# REPORT MADE ON VANCOUVER POLICE

## FIERCE STORM RAGES IN WESTERN ALASKA SEVERAL DAYS

### Open Policy of Mayor Taylor is Blamed for Police Condition in Vancouver by the Commissioner

Says Is Forced to Conclusion that Neither Mayor nor Police Received Protection Money From Chinese of Vancouver.

VANCOUVER, Aug. 24.—"It should be stated here that the Vancouver police force has recently been demoralized for many reasons, chief of which appears to be the fact that the mayor of the city (Louis D. Taylor) was elected by a majority of 8,000 votes on a policy which has been termed an open policy," R. S. Lennie, the commissioner who investigated the charges against the city police force, stated in his report to the city council today. The commission did not make any recommendations, pointing out that the responsibility for action rested on the city council.

A summary of the evidence shows that in addition to the mayor's so-called open policy, which seems to be at the root of the trouble, there are many other reasons contributing to the demoralization and inefficiency of the force," he stated.

In connection with charges that members of the force had received bribes from gamblers, the commissioner states:

"I am forced to the conclusion that whatever disposition may have been made of any so called protection money as among Chinamen themselves, none of it ever reached any member of the police force or the mayor of the city.

Referring to charges of Frank Casisa, admitted operator of disorderly houses, that he had made regular payments to Detective Sergeant McLaughlin and Detective McGregor for protection, the commissioner found the charges unsupportable.

Commissioner Lennie recommended that the Board of Police Commissioners should consist of a judge of the supreme court, the police magistrate of the city and at least two outstanding citizens. As an alternative he recommended that the commission be elected.

### Vancouver Board of Trade Members Here Today Making Annual Goodwill Excursion

Over one hundred prominent Vancouver business and professional men are due in the city in the course of the annual excursion of the Vancouver Board of Trade, designed to aid in the development of trade and mutual good feelings between the southern centre and provincial points. The party will arrive in the city late this afternoon aboard the C. P. R. steamer Princess Alice, Capt. Thomas Cliff, chartered especially for the occasion, and will be here until midnight when the group will proceed to Anyox, Alice Arm and Stewart. Powell River, Ocean Falls and other coast points have already been visited in the course of the cruise.

### BABCOCK URGES CONSERVATION

SAYS FINDING SALMON IN UPPER FRASER LIKE NEEDLE IN HAYSTACK

VICTORIA, Aug. 24.—To find salmon spawning in the upper reaches of the Fraser River is like hunting for a needle in a haystack, says the annual report of the provincial fisheries department prepared by John P. Babcock, deputy commissioner of fisheries.

Reports on the halibut situation in northern British Columbia are likewise pessimistic and the necessity of measures to conserve the halibut as urged by the international commission is stressed.

### PREMIER KING IS HONORED

SENDS TELEGRAM OF WELCOME TO SIR AUSTEN CHAMBERLAIN ON BEHALF OF CANADA

PLYMOUTH, Aug. 24.—Premier Mackenzie King and Secretary Kellogg arrived here last night on the Ile de France and were accorded a civic welcome by the mayor and other dignitaries who boarded the ship.

The Canadian premier said he would visit England before returning home. He said he hoped to see both Premier Baldwin and Mr. Amery.

In a telegram to Sir Austin Chamberlain who is shortly to visit Canada and the United States for his health, Mr. King assured him a hearty welcome on his arrival in the Dominion. The Premier's telegram also expressed to Sir Austin on behalf of the Canadian people and personally his deep regrets that the foreign secretary's illness prevented him from being present to sign the anti-war treaty. "This feeling of regret will be felt in all parts of the Empire," he said.

When asked to comment on the arrangements recently concluded for sending miners to the Canadian harvest fields, the premier said: "We want immigrants and we prefer British stock. If British immigrants want to work we are always ready to accommodate them."

### POSSIBLE FAKE MESSAGE FROM LOST AVIATORS

AMATEUR GETS WHAT HE THINKS IS REAL CALL BUT OTHERS DOUBT ITS AUTHENTICITY

CHICAGO, Aug. 24.—A wireless message signed "Rockford Flyers" was received in Chicago today by R. J. Harris, an amateur operator.

