TELLS HOW ITALIA LANDED AIRSHIP CRASHED LOADED WITH SNOW

General Nobile Tells How His Airship Crashed to Ice Pack and Bag Carried Away by Wind

Ice Breaking up a Little but Good Wireless Communication Being Kept up With Base Ship From Drifting Floe

ROME, June 13.—General Nobile's own story of the wrecking of the dirigible Italia, received by the Stefani News Agency, says that on the morning of May 25 at 10.30, while the airship was flying at a height of 500 metres, suddenly the weight increased, apparently by snow and ice forming on the bag. The ship began a rapid plunge which it was impossible to halt and in two minutes crashed on an ice pack. The cabin and upper part of the bracings were torn away while the bag was carried by the wind in an easterly direction.
 General Nobile said that the ice on which the crew was drifting was broken up a little and leads were showing between the floes. Radio communication between the imperilled men and the base ship is good.

HAD COCAINE IN POSSESSION

MEMBERS OF CREW OF FRENCH VESSEL GIVEN THREE YEARS EACH AND ANOTHER SIX MONTHS

VANCOUVER, June 13.—George Barrard and J. Lobergne, members of the French vessel Scavora, who pleaded guilty to a charge of possession of ten large jars of cocaine, were sentenced yesterday by Magistrate Shaw to three years in the penitentiary and fined \$500 each.
 Lobergne was also sentenced to three years for carrying a pistol, the sentence to run concurrently.
 Maurice Philippe pleaded not guilty was sentenced to six months and fined \$200, the magistrate stating that he was not in the same category as the other men.
 The arrest of the men was a most interesting one. They had the opium concealed beneath their clothes and would probably have got by the officers only one of them sneezed just at the wrong time. The trembling of the body showed that something bulky was concealed beneath the clothes and they were searched, the tins of the drug valued at about \$700 were found on them.

DAILY EDITION Wednesday, June 13, 1928

SESSION AT OTTAWA

The session of Parliament which has just closed has been a most uninteresting one with very little business of interest to the west before it. There have been some investigations but they have led to nowhere in particular. However, the members have had their jaunt, have talked a lot and if they have not done much, possibly it was because there was not much to be done.

LOCAL DOCK NEEDED

The disappointing part of the situation has been the lack of action in regard to the provision of a dock for the fishermen here. We need that improvement and need it badly. It is understood there is some movement afoot by the local Liberal Association in regard to this and they may possibly be able to obtain what others have failed to get. At any rate there is much disappointment generally in the city and especially among the fishermen and it is to be hoped the local association will be in a position to get what they are after.

IMPROVING THE CITY

There have been some results from the agitation for improvement of the city but nothing like what might have been. There has been a lot of painting up done and gardens have been laid out, lawns seeded and stumps removed. All this is in the right direction but it goes hardly far enough. What was hoped for was some much more general movement toward making the city attractive. Everyone can do a little and it is by united effort we shall eventually make this one of the most attractive cities on the coast.

TOLMIE IS TO BEGIN

Hon. S. F. Tolmie announces that he will commence his campaign by an announcement toward the end of the week of his attitude toward the P.G.E. and other questions of the day. We are glad to hear that. The party has been handicapped by his absence but now he should put new life into the dry bones. It is necessary to good government that there should be a strong opposition and Simon F. should make a good leader on the opposition benches. We are glad to be among those who welcome him back to British Columbia and hope he will at once hand in his resignation at Ottawa so that he may make his advent permanent this time. We have no doubt his constituency at Saanich will return him to the local legislature on July 18.

McCLYMONT PARK

Probably there is some good reason for the present condition of McClymont Park but if so steps should be taken to at once remedy the situation. The park has been closed for some time and an open ditch cut through it, seems to be the reason. Also the grass in the park has been allowed to grow and the whole condition of the place is disreputable.

It is at this time of year that mothers usually take their children to the park, that young children play there and bathe in the little wading pond. Teachers have formerly taken their young charges there for picnics and all this in the month of June particularly. The Gyro apparatus also is going to waste through not being used.

Who is to blame we do not know. Perhaps no one is to blame, but it is certainly a condition that should be remedied. The Daily News has been asked to mention this matter and it is one worthy of immediate attention by the authorities.

TRAGEDY OLD AS THE HILLS

CHARIOT, HORSES AND DRIVER SACRIFICED TO ANCIENT GODS IN MESOPOTAMIA

CHICAGO, June 13.—Evidence of a tragedy that descended upon the driver of a chariot and the four animals that drew his equipage 3,000 ago were found in Mesopotamia by the Field Museum-Oxford University joint expedition to that country.

