UNEMPLOYMENT INSURANCE SCHEME

COUNCIL HAS BEFORE IT QUESTION OF BEAUTIFYING CITY

Acting Mayor Strongly Urges Beautifying of Streets and Gardens

Matter to be Taken up With Parks Board With View to Action Being Taken by City Council

Urging that a campaign of grounds and home improvements be instituted in Prince Rupert through the means of flower gardens and window boxes, Acting Mayor Theo Collart, at the meeting of the city council last night, referred to the matter of civic beautification which has been advocated editorially by the Daily News. The acting mayor was authorized to take up with the parks board the question of the city also doing its share in the matter through the beautification of its grounds and possibly some of the streets.

LIBERALS ARE QUITE READY

Member for Vancouver Makes Speech on Budget and Brown Would Nationalize Coal

VICTORIA, Feb. 21.—That the Liberals are ready at any time to go to the country, was a statement made by Ian Mackenzie in a debate in the Legislature yesterday on the budget. Mackenzie referred to the Market Board Act and urged that the measure should be constitutionally strong. He should be tested in this respect, he proceeded further with it.

Acting Mayor Collart suggested that perhaps, the city could do something in improving its own property. Even adjoining the City Hall was an unsightly and dilapidated handball court which should be taken down. He believed that the city itself might well set the example.

Ald. Prudhomme suggested that, perhaps, the city could do something in improving its own property. Even adjoining the City Hall was an unsightly and dilapidated handball court which should be taken down. He believed that the city itself might well set the example.

PLAN CHANGES MARKETING ACT

Under Proposed Scheme Whole of B.C. Except Vancouver Island Would be Included

VICTORIA, Feb. 21.—Vancouver Island alone will be excluded from new British Columbia Marketing Act as it applies to potatoes and all other vegetables. If the Legislature adopts the recommendation approved by its agricultural committee yesterday.

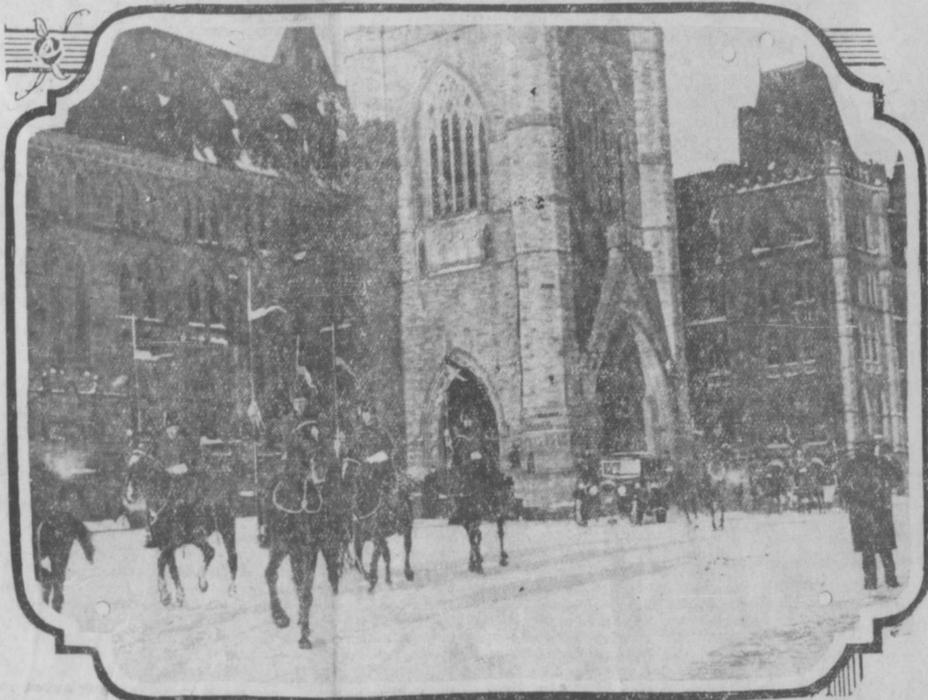

Under the proposed scheme, each district will elect its own committee to administer the Act in co-operation with the present committee of direction in the interior, should the House approve the recommendation.

LAW SUIT OVER RAILWAY WORK

Claiming that \$200,000 extra expenses had been incurred by them in an excavation and fill for the Pacific Great Eastern Railway at Mile 13.7 north of Lilloet, the Georgia Construction Company is plaintiff in the supreme court before Justice Morrison.

DEAL FOR RUFUS AND ARGENTA MINES WAS RATIFIED AT VICTORIA

VICTORIA, Feb. 21.—The deal for the sale of Rufus and Argenta mines to Marjorie Daly and J. W. Gerard interests of New York was ratified here by the shareholders.

SPLendor AND CEREMONY marked the new status of the governor-general, Viscount Willingdon, personal representative of his majesty the king, at the formal ceremonies of the opening of parliament at Ottawa. The hussar escorted viceregal car leaving the parliament buildings

KICK HIM OUT WAS EPITHET SICK SOLDIER

Political Partisanship Claimed in Regard to Conduct of Officials of Soldier Department

HEADS HAVE RESIGNED

System of Attrition Against Liberals Said to Have Been in Force in Eastern Canada

OTTAWA, Feb. 21.—Finding that several senior officials of the Christie Street Hospital of Toronto were guilty of political partisanship, A. T. Hunter, commissioner, who investigated charges in this connection with respect to activities in the department of soldiers' civil re-establishment, has issued a voluminous report which was tabled in the Federal House yesterday by Hon. J. H. King.

The chief recommendation is that the functions of the soldiers' civil re-establishment, pensions, and treatment be separated. The report says: "There is some evidence that the superintendent of Christie Street Hospital, when asked what should be done with the case of a mentally obscure veteran, replied 'Kick him out.' Irrespective of its origin this seems well to express the official attitude towards sick veterans."

PARTISANSHIP

Regarding partisanship, the report said the reason that Conservative officials could have the audacity to act oppressively to Liberal subordinates is due to absolute but ill-merited confidence reposed in departmental advisers by the then minister, Dr. Beland. "It has been steadily forced on my attention that there has been a system at work during the past six years, which has been operating for remorseless attrition of Liberal employees of the department."

Colonel Young, unit director of administration and his deputy Harry Young and J. D. Anderson have vehemently denied any partisan seal and claim almost impossible ignorance of politics generally. Circumstances force me to be very skeptical of this ignorance.

All those mentioned in the report of Commissioner A. T. Hunter have been retired or resigned and in a number of cases no further appointment has been made to vacant positions, it was stated today.

FIRST HALIBUT OF THE SEASON

Fifteen Cents Paid on Opening Day for Two American Catches

The first halibut of the season arrived today and the American boats were paid fifteen cents and eight while the Canadian got 13.80 and 8. They were:

- Hene 5,000 to Cold Storage at 15c and 8.
Onah 8,000 to Cold Storage at 15c and 8.
Unome 5,000 to Atlin Fisheries at 13.80 and 8c.
The Onah was the first boat to land a catch here last year.

ANNOUNCEMENT

W. H. Johnson, of the Doherty Manufacturing Co. of Toronto, will be in Prince Rupert on Wednesday and Thursday of this week and will have on display in Mrs. H. S. Parker's, the "Exclusive Ladies' Ready-to-Wear Store," the latest showing of Spring and Summer Dresses. Orders will be taken from these samples and special measurements can be given. The public is invited to call in, when it will be a pleasure to show on living models these latest creations of the modiste's art.

SNOW BATTLE ALASKA LINE

Dynamite Being Used to Break up Big Drifts and Slides on Railway

SEWARD, Feb. 21.—The biggest snow battle in the history of the Government railroad is being waged over 250 miles between here and Broad Pass. Dynamite is being used to blast through the deep drifts and slides on portions of the northern division. Because of the solidly packed snow the rotary snow plow travelled only 21 miles in six hours.