The message said the plane was down on a small island fifty miles off Newfoundland owing to oil feed failure Sunday morning.

"Flyers safe. Only way you can get to us is by ship," said the message. It further said that food supply was running low and the wireless set was being operated by power from a generator. An effort to arrange a later hour for conversation was answered in this way: "We are very tired and need sleep badly. Will call you tomorrow night."

Harris said he was very confident the message was bona fide but other amateurs pointed to several discrepancies. They pointed out that neither Hassel nor Cramer had more than a sketchy knowledge of wireless and Cramer, the better of the two, could compose a sentence with the key with great difficulty.

Harris said, on the other hand, the signals came through as from the hand of a veteran operator.

One amateur asked where power could have been supplied by generator as the plane used batteries. The message too, was not on the wave length used by the flyers.

**BISHOP BANGOR DEAD**

### Second Message Purporting to Come From the Two Lost Aviators North of Newfoundland and Asking for Help

COPENHAGEN, Aug. 24.—Authoritative reports from South Greenland yesterday that Bert Hassel and Parker Cramer were sighted Sunday over the village of Fiskeneset have stirred the utmost optimism among experts that the United States airmen will be found safe.

NEW YORK, Aug. 24.—Eric Palmer, a Brooklyn amateur radio operator this afternoon reported that he had just been in communication with a station reporting as the missing plane "Greater Rockford."

The message read: "Hello, old man; we are on an island 50 miles north of Newfoundland and using a wind generator for power. Talked last night with 9CDJ Chicago. Please send help."

### MURDER CHARGE AS RESULT OF SUICIDE PACT

WOODSTOCK, Ont., Aug. 24.—Robert Childs, the 20 year old son of Alderman Fred Childs, was arrested last night on a charge of murder following the verdict of a coroner's jury which held him responsible for the death of Miss Gertrude Yelland, his sweetheart, in an alleged suicide pact Monday.

### VISCOUNT'S GRAVE OPEN

GLEN EAGLES, Aug. 24.—The grave of Viscount Haldane was found opened this morning with indications of an attempt to pry open the coffin. Lying asleep beside the grave was a man who stopped the funeral procession of the former minister yesterday. ### Seward Threatened with Disaster as Result of Fierce Storm in Alaska

City Plunged into Darkness and Water Supply Partly Cut Off—Places on Alaska Railway Report Damage.

SEWARD, Alaska, Aug. 24.—After three nights of continued rain which reached a climax Wednesday, Seward is again threatened with disaster by the raging waters of Lowell Creek in the greatest flood since 1917, where houses were washed down stream. Third Avenue bridge has collapsed breaking the power flume and plunging the city into darkness besides cutting off part of the city's water supply.

Fourth Street bridge was threatened yesterday and with it the remaining water supply mains.

Thousands of feet of lumber of the Warrack Construction Co. of Seattle with which they had begun the building of the \$100,000 flood control flume, was carried down stream and piled up with mud and rock on the tracks of the Alaska Railroad.

The storm was still raging yesterday bringing reports from outlying districts as far away as Moose pass or the widespread damage and the weakening of the railroad and highway bridges.

### BRIDGE AT HAGWILGET IS TO BE CLOSED

VICTORIA, Aug. 24.—Hagwilget bridge over the Bulkley River close to New Hazelton, which has been condemned by the engineer of the Department of Public Works, will be closed to traffic. It was decided at a meeting of the executive council yesterday.

### Verdict of Inquest is That Ernest Maynard Was Shot in Back by an Unknown Person

Mystery still Surrounds Affair in Which Well Known Man Lost His Life at Adenbrook Island Lighthouse

Mystery still surrounds the killing late last week of Ernest Maynard, keeper of the light at lonely Adenbrook Island, about two hundred miles down the coast from here. What seemed, according to first reports, to have been a case of suicide is shown by later information to have been clearly a matter of foul play. Shot in the back of the head, the unfortunate man's body was found face down on the small wharf of the light station. Indicating that the killing had taken place at night, there was a lantern in the dead man's hand and the body was only partially clothed. The theory advanced is that Maynard must have been called out from the light-house in the dead of night by some alarm and shot by some assailant. Identification of whom may prove to be a very difficult matter.

