NEW NAVAL DISCUSSION IS PROPOSED

CONDITION OF KING GEORGE CAUSES WORRY TO EMPIRE

Joint Meeting of Parliamentary Committees of United States and Great Britain Suggested by U.S.

Chairman of Naval Affairs Committee of House of Representatives Takes Initiative View to Equalize Sea Power of Two Countries

WASHINGTON, Nov. 28.—In a cablegram to Premier Baldwin, Chairman Britten of Illinois suggested a joint meeting of the house naval affairs committee and a committee of the British parliament, to discuss equality of sea power between United States and Britain on all classes of warships unaffected by the Washington arms conference. It is suggested that the meeting be held in Canada after March 4 and that the committees report recommendations to their respective governments, as the results of the discussions in the manner of similar methods used by the inter-parliamentary union.

Britten said the cablegram was prompted by Mr. Baldwin's statement on November 13, expressing a desire for more frequent personal discussions between the United States and British representatives, to lead to a better understanding and feeling between the peoples and governments of the two countries.

Canada Is Interested

OTTAWA, Nov. 28.—Canadian government officials declared that the suggestion of Representative Britten of Illinois to Premier Baldwin for a conference in Canada of the United States house naval affairs committee and a committee of the British parliament to discuss equality of sea power was the first intimation received here of any proposal for such a meeting.

The suggestion carried in the Washington despatch was viewed, in official circles here, as a "very interesting one."

TYPHOON SWEEP PHILIPPINES

MANILLA, Nov. 28.—Reports brought by restored communications this morning indicate that 200 persons perished in a typhoon which struck the Philippines Thursday, Friday and Saturday. There are 10,000 homeless on the Island of Leyte alone.

OTTAWA MAN IS HEAD OF CIVIL SERVANTS

C. E. Webb Regional Vice-President for Federal-Wire Organization

OTTAWA, Nov. 28.—D. Roy Cameron of Ottawa was re-elected President of the Professional Institute of Civil Service of Canada. C. E. Webb is regional vice-president for British Columbia and the Yukon.

AGRICULTURE TO BE AIDED

Dominion and Provincial Government Representatives Have Conference in Toronto

TORONTO, Nov. 28.—Agricultural representatives of the Dominion and provincial governments conferred yesterday with the executive committee of the Canadian Chamber of Commerce in an endeavor to bring about co-ordination of agriculture and other business interests in Canada. Among subjects discussed was a proposal to establish a national agricultural committee of the chamber to advance agriculture in a business like way.

On motion of Hon. George Hoadley of Alberta, seconded by D. Warnock, British Columbia, the conference endorsed the action of the Dominion government in creating a National Research Council.

MUST ANSWER MURDER CHARGE

VANCOUVER, Nov. 28.—Gordon Stewart Northcott, charged with the murder of boys near Riverside, Cal., left here yesterday in charge of California police officers en route to the scene of the alleged crime, where he will be tried along with his mother.

SEATTLE, Nov. 28.—Manacled to an officer Gordon Stewart Northcott was taken on the train today for Los Angeles.

FIRE TRAGEDY IN EDMONTON

Two Children Trapped in Upstairs of House, Burned to Death Today

EDMONTON, Nov. 28.—Margaret Keogh, aged 13, and Martin Keogh, aged 6, trapped in an upstairs room, were burned to death this morning when fire destroyed their home. Martin Keogh, their father, was severely burned in making an attempt to rescue them.

JUDGMENT CUT FIVE TIMES

Damages Assessed at \$157,000 Reduced to \$35,000 by Appeal Court

VANCOUVER, Nov. 28.—The appeal court today reduced from \$157,000 to \$35,000 a judgment given by Mr. Justice D. A. McDonald in Nelson nearly a year ago against the Canadian Pacific Railway for losses sustained by the Midlakes Timber Company and other parties by fire caused by a spark from a Canadian Pacific locomotive on the Kaslo-Slocan branch.

STEPS TO PROTECT SCHOOL TEACHERS

VICTORIA, Nov. 28.—Steps will be taken immediately to investigate the conditions surrounding teaching in rural sections in assisted school districts. Hon. J. Hinchcliffe has initiated an investigation to secure a way of safeguarding young girl teachers in the district schools and to prevent assignment to unsuitable localities.

Fate of Halibut Vessels Brunvol and Imperial is Subject Only of Conjecture as no Word is Received

The tragic expectation of many who are acquainted with the situation seems now to be that the two Seattle halibut boats, Brunvol and Imperial, both missing for two weeks, or those on board may never be heard from again. Though there is still hope, it is fast glimmering out as time passes and the vessels continue unheard from. Hope is waning at local headquarters of the Deep Sea Fishermen's Union, which has asked to be informed immediately anything is heard as to the fate of the two vessels, each carrying a crew of four or five men.

Both are Seattle boats. The Brunvol, built in 1926, is owned and skippered by Capt. Charles Blomquist. One of the members of the crew is Fred Lundquist of this city, whose wife and two children reside here.

Capt. James C. Rohmen is owner and skipper of the Imperial.

J. M. Morrison, local agent of the Deep Sea Fishermen's Union, received a wire from Ketchikan this morning stating that nothing definite had so far been learned of the Brunvol or Imperial. The United States government cutters Unalga and Cygan returned to Ketchikan after a five-day search to the westwards for the missing boats, but reported no success in locating them.

The schooner Akutan, donated by its owners, outfitted by contribution and manned by halibut fishermen, left Ketchikan at midnight last night to search in the vicinity of Middleton Island and Cape St. Elias, where the Brunvol and Imperial were last reported on November 15.

Mr. Morrison gives no credence to a report that has been circulated stating that a boat had arrived which had found the mast of one of the missing vessels. Mr. Morrison was in touch with the men on the boat referred to and they conveyed no such information to him. He believes that it is an idle rumor.

GREEN IS PRESIDENT OF LABOR FEDERATION

NEW ORLEANS, Nov. 28.—William Green was elected president of the American Federation of Labor today. Toronto was chosen for the next annual convention.

PIONEER DIES

VANCOUVER, Nov. 28.—John Lobett, 92 years of age, picturesque British Columbia pioneer and prospector, is dead.

