CAPT. WILKINS REACHES SPITZBERGEN BLACKBURN WON ENGLISH CUP TIE SOCCER GAME TODAY

Captain George Wilkins Landed at Spitzbergen After Flying Over Pole

Was Three Days Taking Shelter on Uninhabited Island Before Arriving at Svalbard at Eleven O'clock This Morning

LONDON, April 21.—Word has been received here this afternoon that Captain George Wilkins landed at Svalbard, Spitzbergen at eleven o'clock this morning, completing a flight across the polar region from Point Barrow. The report of the flight is confirmed from other sources.

Svalbard also reported that Wilkins landed on an uninhabited island, 25 miles from Svalbard, and was held up five days owing to bad weather.

Wilkins was searching for the so-called blind spot but had planned to fly over the North Pole also. The direct route from Point Barrow to Spitzbergen would carry him over the pole.

SEATTLE, April 21.—News of the Wilkins flight was received here with surprise as, although the machine carried wireless no message was received of the aviator taking off from Point Barrow.

Wilkins was accompanied by Carl B. Eielson, the Alaska pilot.

TOLMIE CHOSEN CANDIDATE BY CONSERVATIVES

COVENTRY RETIRES FROM SAANICH LEADER OF PARTY TAKES HIS PLACE

VICTORIA, April 21.—Hon. Simon Fraser Tolmie, M.P., last night accepted the nomination tendered him by the Conservatives of Saanich to contest the riding at the next provincial election. The convention was held at Royal Oak near here and was representative of the whole riding.

Prior to the offer of the nomination to Dr. Tolmie, T. G. Coventry, the sitting member, had retired from the field and promised his support to the leader.

MONEY NEEDED HUDSON STRAIT

GOVERNMENT ASKED TO PROVIDE ICE BREAKERS, DIRECTION FINDERS AND STUDY TIDES

OTTAWA, April 21.—The provision of two ice-breakers on Hudson Straits, the establishment of direction finders and a hydrographic and tidal survey are recommended by M. B. McLean, officer in charge of the Hudson Straits expedition, which was tabled in the House yesterday.

PLAN TO CONTROL PILOTAGE MATTERS IN THIS PROVINCE

VANCOUVER, April 21.—The shipping bureau of the board of trade proposes to form an honorary pilot committee composed of the shipping, insurance, port and pilotage interests to take control of pilotage matters in all British Columbia waters except the Fraser River.

FORCED BACK TO PORT WITH ENGINE TROUBLE

The local halibut boat Livingstone II, owned by Capt. Tony Martinussen and skippered by Capt. E. C. Tibbitts, returned to port this morning from the fishing banks. The vessel cleared on April 17 but developed engine trouble while going out so had to return.

NO INTENTION TO CLOSE DRY DOCK Any rumors or reports as to the local dry dock being closed down are entirely false, states G. A. McMillan, superintendent-manager of the plant. There is no such intention. On the other hand, there is a possibility that dry dock operations may be further extended although no details are available.

DIDO GURVICH GAINS DECISION IN SOUTH

Defeats Jimmy Ryan—Ready to Meet Either Jimmy McDonald or Alf Harding

Word has been received that Dido Gurchiv of this city last night in Vancouver won a decision over Jimmy Ryan, a quite well known boxer in the south. There were no details as to the bout which was Gurchiv's first in the south where he went to train recently.

On behalf of Dido Gurchiv, a challenge was issued this morning to the effect that he is willing to meet the winner of the forthcoming Jimmy McDonald vs. Alf. Harding, preferably McDonald, on any terms even to winner-to-take all.

YOGEN MARU SAILS FOR VANCOUVER TO FINISH WITH LOGS

Having completed the loading of a part cargo at the Alberta Wheat Pool's Prince Rupert Elevator, the Japanese freighter Yogen Maru, with Capt. S. McNeill aboard as pilot, sailed at midnight last night for Vancouver where she will complete cargo for the Orient with logs.

The British steamer Indian City, the twenty-sixth grain ship of the season, moved from the ocean dock to the elevator this afternoon and will start loading a full cargo for the United Kingdom or Continent on Monday morning.

HANDICAP BILLIARD TOURNAMENT FOR CITY TITLE STARTS SOON

A handicap billiard tournament for the championship of the city is about to open at the Grand Terminal Club, thirty-two entries having been made. Each game will be to 150 points and three handsome cups have been put up for the three highest players at the end.

50,000 FANS WATCHED GAME

NEW YORK, April 21.—There were fifty thousand fans out to see Philadelphia defeat the New York Yankees in the big baseball match here yesterday. Pitcher Groves held the Yankee sluggers to five blows and fanned eight men out.

The game was the opener for the Americans. Cobb and Speaker were conspicuous at the bat for the Athletics.

Effective pitching marked the majority of games in both leagues yesterday.

TWO AIRPLANES COMING

Two airplanes will be engaged in patrol of the salmon fisheries in District No. 2 this season it is learned. At least one of the planes will make its base at Prince Rupert. Last year there was one plane, that of Major D. P. McLaren, D.S.O.