Acting Mayor Collart suggested that much encouragement might be given if the city appropriated a small sum of money and gave prizes for the best flower gardens and window boxes.

Ald. Prudhomme suggested that the parks board be requested to make a report on the planting of gardens and shrubs around the city buildings. The police would probably be able to supply the necessary labor.

City Solicitor E. F. Jones reminded the council that two or three years ago the parks board had asked for \$400 for the purpose of planting trees, etc. The request had been turned down and the parks board had since been inactive.

NEW SCHOONER FOR FISHERIES

Hene One of First Three to Bring Catch Here for the Opening

The schooner Hene, which brought in 5,600 pounds of halibut for the opening sale of the season is a new American schooner owned by Matt Madson former of the Eagle. The vessel is 64 feet long with fifteen foot beam and is powered with an Atlas Imperial 90 horsepower. She is registered as 33 tons.

Conservative Amendment Regrets Government Failed to Undertake Number of Duties and Obligations

OTTAWA, February 21.—C. H. Cahon moved the Conservative amendment to the budget yesterday regretting that it did not tend to provide increased employment or induce the return of Canadians who had migrated to the United States, or make provision for the preservation of domestic markets for farm and dairy produce or for effective development of natural resources, or for abolition of the sales tax by January 1 next.

Mr. Cahon said the reduction of the net debt announced of nearly \$42,000,000 in the past year did not include the increase in long term indebtedness and railways.

If all the government accounts had been kept in one department, the minister would have had to announce an increase of over \$62,000,000 net liabilities of the government to the investing public between 1923 and 1927 instead of a reduction of \$105,000,000 as claimed.

EARTHQUAKE SHOCKS

SEWARD, Feb. 21.—Two slight earthquake shocks were felt during the night following the heavy shock yesterday morning.

Rains Cause Much Damage in Australia with Loss of Life and Railway Disorganization

SYDNEY, February 21.—Torrential rains began here Sunday saturating the watershed with as much as five inches in some parts, and causing damage estimated at about two and a half million dollars in the town of Grafton and vicinity 350 miles north of here.

Traffic on the Queensland Railway is disorganized. Fourteen deaths are reported in Queensland, New South Wales and South Australia.

TRAIN LEFT THE RAILS AND ENGINEER KILLED

QUEBEC, Feb. 21.—Ernest Simard, 40 years of age, of Parent, Quebec, an engineer, was instantly killed and two others of the crew injured when an engine and eleven cars of a special freight train left the rails at Casey station on the C.N.R. yesterday.

EIGHT DROWNED IN NORTH SEA YESTERDAY

GRIMSBY, Feb. 21.—Eight persons were drowned when the trawler Petunia collided with the steamer Yiva in the North Sea yesterday.

MEMORIAL SERVICE FOR LORD OXFORD

LONDON, Feb. 21.—A memorial service was held at Westminster Abbey today for Lord Oxford and Asquith.

VANCOUVER EXCHANGE

Table with columns: Bid, Asked. Items include B.C. Silver, Big Missouri, Cork Province, Dunwell, George Copper, Glacier, Gladstone, Golconda, Independence, Indian, L. and L., Daly, Lucky Jim, Marmot Metals, Premier, Porter Idaho, Richmond, Elversmith, Stanloch, Terminus, Whitewater.

PAINT OUT NAME OVER ENTRANCE TO NEW HIGH SCHOOL

COURTENAY, Feb. 21.—A stir was occasioned in town on Wednesday when pupils at the new high school on Warren Avenue noticed that the name "Harrison" which precedes the words "High School" over the entrance, had been painted out by some person or persons unknown and the word replaced by the name "Courtenay."

Unemployment Insurance is Recommended by Council for Action by Dominion Government

The city council went on record last night as endorsing a resolution of the Vancouver, New Westminster and District Trades & Labor Council which requests the federal government to establish a national fund for unemployment insurance. The resolution has already been endorsed by the Prince Rupert Trades & Labor Council. The proposal is that the fund shall be chargeable to the various industries and shall be operated along lines similar to the Workmen's Compensation Act of British Columbia.

A letter from the Vancouver, New Westminster and District Trades & Labor Council, which accompanied the resolution, pointed out that unemployment in Canada was increasing due to the seasonal nature of the industries of the Dominion. A more efficient and humane means of meeting the situation was necessary, and it was felt that such would be found in the establishment of a fund to be administered by the federal government rather than the present haphazard manner in which the municipalities attempted to take care of unemployment. Ald. Prudhomme felt that the matter was one which should have the serious consideration of each alderman. He suggested that a copy of the resolution be made for each alderman so it would be possible for them to express an intelligent opinion at the next meeting.

Price of Daily News Cut to 50 Cents a Month When Delivered in Prince Rupert

Commencing with the beginning of 1928 the price of the Daily News is as follows:
 Delivered in Prince Rupert, 50c a month in advance, or \$5.00 a year.
 Out-of-town in Northern or Central B.C., \$3.00 a year or four months for \$1.00.
 Other Canadian or U.S. points, \$6.00 a year.
 The only way to keep in touch with the North is to read a northern paper.

DAILY EDITION Tuesday, Feb. 21, 1928

PRAISE FROM OPPOSITION

The Nelson Daily News, a Conservative newspaper, gives the MacLean Government a meed of praise which is unusual with that paper. Under the heading "MacLean Government is Doing Better," it says:

Several features of the current provincial budget, just brought down by Premier MacLean in his capacity of finance minister, will be very well received.

Tax reductions in general will be beneficial. The easiest of these to praise is the income tax, which is cut 10 per cent—a benefit both to the ordinary taxpayer, and to business generally.

It is gratifying to see some reductions announced in the turnover tax, certain categories having the rate cut in two, this tax being basically unsound, and bound to create inequitable conditions, though, it must be admitted, it was generally approved when it first came into effect.

Though it has taken two years to convince the government on the matter, the government has certainly moved in the public interest in abandoning the increment tax on transfers of natural resources. For two years the government has stood out for this tax, which it put upon the statute-book in haste and after agreeing to withhold it a year, in the face of the protests of all business organizations. Confiscatory of profits of mining deals, this tax had more capacity to frighten away the outside capital essential to the province's development than any other this government's ingenuity in taxation has been able to devise. The exact nature of the "regulations based on depletion of natural resources" that the government says it is substituting for the increment tax is not very definitely indicated, and it is to be hoped that changes being made will not represent an increment tax in disguise.

A vigorous policy of road construction is indicated by the loan bill of \$4,600,000 announced, and clearly this is a case of moving in the right direction. The public will hope that it is the intention to spend the money on right lines and without the waste that has characterized much of this government's road construction, as in the Cariboo Highway case.

Speaking as premier rather than finance minister, Dr. MacLean made a most welcome announcement when he indicated that the absentee vote was being abandoned by the government. This, of course, has been foreshadowed in the legislative reports published in The Daily News, Liberals for the first time joining the Conservatives in criticising that wretched electoral device.

PLANTING TREES ON BOULEVARDS

Suggestions are often made here that this city should fall in line with other places in regard to planting trees on the boulevards. Just now we have no boulevards and it will probably be some time before these are laid out. Even then it is doubtful if ordinary trees would be an advantage.

We want all the sunshine we can get here so that any tree planting should be done in such a manner as not to interfere with this. Possibly low evergreen shrubs would be the best. It is useless to try to follow other cities. We should try to show some individuality, beautifying our own city in our own way. Whenever possible native shrubs might be used in preference to imported.

Possibly the first thing to do is to get the gardens cultivated and the boulevards levelled off. City property should certainly set an example to the rest of the community instead of being untidy as it usually is.

That the community is awakening to the desirability of some action is quite evident and already new work is being planned and undertaken which should have a good effect on the appearance of the city.

