SHAW EXECUTOR ESTATE OWNING A BAWDY HOUSE

THAT WAS SUGGESTED AT VANCOUVER POLICE INQUIRY YESTERDAY: MAGISTRATE TO APPEAR

VANCOUVER, June 16.—"Would it surprise you to learn that this property is owned by the LeFurgey estate of which Magistrate Shaw is executor?" G. G. McGeer asked Chief Long at the police inquiry yesterday, referring to a seamy house on Keefer Street.

"I would be surprised," declared the chief. A. H. McNeill, K.C., commission counsel, said he had some personal knowledge of the LeFurgey estate. He knew that a brother of deceased was in town and in all probability was handling the rental. As an executor Magistrate Shaw would in all probability have nothing to do with that. The magistrate will appear on the stand Monday.

Mr. McGeer referred to the fact that the owner of the house who permitted his premises to be used as a disorderly house, after notice of conviction had been registered against a tenant, became responsible, as a keeper.

BISHOPS ARE GIVEN FINE RECEPTION

RELIGIOUS SERVICES AND OTHER EVENTS AT KINCOLITH LAST WEEK

KINCOLITH, June 16. The village of Kincolith was highly favored by having with them Archbishop De Pencier and Archdeacon Rix, Bishop-elect of the diocese. The Archbishop, with Archdeacon Rix and Rev. O. Thorne, rector of Kincolith, arrived on Friday evening and was received at Kincolith wharf by the chief men of the village and the village band.

At the Church Army Hall an address of welcome was presented to the Archbishop by James Stuart on behalf of the mayor and chiefs of the village, to which His Grace made suitable response. On Saturday afternoon the visitors were entertained by a program of sports and on Saturday evening the Archbishop had an informal talk with the young men and women about to be confirmed.

On Sunday morning at 8, His Grace, assisted by the rector, held a celebration of the Holy Communion. At 10 o'clock he confirmed privately a young woman lying very ill. He then received two little babies into the church by the sacrament of Holy Baptism.

At eleven o'clock by the rite of Confirmation, 47 of the young people were granted the full privileges and responsibilities of church membership when His Grace laid his hands upon them and prayed God for his blessing.

At one o'clock the people of the village were hosts to His Grace the Archbishop, Archdeacon Rix and their friends at a banquet served in the Jubilee Hall. Charles Barton and Rev. O. Thorne spoke on behalf of the people and church, expressing the unswerving loyalty of the people to the old faith and teaching of their pioneer missionaries and the great honor of having as their guests Archbishop De Pencier the Metropolitan of the province, and also Archdeacon Rix, Bishop-elect of the diocese.

BISHOP-ELECT Archdeacon Rix then spoke, saying how thankful he was to with them on that day and to worship with them in their beautiful church as one of them. The Archbishop briefly spoke of the great work that had been done in the past by the missionary pioneers of the Naas River and said he was quite confident of the bright future of the people.

In the afternoon a short service of song was held in the Church Army Hall when both the Archbishop and Archdeacon gave short addresses. The Church Army band assisted at this service.

Mrs. Thorne, assisted by Mrs. Newnam and Miss Green, entertained at afternoon tea when Mrs. Walker, Mrs. Griffen of Arrandale cannery and other friends met the Archbishop.

At the evening service Peter Stuart read Evening Prayer, Archdeacon Rix the Lessons, and Archbishop De Pencier gave an inspiring and thoughtful sermon on the home as the basis of a complete life.

The village choir, led by Godwin Stuart, sang an anthem, "A Song of Praise," and Miss Selina Russ of Greenville sweetly sang during the collection of the offertory.

On Monday morning the Archbishop with Archdeacon Rix left by ss. Catala for Prince Rupert after expressing his great satisfaction at the admirable manner in which the people of Kincolith had received him and hoping to be again invited to come to them.

During his visit Archbishop De Pencier stayed at the Mission House while Archdeacon Rix visited at the home of Dr. and Mrs. McDonald.

VANCOUVER, June 16.—S. L. Howe, a prominent businessman, was nominated as Conservative candidate for Richmond and Point Grey.

Tolmie Scores Liberal Government for Alleged Effort Misdemeanor

VANCOUVER, June 16.—Addressing the Richmond-Point Grey Conservatives last night, Hon. Simon Fraser Tolmie announced that he would make public his platform in his own riding of Saanich.

Dr. Tolmie said the government was trying to mislead the people into believing the province was prosperous. He said the cause of the present prosperity was due to bountiful wheat crops and the wonderful development of the mines and those in Ontario and Quebec, which all contributed to the general advantage of Canada.

