PRICE FIVE CENTS

CITY RECEIVED OFFERS FOR POWER

CANADIAN NATIONAL JOINS WITH C.P.R. PEACE RAILWAY

Four Bids Are Made for Local Power Plant and Franchise and Opened by Council Last Night

Largest Sum Offered by American States Public Service Company of Los Angeles Which Will Pay \$400,000

The city council, in committee last night, opened four bids for the purchase of the municipal hydro-electric system, two of these being accompanied by bids for the telephone system. The tenders were very lengthy and complicated and there were a multitude of clauses, all of which it will be necessary to closely scrutinize before anything in the way of a definite decision can be arrived at. The submission of the tenders brought to a public conclusion surveys and negotiations which, in some cases, have been going on for months. Tabulation and analysis of the tenders showed the following figures:

Crompton, Parkinson Co., London, England, \$350,000 for hydro-electric system; \$50,000 for telephone.
A. E. Forbes, Rhineland, Wisconsin, \$385,000 for hydro-electric system.
American States Public Service Co., Los Angeles, \$400,000 for hydro-electric system; \$125,000 for telephone system.
Nesbitt, Thompson & Co., Montreal, \$375,000 for hydro-electric system.

G. S. Clark of Vancouver represented the American States Public Service Co. at the opening of the tenders, and H. E. Dawson and L. W. Patmore, Nesbitt & Thompson Co. The latter concern is reported to have recently bought out the International Electric Co. at Stewart.

Mayor McMordie explained that the city had not invited tenders for the telephone system and did not contemplate selling it.

The city council will meet in committee next Monday to decide what action to take.

Must Be Analyzed

The Nesbitt-Thompson tender includes a clause in which the company undertakes to provide the city, at the company's expense, with a modern ornamental lighting system throughout the business streets. It is possible that an analysis of the tender might as a result show the Nesbitt-Thompson tender to be actually better than that of the California company. This has, however, not been definitely determined as yet.

Mayor McMordie stated this morning that it was proposed to have the tenders analyzed by experts. This will have to be done before anything definite can be decided upon.

The basis of the power transaction is the sale of the hydro-electric plant and a twenty-five year franchise.

TO SEARCH FOR MISSING BOATS

KETCHIKAN, Nov. 26.—Alarmed at the failure of two revenue cutters to find any trace of 12 men, comprising two crews missing from the halibut boats Brunvol and Imperial, fishermen here with the co-operation of merchants and oil companies are outfitting the big halibut boat Senator, commanded by Chris Ross, to put out early today to assist in the search.

ARRESTS MADE ON GAMBLERS

VANCOUVER, Nov. 27.—One hundred and one persons were arrested in week-end raids on gambling houses and paid fines totalling \$2110 in police court.

SPOKE BEHALF OF DR. M'LEAN

VICTORIA, Nov. 27.—The expansion of overseas trade from Canada, imperial preference and pleas for confidence in the fiscal policy of the Mackenzie King administration, marked the speeches of three ministers of the Federal Government who spoke here last night in the interests of Dr. J. D. MacLean, Liberal candidate by-election. They were Mr. Robb, Malcolm and King.

LUMBER EXPORTS ARE ON INCREASE

OTTAWA, Nov. 27.—Exports of Canadian lumber increased sharply in October. The total was \$6,429,000 or nearly three quarters of a million greater than September.

ANXIETY FOR BOATS GREAT

Outlook for Safety of Brunvol and Imperial Dimishes as Time Passes

Though there is still hope that the vessels may have broken down and become crippled, tied up at some remote point in the north, the outlook for communication with the cutters is worrisome. The safety of the two missing American halibut boats Brunvol and Imperial, which have not been heard from for two weeks now, does not seem very reassuring. Local anxiety is felt particularly for the Brunvol, a member of the crew of which is Fred Lundquist, a well known Prince Rupert fisherman who is married and has a family.

Two cutters have been sent out from Ketchikan to search for the missing vessels, it is reported. Meanwhile, word of the fate of the two boats is being anxiously awaited. For the past week a boat arriving today from Seldovia reports, the weather has been good in the north. Around the closing of the halibut season, however, it had been stormy.

J. M. Morrison, local agent of the Deep Sea Fishermen's Union, expects to be advised at once anything is heard in northern ports of the two vessels.

GAS SCHOONER SANK ON COAST

'Prince of Wales' Went Down 50 Miles South of Wrangell Yesterday

BREMERTON, Wash., Nov. 25.—A radio message picked up here last night said that the gas schooner Prince of Wales sunk in 23 fathoms of water off Haceta Island, 50 miles south of Wrangell, yesterday. The report indicated that the crew and mail were saved, but the boat and cargo were a total loss.

The vessel was of 98 tons gross and plys in the freight-mail run between Wrangell, Ketchikan and Sitka. She is owned by the Neill Transportation Company of Ketchikan, Alaska.

GERMAN HERO DEAD, AGED 65

BERLIN, Nov. 27.—Admiral Reinhard Scheer, who directed the German fleet at the Battle of Jutland on May 31, 1916, died here yesterday, aged 65.

PRICE OF WHEAT

VANCOUVER, Nov. 27.—Wheat was quoted on the exchange at \$1.19 1/4.

Canadian National Will Take Half Interest in Peace River Railway

Probably a Subsidiary Company Will Be Formed, Controlled by Both Lines Jointly to Operate the line

A brief Canadian Press despatch came through on the wire this morning stating that the directors of the Canadian National Railway at their regular monthly meeting had decided to co-operate with the Canadian Pacific Railway in the purchase and joint operation of the Edmonton, Dunvegan and B. C. Railway, connecting the Peace River with the city of Edmonton.

The offer of the Canadian Pacific Railway to the Alberta government for the railway was accepted about two months ago and President Beatty of the railway company then announced that the C. N. R. would have an opportunity to take a half interest in the line if it was their wish to do so. Sir Henry Thornton was in Europe, so no decision could be arrived at just then. Now he is home and it is decided that the two railways will co-operate.

This is good news for Prince Rupert, because if the railways co-operate in regard to that section of the line there is a possibility they will also co-operate in making Prince Rupert a joint outlet for the Peace River.