HUMOR FLASHES IN PARLIAMENT

(By R. J. Deachman)
 OTTAWA, Feb. 21.—Wit and humor is rare in the House this year. The tension is not high enough. Sparks fly only from the hot iron. The nearest approach came from the leaders. Mr. King was discussing our new ambassadorial adventures. "I contend that the diplomatic skill of Canada with respect to Canadian affairs is of just as high an order as the diplomatic skill of Great Britain or of any other part of the British Empire," said Mr. King. "Where a gentleman has been able to remain in power from 1921 to 1926 as my right Hon. friend has, I have a high regard for his diplomatic skill"—retorted Mr. Bennett. "I can tell my honorable friend" said Mr. King, "he will have a higher regard if he continues where he is for another half a dozen years."

A piece of wholly unconscious humor, full of limitless possibilities, came from Mr. Murray MacLaren, member for St. John-Albert. Mr. MacLaren finds fault with our geographies. In his opening remarks, he said: "I draw the attention of the House to the incorrect orientation of Canada as presented by the cartographers of the Government or the geographical misposition of our country as shown on the maps. . . . The maps show the lower part of the latitudinal line opposite the centre of the lower border and the terminals of each latitude should be an equal distance from the lower corners. . . . The latitude of 45 degrees on the east side is 700 miles from the bottom, while on the west side it is only 150. . . . The map is askew. The east is slanted up towards the north and the province of Ontario and the western provinces are correspondingly depressed."

Here we have a sad situation! For years we have worried about Maritime Rights. We stole their railroads, brought their banking institutions to Toronto and Montreal, ruined their industries by competition and refused to eat their fish. But not until Murray MacLaren made the discovery did we learn that we had shoved them up 150 miles too close to the north pole. That in itself is not so bad, but according to Mr. MacLaren, Toronto has been pulled down 150 miles too close to the equator. Is Mr. Church responsible for that? Who can tell how much of our politics has been predicated upon this disaster? Perhaps the Hudson's Bay Railroad is to be finished because we have moved it so far south that the extra distance it has to be built to reach Churchill instead of Nelson has only shortened the line. If Toronto can be moved, why not move the Maritimes. Let no map be askew. We stand firmly behind Mr. MacLaren in his desire to put the Maritimes in their proper place. We would also like to see the so called barren lands of the north, printed in bright red on all our maps. The faded yellow of our school-boy maps gives us goose flesh.

Still in any reference to humor in the House, it would be unfair to leave out J. F. Pouliot, (Tomiscounta) "The correspondent of this publication" said Mr. Pouliot, "naming a prominent Montreal daily, 'is the janitor of the falsehood factory of Quebec.' Who says that our fellow citizens of French extraction are not able to use the King's English?"

Man in the Moon

A SOFT answer turneth away wrath. In that respect it differs from the soft tire.

NO wonder the people of Mars do not wish to get in touch with modern civilization as practiced here on earth. Silent contempt is doubtless what they wish to express.

WE all believe in the triumph of mind over matter.

WE are what we think we are: Those politicians who have an inferiority complex in regard to Canada probably feel inferior. And who would wonder at that?

HE bought a little mining stock and ere he was aware the cash came rolling in so he became a millionaire.

He was not satisfied so he in oil put all his cash but very soon his company that bored went all to smash.

OPERATION SURPLUS OF TWO UTILITIES

During the month of January, the electric light department showed a net surplus on operation of \$2,607.25, while the telephone department cleared \$908.46 according to reports submitted to the city council last night by J. J. Little, superintendent of utilities. Figures for the two departments were as follows:

ELECTRIC LIGHT	
Estimated Revenue	\$12,933.10
Expenditure	10,325.85
Surplus	\$2,607.25
TELEPHONES	
Estimated Revenue	\$3,680.00
Expenditure	2,771.54
Surplus	\$ 908.46

DISCUSSION OF PIPE TENDERS

City Council Decides to Accept Lowest Tender of Vancouver Concern for Sewer Line Materials

After considerable discussion as to the merits of other tenders, the city council last night, on recommendation of the Board of Works, accepted the tender of Leith & Murray of Vancouver for the supply of pipe and other materials to be used in the construction of the new trunk sewer which will serve the east end of the city through the Hays Creek drainage basin. The tender accepted was \$3.50 per foot for plain end pipe of 3/4 inch thickness or \$25,946 for pipe and all materials required in the work. John Harris of the Atlas Boiler Works was present at the meeting to press the desirability of accepting his tender which provided for the pipe being made in the city. The tender of Leith & Murray was the lowest submitted.

Ald. Collart referred to the fact that there had been a tender from Mr. Harris who had offered to make the pipe here. The Board of Works was favorable to Mr. Harris' suggestion, only his price was out of proportion. His tender was \$4.75 for pipe of only 3-16 inch thickness. Ald. Greer, chairman of the Board of Works, explained that the city engineer had stated that he could carry out the building of the line within the \$35,000 appropriated at the price for material submitted by Leith & Murray. If the material exceeded this cost, however, the work could not be done within the appropriation. Use of cheaper 3-16 inch pipe had been considered but it was felt that this would be inadvisable.

City Engineer H. A. McLean explained that there had been eight tenders altogether. Only two of the tenders, however, covered the full specifications, namely those of Leith & Murray and the Willard Equipment Co. The lowest tender was that of Leith & Murray. By use of the 3-8 inch pipe the life of the work should be thirty years. If 3-16 inch pipe was used it would probably be about 20 years.

LARGER THICKER PIPE
 Ald. Rudderham urged the use of 3-8 rather than 3-16 inch pipe on the grounds that its life would be much greater. The thicker pipe would be the safer and four times as much could rust off it before it would become obsolete. It would probably last three times as long.

John Harris told of experiments that had been made to show that 3-16 inch pipe would fully meet the situation. He had not considered 3-8 pipe as it was felt that it would not be necessary. Mr. Harris referred to the inability of local tenderers competing favorably with those from outside. That was one reason why the advisability of making the pipe here had been considered.

Ald. Prudhomme suggested that, if Mr. Harris felt he could meet the price of the lowest tender which had been received, the awarding of the contract be delayed in order to give him a chance to submit a better figure. This might not be just the proper thing to do but he felt that it was desirable, if at all possible, that the work should be done here.

Acting Mayor Collart referred to the danger of taking such action as suggested by Ald. Prudhomme. It would mean that it would be useless for the city ever again to call for tenders for none would be submitted. It was up to the council either to accept or turn down the report of the Board of Works. Ald. Greer referred to the fact that the sewer bylaw called for \$35,000 but, after it had been sold, only \$33,500 was left. The city could not afford to go any higher than \$25,000 for the material.

AGAINST CHEAPER MATERIAL
 Ald. Brown, while being entirely in sympathy with accepting a local tender if at all possible, stated that he was in favor of the 3-8 inch pipe. The city had been paying up for years for cheap material and poor work at Shawatlans Lake. The life of the pipe would depend much on the manner in which it was laid and the care that was taken of it.

After some further discussion, the tender of Leith & Murray of \$3.50 a foot for 3-8 pipe was accepted.

DESIRES TO BE MORE FAMILIAR WITH CITY BUSINESS COMING UP

Alderman Prudhomme Objects to Voting on Questions of Which he Knows Little

Ald. Prudhomme again urged at last night's council meeting that extra copies of reports of the various committees, accounts, etc., should be prepared for each alderman so that they would be in a better position to deal with them when they came before the council for action. At every meeting of the council, under the present system, there was a lot of business which he was not clear upon and which he could not deal with intelligently. Though he was required to vote on every question, it was only the affair of the Board of Works with which he was familiar. Preparation of extra copies of committee reports, accounts, etc., would be felt, help considerably. Acting Mayor Collart felt that it was not practicable to prepare additional copies of everything as suggested by Ald. Prudhomme. All reports of committees, accounts, etc. were available

Save the "POKER HANDS" that are packed with

TURRET

MILD VIRGINIA CIGARETTES

and exchange them for VALUABLE PRESENTS

20 for 25¢

to any alderman who desired to go to the City Hall to see and study them. Such was the privilege of each alderman.