The Conservative leader accused the government of over-riding its estimates and of being a little too particular about the way elections were run, mentioning the "scandalous absentee ballot." He expressed scepticism of the Premier's P.G.E. declaration and said the B.C. and Alberta railroads were all in the same condition. He claimed the credit for the return of the railway belt and Peace River lands belonged to the Conservatives, stating that Premier Danahy had started the demand and it had been brought to a conclusion following his own motion in parliament two years ago demanding a Royal Commission. He concluded with a promise to abolish patronage.

ROTARIANS GATHERING FOR BIG CONVENTION MINNEAPOLIS MONDAY

MINNEAPOLIS, June 16.—The vanguard of a gathering of more than 10,000 business and professional men from nearly every corner of the world had reached Minneapolis today, beginning the assembly of the 19th Annual Rotary International Convention starting Monday.

Flowers everywhere, in boxes atop the ornamental lamp-posts, in commercial display windows, and in every other available spot have made the streets leading to the mammoth new municipal auditorium a wonderful garden scene. The vivid rainbow colors of nature, rather than the bunting of the nations represented in Rotary, have been used to deck the city, and the vast reaches of the auditorium itself.

Another outdoor garden has been transplanted indoors, in the exhibition hall of the auditorium, where fountains and flowers grace the House of Friendship, the informal gathering place of the Rotarian visitors.

Numbers on the program being rendered in excellent style.

A. E. Bazett-Jones was master of ceremonies and Ben Self and H. L. Landry presided at the door.

John Moen was the winner of a \$10 bill for the lucky admission ticket, No. 94. The raffles were drawn by Miss Sheila Stuart and the winners were:

Cut glass bowl, Mrs. H. F. Glassey. Fancy bag, Mrs. William Cummings. Buffet set, H. M. Daggett.

PREMIER MACLEAN

Owing to the crush of advertising it has been difficult to find space in this paper for editorial opinions during the past day or two. The result of the delay is that it becomes clear that the impression made by Premier MacLean was an excellent one. He is no orator and neither has he that smartness which often is acquired by politicians and which enlivens their speeches. He sets out to tell his story of the work of the government and of its prospects and he does so without varnish or embellishment of any kind. He is the sort of man who does things instead of talking about them, the kind of man who is needed in this province just now.

It is very clear from reports which come from other parts of the country that the Prime Minister has made a good impression everywhere and that just now the general idea is prevalent that he should be given at least one term of office to allow him an opportunity to prove his ability as head of the government.

INTERESTED IN NORTH

Conversations with the first minister make it very clear that he is intensely interested in the north, seeing in the development of the mines and other industries and the filling up of the vacant lands of the interior a means of increasing the general prosperity of British Columbia. At heart, the minister is a financier. He was minister of finance so long that he sees the financial aspect of most things. He realizes that it is good business to develop the north and he thinks the south should realize this.

While the Premier is keen on education, on health and the personal development of the citizen, he also realizes the advantage of keeping the finances of the country intact so that money can be secured for the necessary expansion which he sees about to take place.

The visit of the Premier was looked forward to by a good many people with interest and they were not disappointed in him.

HOOVER AS CANDIDATE

It was expected that Hoover would be the Republican candidate but such things had been expected before and not realized. The United States has been fortunate in the type of men brought forward for the high offices of state. Hoover is one of the best of them. He is able if not brilliant. He has already proved himself in the position of food controller and as secretary of commerce in the cabinet. He will now have a wider opportunity for his talents.

On the Democratic side it looks as if Governor Al Smith would be the candidate and then there will be a battle royal for supremacy. The campaign this year seems likely to be a bitter one and there will be many defections from party lines. Smith as a Catholic and an opponent of prohibition will attract many Republicans and will annoy many Democrats. It will be the most interesting campaign in many years.

DR. WRINCH NOMINATED

It is satisfactory that the Liberals of Skeena have chosen Dr. Wrinch once more to be their standard bearer. There was talk of other candidates, the plea being made that a younger man would have been better. While we need young men, we also need the steady influence of the wiseheads. There is nothing slow or backward about Dr. Wrinch. The very fact that he has been pressing the need of a health insurance measure in this province is an indication that he is right in the front row of the progressives. It is to be hoped that he will be given an opportunity to work out his plan and bring it to fruition.

