# BRITISH PARLIAMENT OPENED TODAY AIVAZOFFS TO BUILD THEATRE ON LOTS WITHOUT LANE

## British Parliament Opened Today by King George Who Reads Speech Outlining Policy of the Government

**Proposed arbitration treaty with United States being studied sympathetically: Chinese situation improved but still disturbed**

LONDON, February 7.—King George, in the speech from the throne at the opening of Parliament today, said the government was sympathetically studying a new draft of a treaty of arbitration with the United States. He said the relations with foreign powers continued friendly and it was the constant effort of the government in co-operation with the League of Nations to secure the settlement of international differences.

Improvement of the Chinese situation enabled them to make a reduction in the naval and military forces in the Far East but industrial disturbances in that country still caused anxiety.

The condition of some of the principal industries caused uneasiness but there were encouraging signs of progressive improvement.

Inquiries were being made into the burden of local taxes on industry and agriculture with a view to alleviating them.

The spectacle of Royal pomp and ancient pageantry attendant upon Parliament opening was somewhat lessened by the absence of Queen Mary for the first time during the present reign. The Queen was ill with a cold.

Active Government steps to encourage the development of small mining properties was urged by N. A. Wallinger, Conservative member for Cranbrook, who asserted that properties discovered in recent years could be counted on the fingers of one's hands. He advised that mining lectures could be arranged in High Schools to implant the spirit of the prospector in more young men. Claiming that many small properties could not be developed on a large enough scale to ship carload lots required by the smelters, he suggested that the Government arrange to buy ore in small lots.

Encouragement of land settlement by tax exemption to settlers for ten years and other measures were advocated by J. R. Colley, Liberal for Kamloops. He advocated the assessment of all land for school purposes. Rural libraries and health insurance were also supported by Mr. Colley as aids to pioneering.

Less attention to highways and more attention to byways was suggested as the construction of community roads was essential to expansion.

H. D. Twigg of Victoria, Conservative, criticized the Government's record during the year and charged that patronage was a growing evil in the Liberal Party. He urged the abolition of the absentee vote and efforts to secure lower freight rates as a matter of equity and right under the terms of union with the Dominion.

"It is doubtful whether necessary support could have been secured for building the railway if the province had not agreed to convey the lands. The railway has proved to be the greatest unifying factor in the history of the country. Without it Canada of today would not have been possible. No other province had contributed land for the purpose and justice required that British Columbia be placed in the same position as other provinces with re-

## HAIG BURIED IN SOTLAND

Carl Bore Coffin to Dryburgh Abbey and Another Was Loaded With Flowers

EDINBURGH, Feb. 7.—Earl Haig was today buried among his ancestors at Dryburgh Abbey with the simple rites of a Scottish laird. Despite stormy weather crowds gathered along the route from St. Giles' Cathedral where the body had lain in state to Waverley station.

At St. Boswell's an ordinary farm cart waited to carry the coffin over five miles to the abbey. Another cart, loaded with wreaths, lumbered in the wake of the coffin.

Instead of great soldiers, as in London, plain country folk carried the coffin to its last resting place in few feet from the grave of Sir Walter Scott.

## RIPPLE ROCK REMOVAL ADVOCATED VANCOUVER

VANCOUVER, Feb. 7.—The removal of Ripple Rock, Seymour Narrows, was recommended by a joint committee of the Vancouver Merchants' Exchange and Vancouver Board of Trade. The committee asks that recommendations be made to the government to have the work, costing approximately \$350,000, carried out.

## NEW SAWMILL OPENS SOON

Georgetown Cutting Plant Closes End of This Week and Machinery to be Moved

The old sawmill of the Big Bay Lumber Co. at Georgetown will be closed up at the end of this week, stated George McAfee, manager of the company, this morning. The planing mill at Georgetown, however, will probably be in operation for another six weeks to cut up dry lumber on hand for canneries.

Meanwhile work continues on the company's new site at Seal Cove in the city where it is expected the sawmill will be running next month. The personnel of the Georgetown mill and some of the machinery therein will be moved to the new plant in the city.

AN ALPINIST PARTY in Emerald Pass Yoho National Park stops to view Mounts Pollinger, Collie and Isolation Peak

## AIVAZOFFS WILL PROCEED WITH CONSTRUCTION OF THEATRE ON PROPERTY ALREADY ACQUIRED

"The project will be proceeded with on the 100 by 50 foot space of property already held by us," stated Misak Aivazoff this morning in the matter of his Third Avenue theatre plans, following the meeting of the city council last night at which negotiations for lane space to the rear were terminated. The excavation necessary to the basement for the building will be proceeded with and plans for the structure will be prepared immediately.

Mr. Aivazoff felt, however, that a mistake had been made in failing to meet his application for additional lane space. Such lack of co-operation would not be a good advertisement for the city.

Mr. Aivazoff will return tonight on the Camosun to Vancouver. It is likely that he or his associate in the theatre venture will be back in the city in the near future.

## Committed for Trial Charge of Murdering Father Peace Country

POUCE COUPE, February 7.—Lee Packer, 25 years of age, was committed for trial yesterday on a charge of murdering his father, W. A. Packer, north of Rollo, B.C.

Testimony given at the trial was to the effect that the elder Packer early Saturday morning after nagging his wife all night ordered her to go to bed or get out. She went out, followed by her youngest daughter. Packer followed, ordering her back. Then he knocked her down and when she got up took hold of her.

The daughter attempted to protect her mother, calling at the same time to her brother.

Lee must have grabbed a shot gun as he was leaving the house in response to the call and fired from a distance of sixty feet.

The father collapsed saying "I'm shot. He killed me."

Accused and his mother supported him into the house, where he died.

The testimony showed that the father was a man of violent temper and the whole family lived in fear of him when his "tempers" were on.

The family came from Nevada about a year ago.

## Aivazoff Withdraws Request for Part of Lane for Theatre Site When City Council Quibbled

Long Argument in Which Mayor and Aldermen and Solicitors Took Part Precedes Decision to Withdraw Application

Negotiations between Misak Aivazoff, builder of a new theatre on Third Avenue, and the city council for an extension of the building site ten feet into the lane at the rear came to a rather unexpected termination at the meeting of the council last night when Mr. Aivazoff, after hearing the mayor and aldermen debate upon the matter for an hour or more, suddenly threw up the sponge and declared that he would trouble the council no further and that the space of 100 by 50 feet already held by him would suffice for his needs. Earlier in the meeting, Mr. Aivazoff had withdrawn his application for twenty-five feet of additional depth in the lane and it was during the discussion of his application for the ten feet that the impasse came, relieving the council at least of coming to a final decision on the matter which did not give promise of being unanimous although it was possible that it might have been favorable to Mr. Aivazoff's application. Discussion of the question brought an expected number of spectators to the chamber, the audience being one of the largest that has honored the deliberations of the council with its attendance in many years.

The question was opened for discussion on the receipt of a report from the Board of Works recommending that, for reasons set forth in detail by the city engineer in an appended report, the original bylaw providing for the conveyance of ten feet of lane to Mr. Aivazoff be not passed. The report of the engineer gave data and estimates on the costs of sewer, transmission line, reading room, etc., removal and lane grading costs that would be involved in the alternate applications of Mr. Aivazoff for ten and twenty-five feet of lane space.

