WRECK OF LINER WAS SAD TRAGEDY

CAPTAIN REFUSED TO JUMP FOR HIS LIFE TO THE BOATS

Over One Hundred Still Missing from Wrecked Steamer Vestris Captain and Wireless Man Lost

Survivors Arrive At New York and Tell of Experiences; Some Blame Captain Carey; Steward Duncan Is Hero of Tragedy

NEW YORK, Nov. 14. — When the passengers and crew were being taken from the sinking steamer Vestris there was an absence of confusion. The rule of women and children first was followed, according to passengers arriving here. According to Steward Duncan, after all the lifeboats were gone he and the captain only remained. When urged to jump, the captain replied: "Hell, no; you jump." These were his last words. Duncan jumped and did not see the captain again.

Second Steward Alfred Duncan is described by passengers as the hero of the tragedy. He gave each passenger food on leaving the ship and then jumped overboard and swam from lifeboat to lifeboat ordering persons from the over-filled boats to those having more room. Almost 100 persons swam from one boat to another. Captain Carey and Radio Operator Michael O'Loughlin were lost.

Carey was the senior captain of the Holt line and was making the last voyage on the Vestris previous to taking command of the crack ship Voltaire. O'Loughlin was 29 years of age and from County Wexford, Ireland.

The missing number 108, including seven women and a number of children.

The American Shipper arrived this morning with 125 survivors of the wrecked Vestris. The Berlin brought in 3. Those on the Shipper severely criticized Captain W. J. Carey's delay in sending out an SOS. They stated that no lives would have been lost if the ship's boats had been safe and properly equipped, or been launched before the ship took list, which made the descent into lifeboats a terror. The warmth of the Gulf Stream is credited with the survival of those who spent hours immersed in the Atlantic waters before being picked up.

The Berlin survivors were less severe in their criticisms and on the whole praised the actions of the captain and crew.

The cause of the disaster is not learned, the only theories being that the cargo shifted in the severe battering the ship received in the storm of Saturday and Sunday, or that a leak started and gradually grew worse.

THREE LINK ORDERS HONOR MEMBERS WHO ARE NEWLY WEDDED

There was a large gathering present at a dance and social evening given last evening in the Metropole Hall by the Oddfellows and Rebekah Lodges in honor of Mr. and Mrs. A. R. Phillips and Mr. and Mrs. Ben Church, who were recently married.

Miss Durran, noble grand of the Rebekah Lodge, presented Mrs.

Church with a beautiful Irish linen table cover, and Alex Barbe, noble grand of the Oddfellows, made the presentation to Mr. Phillips of a handsome cut glass water set. The recipients responded suitably and other speakers who added words of tribute to the popularity of the honored guests included James Irvine, district deputy grand master of the Oddfellows; Mrs. J. W. McKinley, district deputy grand president of the Rebekahs; Ex-Mayor S. M. Newton, J. W. McKinley, Rev. A. Wilson and Mrs. Thomas Priest.

NOTICE OF CONVENTION

Delegates and Alternates to a Liberal Nominating Convention will meet in the Moose Hall on Thursday evening, November 15, at 8 o'clock, for the purpose of nominating a candidate to contest the Skeena federal riding at the next Dominion election.

FEDERAL DISTRICT LIBERAL ASSOCIATION

EXTRADITION CASE HEARD

Judge Young Reserves Decision in Matter of Returning Charles Sinclair to Alaska

After a three-hour hearing yesterday afternoon, Judge F. McE. Young, sitting as an extradition commissioner, reserved his decision in the case of Charles Sinclair, whom United States authorities are seeking to extradite to Alaska to face charges of jail breaking last summer from Juneau, where he was serving a term under the Volstead Act.

With decision in the case will come a fight which Sinclair has staged for several months against attempts made by the United States government to have him returned to Alaska. An endeavor was first made to have him deported to Alaska, but this failed when Sinclair established that he was a citizen of Newfoundland and therefore could not be deported to the United States. The next move of the American authorities was to institute extradition proceedings on the basis of the jail breaking charge. After various delays, the case was finally heard yesterday. All the evidence was in the form of depositions from the United States.

City Solicitor E. F. Jones appeared on behalf of the United States government in the hearing with W. O. Fulton acting for Sinclair.

It is expected that Judge Young will hand down his decision very soon.

LIBERALS ARE VOTED DOWN IN BRITAIN

LONDON, Nov. 14.—The Liberal amendment, to the address in reply to the speech from the throne declaring that the Franco-British Naval compromise endangered the prospects of peace in Europe and the good relations with the United States, was defeated in the House of Commons late Tuesday, by a vote of 326 to 163.

Premier Baldwin yesterday told the house that the Anglo-French naval compromise was, "nothing but an honest, straight-forward attempt to get out of the dead lock which occurred at Geneva and which was threatening the cause of disarmament."

Direct intimation that compromise was dead was made by the Premier when he called attention to the fact that he had used the past tense in referring to it. His statement was in reply to a speech by David Lloyd George moving the official Liberal amendment.

THE PRINCE AS A "LATHER BOY"

This unusual-looking person above is none other than H. R. H. the Prince of Wales, in the costume of a "lather boy," which he wore aboard the "Malda" when he assisted in initiating his brother, Duke of Gloucester, in the strange "Crossing the Line" ceremony.

WILL CHOOSE NEW LEADER

Liberal Executive to Meet Next Month to Select Head

VANCOUVER, Nov. 14.—The choice of a Liberal leader to direct the opposition activities next session will be made early in December, it was indicated yesterday by the members of the B. C. Liberal Association executive. The executive will meet immediately after the Victoria bye-election, it was stated. It is not planned to choose a permanent leader until the convention has been arranged in the next year or two.

PREMIER TOLMIE IS INDISPOSED

VICTORIA, Nov. 14.—An indisposition which forced Premier Tolmie to cancel a week end trip to Kamloops which caused great concern to his colleagues, not because of its seriousness but it is regarded as an indication that he must alter his program of overwork, which he had been following since he had formed the government.

HIGH PRICES HALIBUT AGAIN

High prices were again paid for halibut at the local Fish Exchange this morning when a total of 97,000 pounds was sold. Two American vessels received 19.5c and 7c and 19.9c and 7c for 62,000 pounds while six Canadian boats disposed of 35,600 pounds at 17.7c and 6c to 18.9c and 7c. The fishing season, closing tomorrow, all these boats will now tie up for the winter.

The day's sales were as follows:

American	
Seattle, 45,000 pounds, Atlin Fisheries, 19.6c and 7c.	
Tatoosh, 17,000 pounds, Canadian Fish & Cold Storage Co., 19.9c and 7c.	
Canadian	
Takla, 23,000 pounds, Booth Fisheries, 17.9c and 6c.	
M. M. Christopher, 5,000 pounds Canadian Fish & Cold Storage Co., 17c and 7c.	
Eric Roy, 5,000 pounds, Canadian Fish & Cold Storage Co., 18c and 6c.	
Zero, 1,000 pounds, and Nuba, 1,000 pounds, Canadian Fish & Cold Storage Co., 18.9c and 7c.	
Cape Spear, 600 pounds, Booth Fisheries, 18.7c and 6c.	

Thrilling Experience for Young Lady School Teacher Drifting all Night in Chatham Sound

Miss Betty MacMillan, young school teacher, who spent the holiday week-end in the city visiting with friends, had a rather harrowing experience while returning to her pedagogical duties at Oona River on Sunday last.

It was early that afternoon when the young lady embarked by gasboat on her return to Porcher Island. Engine trouble developed when the small vessel was off Holland Rock and the man in charge was unable to start the motor again. It was then that the vessel started drifting into the open waters of Chatham Sound before a south-east breeze. Over the rough sea, the boat continued to go seawards before the elements. During the night the wind changed to the west, and, in the vicinity of Dundas Island, the boat started coming landwards again. At Hodgson Reef an anchorage was effected and the man went off in a dinghy, with one oar and a broken board, in search of assistance. Meantime, no less than four other boats which had passed had failed to respond to frantic distress signals. Finally, Monday afternoon, 24 hours after leaving Prince Rupert, the man was able, from the smaller boat, to attract the attention of the local pleasure cruiser Vaquero, returning from a hunt to Swamp Island with Alex McRae in charge.

Eventually, the disabled gasboat, with the young lady still on board, was taken in tow and the couple were brought back to Prince Rupert, little worse of an experience which quite easily might have been attended with much more disastrous results.

WHEAT CROP OF COUNTRY

OTTAWA, Nov. 14.—Canada's wheat crop for 1928 is placed at 500,613,000 bushels, in a crop report issued by the Dominion bureau of statistics. Last year's total for the Dominion was 440,024,000 bushels.

MUCH GRAIN IS COMING TO PORT

Eighty Cars Arrive Within Twenty-four Hours, Will be Plenty to Fill Two Boats Coming

