MINISTER OF FINANCE MAKES HIS ANNUAL ACCOUNTING

ACTING MAYOR BACKS UP PLAN BEAUTIFY CITY

Theo. Collart Urges Unity to Make Prince Rupert Distinctive Place

"These are just my sentiments, I am with you," said Acting Mayor Collart to a Daily News representative when asked for co-operation in regard to the beautifying of the city by the planting of gardens and window boxes.

"It is up to the citizens," declared Mr. Collart. "They can make this place distinctive, prettier than any other on the coast if everyone will do something toward improving its appearance. The first thing to do is to keep the buildings painted, the gardens and back yards neat and tidy and the lawns nicely mown. Then I suggest that they might get out some of the stumps or cover them with creepers, plant flowers and see that there are no untidy corners."

"The suggestion for window boxes is a good one. The window boxes do as well here as anywhere. It takes a little time and effort but if everyone does a little it will not be difficult to make Prince Rupert the prettiest place on the coast."

MEXICO AGAIN IN LIMELIGHT

Willing of Correspondence in Report to Religious Question is Refused

OTTAWA, Feb. 16.—A motion of T. L. Dunn for the production of correspondence between the Government and persons objecting to utterances of the Mexican Consul at Toronto and correspondence regarding the visit of Sr. Henry Thornton to Mexico was divided into two parts today in the House of Commons. That in regard to Thornton passed with the understanding that notice regarding the Consul would be again made.

Premier Mackenzie King said many people had written to the Government objecting to utterances of Sr. Barrow, while others supported the views of the consul. The tabling of such correspondence probably would do harm, not only in Canada but to Canada's international relations.

JOHN CUTHBERT, HAZELTON, DEAD

Keeper of Station Hotel in Interior Passed Away Last Night After Month's Illness

The death occurred last evening at 8.30 in the Prince Rupert General Hospital of John Cuthbert, aged 66, keeper of the Station Hotel at South Hazelton. Deceased had been a patient in the hospital for about a month and failed to rally following a recent operation.

The late Mr. Cuthbert was a native of Perthshire, Scotland, and had been in Canada for seventeen years. For a little over three years he had resided at South Hazelton. He is survived by a widow who is at present in Prince Rupert.

Arrangements for the funeral, which will take place Saturday afternoon, are in the hands of the B.C. Undertakers.

BEER PARLORS RESPONSIBLE

Colonel McMullin Says Able to Dispense With Secret Service Owing to Them

VICTORIA, Feb. 16.—The popularity of beer parlors has been the major factor enabling the liquor board to abolish the secret service system, which cost the province \$300,000 in four years. Colonel McMullin, superintendent of B.C. police told the public accounts committee yesterday.

Hope and Optimism Pervades Presentation Made to House of Commons by Hon. J. A. Robb

Substantial surplus on year's operations forecast—reductions in national debt—taxation drops and tariffs dealt with

OTTAWA, February 16.—Announcing reductions in taxation estimated at \$19,000,000, Hon. James A. Robb, minister of finance, presented his budget in the House of Commons this afternoon. It is a document of hopefulness and optimism. The estimated revenues for the fiscal year ending March 31 next are placed at \$419,000,000, with estimated expenditures of \$364,000,000, or an estimated surplus of \$55,000. Deducing \$16,000,000 for the writing down of soldier land settlement loans and other items, the net debt reduction is estimated at nearly \$39,000,000.

Mr. Robb emphasized that the government's policy was reduction of the national debt and regular annual reductions in taxation. "With revenues now buoyant," the finance minister declared, "there is a tendency to have the Dominion embark upon many new ventures, as well as the tendency toward indiscriminate private speculation. We should not, however, forget the national debt. Work and thrift are the only roads to sure success. Further taxation reductions will become possible as Canada progresses but national progress is dependent on the wholesome goodwill we practice one toward the other."

In regard to Empire trade—Mr. Robb announced that imports to secure the advantage of the British preferential tariff must now be comprised of fifty per cent Empire labor and materials instead of twenty-five per cent. A similar increase will also be required on goods entering under treaty rates and intermediate tariff.

Tax reductions include a ten per cent cut in personal and income taxes and eight per cent on tax rate on corporations. The sales tax is cut twenty-five per cent.

There is a reduction in tariff on cottons, woollens, linen and machinery and the rate on parts for fishing boat engines is also reduced.

Under new income tax schedules, \$500 exemption is allowed for mentally and physically incapacitated persons over 21 years of age.