Speaking to the report, Ald. Greer announced that it had been decided by the Board of Works that it would not be feasible to allow a bend being made in the lane. It was preferable that the sewer, if it was to be moved, should be run straight through. This would necessitate the straightening out of the whole lane. The cost of moving the sewer on the ten foot basis would be \$2,000; on the twenty-five plan, it would be \$2,400. Ald. Greer stated that he did not have the figures which would be involved in moving the power line.

City Solicitor Jones pointed out that, in dealing with the question, the council had two alternatives: 1, to make the exchange of property on one side of the lane for that on the other as originally planned, or, second, to have the present lane abandoned by order-in-council and a new one set. All the owners of property in the block would have to be dealt with. It was an extraordinary power that the council had the privilege of exercising and the proceedings must be along set lines. The city, itself, did not have the power to change the whole lane.

At this juncture of the proceedings, Mr. Aivazoff informed the council that he had abandoned the idea of the additional fifteen feet of lane as the cost would be prohibitive. It had been decided that the ten feet originally requested would meet the requirements.

Mr. Jones then reviewed the negotiations that had already passed in connection with the matter. Telegrams that had passed between the mayor and the attorney general's department as to the legality of the proceedings were read. These, the solicitor held, were not at variance with his original ruling on the matter, though he pointed out that control of the lanes rested in the hands of the provincial government except where statute gave certain authority to the municipality.

Mayor McMordie pointed out that the matter before the council was the by-law itself. It seemed to him that the report of the Board of Works should be dealt with at this time.

DANGEROUS PRECEDENT  
Ald. Prudhomme expressed the view that to interfere with the lanes was setting up a dangerous precedent. It might, it seemed to him, lead to all kinds of trouble. He instanced the case of the city of Montreal which was now having to pay up millions of dollars for just such mistakes as these that had been made in the early days. He was opposed to interfering with the lanes in any way.

MONARCHS WON  
COAST HOCKEY  
Will Now Meet Champions of Kootenay in Provincial Playdowns

VANCOUVER, Feb. 7.—The Monarchs won the coast senior amateur hockey championship, last night defeating Victoria 7 goals to two and took the series by 9 goals to 4 thus earning the right to meet the Kootenay champions in the provincial playdowns.

The ex-King George Juniors defeated Victoria six to three, winning the round ten to six in order to enter the provincial series.

CONSERVATIVE CHOSEN AT  
WEST BRISTOL ELECTION

LONDON, Feb. 7.—C. T. Culverwell, Conservative, was elected at the by-election in West Bristol over Lady Annesley, Labor, and William Borey, Liberal. The seat was Conservative before.

PRINCE RUPERT LIBERAL ASSOCIATION  
The annual meeting of the Prince Rupert Liberal Association will be held in the Metropolitan Hall, Third Ave., on Tuesday, February 7, at 8 p.m.

## PRAYER BOOK IS APPROVED

LONDON, Feb. 7.—The House of Clergy of the Church Assembly today approved the revised prayer book on a vote of 247 to 35.  
The House of Bishops approved the book 35 to 5.

## URGES BUILD P.G.E. LINE PEACE RIVER

Member for Cariboo Would Have Members of Legislature Get Behind Own Railway

OTHER MEMBERS SPEAK  
Fewer Highways and More Byways Advocated by Member for Kamloops Yesterday

VICTORIA, Feb. 7.—Exhorting the members to forget politics and get behind the P.G.E. extension with the Peace River as the objective, A. E. Mann, Liberal member for Lilacot, told the Legislature it should wait no longer but take action at once. If a satisfactory deal could be made with the C.N.R. or C.P.R. well and good but otherwise we should show our faith in our own railway by linking it up at both ends without further delay. Anybody taking the business that could be secured from the Peace River, he contended that it would be sound policy to extend the road to Prince George and thence into the Peace.

Active Government steps to encourage the development of small mining properties was urged by N. A. Wallinger, Conservative member for Cranbrook, who asserted that properties discovered in recent years could be counted on the fingers of one's hands. He advised that mining lectures could be arranged in High Schools to implant the spirit of the prospector in more young men. Claiming that many small properties could not be developed on a large enough scale to ship carload lots required by the smelters, he suggested that the Government arrange to buy ore in small lots.

Encouragement of land settlement by tax exemption to settlers for ten years and other measures were advocated by J. R. Colley, Liberal for Kamloops. He advocated the assessment of all land for school purposes. Rural libraries and health insurance were also supported by Mr. Colley as aids to pioneering.

Less attention to highways and more attention to byways was suggested as the construction of community roads was essential to expansion.

H. D. Twigg of Victoria, Conservative, criticized the Government's record during the year and charged that patronage was a growing evil in the Liberal Party. He urged the abolition of the absentee vote and efforts to secure lower freight rates as a matter of equity and right under the terms of union with the Dominion.

"It is doubtful whether necessary support could have been secured for building the railway if the province had not agreed to convey the lands. The railway has proved to be the greatest unifying factor in the history of the country. Without it Canada of today would not have been possible. No other province had contributed land for the purpose and justice required that British Columbia be placed in the same position as other provinces with re-

DAILY EDITION Tuesday, Feb. 7, 1928

ADVICE OF HON. WILLIAM SLOAN

The advice Hon. William Sloan gives to mining speculators to refuse to buy outside the province of British Columbia is pretty good. He explains that in British Columbia if the government is informed that any mining company is being floated on a false basis, the department of mines is empowered to investigate and, if it finds that the property is not what is stated, it gives publicity to the fact through the newspapers. This has already been done in a number of cases and the result has been that the floatation of stock was stopped.

By buying in British Columbia there is thus more protection than is given in most places. In other words the stock speculator has a run for his money which he does not get elsewhere.

No government can guarantee any stock or any company but it can see that investors are not misled in regard to the companies in which they place their money.

ANOTHER STEP IN RIGHT DIRECTION

The British Empire is closely allied with the United States and France is allied with the British Empire. Now United States is allied with France, which makes a sort of four square gospel that may prove very useful in future. There are a number of other treaties that bind nations together but the tie of friendship of good will, of mutual interests and of desire for peace is perhaps the most important of all

INDEPENDENT YET UNITED

Since the Great War the British Empire has been working on a new basis and showing to the world something new in government. The old idea of running an empire from a central point has gone. In its place has come the principle of a number of nations—some of greater population, wealth and influence than others—all giving allegiance to a common throne, but each one free to look after its own affairs. One must not interfere with the other but there is a general belief that the common tradition and good sense of the people of each of these self-governing nations will lead them to go forward in close co-operation. The theory is, of course, that there is less danger of friction, suspicion and irritation when each country is solely responsible for its own affairs than would be the case if one should have power to exercise control over others. Under the new system any power of this kind can exist only by mutual agreement. There can be no compulsion.

ORIGIN OF POPULATION

One of the interesting items of information conveyed in Volume III of the 1921 Census Report just recently issued is the fact that of the 133,912 families in British Columbia at the time of taking the census, the Canadian born numbered 40,254, British born 61,993, United States born 19,774, European born 12,789, and those born elsewhere 8,111. This would indicate that the people of the province are not overwhelmingly foreign and that a great many more people of other nations could yet be assimilated without interfering with the proper balance and insuring that British ideals should prevail in British Columbia.