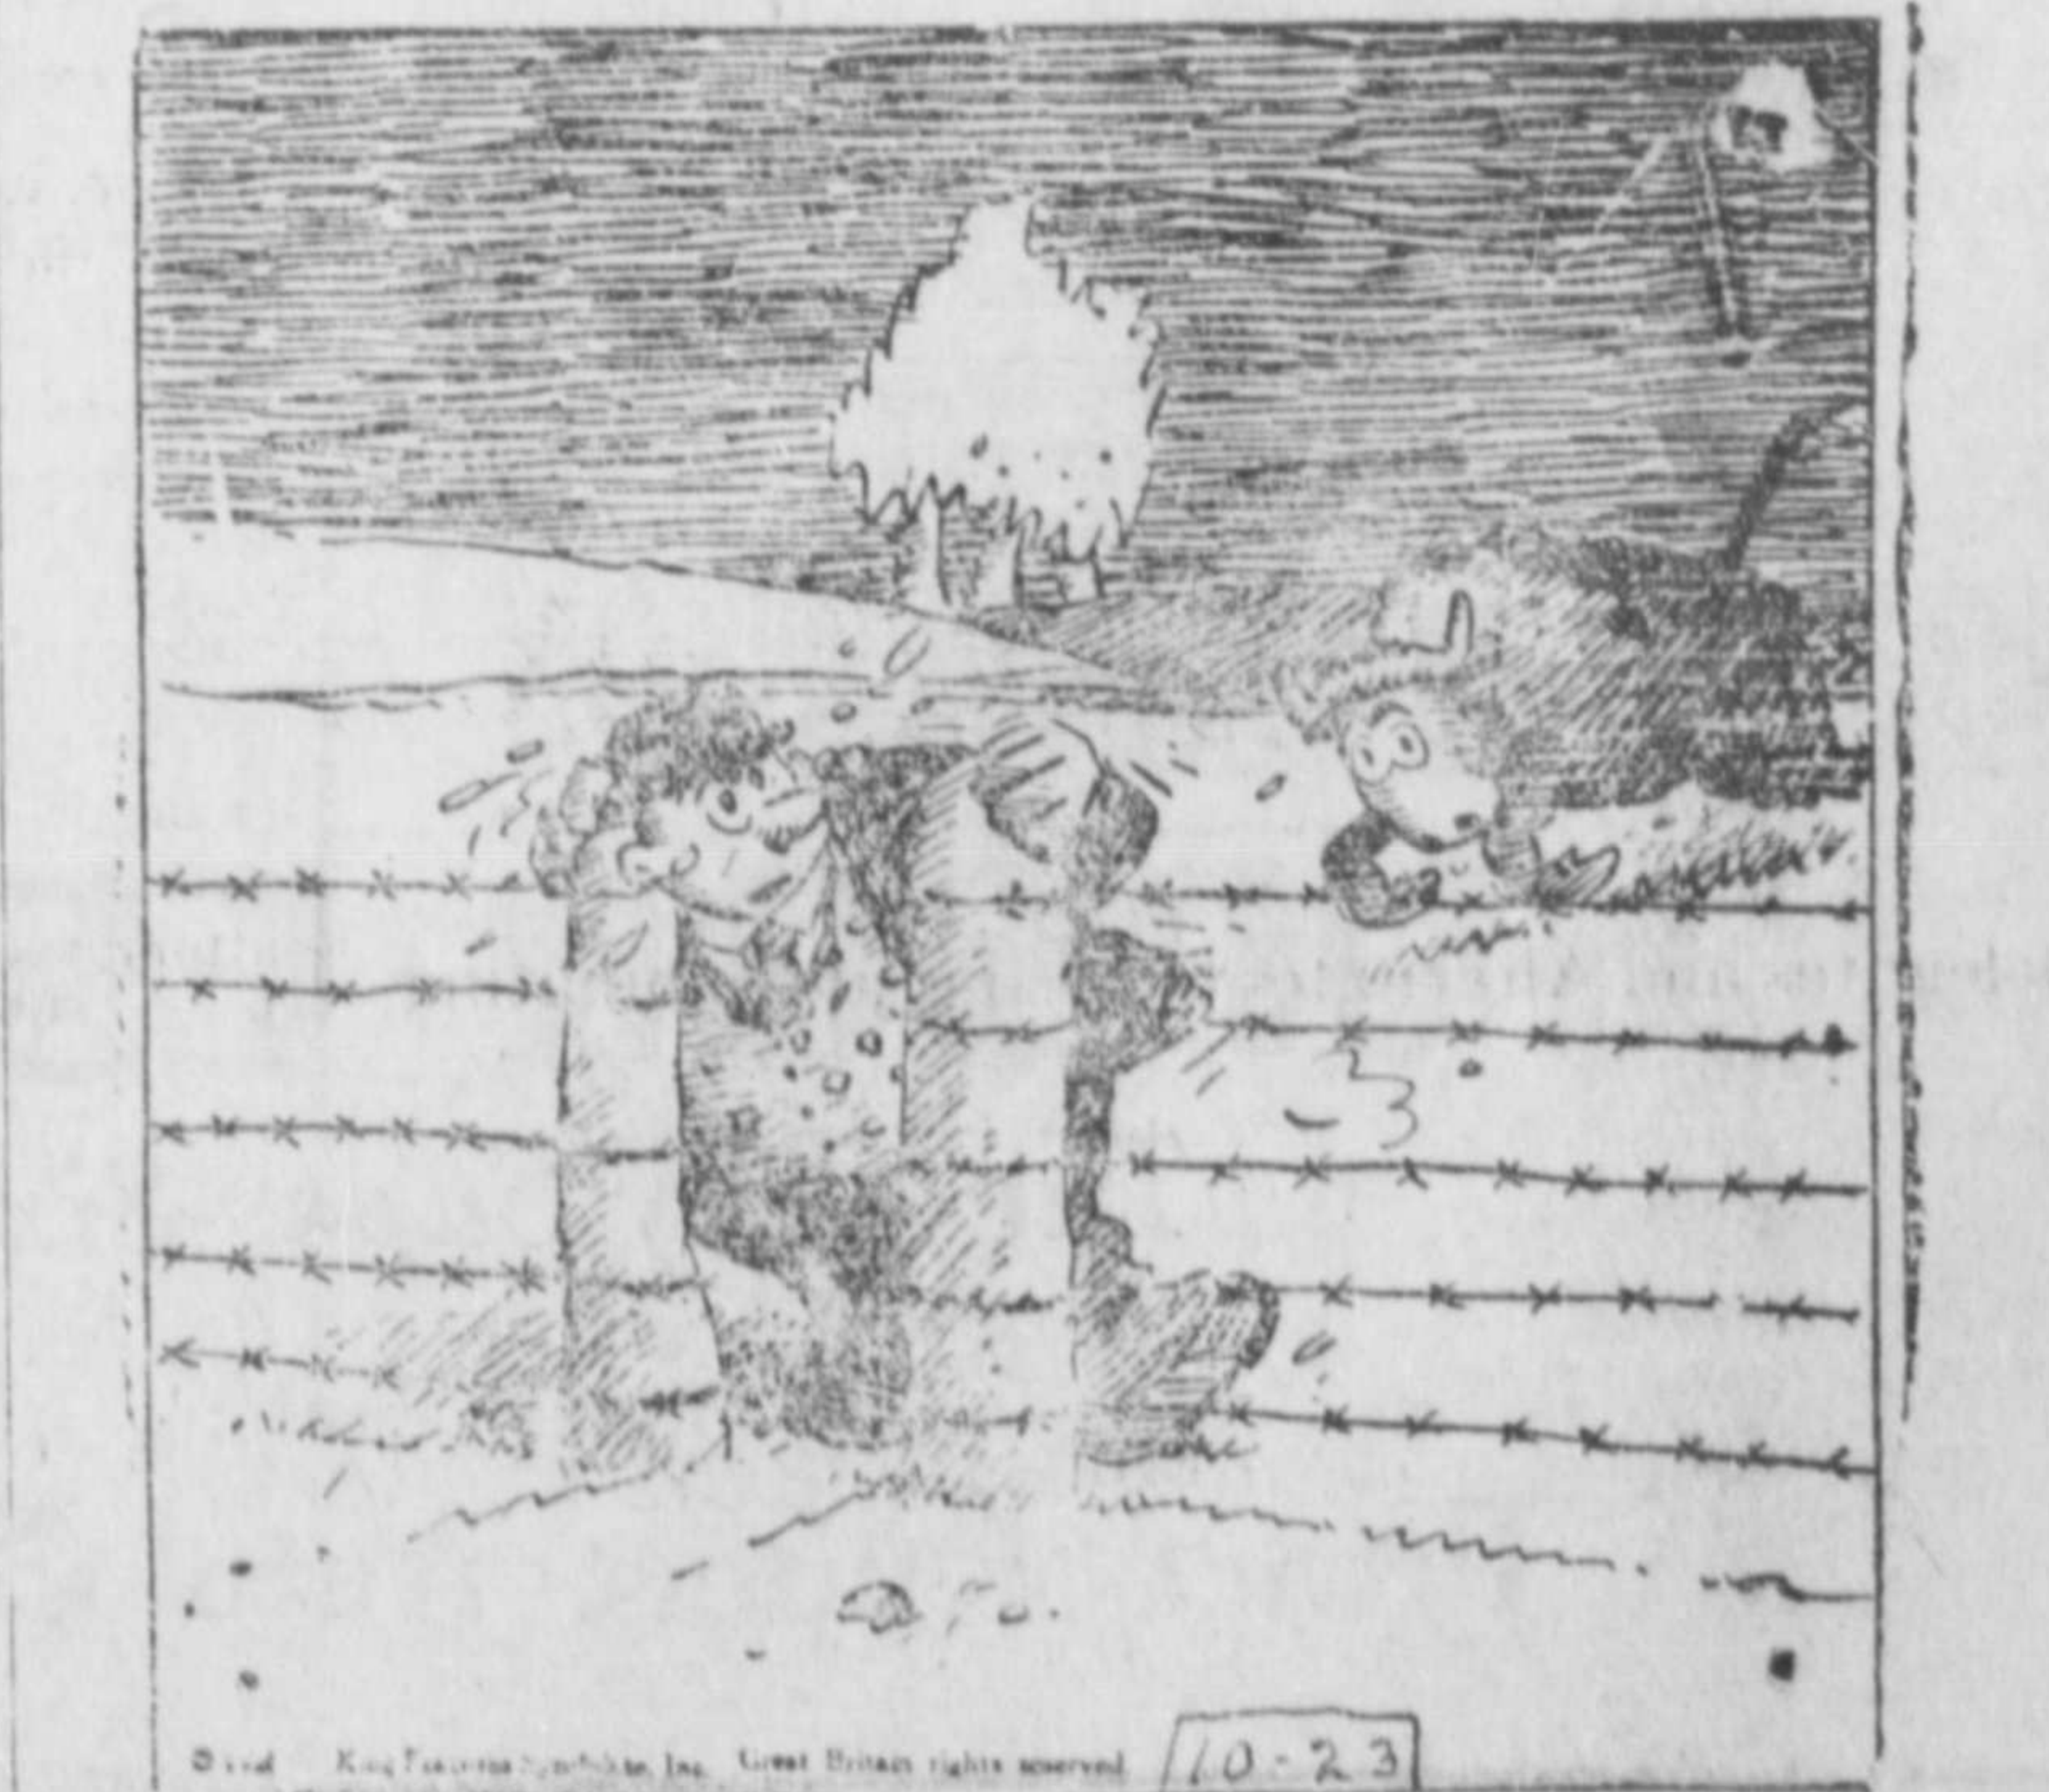

Movement of grain from the prairies to Prince Rupert continues to be heavy. Yesterday 22 carloads arrived and this morning, 58. Eight hundred cars are reported today to be on the way here.

There will be plenty of grain here to load the first two ships of the season—Yaye Maru and ss Rockpool—both of which will arrive within the next week. Both will take full cargoes to the United Kingdom or Continent.

THE GOVERNMENT OF NEW ZEALAND BEATEN

WELLINGTON, N. Z., Nov. 14.—(Vancouver Province Cable) The Government suffered heavy reverses in the elections today. Final standing is Government 28, United Party 26, Labor 20, Independents 6.

LIKE HOODOO ON A CHURCH

VANCOUVER, Nov. 13.—Stricken with a heart attack when preparing to take part in a Sunday morning service, at the Chown United Church, Rev. John Lewis, 59 years of age an associate pastor of the church died last night. Rev. Lewis is the second minister stricken at the same church two successive Sundays, last Sunday Rev. A. M. O'Donnell dying in the vestry.