FOUND GUILTY OF CAUSING INJURY BY NEGLIGENCE

Electing for speedy trial and pleading no. guilty, William Scott of Stewart was found guilty by Judge Young this morning on a charge of causing bodily injury to Jack Howson by shooting him in mistake for a bear in the Bowser Lake country on October 21. Five months' suspended sentence was imposed.

Reith being greeted by Dr. W. W. White, the Mayor of St. John's.

SHIPPING SERVICE STARTS BETWEEN THE DOMINION AND WEST INDIES

The R.M.S. "Lady Nelson," the first of the five new vessels built for the Canadian National Steamships fleet, in accordance with the Canadian-West Indies treaty, is here seen arriving at St. John, N.B., preparatory to making her maiden voyage to the Caribbean Sea. The new ships are eight thousand tons, and their passenger accommodation was designed for tropical travel. Now is Captain J. M.

MAYORALTY ELECTION IN EDMONTON SOON

EDMONTON, Nov. 28.—Two candidates have so far declared themselves for the mayoralty elections which take place December 10. They are Mayor Bury and Capt. J. C. Bowen, a former member of the legislature. Over 20 are in the field for aldermanic honors, representative of all sections of the community.

GALE IN BLACK SEA

MOSCOW, Nov. 28.—Part of the city of Odessa and several villages were flooded and inhabitants forced to take to the roofs of the houses in a terrific gale over the Black Sea.

PRICE OF WHEAT

VANCOUVER, Nov. 28.—The price of wheat was quoted on the exchange today at \$1.19.

FUNERAL NOTICE

The funeral of the late Brother Roberts will take place at 2.30 tomorrow afternoon from the Anglican church. All Eagles please attend.

Prince of Wales Speeds Homeward on Account of Illness King George

Bulletin on Condition of Patient Shows No Improvement Up to Eleven o'Clock This Morning

LONDON, Nov. 28.—A letter from the King's physician, Lord Dawson of Penn, submitted to the cabinet this morning said: "His Majesty is suffering from inflammation and congestion of the right lung, with extensive plastic pleurisy on right side."

LONDON, Nov. 28.—(11 a.m. bulletin)—"The King passed a quieter night. Temperature and general condition remains as before."

DARES, Salara, Nov. 28.—The Prince of Wales is expected to arrive here at 5 o'clock this evening. He will immediately board the government boat Azania, eventually transferring to H. M. S. Enterprise, which is to take him to London. The prince travelled by special train from Dodoma, after notifying Premier Baldwin in London that his brother and himself were returning to England as soon as possible.

The exact whereabouts of the Duke of Gloucester is unknown, as the two parted company some weeks ago in the course of their hunting trip in Africa. The prince made his decision to return on account of the King's illness without any request to do so, it is understood.

LONDON, Nov. 28.—There must be anxiety, the letter said, due to the infection which naturally must be serious. The condition of the lung, however, was somewhat improved and, the letter pointed out, the King's strength had been maintained. Lord Dawson stated that the illness was thus far being controlled and its force lessened and he hoped its duration would be curtailed.

LONDON, Nov. 28.—(8 p.m.)—A bulletin issued here says: "The King passed a fair day with some sleep. Otherwise conditions unchanged."

UNITED STATES NAVY LARGER IN MAN POWER

LONDON, Nov. 28.—Rt. Hon. ... an, first lord of the admiralty, read a list of figures last night in the house of commons to show that the personnel of the British navy had been decreasing since the war, while the personnel of the United States navy had been rising. The figures indicated that the United States navy was larger in man power now than the British.

BULL RAMPAGE N. Y. EXCHANGE

NEW YORK, Nov. 28.—Disregarding the renewal rate of 8 per cent on call money, the market started another "bull" rampage this afternoon, when more than a dozen issues whirled upward \$5 to \$30 a share. Radio rose \$30.50 to a new high at \$395.

BANK OF ENGLAND WALL COLLAPSED

LONDON, Nov. 28.—A workman was killed, and three others injured, when part of an old wall of the Bank of England collapsed today.

News and Views In The World of Sport

CHUTING THE NATURAL CHUTES IN MODZU RAPIDS

This is one of the diversions of the Japanese who live in the neighborhood of the waterway, and expert seamanship is required to keep the craft on the rocks.

PORTLAND WON HOCKEY GAME

Buckaroos Beat Victoria Cubs Three Goals to One Last Night

VICTORIA, Nov. 28.—Chalking up the first victory of the season, Portland Buckaroos defeated Victoria Cubs in a fast hockey game here last night three to one. The Buckaroos held the Cubs throughout and after the first period which went scoreless jumped into a two-goal lead in the second period. Early in the final session they added another. The Cubs, fighting hard, broke into scoring about mid-period, for the only counter of the night.

LARGEST CROWD YET MOOSE WHIST GAMES

Ole Webstad and Nels Gunderson Winners of Prizes in Knock-out Tournament Last Evening

The largest crowd yet was in attendance last night at the weekly knockout whist tournament for members of the Moose Lodge. First prizes, chickens, were won by Ole Webstad and Nels Gunderson. There were no second prizes.

AMERICANS LEAD HOCKEY

Only Unbeaten Team Wins From Toronto Last Night on Gotham Ice

TORONTO, Nov. 28.—The New York Americans last night went into the lead of the international section of the National Hockey League, remaining the only team unbeaten following their victory over Ottawa on the Gotham ice. Walsh, in goal for the Americans, played the leading role in the game.

Ottawa is in second place. Montreal on the home ice beat Toronto and tied the latter for third place.

Boston, by beating Pittsburgh, went one ahead of Detroit in the American section and one point behind the leading Rangers.

Scores were: Montreal 4, Toronto 0; Boston 1, Pittsburgh 0; N. Y. Americans 1, Ottawa 0.

Alberta is all puffed up because her University Rugby team beat the University of B. C. 13 points to 7 in the final match Saturday and thus won the two game series for the championship of Western Canada. Now the team will seek to lower the colors of the eastern champions.