Henry Field, member of the expedition, has sent word that an almost complete four-wheeled chariot and another similar vehicle in a more fragmentary state, both some 3,000 years here.

old, have been excavated on the site of the ancient city of Kish. Around one of the chariots were found the skeletons of a man and four animals. The animal skeletons has been identified as those of an early species of horse. The excavators found evidences which leads them to believe the master and animals were victims of a sacrifice to ancient gods.

Between two of the animal skeletons the excavators found a shaft, terminated by a metal boss, and supporting rings through which the reins had passed. Archaeologists regarded that as an important discovery for it throws a new and precise light on the means of transport in use by the Sumerians. The findings are regarded as the most notable collection of parts of ancient vehicles. The relics will be set up in the Field Museum of Natural History

PRINCE GEORGE

A chimney fire at the home of Robert Anderson here kept the fire brigade busy for some time last Thursday morning.

George Woolsey has returned to Prince George after an extended prospecting trip through the northern portion of the province. He states that he found a new and more suitable pass for a road from the Peace River valley to the coast. This pass, following up the Hominka River, a tributary of the Parsnip, is lower, he says, than Monkman Pass and affords easier building and a shorter line.

The only criminal case on the docket for the Supreme Court Assizes in Prince George this month is that in which Lee Packer of Rolla is charged with the killing of his father. A civil action arises out of an accident last year when Mrs. Tilton was killed by an auto driven by A. D. Watt and there will also be three divorce cases.

Work is well advanced on the building J. E. Lambert is erecting on Third Avenue at George Street. The owner will occupy one of the stores himself and will rent the other.

Paul Wieland has commenced the work of demolishing the trust building in central Fort George which he recently purchased. The material will be used in the erection of a butcher shop at Third Avenue and Quebec Street.

The Prince George Construction Co. is putting up a building on Third Avenue for Charles S. Sager. C. C. Wright, the jeweler, will occupy it.

Karl Andersen is putting up a new business building on Third Avenue adjoining the telegraph office.

Jacob Leith, local furniture dealer, has commenced work on an extension to his business premises at the corner of Third Avenue and Quebec Street.

BURNS LAKE

Mrs. P. V. Tallon was hostess at a delightful afternoon tea last Wednesday in honor of Mrs. G. S. Wood of Prince George who has been visiting here.

The village commissioners have appointed W. E. Funnell as poundkeeper, the new pound bylaw now being in force.

John L. Barker of Streatham, who has been fur farming at Ootsa Lake for many years, has purchased four pair of registered foxes at a price of \$550 per pair. They will be shipped from New Brunswick for delivery this fall.

VANDERHOOF

New polls in Omnica riding for the forthcoming provincial election will be held at Tatalrose, Nadina River, Fort Graham and Topley Mines. Encombe poll has been changed to Lejac and Jarten Lake and Stellaco polls have been cancelled.

Samuel Coker of Vanderhoof and Dr. J. W. Alward of Prince George have left on a motor trip to Vancouver.

E. G. Baynes and party arrived last week by car from Vancouver and have opened Douglas Lodge at Stuart Lake for the summer.

The regular monthly meeting of the Vanderhoof and District Board of Trade was held last evening. The secretary, George Ogston, reported upon matters he had taken up with Hon. A. M. Manson on a recent visit to Victoria.

Mrs. R. K. Finlason of Finmoore has been spending a few days with Mr. and Mrs. Robert Reid here.

STEWART

Bert Wing, formerly of Anxox and now with the B.C. Equipment Co. spent last week in Stewart and district.

Billy Newell has been making extensive additions to his rooming house and barber shop here.

Extensive additions are being made to the Carolan store here.

Mrs. John Coughlan is the possessor of the first rhododendron ever to bloom in Stewart.

Sam McNeil, Louis Behnson and Frank Lewis have opened a new and commodious garage on Victoria Street.

T. J. Shenton of Prince Rupert, inspector of mines, was a visitor here last week on official duties.

Alex. McDonald has left for Glenora, New Brunswick, and it is expected he will return with a bride.