TO JOIN IN KILLER HUNT

INSPECTOR FORBES CRUIKSHANK NOTED INVESTIGATOR ARRIVES IN CITY

To take charge of the investigation into the killing this week of Mrs. Esther Killas on Comox Ave. Inspector Forbes Cruikshank, head of the criminal investigation department of the provincial police, arrived from Victoria on the Prince Rupert this morning. He immediately went into conference with Inspector Spiller and Sergeant J. P. M. Hannah but what information, if any, these officers had to give him was not revealed.

Inspector Cruikshank is one of the best known investigators in the west and has taken a prominent part in many successful man hunts in British Columbia.

It was stated at the police station this afternoon there were no new developments in connection with the case.

Road Will Be Built Toward Tye This Summer and Bridge Be Constructed Says Dr. W. H. Sutherland Following Inspection

HON Dr. Sutherland, accompanied by officials of the department, this morning visited Galloway Rapids and inspected the road and bridge site. He was well pleased with the work done but stated that the road was not yet finished. It would take two months yet to complete the surfacing. At present it was cut up in places but this would be levelled and rolled and probably next year some binding material such as Tarvia.

The bridge will be built this year and plans for it will be at once prepared.

Also Dr. Sutherland stated that work would be continued on the other side in the direction of Tye, the intention being to put the canneries in touch with Prince Rupert by road first of all.

The minister expressed the opinion that the highway would have to take the river route to Terrace.

Dr. Sutherland and Patrick Philip, chief engineer of the department, will sail tonight on the Prince Rupert to make the round trip to Stewart before proceeding south on the same vessel tomorrow night. A. L. Carruthers, inspector of bridges, left this morning for Smithers.

English Cup Tie Match Played Partly in Rain Today at Wembley Blackburn Rovers Winning 3 to 1

LONDON, April 21.—Blackburn Rovers won the English Football Association Cup this afternoon by three goals to one. Blackburn scored twice in the first half and each team once in the second.

This is the sixth time the Rovers have won the cup, in this respect tying with Aston Villa which also has six championship events to its credit.

The crowd to witness the match was a very large one, excursions being run from all over the Kingdom to accommodate the enthusiasts who flocked to see this great annual sporting event.

It is estimated that 93,000 people filled Wembley stadium stands. The King and Queen and Duchess of York were present.

Huddersfield won the toss though there was no particular advantage in this. The crowd had scarcely settled down when the ball went toward Huddersfield goal. Puffeloff, the great Blackburn forward, secured a throw-in and lobbed the ball with remarkable accuracy into the goal mouth. Mercer, the Huddersfield goalie, hesitated after catching. Roscamp charged Mercer and the ball went into the net. The reverse unsteamed Huddersfield.

McLean scored again for Blackburn after 23 minutes' play. Jackson scored for Huddersfield in the tenth minute of the second half but Blackburn added one more to complete the scoring.

For the first half the weather conditions were nearly perfect, but after half-time rain fell causing some discomfort but dampening the ardor of the crowd very little.

SHUTTING DOWN OPIUM TRAFFIC

PROTECTION OF BRITAIN TO BE WITHDRAWN FROM ANY VESSEL CARRYING DRUG

GENEVA, April 21.—Britain will withdraw her protection from ships flying the English flag engaged in opium smuggling in Chinese waters, Sir Malcolm Bellevue announced yesterday to the League of Nations opium commission. He suggested that other powers adopt the same policy.

The American representative said the United States was ready to go as far as any nation in this respect.

Queen Charlotte Islands Timber is the Subject of Litigation in Courts of British Columbia

VANCOUVER, April 21.—Judgment in favor of Chuhei Fukukawa of Tokio and Queen Charlotte Timber Holding Co. Ltd. of which he is the principal owner, in their suit for rectification or rescission of contracts to buy 1,550,532,000 feet of timber from the defendant, the American Timber Holding Co. of Milwaukee, Wisconsin, was rendered in the Supreme Court yesterday by Chief Justice Hunter.

If the parties are unable to agree on the quantity of timber remaining on the licenses, which are on the Queen Charlotte Islands, and to carry out the contract on that basis, the plaintiffs will have judgment for rescission and return of \$1,167,268 which they have paid, together with interest, costs and other charges.

The plaintiffs allege that there was a shortage of 34 per cent in the amount of timber on the limits.

150,000 People Are Camped in the Open in Bulgaria Fearful of Earthquake Being Repeated

PHILIPPOPOLIS, Bulgaria, April 21.—Foreign aid will be welcomed by Bulgaria in restoring this city and vicinity from the ruins in which it is cast by the recent series of earthquakes. There were 85 dead and more than 850 injured. The city and surrounding villages have been abandoned.

There are now some 150,000 people camped in the open and subsisting on such scanty army rations as can be sent them over the shattered lines of communication.