Port Simpson Beat Players Club at Basketball Last Night by a Score of 21 Points to Nineteen

The Port Simpson quintet again defeated the Players' Club in a close and spectacular basketball game before a large crowd in the Exhibition building last evening. The Port Simpson team outclassed the Players' Club in shooting, while the Players had the best of the play, they were, however, unable to register enough baskets to win the game. Although they tried hard and shot often, they were unable to hold the lead that they took after the opening of the second half. For time the score was 9-8 in favor of the Navy. With the beginning of the second half the school boys set a fast pace and the Navy was not able to stand such a fast passing and checking game. During the first half the Navy boys played a wonderful game for a new team, and with further practice they will become accustomed to such a game as the High School played in the second half. Harold Macdonald was high scorer for the winning team scoring sixteen points. Geo. Howe, scoring nine points, was high man for the losing team. Although the High School won, they are not playing as well as they were at the beginning of the season.

High School	Pts. Per.
Harold Macdonald	16
Nanny Morrisson	6
Allan Cross	8
Bob Stalker	6
Bob Irvine	0
Total	36

R. C. N. V. R.	Pts. Per.
J. Pierce	8

Big Four 29, Toc H. 17
Big Four defeated Toc H. 29-17 in a hard played game. Toc H. played well in the first half but during the second half they let Bill Wrathall run loose and Bill took advantage of not being guarded and scored fifteen points. At half time the score was 8-6 in favor of Big Four.

Big Four	Pts. Per.
Eddie Smith	2
Ernie Ratchford	8
Doug. Stalker	2
J. Currie	2
Geo. Hill	0
Bill Wrathall	15
Total	29

Toc H.—
E. Underwood 3, E. Smith 2, Bert Walters 0, F. Morrisson 4, Jack Harris 4, W. Collison 4, Fred Burdett 0. Total 17.

R. B. Skinner refereed all the games, assisted by Robert Sankey and Ernie Anderson. Oke Jackson was official scorekeeper; Doug. Frizzell, timekeeper; Geo. Johnstone was on the door. A large number of fans was in attendance.

Around The World With Sport Fans

The importance of the Olympic games and the great part Canada took in them is reflected somewhat in the criticism which has followed. It seems as if there was no letup to the kicks being made by somebody in regard to the conduct of some department.

The cricket team to play the first test match between Australia and England in Australia during the present tour is to be captained by J. Ryder. It is his first effort in taking charge of so important an eleven.

CHICAGO PITCHER GOES TO MINORS

CHICAGO, Nov. 28.—Duke Keats, Chicago wing man, has been sold to the Tulsa club of the American Association League at a waiver price of \$5000.

SPORT CHAT

Nurturing of the cauliflower to a robust and remunerative maturity has become so difficult in recent months that Tex Rickard has been forced to turn now and then to other vegetables for profit. The winter season gets under way with many difficulties besetting the czar of Madison Square Garden, who, like Jack Dempsey, seems to be softening under the load of success, says the Associated Press. Opposition is sprung up in the town Tex used to rule without question and the edge is off the public taste for cauliflower. The departure of King Tunney from affairs fistic started the blight on its one big constant moneymaker, is a scrambled mess, studded with men who offered nothing but mediocrity when opportunity knocked. Now they do not choose to fight preferring to argue their respective rights to the empty throne rather than fight for the honor.

Jack Sharkey, he of the twisted knee and the outstanding heavy weight, despite the crushing defeat by Dempsey, is a medical problem now. The ligaments torn in training almost two months ago have been slow in healing. He may never again reach the heights he achieved in bending Dempsey to his will for the better part of four rounds. The rest of the crop have failed entirely to flower or have gone to seed in the public mind. Johnny Risk appears to have passed his pea. Tom Heeny got his chance at his drubbing from Tunney. Dempsey is through with that game forever. George Godfrey, because of his Negro blood, has never received serious consideration. Paulino Uzcudun and Young Stribling are "too tough" for the boys.

So while Tex awaits a flaming youngster to plow up the ground all over again, Jess McMahon, retired Garden matchmaker, is planning the opening of a new indoor arena, and Humbert Fugazy, for the first time, seems assured of a place to stage shows in the winter time. The new-comers have 2 popularized "popular" prices, which do not jibe with the Garden scheme of things. The best scrap of the indoor season appears to be a match between Tommy E. Loughran, the light heavyweight champion, and Mickey Walker, middleweight king, who has created a sensation by bowling over 1 light heavyweights. This is one Tex can't make, because of the ancient feud between himself and Jack Kearns, Mickey's manager, which dates back to Kearns' split with Dempsey and accusations that Rickard widened the breach.

SPECTACULAR SOCCER WAS SEEN AT UPTON PARK. An incident in the great game between West Ham and Liverpool showing Bailie of West Ham saving from Whitehursts Liverpool centre forward.

Miss Peggy Watson, who has just completed a course of nurses' training in Vancouver, is a passenger aboard the Prince Rupert today bound for her home at Premier.

Miss Melkoejohn of the Hazelton nursing staff, who has been on a trip south, arrived from Vancouver on the Prince Rupert this morning and proceeded to the interior by train.

C.N.R. steamer Prince Rupert, Capt. H. Nedden, arrived in port at 10:45 this morning from Vancouver, Powell River and Ocean Falls and will sail at 10 o'clock tonight for Stewart and Anyox, returning here at 6 o'clock Friday morning and sailing south at 9 a.m.

C.N.R. steamer Prince Charles, Capt. Neil McLean, is expected to arrive late tonight or early tomorrow morning from Vancouver via the Queen Charlotte Islands and will remain here until 10 o'clock Saturday night when she will return south over the same route.

Ald. Collart has called a meeting of the road committee for tomorrow afternoon when a line of action with a view to bringing about continuation of construction of the Prince Rupert-Terrace highway will be decided upon. It will be the first meeting of the committee following its recent appointment by Mayor McMordie.

J. B. Woodworth of Vancouver arrived in the city on the Prince Rupert from the south. He will make an inspection of his mining interests on Porcher Island.

Oren F. Hill, Hyder druggist and postmaster, is a passenger aboard the Prince Rupert today returning north after a business trip to Seattle.