Ald. Prudhomme felt that, if necessary, a multigraph machine could be obtained so that extra copies might be run off. It would require little extra labor or trouble.

Ald. Brown felt that the suggestion would only mean more work for an already overworked City Hall staff. If Ald. Prudhomme was desirous of further familiarizing himself with city business, the means for his doing so had been suggested.

No action was taken in connection with the matter which then dropped.

I know what pleasure is, for I have done good work—Robert Louis Stevenson.

"GOVERNMENT LIQUOR ACT"

NOTICE OF APPLICATION FOR BEER LICENSE

Notice is hereby given that on the 16th day of March next the undersigned intends to apply to the Liquor Control Board for a license in respect to premises being part of the building known as "Hotel Massett" situate on Lot Eight (8), Block Fourteen (14), Plan D.L. 7, Massett Township, Town of Massett, Queen Charlotte Islands, Prince Rupert, and Registration District in the Province of British Columbia, for the sale of beer by the glass or by the open bottle for consumption on the premises.

DATED at Prince Rupert, B.C., this 15th day of February, 1928.
 GORDON B. DAVIES, Applicant.

"GOVERNMENT LIQUOR ACT."

NOTICE OF APPLICATION FOR BEER LICENSE

NOTICE is hereby given that on the 13th day of March next, the undersigned intends to apply to the Liquor Control Board for a license in respect of the premises being part of the building known as Port Clements Hotel, situated at Port Clements, B.C., upon the lands described as Lot No. 5, Block 44, Sub-division of Lot 746, Queen Charlotte Island District, Map No. 1078, Prince Rupert Land Registration District, in the Province of British Columbia, for the sale of beer by the glass or by the open bottle for consumption on the premises.

DATED this 15th day of February, 1928.
 BRYDENE LORNE TINGLEY, Applicant.

 NORMAN A. WATT, Official Administrator, Prince Rupert, B.C.
 Dated the 10th day of February, A.D. 1928.

Every-day Magic

Chairs that flop into beds... bags that suck up dirt... tiny ticking things that count all day long for you. Daylight any night just by pushing a button. A stream that never stops till you turn off a faucet. Any voice you want, talking to you from a cage on your desk or wall. Actions of yesterday, of people miles away, going on on a curtain before you. Stilled throats singing to you from discs; distant throats singing to you from nothing.

Uncanny, daily magic—this, due to national advertising. Advertisements have given you flashlights, telephones, typewriters, automobiles, creams, motion pictures. They have given you new eyes, new ears, new hands, new feet, new faces, new emotions. They have urged such wide use, so lowered prices, that almost wishes are autos, almost beggars can ride. Through advertisements you've laid down the shovel and the hoe. You can buy a whole harvest ready-to-eat in cans. You've hung up the fiddle and the bow, for a radio. There's little old-time work left in this age of amazing short-cuts.

READ THE ADVERTISEMENTS
 They keep you to the fore of modern life.

Some day Linseed Meal may stand between your health and ?

Linseed Meal in poultices has often saved the lives of men and women battling with Blood Poisoning. Investigating Linseed Meal, Rexall Chemists found it was its oil content that made it so effective. After learning this they analyzed different kinds of Linseed Meal and discovered that some contained 30 per cent or more of this all-important oil—while others contained practically none. Investigating further they found the reason for this—that Linseed Oil was shipped in sacks which absorbed the oil content. Rexall Linseed Oil, needless to say, is never shipped in sacks—is guaranteed to contain a full 32 per cent of the beneficial oil.

Is it any wonder we are proud to be the only store in Prince Rupert selling Rexall Products.

Basketball tonight. Exhibition Hall at 7.30. 25c and 10c.

This afternoon's train, due from the East at 3.30, is reported to be on time.

Oiler Beiser will sail this evening on the Camosun for Vancouver on a brief business trip.

Accounts for the two weeks ending February 16 totalling \$17,530.01 were passed for payment by the city council last night.

The bylaw providing for the indemnity of the mayor and aldermen for the year 1928 was finally reconsidered and adopted at last night's meeting of the city council.

Union steamer Camosun, Capt. Jas. Findlay, returned to port at 12.45 today from Anyox and other northern ports of call and will sail at 5 o'clock this afternoon for Vancouver and way points.

Passengers arriving in the city from the north on the Camosun today included Mrs. Charles Larson, W. J. Evans and Mrs. William McKenzie from Stewart, and William Goldbloom from Port Simpson.

Angus McLeod, superintendent of the Marmot Consolidated Co.'s mining operations in the Fortland Canal district, is a passenger aboard the Camosun today going through from Stewart to Vancouver on business.

The matter of bringing about a reduction of insurance rates in the city is being considered by the finance committee. Acting Mayor Collart replied at last night's council meeting in answer to a question by Ald. Prudhomme.

During the past twenty-four hours, twenty-five carloads of grain have arrived from the prairies for the Alberta Wheat Pool's Prince Rupert elevator. Railway offices this morning reported some 250 carloads on the territory west of Jasper Park bound here.

Ald. Theo. Collart, acting mayor, occupied the chair at the regular fortnightly meeting of the city council last night. Councillors present were Ald. W. M. Brown, Ald. W. J. Greer, Ald. A. J. Prudhomme, Ald. P. H. Linzey, Ald. George Rudderham and Ald. Frank Dillb. Mayor S. P. McMorris is visiting Ottawa and Victoria on city business and Ald. G. I. Tinker is taking an officers' training course at Work Point Barracks, Victoria.

John Knutsen having withdrawn a tender for the removal of old shacks on city lots at the junction of First, Second and Third Avenues which had been accepted two weeks ago, the city council last night, on recommendation of the Board of Works, accepted a tender of \$95 from J. Douglas for same. Ald. Prudhomme explained that there had been a misunderstanding in connection with the original tender. Mr. Knutsen having believed that he was to be paid \$95 instead of having to pay that sum himself.

Ald. Prudhomme pointed out at last night's council meeting that the minutes covering the meeting of February 6, while showing that Misak Aivazoff had withdrawn an application for fifteen feet of additional lane space to the rear of his theatre property on Third Avenue, did not state what disposition had been made of the original application for ten feet of the lane. The minutes were adopted on the amendment being made thereto to show that the application for the entire twenty-five feet had been withdrawn.

Miss Doris Lake will sail tonight by the Camosun for Vancouver.

William Goldbloom returned to the city on the Camosun today from a business trip to Port Simpson.

Come and enjoy the Sunday School concert at Rupert East United Church, February 24 at 8 p.m. Many popular singers.

We are Headquarters for shoe repairing. Send them to us for value, service and satisfaction. MacArthur's Shoe Store.

Mrs. Edward Mayon is in the city from Vancouver and will be the guest for two weeks of her parents, Mr. and Mrs. Wallace C. Orchard, Musgrave Place.

Passengers aboard the Camosun today going through from northern points to Vancouver include Angus McLeod, S. P. Fitzgerald, William McGraw, A. Whiddon and Gus Kustas from Stewart; John Skrl from Alice Arm, and F. Tesbo, W. Blackburn and A. A. Jensen from Anyox.

Ald. Linzey inquired at last night's council meeting as to whether anything had been done by the finance committee in the matter of the offer of the provincial government to deed over to the city a piece of waterfront at the foot of McBride Street. Acting Mayor Collart replied that the matter was under advisement, but was not yet in a position to be reported upon.

A letter from the Board of Trade requesting payment of \$103 covering the cost in the recent preparation of a report for the federal government and others interested on the matter of the Pacific Coast outlet for the Peace River Valley was acquiesced in by the city council last night. Last year's council pledged a sum not to exceed \$250 for the purpose of assisting in getting the report out.