It is expected that a new company will be formed subsidiary to both companies to operate the line

ADMIRAL KEYES IS PROMOTED

LONDON, Nov. 27.—Admiral Sir Roger Keyes, famed as commander of the operations against Zeebrugge and Ostend in April 1918, has been appointed commander in chief at Portsmouth station of the navy.

MR. BALDWIN: British prime minister and Mrs. Baldwin and the mayor of Dudley at the opening of a new town hall, a war memorial.

CITY COUNCIL MAKES RULING

No Expenses to Be Incurred in Calling Witnesses at City Engineer's Investigation

When Ald. Brown enquired last night as to the powers of the commission in the matter of calling witnesses, the city council ruled that no expense was to be incurred in this connection at the investigation into the affairs of the city engineer's department although the chairman was given the authority to invite any expert witnesses whom Ald. Prudhomme, who made the complaints leading to the investigation, might ask for.

After Ald. Brown and Ald. Prudhomme had spoken on the matter, Mayor McMordie expressed the opinion that a mountain was being made out of a mole hill. He had not anticipated the incurring of great expense in what, after all, appeared to be a trivial matter.

Ald. Collart agreed with the views of the mayor.

Ald. Prudhomme resented the mayor and Ald. Collart describing the matter as trivial. To him it seemed quite serious. If no witnesses were to be called, the investigation would be nothing but a farce.

Ald. Collart referred to expenses that had to be borne by Police Commissioner Fletcher in the recent police investigation at Vancouver. He saw no difference as far as Ald. Prudhomme was concerned in the present case.

Ald. Tinker moved that no extraordinary expenses be incurred in connection with the investigation. This was seconded by Ald. Greer and carried. It was agreed, however, that the chairman of the investigation should be empowered at least to invite such witnesses as Ald. Prudhomme should request.

The second session of the investigation will be held tonight.

Floods Follow Storm in Europe Causing Immense Damage both on Continent and Great Britain

LONDON, Nov. 27.—Floods today followed in the wake of a four-day gale which caused a loss of a score of vessels in western European waters, possibly a toll of a hundred lives. Police, soldiers and civilians are working frantically in Antwerp to repair broken dykes. City water and gas pipes were undermined and gave way. The suburbs of the city are flooded.

At Ostend, Belgium, water from the sea ran down the streets, flooding the ground floors of buildings. A number of Flanders villages were evacuated by the inhabitants as the sea rushed through a break in the dykes 20 yards wide.

Losses to Britain alone are estimated at more than a million pounds sterling, including damage to property, to ships and ferry boat service, and damage resulting from suspension of transport.

BUSINESS GOOD IN ALL CANADA

OTTAWA, Nov. 27.—In the last quarter of a year Canadian business continues to move at levels exceeding all previous records. Taking a hundred as the index for the corresponding month last year this year would show:

Employment 111, pig iron 245, steel 195, bank deposits 122, car loadings 107, building permits 114, imports 120, exports 137, coke 138, coal 116.

CHARLES WALKER OF VICTORIA PASSES

VICTORIA, Nov. 27.—Charles Walker, resident of Victoria for 34 years, who prospected in Queen Charlotte Islands, West coast of Vancouver Island, Atlin and Lillooet, is dead aged 77. He was born in Herefordshire.

TEMPERATURE OF KING LOWER

LONDON, Nov. 27.—It was announced this morning that the King's temperature was somewhat lower, but conditions were otherwise unchanged. He spent a restful night. His stamina is undergoing a severe strain, owing to constant pain from pleurisy and consequent lack of rest and sleep. Although anxiety is not diminished, variability of temperature and the persistence of pleurisy is regarded as normal and to be expected at this stage.

LINE EXPECTED TO BE CLEAR TONIGHT

This Afternoon's Train at Least Two Hours Late as Result of Derailment Near Usk

Railway officials stated this morning that it was expected to get the line between Salvas and Kwinitsa, following the train derailment on Sunday, clear some time tonight. Meanwhile, a transfer has again to be made today of passengers, mail etc. from train No. 5, due from the east at 3.30 this afternoon, and the stub train, being consequently sent out, will not be back here until after 5.30 this afternoon.

LEAGUE GAMES AT BADMINTON

Prince Rupert Club Beat I. O. D. E. and Regiment Beat Cathedral Club

The Prince Rupert Badminton Club took each of three games from the I. O. D. E. Badminton Club at the courts of the former in their regular weekly tournament last night. Owing to an unfortunate accident to Will Mitchell the mixed doubles had to be abandoned after the I. O. D. E. had won the first game and Mitchell and his sister had almost clinched the second. George Bryant took Mitchell's place and started over again, winning both games. Shadford and Harrington were referees. The scores stood:

Mixed Doubles: George Bryant and Miss Mitchell beat Bob Stuart and Mrs. Self, 15-10, 15-6.

Ladies' Doubles: Mrs. Shadwell and Miss Palmer beat Mrs. Long and Mrs. Thor Johnson, 15-5, 15-13.

Men's Doubles: Frank Russell and W. Lambie beat S. Darton and Al. Slocum 9-15, 15-8, 15-2.

In the armories the Regiment beat the Cathedral Club although a number of the games were very close and the result was in doubt to the end. The scores were:

Men's Doubles: Clyne and Bartlett beat Nicholls and Youngman 12-15, 15-14, 15-10.

Mixed Doubles: Mrs. Evitt and S. D. Johnson beat Brand and Miss Cross 15-4, 15-4.

Ladies' Doubles: Mrs. McMordie and Mrs. Evitt beat Miss Ellett and Mrs. Bartlett 9-15, 15-13, 15-14.

Hubbie: "How careless of that man to drive that lorry round the corner like that." Wife: "Yes, it would have served him right if we had crashed into him." Table Talk, Melbourne, Australia.

LECTURED ON JOHN BUNYAN

Rev. W. E. Price Addressed Fireside Club on "Pilgrim's Progress" and Its Author

There was a large attendance at the regular meeting of the Fireside Club held last evening. Clifford Gilker presided and after devotional services a vocal solo was rendered by Miss Beulah McKinley.