The expected reduction in the tax on cigarettes and liquor did not materialize, the minister of finance making no reference to them in his speech.

CRITICIZES TRAVELLING EXPENSES OF CABINET

Member for Victoria Suggests That no Efforts Were Made to Economize

VICTORIA, Feb. 16.—In the Legislature Reginald Hayward, member for Victoria, criticized the travelling expenses incurred by the ministers and their departments. He claimed that the expenditures of the last fiscal year reached the enormous total of \$310,000 including more than \$11,000 for journeys of cabinet members alone. It seemed that no effort whatever had been made to economize, he declared. He strongly urged the abolition of the poll tax.

SOLDIER PROBLEMS TO SPECIAL COMMITTEE

OTTAWA, Feb. 16.—A special committee to consider pensions and other problems of returned soldiers, was appointed in the House of Commons yesterday by Hon. J. H. King.

FORESTRY IN LEGISLATURE

Major Burde Votes With Opposition on Division in House Yesterday

VICTORIA, Feb. 16.—The House yesterday passed a resolution referring to a standing committee of the House on Forestry the task of taking evidence and reporting on the situation in the province in respect to conservation of its timber resources.

An amendment moved by Joshua Finckelhoff, that the minister of lands be requested to submit a report at the earliest date on the conservation practiced, was defeated by 25 to 20, the resolution being adopted on the same vote. Major Burde, P. P. Harris and A. McC. Creery voted with the Conservative opposition.

Stewart Short Line Railway Has Been Paid For and Work on Reconditioning to Begin

VANCOUVER, February 16.—The Vancouver Holdings, Limited, have made final payment for the interest of Sir Donald Mann in the Canadian Northeastern Railway in the Portland Canal district and reconditioning of the line will be commenced as soon as weather permits.

The line was built at the time of a former Stewart boom and will serve a number of the mines on the Bear River, one of which is the property recently optioned by Consolidated. It will also be used to carry timber down the valley to Stewart.

It is thought by many that the railway is destined to be the western section of a railway from the interior which would have to tunnel a mile or more through a mountain to connect with the country beyond.

HOLLINGER LARGEST GOLD MINE IN WORLD

Recent Disaster Result of Spontaneous Combustion in Old Stope

Hollinger is the third largest gold mine in the world and the largest in North America.

The plants cover 560 acres of ground. Every day of the year something like 6,000 tons of rock are crushed. Since 1911 it has produced approximately \$121,000,000 in gold and paid about \$40,000,000 in dividends. There are 100 miles of underground workings and probably 90 miles of tracks with electric cars carrying ore to the chutes and hoists.

Hollinger's mining operations are carried on through three shafts. Underground, it is like a subterranean city. Veins and cross cut run in every direction like a tangle of steel.

The report of the disaster states that the fire was caused by spontaneous combustion in an old stope where rubbish and sand had accumulated. A stope is an excavation in the rock from which ore is extracted either above or below the floor of a level.

Private Export Liquor Licenses Being Closed Order of Government

Supplies May Not be Received After the End of This Month and Must be All Cleared by June 30, is Announced

VANCOUVER, February 16.—Abolition of private liquor warehouses at Vancouver and with them perhaps the export liquor trade is forecast by an unexpected order from the minister of customs. The order states that private warehouses must not receive liquor after February 29 and supplies now in storage must be moved by June 30.

It has been reported that the Dominion Government was planning to develop legislation to the point where only provincial government control boards would be able to import liquor. If private warehouses are abolished the importing and exporting business could continue through sufrance warehouses operated by the Dominion Government providing facilities for storage in transit, but such freights must be cleared within 30 days. It is doubtful, it is said, whether shippers could continue to use this port under such conditions. Two Vancouver warehouses are affected.

HEIR TO LORD ASQUITH IS A CHILD AGED 11

Lloyd George One of First to Pay Tribute to Departed Statesman

LONDON, Feb. 16.—The heir of the Earl of Oxford and Asquith is an eleven year old grandchild, Julian Viscount Asquith, son of the Premier's eldest son Raymond Asquith, who was killed in the war.

The death of the distinguished statesman cast a gloom over the countryside and tributes to his memory immediately began to pour in, one of the first being from the leader of the Liberal party, David Lloyd George.

Newspapers generally assume that the late earl will be given burial in Westminster Abbey unless the family has other plans.

The Earl had been unconscious since Monday and at the time of his death the family was with him in the home overlooking the Thames River.