William Smith, Terrace rancher, who recently sustained a stroke, is making good recovery at the home of his brother, Harold J. Smith, 205 Eighth Avenue West, and should soon be around again.

Bert Smith, assistant manager of the Premier Mine, and Mrs. Smith are passengers aboard the Prince Rupert today returning north. Mrs. Smith has been on a trip to her home in Manitoba.

C. A. Bocking, general manager of the Granby Co., who has been on a trip south, is a passenger aboard the Prince Rupert today returning to Anyox, accompanied by Mrs. Bocking and secretary, Al White.

William Asseltine, superintendent of the Premier Gold Mining Co.'s mill, is a passenger aboard the Prince Rupert today returning north after a trip to Vancouver and other points in the south.

Members of the Westholme Theatre orchestra, under the leadership of Charles Balagno, entertained the Gyo Club with a musical program at its regular monthly luncheon today. President L. W. Waugh occupied the chair.

There was a constant stream of people to the post office last evening following the arrival of the stub train with passengers. When it was found that the mail had not arrived the language used by local people was not always parliamentary.

B. C. Keeley, Pacific Coast manager of C. N. Steamships, is making the round trip north aboard the steamer Prince Rupert this week as a rest following a recent illness from stomach influenza which necessitated his being confined for some time to St. Paul's Hospital, Vancouver.

DAILY EDITION Wednesday, Nov. 28, 1928

GOOD NEWS FOR CITY

Yesterday was a day of good news. In the first place, very substantial offers were made for the city power franchise and plant, which it is proposed to sell, probably to one of the concerns whose bids have been opened. In the second, the announcement has been made that the Canadian National Railway is to share with the C. P. R. equally in the ownership and operation of the Edmonton, Dunvegan and B. C. Railway, which logically will be extended to meet the C. N. R. main line having an outlet at Prince Rupert.

The feature about the power offers is not so much that city gets a good price for its franchise and plant, but that outside capitalists are willing to invest their money here in a large way. This indicates that public confidence in this city has been restored. We can from this on begin to feel our feet on a solid foundation.

C. P. R. AND PEACE RIVER

Just now the Peace River country is attracting the eyes of the world and once it is announced that a forward railway building policy has been inaugurated, there will be such a rush of immigrants to that district that has not been seen anywhere in many years. Canadians and Americans, as well as British and other Europeans, will take part in the movement. Seeing this, both the big Canadian railway companies feel that they cannot be left out of the developments.

The difficulty with which the C. P. R. has had to contend has been that it had no outlet north of Vancouver. Now it seems probable that an arrangement will be arrived at which will bring the C. P. R. to Prince Rupert, giving the big corporation equal running rights with the C. N. R. on this line, at least from the junction of the Peace River section with it to this port. With such an arrangement perfected the C. P. R. would at once take an interest in the development of Prince Rupert and there would be such progress as has not been dreamed of since the palmy days when the streets of the city were muskeg. More elevators would be built, steamship lines would operate to the Orient and the port of Prince Rupert would be on the map as one of the great ports of the continent.

THE BRITISH NAVY

Owing largely to the discussions which have taken place over the failure of the tri-partite conference and the more recent treaty with France, it seems to have got aboard that the British navy is dropping behind or at any rate is losing its supremacy. Here is the situation in a nut shell:

Britain has 56 cruisers in commission, whereas the United States has 32 and Japan 34. This indicates a considerable difference in relative strength, but it is much greater than it appears on the surface. Of the U. S. cruisers, 22 are at least 20 years old, out of date, manned with short range guns and really only a lot of useless but expensive scrap iron. Japan has nine such vessels. On the other hand, Great Britain has scrapped all her obsolete vessels and has not today one in the service that has been in commission twenty years. Even this year Britain has put in commission four large cruisers of 10,000 tons and last year also three similar cruisers were commissioned and one of 6740 tons, while U. S. did not in either years commission one vessel. Last year Japan commissioned one 10,000-ton cruiser and the previous year two cruisers of 7100 tons each.

Now as to the present building operations, Britain has either building or authorized and appropriated for six cruisers of 10,000 tons each and two of 8300 tons; United States has eight of 10,000 tons each; and Japan has seven of 10,000 tons each. That gives United States and Japan slightly the advantage, but not anything to worry about considering the vessels already on hand. Britain is just enough behind to show the world that she means what she says when she asks for cessation of building.

THAT'S NOTHING

A travelling salesman from Glasgow was standing in a Bel- man from Glasgow stepped up to an Irishman who was passing and said with a smile, "I see they have to take their coats off to fast track watching the sights, play the band here." when a hand came round the corner, "Begorra, an' that's nothing," replied the Irishman. "When I day was hot, and the bandsmen was in Scotland I noticed they had their coats off. Having no one to talk to, the the bagpipes."—Musical Mirror.

News of the Mines

AROUND PRINCE RUPERT
 What Are Consolidated Plans?; New Company in Babine Field; Higgins to Continue Work All Winter

Purchase of controlling interest in the George Copper by the Consolidated Mining & Smelting Co. lends substance to the belief that the company is laying plans now for a coast smelter and that George Copper, Coast Copper, Sunloch and possibly other properties are being acquired with this end in view. The situation at the George Copper was of unusual interest, as the Consolidated had several months to go on the option, but did not hesitate almost on the day the purchase of the property was concluded. This lack of hesitation left no room for doubt as to the great value of the property. The Consolidated is, apparently, anxious to place itself in a position where it will have unlimited supplies of copper and retain its dominant position in western Canada. George Copper is in area one of the largest propositions in the whole west and in value has always attracted attention. The company has announced that it will proceed with development on a much greater scale next year. Everything is being left in readiness for bigger operations to commence as soon as possible in the spring.

DISCIPLE OF FLETCHER

Eat slowly; only men in rags, Or gluttons deep in sin, Mistake themselves for carpet bags And tumble victuals in.