SPORT CHAT

Those interested in indoor baseball at Anxoy met recently to discuss plans and it was decided to form an executive to take charge of this sport. The officers are: President, Mr. E. G. Brown; Vice-president, Mr. Perrin; Secretary, Mr. Young. A representative from each team will be added to the executive. Three teams are promised: one from Smelter Hill, one from the Concentrator, and one from the Store. Two of these teams will stage an exhibition tonight. It is likely that the gym will be given over to this sport for one evening each week. Meanwhile there is delay in getting basketball started at the smelter town, teams being slow in entering.

Once more there are signs and portents that widespread public demand will bring Jack Dempsey out of fistic retirement and into the ring again. Despite vigorous assertions by the one-time Manassa Mauler that his fighting days are over, day by day the evidence piles up that Dempsey soon will don the gloves and battle again for the fame and wealth the ring has already given him. These constantly recurring reports of another Dempsey comeback gathered more credence among close followers of the ring when the former heavyweight champion entered training recently at a New York gymnasium.

M'RAE SELLS TWO MILLIONS LUMBER CO.'S

MONTREAL, Nov. 14.—General A. D. McRae it was learned in financial circles today has received payment close to \$2,000,000 from British interests for controlling interest in the Canadian Western Lumber Companies. General McRae says that this disposes of his entire interests in all Canadian lumber enterprises.

REACTION IN STOCK MARKET

NEW YORK, Nov. 14.—The Bull market ran into a storm of selling yesterday and early gains of \$1 to \$6 cut down or wiped out at least a dozen high priced specialties which broke at \$4 to \$20 per share.

Selling was checked around midday when United States Steel, common, was brought forward by operators for a rise and went up \$3.50 to a new high of \$167.72. National Tea broke at \$20 per share, Wright Aero at \$10.

MOOSE WHIST

In the weekly knock-out whist tournament for members of the Moose Club last night, first prizes, chickens, were won by Tony Martinson and B. M. Simpson, while second prizes, pounds of coffee, went to Ole Stegavik and Carl Lundquist.

COMMITTEE OF COUNCIL PROBE DEPARTMENT

Collart, Brown and Dobb to Investigate Work of Engineering Section

Following the passing of a motion proposed by Ald. Tinker and seconded by Ald. Greer, Mayor McMordie, at last night's council meeting, appointed a special committee consisting of Ald. Collart, Ald. Brown and Ald. Dobb to investigate allegations made against the city engineering department by Ald. Prudhomme. Ald. Prudhomme voted against this course, urging that a commission outside the council should be named. He also refused to withdraw a previous resolution which he had submitted calling for the resignation of the city engineer.

Outside Commission

Ald. Prudhomme urged that a commission outside of the council should be appointed. Having brought in the charges, he felt that he should name one member of the commission, the council, the second, and the city engineer, the third.

Ald. Collart was not in favor of going outside the council. "I think we have enough brains to deal with the matter. If Ald. Prudhomme was not satisfied, he could then press the matter further.

Ald. Rudderham thought that members of the council should be the first to make an investigation.

Ald. Prudhomme felt that there was evident justification for an outside investigation. If the council did not realize this, he did not think there was much use in asking it to make the investigation. On the sewer bylaw alone, the city was facing a deficit of from \$25,000 to \$30,000. It was usual in such cases to appoint an independent commission.

Council Competent

Mayor McMordie believed that the council was well qualified to deal with the question and capable of giving an honest opinion.

Referring to the sewer construction, Ald. Brown pointed out that the city engineer could not be blamed at least for an over-expenditure of \$7,000 on the pipe which he had not been responsible for.

Ald. Prudhomme replied that, when the extra expenditure for the pipe had been decided upon, the city engineer had given assurance that there was sufficient money to take care of it.

After further discussion, the motion was carried with Ald. Prudhomme voting against. The mayor named the committee to consist of Ald. Collart, Ald. Dobb and Ald. Brown, none of whom are members of the Board of Works.

Ald. Prudhomme declined to comply with a suggestion by the mayor that his resignation calling for the city engineer's resignation be withdrawn pending the outcome of the investigation.

GEESE AND DUCKS ARE SECURED BY LOCAL HUNTERS

Eight geese and numerous ducks comprised the bag of E. C. Gibbons, Douglas Stork, L. W. Patmore and Captain J. R. Elfert on a successful week-end hunting trip to Winter Harbor aboard the Prince Rupert Salvage and Towing Co.'s power boat Pachena. The party left Saturday morning and returned home last night.

A party of six, headed by Alex Finnie, visited Porcher Island and bagged six fine bucks. They left at noon Saturday on the Zanardi and returned home last night on the Salvage Princess.

Many other hunting parties over the holiday week-end met with good success.

RADIO REPORT IS CONSIDERED

City Council Defers for Another Two Weeks Decision Rectifying Disturbance Here

After J. J. Little, superintendent of utilities had read his report upon the matter which discounted the theory that the municipal light and telephone system was largely responsible and suggested that a sum of \$300 be appropriated to purchase and operate a trouble finding set, the city council at last night's meeting laid on the table for another two weeks the report on radio interference in Prince Rupert. Mr. Little's report included a communication from the federal radiotelegraph department in which it was admitted that the city was doing all in its power to rectify the situation as far as it was concerned.

Ald. Rudderham felt that, instead of the city itself buying the trouble finding machine, the dealers themselves could well afford to do it.

Ald. Dobb was of the opinion that there should be a radio service station here. He believed that the department of utilities was doing all possible to rectify the situation.

S. V. Reith, president of the Prince Rupert Radio Association, called upon to speak, felt that there were still disturbances which the city might clean up. The Radio Association was not in a position to purchase the testing set though its members might be able to assist in its operation, thus relieving the city of some of the expenditure.

Ald. Brown felt that surely there were enough radio fans in the city to contribute to the purchase of the machine.

The report was then laid on the table for further consideration.

WRECKED BY CYCLONE

BENUOS AYRES, Nov. 14.—Eighteen bodies have been found late last night in the ruins of the Villa Maria which was wrecked by a cyclone Tuesday evening. Forty were seriously injured and persons were being extricated from the debris. Casualties were expected to reach a much higher total.

NO COUPONS ALL QUALITY

You can make \$100 extra TO-DAY!

Your present car is worth more to you today than it was worth a month ago, and at least \$100 more than it will be worth in another month or so.

On that basis, buying your new car now is like finding money. It means you can have the pleasure and comfort of a new car at once, and save real money by doing so. Plainly, then, you can't afford to wait.

More People Buy Hudson-Essex Cars Than Any Other Six

The outstanding leadership of the Essex Super-Six is a matter of actual and vital fact on the outright issue of what people want. On that basis it has established its long time position as the world's largest selling "Six."

Here, for the first time, real car luxury, with brilliant performance and fine appearance, were presented at less than \$1,200.

Essex alone combines these qualities. They result from original design, with a chassis as remarkably engineered in every detail as its Super-Six motor.

It is that characteristic which differentiates Essex from any but costly cars. It is that which accounts for its smooth, effortless ease in every phase of performance.

Hudson's two great factors of performance supremacy are exclusive inventions and can be shared by no other maker.

The released Super-Six principle converts to useful power, energy that in other types is lost in vibration.

And Hudson's companion invention to the Super-Six principle, upon which patents have been granted, adds a further step in efficiency by actually converting hitherto wasted heat into useful power.

The new Hudson motor gives the snap and performance of the high compression type without sacrifice of flexibility and smoothness.

Dentist (3) 1475 Wagon Coats and dresses

Mr. and Mrs. Nick Sutlovich and daughter, Miss Z. Sutlovich, of Alice Arm were arrivals in the city on the Catala yesterday from Stewart.

W. S. Henry, well known Smithers automobile dealer, who has been on a business trip south, arrived in the city from Vancouver on the Prince Rupert this morning and will make a brief visit in the city before proceeding to the interior.

C. N. R. steamer Prince Rupert, Capt. D. Donald, arrived on time at 10:30 this morning from Vancouver, Powell River and Ocean Falls and will sail at 10 o'clock tonight for Stewart, returning here at 8 o'clock tomorrow evening and sailing south at 11 p.m.

During the month of October, according to a report presented at last night's city council meeting by the janitor, J. W. Exley, 706 gallons of oil was consumed in the City Hall heating system. The average daily consumption was 5 1/2 gallons at a cost of \$1.25.

Bringing all the Stewart proxies with him, Howard Campbell arrived in the city from the north on the Catala to attend the Liberal federal nominating convention on Thursday night. Formerly of this city, Mr. Campbell is now in business in Stewart.

Passengers disembarking here from northern points on the Catala yesterday included C. E. Walsh, W. Robertson, Miss McCutcheon, T. G. Fisher, Father Chamagne, H. E. Gollam, J. Sloan, R. L. Purvis, J. P. Devlin, John Bodin and J. McEne, from Anyox, and Victor Quinistal, Howard Campbell, Mr. and Mrs. W. L. Newell, L. House, George Heaps, Fred Major, Mrs. McIlmoyle, Mr. and Mrs. N. Sutlovich, Miss Z. Sutlovich, Joseph Greer, Father Leray, D. Porm, W. Paquette and William Goodchild, from Stewart.

Final reconsideration and adoption was given at last night's council meeting to a local improvement construction bylaw providing for the laying of a concrete sidewalk on the south side of Third Avenue abutting seven lots immediately east of the Dybhavn & Hanson lane corner. Mayor McMordie reported that it had been impossible to obtain a petition from property owners concerned to provide for the sidewalk being continued further east on the same side of the street.

Mrs. George McIlmoyle arrived in the city on the Catala yesterday from Stewart.

Joe Greer returned to the city on the Catala yesterday from a business trip to Stewart and Premier.

Olof Hanson returned to the city on yesterday afternoon's train from a business trip to Smithers.

R. W. Sinclair of Inverness Cannery arrived in the city on yesterday afternoon's train for a brief business visit.

D. McD Hunter returned to the city on yesterday afternoon's train from a two weeks' business trip to Smithers and intermediate points.

H. C. Fraser, inspector of schools, returned to the city on yesterday afternoon's train from a brief trip to the interior on official duties.

Father Chamagne O. M. I. of Anyox and Father Leray O. M. I. of Stewart arrived from the north on the Catala yesterday and will spend a week in the city.

Mr. and Mrs. W. L. Newell arrived in the city on the Catala yesterday from Stewart, Mrs. Newell being here to enter the Prince Rupert General Hospital for treatment.