BRINGING UP FATHER

FIGHT PROVED TO BE A DRAW

HARDING AND CLARK MIX IT IN TEN ROUND BOUT WITHOUT EITHER GETTING DECISION

With the boy from Calgary offsetting with his slugging aggressiveness any advantage that his Bellingham opponent may have had in superior boxing skill the ten round bout at the Exhibition Hall last night between Alf Harding and Ray Clark was a fair enough draw, this being the unanimous call of the referee and the two judges. The bald-headed Clark had a cleaner and more skillful action than the nevertheless rugged and shorter Clark but the latter, in usual style, carried the fight much of the way. Clark could not seem to get going in the way that many of the fans were apparently expecting and it was only toward the latter rounds that he showed signs of the style he was purported to have. He was of the direct hitting type, a boxer, while Harding kept up his reputation as a fighter. On the whole, it was a tough battle with plenty of lively exchanges and the audience of fans, perhaps not as large as the merits of the card justified, was well repaid for a good evenings entertainment.

ROUND BY ROUND

After waiting for each other, Clark put over a few straight punches in the first round and Harding responded with a couple of lively slugging attacks and, continuing to lead, was punning Clark against the ropes on two occasions. Clark seemed to lack pep and this was Harding's round.

Clark lived up a bit in the second round and delivered a few straight jabs and missed a few. Harding went to his hands on the floor in one rush. Clark

For Six Years PIMPLES Covered Her Face

Mrs. Albert Stubbs, Newbury, Ont., writes:—"My face was covered with pimples and was so bad I was ashamed to be seen. I suffered in this way for six years, until one day a friend told me to use

BURDOCK'S BLOOD BITTERS

and after I had used two bottles the pimples were all gone and my skin was as clear and smooth as ever."

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

GOOD PRELIMINARIES

There was an attractive card of preliminaries, the opening event being a lively exhibition between Young Italy (Waldo Antonelli) and Young Scotland (Donald Kennedy). Italy was the swifter while Scotland stolidly slugged.

It was a no decision bout with honors about even.

Pete Chenoski proved too heavy for Tom Morgan in the second prelim. Tom dealt some heavy blows in the first round and had his opponent pretty well on the run in the second and third. Chenoski was given the decision.

Nina Gurvich took a decision from Tommy de Marco in a bout which was very lively in at least the first two rounds. Nina won out in the third and on points when Tommy was edged and just waiting to be hit. Nina, however, was himself so tired that he could not finish him. Quite a pace had been set.

Jimmy Sims put up a fast and fierce fight against Jack Holroyd over whom he led in all three rounds. Jimmy hit his opponent so often and so hard that he was wondering at the end of the third round what it was all about and he was game, however, and took stiff punishment in the third round with no sign of resistance. He was out on his feet and Sims was declared the winner before the time was up.

SEMI-FINAL

In the semi-wind up, K. O. Blair of Portland, Oregon, started off in a threatening manner against Tiger Boulter. Slow in the wind-up and very deliberate, Blair looked like a fast and hard hitter. As a matter of fact he was able to hit about when he wanted to be first round and had Boulter guessing. Blair stepped right out in the second and decorated Boulter's face with some vicious cracks, the latter's right eye being partially closed. In the third, Boulter's staying power held him a good steady and, while Blair was lowering up, he dealt him some of his own medicine. Boulter smashed victory at of defeat in the fourth frame and led it all over Blair, who was now tired and unable to deliver, showing signs of grogginess. Boulter was given the decision in the bout which might have been fairly called a draw.

Charlie Brown was promoter of the card and Max Heilbronner and Harry Coker were timekeepers.

Sockeye Season Opening Next Week—Naas River and "23" Figure in Deal—Boats Chartered for Fish Packing

All the preliminaries to the opening of another salmon canning season at midnight next Tuesday when sockeye fishing becomes permissible are now practically complete at the many cannery plants in this extensive district. With optimism expressed as to the probability of a generally better run of fish than prevailed last year, it is expected that fishing during the forthcoming season will be as intensive as the considerably amended regulations will permit in both gill net and seining areas for all varieties of fish. While no record is anticipated, it is hoped, nevertheless, that the pack may compare favorably with those of former years and the prospect is for a season of much activity. As indicated in a previous survey of the situation, practically all the forty or more canneries in the district, including the fifteen on the Skeena River, will be in operation. Weekly close seasons will be the same as last year with the department having discretion to extend the forty-eight hour period at the end of each week when fishing must cease if it is deemed advisable to stop it. Patrol will be carried out, as also previously announced, by three airplanes, the first of which should be here within the next week or so, as well as by departmental and chartered powerboats. The only salmon fishing to date has been for springs and cohes by the trollers, there having been a better run this season than was experienced last year. The opening of the sockeye season will once again be the signal for salmon fishing and canning to commence in full swing in this district.