The Babine Victoria Mining Co., Ltd. has been organized and financed to take over the Victoria Basin group of claims situated in the Babine Range near the well known Cronin mine. This is considered to be one of the most promising properties in the Babine, there being a number of rich veins on the group, one of which has been traced for over 2000 feet. Considerable development work has been carried on by the owners, who have opened up a very high-grade silver-lead-zinc ore at a number of points on the veins, assays running from 75 to 1064 ounces in silver. A new camp has been constructed on the property and about five tons of supplies have just been packed into the claims to enable the company to start aggressive development at once. Present plans call for the driving of a 1000-foot tunnel to develop the ore exposed in tunnels and shafts at depth. The first 500 feet of this tunnel will be a cross-cut and the balance a drift on the vein. A trail is being cut to connect with the Cronin road. The property was recently reported on by A. J. Gail, M.E., and it is on this report that the successful financing has been arranged. The property has also been commented upon favorably by Dominion and provincial government engineers.

Work is to be continued throughout the winter by the Babine Silver King Mining Co. on a group of claims north of the Cronin mine. Work on this property has met with encouraging success during the past few months and supplies and equipment are now at the camp to ensure continuous winter operation. P. J. Higgins is in charge.

THROUGH SLEEPERS TO THE SHIP'S SIDE

The Canadian National Railways have made arrangements to operate special trains and through sleeping cars from the Pacific Coast to the ship's side at Montreal and Halifax in connection with sailings for the Old Country during November and December. POWER Builds Industries!

BRITISH Columbia's Power resources are the envy of the world. With Power, the riches of the world can be won; with Power, ores can be mined... smelted; transportation problems solved; manufacturing industries developed, and with them population... pay-rolls. Power is British Columbia's strongest bid for more industries... more people.

Of the millions of horsepower available in our province, but half a million are now harnessed to turn the wheels of industry. The great hydro-electric development at Bridge River will ultimately generate more than 600,000 horsepower, while the output at Bonnington Falls and other points is being steadily increased. The Campbell and Ghilko Rivers, on the mainland, and the Nimpkish on Vancouver Island, are capable of tremendous power development for the conversion of our forest and mineral resources into fabulous wealth.

Two of British Columbia's Electric Power systems are among the greatest in Canada, each generating more than 400,000,000 kilowatt hours in 1927. This represents an increase in the last ten years of 98%... truly a remarkable achievement!

Foreign authorities speak of this record as a measure of the great vitality of British Columbia.

Today we rank third in power and industrial development among Canadian provinces. We have made greater progress per capita than any!

It is the policy of British Columbia to foster the development of the hydro-electric powers for the benefit of the public. They are allotted to private enterprises on condition that they will be developed within a certain time, so that no exploitation of public assets may take place.

Millions of dollars are now earmarked for Power development in our province. Dams are being built, turbines installed... transmission lines erected to care for the imminent industrial development.

Thousands of dollars are being expended weekly on materials and wages; thousands are feeling the immediate benefits of this enterprise.

Side by side with our power development, Industrial Expansion has kept pace. Today 17% of Canada's external trade is handled by British Columbia. During the past decade, our basic industries have increased 101.3%. Our total payroll, including all classes, is estimated at 218 million dollars. Today, our Lumbering, Mining and Fishing industries employ 72,577 people, paying them 175 million dollars in wages... distributing an average wage ranking among the highest in Canada.

These 175 millions in wages are a great contribution to our annual internal trade in the province. They have given our industrial workers a buying power ranking second in the Dominion and have largely been responsible for our ever increasing prosperity, as evidenced by the fact that the number of automobiles registered in the province last year was 76,187 as compared with 8,596 in 1916.

British Columbia's steady and varied industrial development has changed the conception in Eastern Canada and the United States of our province. No longer are we entirely dependent on the East for our manufactured products. British Columbia is increasingly furnishing her own needs. She now ranks third in the whole Dominion as a manufacturing province.

Our phenomenal Power and Industrial growth has focused the attention of the great industrialists and investors on our province. Today, British Columbia in the eyes of the world, stands for Power, Progress and Plenty. May our efforts of the next ten years stabilize and increase our Prosperity!

Read these announcements and understand your province's progress... clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

BRITISH COLUMBIA'S PROGRESS

Prince Rupert

Northern Pacific Terminus of the Canadian National Railways

Prince Rupert has three of the greatest things in the world

The Largest Fish Cold Storage Plant

The Largest Fresh Halibut Market

The Largest Undeveloped Hinterland

The City of Prince Rupert has a payroll of considerable importance, derived from:

- RAILWAY SHOPS
- RAILWAY OFFICES
- DRYDOCK AND SHIPYARDS
- GRAIN ELEVATOR
- PROVINCIAL GOVERNMENT OFFICES
- COLD STORAGE
- FISH PACKING HOUSES
- FISH MARKET
- OILERY AND FISH REDUCTION PLANT
- SALMON AND HALIBUT FISHERMEN
- SALMON CANNERIES
- LUMBER MILLS
- MINING
- TRAPPING AND FURS

The grain export business of Prince Rupert is steadily developing. Last year about eight million bushels of grain was shipped through the terminal elevator and this year promises to greatly exceed that mark.

The City owns its Power, Light, Water Supply and Telephones.

The schools are excellent.

Roads are paved and concrete sidewalks are being laid.

PRINCE RUPERT IS ONE OF THE COMING COMMERCIAL CENTRES OF THE PACIFIC COAST, THE PROBABLE OUTLET OF THE GREAT PEACE RIVER COUNTRY, AND SURROUNDED BY A RAPIDLY DEVELOPING TERRITORY

Prince Rupert is the logical site of a customs smelter which would serve the mines of Portland Canal, the Bulkley and Skeena Valleys and coast points.

Fashion Fancies

This Dance Frock Features a Bolero Cocktail Jacket

Here is a frock that carries out the uneven line both on the waist and the skirt. As you can see the waist is slightly shorter in front, as is the skirt.

Blue taffeta, very soft and lustrous, is the medium. Its skirt, as, of course very full, and sports an enormous bow, which ends in very long, wide streamers.

Here is a New Medium for Fur The vogue for fur has reached such an intensity that whole suits are made of the flat pelts.