James H. Thompson sailed yesterday afternoon on the Catala for Vancouver where he will attend meetings of the British Columbia Conservative Association at the end of the week. He will also visit governmental headquarters at Victoria while in the south.

Max Heilbronner, spokesman on behalf of a delegation from the Board of Trade, requested the city council last night for a grant of \$400 to assist in defraying expenses incurred by the board in publicity and entertainment. In referring the matter to the finance committee, Mayor McMordie assured the delegation that the request would have the earnest consideration of the council.

Fred Lanza has returned to the city after spending several weeks at the Duthie mine, near Smithers where he has been engaged in the installation of the new boilers in connection with the electrification of the mill. He reports great interest in the upper country in the Duthie mine, which has been intensified by the recent new strike, and large buying of shares in the Smithers district.

J. M. Hockin returned to the city on the Prince Rupert this morning from a brief business trip to Ocean Falls.

E. R. Cox of Hazelton, who has been on a trip south, arrived from Vancouver on the Prince Rupert this morning and proceeded to the interior by train.

J. C. Brady M. P. sailed yesterday afternoon on the Catala for Vancouver where he will attend meetings of the provincial Conservative Association which will be held at the end of this week.

C. H. Orme sailed yesterday afternoon on the Catala for Vancouver where he will attend meetings of the British Columbia Conservative Association which are to be held at the end of the week.

D. S. Cameron, fisheries overseer for the central division, sailed yesterday afternoon on the Catala for Vancouver where he will spend the winter. Mrs. Cameron and family are already in the south.

Jack McNeil of Telkwa, who has been on a trip south in connection with the sale to the Lord Melchett interests of his Telkwa Collieries, arrived from Vancouver on the Prince Rupert this morning and proceeded to the interior by train.

Passengers sailing yesterday afternoon on the Catala for the south included: J. V. Smith, D. S. Cameron, James H. Thompson, C. H. Orme, George M. Shamon, Joseph E. Fooke and J. C. Brady M. P. for Vancouver and Mr. and Mrs. C. R. Grothe, for Butedale.

Ald. Prudhomme inquired at last night's council meeting if there was not some statute governing the installation of gas tanks in the city. He felt the tanks constituted a fire hazard. City Solicitor E. F. Jones replied that the putting in of gas tanks was not permitted on city streets but they were allowed to be installed on private property providing the regulations of the fire marshal were lived up to.

All those desiring to trim grain this season must join the grain-trimmers Union. Meeting Thursday night, Western Rooms. M. Huntley, Secretary. 1t

SEES STIR IN PRINCE RUPERT

Editor of Omineca Herald Has Interesting Article on Present Situation

COMMENDS ACTIVITIES
 City is After Big Things Which Will Benefit Whole of Northern B. C.

(Omineca Herald)
 At the present time there is an evidence in Prince Rupert of more real work being done for the general good of the country tributary to it than ever before. It seems that the leading people are beginning to get on their own feet and away from the apron strings of either government, a disease which the place seemed to suffer from the beginning. Now the people are beginning to act independently, and that is what a government likes to see. This new life, if it continues to grow, will get more from the outside and from governments than could anything else.
 At the present time the city is endeavoring to deal with capitalists for the city hydro-electric plant and for the development of more electric power for use in the city. More available power puts Prince Rupert in the position to go after manufacturing concerns, pulp mills, paper mills, smelters. Without power none of

these industries with big pay rolls can be approached. With power the men with money will look Prince Rupert up and open the negotiations. All that city needs to do is to announce to the world that fifty or a hundred or a million horse power are available at a price, and the industries will arrive—almost as if over night.
 Prince Rupert has experimented for many years with a public owned and operated power outfit, and the results need no comment. It is time that private capital was given an opportunity to get to work in Prince Rupert for a time. The citizens there now will be kept plenty busy with new business as soon as capital gets going on a power supply.

Prince Rupert has also got a committee at work on a railroad from the Groundhog coal fields to connect with the Canadian National Railway at some point between Terrace and New Hazelton. That will make Prince Rupert the export port for that coal, and coal is getting to be a quite a problem in some countries. The Groundhog coal has been known, prospected and explored. According to engineers it is now ready to dig out and market, and it only needs a railway. Not only is this railway to open up the Groundhog but it will be half way to the great Peace River country and will afford that country a short haul to the coast.

Prince Rupert is also actively engaged in urging upon the Provincial government the necessity of putting forth more serious efforts in getting a road through to Terrace to connect with the main provincial highway.
 These things are all big things and when accomplished will mean great things for Prince Rupert and for the country back of Prince Rupert. The whole country from the coast to the B. C. boundary is going to benefit and every municipality and community along the Canadian National should give the coast city every support.

GRIT DELEGATES ARRIVING HERE

Interior Representatives for Nominating Convention Reach City for Gathering Tomorrow Night

Several interior delegates who will attend the Liberal federal nominating convention tomorrow night arrived in the city on yesterday afternoon's train and more will be here tomorrow afternoon. Those arriving yesterday included Frank V. Foster, S. J. Meyer and James Buchan, Smithers; Peter Carrigan, Hazelton; W. C. Little, Woodcock; Louis Mero, Kispiox; and H. L. Frank, Terrace.

The candidature of Olof Hanson, it is reported, will receive strong support from interior delegates.

Howard Campbell also arrived yesterday with all the Stewart proxies.

More delegates reached the city on the steamer Prince Rupert this morning from down the coast. Among them were William Heath and T. R. Phillips, having the Bella Coola proxies, as well as those from the paper town.

E. T. Kenney, arriving from a trip to Vancouver and Victoria, will stop over in the city to take his place as one of the Terrace delegates. A. R. Mallory of Port Clements, also arriving from Vancouver, will attend as one of the Queen Charlotte Island delegates.

ROAD COST IS PROHIBITIVE

City Not in Position to Meet With Request of National Airplane Lumber Co. for Connection

The Board of Works reported to the city council last night that it would cost \$40,500 to build a road by way of Eleventh Avenue to the site at Seal Cove where the National Airplane Lumber Co. plans the construction of a sawmill for the production of airplane spruce. By way of Eighth Avenue the cost would be \$50,300, and via the C. N. R. grade it would be prohibitive.

Mayor McMordie stated that the Board of Works felt that the cost of such a road was altogether beyond the reach of the council. The road had been asked for by the company contemplating the construction of the mill.

On suggestion of Ald. Prudhomme, who stated that the principals of the National Airplane Lumber Co. were away from the city just now, it was decided to lay the matter on the table for 30 days.

SIDEWALK ON SIXTH AVENUE REQUESTED

School Board Asks Council to Give Better Protection to Children

The board of school trustees requested the city, in a communication at last night's council meeting, to build a sidewalk along Sixth Avenue East from McBride Street to Hays Cove Circle. The claim was made by the school board that 60 per cent of the children attending Booth Memorial School, as well as many High School pupils, used this street to go to and from their homes. There was hardly clearance on the street for two cars and, therefore, there was danger that accident might befall the children.

The matter was referred to the Board of Works for report.

THROUGH SLEEPERS TO THE SHIP'S SIDE

The Canadian National Railways have made arrangements to operate special trains and through sleeping cars from the Pacific Coast to the ship's side at Montreal and Halifax in connection with sailings for the Old Country during November and December. Full information from City Ticket Office, 528 Third Avenue, Prince Rupert. Phone 260. 282

DISTRICT PRIESTS HERE FOR MEETINGS OF CATHOLIC CLERGY

Meetings of the Roman Catholic clergy of this diocese are being held in the city this week with Bishop E. M. Bunney, O. M. I. presiding.

Arriving in the city yesterday for the meetings were Father Cocola, principal of the Lejac Industrial School; Father E. Allard, Fort St. James; Father Godfrey, Terrace; Father Chamagne, Anxox, and Father Leray, Stewart.

Father Joseph Allard of Hagwilget arrived from the interior on Monday and Father Vallieres of Smithers will be in tomorrow afternoon.

Father Godfrey arrived in the city on yesterday afternoon's train from Terrace.

Severe Colds Always Ended In Bronchitis

Mrs. John Wilson, 143 Mamelon St., London, Ont., writes—"I have always been troubled with severe colds which always ended in bronchitis, but since taking

Dr. Wood's Norway Pine Syrup

I have no fear of this trouble, as it acted like magic, and the desire to cough was entirely gone. The soothing feeling it imparts to the bronchial tubes is simply wonderful.

"One day my husband came home with a heavy cold, but after a few doses he was entirely free of it."

Roads and Bridges

ROADS and TRAILS
 1916 26,220 MILES
 1926-7 31,900 MILES
 BRIDGES: The present valuation of 63 miles of Bridges is \$8,480,000

UPON the arteries of communication depend the settlement and growth of the nation. First the trails... then the rough oxcart ruts... the wagon roads... the automobile highways.

The scattered population of British Columbia has made the construction of roads between centres a matter of vital importance, yet one of almost insurmountable difficulties.

Mountain sides have to be blasted away... clefts and chasms tresselled... rivers bridged!

With the opening of the Cariboo Highway through Fraser Canyon in 1926, the last link of British Columbia's great arterial highway... a highway unexcelled the world over as an engineering feat and one of unmatched scenic beauty... was forged.

Eastern British Columbia greeted its western brothers! Markets and railways were brought closer to the farmer, the miner, the industrialist. New fields for agricultural and trade development were opened up.

For the ten years just past, an aggressive highway programme has been carried out. Thousands of miles of good roads and dozens of sturdy bridges have been built.

Our roads system now totals 31,900 miles... an increase of over 5,000 miles during the last ten years. Of this mileage, 12,000 miles are earth roads; 4,000 gravel roads; and 1,000

macadam, bituminous, concrete and cement concrete. The 5,000 miles which were added to our roads system include: 884 miles of main trunk roads, 602 miles of lateral roads, 281 miles of industrial and mining roads, 1,133 miles of settlement and farm roads, and 2,000 miles of ordinary and mining trails.

During the years just before 1917, a large number of bridges had been constructed in the Province, nearly all of which were temporary timber structures. Since 1917, the problem of maintenance and renewal of these structures has been a serious one, involving a large expenditure, particularly between the years 1920 and 1927.