A letter from Fred Riffou suggesting that he be permitted to start work on beautification of McClaymont Park on March 1 was read at last night's council meeting and referred to the Board of Works with power to act. Mr. Riffou stated that there was a good deal of preparatory work to be done including the placing out of mountain ash and maple trees and the spreading of manure which P. Burns & Co. had offered to furnish. In previous years work had been started on March 1.

On recommendation of the finance committee, the city council last night accepted offers of A. C. Abbott of \$720 for lots 15 and 16, block 6, section 1, and \$400 from William and Elizabeth Stewart for lot 16, block 8, section 1. It was explained that \$720 represented the assessed value of the former property while, in the latter case, the assessed value was \$1150 while there was \$1250 in taxes against the property on account of the location of which it was deemed wise to accept the offer so as to at least restore it to the tax roll.

A report from the finance committee recommending that tax sale lot 13, block 32, section 5 be transferred to Mrs. Barbara S. Evtit of Smithers, who would meet all charges, was adopted by the city council last night. This lot had been bought at tax sale last year by R. B. Hanlin but, in the meantime, it was revealed that the lot had been bought for \$1,000 from the original owner by Mrs. Evtit who was unaware of its standing with reference to the taxes. Mr. Hanlin had agreed to give up all his rights and take his money back so it was only a matter of formality as far as the council was concerned.

The city council last night accepted a report from the Board of Works recommending the construction on the east side of McBride Street between Fifth and Sixth Avenues at an estimated cost of \$3000 of a six-foot plank sidewalk to replace an old walk which has fallen into a state of disrepair. Ald. Greer, chairman of the Board of Works, who reported that the matter had been brought up at a previous meeting by Ald. Brown, explained that the new walk would be of cedar foundation with fir decking and would be level with the street instead of elevated as is the present one. The new walk should last for a good many years.

CHOOSING OF LIFE PARTNER SUBJECT OF PASTOR'S TALK

An interesting and instructive address on the subject of "Choosing a Life Partner" was given before the Young People's Society of First United Church last night by Rev. A. Wilson. During the discussion which followed a vote of the ladies present was taken on the question: "It is wise for a woman to marry a man to reform him?" The vote was negative.

Following the address and discussion, there was the usual recreational period. George H. Stocks, vice-president of the Society, was in the chair and there was a good attendance.

LAST CAB GOES FROM WHITE HOUSE

WASHINGTON, D.C., Feb. 21.—Progress finally has claimed the last of the White House horse-drawn cabs. The coach which once upon a time conveyed distinguished visitors of the President and more recently used by Miss Riley and other White House housekeepers, has been ordered to the army stables along with the faithful mare which hauled the cab around the city on buying expeditions. In their place is a late model automobile.

Tom, the old negro coachman, who ceremoniously guided the cab as he took Miss Riley from market to store, has laid away his high silk hat to engage in other duties.

MISSION BAND OF BAPTIST CHURCH IN OPEN MEETING

The Mission Band of First Baptist Church held an open meeting yesterday afternoon when an interesting program of recitations, songs, etc. was given by the children before an audience of some fifty or so parents and friends. Mrs. S. Dawson presided.

TIMELY RECIPES

MARGUERITES

Delicious little tea cakes called Marguerites can be made as follows:

2 eggs, 1 cup brown sugar, 1-2 cup flour, 1-4 teaspoon baking powder, 1-3 teaspoon salt, 1-2 cup nut meats cut in small pieces, 1-2 cup all-bran.

Beat eggs slightly and add remaining ingredients in the order given. Bake in small, well-buttered, heart-shaped tins.

Mrs. J. Fox, who has been in the city for the past few weeks on account of the serious illness of Mrs. George Leck, will sail by the Camosun this evening on her return to Vancouver.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e. carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free or partly free, permits are available for settlers, campers and travellers, up to 100 head.

Perspiration Odour is no respecter of Persons- or Seasons

Winter and Summer one perspires . . . everyone . . . from one to two pints daily, the doctors say.

One needn't be in a warm room, it may not be a sultry summer day, for sometimes excess perspiration is caused by emotion or plain nervousness.

But, whatever causes perspiration odour, no one need ever offend because of it . . . not while there is Lifebuoy Soap to be had practically everywhere.

Lifebuoy Soap used for face, hands and bath makes one sure of not offending. The creamy antiseptic lather not only cleanses but also purifies the pores and keeps them antiseptically clean and sweet from bath to bath.

Lifebuoy is orange red, the colour of its pure palm fruit oils . . . it costs no more than the toilet soap you are using now.

LIFEBUOY HEALTH SOAP

Purifies and Protects

To Keep Well

Drink plenty of water, perspire freely and prevent perspiration odour by using Lifebuoy Soap.

See This Diamond Ring \$75.00

We have lately made a fortunate purchase from a diamond importer who offered a special inducement to clear out the balance of a package.

We are having the stones mounted up in white gold rings to sell at \$75.00, and you will say they are beauties.

The stone has quite a large appearance for the money and is of good color. This would make a nice moderate priced engagement ring, but we have others with larger stones at higher prices and some as low as \$15.00.

We pass our coal over a screen four times larger than any other coal screen in town. We are therefore putting out the cleanest and best prepared coal. We make it a point to get coal for you that will give the most heat with the least waste. Let us have your order for delivery now.

BRINGING UP FATHER

SHROVE TUESDAY OBSERVED TODAY

Day, Preceding Ash Wednesday and Beginning of Lent, Identified With Making of Pancakes

Today is Shrove or Pancake Tuesday, the day before Ash Wednesday or the first day of Lent during which forty-day period preceding Easter some religious denominations commemorate the forty days of fasting in the wilderness before the crucifixion.

Shrove Tuesday received its name from the old custom of shriving or making confession on that day. In England the day has always been associated with the making of pancakes.

Ash Wednesday derives its name from the fact that in olden times ashes were sprinkled on the head as a sign of penitence under an injunction of Pope Gregory the Great in the sixth century.

Good Friday falls early this year, on April 6; the following Sunday will be Easter Sunday when ladies usually wear their new spring clothes. The name Easter is derived from Eostre, the ancient Goddess of Spring. The date cannot fall earlier than March 22 or later than April 25.

SHOWER AT MANSE IN HONOR OF MISS McRAE

Bride-to-be Recipient of Many Gifts From Numbers of Friends

Mrs. J. R. Frizell entertained at the Manse, Fourth Avenue East, yesterday afternoon at a delightful miscellaneous shower in honor of Miss Helen McRae R.N., whose marriage on Wednesday night in the First Presbyterian Church to Jack Bulger will be an outstanding social event of the week. The rooms were tastefully decorated with spring flowers and delicate groupings of pastel colors were carried out. The tea tables were decorated with pink and mauve and a beautiful vase of mauve gray and pink, filled with pussy willows, centered the parlor table. Candle holders were of pink containing tall lavender candles. All decorative arrangements went to make a delightful combination.

The guests were received by Mrs. Frizell, Mrs. D. C. McRae, mother of the bride-elect, and Mrs. John Bulger, mother of the groom, poured. Mrs. Alex McRae and Mrs. John McRae had charge of the dining room. Mrs. Jabour and Miss Stork served. The ices were cut by Mrs. McKinley.

After tea was served the bride elect was given a seat under a suspended bell. The gifts from the guests were received in an artistically decorated umbrella and were gracefully opened by Miss McRae, who very appropriately thanked the guests, after which she was showered with confetti which the bell contained.

Miss D. A. Leitch played a number of piano selections which were much appreciated.

