerned.

In order to gain this end quickly and advantageously, the most valuable and attractive list of prizes ever offered by a local newspaper in this section of the country has been made ready for distribution among those who participate most heartily. Ambition and energy are the only requisites for success.

The plan adopted is the fairest and most impartial conceivable. There will be no "double vote" offers, extra votes given or any other vote inducements whatever inaugurated during the competition except as outlined in this announcement. Neither will there be any long term subscriptions accepted. The plan of the campaign is straight-forward and simple and is fully outlined in this announcement.

Let it be fully understood at the very outset that this is not a "beauty" nor "popularity" contest, but a strictly legitimate competitive proposition for enterprising men and women, and boys and girls, and one in which no element of chance enters. One feature of this competition is the fact that there will be no losers in this race.

HOW TO ENTER THE CAMPAIGN

The first step, in order to become a candidate and compete for a prize, is to clip the nomination coupon appearing on this page; fill in your name and address and mail or deliver to the campaign department of The Daily News, 243—3rd Avenue, Prince Rupert, B.C. This coupon entitles you, or the person whom you nominate, to 5000 FREE votes. These votes are given you as a starter, and speed you on your way to win. Only one such nomination coupon will be credited to each candidate. You may nominate either yourself or a friend.

HOW VOTES ARE SECURED

The next step is to call on or write the campaign department for a free working outfit (consisting of a special receipt book, sample copies of the paper and full information relative to launching an active campaign).

Thus equipped, you have but to go to your friends and neighbors, relatives and acquaintances, and have them clip all the free coupons from their papers or pay up a subscription to The Daily News through you. THAT'S ALL THERE IS TO IT. However, you will never win anything unless you make the start; and while it will not be a very difficult matter to capture one of the big prizes, nevertheless you should start at once. You must plan out your campaign the same as any successful business man plans his work for the season, and, above everything else, let no one discourage you, but stick to the finish. Anything worth having is worth striving for. A few short weeks and you can be riding in your own automobile.

It takes votes to win and votes are secured in three ways: First, by clipping the free voting coupons appearing in each issue of the Daily News. Begin by gathering them now. In a short time these coupons will be reduced to a lesser number of votes.

The other, and fastest way to get votes is by securing new and renewal subscriptions to The Daily News. On each subscription turned in a certain number of votes are issued, the number varying according to the amount paid and during which "period" same are received at the campaign department (see schedule of votes elsewhere). So, you see, the more subscriptions you secure the more votes you get and the better your opportunity is to secure the grand capital prize.

The other, and fastest way to get votes is by securing new and renewal subscriptions to The Daily News. So, you see, the more subscriptions you secure the more votes you get and the better your opportunity is to secure the grand capital prize.

EARLY START MEANS EASY FINISH!

The advantages of an early start are manifest. Not only do you have the FULL TIME in which to secure the winning votes, but now and up to and including Monday, August 20, you will receive the maximum schedule of votes on subscriptions. Then, too, the first in the field will undoubtedly get the "cream" of votes and subscriptions, while those who put off entering until a later date will have to take what is left.

Don't lose valuable time waiting to "see" what the other fellow is going to do, but pitch right in and show the "other fellow" how to do it.

THE ADVISORY BOARD OF JUDGES

It is the sincere aim of this newspaper to conduct this campaign, from start to finish, in a fair, honorable and impartial manner. Every precaution has been taken to safeguard the interests of participants, and absolute honesty in all dealings is guaranteed.

However, not all wisdom lies with any one man or institution, and for that reason an Advisory Board has been decided upon, whose function shall be to decide any question of sufficient moment that might happen to arise during the competition and from which a committee shall be selected to act as judges and count the votes the last night of the campaign.

The personnel of the Advisory Board of Judges is as follows:

Col. S. P. McMorde, Mayor.
F. E. Robertson, Bank Manager.
C. H. Orme, Druggist.
J. W. Scott, Hardware Merchant.
H. B. Rochester, Hotel Proprietor.

All the members of the Advisory Board are well known to every one in Prince Rupert and surrounding territory, and the results as given out by them will be beyond dispute.

In the event a member of the advisory board or a near relative of any member of the advisory board should enter this campaign it will automatically eliminate that member from being chosen a judge to help count the votes the last night of the campaign.

