SETTLE OUR DIFFERENCES AT BALLOT BOX, ADVISES REV. DR. GRANT IN ADDRESS

**GIVE PRIVILEGE TO NO ONE WITH NONE RECEIVING MORE
THAN THEIR SHARE, SAYS SPEAKER—SHOULD RISE
TO PRIVILEGES OF CANADIAN
CITIZENSHIP**

"Canada will be great only as she produces great people. The things that divide us can be settled only by good will. We must stand all together, shoulder to shoulder, giving privilege to no one and no one receiving more than their share. Let us build on this great foundation of equality and justice for a greater, nobler and finer Canada in the British Empire." These were the final words of an interesting address given by Rev. H. R. Grant at the Exhibition Building last night in celebration of the signing of the treaty of peace.

Dr. Grant spoke of the valiant work that Canadians had done in the war. He mentioned that 595,000 had gone to the front, which was one in sixteen of the total population. In Northern British Columbia 2,000 had gone or one in ten of the population. Forty had won the Victoria Cross in Canada or one in 13,000, while there two out of 2,000 had won the coveted decoration.

Sacrifice of Life.

The great war had been fought and won with great sacrifice of life. They would not be worthy of the men who died if they did not rise to the great privilege of Canadian citizenship. One and a half billions of dollars had been spent and they did not regret it. As Canadians, however, they should see that the dependents of all those who had gone were well cared for, they should stand behind the widow and orphan.

The speaker said that Canada was a great democracy. He spoke of the liberty which came to us through the ballot box. Our constitution was as free as any in the world. All should stand behind the old flag which guaranteed liberty and justice to every man. If we could not all see eye to eye we should settle our differences at the ballot box, and not forget the old standard set up by our fathers.

ENGLAND WINS FROM SCOTLAND

Fast Game Between Local Soccer
Teams in Which Southerners
Have Slight Advantage.

Fast playing was the feature of the football game between the Sons of England and the St. Andrew's Society at the Acropolis Hill yesterday. Both teams were out to win and a very stiff tussle ensued. Throughout the first half the St. Andrew's had possession of the ball, but their shots did not get home owing perhaps to the good work of Jack Judge, the English goal keeper. However, Tom Black, the Scotch centre forward, scored one goal before the whistle blew for half time and there was still no score for the opponents.

In the second half the English had the down hill and the St. Andrew's seemed to lag and eventually Sid Hardy got by with a fine goal which brought the score 1-1. A little later another point was made by the Sons and this gave them their game. The game was well played. George Russell was referee and displayed his usual good judgment during the match.

TWO DANCES HELD HERE LAST NIGHT

There were two dances last night, one a jitney dance at the Agricultural Hall which was well attended and brought excellent financial results as well as giving an enjoyable time to many. The other at the skating rink.

At the Agricultural Hall George Frizzell made an excellent floor manager and those who sold tickets or otherwise helped were Sid Winsby, Bert Wearmouth and Pete Rorvik.

At the rink L. J. Marren was in charge and a large number of dancers enjoyed themselves immensely until well on toward daylight. The excellence of the floor at the rink was the subject of much comment. Supper was served shortly after midnight.

RUPERT BALL TEAM'S VICTORY OVER YANKEES

Two Games Played Before Record
Crowd of Fans at Athletic
Grounds.

A very large crowd of fans witnessed the first game of baseball in the afternoon yesterday when Ketchikan met Prince Rupert on the Acropolis grounds and were beaten at their own national game. The hitting average of the home team was much higher than the visitors although if Clementson had not got that home run in the seventh and brought in Day the score would have been much closer than it was. The pitchers worked out fine for both teams. Day for the home team being largely responsible for the victory. There were very few walks. Warry Anderson for the Prince Rupert team played short stop in real professional style and usually got a safe hit. Art Manson played an excellent first base game and reminded the old timers of the games played before the war started. Josiah, the short stop for Ketchikan made many fine pickups and grabbed some fast bouncers, and all the while smiled for the benefit of the on-lookers. The catcher, Lopes, for the Alaskans, also gave an exhibition of a war dance and ate dirt at a great rate when one of the umpires' decisions went against his side.

Summary of the innings:
Ketchikan 0 0 0 0 0 2 0—2
Rupert 0 1 0 0 1 2 0—5

Evening Game.

The evening game which also ended in a victory for the home nine, was faster than that of the afternoon and the Ketchikan field work not quite so loose. Right to the last innings it was anybody's game and at times the spectators became very excited. The score was 4 to 3.

EIGHT WILL BUILD HOUSES

sidered in the Near Future
By City Council.

The first batch of applicants for loans under the Dominion housing scheme was passed by the City Council at its regular meeting Monday night. There were two widows, Mrs. R. These will all receive loans and it is understood that building will commence very soon. Other applications will be passed on in the near future.