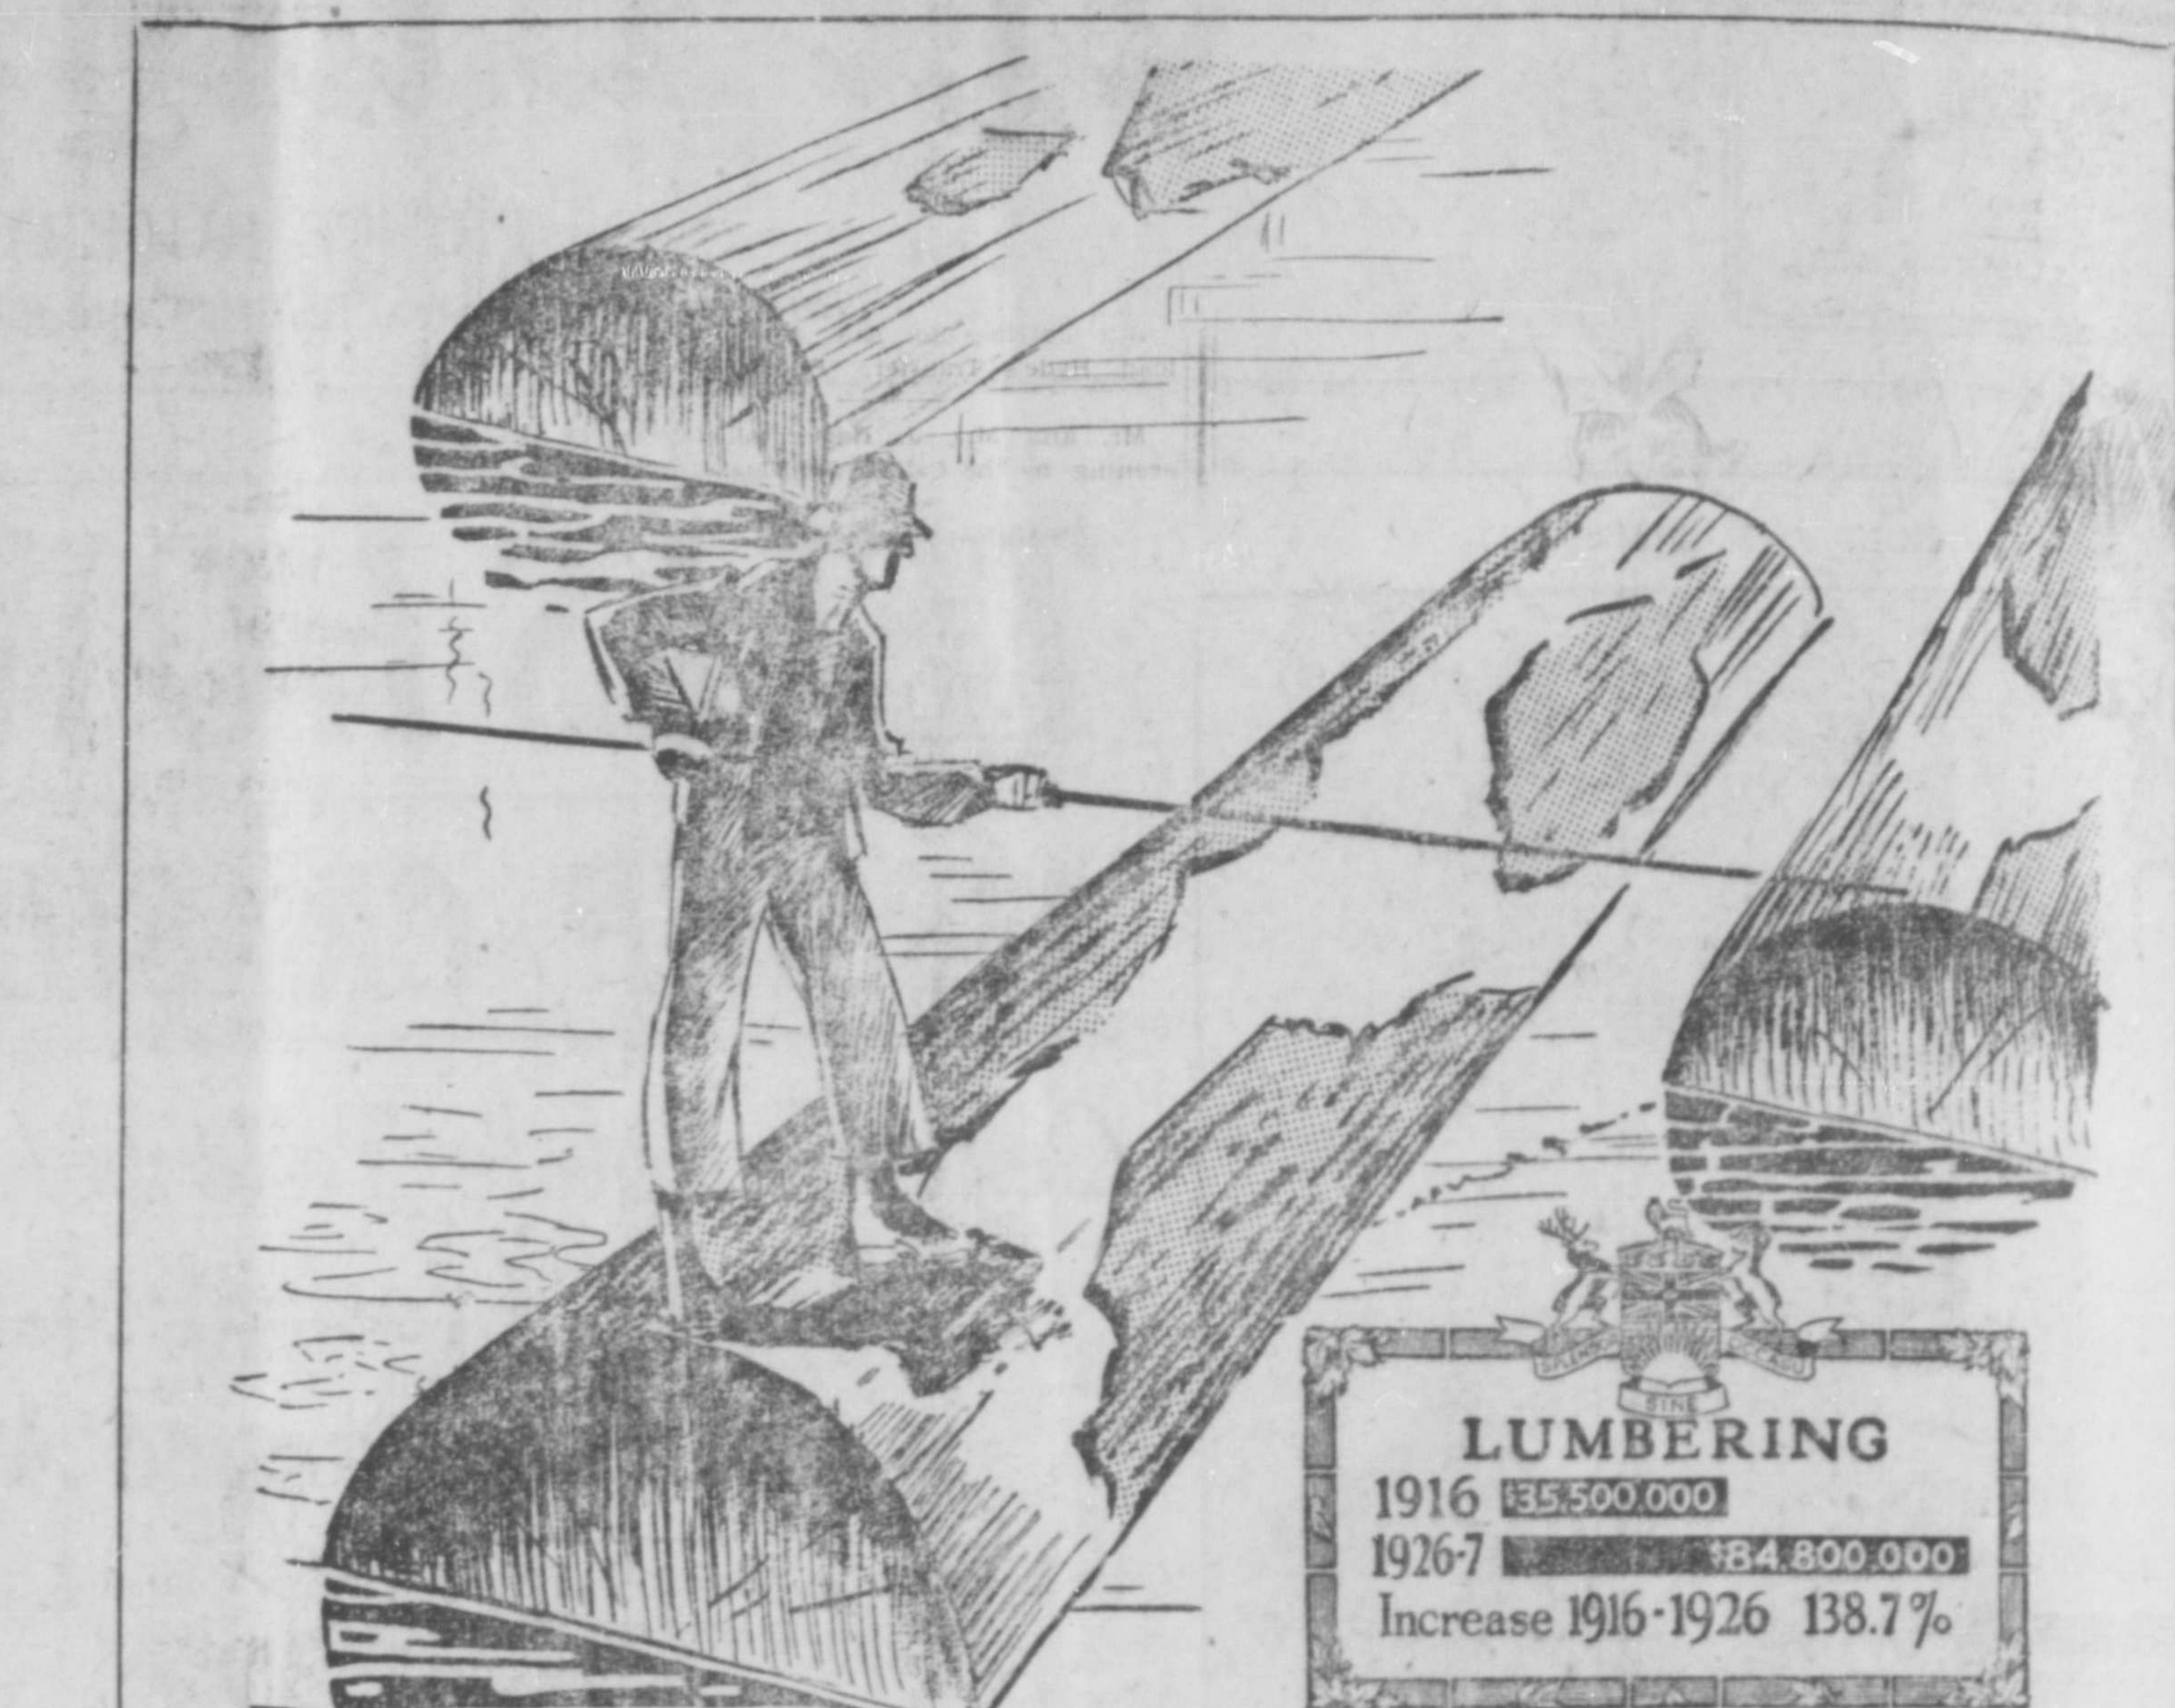

ALICE ARM

Premier J. D. McLean addressed a meeting in Alice Arm on Monday morning and spoke at Anxox the same night. Yesterday afternoon he spoke at Premier mine and last evening at Stewart.

Steve Briggs had his skull fractured last week when he was thrown from a speeder on the Dolly Varden Railway. He was rushed to the Anxox Hospital where he is reported to be making satisfactory progress.

Dr. George Hanson is expected here soon to undertake the summer's work in the district for the Geological Survey.

Extensive repairs to the Dolly Varden Railway are now about completed. Other work planned for this season by the provincial department of public

LUMBERING
1916 \$35,500,000
1926-7 \$84,800,000
Increase 1916-1926 138.7%

Our leading Industry

WHEN 38c. of every dollar paid in industrial wages and salaries in British Columbia comes from lumbering, her ten-year production increase of 138.7 per cent. is vitally important to everyone.