The halibut boat Toodle, Capt. Peter Wold, has been on dry dock this week undergoing repairs to its tailshaft which was bent when a log was struck in Hecate Straits while returning to port from the fishing grounds. Power cruiser Ethelda, belonging to Wright & Hinton, was on the Ward Ways this week having a new 20-24 h.p. Ailsa Craig engine installed to replace the 34 h.p. Monarch with which the vessel was formerly equipped.

CHARTERED FOR PACKING
Gammon & Watt's seineboat Zanardi, already under charter to the Prince Rupert Salvage & Towing Co., has been rechartered to Bradbury & Yelf and the Canadian Fishing Co. for pilchard packing on the west coast of Vancouver Island and left on Tuesday morning for Queen's Bay, where the newly installed reduction plant of Bradbury & Yelf is located. The vessel will be away from here from four to five months.

The seineboat Bertha G., also belonging to Gammon & Watt, has been chartered to the Canadian Fishing Co. and will leave shortly for Lockeport to engage in salmon packing to the cannery at that point.

Under charter for six weeks to a survey party of the Department of Indian Affairs, Prince Rupert Salvage & Towing Co.'s power tug Pachena is at present on the Queen Charlotte Islands and should return to port about the end of the month.

The Prince Rupert Salvage & Towing Co.'s small seine boat Meketchum has left for McBride Bay, on the west coast of Vancouver Island, to spend the season engaged in packing pilchards.

The snappy looking little trolling boat Molly O. arrived on Thursday morning from Vancouver and is tied up at the floats of the Prince Rupert Salvage & Towing Co.

Capt. Dan Larson, well known local halibut fisherman, returned to the city recently after spending the winter in Norway and has taken command of the Massett Cannery fish packer Jedway which will be operated out of the company's cannery at Massett.

After having spent the winter tied up at the dry dock here, the Massett Cannery's service boat Delphinium left at 9 o'clock Thursday night for Massett where she will be operated during the coming fishing season out of the company's cannery. In charge of Skipper "Shorty" Hartman, the vessel took over a quantity of cannery supplies.

BRUCE I. WAS IN

With a load of salmon for delivery to the company here, the big fish packer Bruce I. Capt. Brandy Newell, arrived in port from Hippo Island on Thursday afternoon. The Bruce I., which is under packing charter to the Canadian Fishing Co. for operation between Hippo Island and canneries on the mainland, returned to the Islands the next day after discharging her cargo.

The old trestle structure used for years by the Imperial Oil Co. to carry its fuel mains across the railway tracks between the tanks on the Hays Cove hillside and the company's dock has now been demolished, the pipes being now carried underground. The last of the debris from the old landmark was being cleared up this week.

Lighthouse tender Birnie and snagboat Bobolink, the former being out on the pontoons, are now in dry dock where they will receive annual inspection.

tion at the hands of Albert Farrow, steamboat inspector, who arrived in the city on the Princess Alice this afternoon from the north after having spent the past month in the Yukon Territory on official duties.

Halibut boats Viking I., Toodle and D.S.T. are now on the pontoons at the dry dock for general overhaul. Earlier in the week the Fredella, having a new keel installed following a recent stranding on Zayas Island, halibut boats Margaret I. and Aiken, and fish packers Anna S. and Ogden were up.

The local halibut boat Margaret I., Capt. George Fritz, is about to leave for the west coast of Vancouver Island to be engaged in pilchard packing charter for the summer.

The local seinboat Anna S., Capt. Eli Skog, will leave next week for points down the coast to engage in salmon packing for the summer.

Skipper M. M. Stephens has been spending most of this week on an electioneering tour to the smaller points along the coast in this riding with James H. Thompson, Conservative candidate in the forthcoming provincial contest. It was the first time that the popular Jim had been subjected to such an ordeal but he looks to be standing the strain all right. A week with M. M. should make him hardboiled enough for the toughest of elections.

BUYS FORD ENGINE

Parker's Garage announces the sale this week of a Ford Marine engine to D. Musgrave who will install the motor in a gill netter. The engine was shipped to Inverness on Thursday.

The Inverness cannery packer Alberta G. has been in port this week for the purpose of having cylinder patching and valve work carried out at the hands of the Star Welding Works.

