RIOT AND BLOODSHED JUGO SLAVIA

DR. MACLEAN VERY CONFIDENT OF SUCCESS IN ELECTIONS

Jugo-Slavia Seething With Excitement Result of Fight in Parliament

BELGRADE, June 22.—Jugo-Slavia is seething with excitement. Belgrade and Zagreb are practically martial law.

The removal of the bodies of the slain deputies from the parliament buildings was the signal for riots along the funeral route.

Severe censorship is applied to the newspapers which are appearing with great blank spaces.

Opposition papers assert the shooting was planned by the government to remove the peasant party opposition.

Stefan Raditch, peasant leader, is dying of wounds received on the floor of parliament.

MAYOR CHUMMY WITH CHINAMAN

SAID TO HAVE BEEN SEEN WALKING ARM AND ARM WITH ALLEGED KING OF GAMBLERS

VISITS MADE OFTEN

PRIVATE DETECTIVE GIVES EVIDENCE AT POLICE INQUIRY VANCOUVER YESTERDAY

VANCOUVER, June 22.—Asserting that he had seen Gus Moy, reputed king of the gamblers, enter the apartment of Mayor Louis D. Taylor on about fifty occasions, C. P. Dench, described himself as a private detective, at the Vancouver police department inquiry yesterday.

Dench, who was a voluntary witness, declared that when Gus Moy visited Granville Mansions, where Mayor Taylor resided, Mayor Taylor used to meet him and the two would walk arm in arm into the flat. The most recent occasion on which he had seen this occur was on June 7.

The testimony of the witness was interrupted for some time when he refused, despite the order of Commissioner R. S. Lennie, to disclose the name of the police officer who had given him information of another matter. Lennie finally excused Dench to allow him to consult his counsel.

In the interval Mayor Taylor took the stand and intimated when he stood down that his examination was complete for the present.

Commissioner Lennie, at the opening of the proceedings, declared he believed Inspector Reames of the Royal Canadian Mounted Police should be called as a witness and he ordered that a subpoena be issued for this officer.

At Wednesday's session there was considerable argument whether Inspector Reames should be called in connection with a confidential conversation with Chief Long, allegedly about Detective Hicci. The commissioner at that time reserved his decision.

Not a Weak Seat in North Says Premier MacLean and Manson is Stronger Than Ever in Omineca

VANCOUVER, June 22.—"We have not a weak seat in the north" declared Premier MacLean on his return here from a northern tour during which he attended the nominations in Atlin, Prince Rupert, Skeena and Omineca constituencies. "Manson will get the biggest majority he has ever received in Omineca. In fact we will win every seat in the north."

Dr. MacLean was very enthusiastic over the trip and over the prospects of the candidates. He says that his tour has convinced him more than ever that the government will be returned with a larger majority than ever.

HON. S. F. TOLMIE Leader of Conservative Party of B.C. CANON HINCHCLIFFE M.L.A., Victoria MR. J. H. THOMPSON Conservative Candidate for Prince Rupert will address a Public Meeting in the Moose Hall FRIDAY EVENING June 22, at 8 p.m. Everybody welcome. Seats Reserved for ladies.

MacLean Confident His Party Will Be Elected He Tells Convention

Liberals Choose Candidates at Vancouver, Mostly New Men, But Well Known in That City

VANCOUVER, June 22.—City Liberals at their nominating convention last night selected Hon. Dugald Donaghy, H. E. Almond, J. Pitcairn Hogg, Fred W. Sterling, Nichol Thompson and Mrs. Paul Smith. Nine names were proposed.

Premier MacLean, addressing the convention, said: "I want to say that the enthusiasm of this convention is the same as that which greeted me throughout my travels in the interior. I travelled through Atlin, Skeena, Prince Rupert, Omineca, Cariboo and Yale ridings and I predict to you that not one of these ridings will elect a Conservative member on July 18 and a each of those ridings the Liberal candidate will have an increased majority. My reasons for so predicting is threefold. First we have succeeded in attracting to our cause candidates of the highest type of character; second, the policy of the government is winning support of the great non-partisan vote. It is winning support, not only of the Liberals but many Conservatives and the great bulk of the working people of the community, the vast body of independent thought is with us on the record of the government."