Of those who are to build, some will do their own building and the money will be advanced to them as the work progresses, while others will get the city to erect the houses and hand them over complete.

A number of plans have been received of suggested houses and these decorate the walls of the City Council chamber.

HE WOULD NOT TRUST POLICE COMMISSION

Alderman Perry Fears Discrim-
ination in Matter of Cancellation
of Licenses.

A very long and wide discussion took place at the City Council meeting Monday in regard to the licensing of those dispensing liquid refreshments. The finance committee recommends to charge a license fee of \$20 every six months to those who sell soft drinks and two per cent beer. A resolution to bring it into effect was moved by Alderman Rochester and seconded by Alderman McRae.

Alderman McMeekin saw an extra tax on the grocery business and took exception to the tax being extended to them. He thought groceries which closed early should be exempted.

Alderman Perry suggested that it should apply where the drinks were consumed on the premises.

Alderman Rochester said that before prohibition only a few places sold beer. Now the groceries were encroaching on the business and he thought if they were in the business they should take out a license.

Alderman McMeekin retorted that the hotels had a cinch in this town as they paid but a small tax and were open nearly all night.

On a proposal in committee on the early closing bylaw to the effect that those who did not keep the provisions of the bylaw should have their licenses cancelled, a long argument took place in the course of which the question of gambling was much discussed. Alderman Perry intimated that in the past there had been discrimination and that the police commission was not free from taint. He was not satisfied to trust to their judgment in regard to recommendations for cancelling licenses, instancing a particular case which had been before the commissioners. He saw in the bylaw a chance for favoritism and he thought all should be treated alike. Finally it was decided to report progress and take the matter up again next week.

On Monday evening the Adair Carrs Chapter of the Daughters of the Empire gave a very enjoyable Cinderella dance in the St. Andrew's Hall. Everything was well arranged. The attendance was good and Harvey's orchestra provided excellent music. Mrs. Wright was convener of the committee, while Mrs. Kemp and Mrs. Hampton kept the door.

Gambling In People's Food.

Much of the trouble in regard to the high cost of living is caused by the gambling spirit which is prevalent everywhere. This gambling spirit is an evil which pervades all classes of society. In Prince Rupert nearly everyone is a gambler, and the workers, who have named themselves the proletariat, are just as bad as the rest.

Everyone knows that furs are very expensive. Ladies covet them, rich or poor, but the poor do not get much opportunity to buy. Here is an example of gambling in furs which is true except for the names of those connected with the transactions.

Jones bought a bundle of furs from a dealer and sold them to Smith, making a profit of 15 per cent.; the prices advanced and Jones bought them back, giving Smith a profit of 20 per cent. They were then sold to Brown at a profit of 7 per cent., and bought back again at a profit of 5 per cent. and finally sold to the manufacturer at a profit of 5 per cent. It would take a high school pupil some time to find the actual percentage of profit made in this gamble. In the process considerable over fifty per cent. was added to the price. Similar gambling in other raw products takes place with the result that the final consumer has to pay a big price.

Even without the gambling which takes place the processes of buying and selling make the prices high. Take furs again as an instance. The trapper sells to the small storekeeper who sells to the small dealer who sells to the larger dealer who sells again to the big dealer who sells to the manufacturer who sells to the wholesaler who sells to the retailer who sells to the wearer. There are eight transactions and in each a considerable toll is taken. Is it any wonder that furs are dear?

Purchase in Canada National Obligation.

Purchase of Canadian products is a national obligation during the reconstruction period. Home buying employs labor, maintains wages, stimulates production, and increases prosperity. The Canadian Trade Commissioner says: "For every million dollars retained in Canada by a refusal to buy other than Canadian goods, a year's continuous employment can be given to at least 1,000 people."

Canada exported last year unfinished products to the value of more than \$900,000,000. If the manufacturing processes of even one-third of these had been completed in Canada, employment would have been given to at least 125,000 more work people, close to \$125,000,000 would have been provided for additional wages and salaries, and the net value of Canadian products would have been increased by approximately \$275,000,000.

Canadian imports in 1918 totalled \$906,954,900. If half this money had been spent on Canadian products, it would have given employment to an additional 100,000 workmen, with an increased payroll of nearly \$100,000,000.

To meet its great war debt and reconstruction obligations, Canada must increase production, build up the home market, develop export trade.

Every dollar spent for goods produced by Canadian labor means better conditions for Canadian workers, and no goods purchased abroad are cheap that take the place of our own labor and our own raw material.

FARM LOANS for SOLDIERS

How Everyone Can Help

THE Government has developed a liberal and
broad plan to help soldiers settle on farms.
It is securing land. It is granting substantial
loans. It is obtaining advantageous prices on
equipment, implements, building materials and live
stock. It is providing agricultural training and
farming supervision.

