## Quebec Nuns Perished In Flames When Convent At Gatineau Point Destroyed By Fire Early Today

OTTAWA, Oct. 29.—Sister Superior Ste. Cyrille, 64 years of age, Sister Margaret Marie, 20, and Sister Ste. Annette, 34, were burned to death early this morning when fire destroyed the convent at Gatineau Point, Quebec.

Sister Rose De la Croix was injured when she jumped from a third storey window and it is believed she will not live.

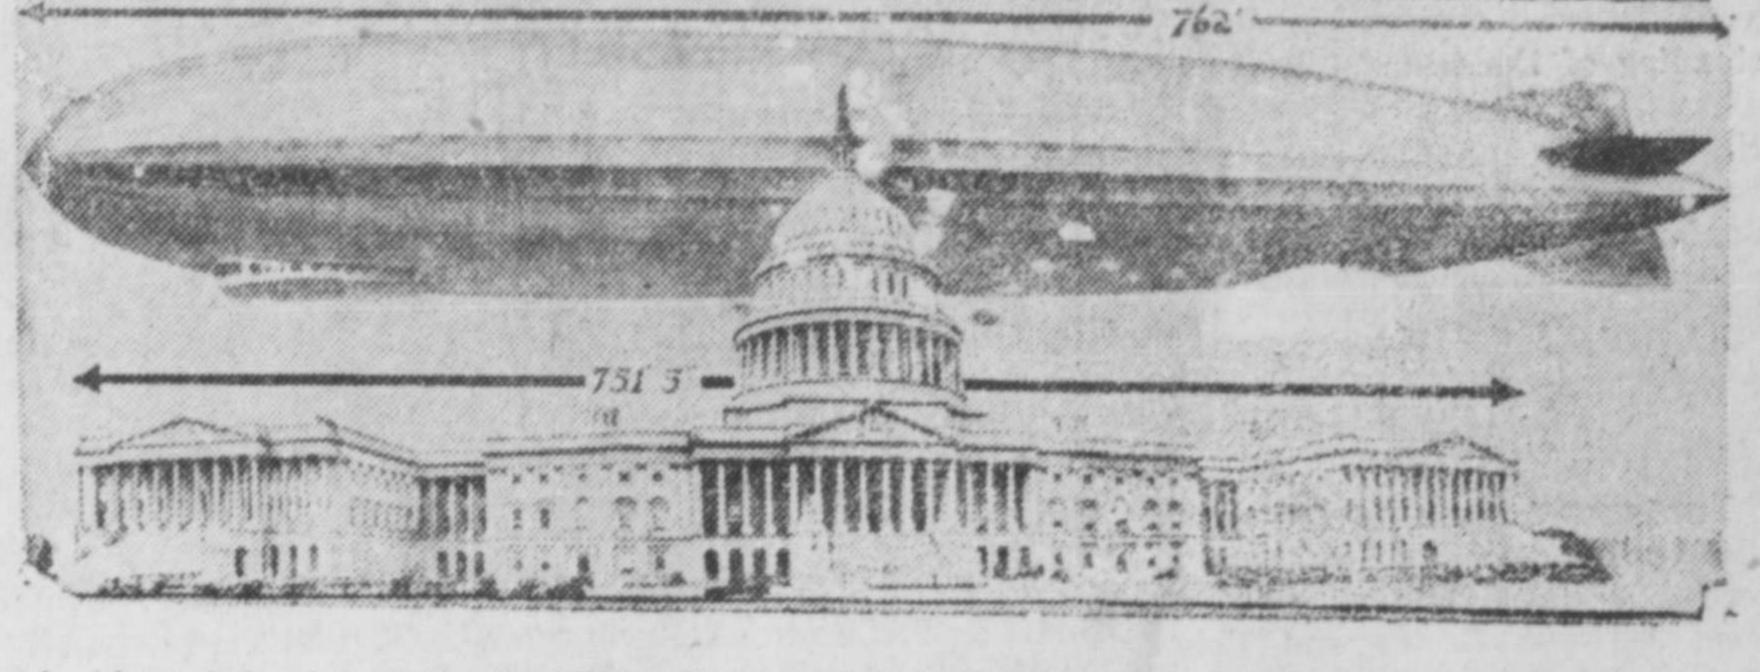

The modesty of the sisters in not wishing to leave the building in night attire after they had come out on the fire escape on the third storey is believed to have been responsible for the deaths. They turned back into the building and perished. It is also thought that possibly only two got to the fire escape and they went back for the Sister Superior who was ill. Their screams could be heard before the three storey structure collapsed. Their hodies were found in the basement

The fire is believed to have been caused by an overheated furnace.