SUTTON COURTENAY, Feb. 16.—The body of the Earl of Oxford was carried last night to the Parish Church here where it will rest until interment. Burial will be private and not in Westminster Abbey this being in accordance with the Earl's wish. The Abbey memorial service will be held February 21.

FORKE PLAYS AN OLD TUNE

Repeats Former Statement of Policy in Regard to Immigration

OTTAWA, Feb. 16.—In stating once more the immigration policy of the government, Robert Forke, minister of immigration, repeated in the House what he said once before that the policy was:

1. To recognize that while Canada requires increased population, quality rather than quantity is of first importance—in other words, that our immigrants must be selected with a view to their mental, physical, moral, industrial and racial fitness for settlement in Canada.
2. That limitation of numbers must be determined by the available supply of suitable classes, and Canada's power of absorption.
3. That British immigration must always hold first place in importance and every legitimate effort used to increase the flow of people from the Mother Country.
4. Next after British immigration encouragement should be offered to a movement of settlers from the United States and from northwestern Europe—of those healthy, hardy people desirous of establishing themselves on land in Canada and becoming absorbed in our national life.

ELECTION MUST BE IMMINENT

Evidently an election is coming on soon for our old grey-bearded friend the "Oriental Question" is with us again. It can be counted on as sure as death and taxes that just before an election this old ghost will be raised. Sometimes it is resurrected by one party and sometimes by another, but always just before an election. Each is aware that the local Legislature has absolutely no jurisdiction and all it can do is make recommendations. But that makes no difference. The Orientals have no votes, they save money, and it is claimed they undercut wages and undersell white merchants. The result is that any move against them is popular.

While no one wants to see the country taken possession of by Orientals it must be remembered that even Orientals have human rights. These people we have admitted must be given a chance to earn a living and the immigration, as was shown by figures published recently, has been practically stopped.

Prince Rupert hopes to do business with China and Japan and cannot afford to take any stand that will prejudice us in the eyes of the Japanese and Chinese. A company has recently been formed to trade with the Orient. Because of that, if for no other reason, we must treat them as neighbors and friends. There is no other way of expecting to do business with them. They buy wheat, lumber, logs and many products of this country and we buy a good many Oriental products such as rice, tea, silk and manufactured goods. This business should be encouraged and it cannot be encouraged by everlastingly talking about them as a menace when everybody knows they are nothing of the sort. They are carrying out their end of the Gentleman's Agreement and we should do ours without eternally prodding them and trying to make election capital.

OLD SCHOOL LIBERAL GONE

With the passing of the Earl of Oxford and Asquith, the most prominent of the old time Liberals has gone and there is none to take his place. Old Country Liberalism is moving forward and Asquith has been rather out of place in the party for a long time past. That is why he did not work well with Lloyd George. He had no policy for the future and all he did as a leader latterly was to hold on to the position. He was really Conservative in his political views and with his passing probably a number of men of his type in the party will shift their allegiance to the other side. That is where they should be.

English Liberalism is passing through a crisis. It has tried to include in its ranks men of the Asquith type, of the Lloyd George type and the more advanced Labor men, which was an impossibility. Oil and water will not mix. If a Liberal party is not Liberal it has no justification for its existence. It should drop out of the political field and give place to the Labor party. It is all a matter of name.

Just now, leaders of the party are giving serious thought to the position they occupy. The probability is that they will form a coalition with the Labor groups and be absorbed by them or they will make their policy so radical that they will be able to induce Labor to go with them.

It is an interesting study in politics and we, thousands of miles away, can look at it dispassionately as spectators and discuss it without being accused of party bias or playing politics. The next year should make the Liberals there show their hands more plainly than they are doing today. The difficulty today is that they are without virile leaders. Lloyd George is getting old and there seems to be no one to take his place.

NEW FORD HERE IS FINE CAR

Many go to see it at Parker Garage, Admire Lines and Note Improvements

Quite a stir was caused in automotive circles yesterday by the arrival of the new Ford Car which went on view today in Stan Parker's garage. There has been quite a pilgrimage to that place of those who worship at the shrine of beauty and speed. Many complimentary remarks were heard and the probability is that the car will prove very popular here.

Asked as to delivery of the cars, Mr. Parker said he had three car loads on the way but could not guarantee exactly when they would be here. It would be soon, however.

The features of the new car are: pleasing appearance, great power, high speed, flexibility, roadability, unusual getaway, economical operation and rugged, simplified construction. Design and construction hitherto peculiar to high-priced machines are incorporated in the new product.