Thirty per cent. of our Province's entire industrial production of 251 million dollars in 1926 was contributed by lumbering and its allied industries. British Columbia now ranks third in the Dominion in industrial importance, and forest products dominate.

Involved in British Columbia's lumbering industry is capital of more than 100 million dollars . . . 20,000 people are employed . . . 330 mills operated.

Without question this gigantic business is destined to continue at the same pace.

Climate, soil and drainage have produced our vast forests of soft woods . . . the greatest in the world! One-third of the British Empire's entire timber supply is in British Columbia. Today, the demand for soft woods is four times that of hard woods . . . and with the last great stand of soft woods located in our Province, continued progress and prosperity are certain.

Great as our timber stands are, our government realizes the necessity of safeguarding the future of this vast industry and is devoting much time, study and thought to the question of scientific reforestation, fire prevention and conservation.

Lumbering brought 84 million dollars to British Columbia in 1926 (the value of the cut that year), an increase of 49 million dollars over 1916. Every year more than 30 million dollars worth of supplies are purchased to enable this great industry to carry on.

Foreign markets have been sought . . . and captured. Water borne export of lumber has enjoyed exceptional growth. Ships laden with 2,616,419,000 feet board measure left our ports during 1922-1926 . . . an increase over the period of 1912-1916 equal to 984%. The log scale jumped 111% during the same period!

This activity represents real money in constant circulation. It keeps thousands of men busy . . . influences every phase of commercial life . . . builds markets for our farm products . . . spells "BRITISH COLUMBIA" the world over!