Rules and Regulations

1. Any reputable man, woman or child residing in Prince Rupert City, and those parts of the province of British Columbia and surrounding territory which are covered by The Daily News is eligible to enter this campaign and compete for a prize. Nominations may be made at any time during the campaign.

2. No person employed and working in the offices of the editorial department, business office or composing room, or near relative of any person in the business office of The Daily News is eligible to enter this distribution. The management reserves the right to reject any nominations at any time, without giving reasons for so doing. Children under 16 must have the written consent of parent or guardian.

3. The winners of the prizes will be decided by their accredited votes, said votes being represented by ballots issued on subscriptions, by free voting coupons clipped from the paper, and by votes issued on the nomination coupon, the first subscription coupon, first and second week coupons and the opportunity coupons. At the option of the management votes may also be issued for the sale of advertising due bill cards, and the management herewith reserves the right to incorporate this feature at any time during the campaign. In the event the sale of ad cards is added to the campaign votes will be issued on them on the same basis as on 1 year subscriptions.

4. Candidates are not confined to their particular town or community in which to secure votes and subscriptions, but may take orders anywhere in this section; or, for that matter, anywhere in the Province, the Dominion, or the entire world. 5. Cash must accompany all orders where votes are desired and under no conditions will any moneys turned in for subscriptions be refunded. There will be no exceptions to this rule. Candidates will be allowed to collect back subscriptions and renewals as well as entirely new subscriptions and votes will be issued on both.

6. Votes are free. It costs the subscriber nothing extra to vote for his or her favorite. Subscribers should ask for votes when paying their subscriptions at The News Office; otherwise they will forfeit this privilege.

7. Votes cannot be purchased. Every cent accepted through the campaign department must represent subscriptions. 8. Votes are not transferable. Candidates cannot withdraw in favor of another candidate. Should a candidate withdraw from the race, his or her votes will be cancelled. Neither will it be permissible for candidates to give or transfer subscriptions to another candidate. Votes on such transferred subscriptions will be subject to disqualification at the discretion of the management. (With the consent of the campaign manager, however, a candidate may withdraw from the race and transfer his or her votes and subscriptions to an entirely new candidate or new worker.)

9. Any effort or collusion on the part of any candidate or candidates to discourage competition by the spreading of false rumors or exaggerated stories, or anything done by any candidate or combination of candidates to the detriment of this newspaper will not be tolerated. Any candidate or candidates entering into or taking part in any such agreement, arrangement or effort, will forfeit all rights to a prize or commission.

10. Any votes issued on subscriptions may be held in reserve and voted at the discretion of the candidates. The printed coupons appearing in each issue of the paper must be voted before the expiration date appearing thereon.

11. In the event of a tie for any one of the prizes, a prize identical in value will be given to the tying candidate.

12. No statement or promise made by any solicitor, agent or candidate varying from the rules and statements published through the columns of this newspaper, will be recognized by the publishers.

13. In case of typographical or other error, it is understood that neither the publisher nor the campaign manager shall be held responsible except for the necessary correction upon the same.

14. Every candidate is an authorized agent of The Daily News and as such may collect arrearages and subscription payments from present as well as from new subscribers.

15. Extensions of subscriptions will receive votes according to the regular vote schedule in effect when the first subscription was paid, except that no extension votes will be given the final period.

16. It is distinctly understood and agreed that candidates will be responsible for all moneys collected and that they will remit such amounts in full at frequent intervals, or on demand to the campaign department.

17. There will be several big prizes awarded, besides a 10 per cent cash commission to all ACTIVE non-prize winners, but it is distinctly understood that in the event ANY candidate becomes INACTIVE failing to make a weekly cash report, he or she will, at the discretion of the management, become disqualified and thereby forfeit all right to a prize or commission. The 10 per cent commission will be paid only on moneys turned in for subscriptions, and subscriptions only. No commission will be awarded to a prize winner. READ THIS RULE OVER AGAIN.

18. The week of August Sixth to August Eleventh, both inclusive, will be known as opportunity week. During this time there will be a vote bonus of one hundred thousand extra votes for every four renewal subscriptions of not less than one year each; two hundred thousand extra votes for every four new subscriptions of not less than one year each and three hundred thousand extra votes for each six year subscription, either new or renewal, but only four six-year subscriptions can be turned in by any candidate to apply on this extra offer.