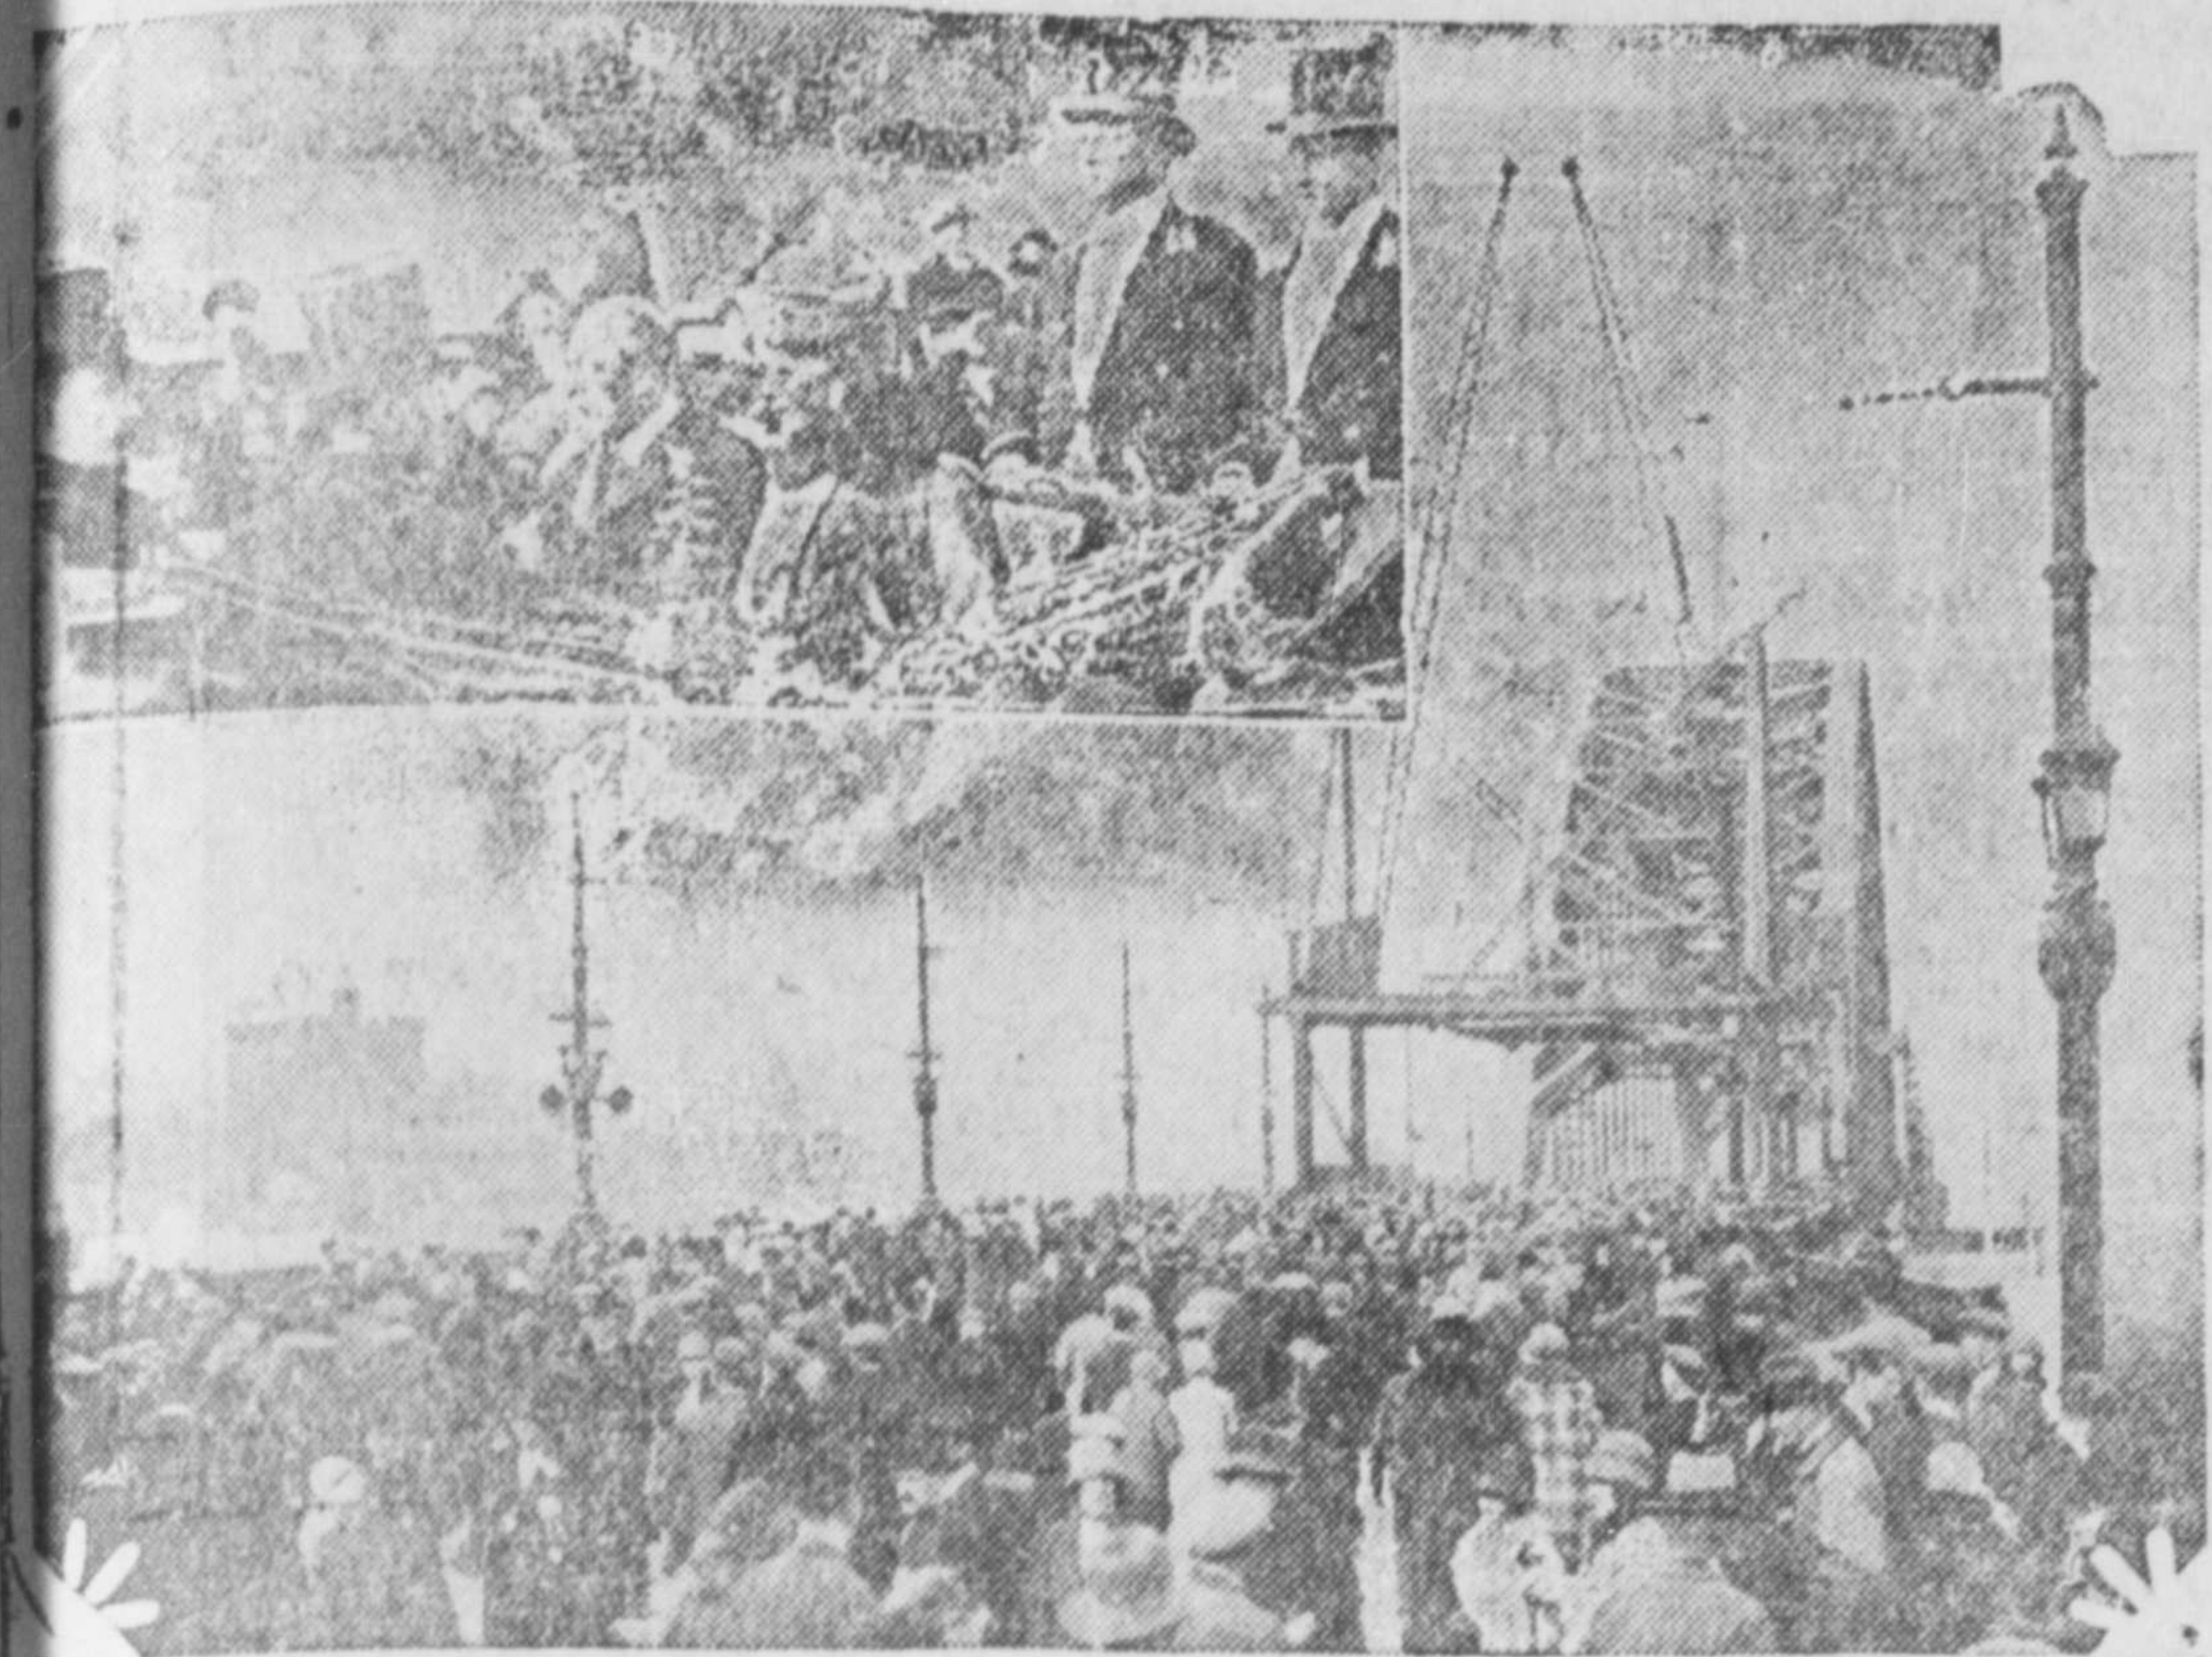

The policy has been to improve design of and workmanship on temporary bridges and to renew all the large bridges on main highways over the principal rivers with concrete and steel.