Such a one is pictured in the illustration above. Of beir broadtail, the coat and skirt are cut in straight lines. The blouse however, strikes a more feminine note. It is of tan crepe, embroidered in brown, with an amusing tie and a belt also in brown

A NEW AFTERNOON FROCK WHICH SHOULD SET SEVERAL NEW FASHIONS

Many of the more important afternoon frocks show fur trimmings this season. The favorite furs used are soft, light foxes or the flatter broadtails and caraculs. Goatskin is also a favorite trimming, though that appears on the more tailored models.

Black canton crepe is the medium for this frock. Its snug hipline is accented by the band of broadtail interestingly placed.

Man in the Moon

If the next war is to be much more fierce but much more brief the coolies will be terribly disappointed.

Peace is a virtue but not in time of war.

Some people are like some laws. They won't work and nobody respects them but they live on because nobody has the energy to fill them.

The editor says the only thing he dislikes about his job is having to get up in the dark and light the fire while everybody else is enjoying a morning snore.

Everybody boasts. Some boast about how bad they are and some extol their own virtues. Some boast of their children and some of the dogs they raise. Some have even been known to boast about how they bossed their wives but they do not say it at home.

One of the best things going is an unwelcome guest.

Experience tells us that every wild night has a morning after.

OFF HIS HANDS

Youth—Your daughter, sir, has consented and made me the happiest man in England.

Prospective Father-in-Law with a sigh of relief—Pardon me, the second happiest.—London Opinion.

LORD MAYOR AT ANCIENT LONDON CEREMONY The above photograph was taken at the Guildhall and shows the Lord Mayor, Sir Charles Balfour (centre), and the Master of the Worshipful Company of Fruiteers (left), at the ancient ceremony in the Guildhall. The fruit, which included apples, plums, pears and grapes, came from British Empire sources except for some pineapples.

Ski Championships for Banff

Top left, Kay Harrison, Queen of the Carnival. The inset proves that Banff Winter is not all shivers. Below, en-route to Lake Louise, pictures at the right.

Announcement that the Western Ski Championships of Canada would be held at Banff during the Carnival Week February 2-9 is greeted with enthusiasm in practically every corner of the continent. Skiing has always been a feature of the Carnival, but this season, world's champions will gather there and present an exhibition which in itself would be worth travelling a thousand miles to see.

The Banff Ski hill is undergoing improvements at the present time to allow for longer and more spectacular jumps and a cabin is being erected on the top of Stony Squaw Mountain by the Banff Ski Club which is also preparing several runs suitable for beginners as for experts. Last year a favourite cross country run was to Lake Louise, part of which was accomplished as automobile tow. That this is a

worthwhile run may be gathered from the photographs above.

But the skiing is only one side of the Carnival life. There are the dogs and the derby, the ice and the skating, the toboggans and sleighs, the dances and fancy dress balls, curling and hockey, a properly organized sports program and a general atmosphere of spontaneity, gaiety and fun. W. A. Brewster is chairman of the Carnival, George Hunter is secretary and the Queen—the Queen of Banff Winter Carnival February 1929—is Kay Harrison of Vancouver. Miss Harrison's might easily have been a crown of beauty and popularity, but it was also her prowess as an all-round sportswoman which gave her the title. Hers will be a very merry court and it will embrace all those whose pleasure takes them to Banff during the period of her sovereignty.

SPARK HITS OIL: A well near Los Angeles caught fire from another half a mile away.

Committee of Investigation Sits to Hear Charges Against City Engineer Regarding Work

A suggestion by Ald. Prudhomme that Ald. Collart, being a prejudiced judge, should retire as a member of the committee investigating the affairs of the city engineer's department, featured last night's session of the probe. The committee did not agree with Ald. Prudhomme's suggestion, so Ald. Collart continued to sit with Ald. Brown as chairman and Ald. Dibb the third member. Ald. Prudhomme based his complaint upon remarks passed by Ald. Collart at Monday night's council meeting, when he had agreed with the mayor in making light of the investigation. A person who was prejudiced before hearing the evidence was no fit person to be a judge, Ald. Prudhomme contended. Ald. Brown felt that Ald. Prudhomme was rather severe and Ald. Collart insisted that he had an open mind and was just as fair as Ald. Prudhomme. He saw no reason, however, for making so much noise about the affair.

The investigation was in session for two hours last night and its deliberations were heard by an audience which practically filled the seating accommodation of the council chamber. Matters upon which evidence was heard included the piers which had been installed under the Empress Hotel in connection with the putting down of a concrete sidewalk on that part of Third Avenue and the construction of concrete sidewalks generally. Testimony became of a rather involved, technical nature and there was considerable difference of opinion among witnesses on matters of construction. Among those who were heard were Frank D. Rice B. C. L. S., in support of the city engineer's methods; J. A. McRae, city foreman; Tony Christian and V. Basso-Bert. The two last-mentioned were called by Ald. Prudhomme.

New enquiries put to the city engineer by Ald. Prudhomme, were regarding storing and caring for city tools, amount of overtime paid and accounts at hardware stores. These matters will be dealt with as the investigation, which stands adjourned until tonight, proceeds.

Statements Received

The commission received statements from City Treasurer E. F. Jones. The statement of the treasurer showed that for five months during this year, the city engineer had been without assistance in his department. The city solicitor's statement was in reference to the city's responsibility in the matter of retaining walls. The statements were in answer to questions which had arisen at the first session of the investigation.

Tony Christian told of having built a new foundation under the Casley building while the city was engaged in the putting in of piers there. He stated that city men had hauled away from the Casley basement dirt which he (Christian) had placed there from his excavations. He stated that it would probably have cost \$500 to put a permanent retaining wall in front of the Casley building. It was his opinion that a retaining wall would cost about the same as piers.

In the matter of hauling away dirt, Foreman McRae stated that dirt had been placed in the Casley basement from the city's pier excavations. If mud from Christian's work was there he did not know of it. He believed that Casley should have informed the city of this.

Ald. Prudhomme inquired of Mr. McRae how many piers were built at that point.

"I will answer only under the instruction of the city engineer," replied McRae.

Ald. Brown insisted that the foreman should answer the question. McRae then stated that there were five piers 21 by 23 inches and from 16 to 22 feet long.

Considerable discussion ensued on the necessity of such large piers being used.