19. To insure absolute fairness in the awarding of the prizes, the race will be brought to a close under a "sealed ballot box" system, and will be under the personal supervision of two or more judges selected from the Advisory Board. During the entire last period of the campaign, the box—locked and sealed—will repose in a local business house, where candidates and their friends will deposit their final collections and reserve votes. And not until the race has been declared closed, will the seals be broken, the box unlocked and the judges begin the final count. In this way, no one, not even the campaign manager, can possibly know the voting strength of the respective candidates, which precludes any possibility of favoritism and insures fairness to the minutest degree.

20. The management reserves the right to amend or add to the rules of this campaign, if necessary, for the protection of the interests of both the candidates and this newspaper. The right is also reserved to increase and add to the list of prizes.

21. The Daily News guarantees fair and impartial treatment to all candidates, but should any question arise, the decision of the management will be absolute and final.

22. Two hundred thousand extra votes will be awarded each candidate with every three one-year subscriptions, or the equivalent turned in during their first week in the campaign; one hundred and fifty thousand extra votes will be awarded each candidate with every three one-year subscriptions, or the equivalent, turned in during their second week in the campaign. These are in addition and above all regular votes, but this arrangement will not be in effect during the last period of the campaign.

23. All extra votes will be issued and credited to the accounts of the various candidates at the convenience of the campaign manager.

24. The spreading of malicious propaganda and rumors intended to slow up and discourage other candidates is not permitted. It will not be tolerated and endangers a candidate guilty of same to disqualification.

25. Campaign opens today—closes September 14, 1928. IN ACCEPTING NOMINATIONS CANDIDATES AGREE TO ABIDE BY THE ABOVE CONDITIONS.

TO THE PUBLIC

The Prince Rupert Daily News is giving this mammoth prize guarantee absolutely fair and impartial treatment to all who participate. This is easily the most worthy and most liberal prize offering ever made the newspaper reading public of this section, and it now rests with the enterprising hustlers to get busy and get their share of the good things offered. This is YOUR opportunity to secure, without one penny of cost, prizes that would ordinarily take months, or even years, of self-denial and saving to acquire—and here you are offered to you in exchange for just your spare time and effort for the next few weeks. It will behoove prospective participants to enter their names NOW and be among the first in the field. Remember, EVERYBODY WINS in this great distribution, and your prize will be just as great as you wish to make it. It is truly the best spare-moment business proposition ever offered our readers.

Every active participant who does not receive one of the capital prizes is guaranteed a cash prize equal to 10 per cent (one tenth) of all money turned in by them for subscriptions.

The 2 prize cars are both brand new, 5-passenger cars of the latest model and have been purchased from local dealers to be given to residents of this section by The Daily News. It should be thoroughly understood by every one that the prices as listed on this page for these prize cars are the present market price on these cars and subject to change without notice. In case the market price should take a drop on either of these cars during the period of this campaign The News is contracting only to deliver to the car winners the model cars listed on this page, regardless of what the retail price of the prize cars might be at the expiration of the campaign.

HOW THE TERRITORY IS DIVIDED

The territory covered by The Prince Rupert Daily News will be divided into two districts for the purpose of assuring an equitable distribution of the many prizes in the mammoth "Everybody Wins" campaign, with a complete set of prizes for each district. The territory covered by The Daily News comprises Prince Rupert City, Northern British Columbia and adjoining territory.

DISTRICT NO. 1, will include only those participants residing within the city limits of Prince Rupert. One of the Prize Cars and as many cash awards as there are active participants will be awarded to participants living in this district.

DISTRICT NO. 2, will include only those participants residing outside the city limits of Prince Rupert. One of the Prize Cars and as many cash awards as there are active participants will be distributed to participants living in this district.

HOW THE PRIZES WILL BE AWARDED

Every active participant in The Prince Rupert Daily News Free Gift Distribution will receive either a cash commission, a cash prize or one of the two excellent cars. The person polling the greatest amount of votes in the campaign, regardless of which district he or she may be in, will receive the Grand Capital Prize which is a 1928 Model Pontiac 2-door Sedan. Then the candidate who is highest in the other district will receive the Ford Tudor Sedan. Then the candidate who has the next highest number of votes in the campaign—regardless of which district he or she may be in—will receive the prize of \$500 in cash. Then after the two prize cars and the \$500 cash prize have been awarded, the two persons in the two respective districts with the next highest number of votes will each receive \$100.00 in cash. All other non-prize winning candidates (those who do not win one of the above gifts) in each district, will each receive a cash commission equal to 10 per cent of all money he or she has turned in for subscriptions, according to the rules of the campaign.