Today, the valuation of our 63 miles of bridges is nine million dollars.

This construction activity has distributed wages and salaries over our whole Province and has been a material aid in bringing about the current period of British Columbia's prosperity.

Read these announcements and understand your province's progress... clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

BRITISH COLUMBIA'S PROGRESS

KING GEORGE OPENS GREAT TYNE BRIDGE

Above are two pictures taken at the opening ceremony of the new bridge which spans the River Tyne linking Gateshead and Newcastle. The lower view was taken after the bridge was opened and shows the great span with a dense crowd of people passing under it, while the top picture is a close-up of the King and Queen in the royal carriage on the Gateshead side of the bridge.

Passengers going through to Vancouver on the Catala yesterday included Ernest Love, Noel Traversy, P. L. Wilson, C. L. Hyatt, Neil Matheson, J. Fagan and Mrs. Frame, from Stewart. The city council last night, on recommendation of the utilities committee, accepted the tender of Mrs. A. R. Kert, Master G. W. Kent, B. Harrison, Florence Myers, Miss Jean Cross, Albert Albert & McCaffery of \$7 per long ton for the supply of 700 tons of Nanaimo-Wellington coal to the dry dock power plant. George Haldane an Indian was fined \$15 and \$3.50 costs or seven days imprisonment in the police court yesterday for drunkenness.

HALIBUT BOAT SAFELY RAISED

Caygeon Back in Port After Being Submerged for Four Months

The well-known local halibut boat Caygeon, which sank four months ago at Butedal following an explosion was successfully salvaged by an outfit of the Prince Rupert Salvage and Towing Co. last week and was brought to port at the week-end by the Salvage Princess. Owned at the time of the accident by Dominic Mara and John Wick of this city, the Caygeon is now in the hands of the underwriters and is being offered for sale by the Prince Rupert Salvage and Towing Co. The engine of the vessel is reported to be in good shape and the hull quite sound, although the pilothouse and forecastle head were blown off.

DEBATE WAS INTERESTING

Baptist Church Fireside Club Decides Bakers More Valuable Than Bankers

The principal feature of the program at the regular weekly meeting Saturday night of the Fireside Club of First Baptist Church was an amusing and interesting debate on the subject, "Resolved That Bankers Are of More Value to the Community Than Bakers." The affirmative side was taken by Miss Catherine Mussallem and W. Fraser, and the negative by James Underwood and Miss Bessie Derry. Popular vote of the audience gave a majority of one in favor of the bakers. Many interesting arguments were advanced for either side. Other items on the program included a piano solo by Miss Rhoda Lamb and a vocal solo by Miss Beulah McKinley, accompanied by Miss Aletha McKinley. The meeting was well attended, and Rev. W. F. Price presided.

FISHERMEN ASK AID OF CITY COUNCIL IN PASSING RESOLUTION

The city council last night referred to the fisheries committee a resolution from the Northern British Columbia Salmon Fishermen's Association asking that the government enforce more strictly the regulations providing for the use of Canadian harbors by American fishing vessels. The Fishermen's Association sought the endorsement of the council for the resolution which was passed at the convention of the Association in the city last week. Explaining the resolution, Ald. Rudderham stated that numerous complaints had been made as to American salmon trollers using Canadian ports as fishing bases and fishing within the three-mile limit. It was to have the regulations in this connection more strictly enforced and a patrol instituted that the resolution was presented. The matter was referred to the fisheries committee of the council for report.

When your Child has Croup

RUBBED on throat and chest, the effect of Vicks Vapo-Rub in relieving spasmodic croup is two fold: (1) Its medicated vapors, released by body heat, reach air passages direct; (2) At the same time it stimulates the skin, thus helping the inhaled vapors ease the difficult breathing.

acts 2 ways at once VICKS VAPORUB OVER 17 MILLION JARS USED YEARLY

Local and Personal

The meeting of the Eagles will be held tonight instead of tomorrow night.

Charles Lake, pioneer prospector of Stewart, who has been on a two weeks' trip to Vancouver, is a passenger aboard the Prince Rupert today returning north.

Louis Astori, who has been spending a two weeks' holiday in the south, returned home from Vancouver on the Prince Rupert this morning.

The regular monthly business luncheon of the Prince Rupert Gyro Club took place in the Commodore Cafe today with President L. W. Waugh in the chair.

The case of Reg Rudland, charged with supplying liquor to Indians, as well as that of George Haldane, Indian, charged with drunkenness, has been adjourned until this afternoon in city police court.

Albert Farrow, steamboat inspector, arrived on the Prince Rupert this morning from Vancouver to make an inspection of the lighthouse tender Newington which has been undergoing extensive renovation at the local dry dock.

"Development of Children's Music" is the subject being taken up this afternoon by the Ladies' Music Club at its regular by-monthly meeting in the Japanese Mission Hall. Miss E. G. Lenox M. D. and Miss L. M. Halliwell are in charge of the program.

J. Blackaller of the C. N. R. car barge and tow boat department and Alex Scott, representative of Lloyds underwriters, arrived in the city from Vancouver on the Prince Rupert this morning. They are here to make an inspection of the car barge for the Canadian National Railways which is under construction at the dry dock here.

Union freighter Chilliwack, Capt. W. W. Mounce, arrived in port at 11 o'clock last night after making calls at Alice Arm, the Naas River and Port Simpson and will be here until tomorrow loading Terrace cottonwood logs at the dry dock for delivery to the Laminated Materials mill at New Westminster and fertilizer at the plant of the Rupert Marine Products Ltd., also for delivery to New Westminster.

