Fisheries Association Convention Coming to Prince Rupert in August of Next Year is Finally Settled

At the Rotary luncheon yesterday afternoon, T. H. Johnston, manager of the Canadian Fish & Cold Storage Company, announced that the Canadian Fisheries Association would meet in Prince Rupert next August. This was decided at a meeting in Montreal while he was there.

The convention will bring to Prince Rupert a number of prominent fisheries people from the United States and eastern Canada and will be a very important event in the history of the city. The local branch of the Fisheries Association will probably take the lead in connection with entertaining the visitors, but they will require the backing and co-operation of the city council, the Board of Trade and all other local organizations, so that this first big convention to come to Prince Rupert may be an undoubted success.

HUNTING FATALITY

Yesterday the whole city was stirred by the report pieces will give several selections brought from Hartley Bay that two prominent Prince Rupert citizens had been lost there while out hunting. They were well known men and prominent in affairs. Mr. Gibbons, especially, was one of the leaders in all movements for the betterment of the city. He had been president of the Board of Trade and had given the city excellent service in that position and his name was usually included in those comprising important committees having LIVLAULIVIENT public work to perform. Such services were given freely and his advice was often sought.

While it is not absolutely sure that Mr. Gibbons and Mr. Johnson were drowned, little hope is extended that they will again be seen alive.