NELSON AFTER COMMUNITY BUILDING

The city of Nelson is after a community building. The proposal has been discussed there for some time. The Nelson News in a recent number says:

It could be used as a fair building. A hall to seat the largest assemblies. A show house when needed for special events. Besides the foregoing revenue sources it could derive revenue from auto shows, rolling skating, badminton and indoor tennis, kermesses. It would put Nelson on the convention map for the West. It would put Nelson on the show map for the largest and most desirable road productions, and at the same time add to the service Nelson gives the West Kootenay as a district centre, by making these productions available. As the existing fair facilities in Nelson are on their last legs and must be replaced in the immediate future if Nelson has any pride, the opportunity is Nelson's to accomplish all these ends at once, by providing a worthy Community Building of the kind described.

INSURANCE IS TOO HIGH HERE

Ald. Prudhomme Suggests That Council Take up Matter of Bringing About Reduction in Fire Rates

Ald. Prudhomme expressed the opinion at last night's council meeting that, in view of the fact that there had been such a small fire loss in the city last year and that the city had been declared by the National Underwriters' Association to have the best fire protection record of any city in North America, with less than 25,000 of a population, there should be a survey of present insurance rates with a view to having them reduced. Rates in Prince Rupert at present were higher than in any other city on the coast and double those prevailing in Alaska. The matter should be taken up, he felt, either by the city council or the Board of Trade. Ald. Prudhomme's suggestion was referred to the finance committee for report.

MAYOR McMORDIE LEAVES TOMORROW ON OTTAWA TRIP

Ald. Theo. Collart Appointed Acting Mayor by Council During His Absence

Ald. Theo. Collart, on motion of Ald. Brown, seconded by Ald. Greer, was appointed acting mayor during the absence of Mayor S. P. McMordie who leaves tomorrow for Ottawa where he will take up with the federal authorities various matters pertaining to the advancement of this port including the Pacific Coast outlet for the Peace River district. Speaking of the trip in the course of the council meeting last night, the mayor stated that, at the close of the meeting, he would remain in his office to receive any suggestions that the aldermen might have as to matters which should be taken up. Any such suggestions that might be offered would be welcomed by him. Certain of the aldermen went in conference with the mayor after the meeting as suggested.

THIRTY DAYS TO LIVE!

The Eyes of Death had Revealed Her Duty

Ruth took the kiddies to town. She withdrew from a joint bank account—which heretofore she had never dared touch—the sum of \$5,000.00. Then arranging for the education and legal custody of her children, she proceeded to paint the town every colour of the rainbow! Stylish new outfits for the six of them—smart hair cuts, massages, marceles, perfumes—longed-for trinkets and toys—dinner at a fashionable restaurant—afternoon at the movies—rooms for the night at a swanky hotel—breakfast in bed, yum, yum—then . . . back to the farm late the following day in a glorious new car! Honk, honk—cheerio—here we are! But—Omgosh!—the face on "Paw" was enough to peel the bark from off a tombstone!

Everybody Likes to See a Bully Licked

What happened after that will make you laugh and cry and shout "hurrah!" all at the same time. The fray at that farm when they "ritzied" into the house looking like a million dollars was better than a Tunney-Dempsey bout—and far more exciting! Do not miss it! The story is true and won \$1,000.00 in a recent contest. It is entitled: "Thirty Days to Live," and is featured in TRUE STORY MAGAZINE for March . . . now on the newsstands.

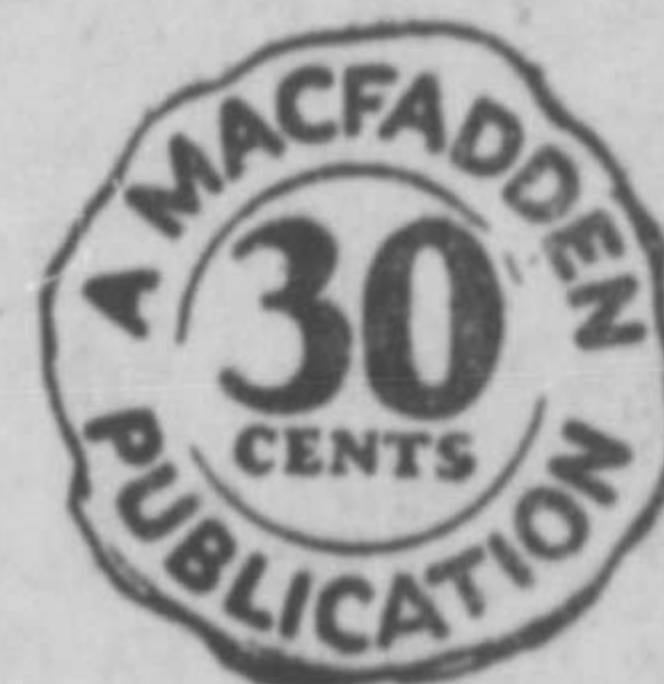

Suppose you were given but one month to live . . . Would you spend it in prayerful meditation? Or would you throw discretion to the winds, shout: "On with the dance!"—and crowd into those thirty days a lifetime of joy? Which?

NEW MAIN IS DECIDED UPON

City to Give Better Protection to Hospital and School as Unemployment Relief Measure

On recommendation of the Board of Works the city council decided last night to proceed with the work necessary of which has long been urged, of providing improved fire protection facilities for the Prince Rupert General Hospital and King Edward High School. The recommendation was to the effect that a new six-inch cast iron main be laid along Green Street from Sixth Ave. to Fifth Avenue at a cost of \$1,600 and that another similar main be laid from Sixth Avenue to Eighth Avenue or Green Street at a cost of \$2,000. The

former will provide water for the hospital and the latter for the school.

Ald. Greer, chairman of the Board of Works, in speaking to the report, stressed the necessity of the work being carried out in the interests of fire protection. It would also be timely at this season in relieving unemployment.

Ald. Collart felt that the matter should be referred to the finance committee. As a general rule he was in favor of large civic undertakings being done by contract, possibly in small station allotments, rather than by day labor.

Ald. Prudhomme felt that it would be necessary to provide unemployed relief in some way. It seemed better to him to have some necessary work such as this carried out than meet the situation directly out of the treasury.

Mayor McMordie stated that he was in accord with the views of Ald. Greer and Ald. Prudhomme. It was necessary that the work should be carried out and there was considerable unemploy-

ment at the present time.

Ald. Brown was in favor of the work in this case being done by day labor. There was much unemployment and the city was in a position to know the needy people who might thus be given work.

Ald. Prudhomme agreed with the principle of giving contracts where possible but, in this case, it looked like day labor was the most expedient course. Those who were really in need could be thus provided with work.

The mayor referred to the fact that half of the cost of the job in question would be for material, anyway.

Ald. Collart stated that he was not opposed to day labor in this particular case. His suggestion was merely as a matter of policy. The report of the Board of Works was then adopted on motion of Ald. Greer, seconded by Ald. Prudhomme.

An offer from Hermine Philbert to purchase tax sale certificate rights in

and to lot 27, block 27, section 5 for the upset price of \$326.10 plus accrued interest was accepted by the city council last night.

MOTHER OF LOCAL BUSINESS MAN IS DEAD AT VICTORIA

The death occurred in Victoria last week of Mrs. Catherine Swan Tite, mother of George D. Tite of this city who was called south a few weeks ago on account of her illness. The late Mrs. Tite, who was the relict of the late George H. Tite, had been a resident of Victoria for the past forty-three years. She is survived by another son, Charles Henry Tite of Vancouver, and two daughters, Mrs. R. H. Lee of Kamloops and Mrs. William H. Dean of Oakland, Cal.

The funeral of the late Mrs. Tite took

place last Friday afternoon from the ward's Funeral Chapel, interment being in Ross Bay Cemetery.