BEAR HUNTERS VISIT QUEEN CHARLOTTE ISLANDS IN YACHT WESTWARD SKIDEGATE, April 20.—Messrs. Campbell Church and Ledbetter of Seattle in the yacht Westward arrived here early in the week and proceeded to the west coast to hunt bear. This is the first visit of the kind and with bear reported plentiful, there should be many others to follow.

NO DEVELOPMENTS IN COMOX AVENUE MURDER POLICE ANNOUNCE TODAY

Though many rumors are circulating about the city, Inspector William Spiller announced this morning that there were no new developments in the investigation of the murder on Tuesday of Esther Killas of Comox Avenue. Many possible clues have been investigated but, so far, have merely led to blind trails. Assurance was reiterated that the press would be notified immediately any such step as an arrest had been taken.

The police are apparently now working on the theory that the fiend has made his escape from the city although this may or may not be the case.

HAYSPOUT CANNERY HAS BEEN LEASED BY J. H. TODD & SON

Announcement was made this morning by J. H. Johnston that J. H. Todd & Sons Ltd. had leased the Hayspout cannery of the Maritime Fisheries and that it would be operated this season in conjunction with Interness Cannery. Negotiations to this end were completed this week.

Mr. Johnston left on this morning's train on his return to Inverness after a brief trip to town.

A. T. Sandison, manager of Hayspout Cannery, will sail tonight on a business trip to Stewart.

NO CHARGE OF FALSIFICATION

DEFENDANTS IN CURRIE LIBEL CASE NOT ACCUSING GENERAL THIS RESPECT

COUBOURG, April 21.—"I desire to state that neither in the article nor in the pleading was there any thought of implicating Sir Arthur Currie by inference or otherwise. I did not think so and will never think so that there was any suggestion of falsification of records knowingly, directly or otherwise."

This statement was made by W. T. R. Preston, co-defendant, with F. W. Wilson in the \$50,000 libel action against them by Currie.

Counsel for Wilson asked if the associated himself with Preston in this respect and he replied: "I certainly do." The nominal roll of casualties incurred on the dates of November 10 and 11 produced by Colonel Orde. Judge advocate general, showed the total casualties of 1067 killed and 119 wounded. For Armistice Day, November 11, one man was killed in action, fifteen wounded and no one died of the wounds.

CANNED SALMON BUSINESS

The business of handling the canned salmon from the Skeena and Naas Rivers belongs naturally to Prince Rupert. There is here a huge dock and warehouse built especially for the business and yet the salmon does not come here.

The fish is caught in this district by outside people and it is about time we insisted that this port get some of the business. It is just a condition such as this that has made people here ask for the formation of a new province in the north. If we had our own province we could make conditions such that the fish would have to be brought here for labelling and reshipment.

It would seem as if it would be good business for the salmon to be taken to the nearest point. It could certainly be done cheaper than to take it five hundred miles. If the C.N.R., C.P.R. or Union boats will not make a good price, it will be easy to arrange for the transfer of the fish on scows, even if we have to commandeer the Bushby scows.

We believe the suggestion of B. C. Keeley made to the board of trade council is a good one and we should drive hard to get that business.

HELP TERRACE GOLF LINKS

It is probable that Prince Rupert people will be asked to co-operate with the people of Terrace in putting in a golf course at that place. Some co-operation will be necessary in order to have a resort where Prince Rupert people may go for a holiday.

A plan is being prepared by the people of the interior town and it is confidently to be expected it will be brought to fruition. With a golf links at Terrace and a gas-electric car operated on the railway to that place, we shall be pretty soon ready to entertain tourists and at the same time provide a holiday recreation for the people here.

PRINCE RUPERT FAIR

Now that it has been definitely decided to go ahead with the fair, what is necessary is to make it a success. It would have been better to pass it up than to let it be a failure through lack of enthusiasm. President McCaffery has a strong board of directors and there is no reason why the present should not be a banner year. We strongly urge that citizens unite in this matter and make the present year far overtop all previous efforts.

TOLMIE MAKES HIS ENTRY

Hon. S. F. Tolmie has formally made his entry into B.C. political life by accepting nomination at Saanich yesterday. It is his home district and doubtless he will be elected there. Doubtless, too, he will now resign from the Federal House and devote his whole attention to British Columbia, with which place he has thrown in his lot, politically.

MEDICAL MEN PATROL BANKS

THEY PLY PROFESSION ON FISHING GROUNDS AMONG CREWS OF FRENCH VESSELS

BOSTON, Mass., April 20.—Two medical men are members of the staffs of the coastguard cutters Mador and Mojave, assigned to patrol duty off the Grand Banks on a lookout for icebergs. But the doctors' duties are not confined to maintaining the health of the crews.

They are called upon often to minister to crews of French fishing vessels which cross the Atlantic to ply their trade on these great fishing grounds.

The physicians are the only medical men whose advice and aid is available to crews of these small craft while they

are laying and hauling their nets on the banks.

HAITI IS BEING REHABILITATED BY THE UNITED STATES

WASHINGTON, D.C., April 20.—Haiti is being rehabilitated at an almost unbelievable pace, in the opinion of John H. Russell, United States High Commissioner, who has reported to Hon. Frank B. Kellogg, Secretary of State, on the accomplishments of United States officials during the last year.