George Frizzell has had his power cruiser Laura F. on the grid of the Prince Rupert Salvage & Towing Co. this week for the purpose of straightening out the vessel's tailshaft and propeller. George hit some kind of an obstruction while on a recent trip up the Estcall River, the result being that the boat shook so badly that, when George was pouring his daily ration of grape juice, the glass was vibrated clean away and, since George never drinks out of a bottle, the blinkin' flask is in the boat yet.

The forestry boat Alpine Fir is at McLean Ways at Seal Cove for hull work. Meantime, engine repairs are being carried out by the Star Welding.

Alex Macdonald, general factotum of the Prince Rupert Yacht Club, has had his cruiser Vacuero out on the grid this week for installation of a new propeller of a smaller size and less pitch which it is expected will give the boat the necessary pep to carry off the racing honors at the forthcoming club regatta.

The fish packer Alfred D. of Oceanic Cannery has been in port this week for general overhaul, including engine work. The vessel went up on the Ward Ways.

ON WARD WAYS

Boats recently going on the Ward Ways for minor hull work have included the seineboats Moresby II., Oshio II. and M. Lewis (Kitkatla) and the trolling boats Nancy Lee and Gladys.

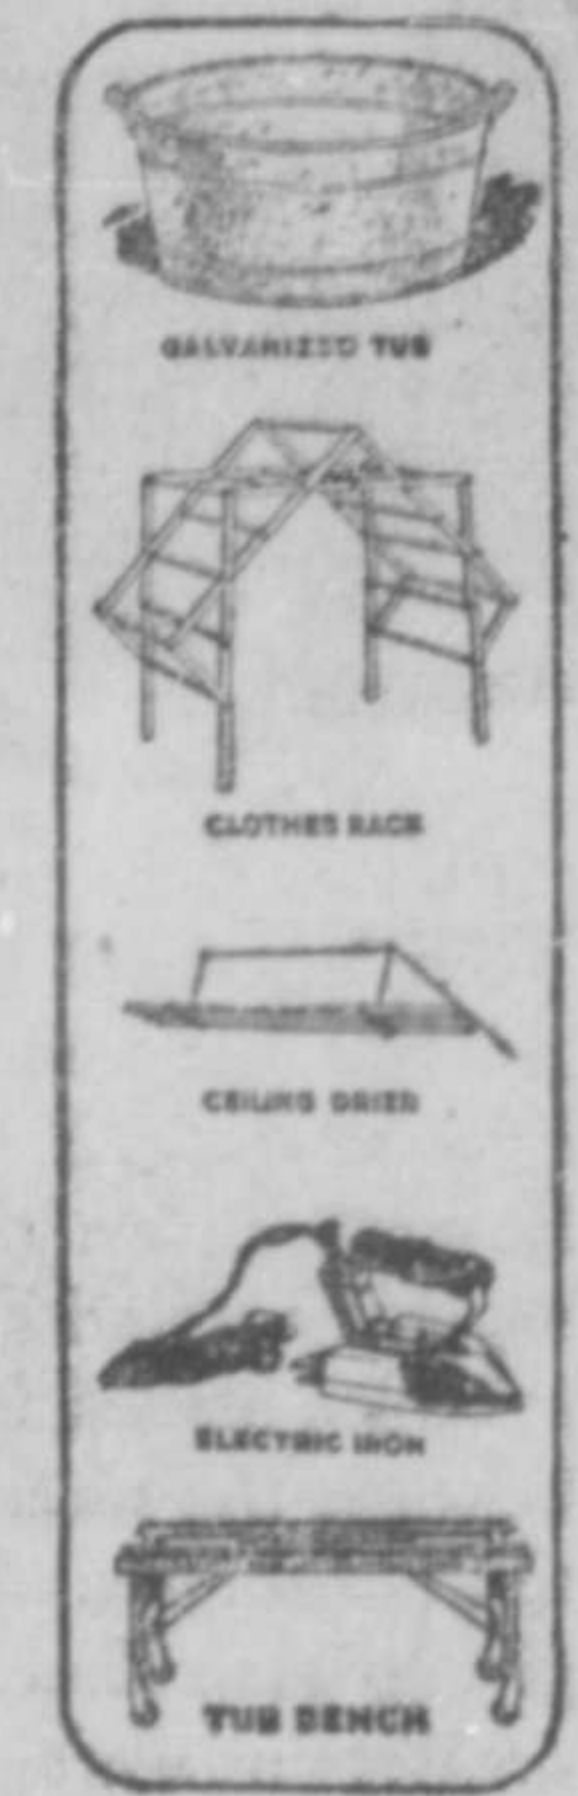

Capt. Khort and Skipper Bill Schellin, both well known local trollers, have left recently for the North Island fishing grounds where they expect to spend most of the summer. Their advent should lend culture to the Queen Charlotte Island summer fishing colony.