OLD SHACKS ON CITY PROPERTY ARE TO BE DEMOLISHED, DECIDED

The city council, on recommendation of the Board of Works, last night accepted a tender of \$99 from John Knutsen for the removal of old buildings at the junction of First Avenue and Second Avenue. Mr. Knutsen was the highest tender. Speaking to the recommendation, Ald. Greer pointed out that the buildings referred to were old shacks on city property which had been examined and which it had been found it would be impossible to fix up. Therefore, it had been decided that they should be removed.

A. C. Garde, M.E., formerly of this city, has been appointed a member of the exhibitions and conventions committee of the British Columbia Chamber of Mines.

During the past twenty-four hours no grain arrived from the prairies for the local elevator. Railway offices this morning reported some 250 cars on the division west of Jasper Park bound here.

Knights of Columbus Whist Drive and Dance on Wednesday evening, February 8 in Catholic School Hall. Cards start at 8.30 prompt. Everybody welcome. Special attendance prize and lots of dancing. Ladies 50c; gentlemen 75c. 32

During the month of January, the heating system of the city hall used 2362 gallons of oil, according to report presented to the council last night by the janitor, John Walker Exley. The average daily consumption was 77 gallons at a cost of \$4.23.

C. N. B. steamer Prince John, it is understood, will make one more trip in the Vancouver-Prince Rupert via the Queen Charlotte Islands service and be withdrawn about the end of the month to have extensive boiler work done. The Prince Charles, which has been in dry dock here all winter, will take up the John's run when she is withdrawn.

The city council last night gave first reading to the indemnity bylaw providing for the salaries of the mayor and aldermen during the year 1928. The mayor will receive the usual \$1950 and each alderman, \$800. Failure to attend half the meetings in a month will result in a city father losing half of his pay and, if he misses all meetings, he will get no money, providing of course, that absence is not due to sickness or city business.

Mayor S. P. McMorris has despatched to A. McC. Creery, Provincial M.L.A. for Vancouver, a letter thanking him for the boost he gave Prince Rupert last week in the legislature when speaking on the subject of the Pacific Great Eastern Railway, the completion of which he opposed. Mr. Creery is being assured by the mayor that, if ever he should visit the city, arrangements will be made to show him thoroughly over this port and its facilities.

A report from the Board of Works recommending the construction of a four foot cinder path on Donald Street from Sixth to Seventh Avenue at a cost of \$85 was adopted by the city council last night. Ald. Greer, chairman of the Board of Works explained that the walk which ran from Sixth to Eighth Avenues was in a state of disrepair. The permanent work recommended between Sixth and Seventh Avenues it was felt would fill the bill for the present.

#### She Could Not Work HEADACHES Were So Severe

Mrs. A. Riehl, Burstall, Sask., writes: "I was troubled with very severe headaches, and sometimes I could not do my work. "One day a friend told me about

#### BURDOCK BLOOD BITTERS

and advised me to give it a trial. I decided to do so, and after taking a few bottles I found it had done me a world of good, and I haven't had any headaches for a long time now."

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

**Color Harmony**—The colors for every car with Body by Fisher are selected by artists who, through long experience, have learned what colors are most pleasing when applied to a motor car body. Frequently several color designs must be created and criticized by experts before one is selected.

**Hardware**—Fisher introduced the period influence in automobile hardware design. Fisher body door window regulator and lock handles, dome lights and instrument panels, are all of the highest grade and designed in period treatment by artist-craftsmen.

**Upholstery Material**—Fisher uses mohair, velour and broadcloth, selected with particular attention to long wear and color fastness. All Fisher upholstery material is subjected to the most severe tests and only the best in the particular weave decided upon is used.

WHEN you visit the showroom of any General Motors car dealer, you are certain to be aroused to admiring enthusiasm by the beauty of the various models on display. The salesman with whom you talk will tell you that the bodies for all these cars are designed, engineered and built by Fisher. Each bears the world-known signature plate, "Body by Fisher". You may always feel positively sure that any car bearing this Fisher symbol is the greatest value, and the most beautiful and comfortable car, in its particular price field. So true is this, that anyone planning the purchase of a new car would not only be safe, but wise, in confining his choice to those cars with Body by Fisher.

## ROWE'S Sheet Metal Works

Rowe's Plumbing and Sheet Metal Works are opening an Office and Show Room on Third Avenue, just adjoining the Canadian Legion Building, and will carry a line of roofing, eve-troughing, flashing, stove pipes and elbows black or galvanized, all sizes from 2 inches to 8 inches.

Sinks, faucets, water pipes and fittings—all sizes. We make anything in sheet metal. We repair stoves or anything that needs repairing. Our Tank Shop at Cow Bay will take care of your Chute and Tank problems. Hot Air Furnaces, one of our specialties.

Phone 340 Will Get us Night or Day  
Having had quite a bit of experience in the credit business, we have decided to cut our credit to a minimum.

Canadian Legion general meeting Wednesday, February 8, at 8 p.m. Executive meeting Tuesday, February 7 at 8 p.m.

Ald. Brown inquired at last night's council meeting if the Board of Works was contemplating doing anything in regard to the sidewalk on McBride Street between Fifth and Sixth Avenues which was in a state of disrepair. Ald. Greer, chairman of the Board of Works announced that a report on the matter was being prepared.

Union steamer Camosun, Capt. James Findlay, returned to port at 11 o'clock this morning from Anyox. Stewart and other northern ports of call and will sail at 5 o'clock this evening for Vancouver. Next week the Camosun will be relieved on the run by the Cardena, the venture going to the regular run of the latter vessel.

Investors are offered the latest information on BONDS, STOCKS and SHARES, Vancouver Stock Exchange. Quotations received twice daily, thus keeping you in touch with the price fluctuations of the market. Buying and selling orders executed by wire at no expense to you. G. PERCY TINKER & CO., LTD., representing R. P. Clark & Co., Ltd., of Vancouver. Telephone 37. 39

The city council last night opened tenders for pipe which will be used in the construction of the new trunk sewer in the east end of the city, the tenders being referred to the Board of Works for tabulation and report. The tenderers, eight in number, are Frank Darling (Vancouver), Phillipott & Eviit, Evans, Coleman & Evans (Vancouver), Albert & McCaffery, Atlas Boiler Works, Willard Equipment Co. (Vancouver), Vancouver Engineering Works (Vancouver) and Pacific Coast Pipe Co. (Vancouver).

City accounts for the period from January 26 to February 2 totalling \$65,286 were passed for payment by the council last night. Ald. Prudhomme suggested that the list of accounts be run off so that copies for the aldermen might be available at each meeting. City Solicitor E. F. Jones pointed out that all accounts were passed before coming to council by the finance committee. Ald. Brown facetiously remarked that the council would be perfectly safe in passing the accounts after Ald. Cellart had looked them over.

Special—Evening dresses, absolutely new stock, for \$19.75 at Richmond's Louvre.

W. J. Crawford of Stewart is a passenger aboard the Camosun today going through to Vancouver on a business trip.

A. Richmond returned to the city on the Camosun this morning after making round trip to Anyox and Stewart on business.

J. Fred Ritchie returned to the city on the Camosun this morning from a brief trip to Stewart in connection with his mining interests.

Masons' Attention! Will all sojourning brethren who have not already received invitations to the Masonic Ball Thursday evening, please phone 402 and leave name and address.