The prosperity and happiness of the Haitian people have been materially increased, he declared, and the financial policy inaugurated by President Poincaré shortly after assuming office in 1922 has resulted in establishing their finances on a sound basis.

PARLIAMENT WORKING HARD

MEMBERS ARE JUST NOW DEALING WITH BIG QUESTIONS AT OTTAWA (By R. J. Deachman)

OTTAWA, April 21.—The members have returned to their solemn tasks and duties in the city of Ottawa. The respite has brought the bloom of health to faded cheeks. Too assiduous in the service of their country, some of our members were yearning themselves out. Members are always glad to get away for a few days. Ottawa is a fairland of enchantment to the now-come. Anticipation is always greater than realization. Those who have made trips abroad usually express the opinion that the most delightful part of it was the first glimpse they got of their native land on return. Members of parliament are much the same. Coming down to the session has a charm of novelty. Getting back for a few days at home is welcome relief.

Many members of the civil service are glad to see them go. The member of parliament has an insinuating nose for news. There are a tremendous lot of things he wants to find out. He asks questions. He asks them persistently and then when tired out with the task, he looks at the small boy at the close of a hard day's play, he is always able to look up and still ask "why?" Now all these things engage the time of the civil servants. Civil servants, as a rule, are hard working people. Their hours may seem short to those who go out to tend the stock when the frost is in the pumpkin and the corn is in the shock. But it's a type of work that kills and no one who knows, envies the work of the civil servant at Ottawa.

THE CORRESPONDENCE COMES

For some time, conversations have been going on between the United States and Canada in regard to the deepening of the St. Lawrence Canals. Naturally enough these negotiations are not carried on directly under the eyes of newspaper correspondents. We have not yet reached that stage of open diplomacy. Some curiosity was exhibited from time to time in regard to these matters and statements have been made in the press dealing with the proposed arrangement. Needless to say, these discussions have been preliminary only. We are not likely to rush into the construction of the St. Lawrence Canals on an over night arrangement without full discussion before the people of Canada. Premier Mackenzie King stated the case as follows:

"The government has taken the view from the outset that the St. Lawrence project was one of the largest with which Canada had ever been faced, and we have felt that we should proceed in the preliminary negotiations which have thus far taken place with the utmost caution, not with undue haste, and on the other hand, not with undue delay but rather should make progress in the light of the importance of the project and in a way which will enable public opinion gradually to formulate and express itself."

"If the project were one that would come in the course of time, and he believed it would, then the country would be all the surer by proceeding step by step in the right direction."

OUR SHIPS

For some years, Canada has had a merchant marine. It has been a considerable cause of worry. These ships were built during the war period when cost of construction was high. At the bottom of the tale lies the fact that they are not by any means efficient ships in comparison with ones which have come into use in later years. Their coal consumption is large. They are slow. Operating cost is heavy and so they have been more or less a matter of trouble. However, there has been a gradual tendency to improve. In 1924, the operating loss was \$1,440,000.00. This fell to \$948,000.00 in 1925 and \$90,000.00 in 1926. In 1927, it increased to \$720,735.00.

Last year was a poor year for the owners of ships. The volume of traffic moving from Canada to the United Kingdom fell off. The earnings were seriously curtailed and sailings on some lines had to be cancelled or re-arranged. Sir Henry Thornton expresses greater hope for the coming year. The ownership of these vessels is a heritage from the war. We would not have gone into the business had we not been drawn into it. But it would appear that we have perhaps reached a stage at which the idea of sending good money after bad, might be worth considering. Strange as it may seem, that is sometimes the most worthwhile method of getting your own back. With modern ships displacing some of the old ones, even with added capital cost we might succeed much better. The method is at least worth considering.

THE NATIONAL RAILWAYS

The report of the national railways is a much more hopeful document. Despite the fact that earnings this year were not so heavy as last year, there is abundant evidence of the fact that the system is being co-ordinated and that a bunch of railway shreds and patches, are being brought together in one co-ordinated whole. The earnings of the telegraph system controlled by the railway, are improving. The hotel system is producing better results. Improved terminal facilities must be provided at Montreal within the next few years. Increased expenditures along this line may be anticipated in other cities, but Montreal is perhaps entitled to early consideration.

Man in the Moon

Think what a brilliant man he'd be: He'd knock them all kerjummock. If only things were different so. His skypiece was his stomach.

Many a girl marries a man because of his figure. She likes to see it in his bank book.

She looks just like a dressed up stick. Her daughters look like logs. The reason is because they buy By mail from catalogues.

The nasty hens. Some missionary women of the United States want to keep the girl who was once Nancy Miller out of the United States. They hate to think of her being a princess and their daughters having to marry common ordinary United States citizens.

Would be great fun to be a breeze And blow about the silk clad knees. But many knees without a doubt. Are nothing much to blow about.

A stout man was shocked to see a boy comfortably seated in a crowded street car when two women were standing.