The local halibut boat Kalen, Capt. Tom Hansen, her trip partly completed and with a catch of 1,500 pounds which was disposed of to the Atlin Fisheries at private sale, was forced to return to port on Thursday with R. Johnson, one of the members of the crew, who fell victim to a strange malady which caused serious swelling of the head. The man was placed in the Prince Rupert General Hospital for treatment soon after arrival.

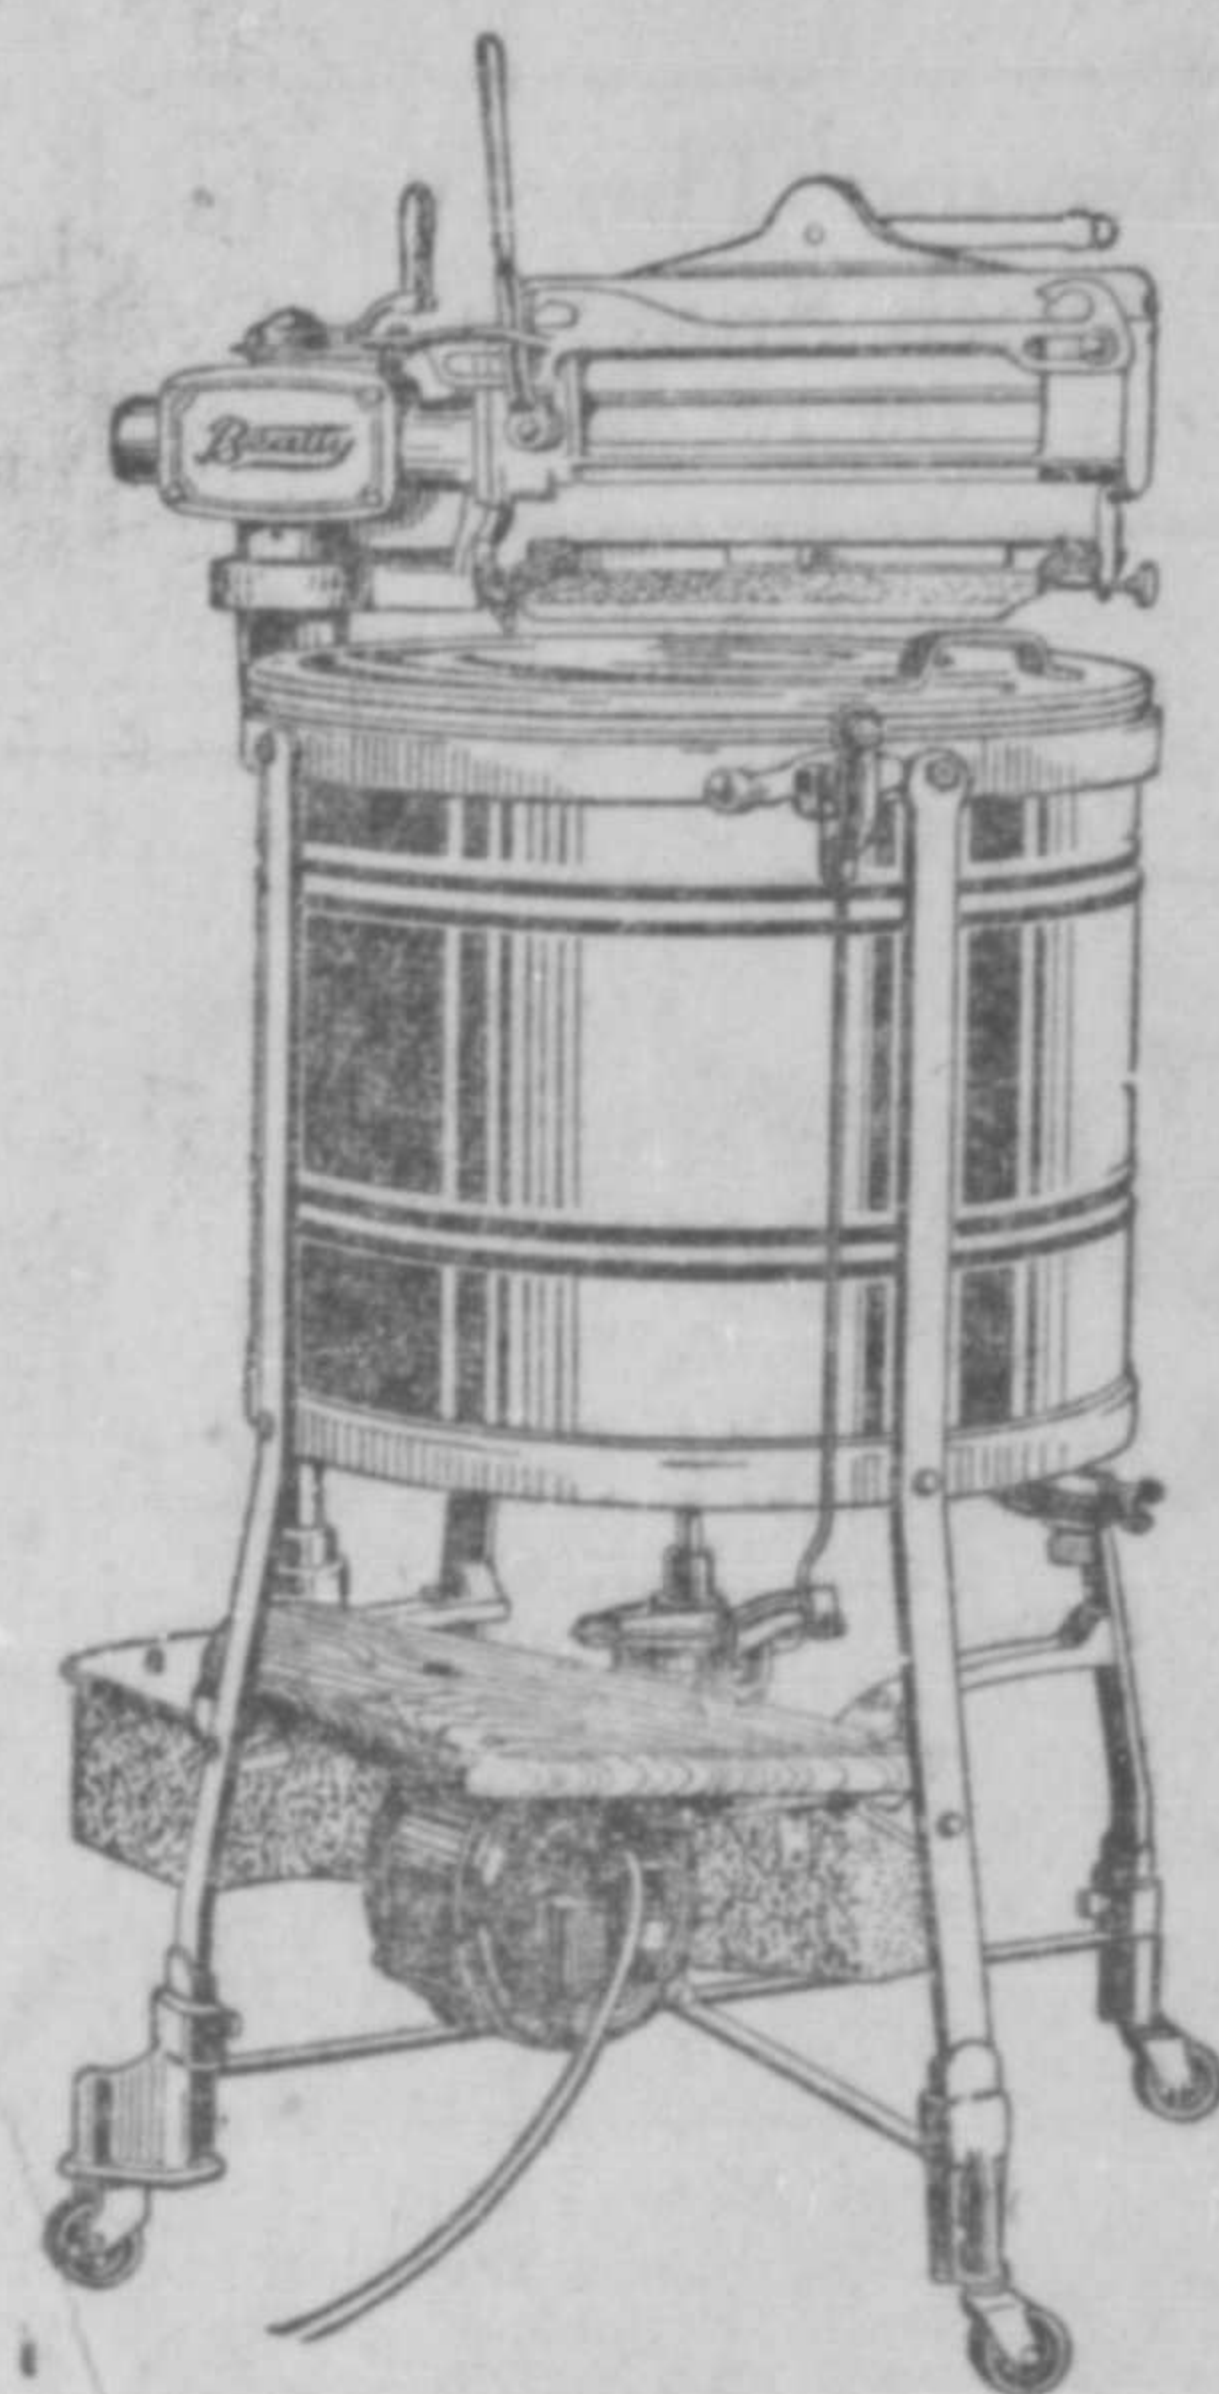

Sale is reported this week of the well known speed cruiser Naas River, by Henry Darby, to the Prince Rupert Salvage & Towing Co. Some forty-two feet long and powered with a 200 h.p. engine, the Naas River was built two or three years ago here by Darby for the purpose of engaging in freight and passenger carrying on the Naas River. The vessel had not been long in that service when she was rather badly damaged when she became out of control and was dashed against the rocky side of Gwinnah canyon. The vessel was brought back here for repairs and last year was under charter as a harbor

GOOD FOOTBALL IN TEST MATCH

BLACKS AND GREENS ACQUITTED THEMSELVES CREDITABLY IN GAME PREPARATORY TO H.M.S. DURBAN VISIT

The test match at the Acropolis Hill grounds last night between teams going under the names of Blacks and Greens, the game being played for the purpose of trying out prospective members of a local soccer team which will meet an aggregation from H.M.S. Durban next month, was productive of some very good football at times. The score was one all. A good-sized crowd of fans was in attendance.