This plan assures that each district will receive one of the cars; that either district can win the \$500 cash prize; that each district will receive one of the \$100 cash prizes, and that each and every active candidate who does not win one of the big prizes will be well paid—on a basis of ten per cent—for every effort he or she puts forth in the campaign.

\$1,500.00 - - - IN CASH - - - \$1,500.00

A Special Fund of \$1,500 in Cash has been set aside to be distributed in the form of salaries among active non-prize winners on a 10 per cent basis. Any candidate who remains active through the campaign, making a regular weekly cash report, but fails to win one of the Big Prizes offered, will participate in this commission feature. Think of it! One-tenth of every subscription you collect goes into your pocket if you fail to win a prize. This assures compensation to all candidates—there will be no losers in this race. Could anything be fairer or more liberal?

All is in readiness for the big cricket match between a local team and that from the Durban at Acropolis Hill grounds tomorrow afternoon at 2 p.m. Players are requested to be on the ground half an hour before the game begins. Doc Chapman will be umpire and the following team will represent Prince Rupert:

W. H. Wilson Murray (Captain), T. Peddie, Dr. J. A. West, H. T. Cross, R. Leple, A. Slocumbe, J. E. Davey, W. Goodrick, H. Croxford, N. Hughes and J. Bushby.

Reserve: L. Parkes, H. Poote, E. B. Baker, G. J. Fuller.

SPORT CHAT

The organization of a junior lacrosse league in Prince Rupert, which was to have been effected at a meeting on Wednesday night, has been deferred until Monday night. At this meeting it is planned to have representatives of the Elks, Gryo Club and other such organizations present so that the league may be started off on a sound and substantial basis. The Elks have already expressed their willingness to assist. Very shortly now, it is hoped to have a healthy league under way.

Tonight's boxing card with the Gurvich-Clark ten round bout as the main event should draw a good attendance at the Exhibition Hall. Both the principals have been working hard and, from the looks of things, both will be looking for an opening immediately after the first gong. Gurvich is said to have improved a lot of late and should put up a good battle against the Bellingham man who is also said to pack a punch although it proved rather ineffectual against Alf Harding a few weeks ago. The semi-windup between the Norcks ought to be a hum-dinger for the two road builders are said to have a real red hot grudge.

This afternoon's train, due from the East at 3:30 was reported this morning to be on time.

PREPARING TO BATTLE HERE

STOKER PERCY LAKE OF H.M.S. DURBAN AND JOHNNY WOODS OF SEATTLE WORKING OUT.

Johnny Woods of Seattle will have his toughest work-out tonight when he will box ten rounds at the Grand Terminal Club in preparation for his bout next Monday evening with Stoker Percy Lake of H.M.S. Durban. In order to come to Prince Rupert it was necessary for Woods to postpone from July 19 to July 22 a ten round bout with Allan Franks. In his last fight, Woods knocked out Chubby Wanhouser in the second of an eleven round bout on July 4. He made it a draw in a first bout with Joe Marcos of Portland and won by knockout in a return event. He has taken a decision from Frankie Brill of Tacoma and made it a draw with Doc Snell. He also had a draw with Billy Bonellies of Los Angeles. Critics who have been following Johnny's workouts consider him to be the best boy who has been seen in action in this city since Len Kegg was here before the war.

Stoker Lake, 22 years of age and 132 pounds in weight, should prove a worthy opponent for the Seattle man. He has had over fifty bouts all of which except three he won. He fought Dixon, champion of the whole of India, for the belt in Hong Kong and Young Ruddy Benton, United States marine, for the lightweight championship of China this year. Following are a few of the opponents he has fought and beaten: Jack Brown, one of the top ones in London; Andy Tullious, bantam weight champion of Italy; Kid Secks, who fought for the championship of Europe but lost; Pop Humphries, who had forty fights to his credit in America without losing one; Kid Kelly, west of England bantam champion; Nem Holman, champion of English ports; Wally Trainer, Teddy Benton, Mat George, Young Teddie Welsh, Arthur Spencely, Albert Geal and Fred Patton.