There was no weapon near the deceased, the nearest being two guns in the light-house quarters. Peculiarly enough, the doors of the lighthouse, itself were locked.

Discovery of the tragedy was made by two fishermen who, operating nearby, perceived the light to be burning in broad daylight and proceeded to investigate. Going on the small island from the rear, they first attempted to enter the lighthouse and found it locked up, there being no response to their calls. Then they went down on the wharf to make the shocking discovery of the dead man's body.

A pioneer of the city and the north, the late Mr. Maynard for several years after the War, in which he served, was the keeper of Lucy Island lighthouse. Only a few months ago he was moved to Adenbrook. For several years before the War, he was janitor of the City Hall and was well acquainted in the city. Many friends were shocked to learn of his untimely demise.

The tragedy is still under police investigation with Inspector William Spiller in charge.

That Maynard had been shot in the back and killed by a person or persons unknown was the verdict of an inquest held at Ocean Falls into the tragedy. Interment has taken place at Ocean Falls.

A soft-nosed bullet entered Maynard's head which was virtually shattered. Inspector William Spiller, returning to the city this afternoon after making an investigation of the tragedy, said that he had no statement to make in regard to the matter.

VICTORIA, Aug. 24.—A thorough investigation will be made into the affairs of the P.G.E. and its possibilities after which it will be decided whether or no the line will be sold. Should it be decided to retain the railway, a scheme will be mapped out whereby it may be made as useful as possible to the province. That is the present view of Hon. S. P. Tolmie as stated here. He declares that this problem will be on of the first tackled by the Government after it has set its house in order.

### ADMIRAL ASKS IMPERIAL NAVY

SAYS WILL BE REQUIRED JUST AS LONG AS COMMERCE CARRIED BY SEA

VANCOUVER, Aug. 24.—Declaring it was a matter of business and not sentiment, Vice-Admiral Sir Cyril Fuller, commander in chief of the North American and West Indies squadron, made an eloquent appeal for support for an "adequate imperial navy" at the Canadian Club luncheon given in his honor yesterday.

"So long as commerce is carried by the sea, the only safeguard is an adequate navy," he declared, "just as is insurance or the village policeman."

### P.G.E. PROBLEM FOR CABINET

LEARNING TO SAY NOTHING

Wednesday Attorney General Pooley was quoted as saying there would be changes in the liquor act. Thursday the same man took it back and declared there would be a stock taking before any policy was enunciated. That possibly means that Mr. Pooley has had to learn his first lesson in diplomacy and the first lesson is to avoid saying anything that will commit the Government.

Naturally if one member of the cabinet begins saying what will be done when the other members have not yet had an opportunity to discuss it, there will be trouble.

After a period of intensive talking during the campaign it is very difficult for new members of a government to avoid saying something. The change is sudden, yet it is necessary. Liberal members had to learn that. Some of them had to be called down hard before the lesson was mastered. So in this new government, the members will have to learn that no member has a right to express an opinion on a question which is likely to come before the Government for action, unless he first has discussed the matter in cabinet council and been delegated to make the announcement.

SILENCE IS GOLDEN

So in a great many walks of life. Many people like to hear themselves talk and they are often the people who have not much to say. The executive usually is a man who keeps his own counsel or who talks matters over confidentially only with a very few. More people are ruined by talking too much than by being dumb. Silence is golden.

WATCH UNITED STATES POLICY

A great many people know nothing of their southern neighbors although living so near and mingling with citizens of that country continually. They are so fearful of becoming Americanized that they will not read anything that has to do with the United States. They are much like Big Bill Thompson of Chicago, only they happen to be on the other side.