"Get up and let one of these ladies sit down," he said.
"You get up and let them both sit down," replied the boy instantly.

The first day in school the little boys took their seats and waited until the teacher took their names. The first one said that his name was St.

"No," the teacher corrected, "you musn't say St. Say Silas."

Next she came to one who said his name was Tom.

"No," said the teacher impressively "it's Thomas."
"And now, little boy," she inquired of a lad in the end row, what is your name?"

"Jackass," responded the bright lad.

This city is full of optimists. Quite a lot of them every day believe the yarns about some man being arrested for the big crime.

Ten Years Ago in Prince Rupert

APRIL 20, 1918.

City Solicitor Fred Peters, K.C., urged to the police commission yesterday afternoon that the restricted district be reopened. Since it had been closed, he said, supervision by the police had become much more difficult. Commissioner S. D. Macdonald told of certain disorders that had occurred on Fulton Street.

It is urged that, in the present time of war stress, that people would be better feeding sheep than pet dogs.

TERRACE DEALS LOCAL AFFAIRS

VILLAGE COUNCIL DISCUSSES HERD LAW, FINANCE AND OTHER MATTERS

TERRACE, April 21. — The regular monthly meeting of the village council was held in the council chambers on Tuesday evening, councillors J. K. Gordon and E. T. Kenney as well as H. Halliwell, clerk, being in attendance.

Following preliminary business a letter was read stating that if the new municipality desired to have the census of the village taken, it would be necessary to ask the attorney general's department to do the work at municipal expense. Also that if it was not done this year, it could not be done for another five years. No action was taken in the matter.

The value of government property within the municipality was placed at \$15,505, according to a letter from the assessor's department.

As this property is non-assessable and no revenue collected from it by taxation the report was filed.

A letter from the public works department announcing that Lazelle Ave. had been classified as a primary road and Kalum Street a secondary road was read. Under this classification the government pays seventy-five per cent of the up-keep of the primary road and also assists materially with the secondary road. It was decided to sign the attached agreement in this connection as prepared under the Highways Act.

A preliminary reading of the classification of roads bylaw regarding the secondary road was made.

The financial statement showed a shortage of funds to meet the accounts, a condition to be expected until taxes are due. Some discussion took place as to the advisability of exercising their authority to borrow money, but it was decided to leave the matter until a meeting next week.

At a request from the board of trade that the council take some steps to have an inspection of chimneys made, and repairs affected where necessary, it was decided to have the clerk draft a bylaw covering the matter in accordance with the act and submit it at a future meeting.

The enacting of a herd law came up for discussion, several complaints having been made of the nuisance caused by cows and cow bells around the town. As a means of overcoming these complaints without depriving stock-owners of the benefit of the splendid pasture on the townsite it was decided to post a notice asking the owners of stock running loose to remove the bells.

SMITHERS

H. C. Shinn of Francois Lake will quit active farming in order to devote his entire time to the affairs of the Francois Lake Timber Products Ltd., an organization formed for the purpose of co-operatively marketing timber products.

Contrary to recent reports, word has been received from R. J. McDonnell of Stewart that there is no deal under consideration for the sale of the Coronado mine.

Rev. George Turpin, local United Church pastor, has accepted an invitation to reconsider his resignation. He will give his decision within two weeks' time.

There was cold weather and a light snowfall in the Bulkley Valley at the first of the week.

Vancouver interests are planning to establish another moving picture show in Smithers Hall.

Capt. J. J. O'Brien of Philadelphia arrived in town this week after having spent the winter in Europe and is inspecting the progress of operations on the Victory and King Tut mines.

The provincial government is planning to put in a well drilling outfit for the assistance of farmers with dry land in the vicinity of Smithers. J. W. Exley, who has land between Smithers and Telkwa, has been negotiating to his end with Dr. H. C. Winch, M.L.A.

Rev. Father A. Vallieres, O.M.I. made a trip to Fraser Lake this week on church business.

Many former residents of Smithers district are now in Stewart. Among them are R. J. McDonnell, W. J. Wake-

field, Irving McMullen, Edgar Harris, William Reid, Charles O'Neill, Major C. B. North, Howard Campbell and "Rube" Hull.

R. D. Featherstonhaugh, well known mining engineer, is spending a few days looking over properties in this district before proceeding to Prince George whence he will take an outfit in to develop placer leases on Findlay River.

Scenes resembling Eastern market days were in evidence in Smithers on Tuesday of this week when people from all parts of the district gathered to attend a big auction sale put on by Ed. Eby.

To remove a fire hazard which caused at least one conflagration last week when an unoccupied house near the railway owned by C. E. Doolittle was burned, the village commissioners are causing old grass on the townsite to be burned under guard.

W. S. Henry has completed extensive alterations to his offices and garage here.

I. A. Arnold and son have taken over the old Beaton barn headquarters for the transfer business which have established here.

NEW HAZELTON

Arthur Leveritt, an old timer of this district who has been engaged in freighting to James Bay for the Hudson Bay Co. for the past year or so, was a visitor here last week enroute to Vancouver where he will spend a couple of weeks with his family.