COLD STORAGE PLANT VICTORIA

VICTORIA, July 12.—Erection of the cold storage plant at the Ogden Point docks will start almost immediately. Mayor J. Carl Pendray announces. The mayor is in receipt of a telegram from Mr. H. G. Brown, who states that the plans and specifications for the plant have been completed by W. G. Swan, architect of Montreal and Vancouver. The financing has been completed by the Municipal Debenture Corporation of Montreal and everything is in readiness to go ahead with erection, except the letting of the contract. Mr. Brown plans to erect a \$500,000 plant, instead of a \$500,000 plant as was originally decided upon.

MATRICULATION CLASS IS DISCUSSED BY THE LOCAL SCHOOL BOARD

The question of whether there would be a senior matriculation class at the High School this year made its annual appearance at the meeting of the school board last night. Principal Peddie reported that nothing definite could be stated in regard to the number of students offering until the results of the matriculation examinations were received from Victoria and that would probably not be until the end of the month.

It was decided to announce that prospective students should make application to the secretary of the school board and they would decide about the class at a later meeting. So far only about five have notified their intention of taking the work.

H. B. Rochester presided and there were present also Trustees McMeekin, Johnson and Mrs. Spencer, Principal Peddie, Secretary Williamson.

STAMPEDE WILL BE HELD HERE

FAIR BOARD DECIDES ON THIS FEATURE FOR EXHIBITION—OCEAN FALLS FOOTBALL

The Fair Board has decided to again have a stampede feature in connection with the Prince Rupert Exhibition this year. On a trip to the interior this week, M. P. McCaffery, president of the Northern B. C. Agricultural & Industrial Association, opened the necessary negotiations with this end in view. J. J. McNeil of Telkwa has undertaken to give the organization of the stampede his personal attention and will be in charge of the feature at the Exhibition. One carload of bucking bronchos, two carloads of steers and ten riders will be brought to the city several days in advance of the Fair in order that they may be adequately rested up before participating in the rodeo. A better line of stock, it is being planned, shall be brought this year than last.

Negotiations are also under way with Ocean Falls for the paper town to send football and possibly a baseball team here for the Fair Week sports. Altogether, it is planned to have the most elaborate bill of features, both on the grounds and in the hall, that has ever been offered during any Fair Week of the past. The matter of Ocean Falls football has been turned over to the Prince Rupert Football Association.

At the weekly meeting of the Fair Board last night, Mr. McCaffery's negotiations in connection with the stampede were ratified. Details will be worked out later.

The board awarded to the Casey Cartage & Fuel Co. the contract for the surfacing of the carnival grounds to the rear of the building. The tender was \$100. Other tenders were: A. Antonelli, \$165; N. Gurvich, \$200.

The prize book for the Exhibition is now in the hands of the printers and

CONSERVATIVES HOLD MEETING

TERRACE PEOPLE HEAR OPPOSITION SIDE OF ARGUMENT FROM SEVERAL SPEAKERS

TERRACE, July 12.—The first meeting of the present election campaign in the Conservative interests was held here on Tuesday evening in G.W.V.A. Hall and was attended by approximately two hundred citizens, including many ladies who listened attentively to addresses from F. M. Dockrill, candidate; J. C. Brady, Conservative member of the Federal House, L. S. McGill, Smithers, and Capt. J. B. Colthurst of Terrace. Jas. Nelson presided.

Captain Colthurst was the first speaker and dealt chiefly with the unresponsive attitude of the government in regard to giving any assistance in the opening up of the Lakelee Hot Springs to which they had been asking for a road for the past seven years. He referred in a humorous manner to the patronage system and when forced by an insistent Liberal voice from the audience, to name any instance of patronage shown locally, gave names and data which silenced the interrupter.

L. S. McGill, campaign manager for Mr. Dockrill, was the next speaker. He informed the audience that in the 1924 campaign he had supported Dr. Winch in opposition to Mr. Dockrill but had since realized that there was no hope of prosperity for B.C. under the present regime, the members of which were too busy with petty party politics and lacked in ability and leadership in the things that mattered. He had attended the Kamloops convention and was pleased with its results and felt confident the Conservative party had the interests of the country more at heart.

He assured his audience that Mr. Dockrill's chances throughout the interior and elsewhere in the constituency were most favorable despite Liberal reports to the contrary.

