None of Swimmers Finished Course at Wrigley Marathon but Georges Michel, Paris Baker, Last Out

Water Too Cold Even for the German Champion, Who Collapsed at Twelfth Mile Last Night

TORONTO, September 6.—There was no winner of the big fifteen mile Wrigley marathon swimming race yesterday, for of the 199 who plunged into the water for the start not one completed the course, the waters of the bay being too cold. The last remaining contestant, Georges Michel, a Paris baker, was taken from the water at twelve minutes past ten last night after completing twelve and a half miles of the course.

The Frenchman swam for three hours after Ernest Vierkoetter, last year's winner, had been taken from the water following a collapse, after covering about twelve miles of the course.

Michel was pulled from the water completely exhausted and was rushed to the emergency hospital.

In view of the fact that no swimmer finished the course, the distribution of the prize money of \$35,000 lies at the discretion of the directors of the swim.

The temperature of the water varied between 49 and 54 degrees.

Consolation Race

The Canadian National Exhibition officials decided this afternoon to hold a consolation race for a prize of \$5,000 in Lake Ontario Saturday afternoon as a result of the unsatisfactory outcome of yesterday's marathon. The distance is not announced.

MAYNARD CASE DEVELOPMENTS

POLICE SAID TO BE ON TRAIL OF PERPETRATOR OF RECENT KILLING ON LONELY ISLAND

There are rumors of shortly forthcoming important developments in the matter of the killing of Ernest Maynard, lighthouse keeper, who was recently found shot dead on Adenbrooke Island, some two hundred miles down the coast from here. Though early indications were that the police had been left with a cold trail, it is now said that clues of importance have been found, the nature of which no revelations are being made. The provincial police cruiser P.M.L. 2 leaves today for down the coast with officers on board. They are said to be in search of a boat with a suspect on board.

CLOSE RACE IN THE AMERICAN

ATHLETICS HAVE ADVANTAGE ALTHOUGH NEW YORK IS STILL IN LEAD

NEW YORK, Sept. 6.—The Philadelphia Athletics, it seems, stand in imminent need of winning ball games even though the obliging Yankees did what they could to help by dividing a pair with the Washington Senators yesterday. If the champions win two of the remaining three with Washington, the Mackmen cannot invade the Stadium Sunday, in first place, even by sweeping their five games at Boston. Such a turn of events would send the contenders into their big series in a virtual tie with the Yanks, holding percentage advantage. Although New York leads by two games, the Athletics are in better position for the reason that they trail by only two games in the losing column. Sam Jones, former Yankee, took the first game for Washington yesterday.

**Whole District Now Watching
 Finish Daily News Campaign
 and Candidates Working Hard**

With only two days left of the third period, and only the same, short, time remaining of the new \$200 competition; candidates are showing increased activity and interest, the like of which has never before been witnessed in this territory.

Personal calls and phone calls from candidates and their friends in the city district, are proving that The Prince Rupert Daily News campaign is fast assuming its logical position as the biggest thing of importance in this section. Letters from candidates and their friends in the outside district are filled with the same sort of enthusiasm and interest. All of which leads one to believe that the campaign will be hotly contested for the short time remaining.

The Race is Close

Figures compiled at the start of the third period show that each district has several serious contenders for the very biggest prizes. Present indications point to the fact that this will be a race of narrow margins. Just a few subscriptions separate the leaders from those a little lower in the race.

When one considers the enormous value of the prizes at stake, it is little wonder that the enthusiasm has reached such a high pitch. There is a latest model Pontiac "4" 2-door Sedan, value \$1,200; there is a latest model Ford Tudor Sedan, value \$860; there is one cash prize of \$500; then there are two cash prizes of \$100 each, and these are followed by a cash commission of 10 per cent to all candidates who remain active during the campaign but fail to win one of the big prizes. In addition to the big prizes listed above, every subscription turned in by Friday night of this week is also counting points towards the two \$100 prizes (1 for each district) which are to be awarded in the new \$200 competition. This new \$200 competition comes to a final end on

Friday night, September 7—the entire campaign ends just one week later on Friday, September 14.