Bumper Week for Halibut Landings — Trolling Operations Starting Outside — Owners Pleased With New Boats

Heavy individual landings by Canadian halibut boats featured the past week at Prince Rupert during which the bumper total quantity of 1,981,000 pounds—435,000 pounds Canadian and 1,546,000 pounds American—has been landed here. Good weather prevailed around the middle of April and many boats have made comparatively short trips but came back with the largest catches of the season. The size of the catches has no doubt compensated to some extent for the low level of prices. Six Canadian boats during the week landed their sixth catches of the season. They were the Unome, Ingrid H., Bingo, Viking I, Tern and Marguerite.

Halibut landings at Prince Rupert for the season to date up to yesterday stood at 5,691,500 pounds—1,561,800 pounds Canadian and 4,129,700 pounds American—as compared with 4,927,250 pounds at a similar date last year made up of 3,686,300 pounds American and 1,240,950 Canadian.

The highest bid for American fish during the week was 10.5c and 6c which the following boats received: Bellanca I, 17,000 pounds; Tye, 19,000 pounds; Star, 12,000 pounds; Bravo, 8,000 pounds; Betty, 11,000 pounds; Wave, 6,500 pounds; Flattery, 7,500 pounds; Mildred II, 8,000 pounds; and Caroline, 6,000 pounds. The lowest price for American fish was 8c and 4c. The top Canadian bid was 8.9c and 6c taken by the Cape Spear for 6,000 pounds. Canadian prices sank as low as 7c and 4c which was paid by the Canadian Fish & Cold Storage Co. for freezing.

Spring salmon were reported about the middle of April to have started running in Rennel Sound on the Queen Charlotte Islands. Larger trolling boats from Prince Rupert have started to cross Hecate Straits in order to engage in the fishing around Hippo Island.

A new chart of Casman Sound and approaches has just been issued by the Canadian Hydrographic office. It is announced by the department of marine and fisheries. Copies are free in exchange for 25c.

A CORRECTION

A letter has been received from Edward Lipsitt, Ltd., Vancouver, per W. E. Drake, pointing out that it was recently stated in the Waterfront Whiffs that the new halibut boat Takla was equipped with a 100 h.p. Washington-Estep engine. The Takla actually is equipped with a 100 h.p. Western-Enterprise diesel engine sold to the owners by Edward Lipsitt, Ltd. of Vancouver. Sorry, Bill!

Power tugs Salvage Princess and M.T.3 arrived Monday night from the North Arm of Porcher Island with a boom consisting of 1,200,000 feet of logs or forty-three sections for the Big Bay Lumber Co.'s new sawmill at Seal Cove. Approximately four million feet of logs have now been delivered for the mill. Some of them have been left at Digby Island and will be brought later.

The Salvage Princess of the Prince Rupert Salvage & Towing Co.'s fleet left early Tuesday morning for Douglas Channel to pick up three hundred piles for the B.C. Packers and distribute them to Lowe Inlet, Claxton and Oceanic canneries. The boom was transferred to the power tug Zanardi when the Salvage Princess went on Wednesday to Gribble Island to pick up and bring here Thursday night the Ketchikan trolling boat Elsie III, which had been run down and damaged by

I use Champion Spark Plugs because they help to make my service more dependable.

Champion is the better spark plug because it has an exclusive sintered insulator specially treated to withstand the much higher temperatures of the modern high-compression engine. Also new patented solid copper gasket-seal that remains absolutely gas-tight under high compression. Special analysis electrodes which assure a fixed spark-gap under all driving conditions.

CHAMPION Spark Plugs Windsor, Ontario A CANADIAN-MADE PRODUCT

built during the winter at the Prince Rupert Dry Dock, expressed complete satisfaction with the performance and seaworthiness of the boats as well as with the manner in which the 75 h.p. Fairbanks-Morse full diesel engines worked. Both boats fished on the west coast of the Queen Charlotte Islands and haled full catches, the Melville weighing out some 32,000 pounds and the Covenant slightly less.

Capt. Iverson stated that it was the largest catch he had landed in eleven years' fishing out of Prince Rupert for which he had received the lowest price—7.6c and 4c and netting a check of \$2,100. The six man boat was out about twelve days and, in spite of the low price, was by no means in the hole on the maiden trip.

Trolling operations commenced at Dundas Island on Thursday of this week when Capt. Johnny Clouston of the packer Elmer C. established a camp there. Twelve boats were immediately on hand and started fishing, getting one or two springs that day.

Most of the trollers are still located in Warke Canal where the run of fish is still slow.

The prevailing price of late on the Prince Rupert market has been 17c for red springs.

The Dumont logging outfit was towed into town from Warke Canal this week by Capt. C. C. Ketchum with his power tug Wigwag. Operations of this concern have now been closed down.