The first goal was made by A. Dickens, the pick of the forward line, for the Greens in the first half. Campbell had fisted the ball out but Dickens persisted and successfully headed it in. The equalizing goal for the Blacks was made in the second half by A. Haddon from Wilson's centre.

For the Blacks, Campbell kept a good goal while Sammy Currie, at centre half, played a fine game with F. Russell and A. Haddon the best of the forward line.

For the Green, Ross played an effective game at back with Harris and Wood stars of the half backs.

W. E. Williscroft was referee while John Murray and Alex Hatg presided on the side-lines.

Washington. Recently arrived English papers show that Hallows is leading in cricket averages in the English county games with 124.50; J. W. Hearne comes second with 118.50 and Dwyer third with 98.50. Hallows got his high record by being not out in two games.

All England is talking about the new young cricket professional named Gibbons, who was at one time on the ground staff at Lord's. He has now qualified for Worcestershire. He made 100 against Kent at Worcester and followed up that with another 100 against Hampshire at Southampton. He made this second century out of a total of 145, and made them before luncheon. He is obviously a very quick scorer and is said to be a beautiful cutter and a very fine driver.

It is a pity that there is not a local cricket team to play H.M.S. Durban on their arrival here. They have a strong eleven which defeated the English Public School men of Victoria a few days ago.

Vancouver Island racing this year opens August 9 at Colwood track for a week; a week at the Willows from August 18 to 25 and commencing Sept. 8 the final week will be run at Colwood.

TWO LEAGUES FOR LACROSSE

LOCAL BOYS SHAPING UP WELL AND EQUIPMENT ARRIVING MONDAY

R. S. Wood, who is organizing the local boys for lacrosse is very enthusiastic over the result of his work so far. He expects that two leagues will be formed, senior and intermediate, and some of the lads are shaping up well. The equipment ordered is expected to arrive Monday. The purchasing of this was made possible by the contributions of a great many local people who are interested in the game and who wish to see it go ahead.

Practices have been arranged for eleven o'clock tomorrow morning and 6.30 on Monday at Acropolis Hill grounds and it will not be long before the teams are seen in action in real lacrosse matches.

Mr. Wood is a former New Westminster man who has played in the teams there and is an enthusiast for the game.

The McLean yard at Seal Cove is building a nineteen-foot open boat for Frank MacMillan Hazelton prospector, who will use the craft in navigating Kit-kumkum River and Lake. A 7 h.p. Elto outboard motor is to be installed.