Personal Pride is Factor

Personal pride is also an important factor in making the campaign interest as great as it now is. The "live" candidates realize that each friend who has helped them by giving their subscription, has done so because they want that candidate to win a big prize, and also because they believed the one to whom they gave their subscription was capable of winning big in this campaign. One candidate said that to accept defeat now would be disgrace, because her friends had already helped her so splendidly. Another said that she owed it to the many friends who had already given her their support to do everything within her power to land the biggest prize.

Second payments or extensions of subscriptions given earlier in the campaign are proving a big item this week. One candidate reports that she is making a thorough canvass of all who had paid her earlier in the campaign, and so far she had averaged better than 50 per cent in the securing of second payment subscriptions.

Candidates, whether you win or lose; whether you rise or fall in the estimate of your friends and acquaintances who are watching your progress in this campaign, depends almost solely on what you do during the short time that remains—and particularly before the end of the third period on next Friday night, September 7. It is win or lose in the next few days. No candidate has enough of a lead to boast of, and any one of several in either district can win out over all the others in the next few days. Will you do your best and come out on top? Or will you be trailing in the dust, an "also ran." Your results the next few days will furnish the answer.

At the head of the scroll the crest of the synod has been artistically traced and down the left hand side has been painted a portion of a church and steeple surmounted with a cross in purple. The scroll has other suitable decorations and is altogether a splendid work of art which will, no doubt, be cherished by the Archbishop.

**At the Symphony
 in your Home!**

So true and lifelike is the music of the new **Orthophonic Victrola**,---you almost see the famous conductor---the magnificent orchestra!

...The plaintive note of a trumpet... swelling... receding. Then the cellos. You move towards the edge of your chair. Again that wistful trumpet and again the cellos, followed by the violins and the brasses, as the melody weaves its pattern of beauty. You relax and enjoy a world-loved overture. You are at the Symphony Concert, in your own home! And you arrange the program!

You almost see the sensitive hands of the great conductor—the rhythmic rise and fall of the violin bows, the tilt of gleaming trumpets and trombones! You may listen to several orchestras the same evening, with encores end on end. You may listen to anything in any kind of music.

The principle that applies "Smooth Flow of Sound" to the new Orthophonic Victrola—and brings it to your home, is "Matched Impedance"—Victor-controlled.

To do justice to this realistic music, you may have beautiful cabinets in artistic designs and fine woods. Electrically driven, if you wish, at slight additional cost. All instruments are self stopping. Prices from \$1400 down to as low as \$115—on convenient payments from all His Master's Voice dealers. Act now and begin to enjoy at once.

MISSIONARIES DESCRIBE WORK

INTENSELY INTERESTING ILLUSTRATED ADDRESS BY BISHOP AND MRS. STRINGER LAST EVENING. There was a large and keenly attentive audience in St. Andrew's Anglican Cathedral hall last evening to hear an illustrated address by Rt. Rev. Isaac O. Stringer, Bishop of the Yukon, describing a trip which was made last year by the speaker down the Mackenzie River from Edmonton to its mouth and then twelve hundred miles along the Arctic coast and return. The address was illustrated with moving pictures which were taken by Bishop Stringer himself and the discourse proved intensely interesting.

General conditions and the life of the people, principally Eskimos, in that remote section of the continent were illustrated by word and picture, special reference being made to the missionary work of the Anglican Church, the only denomination carrying the Gospel message into the region. The Bishop gave a splendid verbal description of the exhibition of the pictures proceeded; at different points, Mrs. Stringer gave an account of the part she had played in the work. Bishop Stringer has been 36 years engaged in missionary work in the Far North and Mrs. Stringer thirty-two years so were both amply qualified to tell the story. At the conclusion of the address, a hearty vote of thanks was passed to both Bishop and Mrs. Stringer.

STEWART Norman A. Watt, government agent, Prince Rupert, was a visitor here last week on business in connection with snow staking which took place in this district last winter and which is in contravention of the provincial Mineral Act.