This being the monthly literary evening the main feature of the program was a lecture by Rev. W. E. Price on "John Bunyan, Tinker, Soldier Preacher, Author, Saint and Martyr."

The lecture opened with a description of that immortal book "The Pilgrim's Progress" next to the Bible the most remarkable book ever written; best loved and most widely read; one that has been translated into at least 160 different languages. It must have required a very extraordinary man to produce such an extraordinary book and such a man should be held in remembrance.

This year the world is celebrating the 300th anniversary of Bunyan's birth and seeing that the "Immortal Dreamer" as he has been named, was a Baptist Minister it is only fitting that Baptist people should take a special interest in the celebration. The lecturer then proceeded to the great conflict that was being waged in England at that time in behalf of both civil and religious liberty, the tyrannical attempt of King Charles I to blot out democratic government and the equally tyrannical attempt of the religious authorities to extinguish liberty of thought and worship; the fierce persecution of Baptists and others who dared to differ from the State Church, and the cruel sufferings of those heroic souls who stood true to conscience.

Then followed a thrillingly interesting account of Bunyan's career as a tinker, a soldier, a preacher, an author and a martyr; his arrest and imprisonment for twelve years in Bedford Jail, his only crime being that he dared to preach God's truth as he saw it. And when religious liberty was happily won, how Bunyan travelled throughout the land, preaching the gospel, thousands of people crowding to hear his messages. After giving an account of Bunyan's literary labors—he wrote and published six books—the lecture concluded with the pathetic story of his last days and death.

At the close of the lecture the chairman and Rev. J. H. Hanson expressed the thanks of the audience for the great enjoyment they had received.

Refreshments were served by Miss C. Mussallien and Miss L. Therrien.

BUCKAROOS LOST GAME

VANCOUVER, Nov. 27.—The Portland Buckaroos went down to a third straight defeat here last night. Red Hardaker, custodian of the Portland goal, saved the team from a much worse defeat.

Vancouver scored in the first and third periods.

MISTOOK MAN FOR BEAR, IS CHARGED WITH NEGLIGENCE

William Scott, charged with causing bodily injury through negligence to Jack Howson by shooting him in mistake for a bear in the Bowser Lake country north of Stewart on October 21, was brought to the city from the north by Provincial Constable Lance Potterton on the Catala this morning. Having been committed for trial by Stipendiary Magistrate Scarlett at Stewart, Scott will come before Judge Young in County Court tomorrow for election.

COLD STORAGE STILL LEADING

Prince Rupert Hotel Second and Canadian Legion Third in Cribbage League

Cold Storage is maintaining its lead of the Cribbage League with the Prince Rupert Hotel following close in second place and the Canadian Legion not far behind in third. Last night's fixtures resulted as follows:

Orange Lodge 17, Knights of Columbus 10.

Native Sons of Canada 9, Canadian National Operators 18.

Prince Rupert Hotel 16, Moose Lodge 11.

Canadian-National Mechanics 9, Cold Storage 18.

Grotto 9, New Empress Hotel 18, Canadian Legion 19, Eagles 8.

The league standings are as follows:

	W.	L.	Pts.
Cold Storage	123	93	123
P. R. Hotel	119	97	119
Canadian Legion	114	102	114
K. of Columbus	111	105	111

SPORT CHAT

Players' Club, which has won but one game so far this season, will go up against Port Simpson, which is yet to be beaten, in the Senior Basketball League tonight and a real good game should be the result. Should the Simpsons win, they will have a long lead on league honors and will take some displacing. It would seem that the Dramatists will have to stop them tonight if the city is to figure at all in this season's running. In the Intermediate League, High School will take on the Naval Reserve which is in second place with but one loss and the Navy's strength should be well tested. Toc H. and Big Four will meet to break the three team tie for second position.

The annual meeting of the Omineca Ski Club was held on Saturday night at Burns Lake, being followed by the Ski Club's annual ball. The club will hold its annual meet on February 14 and, working in conjunction with the Burns Lake Hockey Club, will stage several carnivals throughout the winter season. The club is affiliated with the Western Ski Association, the Canadian Ski Association and, in the first year of its conception, staged a sports day which showed ski-jumpers and cross-country runners fast enough to compete in any company.

GRAIN CARGOES LEAVING PORT

Rockpool to Sail With Full Cargo Tomorrow and Carperby on Thursday

The British steamer Rockpool is expected to leave about noon tomorrow for the United Kingdom or continent with the second full cargo of grain shipped this season from the Alberta Wheat Pool's Prince Rupert elevator.

The steamer Carperby was half loaded this morning and this vessel is expected to get away, also with a full cargo for United Kingdom or continent, on Thursday.

No further grain ships for this port had been reported up to noon today, elevator offices announced.

Grain is expected to start moving in from the prairies again tonight, following the delay on account of the derailment near Kwinitsa on Sunday.

CRASHED INTO WINDOW PLAYING BADMINTON

Bill Mitchell Put Out of Business For Month as Far as Sports Are Concerned

Crashing into a window while playing last night at the Prince Rupert Badminton Club, Bill Mitchell sustained a badly cut wrist which will put him out of commission for a month as far as sports are concerned. The Players' Club, playing basketball tonight in the Senior League against Port Simpson, will no doubt feel his absence.

PASSENGERS HERE ON STEAMSHIP CATALA

Union steamer Catala, Capt. James Findlay, arrived in port at 11 o'clock this morning from Anyox, Stewart and other northern points and will sail at 3.30 this afternoon for the south passengers disembarking here from northern points on the vessel included: Z. Peter, Sam Jabour, Hans Olsen, K. Nakaya, J. Brado, J. Houston, E. E. Morris, Constable Potterton, R. A. McCullough, T. Williams and William Scott, from Stewart; C. P. Johnson and Sam Lakich, from Alice Arm; Mr. and Mrs. C. Barnes, George Joy, J. R. Honeyman, Mr. McDonald and E. C. Nevison, from Anyox, and Mr. Fujim Oto and Mr. Kushujama, from Arrandale. Going through to Vancouver on the vessel are: Mr. and Mrs. D. P. Knowles, Mr. and Mrs. McCaffery, Ralph Anderson, C. Peterson, Homer Ficklin, W. F. Evans, A. Grant and Robert Stewart, from Stewart, and A. MacDonald, from Anyox.