Add to this the sash and door factories, and pulp and paper production, which alone jumped from \$15,450,000 in 1916 to \$72,327,000 in 1926, and you have an idea of the enormous importance and far reaching influence which this, our chief provincial enterprise, is bound to exercise on the welfare and earnings of each and every citizen.

Read these announcements and understand your province's progress . . . clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

BRITISH COLUMBIA'S PROGRESS

works includes the construction of a new wagon road from the upper Kitsault suspension bridge to the Torie mine; the lengthening for 300 feet of the wing dam prospecting the town of Alice Arm; and the construction of a new road up the northeast fork of the Kitsault River.

The Alice Arm branch of the British Columbia Chamber of Mines is planning on sending an ambitious ore display representative of this district to Vancouver and New Westminster Exhibitions this season.

TERMINALS WIN FOOTBALL GAME

Grand Terminals took opening honors in the Dominion Day cup football series last night with a 3 to 1 victory over the Thistles. It was a bright game with fast work in spots while, at other times, it tended to slow up, play not being of a consistent nature. Nevertheless, the Terminals were good value for their win all the way.

In the first half, Ernie Warren made the first counter for the Terminals, this being the only score during that period.

In the second half, A. Dickens scored two goals for the Terminals while Bob Woods made the sole tally for the Thistles.

A good-sized crowd witnessed the match.

George Russell was referee and Fred Hardy and Doc Clapperton presided on the side lines.

Teams were as follows:

Grand Terminals—H. Loblick, R. B. Skinner and George Howe; George Hill, Sam Currie and Angus McDonald; Har-

The people of Anyox have endorsed plans drawn by R. O. Cutler for a new gymnasium which will replace that which was burned a few months ago in the smelter town. The site will be the same as that which was occupied by the oil one, an alternative site offered by the company having not been deemed suitable. Tenders are now being asked for the erection of the new building which, it is expected, will cost equipment well over \$10,000.

The Stewart Ladies' Basketball Club has been formed in Stewart and it is planned to have three teams for competition. The following officers have been elected by the club: president, Mrs. S. G. Lawrence; vice-president, Mrs. W. J. Crawford; secretary-treasurer, Mrs. R. W. Kennedy; executive officer, Mrs. Jack Grey; Miss Cherry Campbell and Miss Helen Crawford; manager, Jack, Jimmy Gunn.

The Burns Lake baseball team recently journeyed to Ootsa Lake and won a game from the natives who late came to town and turned the tables on them in an exciting contest which ended in a score of 18 to 17. Player were:

Ootsa Lake—Joe Worth, c; Ira Mitchell, p; Bill Cameron ss; Jack Knox 2b; Reuben Nelson, cf; J. Oakley, rf; Buster Harrison, 3b; Tom Hurd, 2b; O. Johnson, lb.

Burns Lake—Joe Sasse, ss; T. Jen sen, c; A. Johnson, 2b; E. Landon, p; W. Luken, cf; J. T. Steele, 1b; Soley, cf; K. Kerr, H. K. Warner, 3b.

Around The World With Sport Fans (By The Traup)

Joe Wright and Jack Guest of the Argonaut Rowing Club at Toronto have gone to England where they will row at the historic Henley course. Later they will row in Holland at the Olympiad. The boys are 22 years of age each. They will compete at the Henley regatta toward the end of this month with the finals June 30. At Amsterdam they will row the first week in August.

The Norsemen of Winnipeg are bringing teams from Minneapolis and Duluth to compete at soccer for their big Norse celebrations July 5 to 10.

A question which is interesting lacrosse players and fans is that of making goalkeepers face the ball after it has gone out of bounds in their attempt to field it. The matter has been discussed at length with both defense and offense players, the former taking the stand that goalkeepers, handicapped as they are with their heavy accoutrement, larger sticks, etc., have not an equal chance with the home fielder, who carries less weight, and, as a rule, is more shifty than the net guardian. Home players, when first attempting to reply, have claimed that "rules are rules" and no exception should be made, but in the majority of cases, when the question has been argued from all sides, are far enough to admit that, after all, the goalkeepers should receive "exemption" when it comes to sitting in at the "face-off." One important feature that has been lost sight of is that after a goal-keeper has left his net in fielding the ball, and gets the odd jolt from a husky opponent, his eye and nerve is

not working quite as steadily as prior to the "run in," with the result that a rapidly-fired shot, immediately after his return to the goal, has a better chance of beating him.

The Calgary races had to be called off at the middle of last week because the track was flooded. The program was postponed but the farmers benefited for the rain is putting money into their pockets.