The guests included Misses Helen McRae, Mary McRae, Olga Kollisoff, Kathleen Stork, B. A. Leitch and J. Harrison; Mesdames D. C. McRae, Bulger, Finlay, Bentley, F. Stork, D. Stork, O. Besner, Alex. McRae, J. McRae, J. W. McKinley, U. W. Kergin, Moxley, Dan Jabour, Massey, Hark, McClymont, T. H. Johnson, Greer, and Hlatzer.

SUCCESSFUL WHIST DRIVE AND DANCE

Knights of Columbus Hosts Last Evening at Enjoyable Event in Parish Hall

There were some one hundred persons present at a successful whist drive and dance held last night by the Knights of Columbus in the Parish Hall.

Prize-winners were as follows: ladies' first, Miss Polly Astoria; ladies' second, Miss Ruth Gillies; men's first, Thomas Trotter; men's second, Olier Besner on out with Paddy Harnett.

The attendance prize was won by A. D. Gillies and the Knights of Columbus donation blanket by L. Parks with ticket 80.

Harry Astoria was master of ceremonies and music was furnished during the evening by the Westholme orchestra. Delicious refreshments were served.

The committee in charge of the event consisted of Harry Astoria, J. J. Muldoon, Frank Fortune, A. Astoria, J. A. McNeill, A. E. Macdonald, J. D. Macdonald and A. D. Gillies. A. B. Lewis presided at the door.

LITERARY GUILD OF PRESBYTERIAN CHURCH MEETING LAST NIGHT

The monthly meeting of the Presbyterian Literary Guild was held last evening at the Church Hall, the president C. Ham in the chair. After a few introductory remarks by the president a violin solo was played by T. Hess MacKay, accompanied by Mrs. Mackay.

The feature of the evening was a debate on "Resolved that Women Exercised Greater Influence in world affairs prior to receiving the Franchise." The affirmative was taken by J. Steen supported by C. Ham and the negative by Mrs. R. Cameron supported by Mrs. A. McKenzie, Mr. McKinley and Mr. Kerr acted as timekeepers.

Following the debate there was another violin solo by Mr. Mackay and Community singing and a song by Mr. Steen.

Refreshments were served.

NEWLYWED MEMBERS OF SHRINE CLUB ARE HONORED AT DINNER

At the regular monthly dinner of the Prince Rupert Shrine Club in the Commodore Cafe last evening, presentations were made by the president, W. H. Tobey, to two nobles, Sam Jabour and J. R. Morrison, who were recently married. Mr. Jabour received a beautiful silver fruit bowl while the gift to Mr. Morrison was a handsome table reading lamp. The new bridegrooms both responded suitably.

There was a good sized attendance of nobles at the dinner.

GEORGETOWN MEN COMING TO TOWN

Staff of Sawmill Being Moved in from Old Plant to Take up New Duties in City

Members of the staff of the Big Bay Lumber Co.'s sawmill at Georgetown, which is now being closed down, are starting to arrive in the city to take up duty in the company's new mill at Seal Cove which is expected to be in operation next month. Many of the men are bringing their families with them to add to the population of the city.

Only the planer at the Georgetown mill is now in operation.

ELKS' WHIST

Mrs. M. J. Bradbury and A. Donald Prize Winners in Last Night's Meeting

Considering counter attractions, there was a fairly good-sized crowd at the whist drive and dance at the Elks' Lodge. A Donald won the men's prize with the highest score so far turned in in the competition—211. Mrs. M. J. Bradbury won the ladies' prize with a score of 201.

Pending the construction of two destroyers by Canada the British government is loaning two destroyers to the Dominion and this photograph shows the naval ratings on board the Red Star liner Lapland prior to sailing for England where they are due to arrive on February 12 to bring back the ship. The first group left on January 1 on the Red Star liner Pennland. The destroyers loaned by the British government will take the place of the Patriot and the Patrician until the new ships are built. One of the destroyers will go to Esquimaux and the other to Halifax after Atlantic manoeuvres with the British fleet.

TO BUILD NEW MAIN AT ONCE

City Council Accepts Tender of Prince Rupert Supply Co. for Material for Green Street Pipe Line

The city council last night accepted a tender of \$1,747.01 from the Prince Rupert Supply Co. for pipe fittings, lead, etc. to be used in connection with the laying of a new water main along Green Street from Sixth Avenue to serve the Prince Rupert General Hospital and the King Edward High School. There was only one other tenderer, Smith & Mallett, whose bid was \$1898.16.

On the strong advice of Ald. Greer and Ald. Brown who informed the council that there was a good deal of unemployment in the city, some wives and children even having had to go hungry lately, it was decided that as early a start as possible on the work would be made.

NOVA SCOTIA LOSES COUNCIL

Present Session of Legislature Notable as Being Last With Useless Appendage

HALIFAX, N.S., Feb. 21.—Quite apart from the legislation to be enacted, the present session of the Legislature of Nova Scotia will be regarded as important for the reason that it marks the last appearance of the Legislative Council.

Nova Scotia was the first colony within the British Empire as presently constituted to achieve representative government, and the Legislative Council has been in existence from the start. For many years the abolition of the Legislative Council was sought by the various governments in control at Halifax, but it was not until the advent of the Rhodes regime that a determined effort was made to do away with the upper chamber. During the administration of Premier E. H. Armstrong the constitution of the Council had been changed. Under this legislation the members were appointed for ten years instead of for life, an age limit was fixed, and it was provided that any bill other than a bill to abolish the Council, passing the Legislative Assembly at three successive sessions, would automatically become law. Following the election of 1925 and Premier Rhodes' assumption of office, the members of the Legislative Council were invited to vote themselves out of office. This they refused to do, and upon the matter being referred to the Privy Council, it was found that Governor-in-council could dismiss the members of the Legislative Council at pleasure. As a result of this decision a number of the councillors who had consistently opposed abolition were recently dismissed. Following the retirement of these councillors, a number of others favorable to abolition were appointed and

one of their first duties will be to adopt a bill which will have the effect of doing away with the council at a date to be determined following the prorogation of the House.

Among the bills which had been held up by the Legislative councillors since the entrance of the Rhodes' regime, has been one affecting the term of office of various public officials. Under existing legislation, these officials were appointed for life and can only be removed for cause by the Legislature. Under the legislation to be enacted they will hold office at the pleasure of the Governor-in-Council.

FURTHER PEACE OF THE WORLD

Two International Conferences Under Rotary Auspices Have Been Called

CHICAGO, Feb. 21.—Two international conferences for the furtherance of world peace have been called by the board of directors of Rotary International. Rotarians of Central America and the northern part of South America will convene at Panama City, March 19 to 21 to consider business problems and to promote the peace of their region. On October 1 a two day conference will open at Tokyo to foster the friendship of the Pacific. All countries of North and South America, Asia and the islands of the Pacific will be included in the scope of this conference.

Obstacles to world peace, questions of business ethics and internal problems of Rotarian societies will be studied at each of the conferences, the board has announced here.

Two new committees to act in an advisory capacity to the board in Europe and South America were created. The European advisory committee, planned to afford European rotarians a larger voice in the international organization, will meet informally in March and will hold its first official meeting next October. Like the proposed Latin-American committee, it will be composed of one representative for each 100 rotary clubs in every nation.

ATHLETES WON ON DAYLIGHT SAVING PLAN

Toronto Puts Clocks Forward an Hour at End of April

TORONTO, Feb. 21.—Twenty athletic clubs in deputations, according to Mayor McBride, asked that the dates of daylight saving be left the same as last year. He thought the city would be "well advised" to leave it that way. There were no deputations, apparently, from certain mothers of the city: who may not have known the value of such demonstrations. Several aldermen tried valiantly to put in warm protests.

City fathers, who are also proud fathers of families, unburdened their souls to the council and told of the difficulty they had in getting their children to bed during the daylight saving period. But all this was of no avail. The motion was finally passed—April 29-September 23. Ald. Summerville said: "I am the father of children going to school and I think that when you start in April you are going a little too far. I think that if it went to the people to get an expression of opinion from the mothers of this city you would find that daylight saving would be cut down very considerably. It should be from the middle of May to the last week in September. Another thing, let me tell you the men on construction work cannot work at an early hour owing to the dew on the roofs."