The third reason for confidence in the outcome of the election is that people have generally begun to read and learn the contents of the so-called policy of the Conservative party. The public was led to expect much but found little that was new in Hon. Dr. Tolmie's manifesto. That manifesto is delightfully indefinite in all its proposals. Too many of its clauses are meaningless generalities. Such a manifesto should be definite in its proposals.

HOMER AND SHUTOUT FEATURE OF BASEBALL NEW YORK, June 22.—Ruth's last homer and young Henry Johnstone's shutout were features of yesterday's heavy list of games. The Yankees increased their lead to 9½ games. In the National League Cincinnati made a slight gain being now 3½ games behind the Cardinals. The Giants came back into form at Boston for the first time but lost for the second game.

CONSERVATIVE LEADER HERE

HON. DR. S. F. TOLMIE AND JOSHUA HINCHCLIFFE OF VICTORIA WILL BE SPEAKERS AT MEETING TONIGHT

Thompson, Conservative candidate for Prince Rupert riding at the forthcoming provincial election, will be formally launched. Dr. Tolmie and Mr. Hinchcliffe will leave tomorrow morning on a speaking tour of Skeena, Omineca, Fort George and Cariboo ridings.

**WELCOME TO DR. TOLMIE**

We are glad to help welcome Dr. Tolmie once more to tell us what his party is prepared to do if by any mad freak of chance they should be returned to power after the election. We want to know all about it. The people of this province must be informed of the issues and the best possible way of having them placed before the electors is through the leader of the party. He is the man we shall look to as the mouthpiece of Conservatives.

We urged local people to hear Premier MacLean and we also urge them now to hear Dr. Tolmie. Both are able men and can express themselves. The meeting is tonight and it is an opportunity not to be missed.

**ANTI-PROHIBITION CAMPAIGN**

It looks as if the presidential campaign was to be run along anti-prohibition lines. Al Smith, the Republican candidate, is openly in favor of a change and one of his supporters spoke in favor of it yesterday. This raises a real issue in the United States and if the candidates continue along those lines it will be a real peppy contest. It will be watched by Canadians with a great deal of interest.

**KEEP AN OPEN MIND**

Referring once again to the proposed power situation here, we suggest that Prince Rupert people would do well to keep an open mind in regard to it until the details are forthcoming. Some few extremists would give away anything we have, not counting the cost. Others would not sell at any price, giving as their reason that, if it is good enough for someone else it is good enough for us. Both these groups are wrong. Let us wait patiently the outcome, remembering that in the final analysis it has to be voted upon by the ratepayers of the city. They are the arbiters and the people who do not pay rates have no say in the matter.

**EFFORT TOWARD PEACE**

The Rotary International convention is about concluded and one of the outstanding themes discussed has been that of international peace and goodwill. Men were gathered there from over forty different nations and the clubs in all those nations have international goodwill as one of the outstanding sections of their constitution.

Rotary is not the only international movement but it is a powerful one. In these days when men and women are thinking big thoughts and when world changes are taking place, it is getting appreciably near the time when we shall be able to plan for the United States of the world with the nations as states or their equivalent.

**WAR ON DISEASE**

There are enough common enemies for countries to fight against without having to fight among themselves. One of these enemies is disease. War on tuberculosis has been going on for many years. Now we have turned our attention to cancer and many other diseases which have become prevalent owing to our modern mode of life or for other reasons. Scientists are spending their lives investigating the cause for disease and other facts concerning it and the time should come when we can easily extend the span of human life ten to twenty or more years. Add to that the adoption of a better mental attitude with less friction among individuals and the possibilities are enormous.

## FIRST YACHT OF SEASON IN PORT

PALATIAL POWER CRUISER RUTH E. WITH SEATTLE-LUMBERMAN ON BOARD HERE OVERNIGHT

First yacht from the south to visit Prince Rupert this season, the palatial power cruiser Ruth E. was in port Wednesday, having on board her owner, C. Lushua, wealthy Seattle lumber man, who is on a cruise to Alaskan waters. The commodious and well appointed vessel arrived in port about 5:30 that evening from Alert Bay and tied up at the floats of the Prince Rupert Yacht & Rowing Club, proceeding north at 9 o'clock yesterday morning.