The lines of the new Ford are distinctive. The wheelbase is 103 1/2 inches, and the lower suspension and deeply-crowned, gracefully contoured one-piece fenders are pleasing to the eye and suggest speed and stability. Bodies are of all-steel construction and a new type of one-piece, steel spoke wheel employing a drop-centre-tire and eliminating the old-fashioned rim and rim clamps is employed. A selective sliding gear transmission is used with a multiple dry-disk clutch, and the rear axle is of the three-quarter floating type with spiral bevel gears permanently adjusted and noiseless. Full torque drive which relieves springs of all driving strain is featured, and four-wheel, mechanically actuated, internal expanding brakes have been incorporated in the new product. Throughout the design of the car ease and quietness of operation, great strength and accessibility of all parts have been kept in mind.

The purpose back of the new car is to provide a small car which will incorporate all light car advantages with the features of comfort, speed and safety heretofore peculiar to heavy and expensive machines. This has been accomplished in the new Model "A" Ford. The four-cylinder power plant of the new Ford develops 40 horse power at 2200 revolutions. This is practically double the power of its predecessor, but this great increase in power has been effected without sacrifice of economy and it is claimed that the new car will afford thirty or more miles to the gallon gasoline. This remarkable increase in power is effected through use of a larger cylinder bore, a static and dynamic balancing of fly-wheel and crankshaft, and by the use of light reciprocating parts. The new motor is practically vibrationless owing to the careful balancing of these parts.

The Model "A" motor incorporates a number of unusual features of design which have been born of years of experiment. Most of these features make for long life, simplified service and more economical maintenance. Lubrication is a combination of pump and splash systems and cooling combines thermo-siphon and pump circulation of water. The water pump is so designed that it comes into use only when the motor is turning at a fair rate of speed, and overcooling at low speeds or in cold weather is thus avoided. The motor itself is essentially a low-speed motor, developing its maximum power at 2200 r.p.m. This is consistent with established Ford practice which always has aimed at securing a minimum amount of piston travel per mile or road travel, with a resultant minimum of strain and wear in moving parts.

The new car is completely equipped with five steel spoke wheels, improved method of chassis and motor lubrication, four hydraulic shock absorbers, speedometer, windshield wiper, rearview mirror, remote door-latch controls. There are six body styles: Tudor, Fordor, Coupe, Sport Coupe, Phaeton and Sport Roadster. Each style will be available in an extensive range of optional color combinations.

Unusual performance unprecedented in the light car field is claimed for the new Ford Model "A". It will attain a speed in excess of 60 miles per hour and may be held at that speed for long periods without discomfort to passenger or injury to the mechanism. It accelerates at a terrific pace and seems literally to leap away when the clutch is engaged. It has been driven at more than 40 miles per hour in intermediate gear. It manoeuvres with great ease, negotiates the roughest roads at speed without undue body motion, holds on a sharp unbanked curve at 45 miles per hour and has a turning radius of only 17 feet.

an Unsweetened Milk

Pure Country Milk Evaporated to Double Richness

-and the name "Borden" guarantees its quality

BORDEN'S St. Charles is carefully selected country milk with some of the water removed. It's the same as bottled milk only much richer, creamier—unsweetened, of course. Most women use it just as it pours from the tin because, being doubly rich milk, it improves every recipe. Others add an equal quantity of water and use it as ordinary bottled milk. Since it keeps perfectly in the unopened tin we suggest that you buy three tins of Tall Size, four of Small, at a time, and use it freely in all cooking.

Insist upon getting Borden's St. Charles Brand at your grocer. It's the tin with the Gold Cow on it.

URGED WOMEN TO BE ACTIVE

Should Not Suffer Inferiority Complex But Uphold Her Rights
LOTS OF WORK TO DO
Lady Magistrate Advocates Sterilization of the Unfit to Solve Problems

EDMONTON, Feb. 6.—That the woman trustee is usually the key woman of her community, and therefore a great burden of responsibility devolves upon her, was the message of Magistrate Emily Murphy to the women trustees attending the Alberta school trustees' convention in the city, at their luncheon.

Tracing the history of women's place on the school board in Edmonton, Magistrate Murphy referred to the time, not so many years ago, when one was considered "not quite a lady" to enter into public life. Although that day is passed, women still fail to take full advantage of their equality, and continue to suffer somewhat from an inferiority complex.