ALBERTANS AND THEIR RAILWAY

PREMIER AND HON. V. W. SMITH GET LITTLE BENEFIT FROM INTER-VIEWS WITH HEADS

EDMONTON, April 21.—That Sir Henry Thornton of the Canadian National and President Beatty of the Canadian Pacific are to get together as soon as possible for another consultation in reference to the E.D. & B.C. railway question, that the inquiries of the two transcontinentals into the Alberta situation are continuing, and that in the meantime there is no further development in the matter is the word that Hon. V. W. Smith, minister of railways, has brought back with him on his return from Ottawa and Montreal.

Interviews with both chief executive in Montreal and with Hon. Chas. Dunning, federal minister of railways, were secured by Premier Brownlee and Mr. Smith, and the northern railway situation was again thoroughly canvassed. The joint offer by the two companies was not amended, however, and whether or not there will yet be a new offer will likely depend upon the outcome of the next conference between Messrs. Thornton and Beatty, the intention to arrange which was the last word the two ministers got on the subject before leaving for home. "The situation remains much as it was," says Mr. Smith, "except that the air has been cleared somewhat by our further discussion of various facts and figures that enter naturally into the case."

LIGHTHOUSE KEEPER'S WIFE SEES WOMAN FOR FIRST TIME 2 YEARS

SKIDEGATE, April 21.—Captain Bob Scott arrived back from Cape St. James at the week-end in the mission launch Thomas Crosby. A landing was made at the lighthouse, the first success after five previous failures, as a result of rough weather.

Mrs. Scott accompanied her husband and it was the first time in two years that Mrs. Lawrence, the wife of the light keeper, had seen a woman. To reach the lighthouse it was necessary to climb 350 feet up a steep cliff and this can be done only when the sea is smooth.

FIRE PREVENTION IS THEME OF SPEAKERS

R. E. Allen, district forester, left for the interior today and will spend next week addressing schools and disseminating the gospel of fire protection during next week, which is fire prevention week.

George Nickerson of this city will give a short address to the Rotary Club at their luncheon Thursday afternoon on fire prevention.

The matter of fire prevention will also be taken up in the local schools.

DREADFUL ERROR

General—Look here, my man, why don't you be careful?

Army Clerk—What is wrong, sir?

General—Why, instead of addressing this letter to the "Intelligence Officer" you have addressed it to the "Intelligent Officer." You should know there is no such person in the army.—Stratford Beacon-Herald.

TISSIE, NOT TCHOO

Isaac Rosen stepped into the corner grocery store.

"I want some pepper," said he to the lady clerk.

"What kind do you prefer, black or light colored pepper?" she replied.

"I don't want either kind; I want tissue pepper."

She—George, what do you have to do when you want to draw some money out of a bank?

He—You have to put some money in the bank beforehand. That's always been my experience.—Pearson's.

BLIND MEN MAKE BROOMS VANCOUVER SAYS MANAGER HERE

An interesting visitor to the city yesterday was C. Brawn, manager of the broom factory of the Canadian National Institute for the Blind. At the factory in Vancouver there are twenty blind men employed at the work and earning about twenty dollars a week each and turning out a well-finished article. It has been in operation for five years and the product, about a thousand a month, is marketed in B.C. and Alberta.

Mr. Brawn says about half the men are married and some of them have blind wives. The provincial government makes a small grant toward the institute.

Thompson, Mrs. Redpath and Mrs. D. C. Stuart.
Cashier—Mrs. J. S. Irvine.
A whist drive was held at night with Mrs. M. McArthur and Mrs. Joseph Brown in charge.

Winners in the whist drive were: ladies' first, Mrs. N. Mussallien; ladies' second, Mrs. Harry Ormiston; men's first, S. M. Newton; men's second, Ald. George Rudderburn. There were eight tables.

Winners of the raffles were: Table cloth, Mrs. R. Cameron; sack of sugar, Angus McPhee; painted cushion, S. D. Macdonald; electric stove, Marcus Andrews. Winning tickets were drawn by little Miss Norma Archie.

J. S. Irvine was master of ceremonies and Mrs. McPhee presided at the door.

FAMOUS INN MAY BE RAZED

ANOTHER BUILDING MADE FAMOUS IN PICKWICK PAPERS IS THREATENED

LONDON, April 20.—Another famous link with Mr. Pickwick and his merry companions is threatened with destruction. The "George and Vulture" Inn, in George Yard, Lombard Street, is expected shortly to have to make way for street improvements.

It will be remembered that it was at the "George and Vulture" that Mr. Pickwick took his quarters after he gave up the rooms at Mrs. Bardell's in Goswell Street. Here it was that he was arrested by the sheriff's officer for non-payment of the damages and costs in the breach of promise action.

The "George and Vulture" of today is very different from the hostelry of Mr. Pickwick's time. Strictly speaking it is not now an inn at all, for all its three floors are devoted to serving meals to the hungry workers of the neighboring offices. Nevertheless the house maintains as much of the Pickwick spirit as it can. There are the old fashioned box seats for diners, and the walls are covered with valuable old-time prints dealing with the Pickwick Club. The City Pickwick Club holds its meetings here, and the Dickens Fellowship has often held gatherings here also. In 1927, when the Pickwick Papers were first being published in monthly parts, a club for the circulation of popular literature used to meet at the "George and Vulture." When it was proposed that the club should subscribe for the Pickwick papers an amendment was moved that the new work was vulgar. The amendment was lost and an addition was made to the original motion that the monthly parts when complete should be bound into one volume. This volume was sold a year later for 13 shillings and sixpence. It is now in the British Museum library where it is preserved as a national treasure.