Ald. Pearce: "I think that we are a little previous with this daylight saving. It is my impression owing to the serious affect that it has on school children that it should not be started before the first of June, when you consider at that time the children are preparing for their examinations."

CRIBBAGE LEAGUE

Orange Leading in Second Half by One Game

Prince Rupert Cribbage League results last night were as follows: Knights of Columbus vs. Prince Rupert Hotel, postponed.

Grotto 8, C. N. Operating 19.

St. Andrew's 11, New Empress Hotel 16.

Moose	2	5	2
Grotto	1	6	1

Postponed game will be played on February 22, at New Empress Hotel (K. of C. vs. P.R. Hotel).

NOTICE.

TAKE NOTICE that an application will be made to the Parliament of Canada at the next session thereof for an act.

1. For the incorporation of a company to be known as The Alberta, Peace River and Pacific Railway Company, or such other name as may be given, to construct and operate a railway as follows—

(a) Commencing at a point at or near the City of Lethbridge; thence in a westerly direction to a point at or near the Town of McLeod; thence westerly and northerly in a direction generally parallel to the Calgary and McLeod Branch of the Canadian Pacific Railway to a point at or near the City of Calgary; thence northerly and west of the Calgary and Edmonton railway to a point at or near Lacombe; thence northerly to a point at or near the City of Edmonton.

(b) From a point at or near the City of Edmonton by the most feasible route to and along the right bank of the Smoky River to a crossing of the Smoky River near its junction with the Wapiti River at or near Bezanon to the Town of Grande Prairie in the Province of Alberta; thence south westerly through the Monkman Pass to a point at or near Alexia Lake on the Canadian National Railway to the Province of British Columbia.

(c) From a point at or near Grande Prairie in a North westerly direction to a point at or near Pouce Coupe and from a point at or near Pouce Coupe in a North westerly direction to a point at or near Hudson's Hope on the Peace River; thence in a general South westerly and westerly direction and North westerly by the most feasible route through the Pine Pass to a point at or near the Town of Stewart in the Province of British Columbia at the head of Portland Canal.

(d) From a point at or near Hudson's Hope crossing Peace River in a general easterly direction to a point at or near Whiteclay; thence in a Northerly direction to a point at or near Fort Vermilion and thence Northerly and Westerly to the right bank of the Hay River at or near its intersection with the Northern boundary of the Province of Alberta.

The said railway being declared to be for the general benefit of Canada.

2. To authorize the said Company to build and operate wharves, docks and to collect charges on telegraph and telephone messages of the public, to file upon and acquire water power sites and to generate electric and other energy and to dispose of the surplus from and collect charges therefor.

3. To authorize the said Company to issue securities in an amount not exceeding Forty Thousand (\$40,000.00) dollars per mile for the prairie sections and not exceeding Sixty-five Thousand (\$65,000.00) dollars for the mountain section.

DATED at the City of Edmonton, in the Province of Alberta, this 4th day of January, A.D. 1928.

(Signed) J. STEWART CLARK.

On behalf of the Applicants.

c-o Ewing, Harvie & Bury, Barristers, Solicitors, 200-202 Edg. Office Bldg., Edmonton, Alberta, Canada.

The Least Excitement Made Her Heart Palpitate and Flutter

Mrs. Ambrose Orser, Elginburg, Ont., writes: "I suffered for some time with a bad heart which seemed to be controlled by my nerves. The least little excitement would cause it to flutter and palpitate, and at times I would have real bad spells. I suffered in this way for some time when, one day, I saw

advertised, so decided to try them. I had only taken a few boxes when I noticed that I felt better, so I continued taking them and in a short time my heart felt entirely different."

Price 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SEES DEATH IN PRIZE FIGHTS

Possibility That Sir Richard Squires May Come Back as Leader

WASHINGTON, D.C., Feb. 21.—Prize-fights have taken a heavy toll of lives in recent years, the Methodist Board of Temperance, Prohibition and Public Morals declares.

These deaths, spotting the records of battles in the squared circle, are not to be charged to the sport of boxing with well-padded gloves, but to the commercialized greed of the professional fight industry, the board asserts.

It listed fifty-nine deaths of fighters since 1904, but declared the total was incomplete—"probably not more than one-fifth of the number published," adding:

"If prize fighting were, in fact, a sport and were conducted according to the principles of sportsmanship, there would probably be some deaths which would be essentially accidental, and perhaps some of the fatalities listed occurred in boxing contests which were properly conducted."

The list as given out by the board showed seven deaths as the result of prize fights last year, six for 1926, four each for 1925 and 1924, and seven for 1923.

WALKING FROM U.S. TO PARIS

Plans of Massachusetts Man to go by Way of Bering Strait Through Russia

SALEM, Mass., Feb. 21.—Owen E. Eastman is out for a long, long walk—from Salem to Paris.

After a couple of practice jaunts from Salem to San Francisco, Eastman yearned for new worlds to conquer. So he conceived the idea of walking to Paris, in spite of the fact that about 3,000 miles of salt water separates France and Massachusetts.

Eastman plans to avoid that obstacle by walking the other way. It's longer by way of Canada, Alaska, Siberia, Russia, Poland, Germany and Belgium—but the walking is much better. So that is the route Eastman plans to follow. He has set out across Canada bound for Cape Prince of Wales, at the tip of Alaska.

At this particular point there is a break in the road that would daunt even an English Channel swimmer. It's called Bering Strait, and is 55 miles wide.

Eastman knows all about that, however. He expects to reach the strait by November 1. They "have skating" in Alaska at that time of the year and its equivalent in Siberia, on the other side of the Strait, and Eastman expects that Bering Strait will be frozen over so he can walk across.

That walk should land him in the Union of Socialistic Soviet Republics, formerly known as Russia, by which time his pedometer, if it isn't broken, should show a reading of 5,000 miles or more.

Then will come more thousands of miles of tramping across the dreary reaches of Siberia, European Russia, Poland, Germany, Belgium.

Then Paris.

Eastman has not decided whether he'll walk back.

SPORT CHAT

The Vanderhoof Hockey Club has elected officers for the year as follows: president, Fergus Park; vice-president, Mrs. Roy M. Taylor; secretary-treasurer, L. B. Smith. The president and vice-president were chosen as the representatives on the executive committee of the Vanderhoof Athletic Association. Dr. W. Ross Stone, Cecil Steele and Mr. Park were elected as a committee to regulate the skating hours of the different units on the club. Children under ten years of age will be forbidden on the ice after nine o'clock with the exception of Friday and Saturday nights.

The first annual carnival at Burns Lake last week of the Omineca Ski Club was a huge success with many visitors and contestants in the various events. In the cross-country knowledge race, E. Merrill was the winner

Fashion Youth

as Paris expresses them for Spring 1928 presented in new sizes in

Dresses, Coats Suits

to fit WOMEN AND MISSES

A new chapter in the history of Fashion was begun when we opened our new store on Third Avenue less than a year ago.

It was more than new. It was revolutionary. No one else was doing it. But it had to be done—because you wanted it—because you demanded

THE SAME CHOICE OF CURRENT STYLES THAT ANY SMART WOMEN ENJOYS IN THE SIZE TO FIT YOU.

To give the needed ease at arms, bust and hips, and to give the style—unchanged—meant thought, required special organization. "Why go to all that bother" was—and is—the attitude of most fashion shops.

Why, indeed! Except as a greater service to you. Richmond's Louvre decided to give that greater service. Created the organization to give it. Planned the new store, with adequate space and a modern environment, for the proper showing of Youthful Styles in a definitely new range of sizes, originated by us, misses—plus sizes 16 plus to 30 plus (to fit 34 to 48 bust).