"Women are too prone to underestimate their own efforts" she averred. Mrs. Murphy paid tribute to the excellent work of Mrs. E. T. Bishop who, heading the polls on her first year as a member of the school board, has held her position in this capacity for eight years. Mrs. Murphy recalled the occasion upon which she herself had approached the school board, backed up by the late Dr. W. D. Ferris, upon the matter of medical inspection in schools. Greatly as a result of this, and through the efforts largely of women, has followed the excellent medical service for children, dental and ocular treatment, government clinics and Red Cross work.

FEEBLE-MINDED
Mrs. Murphy drew the attention of the women trustees especially to the problem of the feeble-minded child, becoming more urgent yearly in the province. She described the present state of affairs, with 600 cases seeking admission in the Red Deer home, and urged upon the women the vital need for sterilization of the mentally unfit.
Referring to education, Mrs. Murphy considered the first business of education the production of souls of good quality. Secondly, education should not be cut out of the child's life, but into it. The child should be taught ethics in this day when they are so often neglected in the home. In closing, the speaker confronted her listeners, with their great responsibility to the children who are growing up, many of them foreigners in whose hands rest much of the future of the country.

If one spends what could be prudently saved, that is to be deplored; if one saves what could be prudently spent, that also is to be deplored.—Owen D. Young.

PORT SIMPSON GAMES PLANNED

Local Seniors to Make Trip This Saturday Evening—Series for N.B.C. Championship Next Week

At a meeting of the Prince Rupert Basketball Association last night, decision was made that a local senior team shall go to Port Simpson on Saturday evening of this week to play a return game with the Y.P.E.A. team of that town.

aboard Capt. Jimmy Clausen's fish packer, leaving here about 5 p.m. and returning to the city after the game. Players selected to make the trip are Vic Menzie, George Mitchell, Dido Gurdich, Spiro Gurdich, Clarence Thomson, Eddie Smith and A. Slocomb.

Representatives of the Association will also go along and an endeavor will be made to have the Port Simpson Athletic Club come here on Friday night of next week for a game with local seniors, the plan being for Prince Rupert to go back the Saturday evening following for a return match.

Instead of the scheduled game in the Senior League tomorrow night of Native Sons of Canada vs. Elks, it was decided that the Grand Terminal would meet the Canucks. A Junior League game will be substituted for the Ladies' League fixture and the Intermediate League, as per regular schedule, will be between the Elevator and High School. The Ladies' League game, regularly scheduled for tomorrow night, will be played next Tuesday.

SPORT CHAT

Victoria's crack featherweight, Tommy Fielding, said to be one of the most promising boys ever developed on the Pacific Coast, is in strict training for a coming bout with the colored boy, 'Wildcat' Carter of Everett, scheduled at Bellingham, or Everett, Tommy is being handled by Joe Bayley, ex-lightweight champion of Canada.

Only seven Major League pitchers won twenty or more victories during the 1927 season. Root of Chicago was the hurling ace in the National League with 26 victories while Waite Hoyt of

the Yankees was the American League leader. The other five with twenty or more victories were Haines, St. Louis Cardinals; Hill, 23; Alexander, 21 Lyons, 22; Grove, 20.

George, Frank and Billy Boucher brothers, never let their family ties interfere with the serious business of playing National League Hockey inasmuch as each is on a different team. Frank is with the Rangers, Billy with the Americans, and George with the world champion Ottawa Senators.

Gene Tunney, world's heavyweight boxing champ, is still enjoying himself on the links at Miami, Florida. Tunney is a keen devotee of the royal and ancient game and, although he is never likely to be a Walter Hagen, he can show the way to many of the alleged stars. That he has the bug badly was evidenced by the fact that when he was told Dempsey would never box again, he said: "I hope it is not true but, in any case, my golf game is the only thing that's worryin' me now."

BANQUET GIVEN TO FATHERS BY CHURCH LADS

Interesting List of Toasts Given by Lads When Entertaining Their Parents

The father and sons banquet at the Presbyterian Church last night proved a great success. Those taking part were the scouts and older members of the Sunday school and their fathers while the banquet was served by four of the senior girls of the C.G.I.T. superintended by Mrs. Frizell. These girls were Misses Iverson, Muriel Vance, Annie Walker and Irene Mitchell. In all there were seventy present.