Today there is a big political campaign in progress in the States and the problems with which they have to deal resemble somewhat the problems with which Canada has to deal. We can learn many lessons from our neighbors. That is on reason why the Daily News will endeavor to give the outstanding features of the presidential election as they occur from time to time. Yesterday we gave a good summary of the address of Governor Al Smith and it was a very interesting address. We make no apology for giving it prominence. The day previous we had something about the Hoover campaign. To us the election is somewhat in the nature of a big sport event in which the winner is absolutely uncertain. There will be thousands of new alignments as a result of the choice of candidates and the result is in the lap of the gods.

NEW CAMPAIGN FOR TWO WEEKS

PRIZE OF \$100 IN EACH DISTRICT GIVEN TO CANDIDATE WHO GETS MOST POINTS EVERYONE STARTS EQUAL THIS DOES NOT INTERFERE WITH FORMER STANDING BUT IS EXTRA STIMULUS

Today (Friday) marks the start of the new \$200 competition in The Daily News' \$4,000 Prize Campaign. In this new competition The Daily News is giving an EXTRA \$100 cash prize to the candidate in each district who secures the most points in subscriptions in the next two weeks. Full details of this offer are given in a large ad in today's News.

An important feature of this new \$200 competition is that each and every candidate—regardless of whether they already have a large or small vote total, or whether they just enter the campaign now—starts now on an equal basis with everyone else in the new \$200 competition. There are no handicaps. Everyone starts today with nothing at zero—as far as the new \$200 competition is concerned. What you do in the next two weeks can mean an additional prize of \$100 in cash to you.

The only relation the new \$200 competition has to the \$4,000 prize campaign is that every subscription you turn in during the next two weeks will count you points on the \$200 competition as well as counting votes in the \$4,000 campaign.

Surely here is an unexcelled opportunity for every ambitious person living in the territory served by The Prince Rupert Daily News to profit BIG in the next few days. This new \$200 offer presents a wonderful opportunity for new candidates and late starters. To the candidates who are active now it presents them the opportunity of winning a double prize in the next few days.

Call on, telephone, telegraph, or write the Daily News Campaign Manager for full particulars. Open from 9 a. m. until 8 p. m. each day Telephone 534

LARGE EXHIBIT FROM BULKLEY

MUNRO ARRANGING REPRESENTATIVE DISPLAY FOR FAIR NEXT MONTH—SPORTS NOT COMPLETE

With the exception of outside sports, arrangements are now practically complete for an outstanding Prince Rupert Exhibition this year. Various minor details were disposed of at the regular weekly meeting of the Fair Board which was held last evening with Aid. A. J. Frudhomme occupying the chair in the absence of President M. P. McCaffery.

D. D. Munro of the Land Settlement Board with headquarters at Smithers, who is in the city today, is again arranging to send to the Fair a large and representative display of agricultural products from the Bulkley Valley. This district exhibit, which was one of the outstanding features of last year's Exhibition, will, it is stated, be even better on this occasion. The Smithers branch of the British Columbia Chamber of Mines is also planning to send a mineral exhibit to the Fair.

The Board decided to give space to the postal department for a postal demonstration booth.

Ocean Falls having advised the Board that it will be unable to send a football team here for Fair Week as was originally planned, the program of outside sports still remains to be settled on. There will, however, be lacrosse and native football.

It is possible that an Edmonton company may be given a concession to operate a merry-go-round. The Cow Boy Parade promises to be a spectacular feature. The Prince Rupert Pioneers' Association is seeking to participate in the parade.

Fifteen white men were sent this week to the saltery at Jedway, Queen Charlotte Islands, and more will be sent shortly to engage in this work at other island points.

Altogether, 350 men were sent from this district to the prairie harvest fields. Of these not more than twenty or twenty-five were actual residents of city. Many went from Skeena River cannery points and there were quite a number from Anxox.

A few men were sent to Digby Island this week to work on extensive improvements that are being made at the wireless station.