A Labor Day dance was held here on Monday night in aid of the Stewart Hospital. Much interest was taken in the raffle of 100 shares of Premier Mine stock.

Rev. Father Leray, O.M.I., is planning a brief trip to Prince Rupert in the near future.

Dr. and Mrs. James Robinson have moved into Premier where Dr. Robinson will take over the practice of Dr. J. H. Carson who is to locate in Prince Rupert.

C. A. Baikie, manager of the B.C. Silver Co. and a director of the Duthie Mines Ltd., paid a visit of inspection to the underground workings at Duthie last week.

Practically the entire population of Smithers went to Telkwa on Monday for the annual barbecue. There were also many visitors from Prince Rupert and other parts of the district. Horse racing was, as usual, the feature of the day.

The Tolmie provincial government has ordered that the Hagwilget high level bridge, closed by the old MacLean government, shall remain closed.

Dr. Vere Andrews, recently of Williams Lake, has arrived at Telkwa to take up medical practice at that point.

Alex. Anderson now has his brick plant on the road back of town under production. There are about 200,000 bricks in the first burning and they are of an excellent quality.

VANDERHOOF A quiet but pretty wedding took place here last week at the home of Mr. and Mrs. Frank Bowman when their daughter, Margaret, was united in marriage to Victor Melville Morgan of Prince George. The ceremony was performed by Rev. L. J. Hales.

Exhibits of sheep grain from this district are being sent to the Canadian National Exposition at Toronto. A crew of some eighty men of the Canadian National Railways maintenance of way department is doing extensive travelling and ballasting work between here and Smithers.

The death occurred in Vancouver last week of Jane, elder daughter of Mr. and Mrs. W. M. Blackstock, who formerly lived in Vanderhoof, Mr. Blackstock having been manager of the local branch of the Canadian Bank of Commerce.

For the first time in its history, all four rooms of the Vanderhoof Superior school were in use when schools opened this week.

Extensive improvements are being made to the United Church manse here. W. J. Bowman being in charge of the work.

Mr. and Mrs. E. A. Mitchell and their three daughters, Mrs. Gilbert Wilks, Miss Eileen Mitchell and Miss Muriel Mitchell, returned last week after making a trip to Vancouver over the Cariboo Highway.

WAITING FOR FALL FISH The Masset Cannery at Old Masset and the Langara Fishing & Packing Co's plant at New Masset, are temporarily closed down, awaiting the arrival of chum salmon upon which both will operate. The B. C. Packers' canneries at Watun River, Shannan Bay and Ferguson Bay are closed down for the season.

**CITY COUNCIL MAKES SUMMARY
ORDER IN MATTER OF STRUC-
TURE FRONT NEW THEATRE**

In response to representations made by G. H. Munro, Joe Brown and Steve King, a delegation representing business men in the neighborhood who claim that their trade has been adversely affected by the structure, the city council Tuesday night, on motion of Alderman Prudhomme, seconded by Ald. Linzey, gave summary notice that the barricade jutting into the street from the new theatre construction on Third Avenue must be removed before the end of this week. If the contractors so desire, they will be allowed the use of half the sidewalk for a time, the council ruled.

Mr. Munro stated that efforts had been made to have the barricade removed but nobody seemed to be responsible for it. Meantime, only an unsightly pile of rubbish lay behind the structure which could easily have been removed four or five weeks ago. Mr. Brown and Mr. King spoke along similar lines.

Ald. Collart urged that the council should go carefully in the matter. The builders, he believed had certain rights along this line.

Ald. Prudhomme, Ald. Dibb, Ald. Tinker, Ald. Rudderham, Ald. Brown and Ald. Linzey spoke on various aspects of the case, each feeling that the barricade should be taken away.

Ald. Collart moved an amendment that the matter be referred to the Board of Works for investigation, there being no seconder. The motion of Ald. Prudhomme and Ald. Linzey then passed.