KEPT HIM FROM WORK FOR A MONTH AT A TIME

Never had a Sick Day Since Taking "Fruit-a-tives"

M. THOMAS GRAHAM

Of the thousands and thousands of men and women who have been restored to perfect health by "Fruit-a-tives," none are more grateful than Mr. Thom. Graham, 538 Masson St., Oshawa. "I am 60 years old and was treated for years for a trouble between the bowels and the bladder, which kept me home from work for a month at a time; until I started to take "Fruit-a-tives." Since then, I have worked steadily for four years and have never had a sick day. Try this wonderful medicine; made from fruit juices combined with the finest medicinal ingredients. 25c. and 50c. a box—at dealers everywhere.

A bylaw providing for the temporary borrowing from the Royal Bank of Canada of \$50,000 pending collection of taxes was introduced and given initial readings at last night's meeting of the city council.

The report of George Rorie C. A., city auditor, covering municipal business for the first nine months of this year was filed at last night's council meeting after having been allowed to lie on the table for two weeks.

Rev. Father P. J. McGrath O. M. L., who left here several months ago for Oregon on a health trip, has returned to the north and is now located at Fraser Lake where he is identified with the Lejac Industrial School.

The agenda of last night's council meeting called for the reading of report from the board of works in respect to the application of the school board for a sidewalk on Sixth Avenue between McBride Street and the Booth Memorial School. The report on the matter, however, was not read.

A local improvement initiative bylaw providing for the construction of a 15 foot pavement on Vanarsdol Street between Atlin and Graham Avenues was given initial reading at last night's council meeting. It had been decided two weeks ago to introduce such a measure.

The meeting last night of the Salvation Army Young People's Legion took the form of a social evening which proved very enjoyable. Next week there will be a get-together of all members of the Legion and an attractive program is under arrangement for the occasion.

Ald. Dibb complained at last night's council of what he termed inconsistent methods of delivering copies of the minutes to the aldermen. Some times they were sent through the mail and on other occasions laid on the desks of aldermen before the opening of meetings. This week he had received no copy at all. City Solicitor Jones ascribed the matter to misadventure in the mail and Ald. Linzey facetiously remarked "We should get a new post office." The upstart of the complaint was that the minutes of last council meeting were read for Ald. Dibb's benefit.

Heart Palpitated Nerves Bothered Her Sleep Was Broken

Mrs. Fred A. Pugsley, East Southampton, N.S., writes:—"I was bothered very much with my nerves and palpitation of the heart, and my sleep was broken at night.
I decided to try

and after I had taken six boxes I found that they had done me so much good I will gladly recommend them to all those who are troubled with sleeplessness caused by their heart and nerves."
Price 50c. per box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

Boxing December 6. Dido Gurvich vs. Eddie McGooty, ten rounds in Moose Hall. 286

Sam J labour returned to the city on the Catala this morning from a business trip to Stewart.

George Grosvenor, Estivan, Saskatchewan, farmer, has arrived in the city to spend an extended holiday with his brother-in-law and sister, Mr. and Mrs. George J. Dawes.

Reservations for "The Saving Grace" open at the Prince Rupert Pharmacy Monday, December 3 at 8 o'clock a.m. No reservations can be made by telephone until after 12 o'clock. 282

D. P. Knowles, superintendent of the Big Missouri mine, and Mrs. Knowles are passengers aboard the Catala going through to Vancouver and other points in the south on a vacation trip.

The local unit of the Royal Canadian Naval Volunteer Reserve had its weekly shoot last evening at detachment headquarters. Chief Petty Officer Young will lecture on Friday night.

Harold Parks, who has recently been on service in Egypt with the Royal Air Force, has arrived in the city from England and may locate here. He is a brother of L. Parks who is in the employ of the Canadian National Railways here.

J. R. Cameron, assistant general manager of the Canadian National Railways with headquarters in Vancouver, is expected in the city on this afternoon's train in the course of a tour of inspection. He will probably proceed east again tonight.

The Salvation Army is receiving many calls for the needy for articles of clothing, particularly children's, Adjutant William Kerr stated this morning. The Army would be grateful of any contributions of this nature that could be made by citizens, Adjutant Kerr said.

There were four fire calls during the month of October according to report of Fire Chief D. H. McDonald presented at last night's meeting of the city council. The most serious damage was done in a fire which gutted a house on First Avenue belonging to George James. There was minor damage in a fire in the rooms over the Empire Baths.

On recommendation of the fisheries committee, the city council last night approved a resolution recently submitted by the Northern British Columbia Salmon Fishermen's Association requesting the federal government to more strictly enforce regulations governing the use of Canadian ports and harbors by American fishing vessels.

After having already occupied several days of the court's time, the Carlson vs Hanson \$200 damage case from Kitimaat is still proceeding before Judge F. McB. Young in County Court this afternoon. Hearing of the Pickering et al vs Dumont-Emerson and Gayvin Ben action is awaiting the completion of the Kitimaat case before being proceeded with.

Eddie McGooty, Seattle boxer, will arrive in the city on the Prince Rupert tomorrow morning from the south and go into training immediately for his ten round bout with Battling Dido Gurvich of Prince Rupert on Thursday of next week. This boxing card, also including a number of attractive preliminaries, is to be held under the auspices of the Grotto Athletic Club.

ELKS' CARD TOURNAMENT

At the weekly Elks' Lodge bridge and whist tournament last night, Mrs. G. E. Gulick won the bridge prize with a score of 3627 while Mrs. Walter Shaw carried off whist honors with 202.

DAILY EDITION  Tuesday, Nov. 27, 1928

USE OF TITLES

Paderewski, the pianist, is not only a great musician, but also he shows signs of greatness in his character. When advertising his concerts he drops his title. Instead of styling himself Sir Ignace Paderewski, Knight of the Grand Cross of the Order of the British Empire, he calls himself simply Mr. Paderewski.

Another British knight who also refuses to commercialize his honors is Sir Rabindranath Tagore, poet of India. He speaks of himself simply as Dr. Tagore.