R. G. Birch, who has been transferred from Stewart in the service of the Bank of Montreal, is a passenger on the Camosun today for Vancouver. R. C. H. Elliott of Vancouver succeeds Mr. Birch at Stewart.

Motorship Bellingham, which has been carrying fresh and frozen fish between Ketchikan and Prince Rupert, is being diverted temporarily to herring packing to Ketchikan cold storage plants and may not be seen here for the next month or so. Meatinge, the motorship Norco will handle such deliveries here as it may be necessary to make.

Passengers going through today on the Camosun to Vancouver from northern points include W. J. Crawford, F. N. Spettigew, H. Prime, H. McKinnon, L. Watt, Knute Carlson, Alex Bruce, R. G. Birch, J. Greene, J. E. Duval, Homer Ficklin and H. J. Edmunds from Stewart; Capt. Nichol from Anyox, and Miss G. Baker from Port Simpson.

Aboard the power yacht Full Moon, a party which included Dr. W. T. Kergin, Dr. L. W. Kergin and Dr. J. P. Cade returned yesterday afternoon from a trip to the Zayas Island sheep ranch. Departure was made Sunday morning and, on the return trip that afternoon, heavy weather was encountered near Dundas Islands which necessitated the boat laying over for nearly twenty-four hours in the lee of Boat Harbor.

**IS FIFTEENTH GRAIN VESSEL**

**British Steamer Mabriton Slipped Into Harbor This Morning and Will Start Loading Soon**

The British steamer Mabriton, which slipped into the harbor at 8:30 this morning from the Old Country in ballast via the Panama Canal, is the fifteenth grain ship of the season at this port. The vessel is already lined and will go on berth immediately to load a full cargo for the nited Kingdom or Continent.

Capt. Boulton, master of the Mabriton, which is anchored in the stream today reports an uneventful voyage from Newcastle-on-Tyne which port he left on December 31. There was fine weather all the way, a little snow being encountered yesterday. The Mabriton picked up a pilot off Victoria and passed quarantine at William Head.

An ordinary type of wheat vessel, the Mabriton belongs to the Chapman line of freighters.

The fourteenth vessel of the season, the Swedish steamer Sagoland, is now about completed loading and will sail for the nited Kingdom or Continent with a full cargo in a day or so.

Up to this morning, no further report had been received on the British steamer Ashby which will be the sixteenth ship of the season here.

**STUMP SPEECHES AT CHURCH GATHERING**

**Young People's Society Had Impromptu Program Which Proved Most Interesting**

Stump speeches were the order of the evening at the meeting of the Young People's Society of the United Church last evening. The scheduled speaker being unable to attend owing to sickness, subjects were chosen and written on slips of paper and each speaker drew his subject and spoke for two minutes. Some promising public speakers were discovered and interesting information gathered. One speaker who had drawn "In What Respect is the Weather of Prince Rupert Superior to Other Districts of B.C.?" brought out a number

**GOV'T. READY TO TRANSFER LAND**

**Minister of Lands Writes to Council Enquiring if it is Ready to Receive McBride Street Waterfront**

A letter from Hon. T. D. Pattullo, minister of lands and member of the legislature for Prince Rupert, enquiring if the city was ready to accept the conveyance of foreshore land at the foot of McBride Street in accordance with his offer during a recent visit here was read at last night's council meeting and referred to the finance committee. In his communication Mr. Pattullo stated that it was very unsatisfactory to have this foreshore occupied by the Prince Rupert Boat House had led to his suggestion that it be transferred to the city so that the public, as provided by statute, might have free access to the same. He asked that the city advise him if it was agreeable to accepting the transfer so that he might arrange for the necessary order-in-council being passed.

**BENNETT MAY VISIT RUPERT THIS YEAR**

**Local Conservative M.P. Will Request National Leader to Come This Way on Tour**

Local Conservatives are hoping that Hon. R. B. Bennett, national leader of the party, may visit Prince Rupert during the coming year. As the present session at Ottawa concludes in the spring or early summer, Mr. Bennett's itinerary for the season will be arranged and it is understood that the local Conservative member, J. C. Brady, will request Mr. Bennett to visit his constituency in the course of any western tour he may make.

W. E. Walker, manager of Arrandale cannery, arrived in the city from the Naas River on the Camosun this morning.

"The next great task of humanity is not jelliverance by the sword, but deliverance from the sword." — David Lloyd George.

**FIRESIDE CLUB HAS DEVOTIONAL MEETING**

The Fireside Club held their regular monthly devotional meeting at the Baptist Church last night. The speaker of the evening was Rev. W. F. Price. "What People Think of Us," was the subject of his address, stressing how public opinion may become an important factor in the lives of persons who value it more than self esteem. A solo by Mrs. Mastin brought this part of the program to a close. Refreshments were then served.

A Valentine social will be held next Monday night.

**HOTEL ARRIVALS.**

- Savoys  
G. Davis, Port Essington; C. B. Flewin and G. E. Brown, Port Simpson; John P. Murray and Olof Ouse, Jap Inlet.

**SPORT CHAT**

Regular league basketball will be resumed tonight following a week's interruption in the Senior League through the series with Kincolith. In the Senior League, the Elks and Grand Terminal will renew their argument for second place honors behind the Native Sons of Canada. High School, which is being given a chase by Big Four or the leadership of the Intermediate League, will meet the Elevator while the third game of the evening will be a Junior League affair between the Tuxis boys and Stars.

Efforts are being made to meet the wishes of the Prince George hockey team to play a series of games in Smithers at an early date. Prince George has decided not to defend its intermediate championship won last year, but will enter a team in the B.C. youth eliminations, so wants games with Smithers to condition the players or the play-offs.

Smithers curlers are keeping the icy uly occupied as enthusiasm grows. The public is rapidly becoming curling conscious and its initiation has now reached the point where, having heard skipper Munro, it understands why curling is referred to as the "roarin' game." Play continues in the interlink competition, with a few challenge games being tucked in between.

**CRIBbage LEAGUE**

Four Teams Still Tied For Leadership in Second Half of Schedule

- Prince Rupert Cribbage League results last night were as follows:
- Knights of Columbus 13, C.N. Operating 14.
  - Cold Storage 14, New Empress Hotel 13.
  - St. Andrew's 14, Sons of Canada 13.
  - Moose 13, Orange Lodge 14.
  - Prince Rupert Hotel 14, Canadian Legion 13.
  - C.N. Mechanics 17, Grotto 16.

League Table

	W	L	Pts.
St. Andrew's	4	1	4
C.N. Operating	4	1	4
Cold Storage	4	1	4
Orange Lodge	4	1	4
New Empress Hotel	3	2	3
Prince Rupert Hotel	3	2	3
Knights of Columbus	2	3	2
Canadian Legion	2	3	2
Moose	1	4	1
Grotto	1	4	1
Sons of Canada	1	4	1
C.N. Mechanics	1	4	1

**ST. ANDREW'S BOWLING**

A. McLeod's Rink Beat That of Jack Frew Last Evening

In the St. Andrew's Society Carpet bowling tournament last evening, the rink of A. McLeod won over that of Jack Frew.

The game between the Bert Cameron and Jack Watson rinks was postponed until tonight.

Tomorrow night the competing rinks will be R. Davie vs. Neil McDonald and George Scott vs. George Abbott.