WAS SO NERVOUS, and SHORT OF BREATH COULD HARDLY SLEEP

Mrs. Louise Raglin, Golden Lake, Ont., writes: "For several years I was greatly troubled with my heart. I was so nervous and short of breath I could hardly sleep at night, and if I did sleep for a while I had bad dreams.

"I managed to keep at my work, somehow, until I began to have dizzy spells which got so bad I had to give up. I used many kinds of medicine, but found no help until I got a box of

After the first box I found a great change, and after two boxes I was as well as I could be.

"I told my mother, who had choking sensations, about them and they helped her greatly."

Laundry Washed Clothes Are Not Rubbed

Are Not Rubbed

YOU know how you douse your dainty lingerie up and down in a bowl of sudsy water... that's the way your clothes are washed in a modern laundry. They are not rubbed or scrubbed but are gently swished back and forth in warm filtered rainsoft water until the pure soap actually foams. Every particle of dirt is loosened without unduly lessening the tensile strength of the fabric. Then come many rinses of rainsoft water so that your laundry washed clothes not only look and feel clean but are scientifically clean.

Direct Means to a Definite End

Chiropractic Spinal Adjustments are a direct means to a definite end, which is the freeing of the nerve lines from any spinal pressure that interferes with their function of delivering the vital energy which animates every organ of the body.

Because the proof that they accomplish this purpose is ever increasing in volume, Chiropractic is rapidly becoming the paramount health service. This is true and fitting, because it deals with the same cause of disease. Without a cause there can be no effect.

By my chiropractic health method I correct diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and lower organs.

DEFEATED NEW YORK YANKEES IN TIGHT CONTEST YESTERDAY—ALL FIRST DIVISION TEAMS LOSE

(Special to Daily News)

NEW YORK, April 21.—All first division teams in the American League lost their games yesterday including the New York Yankees, who were beaten 2-1 in a tight contest by the Philadelphia Athletics who thus won their first game of the season, and the Cleveland Indians whose recent winning streak was ended ingloriously by the Chicago White Sox 11 to 1. There is no change in the standing of teams, the Indians still being in the lead over the Yankees and the Washington Senators who are tied for second place.

The St. Louis Cardinals moved up on the New York Giants for National League leadership by defeating Pittsburgh Pirates who were returned to their residence in the cellar. Brooklyn Dodgers took third place by winning over Philadelphia, displacing the Chicago Cubs who were shut out 6 to nothing by Cincinnati, now in fourth place. New York and Boston were idle.

The day's scores were as follows:

AGGREGATE VALUE OF \$988,108,470.

PRODUCTION FOR YEAR ENDING DECEMBER, 1926, \$67,188,842

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing—

THE HONORABLE THE MINISTER OF MINES,
VICTORIA, BRITISH COLUMBIA.

N.B.—Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

Reports covering of the Six Mineral Survey Districts are published separately, and are available on application.

EDMONTON GRADS TO DEFEND TITLE WHEN THEY MEET LAKESIDES

EDMONTON, April 21.—The Edmonton Grads basketball team will meet Toronto Lakesides at the arena tonight and a tremendous feminine struggle is looked for. The local girls have trained faithfully and the visitors, who have had two days' rest, are looking fit as it is possible to be. This tussle for the ladies' championship is likely to be a real battle.

BLUE BIRDS WON

The Blue Birds won their first game in several starts against the Robins in the series of ladies' hockey matches on roller skates which is being held at the Auditorium. It was a hard fought game and the teams were evenly matched.

ANNUAL DANCE FINE SUCCESS

TWO HUNDRED AND TWENTY-FIVE PERSONS PRESENT AT ENJOYABLE FUNCTION GIVEN BY ELKS' LODGE

The annual dance last night by Prince Rupert Lodge, Benevolent and Protective Order of Elks, was a great success. Some 225 persons were in attendance and enjoyed the festivities so fully that they were loath to leave after the home waltz was played at 2 a.m.

Exceptionally fine music was played by A. Small and the Elks' Orchestra. Moonlight waltzes were featured and these seemed to be very popular.

The variety program included the performance of Exalted Ruler R. Graham who, much to the entertainment and enjoyment of the crowd, demonstrated his skill with tricks of magic including sleight of hand.

W. E. Williscroft, past exalted ruler, gave the Elks 11 o'clock toast which was an interesting and impressive ceremony. Mike Budinich was master of ceremonies and W. D. Vance presided at the door.

E. C. Baylis presided over the punch bowl which was soon drained. Refreshments were served at midnight under the direction of Eddie Clapp and Jack Cobb who were assisted by other Brother Elks.

The event took place in the Moose Hall.