Canada happily does not traffic in titles any more. No person now is able to win a title by contributing heavily to political party funds. In spite of the efforts of a few to revive the receiving of titles, the spirit of the country is against it, and we hope will remain so.

PREACHING TO THE PEOPLE

We do not often preach to the people of Prince Rupert and district, but now and then we try to give them something to think about. When we do we have the satisfaction of knowing that the message is not wasted. We are able to preach to a congregation in one evening 20 times larger than all the preachers in Prince Rupert put together. Of this issue, there will be printed approximately 2500 papers, many of them read by anything from one to 10 persons. Suppose an average of four to a paper, and we have a congregation of 10,000. That is a pretty good congregation and it is available every day.

Archbishop DuVernet, when he was alive, one of the finest and best educated men the country has produced, realized the value of the newspaper to the clergyman. Ten years ago when the plague of Spanish influenza struck Prince Rupert and all the schools and churches were closed, The Daily News asked the Archbishop if he would like to give a message to the people that would take the place of the Sunday sermon. He did so, and from that time on he formed the habit of sending out through the columns of this paper special messages to the people at Christmas, at Easter, or on any special occasions, and we were always glad to pass the message on, because it was a real one. Many of these messages inspired by these occasions have been included in the book of his writings recently published.

Only a few clergymen have the power of thinking or the art of expression such as had the revered Archbishop, so that their writings are not as valuable. Very few people realize the value of the press as a medium of reaching the people. They are not men of broad vision, and naturally a congregation of 100 is their limit. The result is that it usually falls to a layman to do the preaching through the press.

SOCIETY FOR PRESERVATION OF FORESTS

Meeting Held at Terrace at Home of George E. Keith

TERRACE, Nov. 27.—An informal meeting, at which about a dozen invited guests were present, was held at the home of George E. Keith on Thursday evening, with the object in view of taking initial steps in the forming of an organized branch in Terrace of the society for the preservation of Canadian forests. A. Holmwood was elected chairman, with Rev. Wm. Allan as secretary.

This society was organized last year in Toronto, Ont., at the instigation of George E. Keith, its name being self explanatory as to its aims and objects.

Replying to a question as to the reason for organizing, Mr. Keith told of unsatisfactory government action taken following forest fires, particularly one in 1922, which fire killed immense quantities of timber on property owned by Robert Braun, R. L. McIntosh and himself. In order to salvage this timber, which it was necessary to do within two years to realize anything on it, a petition had been circulated in the district to which 237 signatures were placed, asking the government to co-operate in the bringing in and operating of portable sawmills on the property, the local mills being entirely inadequate to handle the large quantity of timber involved. No action whatever had been taken nor had there ever been any proper investigation as to the origin of the fire.

Following a lengthy illness during which the matter was held in abeyance, Mr. Keith went to Toronto to try to create sentiment among influential friends there, and was easily able to interest many prominent persons, with the result that the Society for the Preservation of Canadian Forests was organized in 1927. The advisory board of this society are as follows: George B. Van Blaricom, Major-General Robert Rennie, Frank Yeigh, W. C. Gall, W. A. Argue, Alexander Keith, S. W. McKeown, George E. Keith.

Many other prominent eastern men became interested in the society and promised their co-operation and support.

It had been suggested that the head office of the organization be established in Toronto, but on the advice of an eminent politician, Vancouver was decided on as a better place, with branch offices at Terrace and Toronto.

At a meeting of the society held in Toronto before Mr. Keith returned west in the fall of 1927, the following resolution was passed:

"That the society request the Canadian Forestry Association to take the necessary steps to procure a thorough investigation by the Legislative Assembly of British Columbia for the purpose of

ascertaining the origin of the fires which occurred in the years 1912, 1916 and 1922, in the district of Terrace, B. C. more particularly the fires that occurred on Lots 611, 611A, 615 and 4355, Range 5, Skeena District, and how far slashings, contributed thereto and to the destructiveness thereof, and also for the purpose of ascertaining if a serious slash menace to the remaining standing timber in that district, or any other district in British Columbia, exists at the present time.

Mr. Keith is anxious to have a royal commission appointed to make this investigation, and is very desirous of having the co-operation of local residents in the forming of an active branch of the society here.

Owing to the lateness of the hour, however, it was found necessary to adjourn the meeting, a later one to be held at the call of the chair, when further work in connection with organizing locally will be carried on.

POWER
Builds Industries!

POWER DEVELOPMENT	
1916	2,000,000 H.P.
1926-7	460,500 H.P.
Capital Invested in Manufacturing:	
1916	\$150,000,000
1926-7	\$340,000,000

BRITISH Columbia's Power resources are the envy of the world. With Power, the riches of the world can be won; with Power, ores can be mined, smelted; transportation problems solved; manufacturing industries developed, and with them population . . . pay-rolls. Power is British Columbia's strongest bid for more industries . . . more people.

Of the millions of horsepower available in our province, but half a million are now harnessed to turn the wheels of industry. The great hydro-electric development at Bridge River will ultimately generate more than 600,000 horsepower, while the output at Bonnington Falls and other points is being steadily increased. The Campbell and Chilko Rivers, on the mainland, and the Nimpkish on Vancouver Island, are capable of tremendous power development for the conversion of our forest and mineral resources into fabulous wealth.

Two of British Columbia's Electric Power systems are among the greatest in Canada, each generating more than 400,000,000 kilowatt hours in 1927. This represents an increase in the last ten years of 98% . . . truly a remarkable achievement!

Foreign authorities speak of this record as a measure of the great vitality of British Columbia.

Today we rank third in power and industrial development among Canadian provinces. We have made greater progress per capita than any!

It is the policy of British Columbia to foster the development of the hydro-electric powers for the benefit of the public. They are allotted to private enterprises on condition that they will be developed within a certain time, so that no exploitation of public assets may take place.

Millions of dollars are now earmarked for Power development in our province. Dams are being built, turbines installed . . . transmission lines erected to care for the imminent industrial development.

Thousands of dollars are being expended weekly on materials and wages; thousands are feeling the immediate benefits of this enterprise.