The Ruth E. is but the first of a larger number than ever of Pacific Coast yachts which is expected will visit Prince Rupert during the coming summer. The capital-to-capital yacht race from Olympia, Washington, to Juneau, Alaska, next month it is expected will bring many fine vessels to Prince Rupert, which is scheduled as a stopping-off place for the race.

## AFGHANISTAN ADDRESS WAS VERY INTERESTING

Rev. A. W. Robinson, Assisted by Persons in Costume in Giving Address at Diocesan Women's Auxiliary

The address yesterday afternoon by Rev. A. W. Robinson of Terrace descriptive of the Afghanistan country and its customs proved one of the most interesting features of the annual meeting of the diocesan Anglican Women's Auxiliary. Mr. Robinson had worked for several years in that remote land north of India as a missionary and was thus able to describe it at first hand in a manner which was fully appreciated by his listeners.  
Mr. Robinson was assisted in his descriptions by Mrs. E. W. Tucker, in the costume of a Moslem woman; Miss Winnie Tucker, as a Cathan man, and little Teddy Mills as an Indian boy. A number of interesting Afghan and Hindu relics were also exhibited.

## HEALS ECZEMA IN 7 DAYS OR LESS

Here is a surgeon's wonderful prescription now dispensed by pharmacists at trifling cost, that will do more towards helping you get rid of unsightly spots and skin diseases than anything you've ever used.

Not only does this great healing antiseptic oil promote rapid and healthy healing in open sores and wounds, but boils, abscesses and ulcers that are discharging are almost immediately relieved and cleanly healed.

In skin diseases its action is little less than magical. The itching of eczema is instantly stopped; the eruptions dry up and scale off in a very few days. The same is true of barber's itch, salt rheum and other irritating and unsightly skin troubles.

You can obtain Moore's Emerald Oil in the original bottle at any modern drug store. It is safe to use and failure in any of the ailments noted above is next to impossible. Druggists can supply you at any time.

## NOVEL PROGRAM AT ROTARY LUNCHEON AND ABALONE MENU

At the Rotary Club luncheon yesterday afternoon the program took the form of a miniature convention those taking part being George Rorie, Wallace Orchard, D. C. Patterson, Sid Johnston, T. H. Johnston, and John Dybbavn.  
The club was entertained to a dinner of abalones brought in from Zayas Island.

## MESSAGE OF SYMPATHY COL. AND MRS. NICHOLLS SENT BY ROTARY CLUB

At the Rotary Club yesterday President George Rorie spoke of the bereavement which had come to the president, Lieut. Col. J. W. Nicholls in the loss of their younger child. Mr. Nicholls was still in the hospital at the time, slowly recovering from an illness.

A message of sympathy was sent to Col. and Mrs. Nicholls on behalf of all the members of the club.

## "SPRING FEVER" A LONG LAUGH

"Spring Fever" showing here tonight and tomorrow is one long, long laugh. It starts when Haines, as the shipping clerk, is discovered by the boss to be a gold expert. It runs through his trials and tribulations when the boss takes him to the country club, introduces him as a young millionaire, and proceeds to boast him as a coming champion. Cupid takes a hand and so does a rival for the lady of his choice. Then things happen—and how!

STAR'S BEST FILM  
The plot is startlingly original, and time-honored methods of gaining laughs are conspicuous by their absence. They don't seem to be needed with Haines. The things he did in "Brown of Harvard" and "Slide, Kelly, Slide," indicate this—but in the new picture he goes them all one better.

## Man in the Moon

The man who criticizes the things I like is a knocker. He who criticizes what I dislike is an earnest advocate of better things.

The insurance companies are not often right. One of the hazardous occupations they do not recognize is that of being a husband.

Some people think the millenium will come through the Legislature but it won't.