LAD OF THE VILLAGE: "Ere, you fooled me. You said this liously injured when an auto in Mrs. J.L. Noble arrived in town car could do 120 miles."

An idea of the size of the Graf Zeppelin, which left this morning on her return to Germany, may he obtained from this composite photo showing the super-dirigible hovering over the Capitol at Washington. An extra wing to Uncle Sam's longest building would be necessary in order that it might compete in size with the big air liner.

Guaranteed to please you better. Sold by all good grocers.

NCE there were two men who kept shop. Both shopkeepers were in the same mode of business, but their methods differed widely. In fact it was only a matter of time, a short time, before one must close.

Now the other shopkeeper was different, he was prosperous. His store looked neat and clean, spruce, tidy and colorful, with a front that bespoke quality and service. Now this shopkeeper was a great community booster. His bid for patronage was based on selling his customers the products of his local industries first. He claimed that the industries in his locality employed men who earned wages, who spent wages, and kept others employed. His pet theory was, the more of Pat's mouse traps he sold the more Pat must make, and the more Pat would earn to buy goods from him, the wise shopkeeper. And so he succeeded and became prosperous and popular, and his philosophy and wise counsel spread rapidly.

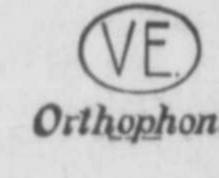

### Now, there's a moral to this story:

Every dollar paid for foreign made goods departs from your homeland never to return; but, each dollar exchanged for a B.C. product remains in British Columbia and quickly grows in value. It enriches industry, ensures employment and introduces prosperity into the homes of the workers.

> This is the third advertisement of a series authorized by the B.C. Products Bureau of the Vancouner Board of Trade in the interests of the manufacturers of British Columbia.

Looks as well as it cooks!

There's some satisfaction in cooking on a stove that makes a black, gleaming spot of brightness in your kitchen.

You'll know this satisfaction—always if you polish up your stove with ZEBRA -now in a new Liquid form. It's clean. It's convienent. And your stove just shines!

For those who prefer it, Zebra Paste is still obtainable. In both Paste and Liquid the Zebra is the sign of a good stove polish.

World's Most Famous Classic Story to Be at Westholme

# GOOD MORNING JUDGE

The Westholme Wednesday and Thursday

Reginald Denny, Universal's popular comedy star, tops all his former successful performances in "Good Morning, Judge," the swiftest moving and most entertaining picture of his career, H. C. Fraser, inspector of which will be shown at the Westchools, returned to the city on holme Theatre Wednesday and

Denny, filmdom's best-known farceur, has a role that fits him perfectly. He is Freddie Grey, young and wealthy, who falls in love with the owner of a mission for reformed criminals. The star's ability at comedy was never

better shown than in this flim. Mary Nolan, the American girl who starred for three years in German films plays opposite Denny. MissNolan's blonde beauty has already carried her a long way in filmdom and even now she has become one of the most sought-after actresses on the screen.

## THRILLING STORY FIRE DEPAREMENT

Thrilling scenes that are the everyday occurrence in the life of a fire-fighter form the background of romance for "Hook and Ladder No. 9," here tonight in the big double show at the Westholme.

"Hook and Ladder No. 9," which is a picture glorifying the activities of the fire department in a big city, is based on the story of the love of two young firemen for throughout a remarkably the same girl. Both men have been close friends for years, although one is but a rookie in the department.