Side by side with our power development, Industrial Expansion has kept pace. Today 17% of Canada's external trade is handled by British Columbia. During the past decade, our basic industries have increased 101.3%. Our total payroll, including all classes, is estimated at 210 million dollars. Today, our Lumbering, Mining and Fishing industries employ 72,517 people, paying them 175 million dollars in wages . . . distributing an average wage ranking among the highest in Canada.

These 175 millions in wages are a great contribution to our annual internal trade in the province. They have given our industrial workers a buying power ranking second in the Dominion and have largely been responsible for our ever increasing prosperity, as evidenced by the fact that the number of automobiles registered in the province last year was 76,187 as compared with 8,596 in 1916.

British Columbia's steady and varied industrial development has changed the conception in Eastern Canada and the United States of our province. No longer are we entirely dependent on the East for our manufactured products. British Columbia is increasingly furnishing her own needs. She now ranks third in the whole Dominion as a manufacturing province.

Our phenomenal Power and Industrial growth has focused the attention of the great industrialists and investors on our province. Today, British Columbia in the eyes of the world, stands for Power, Progress and Plenty. May our efforts of the next ten years stabilize and increase our Prosperity!

Read these announcements and understand your province's progress . . . clip them out and send them to friends who you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

BRITISH COLUMBIA'S PROGRESS

Prince Rupert

Northern Pacific Terminus of the Canadian National Railways

- Prince Rupert has three of the greatest things in the world
- The Largest Fish Cold Storage Plant
- The Largest Fresh Halibut Market
- The Largest Undeveloped Hinterland

The City of Prince Rupert has a payroll of considerable importance, derived from:

- RAILWAY SHOPS
- RAILWAY OFFICES
- DRYDOCK AND SHIPYARDS
- GRAIN ELEVATOR
- PROVINCIAL GOVERNMENT OFFICES
- COLD STORAGE
- FISH PACKING HOUSES
- FISH MARKET
- OILERY AND FISH REDUCTION PLANT
- SALMON AND HALIBUT FISHERMEN
- SALMON CANNERIES
- LUMBER MILLS
- MINING
- TRAPPING AND FURS

The grain export business of Prince Rupert is steadily developing. Last year about eight million bushels of grain was shipped through the terminal elevator and this year promises to greatly exceed that mark.

The City owns its Power, Light, Water Supply and Telephones.

The schools are excellent.

Roads are paved and concrete sidewalks are being laid.

PRINCE RUPERT IS ONE OF THE COMING COMMERCIAL CENTRES OF THE PACIFIC COAST, THE PROBABLE OUTLET OF THE GREAT PEACE RIVER COUNTRY, AND SURROUNDED BY A RAPIDLY DEVELOPING TERRITORY

Prince Rupert is the logical site of a customs smelter which would serve the mines of Portland Canal, the Bulkley and Skeena Valleys and coast points.

TOUGH' STORY BEING WRITTEN

English Bulldog That Went North With McCracken Had Interesting Time

LIFE WAS THREATENED Various Adventures of Canine That Passed Through Prince Rupert Recently

(Canadian Press Mail Sheet) NEW YORK, Nov. 26.—There is one member of the Stoll-McCracken expedition recently returned from the Arctic region, where, in the Aleutian Islands, they unearthed four mummies of an ancient Mongolian race, who is unfreignedly glad to be back in New York. His name is Tough, his species British bulldog, and his place in the expedition nominally that of mascot.

Tough has always had a taste for the soft things of life. The glow of the evening hearth fire, the softness of sofa cushions, the undisturbed tranquility of an apartment dweller in New York—these were the very stuff of his existence during three years as his master's dog, Harold McCracken, his owner and leader of the lately returned party of scientists and adventurers, has a fondness for animals.

In April last—April 16 to be precise—the pleasant routine of an established life was interrupted. For no apparent reason Tough found himself with a chain on his collar and a muzzle on his mouth staring at the blank walls of a baggage car. He was bound for Montreal and Prince Rupert and the Aleutian Islands. These details came to him gradually.

Put Under Bond

At the Canadian border he was required to produce a pedigree to prove his right to pass through the Dominion. He was also put under \$500 bond to travel to Prince Rupert to board the "Morrissey" for the north. These indignities Tough bore in silence. He licked his lips and, for the five days it took to cross Canada on the Canadian National Railways, sat back and gazed pensively at mail bags. After five days he decided that mail bags, wherever they came from and wherever they were going, looked much alike. He was fed regularly and as regularly, at divisional points, forced out of the car and made to walk up and down station platforms held securely by his chain, while the native dogs everywhere about performed in perfect freedom the multifarious tasks of a dog's busy day.

At Unalaska on the Alaskan peninsula Tough saw his first hen. There were no hens in New York apartment houses. The hen had a number of chicks at her feet. Tough was quite interested. But, though this was the first hen he had seen, he was by no means the first dog the hen had seen. First she lit on his shoulders, then fell farther back onto his rump. She had a remarkably facile beak. Largely because of

this Tough developed an unwonted agility in his hindquarters which brought him far away from the other members of his party.

Chased the Cow—When he had escaped the scourge of the hen of the quick wits and sharp beak, he was confronted with another strange object. A cow. Tough lost no time in determining his course of action this time. When he had chased the cow through the one street of Unalaska twice the Eskimos threatened to shoot him. They had been proud of the cow's milking qualities.

Tough welcomed his return to shipboard life. For a while it seemed restful. That was until the "Morrissey" drew up close to the Diomed Islands. When he was put ashore for a respite he felt but a shadow of his former self, and was considerably paler. The reason was that the wind always blows quite stiffly about the Diomedes. Eskimos made fun of the dog who had "his nose frozen off." Twice he was menaced by other dogs who smelt strongly of the decayed walrus flesh that was their food.

On the Alaskan mainland he would like to have chased grizzly bears with the rest of the party, but instead was kept tied up at camp. Then there was the return voyage and the five days of staring at mail bags—this time in the company of four Mongolian mummies who made the journey eastward with him in the baggage car.

Tough's reflections on the general futility of all explorations, and especially in Alaskan and Siberian waters, are being put into book form by his master, Harold McCracken.