The Letter Box

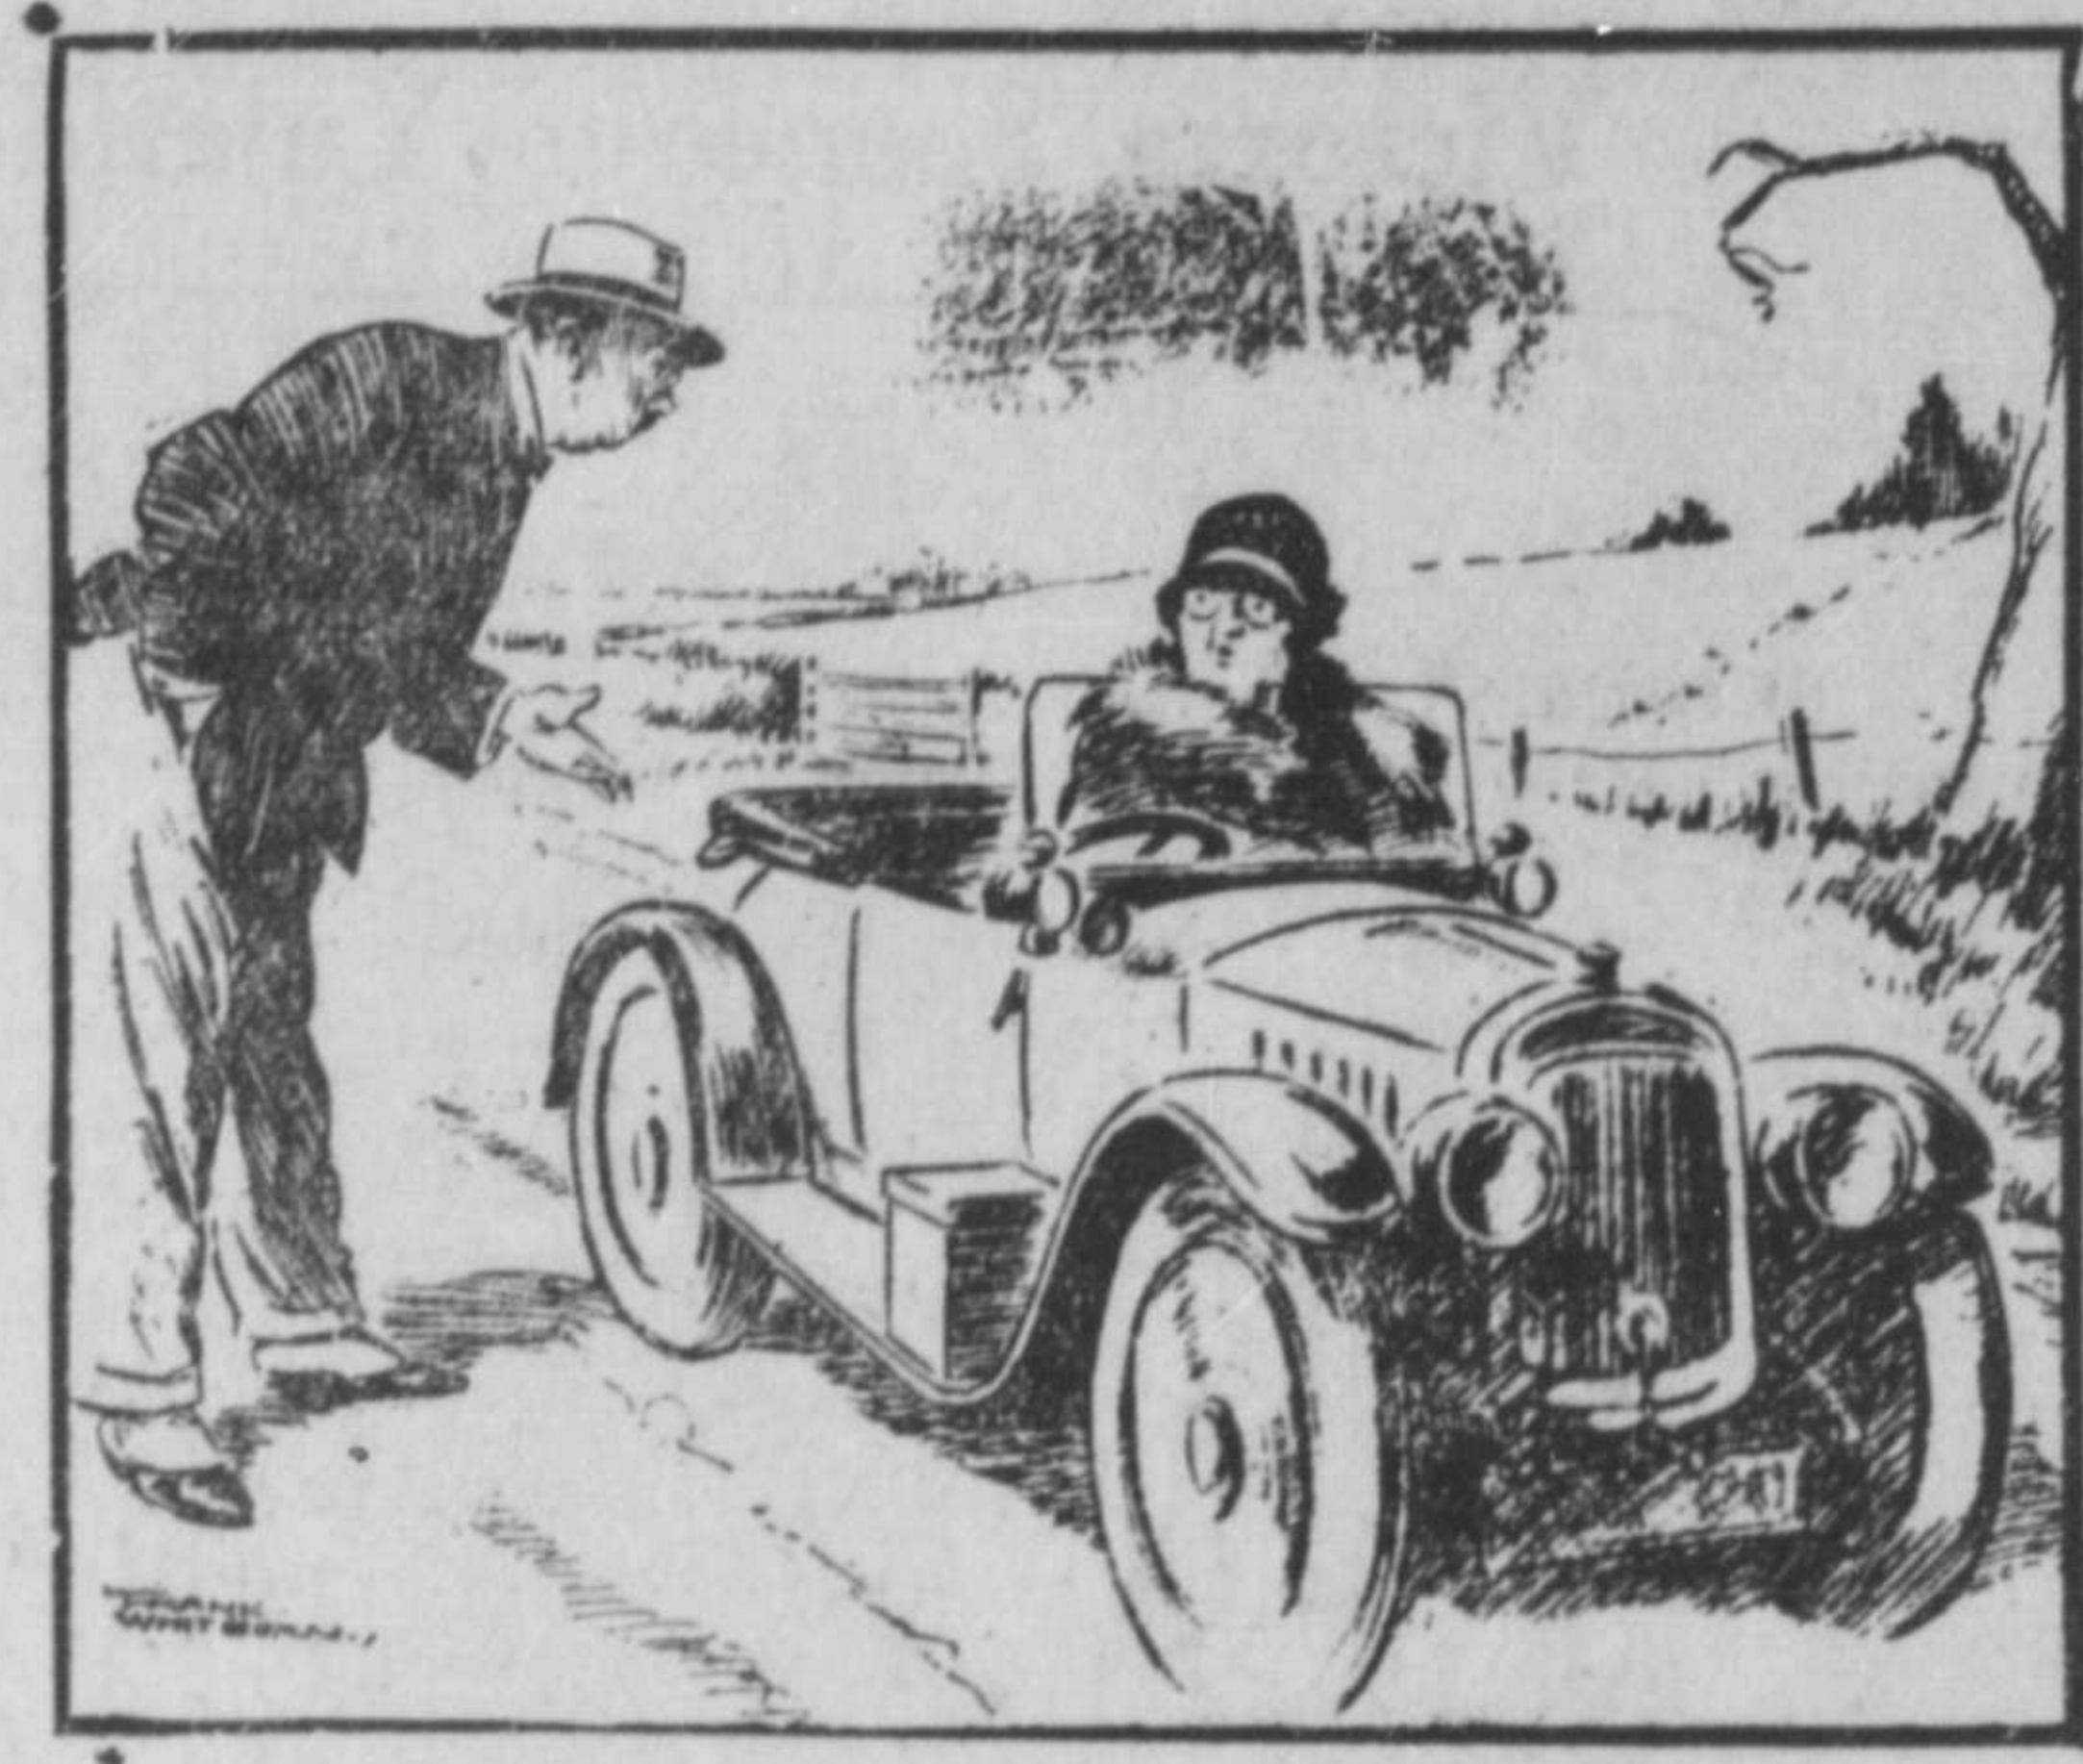

APPRECIATES ADVERTISING

Editor, Daily News— Just to show our appreciation of your classified advertising, "Lost and Found" columns, I wish to say the article lost was returned two days after it was advertised, (in only two insertions) and the result is most gratifying, as it was a gift I would not have let remain lost if possible to find by any means, and which my ad. did find, showing even advertising columns are not overlooked but looked over, pretty well.

Yours very truly, "BOX 757" P. O.

WINTER SCHEDULE C. N. STEAMSHIPS AND RAILWAY

Change in schedule on coast steamships is effective week commencing Monday, Nov. 19th. After that date the S. S. Prince Rupert will arrive from the south each Wednesday 10:30 a.m., sail for Stewart and Anyox 10 p.m. same night, returning 6 a.m. Friday and sail for Vancouver each Friday 9 a.m. The tri-weekly service on railway is also effective same date, trains leaving Prince Rupert each Monday, Wednesday and Saturday for the east, and arriving each Tuesday, Thursday and Sunday the same hours as at present. Full particulars from City Ticket Office, Phone 260, 270.

EMBARRASSING MOMENTS

SQUARE DEAL FOR VETERANS

Delegation Appears Before City Council and Protests Against Discrimination

Claiming that not only were returned men not given the preference to which they were entitled when seeking work from the city, but that they were being actually discriminated against and were met with incivility when they applied for jobs, a delegation consisting of M. M. Lamb, W. Wilson and J. Unkles appeared before the city council last night to protest at the treatment they claimed returned men were receiving at the hands of the municipal public works department.

Mr. Lamb stated that the Canadian Legion had possibly been remiss in having not brought the matter forward sooner. However, when a citizen of long standing, a taxpayer and one who had raised a family here had found it necessary to complain, the matter could be allowed to slide no longer. Instead of receiving the preference to which they were entitled, Mr. Lamb stated that returned men were being actually discriminated against.

W. Wilson told of applying for a job about two weeks ago. He had been told to go to work on Monday, but on Monday, Tuesday and Wednesday, when he had come all prepared, he had been denied by the foreman. Then he had taken the matter up with the mayor and one of the members of the Board of Works before he had been able to go to work. Even then the foreman had done his utmost to make him quit. And this was only a repetition of what had occurred in previous years. "Far be it from me to pose as a hero," concluded Mr. Wilson, "but I do think I should be given a fair deal."

Mr. Unkles did not think it was right to make a nursery in Canada for European nationals to the detriment of Canadians, particularly returned men.

Referring the matter to the Board of Works, Mayor McMordie stated that it was not the desire of the city to discriminate against any citizen, particularly a returned man.

CONNECT ATLIN AND GRAHAM AVENUES BY WAY VANARSDOL ST.

On recommendation of the Board of Works, the city council decided last night to bring in a local improvement initiative bylaw providing for the construction of a macadam roadway connecting Atlin and Graham Avenues in Westview by way of Vanarsdol Street, the cost of the work being estimated at \$7,500.

Speaking to the recommendation, Ald. W. J. Greer, chairman of the Board of Works, stated that Seventeenth Street, the only connection at the further end of the two avenues now, was in a dangerous condition and something would have to be done about it. The proposal of the Board of Works was that only foot traffic be in future allowed on Seventeenth Street and that the new road be put in to take care of vehicular traffic.

Dr. R. C. Large of Port Simpson is a visitor in the city today. He sang vocal solos for the Gyro Club at its luncheon today.