**ELKS WHIST**

Mrs. Joseph Howe and H. M. Hale Winners at Tournament Last Night

The weekly whist tournament by the Elks' Lodge last night was well attended. Prize winners were Mrs. Joseph Howe, with a score of 199, and H. M. Hale, with 203.

P. S. Jack, agent at Stewart for the Canadian National Railways, is a visitor in the city on business, having arrived on the Camosun this morning. He will return north on the Prince Rupert tomorrow afternoon.

**WATER NOTICE**

**DIVERSION AND USE.** TAKE NOTICE that Robert M. Currie whose address is 1415-8th Ave. W., Vancouver, B.C., will apply for a license to take and use 20,000 gallons per day of water out of small creeks, streams, which flows southerly and down into Huston Inlet, B.C. Islands about 1,000 feet westerly from miners' cabins at head of Huston Inlet. The water will be diverted from the stream at a point about 200 feet from shore and passing through twenty-four acres owned for under lease, and will be used for industrial purposes upon the land described as applied for under lease at head of Huston Inlet, Moresby Island.

This notice was posted on the ground on the 1st day of December, 1927. A copy of this notice and an application thereon and to the "Water Act" will be filed in the office of the Registrar at Prince Rupert, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication is December 22, 1927.

**ROBERT M. CURRIE,**  
Applicant.

**NOTICE.**

Certificate of Title No. 20941 to Lots five (5) and six (6), Block nineteenth (19), Section six (6).

Certificate of Title No. 29011 to Lots seventeen (17) and eighteen (18), Block twenty-six (26), Section six (6).

Certificate of Title No. 89021 to Lot fifteen (15), Block ten (10), Section seven (7).

Certificate of Title No. 24471 to Lots forty-three (43) forty-four (44) and forty-five (45), Block twenty-seven (27), Section eight (8), City of Prince Rupert, Map 923.

Whereas proof of loss of the above certificates of Title issued in the name of Mrs. E. Mahon has been filed in this office, notice is hereby given that at the date of the first publication thereof, issue a provisional Certificate of Title in lieu of the said lost certificates, unless in the meantime valid objection as to any be made to me in writing.

DATED at the Land Registry Office, Prince Rupert, B.C., this 3rd January, 1928.

**H. F. MacLEOD,**  
Registrar of Titles.

**LAND ACT**

**NOTICE OF INTENTION TO APPLY TO LEASE LAND.**

In Cassiar Land District, Land Recording District of Telegraph Creek, and situated at the northwest end of Gladys Lake, about 40 miles northeast of the town of Allin, in about 133deg. 10' north latitude, and about 99deg. 30' west longitude.

TAKE NOTICE that I, John Alfred Lemieux, of Gladys Lake, near Allin, B.C., occupation trapper intend to apply for a lease of the following described lands:—

Commencing at a post planted at the northwest end of Gladys Lake, about 710 feet north of the mouth of the Peace River; thence one mile west; thence one mile south; thence one mile east; thence one mile north, and containing 40 acres, more or less.

(Sgd.) JOHN ALFRED LEMIEUX,  
Applicant.  
Dated December 9, 1927.

**LAND ACT**

**NOTICE OF INTENTION TO APPLY TO LEASE LAND.**

In Prince Rupert Land Recording District and situated at Huston Inlet, Queen Charlotte Islands.

TAKE NOTICE that Robert M. Currie, Vancouver, B.C., occupation trapper intends to apply for a lease of the following described lands:—

Commencing at a post planted at the northeast corner about 1,000 feet westerly from miners' cabins at head of Huston Inlet; thence westerly 20 chains; thence southerly about 12 chains; thence easterly 20 chains, and containing about 12 chains, and containing 40 acres, more or less.

group when a tree was blown down upon him, was brought to the city today by John Hermanson for burial.

"I see no reason why Prince Rupert should not be a western Gloucester," states Axel Johanson of Chicago who is visitor in the city. He thinks that an industry should be made out of herring salting.

**AIVAZOFF WITHDRAWS REQUEST FOR PART OF LANE FOR THEATRE SITE**

(continued from page one)

Mayor McMorde expressed pleasure at the manner in which the council was giving careful consideration to a matter which seemed to him might have far reaching effects. The passing of the by-law did not seem advisable to him for reasons which he outlined as follows:

**MAYOR'S VIEWS**

1—The altering of a lane established a very bad precedent, for if the council altered the lane in this case, it should be prepared to do the same for any other applicant. Argument might be offered that this was the only place in the city where the lane might be changed, but this argument was unavailing as practically every lane in the city could be treated similarly.

2—it was unfair. No one could logically object to the applicants building a theatre. On the contrary the city would welcome a new theatre, but the council should not be a party to bottling or subsidizing such an enterprise and the council, by selling the lane to the applicants and enabling them to build a larger theatre at a relatively small cost, would work an unfair hardship on the owner of the other theatre. If the applicants desire to build a bigger theatre than such as could be built on their property, in fairness to the competing theatre they should buy another lot, or two lots if necessary. It was only a question of money.

3—it spoiled the lane. The project as outlined would reduce the width of the lane to 12 feet 4 inches in the southwest corner of the projected building. The narrowest lane in the city was twenty feet wide and it was most unwise to reduce this width.

"If the council should desire to pass this bylaw," the mayor continued, "I would point out that a waiver of claim for damages has not been received from the owner of lot 5, and the city should be amply protected in this case.

"Further, the city should retain the right to sell a similar part of the lane to other property owners in this block. This is not now possible as under an agreement between the applicants and the city the city agreed to keep open the ten feet of lane on each side of the projected theatre for its exits. This would prevent the owners of lots 5 and 6 buying part of the lane.

"Also, the city should insist on the theatre being built in a reasonable time, say a year, and should protect itself against the property being used for other purposes than a theatre."

**TINKER'S QUESTIONS**

Ald. Tinker questioned if all members of the council were familiar with

**LAND ACT**

**NOTICE OF INTENTION TO APPLY TO PURCHASE LAND**

In Range 5 Land Recording District of Prince Rupert, and situated at the northerly end of Telegraph Passage, Skeena River.

TAKE NOTICE that J. H. Todd & Sons of Victoria, B.C., occupation salmon canners, intend to apply for permission to purchase the following described lands:—

Commencing at a post planted at the northwest corner of Lot 21, Range 5, C.D.; thence 35 chains east; thence 20 chains north, more or less, to high water mark; thence southerly along high water mark to the point of commencement, and containing 50 acres, more or less.

J. H. TODD & SONS, LTD., Applicant.

**IN PROBATE**

**IN THE SUPREME COURT OF BRITISH COLUMBIA**

In the Matter of the Administration Act; and In the Matter of the Estate of John Johansen, otherwise known as Johan Kraakay, deceased, Intestate.

TAKE NOTICE that by order of His Honor, F. McE. Young, the 30th day of January, A.D. 1928, I was appointed Administrator of the estate of John Johansen, otherwise known as Johan Kraakay, deceased, and all parties having claims against the said estate are hereby required to furnish same, properly verified, to me on or before the 1st day of March, A.D. 1928, and all parties indebted to the estate, are required to pay the amount of their indebtedness to me forthwith.

NORMAN A. WATT, Administrator. Prince Rupert, B.C. Dated this 30th day of January, A.D. 1928.

the situation. "Are the applicants prepared to bear the expenses of the various removals involved in changing the lane?" he inquired.

City Solicitor Jones replied that they had agreed accordingly.

If the applicants had no objection to the lane going straight through; if they were prepared to meet all the expenses involved in making the change, and if there were no legal objections, he saw no reason why the application should not receive very favorable consideration at the hands of the city.