You can tell a pessimist by his appearance just as you can tell mail order clothes. The wise person avoids both.

I once knew a proof reader so clever he could tell if a period was upside down. I'll suggest to the editor that he get one of that kind.

You can tell a good housekeeper by the condition of the bath tub.

Do you remember the time, folks, when one of the dangers of crossing a street was that of possibly being knocked down by a bicycle.

Half and half coffee is the kind that is half in the cup and half in the saucer.

The first commandment is "Do something and do it well" on these hang all the law and the prophets and modern civilization.

The people with solemn faces are sure with themselves for having nothing to think about.

People are queer. If they are invited to the wedding they kick about buying the wedding present and if they are not invited they feel slighted.

He thought it great to wed a "peach." But a mistake he made; He found in helping him succeed, She gave him "lemon" aid.

"I wonder where all the flies come from," grumbled Mrs. Jones as she swatted in the dining room. "Well, mom," replied the young joker of the family, "the cyclone makes the house fly; the blacksmith makes the fire fly; the jockey makes the horse fly; and I heard you tell pa last night that us children made the butter fly."

## FORMER LOCAL HOTEL MAN TO BE MARRIED IN MONTREAL SOON

Local friends of the groom are in receipt of invitations to attend the wedding on the evening of June 25 at St. Nicholas Church, Vitre Street East, Montreal, of Miss Salwa Aboud, daughter of Mr. and Mrs. Chahben Aboud, of Salha Chantous (Sam Antous), son of Nicholas Chantous. The couple will take up residence at 360 Wiseman Avenue, Montreal, and will be at home on July 10 at 215 Mount Royal East. The groom-elect, better known as Sam Antous, lived in Prince Rupert for several years and for a long time was a member of the staff of the Prince Rupert Hotel.

## POSSIBILITIES SEEN OF DANGER IN REGARD TO LAND SETTLEMENT

SEATTLE, June 22—Two British commonwealths, Australia and New Zealand, today face the serious problem of holding their large areas of thinly inhabited yet fertile land for white settlement alone, under the very eyes of teeming millions of Asia, most of who are struggling on the verge of subsistence. Dr. John MacKay, of Winnipeg, world tra-

ler and president of Manitoba College, explained to 6000 Kivans attending their international convention here.  
"Both countries are facing the problems bravely," he said, "but one can hardly fail to wonder whether or not the pressure of want in Asia may not become so great as to make it impossible to hold these lands for purely white settlement alone. Whatever the solution, the immediate future offers dangerous possibilities."

## YOUNG PEOPLE OF UNITED CHURCH ON PICNIC YESTERDAY

Some sixteen or eighteen members of the Young People's Society of First United Church enjoyed a picnic to the Salt Lake last evening, it being the concluding event of an interesting and successful program of functions which the society had been holding during the winter months. The gasboat Sunbeam Jr., belonging to the pastor, Rev. A. Wilson, was used to transport the picnickers across the harbor. Swimming, a beach fire, refreshments and games were indulged in there and the party returned home by 10 o'clock.

## GURVICH AND CLARK FIGHT

CHARLIE BROWN SIGNS PAIR TO PROVIDE HEADLINER OF BOXING TOURNAMENT ON JULY 13

Charlie Brown announced last night that he had signed Battling Dido Gurchich of Prince Rupert and Ray Clark of Bellingham for a ten-round bout in the Exhibition Hall on July 13. It should prove one of the most interesting fights local fans have been offered for some time. It will be the first time that Gurchich and Clark have met though both have fought Alf Harding, Gurchich winning from him on points while Clark made it a draw. Gurchich, who will be slightly the heavier, and Clark are somewhat the same style of fighters and it is expected that it will be an exhibition of boxing rather than slugging.

Brown is already planning an interesting program of preliminaries to go with this main event.