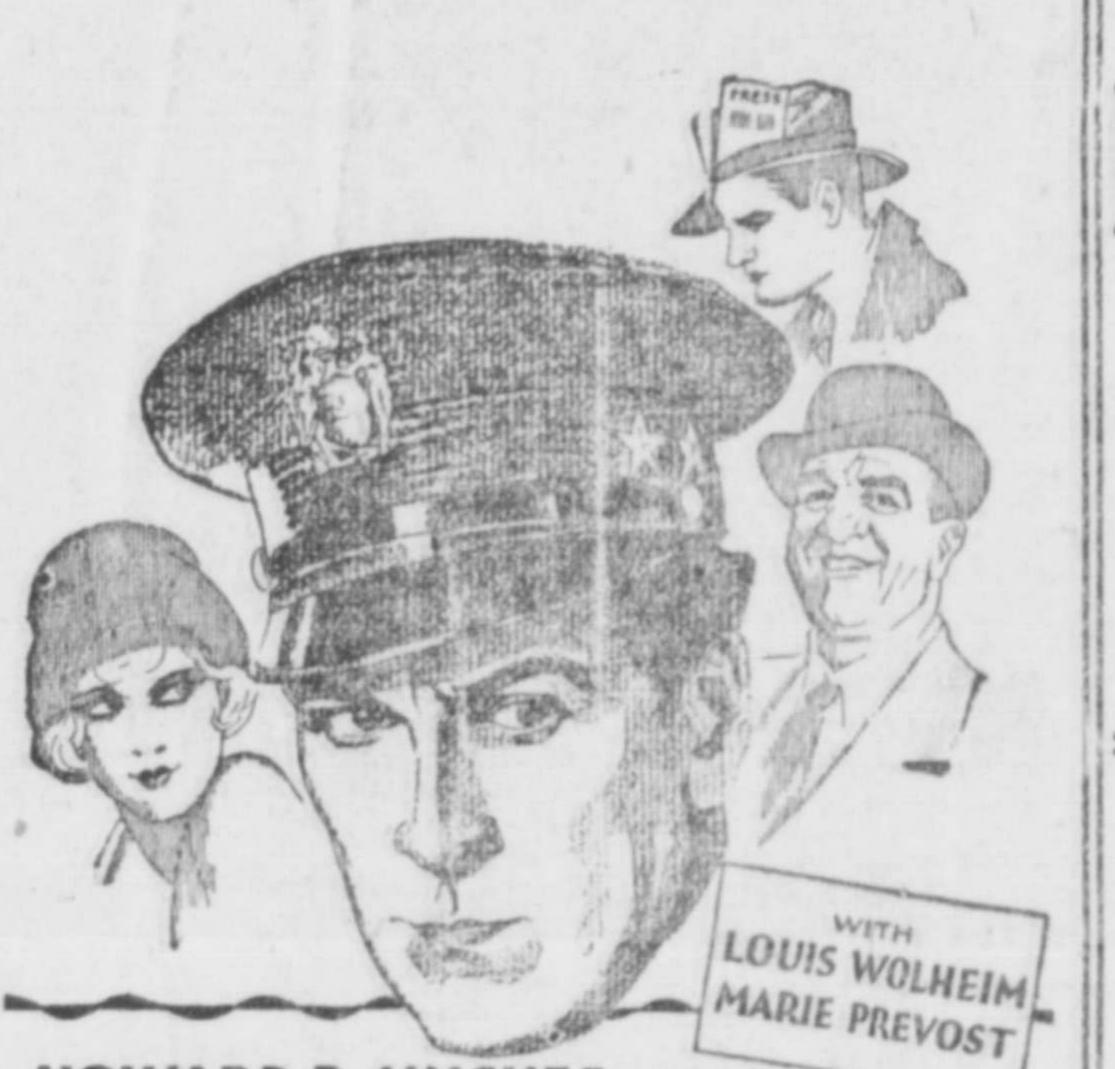

As naturally the girl can marry but one of her two suitors, she chooses the polished and understanding veteran rather than the crude and awkward, but loyal recruit, who loves her to distraction. Friction arises between the two old friends and only the dire peril of the girl whom he loves brings the younger man out of his bitter hatred for his one-time "buddy."

W. E. Williams K. C. arrived in the city on the Catala last evening and is paying a brief visit of inspection to the progress of construction opreations at the Billmor Spruce Mills Ltd., of which he is one of the principals.