MILLINERY FOR LADIES

We have a few original models in Millinery, also a few very good copies.

Ladies' Spring Coats and Dresses

We have these to suit every pocket. Do not think that because we have an up-to-date modern store that our prices are necessarily higher than you want to pay. Just drop in and see the variety of our stock—there will be something to suit you—both in price and quality.

And if you are looking for something new in styles and materials, we have it!

Richmond's Louvre

NEWFOUNDLAND ELECTION SOON

ST. JOHN'S, Nfld., Feb. 21.—At the present moment the political situation in Newfoundland is from several points of view somewhat uncertain. The life of the present government of which Hon. W. S. Munroe is the leader ends in July, and the first question is whether an election will be held in the spring or in the autumn. The general consensus of opinion favors the latter, which is not only a more favorable time of the year for canvassing but entails less dislocation in trade and business activities.

The time of the general elections depends chiefly upon the ability of the government to hold a session of the House under present circumstances. Elected in 1924 with a majority of eleven. Since then two by-elections were won by the opposition led by A. E. Hickman, and by dismissals or secessions, the strength of the party has been further reduced, the present standing being: Government 19; opposition 17, which leaves the former a bare lead of one

with the Speaker. The Prime Minister is not disposed to open the House without some understanding on the part of the opposition that the work of the session will not be unduly held up. Such an arrangement is not improbable in view of the general desire to avoid a spring election.

The situation is further puzzling because at present it is uncertain what parties will take the field. Mr. Monro has intimated that he desires to retire from public life, and whether the Conservative party will remain intact under a new leader or disband is impossible to say. In some quarters it is rumored that Sir John Bennett, the Colonial Secretary, may take command.

The opposition consists of a faction which regards A. E. Hickman as leader. Another faction, the Fishermen's Protective Union, supports Sir W. F. Coaker. It is generally reported that Sir Richard Squires, who was premier from 1919 to 1923, and retired from public life following the enquiry into the affairs of his administration in 1924 by T. Hollis Walker, intends again to make a bid for office, and already there is considerable activity in his organization.

Possibly there may be a three-cornered fight, but as there is no marked distinction between one party and another, the chances seem to be that a re-shuffle will take place and two new parties will take the field.

Ten Years Ago in Prince Rupert

FEBRUARY 21, 1918.

The G.T.P. Steamship Co. will establish an operating office at Prince Rupert in charge of Reginald Beaumont with the title of assistant manager, it is announced by Capt. C. H. Nicholson, manager.

Grave fears are entertained for the safety of Louis Dawson, customs officer on the Siskine River, who has not been seen since November 28 when he left Boundary Post in a small boat for Wrangell enroute to Prince Rupert where he had been ordered to report for duty.

F. G. Dawson returned to the city last evening on the Prince Rupert from a trip south, being accompanied by his parents, Mr. and Mrs. Silas Dawson, who will take up residence here.

We Eat No Meals; Ride No Cars

WHEN you hire us to do the family washing, you are not put to the expense or bother of feeding us. We eat nothing! Neither do we ask you to pay our carfare. Instead we call for and deliver your washing. We buy our own soap, starch and bluing. Heat our own softened water. Use our own electricity, too. There's no "picking-up" after us. We take all the messy work out of your home, giving you an extra day to do the things you like to do! Yet you'll find our charges most reasonable—considerably less than it would cost you to do the same work at home. Try us, and see!

SHORT SKIRT REASON FOR EXCITEMENT

Victorian Nurse Had to Travel 100 Miles to Get it Extended

TORONTO, Feb. 21.—Claudius Peters, in the Canadian Magazine, describes the excitement caused by a woman's short skirt in the days when the Yukon Field Force, five Victorian Order Nurses, Miss Faith Penton (correspondent for the Toronto Globe) and Mrs. Courtland Starnes (wife of Inspector Starnes) went to Dawson. The party set out by boat for Fort Wrangel on the Stikine River. At Glenora they camped three weeks, waiting for the provisions and ammunition to come up. They were obliged to take literally tons of supplies with them, as Dawson had only a scant store of necessities.

"It was while camping that a worrying situation arose causing serious inconvenience and necessitating much planning—a situation which, from our modern point of view, sounds very amusing. The seven ladies of the party had naturally provided themselves with thick boots and short skirts for the difficult march they knew lay ahead of them. These reached modestly to the tops of their boots. One lady, however, more daring perhaps than the others, had shortened hers until it hung just below the knee. Colonel Evans was so

Chest Colds Need Direct Treatment

It is an obstinate cold indeed that can resist the direct double action of Vicks. Rubbed on the chest, it acts 2 ways at once:
(1) Direct to air passages with its healing vapors released by body heat;
(2) Direct, like a poultice, it "draws out" the soreness.

exercised about this that he appealed to Mrs. Starnes for help and advice. He said that so short a skirt was out of the question. Eventually he spoke very strongly on the subject to the maiden herself. She was quite willing to comply with his request but pointed out the difficulty of so doing at Glenora, where the non-existence of any sort of material made this accomplishment practically impossible. Colonel Evans, in exasperation, suggested she might put a frill of sackcloth around the bottom. It was finally arranged for her to go back the hundred miles to Fort Wrangel. She did this and had her skirt lengthened."

INDIAN MISSIONS ON THIS COAST SUBJECT

Very Interesting Address Given Before Baptist Church Fireside Club by J. M. Collison

A very interesting address on "Indian Missions on the Pacific Coast" was given before the Fireside Club of First Baptist Church at its meeting last night. The speaker dealt largely with the life of his father, the late Archdeacon W. H. Collison, and kept his hearers in rapt attention. There was an unusually large attendance at the meeting, other items on the program including vocal duets by Mrs. Northover and Mrs. Mastin, Miss McRae and Miss Terrien and Miss C. Musallam and Mrs. Price. Rev. W. F. Price acting as accompanist. Refreshments were served under the direction of Mrs. Blake and Mrs. Walker. The meeting was presided over by R. W. Howard, president of the Club.

STRANGLER LEWIS WON CHAMPIONSHIP IN WRESTLING MATCH

ST. LOUIS, Feb. 21.—Ed "Strangler" Lewis won undisputed possession of the world's championship wrestling crown last night when he defeated Joe Stecher in a finish match. Lewis won two falls and Stecher one.

MISSING FLYER FORMERLY HERE

Flight sergeant N. C. Terry was identified with Fisheries Patrol at Prince Rupert a Few Years Ago

Flight Sergeant N. C. Terry, one of the government aviators who was reported in yesterday's despatches to be missing with one of the planes of the Hudson Bay survey detachment, it may be remembered was in Prince Rupert for a couple of seasons a few years ago with the R.C.A.P. fishery patrol detachment. He was engaged as a mechanic at the time. Harold Davenport is another mechanic who was here with the fisheries patrol and who is now also at Hudson Bay.

IMMIGRATION WILL BE INVESTIGATED AT OTTAWA

OTTAWA, Feb. 21.—Premier Mackenzie King's motion for investigation by the committee on agriculture and colonization passed the House of Commons without discussion yesterday.

SEPPALLA WINNER QUEBEC DOG DERBY

QUEBEC, Feb. 21.—Leonhard Seppalla of Nome won the second day's heat in the Quebec dog derby, going 41 miles in 3 hours 40 minutes. Earl Brydges was second and St. Goddard third.

FRESH MILK AND CREAM IN FRIGIDAIRE

She Could Not Work HEADACHES Were So Severe

Mrs. A. Riehl, Burnstall, Sask., writes: "I was troubled with very severe headaches, and sometimes I could not do my work."
"One day a friend told me about

and advised me to give it a trial. I decided to do so, and after taking a few bottles I found it had done me a world of good, and I haven't had any headaches for a long time now."
Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.
