Yesterday From Smithers And Two Cars From Alberta on Way Here

The grain shipping season opened here yesterday in a small way when a car of wheat arrived at the elevator here consigned from Smithers. It was Number 1 Northern, a pretty good indication of what the-Bulkley Valley can do in the way of wheat raising.

Two more cars of wheat are on their way here this side of Jasper but they are only small consignments and do not mean that any considerable quantity will be coming for a week or possibly two.

Liberals In Britain Planning Manifesto Which Attacks Both Baldwin Government and Labor

In every populated district throughout Canada, General Motors Authorized Service is available. The number of General Motors Maintenance Service Stations in Canada, if placed in a direct line, would be sufficient to extend across the Dominion, less than two miles apart. NTOT only does General Motors build 1 better automobiles . . not only does it embody in these cars the latest engineering developments : . but it also maintains a vital interest in seeing that these better General Motors cars deliver the utmost in satisfaction in the hands of their Canadian owners. To that end,

there are in Canada enough General Motors service stations to extend at twomile intervals from the farthest tip of Cape Breton, clear across Canada to the blue waters of the Pacific.

These service stations are staffed and equipped to render an efficient service. Each is within twenty-four hours distance of a distribution depot for genuine General Motors parts.

And, not in Canada alone, but throughout the United States . . all around the civilized world : : the General Motors chain of service extends unbroken.

Whatever road you travel, however far you go, you will find General ' Motors service always near at hand . . . BETTER service, because of

General Motors centralized control : ECONOMICAL service, because of the standardization and the extensive interchangeability of General Motors parts : : SATIS-FYING service, because its one object is to insure for you the uninterrupted use and enjoyment of your General Motors car : .