Passengers sailing this afternoon on the Catala for the south will include T. A. Anderson and J. C. Dean, for Vancouver, and A. Shaw, for Victoria.

CITY REDUCES BILL AGAINST HOSPITAL FOR ROCK REMOVAL

On recommendation of the Board of Works, the city council last night decided to reduce an account against the Prince Rupert General Hospital for removal of rock in front of the Green Street entrance to the institution from \$409 to \$209. Part of the cost had been involved in the changing of a three-inch to a six-inch water pipe, while the work was being carried out, and this, Ald. Greer pointed out, the Board of Works had agreed, it

was hardly fair to charge the hospital for.

Ald. Prudhomme pointed out that the carrying out of this work had not come before and had not been approved of by the Board of Works. While having no objection to the work, he merely desired to point this out to the council.

Ald. Greer pointed out that the hospital had agreed to pay the cost of the work and it had, therefore, not been necessary to take it before the Board of Works. He had advised the city engineer to interview other members of the Board of Works, however.

The recommendation was adopted.

Prince Rupert, B. C.

WISHES TO ANNOUNCE THE CONCLUSION OF ITS NOVEMBER SALE

AND TO THANK ITS MANY CUSTOMERS FOR THEIR GENEROUS PATRONAGE

Although the sale is concluded, we shall still continue the BARGAIN ROOM at the rear of the store, which will be replenished from time to time with new bargains and which will prove well worth your investigation, as they will always be the best that money can purchase.

COMIC OPERA OVER RADIO

Tonight From 8 to 8:30 "The Red Hussar" Will Be on the Air

Edward Solomon's tuneful comic opera, "The Red Hussar," is scheduled to be presented in tabloid form during the weekly Eveready program tonight from 8 to 8:30 o'clock, broadcast through stations associated with the NBC system.

The principal roles in the Solomon work will be sung by Ethel Wakefield, soprano, Eva Gruinger Atkinson, contralto, Gwynfi Jones, tenor, and James Isherwood, baritone. Max Dolin will conduct the orchestra.

Queen Anne is ruler of England at the time the action of "The Red Hussar" takes place. England and France are at war. Ralph Rodney, once a wealthy gentleman, joins the regiment of Corporal Bundy and goes to the English camp near Bruges, Flanders. He loves a young girl, Kitty Carroll, who follows the army to the continent.

Rodney disguises himself as a German girl and secretly leaves the camp to meet Kitty. Sir Henry Leighton, the commanding officer, discovers Rodney's absence and immediately condemns him. Barbara, a maiden whom Sir Leighton loves, but who, in turn, loves Rodney, purchases the latter's discharge. A happy climax brings the comic opera to its conclusion.

The Eveready program will be broadcast through stations KHQ, Spokane; KOMO, Seattle; KGW, Portland; KGO, Oakland; KPO, San Francisco; and KFL, Los Angeles.

ALLURING RHYTHMS OF TROCADERANS

Dance rhythms, syncopated and alluring, with staff artists entertaining during intermissions, will be broadcast through the NBC System Wednesday night from 10:00 to 12:00 o'clock by the Trocaderans through station KGW, Portland, through KGO, Oakland, and KFL, Los Angeles from 10:00 to 11:00 only, and through KPO, San Francisco from 11:00 to 12:00 o'clock.

MUSIC WITH DINNER ON FRIDAY EVENING

Stirring strains of Massenet's "Parade Militaire" herald the opening of the Wrigley Review Friday night at 6 o'clock Pacific standard time, in the broadcast through NBC system stations throughout the United States from New York City. The Review will be broadcast for a half hour each week beginning tonight, instead of the usual hour.

Massenet is further represented by the Gavotte from his opera "Manon," while Grieg's gentle

"Berceuse" is another number by a noted composer which will be played. The Novelty Trio contributes "Sweet Little Old Lady" and "Climbin' Up the Golden Stairs" in unusual vocal harmonies. The irrepressible Shenanigan Duo sings "When Polly Walks Through the Hollyhocks." Instrumental features are "Did You Mean it?" a xylophone solo, and "Dizzy Fingers," played by the accordionist. The soprano offers as a solo "Until the Dawn," by Clay Sraith.

CAUGHT VESTRIS' S.O.S. Arthur Jensen (above) chief radio operator of the S.S. "American Skipper" who picked the ill-fated Vestris' radio plea.

ANXIOUS ABOUT LOCAL HOLDINGS

Dutch Company Makes Suggestions For Development of Port and Enquires About Possible Future

The International Petroleum Land & Trading Co. of Amsterdam, Holland, which has extensive realty holdings in Prince Rupert, had before the city council last night for its approval a memorial in connection with development of this port, which is being presented to the provincial government. The communication stated that the company was desirous of obtaining from the most reliable sources possible information with respect to Prince Rupert's possible future, in order that decision might be made as to whether or not it should continue holding and paying taxes upon some 200 lots here, which it purchased in 1922 and which already have stood it considerable expense.

ONTARIO WOMAN BENEFITED

Vegetable Compound Helps Run-Down Condition

Simcoe, Ont.—"For several years I have had a run-down feeling, caused from overwork. One day a neighbor came in. I told her all about what was wrong with me and she told me she had suffered the same as I had. She said the only medicine she tried was Lydia E. Pinkham's Vegetable Compound and she advised it to me. I sent to the drug store and got a bottle and now I am on the fourth one. Where before I was dizzy, tired and 'all in' in every way, now I can eat and enjoy my meals, am gaining in flesh and able to do more work. You may be sure that I will tell others who are suffering like I was."—Mrs. GILBERT BALL, Box 103, R. R. No. 1, Simcoe, Ontario.

The memorial referred to this port's favorable position with respect to trade with the Orient, and urged that development of such trade should be backed up by the provincial government and the railway company. It pointed to the elevator as the only accomplishment obtained in recent years of the original Laurier plans for this port. The document also suggested that the Pacific coast outlet to the Peace River country was a matter of utmost importance to Prince Rupert.

The matter was referred to the finance committee for report, and at the request of Ald. Prudhomme copies of the memorial are being made for each alderman.