Priest's Silver Jubilee

Interesting Story of Work of Father Allard Who Recently Celebrated the Twenty-Fifth Year of His Mission in the West

(Contributed)

The second and the third day of June, 1928, were glorious Catholic days in St. Mary Magdalene's Church at the Hagwilget Indian Mission, near Hazelton, B.C.

The Silver Jubilee of Ordination to the holy priesthood of Reverend Father Joseph Allard, O.M.I., was celebrated on those two days.

In June, 1903, the Jubilarian was ordained a priest in the Holy Catholic Church by Archbishop Duhamel, of Ottawa, himself consecrated a bishop by Archbishop Walsh of Toronto, who had received his Apostolic Mission and Consecration from the hands of Pius IX., the 257th successor on the throne of the fisherman Saint Peter, who was the first Vicar of Christ, the first Bishop of Rome, the first Pope or Head of the Roman Catholic Apostolic Church.

On the eve of Trinity Sunday, 1903, the Basilica of Ottawa was filled to its capacity. Forty young men prepared for many years of study and prayers were about to renounce worldly ambitions and pleasures and consecrate themselves, body and soul, to the love and service of God and to the salvation of souls.

Parents, friends and other faithful souls of the city filled the church. The Bishop sat on his throne surrounded by dignitaries of his Chapter, and a numerous clergy.

PRONE ON PAVEMENT

All young men prepared and disposed to receive the sacred Orders of the Church laid prone on the sacred pavement of the Sanctuary, whilst the Bishop, the Clergy and the large assistance all united in the recitation of the Litany of the Saints. "Lord have mercy on us." "Holy Mary pray for us." "Saint Peter, pray for us." Saint Paul, pray for us.

After begging for the mercies of God and the helpful prayers of his saints, the Bishop arose and extending his hand over the Priestly candidates, prayed as it behoves to all lawful successors of the Apostles that the Priest to be might receive the Holy Ghost. To the newly ordained Priest the Bishop then imparted the power, to teach the word of God, not his own word "Go teach all nations whatsoever I have commanded you." To consecrate the material elements of bread and wine into the body of the Lord—"This is my body, this is my blood—Do this for the commemoration of me." To forgive repentant sinners—"Whose sins you shall forgive, they are forgiven them."

Thus was given to the priests by the legitimate authority of God the powers to minister the Sacraments and official suffrages of the Church for the living and the dead. Thus were separated from the world, men lawfully appointed to address to God the prayers and supplications of men, and to give to men the things of God.

The next morning, on Trinity Sunday, the Jubilarian went to the Church of the Redeemer in Hull, Quebec, and offered there the tremendous Holy sacrifices of the Mass, his first Mass, the same Mass offered in the catacombs of Rome during the three first centuries of Christianity, the same clean oblation offered amidst all nations of the earth—"From the rising, to the setting of the sun."

WENT TO YUKON

Two months after his ordination the Jubilarian received a command from the head of the Church. He received orders to go to the Yukon. Three years he labored among the miners in the gold country, and built a church on Sulpher Creek.

In 1906, he went to the ephemeral town of Conrad and built there a church. In the spring of 1907 he went to Atlin to minister to the white miners of the country. He found there a tribe of Hlmgat natives, whom he evangelized for three years, conducting all the while the boarding school, monopolizing all the staff's attributes of teacher, cook and so forth. He provided two houses for the purpose, with the help of local charities, and during the last year and a half receiving from the Indian Department, the yearly salary of five hundred dollars. The Church Register records over seventy souls regenerated by baptism in Atlin.

In 1910 was called from Atlin and put in charge of the Church in Dawson, Yukon. He there ministered to whites and Indians, as far as Lenzing River over three hundred miles from the Yukon River, where he met Indians who had not received the Sacrament of the Church for fourteen years. Built a Church at Lenzing for the Indians, a Kindergarten School for children, and a Hall in Dawson to afford to old timers more appropriate amusement than those found in any one of the twenty-two saloons in Dawson.

In 1915 was called from Dawson and put in charge of the Smithers district for the better part of a year, adding a Sanctuary to the already existing Church of Hagwilget.

FORT ST. JAMES

In October, 1916, was sent to Fort St. James to build and take charge of the Indian Boarding School, then known as the Stuart Lake Indian School. With the help of one white man and many Indians, he completed the school and opened it on the 4th of February, 1917. Admitted on that day, were thirty-seven boy boarders, whom he clothed, fed and educated with the help of a Belgian teacher, a Swedish farmer and a

On the 16th of January, 1922, he transferred 80 boarders, boys and girls, and the staff of five Sisters to the new boarding school at Fraser Lake, had the school filled with one hundred and thirty boarders on the first day of March. The founder and principal was relieved of his charge of the new Fraser Lake Industrial School in June 1922, and put in charge again of the Smithers district.