He referred to Liberal propaganda in everywhere publishing the utmost confidence in Liberals, everywhere being sure of election and said the same thing had been done in this riding in the last federal election and he predicted the same results as in that campaign.

He spoke of Mr. Dockrill as a man in every way suited to the work of representing the district in parliament and of being capable of handling any one of several cabinet posts. He was a suitable age, was thoroughly conversant with mining, farming and dairying and would make a splendid minister of mines, of lands or of agriculture. Incidentally he told that Mr. Dockrill had shipped the first car of wheat from the Bulkley valley, had taken the lead in the shipping of milk and cream to Prince Rupert and had been a leader in all public enterprises throughout the district.

J. C. Brady spoke next and launched into a comparison of the qualifications of the two party leaders. He described Dr. Tolmie as a man who had in his personality a great sense of justice, of political integrity and a great gift of anticipation.

The Conservative candidate, F. M. Dockrill, spoke last and was given quite an ovation on rising. He expressed sympathy with the recent accident of Dr. Winch, who, he said, was a personal friend and a man in whom he had trust and confidence. He said he had hoped to attack the situation from the present and future but the opposition were making unfavorable comparisons and he held that the 1916-17 period should not be compared with present conditions.

He spoke of the enormous debts contracted which entailed increases in taxation which were becoming unbearable. The Liberals claimed we were more prosperous but where was it shown? Certainly not in our pockets. He claimed the only remedy was to stop spending, not in necessary public works, but in the enormous extravagances and unbusiness-like projects which have been carried out. He claimed that both parties were in fault in taking over the P.G.E. which has since been used as bait in each election. The Liberal method of handling it had been most unbusiness-like. Dr. Tolmie pledged that if it were not sold it would be divorced from political party and patronage and put under good management for completion. Public works should continue but better value should be received for the money spent. With the assistance of the Federal government, work on the trunk roads should continue but not at the expense of giving the settler a road out. A more

WHEREVER THERE ARE FLIES USE FLY-TOX

"Something baby ate" - Yes. But tainted by Flies

FLIES crawled over the food. Waded in the milk. Their stenchy feet were filthy dirty. Baby took germs of burning fever in to her little body when she ate the food. She became restless. And then sick!

Flies cause forty thousand deaths in the United States each year. And far too many of them are children.

Use Fly-Tox. Protect little folks. Make your home clean, comfortable, sanitary.

FLY-TOX
Kills FLIES, MOSQUITOES, MOTHS, ROACHES, ANTS, FLEAS

ORANGE PICNIC TO GALLOWAY RAPIDS

Some fifty or so people who attended the picnic at Galloway Rapids yesterday under the auspices of the Orange Lodge and Ladies' Orange Benevolent Association reported that there was no such rain on the other side of the island as there was in town in the afternoon. The day passed off very pleasantly and the event proved a great success. There were races for children and adults and the hours outdoors made appetites just keen enough to fully enjoy the basket lunches which the picnicers took along. Cars went out at 10 in the morning and 2 in the afternoon, return home being made at 7 p.m.

The committee in charge of the event consisted of Mrs. S. V. Cox, Mrs. R. H. Cox, Mrs. Mahaffey and Frank Aldridge with Capt. Dan Archie giving assistance.

Races were won as follows:
Girls under 4 years—Patricia Anderson.

Girls 4 to 6 years—Ruby Gomez.

Girls 6 to 8 years—Ida Moorehouse.

Girls 8 to 10 years—1, June Gomez; 2, Norma Archie; 3, Rosie Cox.

Girls 10 to 12 years—1, Helen Meahaffey; 2, Ethel Moorehouse; 3, Alice Gomez.

Girls 12 to 14 years—1, Doris Leek; 2, Ivy Anderson; 3, Edith Meahaffey.

Married Ladies race—1, Mrs. Gomez; 2, Mrs. Cox.

Fat Ladies Race—1, Mrs. Meahaffey; 2, Mrs. Moorehouse.

Boys
4 to 6 years—1, Cyril Meahaffey; 2, Billy Gomez; 3, Stanley Anderson.

6 to 8 years—1, Harold Anderson; 2, Cyril Meahaffey; 3, George Carlyle.

12 to 14 years—1, Darrow Gomez; 2, Charlie Anderson.

Married Men
1, Mr. Meahaffey; 2, Mr. Archie.