PRIZES FOR GOOD SLOGAN

Jewellery Offering \$1800 worth of Goods for Catchy Phrase

The jewellery trade is looking for a slogan. It is willing to pay the winners well, four prizes being donated totalling \$1800. The first prize is a diamond ring valued at \$1,000.

In addition to the diamond ring, there is offered, as second prize, a Colonial table with a complete complement of flatware and a tea set and tray, the total value being \$385.00. Third prize is a sterling silver tea set of four pieces, with an E. P. N. S. tray, valued at \$265.00, while the fourth reward is a lady's or gentleman's watch, either pocket or wrist style, in a solid gold case, of a value of \$150.

At present the jewellery trade has a slogan, "Gifts That Last," but this has been criticized because it features only one phase of the jeweller's service to the community. With the hope of securing a catchy phrase that would emphasize the quality of the jeweller's wares and their dependability, and the fact that he offers in jewellery, watches, silverware, clocks, etc., merchandise not only pleasing from an artistic standpoint, but essential to every home, the Canadian Jewellers' Association is offering four prizes of a total value of \$1800 for the best suggestions.

It is open to every Canadian to ask his or her jeweller for an entry card and write of it a suggestion for a slogan, mailing it to the Toronto office of the association. The contest will be open all of this month, closing at midnight on November 30, and the names of the winners will be announced on December 15.

FORMER LOCAL GIRL ACHIEVES SUCCESS IN MUSICAL WORLD

Miss Winifred Renworth, who lived in Prince Rupert as a small girl in the early days with her parents, Mr. and Mrs. Fred Renworth, has achieved great success in the musical world in California, where she has resided since 1922. She has been appointed solo organist at Melody Lane in Los Angeles and previously was chief organist in the New California Theatre in San Diego. Miss Renworth will move to Vancouver next spring to take up residence with her parents.

TESTIFIES TO GREAT BRAVERY CAPT. ROBERTS

Injured Man Converses With Divisional Engineer and Told How the Accident Happened

JURY FINDS ACCIDENTAL

One of the features of the inquest held yesterday on the death of Frederick A. Roberts who was killed when a wheat train ran into a rock in the neighborhood of Kwinitsa, was the tribute of M. A. Burbank to the wonderful bravery of the man. Although Mr. Roberts had one foot cut off and the other leg badly mangled and his chest injured he conversed with Mr. Burbank and explained how he thought the injuries occurred. He said he had been standing on the apron covering the joint between the engine and the tender and looking over the engineer's shoulder he saw the rock ahead and stepped forward just as the impact came. The force of the loaded cars behind crashed the tender into the locomotive the apron evidently lifted and its sharp edge severed his foot. The other foot at the same time seems to have been caught in the rear of the apron and he remained there impaled until repeated. At the time he was struck he was evidently thrown forward and his chest injured and ribs broken against a corner of the locomotive.

Mr. Burbank said a watchman patrolled the stretch of line twice each day and the section foreman also passed over it once a day. At the time of the accident the watchman was on his way there and arrived very soon after the accident. The rock was half a big again as the city hall desk.

The jury with George Munro as foreman, took only a brief period to decide that Mr. Roberts came to his death as a result of hemorrhage and shock caused by an unavoidable accident.

John Rutter, the first witness said he was the engineer on the wrecked train, bringing 59 cars mostly loaded with wheat, to Prince Rupert. He was travelling about 15 miles an hour when he saw the rock ahead and immediately applied the brakes. He thought the train would stop without striking and it had slowed down to about four miles an hour when the impact occurred. Roberts was riding on the tender, the place where he should have been. Roberts he found had been caught between the engine and tender and it took form an hour and a half to two hours to free him. The brake and door of the tender had to be cut away in order to do so.

In answer to Inspector Spiller witness said they were allowed 20 miles an hour at this point but were running slower than that.

Dr. Carson told of going out to meet the incoming train with the injured man aboard and of the steps taken to alleviate pain. He was doing well at the hospital when suddenly took a bad turn and died. He found on examination that there were injuries near the heart and some of the ribs were broken in addition to the injuries to the legs.

Harvey O. Church, fireman on the engine, corroborated the evidence of the engineer. He said they saw the obstruction when about 400 feet away. Their speed was three or four miles an hour when they hit the rock. He thought Roberts was caught when trying to jump off. If he had remained where he was standing he would probably have been all right.

Mrs. Roberts gave evidence of identification.

Mr. Burbank was called at the request of George Munro who wanted to know what steps were taken if any to avoid such accidents.

Inspector Spiller conducted the examination of witnesses. Deputy Coroner Tannock presided and the jury was composed of George Munro, William Sherman, Jr., Max Heilbronner, Joe Brown, Malcolm McArthur and Steve King.

City accounts totalling \$54,331 for the two weeks ending November 23 were passed for payment at last night's council meeting.

GEORGE AYLETT IS PERFORMER

Rare Musical Treat Given by Capitol Circuit Star Last Night

One of the finest entertainments since the opening of the new Capitol, made possible by the stellar performance of George Aylett visiting banjo artist, was enjoyed last night by a large audience. Mr. Aylett, who has earned the name of "The Hawaiian Wizard of the Strings," gave an appropriate selection of musical numbers on banjo, uke and guitar and won his audience immediately.

"The Foreign Legion," feature picture, with Norman Kerry and Lewis Stone, "Whose Wife," comedy, and Jack de Jausserand and his Rupert Capitoliens complete a bill that should not be missed by lovers of high-class entertainment.

GOOD LOOKS BETTER THAN INTELLIGENCE

United Church Young People Had Interesting Debate Last Evening

Members of Rupert East United Church Young People's Society were the guests of First United Church Young People's Society last night at a social evening, the feature of which was a debate on the subject, "Resolved That Good Looks Are a Greater Asset Than Intelligence." The judges, Rev. T. H. McAllister, Rev. A. Wilson and George H. Stocks, gave the decision in favor of the affirmative team from Rupert East, consisting of Miss Betty Canstick and Miss Edith Brewerton. The First United team arguing in favor of intelligence consisted of W. Gair and Duncan Miller.

A general discussion followed the debate and then games were played and refreshments were served.

FEATURE PICTURE TONIGHT