## SPORT CHAT

While the Grand Nationals have nothing much at stake, being already assured of a place in the final, the football game tonight between them and the Regiment may or may not place the latter in play on July 2 for the Dominion Day Cup, second trophy of the season. In the first game, Territorial beat Thistles by 3 to 1 and in the second Thistles played a 1 all draw. All the Regiment has to do tonight is score two goals, whether they win or not. Of course if it should be a win or draw for the soldiers they will also qualify for the final, the only way

## Around The World With Sport Fans

(By The Tramp)

The influence of one or two good sportsmen is seen in the manner in which lacrosse has suddenly blossomed into life here. The game may yet become a really national one if this sort of thing goes on.

Friends of lacrosse in the Canadian Soo are neglecting no opportunities to further the interests of the national pastime in their neighborhood, even going to the length of "exporting" the game to Michigan. An effort will be made to popularize lacrosse on the U.S. side of the St. Mary's River. The Soo has one intermediate, two junior and three juvenile teams. Creighton Mines will have an intermediate outfit and further competition is expected from Sudbury and Blind River. Boosters in the Canadian Soo look forward to the day when international, intercity games will be played with the Michigan Soo.

The next move will be for some missionary to carry lacrosse to Ketchikan and teach the young idea to handle the sticks there. The Canadian towns and villages in this part of the country also offer a great field for expansion.

Uncle Sam will be without the services of the famous Duke Kahanamoku, Hawaiian swim star, on his Olympic team. The Duke has become a pro through going into the "movies." The dusky aquatic marvel broke to the front in 1911 and made a flock of world records that stood until the phenomenal John Weismuller appeared. The sinewy and powerful Hawaiian is still invincible in a 50-yard sprint, although he is now 38 years of age. He was star of the 1912 and 1920 U.S. Olympic swimming teams.

## DOUBLE HEADERS IN BIG LEAGUE

ST. LOUIS BROWNS WIN TWO GAMES AND ARE THREATENING ATHLETICS FOR SECOND PLACE

(Special to Daily News)

NEW YORK, June 22.—Double-headers, which caused no changes in the standings, were the feature of the Big Leagues yesterday. The leading St. Louis Cardinals and the fourth place Chicago Cubs in the National League shared honors as did the New York Giants and Boston Cincinnati Reds defeated Pittsburgh Pirates 5 to 4 in a tight game, the Reds reducing the gap between themselves and the Cardinals for first place to three-and-a-half games.

St. Louis Browns came within four games of the Philadelphia Athletics for second place in the American League by taking two games from the Detroit Tigers who are now out half a game from the Philadelphia Athletics and the second had to be called in the third inning on account of rain. Babe Ruth's twenty-sixth homer of the season thus went into the discard, it being the first circuit clout he has lost in this manner.

Yesterday's scores:

NATIONAL LEAGUE  
St. Louis 1-4, Chicago 2-1.  
Cincinnati 5, Pittsburgh 4.  
Brooklyn-Philadelphia, rain.  
New York 9-1, Boston 4-3.

AMERICAN LEAGUE

Second game called on account of rain.  
Chicago 2-4, Cleveland 4-3.  
Detroit 8-5, St. Louis 8-9.

COAST LEAGUE  
Portland 11, Hollywood 6.  
Seattle 4, Missions 2.  
Los Angeles 5, Oakland 4.

## WESTERN ROUTE IS PRAISED BY GRAIN BUYERS

(Edmonton Journal)  
Further evidence has been presented that last year's western Canadian wheat crop was under-estimated. The C.P.R. superintendent of transportation reports that that railway and the C.N.R. has marketed approximately 380,450,000 bushels. This, with the allowance for feed, seed and grist mills, brings the total about 5,500,000 over the dominion government's final figure, while it is believed that 15,000,000 to 20,000,000 is still in the farmers' hands.  
Alberta, it is evident, is more than responsible for the difference. The grain exported through Vancouver was nearly 73,000,000 at the end of May, and it is expected that it will reach 85,000,000 by the end of the crop year. This will be 30,000,000 in excess of the best previous record.  
Towards the end of 1925 charges were made that the Alberta pool was discriminating against the western route. These were denied and it was explained how temporary conditions had effected the shipments in that direction. There can be no doubt how extensively the pool has utilized the route during the present crop year. At the Regina conference one of its spokesmen, Mr.