## INDIAN CASES ARE HEARD IN COURT

Charges of Supplying Selling, Possession and Drunkenness Dealt With This Morning

There was a batch of cases of more or less importance under the Indian Act for attention of Magistrate McClymont in city police court this morning, the charges having been laid by Dominion Constable A. J. Watkinson. Bernard Perrot, who was found guilty yesterday afternoon and fined \$900, with the option of six months' imprisonment, for supplying liquor to Sam Cecil, Port Simpson Indian, was charged again this morning with selling liquor to Joseph McKay, Metlakatla native. Adjudgment in the second case was taken until this afternoon. John V. Clyne is acting as counsel for the defence.

O. Hirano, Japanese, pleaded guilty to a charge of supplying John George, Hazelton Indian, with liquor and was fined \$50, with thirty days' option. George, the Indian, was in-turn charged with supplying Bert Dennis, Port Simpson Indian, and was fined \$25 and \$30 costs, with option of thirty days.

Joseph Seymour, Hazelton Indian, was fined \$15 and \$3.50 costs, with option of fourteen days, for drunkenness and Nathan Lawson, Port Simpson native, for having liquor in his possession, was fined \$25 and \$9.50 costs, or thirty days in the lock-up.

Playing a tight defensive game and trying upon their star, Joe Gillis, to score in the first half, the Rovers defeated the Rangers 5 to 2 last night in the Junior Lacrosse League. When goals were needed, Gillis beat the whole Rangers' defence for three of the prettiest scores of the game. During the most of the game, the Rangers pressed but the stellar defence of B. Bromner and Wats Erickson for the Rovers, together with faculty shooting, prevented them from getting through successfully.

Scorers were: Rovers—Joe Gillis, 3; J. Campbell, 1; D. Unger, 1. Rangers—Charles Woods, 2.

## VERBAL BATTLE AT OLYMPIAD

SPORTS CRITIC NOT AT ALL PLEASED WITH MANNER IN WHICH GAMES RUN

Evidently Canadian officials have no corner on the protest market, says the sports writer of the Toronto Globe. This disputing of decisions, at first a habit, has deteriorated into a disease at the 1928 Olympiad. It was alleged that the judges, having been selected from the common people, were the low-hat variety and therefore unable to see. Whole minutes were wasted in efforts to discover if certain athletes or officials were the real winners of the events. Decisions were reversed when it was found that talkative officials had scored the most points. For we must remember that in this so-called 'golden age' of sport the main thing is to win, verbal victories being as valuable as any others.

There were no Solomons at this particular Olympiad, and it was not true that Job, the patient one, had any relative among the team officials gathered there. But the common people had company. Royalty being represented at the boxing events, it was deemed democratic to have the representatives of reigning families join in the wild demonstration that followed the decisions of the judges. Thus did the high and low hat contingents join forces. When it was announced that a United States glove man had been defeated, forthwith and exhibiting celerity, his supporters sought the scalps of the judges, and the judges, being men of peace and unusual discretion, changed their verdict in world's record time. It was the first time they had had a real opportunity to write their names in the Olympiad book, containing records of speed. Their right-about-face caused a near-riot, and several fist encounters, with spectators the principals, were narrowly averted.

This was a pity. If some of those talkative fans would only get into the battle occasionally the League of Nations would have a hard time keeping track of all applications for affiliation. Those verbal battle artists are really men of peace travelling in disguise. But getting down to real facts, it does appear that the Anglo-Saxon idea of ring generalship and effectiveness is all wrong. The Latin-Americans have introduced a new school, the slugging, toe-to-toe combats taking precedence over scientific boxing. Canadians got a taste of this when two of our finest boxers, Don Carrick and Ray Smillie, were defeated in slam-bang engagements. The reign of Jack Dempsey, the mauler of Manassa, had much to do with the squelching of these long-accepted ideas.