**CLEARING OF ROCK
FROM FIRST AVENUE
LOTS IS REQUESTED**

A communication signed by the Sun Life Insurance Co., J. C. McLennan, Flora Collart, W. J. Alder and Terminal Investment Syndicate offering the sum of \$750 for the removal of the rock bluff on First Avenue on lots 7-12, block 11, section 1, was read at Tuesday night's council meeting and referred to the Board of Works for report. The rock crushed for the past few months has been in operation on the Postulo lots adjoining and, it was pointed out by Ald. Collart, the doing of the work requested would be but a continuation of that operation with moving of the equipment unnecessary.

The clearing out of this rock, Ald. Collart felt, would do much toward improving the appearance of that part of the city.

Ald. Brown believed that it had been promised by last year's council, that, when the work on the Postulo lots was completed, the rock crusher would be moved to Seventh Avenue near McBride Street to clear out a large bluff there. He suggested that the Board of Works keep this in mind when dealing with the matter.

Ald. Brown suggested at Tuesday night's council meeting that the Board of works go into the matter of repairing Second Avenue across the Westview Bridge with a view to diverting traffic from Atlin and Graham Avenues. Some portions of the roads in Westview were in bad shape. Ald. Brown pointed out, and should be given early attention.

Ald. Prudhomme agreed with Ald. Brown's suggestion and offered another suggestion that a couple of lights might be installed at the upper end of Second Avenue which was now rather dark.

If the road were put in proper condition, Ald. Brown felt that the utilities committee might be willing to deal favorably with the matter of additional lights.

Program Will Be Started Upon Tuesday After Fair Week—Bylaws Being Put Through

Local improvement construction bylaws providing for the completion of cement sidewalk laying on Third Avenue between Seventh and Second Streets and on Fulton Street from Third Avenue to the City Hall and Fire Hall as well as the west side of Fourth Street, between Second and Third Avenues, were given initial readings by the city council Tuesday and will be finally reconsidered and adopted at the regular meeting two weeks hence, the intention being to have the work started on the Tuesday after Fair week.

Just 1 More Day

OF \$200 COMPETITION AND BIG VOTES

CAMPAIGN NOTES

With but one more day in which to turn in subscriptions and secure the greatest number of votes for each subscription, interest in the competition and enthusiasm in the progress of the candidates in the News mammoth \$4,000 distribution is growing by leaps and bounds.

Each candidate in the race realizes that the grand prizes, representing hundreds of dollars in actual cash—are practically within their reach to be claimed for their very own or forfeited to more aggressive opponents during the next few days, depending upon their final supreme efforts put forth while the big votes are allowed.

If the candidates halt now for a moment—if they slack up or let their enthusiasm wane—if they overlook one opportunity to better their chances to win, they are taking the desperate risk of losing the big prizes already partially won and which can belong to them if they hustle and produce big now.

Right now, with the campaign going into the final lap, a word of warning is not out of place. It is this: If present leaders are figuring that their leads are sufficient to win, they are due for disappointments when the campaign is over and the prizes are awarded. With such a field of energetic workers it is certain that some of the most spectacular work of the campaign is still to come. Whoever wins one of the big prizes may do so by a narrow margin, though the number of winning votes will be very large.

After Friday night the smallest schedule of the campaign is in effect. Any subscription turned in next week will produce less votes than at any other time in the campaign. Until 9 o'clock Friday night candidates who are successful in selling extension subscriptions will help themselves to extension votes. After 9 o'clock Friday night there is no extension subscription vote schedule. The new \$200 competition also ends at 9 Friday night.

The time is so short and so much is at stake that any candidate can well afford to lay off work this last day and devote every possible minute to his or her campaign. The results of the next day's effort can compensate you fully for an entire year's normal employment. Here is a proposition and objective worthy of the co-operation and joint effort of the entire family. It affords such an unusual opportunity, that anyone competent to organize his or her friends for the last grand rally should not be at all backward in doing so.

A candidate who fails to do his or her utmost during the remainder of this "period" is certain to bring dismal disappointment upon himself or herself, as well as upon their friends who are almost as interested in their success as the candidates themselves.