He built a Missionary residence at Smithers in the fall of 1922, and given an assistant priest, attended to the spiritual needs of Smithers, Telkwa, Hagwilget, Moricetown, Houston, Forestdale, Burns Lake, Francois Lake, Ootsa Lake, Chestatta, Babine and the scattered Catholics not in proximity of the above Mission, built since 1922 a church in Houston, one in Forestdale, one in Old Fort Babine, a Priest's residence in Babine, repaired the Church in Moricetown, and had a road put through the woods between Babine Lake and Smithers, seventeen miles of new road.

VISITED ROME

In recognition of his zeal and good work he was chosen by the Bishop and the Priests of North British Columbia and the Yukon as their official representative at the General Chapter of the Oblate Fathers Order held in Rome in the months of September and October, 1926.

HAPPY BANQUET

The Jubilarian, ordained a Priest on the eve of Trinity Sunday, June the sixth, 1903, chose the day rather than the date for celebrating his Jubilee. Hence the celebration took place on the second and third of June, 1928. Though residing in Smithers, he selected Hagwilget as the proper place for the celebration, because in that place the Lord himself had prepared a happy banquet for His Missionary.

On Friday evening, the first of June, His Lordship, the Right Reverend E. Bunce, O.M.I., Bishop of Prince Rupert, came to honor his faithful Collaborator during the twenty-five years. The next morning, the Jubilarian's brother Reverend Father Elphege Allard, O.M.I., arrived from Fort St. James.

ANNIVERSARY OF ORDINATION

The Jubilarian said an early Mass, so did his brother. At 9 a.m., his Lordship offered the Holy Sacrifice, said the same official prayers as the Bishop of Ottawa did in 1903.

After Mass the Jubilarian sitting upon the Throne at the Epistle side of the Altar, received the abjuration and profession of faith of a family of seven converts, who were there and then abjured from censure by the Right Reverend Bishop, standing with mitre and staff, in front of the Holy Tabernacle. His Lordship granted the same blessings to septuagenarian returning to the fold after twenty-five years of an erring life. The latter sobbing proclaimed the sincerity of his repentance. His sincerity was no greater than that of the true Israelite that read the abjuration and profession of faith. Many in the assistance could not control their pious emotions.

Following the admission into the Church of the above eight souls, was the Baptism conferred on eleven children, all members of the same family, Father, Allard, junior, helped his elder brother at this task. Most of the new converts, then received the Sacrament of Penance. Most of them prepared themselves to receive the Holy Eucharist the next day.

ANNIVERSARY OF FIRST MASS

His Lordship and Father Allard junior said early Masses. The latter then aided his brother and heard the confessions of many wishing to receive the Lord on this day from the hands of their Jubilarian pastor. The newly invited guest at the Eucharistic Banquet was on this day of the colored races.

Chief Peter, Williams, of Kispiox, his wife and his grandchild represented the Red race. Mrs. Mieschilinko, of Hazelton was the representative of the Dark race. Ah Ting, previously admitted in this same church represented the Yellow race. In all twenty-two souls received the Sacrament for the first time and one returned to the Sacraments, after twenty-five years of infidelity.

Mr. Norcross is a veteran newspaper man but has not travelled the C.N. route by day so is anxious to see some of the scenery of which he has heard so much. Also he is anxious to get in touch with the political situation in the northern and central part of the province. Mr. Norcross says the position of the Government depends very much on what Vancouver and Victoria do in the present election. At the time he left no decision had been arrived at as to when the nomination conventions would take place, each party waiting for the other. He says the Liberals expect to take three seats out of four in Victoria and a majority in Vancouver, but much depends upon the candidates they bring out.

Interesting Program Last Night at Weekly Meeting of United Church Young People's Society

The topic of "Canadian Authors and Poets," at the weekly meeting last evening of the Young People's Society of First United Church, proved very interesting. Various members of the club took part in the program which included readings from the poems of Pauline Johnson and a sketch of her life, a biographical sketch of L. M. Montgomery, authoress of "Anne of Green Gables," and a dramatic representation of one of the scenes in Nellie McClung's "Sewing Seeds in Danny." Those participating included Miss Graessle, Miss Rogers, Miss Catherine Harvey, George H. Stocks, Miss Garnett and Miss Lois McRae. The chair was occupied by the vice-president, George H. Stocks, and there were the regular business and social periods. The club's activities for the season will close on Thursday afternoon of next week with a picnic to the Salt Lakes.