Mr. Rice was then called to give expert evidence. His experience, Mr. Rice stated, included having been in charge for two years of the designing and construction of coast defences in Cape Breton during the war. He had also been construction engineer for the Granby Co. for four years while heavy construction was going on

at Anyox. Last winter he had been employed in connection with designing and construction of a \$4,000,000 plant at Seattle for the Pacific Coast Cement Co.

Wall and Piers

Mr. Rice expressed his opinion that a retaining wall twelve inches thick in front of the Empress Hotel would have cost twice as much as the piers and beams which had been put in. In answer to Ald. Prudhomme, Mr. Rice admitted that possibly not so strong a retaining wall would be required at this point.

Victor Basso-Bert told of extensive experience he had had with concrete work in South Africa and also at Ocean Falls. In his opinion, a retaining wall part of the way up and piers and beams from there up would have cost a third more than a straight 8-inch retaining wall. There would have been no necessity for a 12-inch retaining wall, Mr. Basso-Bert felt. Twelve inch piers would have been sufficient, stated Mr. Basso-Bert. Under the three storeys of the Besner block only 16-inch square piers had been used.

The question of use of steel then came up. One-half inch steel would have sufficed, Mr. Basso-Bert felt. In this connection, the city engineer stated that 1/2-inch steel had mostly been used, although there was also some 5-8 inch and inch. The engineer stated that the city had a lot of thicker steel on hand and had also been able to purchase some very cheaply. He estimated that some \$1000 had been saved on material. He did not think the work could have been done any more economically.

The actual construction of concrete sidewalks was then taken up and there was a technical discussion as to mixtures of cement, sand and gravel. Ald. Prudhomme expressed an opinion, with which Mr. Basso-Bert apparently agreed, that one part cement, two parts sand and four parts gravel would result in a mixture of nearly seven parts.

Figures Diverge

In the course of the ensuing discussion, Mr. Patmore presented a standard authority which stated that the result of such a mixture would be 4 1/2 parts instead of nearly seven.

"Ald. Prudhomme is out two

NEW BOARD OF CONCILIATION

Sir William E. Stevart (left) and A. C. Boyce, K. C., Ottawa, (right) who have been appointed by the Federal Department of Labor to adjust the dispute between the Canadian Pacific Railway and the Locomotive Engineers on the eastern lines. The third member of the Board is James T. McColl, Montreal.

cubic feet in seven in all his figures. That is it," concluded Mr. Patmore.

Continuing his evidence, Mr. Basso-Bert stated that on a solid bearing 1-3-6 mixture could be used and put down four inches thick without reinforcement. That was the average all over the province. In Point Grey concrete sidewalks had been put down by the government at a cost of 17.3c per square foot. Lacking solid bearing, Mr. Basso-Bert admitted that a richer mixture and probably reinforcement would be required.

Shrinkage of Mixture

The shrinkage of 1-2-4 mixture, Mr. Rice testified, was from 43 1-4 to 27.

At 10 p.m., the investigation was adjourned until 7:30 this evening.

In the course of the session, Ald. Brown stated that neither Mayor McMordie nor W. H. Tobey, whom Ald. Prudhomme requested should be called, were able to be in attendance. The mayor, however, would be available at the next session.

W. J. CORLEY DIED ONTARIO

Father of "Bud" Corley Passed Away at Meaford Result of Pneumonia

The death occurred from pneumonia on November 8 at Meaford, Ont., of W. J. Corley, father of S. H. Corley of the Royal Fur and Poultry Ranch at Pacific and formerly of Prince Rupert.

Mr. Corley was an active member of the Masonic order and also an Oddfellow at Meaford and was well known in Prince Rupert, where he was associated with his son in the Royal Hotel for years. He had paid a visit to Prince Rupert only last summer.

RAILWAY LINE IS NOW CLEAR AGAIN

Debris From Sunday's Derailment Cleared Up Last Night and Trains Now Running Through

After having been tied up for two days and a half owing to Sunday morning's tragic derailment a few miles east of Kwititsa station, the line of the Canadian National Railway was cleared last night and trains are now moving over it again without interruption. A stub train, which went out to get the passengers from No. 5, got back at 6:30 last evening, while the regular equipment arrived at 2 a.m., having on board the mail, express, etc.

VICTORIA Nov. 28.—A marketing branch of the department of agriculture established by the government will aim to develop new and existing markets and give the farmers accurate information on all market movements, Premier Tolmie said yesterday. The best man available will head it.

BITTER COURT CASE BETWEEN RANCHERS CONCLUDED TUESDAY

After having occupied the entire time of the county court for several days, the case of Charles Carlson vs. Charles Hansen, involving a total sum in claims and counter-claims of some \$849 and a bitter quarrel between Kitimaat farmers over stock and other matters, concluded at 5:30 yesterday afternoon before Judge Young, after counsel had engaged in two and a half hours of argument. His Honor reserved his decision until today.

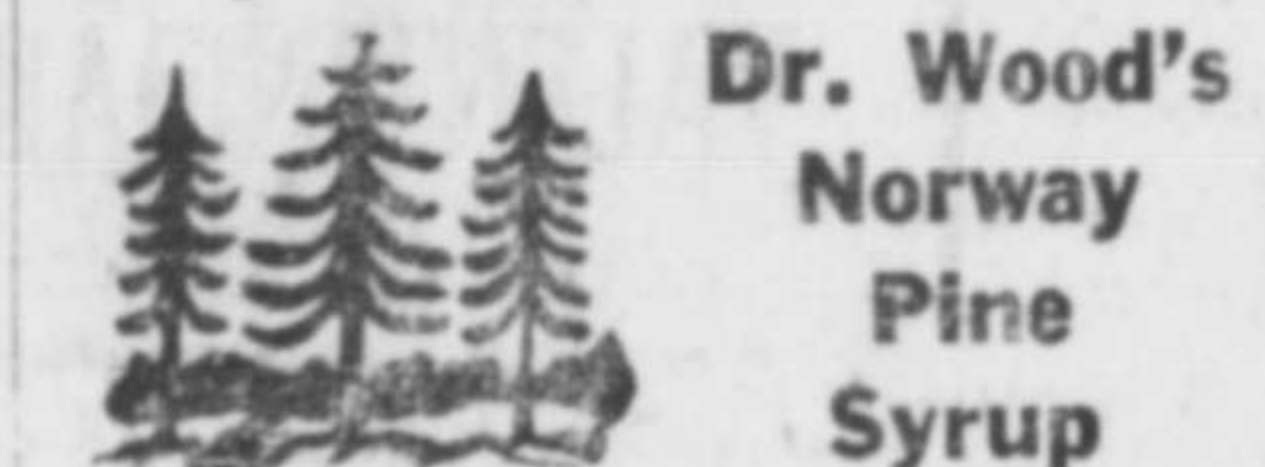

John V. Clyde appeared on behalf of the plaintiff and W. O. Fulton for the defendant.