A number of workers in each district are in line for the two \$100 prizes in the new \$200 competition which will be distributed, to the candidates making the best showing in subscriptions for the period which ends at 9 o'clock Friday night.

TO READERS

Look over the list of entrants. Settle on a favorite. Then take out a paid-in-advance subscription, giving the votes to the candidate you wish to help. You can pay the subscription direct to the candidate or personally to the office, or by mail. In the latter event make sure you SPECIFY to which candidate's credit you want the votes on your subscription to go.

CAMPAIGN NOTES

Here's a thought that some candidates ought to get: Other candidates are working for themselves and their own interests, not yours. They are going to beat you if they can. They are wracking very acute brains for ways and means to put them over the top. On the other hand you have done well. You have already a large vote as the result of effort put forth up to now. You have worked hard. You have really campaigned. You are entitled to everything you can win because "to the victor belongs the spoils." The end is in sight. You can go ahead now and "cinch" the gift or gifts you have set your heart on or you can throw up your hands in surrender and make it easy for some competitor to attain his or her goal and become the proud champion of champions and the winner of the big, beautiful luxurious motor cars. After all is said and done it is you and you alone who attains success or goes down in defeat. Almost everything hinges upon your effort or lack of effort between now and 9 o'clock Friday night.

Bear in mind that the new \$200 Competition ends and that the third period vote schedule and the second payment vote schedule go out of effect promptly at 9 o'clock Friday night.

This much is certain, whoever wins any one of these prizes will probably do so by a very narrow margin. The winning scores will doubtless be large. If the present leaders are figuring that their leads are ample they are due to disappointment when the winners are announced. With such a field of energetic workers, it is certain that some of the most spectacular work of the campaign is yet to come. The "Never Say Die" spirit was never more in evidence at any other time than it is right now.

While there is only one winner in each district in the new \$200 competition, unless a tie occurs, the candidates who fall short of winning the new prizes will profit by advancing their scores at a time when subscriptions count more in votes than they will during the remainder of the campaign.

The struggle for the leadership in the \$200 competition and the battle for places of advantage as the Third Period draws to a close is being followed with keen interest by the public and has attracted friends of candidates to partisan activities. With the two big cars to be awarded one week from Friday and workers so closely grouped that any of them may win, the "boosting" is taking more substantial form. Instead of cheers, encouragement and promises, friends are hustling subscriptions for favorites.

One candidate who said she had obtained a subscription from nearly every resident in the section in which she has been doing most of her work this morning, started out to make the rounds over again for the purpose of making extensions and adding a few new ones to her credit. Others, with a keen eye on the cash prize points applying on the special offer, were obtaining lists of prospects and were looking them up. Several ideas are being followed, all of which indicate that candidates are using their heads in this crucial period of the campaign.

HOW SUBSCRIPTIONS COUNT IN POINTS

From Saturday, Sept. 1, up to and including Friday, Sept 7, the following number of points will be issued on subscriptions:

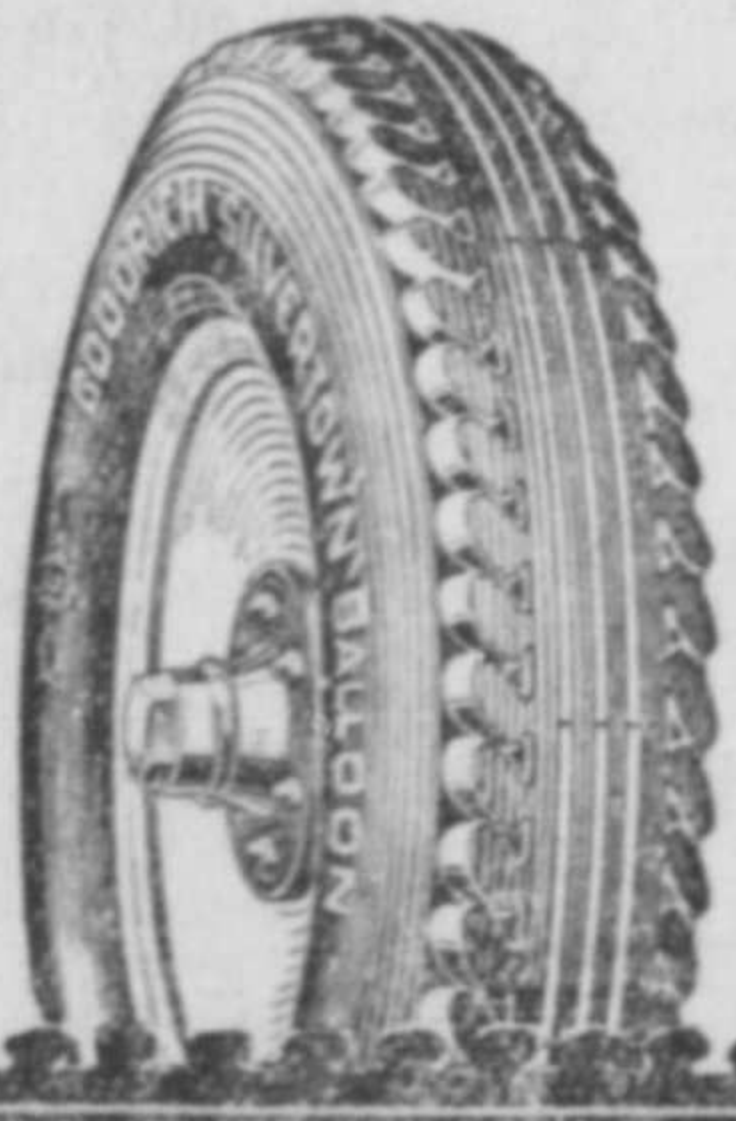

- 1 year . . . 6 points
- 2 years . . . 12 points
- 3 years . . . 18 points
- 4 years . . . 24 points
- 5 years . . . 30 points
- 6 years . . . 36 points

The above schedule shows "HOW SUBSCRIPTIONS COUNT IN POINTS" in the new campaign for the \$200 COMPETITION. New, arrears, renewal or second payment subscriptions each count the same number of points in the new campaign known as the \$200 COMPETITION.

EACH candidate in the \$4,000 Prize Campaign now has the opportunity of entering the \$200 COMPETITION, and any subscriptions they secure and turn in now will count votes in the \$4,000 prize campaign and points in the \$200 Competition.

ART EASSON TO MANAGE THEATRE

WELL KNOWN FORMER LOCAL BANKER TO TAKE CHARGE OF NEW CAPITOL HOUSE HERE

Arthur A. Easson, formerly accountant in the local branch of the Royal Bank of Canada and for the past few years located in Vancouver, will return to the city about the middle of this month to assume the management here of the new Capitol Theatre which is being erected by Misak and Paul Alvazoff. It was announced this morning by Paul Alvazoff. A few months ago, Mr. Easson, who has many friends here and is a musician of some talent himself, left the service of the bank.

The orchestra for the theatre will be selected by Calvin Winter, leader of the orchestra in the Vancouver Capitol Theatre. The Capitol interests will have entire charge of the conduct of the new local house.

SPORT CHAT

Madison Dix of Seattle, who will box Alf Harding of Calgary in a ten round open-air bout next Tuesday at Acropolis Hill grounds, will arrive in the city on Saturday morning and will work out Saturday and Sunday evenings at the Empress gym at 6.30 p.m. Boxing regularly of late, Dix is reported to be in the pink of condition but, if condition and confidence counts, Harding thinks the fight is over because he is in the best shape of his career. Considerable interest is also being taken in the semi-final which will bring together Chris Neilson and Nina Gurvich. Nina has been advancing so fast of late that he has about stolen the popularity of his brother, Dido. The grounds will be wired and plenty of light supplied and the Boys' Band will be in attendance. Harding is working out nightly with Dido Gurvich at 6.30.