A unique feature of the affair was that the boys, in proposing toasts, took the names of prominent Canadians. They were introduced at the beginning by Rev. J. R. Frizell who was thanked by the boys at the close. Jack McRae was toastmaster and each toast was responded to by one of the fathers present. Jack took the personality of Right Hon. William Lyon Mackenzie King, prime minister of Canada. The toasts were as follows:

1. "And they brought forth the king's son and put the crown upon him and gave him the testimony, and they made him king and anointed him and they clapped their hands and said 'God Save the King.'" Let us rise and drink the toast to the king, to be followed by the National Anthem.
2. Toast to our city by the Honorable R. B. Bennett, leader of the opposition in the Dominion House (Billy Fuller) Responded to by Joseph Treer.
3. Toast to our church by the Right Commission (Gordon Willscroft). Responded to by John Davey.
4. Toast to the Sunday School by

FINE PROGRAM AT CATHEDRAL

Diversified Oratorio List Rendered Under Auspices of Ladies' Music Club to Benefit Organ Fund

A delightful program of oratorio music was rendered last evening in St. Andrew's Anglican Cathedral by the Ladies' Music Club in benefit of the Cathedral organ fund. The program of an extensive nature was of much merit, all numbers being received with much appreciation. The general excellence of all precluded the singling out of any special number. There was a fair sized audience which expressed its appreciation with a liberal collection. In the course of a brief announcement Archdeacon G. A. Six thanked the Ladies' Music Club and all those participating in the program which was as follows:

- 1—Organ "Orientis Partibus" Miss Lancaster.
- 2—(a) Recitative, "Thy Rebuke Has Broken His Heart."
 (b) Aria, "Behold and see if There is any Sorrow"
 (c) Aria, "Thou Didst not Leave His Soul in Hell"
 (From Handel's "Messiah")
 John E. Davey.
- 3—Ladies' trio, "Lift Thine Eyes" (from Mendelssohn's "Elijah")
 Mrs. Muldoon, Mrs. Allen, Mrs. Cullin.
- 4—Organ, "Largo" (Handel)
 Mrs. H. C. Fraser.
- 5—Recit. and aria, "But the Lord is Merciful"
 (from Mendelssohn's "St. Paul")
 Mrs. E. Anderson.
- 6—Organ (a) "Dead March" (Handel's "Samson")
 (b) "Dead March" (Handel's "Saul")
 Miss L. Lancaster.
- 7—Aria "Lord God of Abraham" (Handel's "Elijah")
 S. A. McPherson.
- 8—Duet (a) "He Shall Feed His Flock"
 (b) "Come Unto Me" (Handel's "Messiah")
 Mrs. Blott, Mrs. J. H. McLeod.
- 9—Organ "Hallelujah Chorus"
 Miss Lancaster.

PARENT-TEACHER ASSOCIATION

Interesting Program Last Night Included Debate by High School Pupils

There was a very large attendance at the regular monthly meeting of the Prince Rupert Parent Teachers Association held last evening in the Borden Street School. Mrs. J. E. Boddie presided.

A letter from H. C. Fraser, inspector of schools thanking the association for its letter of condolence on the death

of his father was read.

J. S. Wilson, on behalf of the Teachers' Federation, spoke on the matter of the shelf that is planned to have in the Public Library to contain the most modern and valuable publications on education and educational methods and research. A sum of \$20 was voted by the meeting to assist in the purchase of books. Mr. Wilson thanked the association for the generous gift.

A piano and violin duet by Molly and Nellie Lawrence gave much pleasure.

The principal item on the evening's program was a debate: Resolved that the compulsory School Age be raised from 15 years to 16 years. Mr. Peddie introduced the speakers who were pupils of the High School. Billy Colson led for the affirmative and was supported by Frances Tremayne. The negative was upheld by Bernice Ross and Bruce Stevens. The arguments were carefully thought out and in their presentation and the rebuttal, Honorable Arthur Meighan, ex-Canadian Prime Minister (Robert Moxley). Responded to by J. W. McKinley.

123 2nd Avenue. R. M. SMITH, Agent. Prince Rupert, B.C.
 Through tickets sold to Victoria and Seattle, and baggage checked through to destination.

E. Foster, ex-finance minister and formerly member of the Dominion Royal the speakers gave a good account of themselves. On a show of hands the negative side was adjudged the winner. Mr. Peddie discussed the question shortly and went on to state that the best solution for the children who did not fit into the adolescent period was the establishment of Junior High Schools, in the provision of which B.C. has already made a creditable beginning.

The next meeting will be held in the Booth School.

A vote of appreciation to the speakers was cordially passed on the motion of R. M. Winslow.

The Misses Lawrence rendered another pleasing duet, after which the National Anthem was sung.

Refreshments were served by the committee under Mrs. Cox.