There should be a bond of indemnity relieving the city of all risks in the matter advised the city solicitor. He saw no reason why an order-in-council should be denied the change of lane.

Ald. Brown explained that when he had voted in favor of the bylaw in the first instance he had understood that the lane at its narrowest point would be twenty feet wide. Now he was advised that it would be 12 feet 4 inches.

He was now of the opinion that the lane should be straightened out at the expense of the applicant. He was not in favor of exits being allowed at the sides of the building into the remaining portions of the lane abutting. He was in favor of granting the ten feet provided that the applicant pay all the various costs of removal and also providing that the lane be straightened out.

**SIDE EXITS**

Ald. Rudderham felt that the council was getting into deep water on the question. The proposed side exits appeared to him an objectionable feature. The only solution he could see was to straighten out the whole lane. A new bylaw would have to be drawn up. Personally, he was in favor of making none of the proposed grants. Another ground of objection he perceived was that the sitting of ten feet off the 53 feet of property between the lane and the Fire Hall would seriously impair the value of that property.

City Solicitor Jones felt that the drawing up of a new bylaw was the proper course. There should also be accurate surveys made on which to base any transfer of land that might be negotiated.

Mr. Aivazoff pointed out that he had done everything in his power to obtain another lot in addition to the property he already held. An offer of \$10,000 for a twenty-five foot lot adjacent had been rejected. An alternate offer of a twenty-one year lease had been made but it could readily be seen that the putting up of a permanent building under such conditions would not be good business. He was willing to withdraw the matter of the side exits and was also willing to pay all the expenses involved in the removals that would be necessitated in changing the lane. He asked that the council give an answer of "yes" or "no" in the matter of changing the lane. It was important to him that there should be no more delay than was necessary.

**PROPOSES NEW BYLAW**

Ald. Collart moved that a new bylaw be drawn up granting the ten feet of lane to Mr. Aivazoff on the terms already set forward providing that the lane be straightened out, that Mr. Aivazoff stand all the removal expenses and guarantee the city against all claims for compensation. This motion led up to further bickering.

Finally, the question as to the acceptance of the board of works report was put, the report being adopted.

Ald. Brown suggested that a motion be adopted requesting the lieutenant-governor in council to sanction the changing of the lane ten feet south.

Ald. Prudhomme dwelt on the possibility of other owners of lots in the block being cut off by such a change from the lane. This was something that could never be permitted.

The suggestion was made that Mr. Aivazoff purchase ten feet of city property south of the block.

L. W. Patmore here entered into the discussion with the suggestion that the whole lane be widened instead of being moved over. The city could hold all the lane except that ten feet behind the theatre site. This would ensure egress for all the remaining lots which was an important matter. It looked to him that the change would have to be made through order-in-council.

Mr. Aivazoff felt that if it was necessary to obtain an order-in-council further delay of two or three months might result. If such was to be the case, he might as well withdraw his application altogether. He could see no objection to the proposition whereby the city would be getting a thirty-foot lane except to the rear of his property where it would be twenty-feet. He was not looking for cheap property but was prepared to give a good building to the city. He hoped there would be no further delay. If the council was not

desirous of granting his application, he would like to know so that further time would not be wasted on the matter.

**WOULD PURCHASE MORE**

In the course of further discussion, Mr. Aivazoff stated that he would be willing to purchase further property on the south side adjacent to the lane in order that the width of the lane might be preserved.

This would not eliminate the jog in the lane, Ald. Prudhomme felt. A bend in the sewer might prove dangerous. It looked as if the city was going to be at a loss whatever happened. "I would demand compensation—"

"For nineteen years," interjected Ald. Collart, "this city has been demanding compensation. Never has it encouraged anyone to come here and establish industries. Never has anyone been able or willing to see any industrial benefits. It has been too long looking for poultry compensations. There are many people unemployed here and I would like to see them doing something." Ald. Collart moved that the original bylaw be re-introduced and that the amended offer of Mr. Aivazoff to purchase 150 feet instead of 50 feet adjacent to the lane be accepted. By this means, it would be assured that there would be no undue bend in the lane.

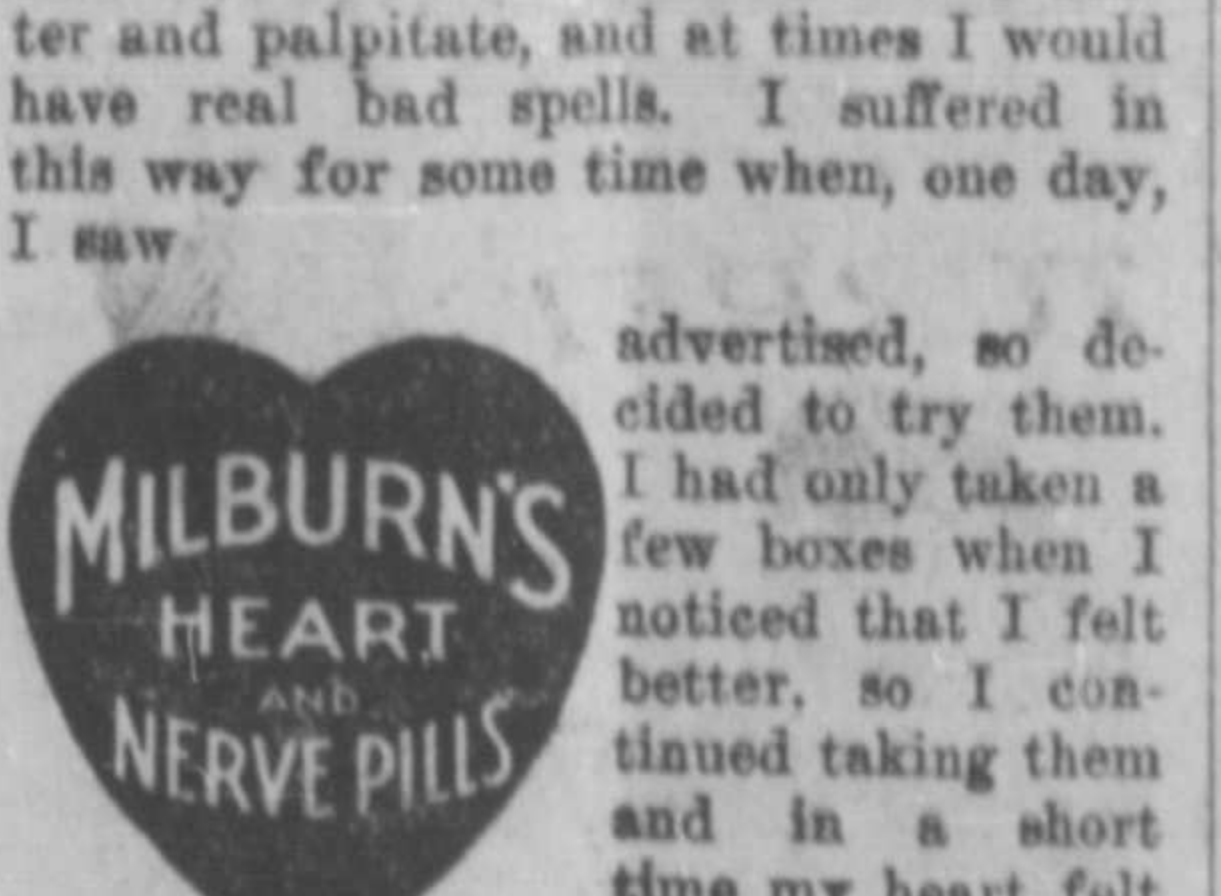

Ald. Tinker seconded this motion.