SELF-DECEIVED

"Bill says he entered the political race because he heard the 'call of the people.'"
"Call of the people nothing! That fellow is a ventriloquist and doesn't know it."

Severe Colds Always Ended in Bronchitis

Mrs. John Wilson, 143 Mamelon St., London, Ont., writes:—"I have always been troubled with severe colds which always ended in bronchitis, but since taking

I have no fear of this trouble, as it acted like magic, and the desire to cough was entirely gone. The soothing feeling it imparts to the bronchial tubes is simply wonderful.

"One day my husband came home with a heavy cold, but after a few doses he was entirely free of it."

THE GREATEST SALE OF THE YEAR FOR
PRINCE RUPERT PEOPLE

ADVANCE! PRINCE RUPERT

There are a great many improvements that might be made to Prince Rupert and district in order to make this part of the country more prosperous. Some of them may be easy of attainment and others difficult. Here are the suggestions:

- Trans-Pacific steamship service.
- A large hydro-electric power development.
- Erection of smelter in vicinity.
- Establishment of a paper mill.
- Establishment of a shingle mill here.
- Establishment of connection with and development of interior coal fields.
- Securing direct connection with Peace River.
- Joint operation of railway to port by C. P. R.
- Establishment of local steamship service to nearby points, making Prince Rupert home port.
- Building new post office at Prince Rupert.
- Improved docking facilities for fishermen.
- Tourist road to top of mountain.
- Completion of highway to Terrace.

SECOND GRAIN VESSEL SAILS

Steamer Rockpool Leaves This
Afternoon With Full Cargo
for U. K. or Continent

The British steamer Rockpool sailed this afternoon for the United Kingdom or Continent with the second cargo of grain shipped this season from the Alberta Wheat Pool's Prince Rupert elevator.

Loading of the steamer Carperby is proceeding and this vessel will get away about Friday, it is expected.

No further charters for the port were reported up to this morning.

Following an interruption of three days owing to a derailment on the railway, grain started moving in from the prairies again today, fifty cars being due this afternoon.

Capt. Harry Nedden is in command of the C. N. R. steamer Prince Rupert which is in port today from the south. He and Capt. D. Donald will, as usual, alternate in command of the weekly boat.

GEORGE AYLETT GIVEN ANOTHER GREAT RECEPTION

Wonderful Musical Program Announced For Music
Lovers Tonight and Thursday

Capitol patrons were given another great treat last night when George Aylett, internationally known as "The Hawaiian Wizard of the Strings," almost caused a riot with his artistic and entertaining numbers on banjo, ukele and guitar.

Tonight and Thursday Mr. Aylett will take part in a wonderful musical program arranged especially by Jack de Jausserand, conductor of the Rupert Capitoliens, for

music lovers. The program includes a number on the Hawaiian guitar by Mr. Aylett in "Harmonics," the most difficult feat ever attempted on the instrument.

The program of music follows:
(a) George Aylett, the Hawaiian Wizard, playing a selection from the popular melodies of Tchaikowski in harmonics on the Hawaiian guitar.
(b) Jack de Jausserand and his Rupert Capitoliens playing

the selection "Sweetheart," by Victor Herbert.

(c) William Beaumont, cellist, playing: 1. "Ecstasy," by Louis Ganne; 2. Barcarolle, from Tales of Hoffman, with violin and piano accompaniment.

(d) Jack de Jausserand and his Rupert Capitoliens, augmented by George Aylett on the banjo, playing the popular number, "She's a Great, Great Girl."

District News

SMITHERS

A grand concert was staged last Friday night in the Smithers Hall in aid of the Bulkley Valley District Hospital. The concert was followed by a dance.

J. P. Downey is making good progress with the erection of foundations for W. J. O'Neill's new theatre here. A daily show is understood to be contemplated.

Mr. and Mrs. J. G. Stephens entertained sixty friends at a card party in the Assembly rooms of the Catholic Women's League last Tuesday evening. Prize winners were Mrs. N. H. Kilpatrick, Mrs. G. H. Wall, Mrs. H. Johnson, Dr. R. C. Bamford, G. H. Wall and L. B. Warner.

There has been a considerable increase recently in the number of telephones in use in Smithers. There should soon be a central operator here.

BURNS LAKE

J. J. McKenna has taken over the stock of the Burns Lake Drug Co. and opened up in business in the McDougall building.

Several Burns Lake people attended a dance in the Endako school house last Saturday evening.

District visitors in town during the week included Mrs. Chas. R. Hunter and Mrs. Meyers of Colleymount; B. A. Smith, Palling; J. H. Bird, Forestdale; Mr. and Mrs. J. R. Walker, Francois Lake.

School Inspector Gordon H. Gower of Prince George has been a visitor in the district during the past week on official duties.

Ova Watson has taken a position in the Burns Lake Garage.

PRINCE GEORGE

The Waither League Society of Connaught Hill Lutheran Church met last Thursday evening in the church.

Northern Rebekah Lodge held a meeting last Thursday evening in the I. O. O. F. Hall.

Paul Wieland, local butcher, has contracted for the largest shipment of turkeys ever received in Prince George.

The Salvation Army Home League held a sale of work and home cooking on Saturday afternoon, the affair being very successful.

In view of the increased demands made upon the institution, the local hospital board has decided to purchase four extra beds and engage an additional nurse.