## SPORT CHAT

Thistles and Regiment, each of whom have lost a game to the Grand Terminal, will meet tonight in the third game of the Gihluly Cup series. It promises to be an interesting match, settling which of the two teams is to be the runner-up so far in the series and a possible winner therein. The team which loses will have a serious handicap to overcome in the balance of the series. In the two games already played, Thistles and Regiment have both been blanked by the Terminal, the Scots by a score of three to nil and the Soldiers by a single score. Odds seem to be about even for either team to win and both sides have their enthusiastic supporters. In view of the interesting effect this match may have on the fourth trophy of the season, the game should prove interesting to a large crowd of fans.

The retirement of Gene Tunney as the world's heavyweight champion has already added interest to the heavy weight division. Already Jack Sharkey, Young Stribling and Johnny Risko have claimed the title left vacant. Reports will not down that Jack Dempsey will eventually get into the running after some of the contenders and title claimants have narrowed down the list of eligibles but there is no feeling that Tunney will ever again enter the squared circle. It is believed that the heavy-

## Around The World With Sport Fans

(By The Tramp)

Toronto is speaking of Jimmy McLarnin as the reigning sensation of the season. They would like him to box in their city soon for they think he is destined to be the next champion in his class.

Many of the world's greatest swimmers, including Ernst Vierkoetter, long-distance professional champion of the world; Norman Dereham, Georges Michel and Gertrude Ederle, conquerors of the English Channel, and George Young hero of the Catalina swim, are expected to compete in the Canadian National Exhibition events at Toronto. Other noted stars like Lottie Schoemmel, Byron Summers and "Floater" Bill Erickson will face the starters, and the races should be much better contests than was the case when only three, Vierkoetter, Michel and Erickson, finished in the inaugural grand last year. It was found that 21 miles was much too far to travel in the frigid waters of Lake Ontario, and as a result the men's event this season will be fifteen miles, and the women will be asked to race only ten. But the water isn't any warmer than it used to be, and only those with plenty of stamina and who are impervious to the cold will cross the finish line. Ge. Young, who caused his supporters plenty of grief by his lamentable failure in 1927, is now going at top speed, and attending to training rules, and he may turn the tables on the German star, Vierkoetter, whom he defeated in a trial race of two miles off Sunnyside recently.

D. D. Munro of the Land Settlement Board arrived in the city from Smithers on yesterday afternoon's train.

# THE DAILY NEWS

## Announcement Extraordinary

THE PRINCE RUPERT DAILY NEWS ANNOUNCES A NEW CAMPAIGN FOR CANDIDATES ENTERED IN ITS \$4,000 PRIZE CAMPAIGN. THIS NEW \$200 COMPETITION HAS NO RELATION WHATSOEVER TO THE \$4,000 PRIZE CAMPAIGN EXCEPT THAT IN ORDER TO BE ELIGIBLE TO COMPETE IN THE \$200 COMPETITION THE CONTENDER MUST BE AN ENTRANT (EITHER NEW OR OLD) IN THE \$4,000 PRIZE CAMPAIGN.

Here is a wonderful opportunity for New candidates and late starters. See the Campaign Manager immediately for a full explanation of this exceptional offer.

### \$200 in Cash

DIVIDED INTO TWO PRIZES

One Prize for District No. 1 of ..... \$100 in Cash

One Prize for District No. 2 of ..... \$100 in Cash

The \$200 Competition opens Friday, August 24 and closes Friday, September 7th at 9 o'clock P. M.

## \$200 Competition Campaign Plan

The Prince Rupert Daily News will award \$200 in cash prizes to the entrants in the \$200 competition. \$100 in cash will be given to the candidate in each district scoring the greatest number of points in their respective district on subscriptions turned in and credited between Friday morning, August 24 and Friday night, September 7, at 9 o'clock.

To be eligible in the \$200 competition one need only be an entrant in The Daily News' \$4,000 Prize Campaign. Winning in the \$200 Competition in no way handicaps an entrant from winning in the \$4,000 prize campaign.