Ald. Rudderham failed to see where even 150 feet would make the lane straight. Why should the city make exceptions in one particular case for anybody? The next thing somebody would be coming along and asking for twenty-five feet of lane. Soon it would be necessary to move the Fire Hall. He was not in favor of it. Moreover, the valuation of \$400 placed on the strip of land which Mr. Aivazoff would purchase to exchange was ridiculous.

Ald. Collart referred to the fact that in 1924 the city council had been willing to offer tax exemption if an elevator were built here. The case in point at this time was no different. He felt that the matter should be acted upon and settled. The proposed 150 feet would turn the trick.

"I would like to point out," stated Mayor McMorde, "that the construction of a theatre and the construction of an elevator are two very different things. The elevator gives much employment.

Mrs. Ambrose Orser, Elginburg, Ont., writes:—"I suffered for some time with a bad heart which seemed to be controlled by my nerves. The least excitement would cause it to flutter and palpitate, and at times I would have real bad spells. I suffered in this way for some time when, one day, I saw

advertised, so decided to try them. I had only taken a few boxes when I noticed that I felt better, so I continued taking them and in a short time my heart felt entirely different."

The employment in the theatre may be perhaps a dozen people. His principal benefit is in the money spent on its building.

"All right, Your Worship," interjected Mr. Aivazoff, "I withdraw my application. You don't need to trouble yourself any further. The 100 by 50 feet will do."

As Mr. Aivazoff precipitately picked up his hat and left the chamber, His Worship called the next matter of business. The bulk of the crowd then filed out.

"When did the robbery occur?" the cross-examining lawyer asked the witness.

"I think—" he began.

"We don't care what you think—we want to know," remarked the lawyer.

"Well, I may as well get off the stand, then," said the witness. "I can't talk without thinking. I'm no lawyer."

## FISHERMEN IN CONVENTION AT PRINCE RUPERT

Met This Morning Under Chairmanship of Ambrose Reid and Heard Committee Reports

A crowd of some forty or fifty representative salmon fishermen was gathered together this morning for the opening of the convention of the Northern British Columbia Salmon Fishermen's Association at which proposals made for changes in the fisheries regulations for the purpose of conservation of the fish on this coast will be discussed. Presiding over the convention is Ambrose Reid of this city, who was chairman of the organization committee leading up to the holding of the convention, while William Beynon is acting as secretary. The convention opened in the city council chamber soon after ten o'clock. Various reports of the organization committee and its members were presented this morning and the convention is engaging in a full and free discussion of the salmon fishery situation as it exists today. Resolutions for submission to the fishery department at Ottawa, it is expected, will be propounded.

In opening the convention, Mr. Reid reported briefly upon the activities of the organization committee since it had been formed in the fall. Several meetings had been held and the committee had been active in bringing together the fishermen for the organization. A number of reports had been prepared which would be read in due course. All the members of the committee had worked diligently among the various classes of fishermen, including the natives.

Certain things had cropped up for the committee to deal with. One of the most important of these matters had been in connection with the recent visits to the city of W. A. Found, director of fisheries for the federal govern-

We guarantee it to be satisfactory as we have handled this make for years and find them the best timekeepers at the price we ever had.

ONLY FOUR IN STOCK

ment. While he had the proposals of the cannermen, evidence of the fishermen, however, had not been taken by Mr. Found who had not committed himself on certain proposals that had been set forward by the latter. Mr. Found had been informed that the fishermen would discuss the situation at a later date and that their views would be forwarded to him. This was one of the purposes in calling the present convention. The committee had drawn up a program for the convention in the hands of which the matter now rested to act as it saw fit.

On behalf of the white fishermen, Mike Anderson, another member of the organization committee, stated that he had nothing to add to the remarks that had been made by Mr. Reid.

William Beynon, another member of the committee, referred to the unanimous endorsement of the new Association had received among the natives of Port Simpson.

The report of the committee was then adopted on motion of Matt Olsen, seconded by A. Ramsay, and the organization of the convention proceeded. Ambrose Reid was elected chairman on motion of A. O. Morse and W. Beynon secretary on motion of Mike Anderson.

Among those present this morning was Fred Stork, ex-M.P.

## LIBERAL WOMEN PLAN MEETING

Banquet to be Held at Ottawa and National Organization Formed

Liberal women from all parts of Canada will gather in Ottawa on April 17 and 18 to launch permanently their Dominion organization. All the provinces will be represented. Meetings are to be held in the Chateau Laurier, and there is to be a great political banquet at which the Prime Minister, Right Hon. W. L. Mackenzie King, will be the guest of honor and principal speaker. As the convention takes place while Parliament is sitting, it is expected to attract an unusually large representation of Liberal women. Also a fine program of social entertainment is being planned.

Leading Liberal women at Ottawa and the wives of cabinet ministers are making arrangements for the national convention. The main business of the meetings will, of course, be the efficient formation of a national body, strongly constituted and officered. Prominent Liberal women from the various provinces will give addresses.

There is no intention on the part of Liberal women to form a women's party, national leaders state. Rather, the April meetings are for the purpose of consolidating all organizations of Liberal women, and of forming further organizations in all districts of the Dominion. Through such organizations they hope to inculcate the principles of Liberalism, blending the practical application of principles with the ideal.

## CURIOS STORY OF EFFORT TO STEAL VALUABLE CLOAK

(Liverpool Weekly Post)

A very curious story was related here. A lady was travelling alone in a first-class carriage with only one other lady in it. When she went to the luncheon car she politely asked the other if she would look after her valuable cloak. On her return she found it was being worn by the other, and on her demanding she should take it off she was coolly told that it was not her property. Of course, they exchanged furious words and on arriving at the terminus the real owner proceeded to give the other in charge. Quite unperturbed and showing the adequate amount of indignation, the purloiner proceeded to state where she purchased it—the name was inside the collar—and, to brave it out, threatened an action for slander. The station officials telephoned for a C.I.D. man, keeping both parties until his arrival. Directly he appeared he said: "Hullo! This is an old hand who has done time." But, had he not recognized her, imagine the predicament of the genuine owner!

"TRY A NIP TONIGHT"

# Grant's BEST PROCURABLE Scotch Whisky

BOTTLED & GUARANTEED BY William Grant & Sons Ltd. PRODUCE OF SCOTLAND

The Original Label—look for it at the Vendor's and insist on GRANT'S "BEST PROCURABLE"

**F. W. CHANDLER**  
Exclusive wholesale agent for Prince Rupert and District  
AGENTS WANTED  
P.O. Box 645  
318 Sixth Street.

## RELIEVE HEADACHES? Certainly!

A question we frequently hear is: "What can you do for my headache?" The answer is: "We can relieve it in almost every case and most times very quickly." How quickly depends upon how serious is the condition which causes the headache.

For the fact is that a headache cannot exist by itself. It is a symptom of a deeper trouble and its cause must be removed before you are safe from a recurrence. That cause may be from the eyes, liver, kidneys, stomach or intestines.

Wherever it be, it is in itself an effect of imperfect nerve transmission due to spinal pressure on nerves. It is the work of the Chiropractor to locate and remove such pressure. Those who have taken his adjustments will tell you that he does this very successfully.