That is as much as the Government itself can do.

But the plan needs more. It needs a com-
munity spirit of co-operation.

Already Provincial Governments, Universities, Farmers'
Associations, and Veterans' Associations are giving valuable
assistance. Many manufacturers and sellers of farm supplies
have agreed to allow the soldier settlers special prices. Many
successful farmers have willingly worked on Qualification
Committees which have to pass on the applicants. Men
who have had experience in lending money on farm property
are serving on Advisory Loan Committees, judging land values.

But even such practical assistance is not enough. In
each community farmers can be of real service to the soldier
settler. They can give him advice about local conditions.
They can lend him an extra horse or plough, give him a day's
help at seeding or harvest time, and extend to him that
friendly, neighborly, respectful spirit which he deserves.

In this way Canada is performing a double duty. It is
discharging, as far as possible, the debt we owe to our
soldiers; and it is adding to the
country's chief industry a body of
competent, willing producers.

Full information about lands
and loans for soldiers will be sent on
request to the Provincial Superintendent,
Soldier Settlement Board,
Rogers Building, Vancouver, B. C.

"The distribution of
soldier settlers in settled
rural communities will
be of material assistance
to the less experienced
settlers in that they can
get advice and assistance
from their neighbors."

CONVENTION AT SMITHERS WAS IMPORTANT ONE

Recommendations That More In-
formation Be Secured For
Settlers—Medical Men
Wanted.

At Smithers last week the big convention held in the interests of the farmers of the province which was largely attended found that the greatest difficulty in regard to getting settlers to take up land was that there was not enough ready information to be had from reliable sources as to what are the exact conditions for the new comer. A committee has been appointed to look into this matter and will confer with the government as to the possibilities of establishing a sort of bureau of information which can state things definitely to outsiders who are seeking land.

Another difficulty encountered was that much of the land was being held by men who had not yet completed sale but were holding it up for themselves, and if the prospective settler wanted land he had to pay dearly for it.

The party had several discussions with Dr. Winch who urges rapid action in regard to procuring further medical services for the northern district. Where there are so many settlers conditions ought to be such that people could be given attention whenever it is necessary without having to come to the outside for it. It was suggested that the government will probably have to put in a doctor who will receive a salary as there are not enough residents to meet the heavy expense of travelling.

EVIDENCE BEFORE OTTAWA COST OF LIVING COMMITTEE

Increase in Cost of Handling Has
Increased According to
Witness.

Ottawa, June 30.—Investigations into the high cost of living are still being continued here. Evidence given before the Parliamentary Committee showed that prior to the war stockings, for which the manufacturers were paid 37½ cents a pair, cost the consumer 75c. For the same quality now the manufacturer receives 78½ cents and the consumer pays \$2.50. This statement was made by Richard Thompson of the Canadian Woolen Manufacturers' Association.

At the meeting of the City Council on Monday night it was decided to increase the license fee on automobiles plying for hire to \$10 every half year. The present fee is \$2.50.

SELL FOR CASH OR GIVE LONG CREDIT ON CITY PROPERTY

Council to Decide Next Week How
It Will Market Lots.

In considering a bylaw to dispose of the property held by the city in Section 2, the City Council Monday night decided to take legal advice as to whether it had the right to give credit.

Alderman Perry was anxious that easy terms should be given at the sale in order to encourage building. The mayor and several aldermen agreed that it might be a good idea, but the city clerk feared that it would not be legal. It was decided to take advice before proceeding.

SUPPRESS GAMBLING

Alderman Casey Gives Notice of
Resolution to Be Moved
Next Week.

At the meeting of the City Council Monday night Alderman Casey gave notice that next week he would move the following resolution:

"That the City Council go on record as opposed to the operation of gambling houses in the city and recommend to the police commission that gambling be suppressed."

The motion will be seconded by Alderman Perry.

ANITA STEWART IN A MYSTERY STORY

A Midnight Romance is Unusually Interesting Play at Westholme Theatre Tonight.

Anita Stewart has a very interesting role in "A Midnight Romance," which is the feature at the Westholme Theatre tonight. The play is unusual and has some very tense situations. The heroine is wrecked on the American coast, she serves as maid at the Seaview Hotel and has many wonderful and exciting experiences.

There is also a good vaudeville program.

KITTY GORDON STARS AT EMPRESS THEATRE

"The Interloper" is the new feature film starring Kitty Gordon, which is to be shown at the Empress Theatre tonight. The story shows how, in spite of great difficulties, Jane Cameron renovated a southern plantation.

There is also a love theme and complications which are most unexpected with a final happy ending.