### THE FOLLOWING RULES WILL GOVERN THE \$200 COMPETITION

1. All candidates entered in The Prince Rupert Daily News' \$4,000 prize campaign are eligible to compete in the \$200 COMPETITION. In the event of a tie for winning points for either of the prizes in the \$200 COMPETITION each tying candidate will be given a prize of identical value, to-wit: a \$100 cash prize.
2. Points will be credited on all subscriptions turned in during the duration of the \$200 COMPETITION according to the Schedule of Points appearing in this announcement.
3. The turning in of one subscription constitutes entry in the \$200 COMPETITION for any candidate entered in The Daily News' \$4,000 prize campaign. Entry may be made at any time during the duration of this offer.
4. The winner in the \$200 COMPETITION will be decided by their accredited points, said points being secured by the turning in of subscriptions to The Daily News. (See Schedule of Points elsewhere on this page).
5. Interpretation of any question not specifically covered will rest solely with the management. The management will judge results and award the prizes.
6. The \$200 COMPETITION opens Friday, August 24, and ends at 9 o'clock Friday night, September 7, 1928. The winners in the \$200 COMPETITION will be announced and the two \$100 cash prizes will be given the winning candidates as soon after the close of the \$200 COMPETITION as it is possible, but in no event will the winners be announced or the prizes in the \$200 COMPETITION be awarded earlier than September 14, 1928 at midnight.
7. It is one of the conditions for the \$200 COMPETITION that entrants must be candidates in The Daily News' \$4,000 Prize Campaign. Any given subscription or subscriptions, because of the two-fold entry, will count points on the \$200 COMPETITION and votes in the \$4,000 Prize Campaign.
8. Winning of either of the prizes in this \$200 COMPETITION will in no way affect the winnings in the \$4,000 Prize Campaign for each, in itself, is a separate and distinct campaign, though subscriptions of an entrant may credit points in the \$200 COMPETITION and votes in the \$4,000 Prize Campaign when turned in according to the stipulations set forth.
9. New, arrears, renewal or second payments on subscriptions all count the same number of points in the \$200 COMPETITION, according to the schedule in effect at the time the subscription is turned in. Subscriptions may be secured by any candidate, anywhere.
10. Equitable compensation is assured every entrant in the event he or she does not win in the \$200 COMPETITION, in that every entrant in the \$200 COMPETITION MUST be also an entrant in the \$4,000 Prize Campaign. All active non-prize winners competing in the \$4,000 Prize Campaign are guaranteed 10 per cent cash commission on their total collections on subscriptions.

### HOW SUBSCRIPTIONS COUNT IN POINTS

Up to and including Friday, August 31, the following number of points will be issued on subscriptions:	From Saturday, Sept. 1, up to and including Friday, Sept. 7, the following number of points will be issued on subscriptions:
1 year .... 8 points	1 year .... 6 points
2 years ... 16 points	2 years ... 12 points
3 years ... 24 points	3 years ... 18 points
4 years ... 32 points	4 years ... 24 points
5 years ... 40 points	5 years ... 30 points
6 years ... 48 points	6 years ... 36 points

The above schedule shows "HOW SUBSCRIPTIONS COUNT IN POINTS" in the new campaign for the \$200 COMPETITION which is announced today. You will notice that subscriptions turned in by Friday night, August 31, count more points than they will if not turned in until the following week. New, arrears, renewal or second payment subscriptions each count the same number of points in the \$200 COMPETITION.

EACH candidate in the \$4,000 Prize Campaign now has the opportunity of entering the \$200 COMPETITION, and any subscriptions they secure and turn in now will count votes in the \$4,000 prize campaign and points in the \$200 Competition.

### WHAT IT MEANS

You can win in the \$200 COMPETITION and, at the same time and with the same subscriptions, enhance your opportunity of winning one of the two cars or the cash prizes in the \$4,000 prize campaign. It is possible to win big in each of the campaigns as they are separate competitions and winning in one does not restrict or hinder a candidate in any way from winning in the other.

Candidates, here is your opportunity. All candidates start Friday on an equal basis in the \$200 COMPETITION and all have equal opportunity of winning regardless of their present standing or time of entry in the \$4,000 prize Campaign.

The Premier said the Government proposed to establish legations in other countries than France but that decision did not indicate any separatist