Victoria Scene of Yuletide Festival

Empress Hotel, Victoria

"Who does not love the very name of 'Christmas', asks Dickens in 'The Christmas Carol' knowing well enough that there is no such person, and that if there were his punishment would probably be nothing less horrible than that which proved so effective in the case of the unpleasant Mr. Scrooge. And where, one may ask, is the proper Christmas spirit more truly observable and more thoroughly enjoyed than in England. Back in the dim middle ages Christmas was an English institution and it came down the centuries losing nothing of its charm although customs of celebration changed a little now and then as time went by. But Christmas remained English and is to-day as English as ever wherever English people are gathered.

Outside the British Isles there is no place so English as Victoria. The climate is English, better still its scenery is English, and best of all, its people are English. Great holly bushes "with red berries bright" grow in profusion, and English Ivy shrouds the walls of mansion and cottage—what better setting for English revels?

Victoria is this year going to celebrate Christmas in right good Christmas fashion. Old customs,

old carols, old music—a Christmas festival that will pull at the heart-strings of English people no matter how many years or generations they have been away from "Home". The celebration will last from Christmas to "Twelfth Night" and will center around the Empress Hotel as one of the musical and historical festivals that have been organized by the Canadian Pacific Railway.

Among the features of the Festival will be a presentation of "The Chester Mysteries" a nativity play that had its first performance at Chester Abbey, Christmas, 1328, just 600 years ago, when Edward III was on the throne, and about twenty-five years before the battle of Cressy. Christmas customs down through the ages to the time of Dickens will be observed in the costumes of their period and there will be a Christmas play based on Mr. Pickwick's famous Christmas Frolic at "Dingley Dell Farm". The celebration will wind up with a fancy dress ball, and as Victoria is Canada's most popular winter resort the event will be attended by people from all parts of this country and the western States.

W. H. Cavanagh of Kalum Lake was in town at the end of the week.

PACIFIC

Mrs. Taper and daughter of Pacific were recent visitors in Terrace.

Mrs. Pat O'Brien spent an enjoyable week end with her sister Mrs. W. E. Gardner at Pacific.

Father Godfrey said mass for the benefit of local Catholics last week. His visit was much appreciated.

The trustees of the Pacific school, Mrs. W. Aird, Mrs. Thos. McCubbin and Mrs. David Disher are collecting for a children's Christmas tree.

TERRACE LODGE CELEBRATES

I. O. O. F. Anniversary Proves Enjoyable Event With Rebekahs as Guests

TERRACE, Nov. 13.—The local I. O. O. F. lodge celebrated the sixth anniversary of their inception on Friday evening last by holding a very enjoyable social evening in their club rooms. Their guests included their sister Rebekahs and a large number of other friends, about 80 persons being in attendance. Whist was enjoyed in the early part of the evening, prizes going to Mrs. S. N. Kirkaldy and James Lever, while Miss Betty Anderson and N. Sherwood received consolations. During the preparation of supper musical selections were rendered by Dr. Brummett, Mr. and Mrs. Dyson and Miss Reid. A number of short addresses were also given. A sumptuous supper was served, after which dancing was enjoyed to music furnished by McLaren's orchestra.

Blue Tile Congoleum Gold Seal Rug No. 319 is shown here—A very attractive effect in Ceramic Tiles; two tones of irregular blue tiles blend harmoniously with the neat white tiles.

Guaranteed

Every genuine Congoleum Gold Seal Rug is made with the "Multicote" longer-wearing surface, and guaranteed to your satisfaction by the Gold Seal. Look for this Gold Seal and avoid disappointing substitutes.

Put new charm in the Kitchen.

Attractiveness in the housekeeper's "work-room" is important... bright cheerful atmosphere tends to make her duties seem lighter, and what better and more inexpensive way to introduce new charm than the new Congoleum Gold Seal Rug patterns...

The "Multicote" longer-wearing pattern is easily cleaned... dirt, spilled things or foreign matter of any kind cannot stain the water-proof surface... a simple rub-over with a damp mop and the beautiful pattern is instantly fresh and clean.

Genuine Congoleum Gold Seal Rugs are surprisingly low in cost... only \$6.65 for a 9 x 6 rug... guaranteed by the Gold Seal to your "Satisfaction or your money back."

SCHOOL BOOKS ARE DISCUSSED

Terrace Parent Teachers Endorse Prince Rupert Proposal to Have Government Act

TERRACE, Nov. 13.—At a well attended meeting of the Parent Teachers Association, presided over by Mrs. S. J. Moore, it was decided to endorse the proposal of the Prince Rupert Trades and Labor Council to ask the Government to handle and distribute all school text books and also suggest that as few changes as possible be made in the books.

A committee composed of Miss Davis, Rev. Wm. Allan and George Dover was appointed to report on the feasibility of driving the children to school during bad weather.

Other possible objectives for the energies of the society were the establishment of a gymnasium, reference library, school lights and enlargement of the grounds. It was decided to provide a good set of reference books for the high school library at an early date and a community Christmas Tree is planned. Miss Reid of the High School staff gave a piano solo.

C. N. R. steamer Prince Charles, Capt. Neil McLean, is due in port tomorrow from Vancouver via the Queen Charlotte Islands and will sail Saturday night at 10 o'clock on her return south over the same route.

The New plug-in-all electric Victor Radio

HIS Master's Voice trademark is a world wide talisman of trade. Victor products are known in every part of the globe, have been for more than a quarter century. Nothing in their field ever equalled Victor products, they lead the world in performance.

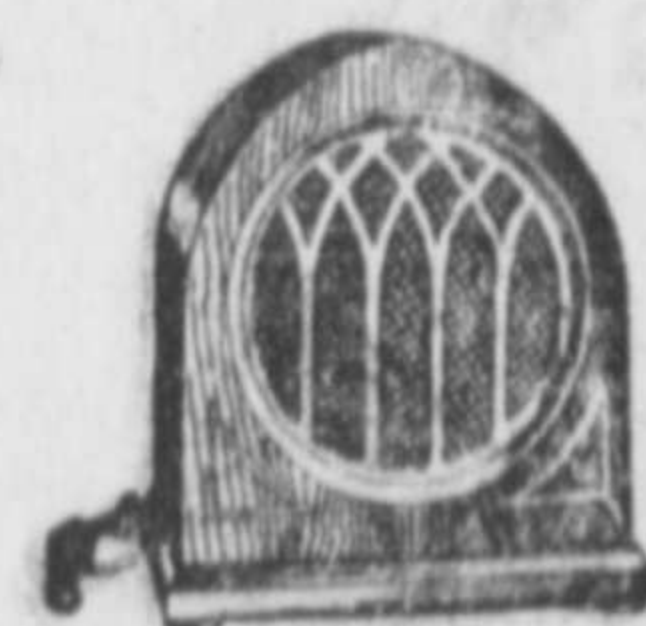

Every New Victor Radio is a perfected radio, far advanced in design. A.C. tube operation, single control, lighted dial, velvety tone and volume, smart tasteful cabinets.

Here is featured the popular Lowboy model, a cabinet designed specially for authorized Victor Radio Dealers, and offered by them to you, with the New Victor Radio, Victor Loud Speaker, full set of eight tubes, and "plug-in" cord for only \$285.

Victor Talking Machine Company of Canada Limited

THE NEW VICTOR RADIO SPEAKER

—deftly enclosed in a stately brown walnut cabinet. We leave it to you to judge the Victor contention that the tone of this speaker will please all who hear it. Recommended for use with Victor Table Model Radio.

FOR THE COLLEGE GIRL

For college sports wear, there can be no wiser choice than a knitted frock. Of those ensemble suits consisting of blouse, skirt and sweater are equally useful.

In the illustration is one of these. Of a silk and wool mixture, it includes a blouse that can be worn over the skirt, or tucked under the waistband. The sweater that goes with it is of matching material, and is in the cardigan material.

The grosgrain ribbon banding of the felt hat is repeated in the trimming of the blouse.

ADMISSION, 50c AND 15c.

COUNT OF TEN IS SHOWING AT THE WESTHOLME

Boxing Picture is Part of Big Double Show There Tonight

"The Count of Ten," part of the big double show at the Westholme tonight will prove a thrilling picture for those who are interested in boxing as well for those who love romance. Intermingled with one of the finest stories of the "roped arena" ever made into picture is the "single track" love of the prizefighter for his wife.

The story concerns Johnny and Betty, both in the glove business, he behind a pair of regulation eight-ounce mitts and she behind a sales counter. They meet and naturally they fall in love. But the true love of the middle-weight aspirant and his sweetie doesn't run smooth. The fight game is a complicated one, both in the squared circle and in the domestic circle. For every body blow Johnny gets in the ring, he takes a psychological one at home. He learns about women from her. How his mixed-up ambitions and inhibitions are untangled and what happens to his ring title and to his home is shown in the picture.

GREAT BARRIE AT WESTHOLME

Famous Magician to Show Many Tricks as Part of Program Tonight

"The Great Barrie" is to be here tonight. For an hour he will amuse the patrons of the Westholme Theatre with clever tricks. He is a magician and conjurer and his show is part of the big double program tonight.

Barrie has developed the art of showmanship to a high degree and is a lightning worker. Trick follows trick in quick succession and the audience has hardly time to recover from the surprise of one before he is almost halfway through another. Several items are unique and baffling, particularly the cabinet trick in which Barrie is placed securely handcuffed, by a committee from the audience, in a tank with six glass

SEVENTH HEAVEN IS GLORIOUS PICTURE

Exceptional Entertainment at Capitol All This Week

The great masterpiece "The Seventh Heaven" which has been the talk of more than one continent for many months has reflected untold glory on all those who participated in it.

The hard boiled critics of New York are unanimous in their praise of this great film. Says the N. Y. Evening Telegram, "Seventh Heaven is the eighth wonder of the movie world, inspiring from start to finish. If you don't see it, you've seen nothing in the moving picture line." The N. Y. Evening Journal says, "One was transported to '7th Heaven' by the acting of Janet Gaynor and Chas. Farrell."

Miss Cecelia Prest, "The little girl with the big voice," "The 7th Heaven Prologue," A. H. Nachbar; flute soloist, and a special musical program for music lovers will complete a program which Capitol patrons will long remember.

panels. This is then locked, padlocked, and tied round with rope, the knots of which are sealed. Yet in three seconds Barrie changes places with his lady assistant. His card tricks are mystifying and amusing. He has lost the middle of his left hand, but this seems to be no handicap whatever, for he manipulates the accessories allied with his tricks with a remarkable skill and dexterity. He concludes the performance by sawing in halves a box containing his lady assistant in full view of the audience. It is a performance of high standard.

SEVEN WERE DROWNED MOTOR BOAT SWAMPED

NORFOLK, Va., Nov. 14.—Captain Lee H. Stuman, veteran deep sea fisherman, and seven men were drowned off Hogi Island yesterday, when their motor boat was swamped in a heavy sea when they were trying to pick up a small crew they had lost while towing.
